Beautiful feelings

As the ocean waves kisses the sand,
You’re the one, who I always understand,
The pain and sorrows shall we withstand,
My life with you will be beautiful than.

I love you more than words can say,
I love you more and more each day,
I think of you each night and day,
Before I met you, my days were gray.

The ocean and sky is blue in color,
You are as beautiful as a rose flower,
Our love is in the shape of the four leave clover,
And no matter what i shall proudly say you’re my lover.

As the moon sets and the sun rise,
You are the soul of my life,
I’m counting the days where we will be husband and wife,
Trust me baby, without you i can't survive.

As i feel the breeze from the ocean side,
The temptations increases just a bit too wide,
But I’m sorry because i have to control it to save your pride,
I swear in 10 years’ time we will definitely unite.

Anand Ramachandran

Belated Birthday & Life

Your birthday would have past,
But the memories would forever last.
No matter what happens to de trust,
The happiness should forever last.

Your birthday only comes once a year,
I'm sorry to say I'm nowhere near.
I hope to not see you tear,
In the coming years.

You are a special person for people today,
but in some people's life u live every day by day.
Thing might just go in different way,
But no matter what I'll just stay.

Dance among the ribbons,
of the birthday balloons.
Smile through the lit candles,
And sing to the classic happy tune.

Anand Ramachandran

Getting over sorrows

Things might get bad,
but no matter what i hate seeing u sad.

life has ups and down,
but no matter what it should go on.

problems would come and go,
try your best to go with the flow.

things might just get worst,
but keep confident and dont lose the trust.

Anand Ramachandran

Happy Birthday

As the stars shine bright at night,
You will officially be 18 at sight,
Your life would be as pure as your holy pride,
Wishing for a chance to spend with you the night.

Live have its ups and downs,
But since your 18 things would have turned around,
Just to remind you that you are always a queen without a crown,
And no matter what life just has to go on..

Today is such an auspicious day,
May this be your best birthday,
With full of light's and laughter's surrounding,
Your cake would be arriving.

Every year that comes and goes
Brings its flowers and let it snows,
Birthday wishes will keep arriving,
And for a cake...I'm starving.

HAPPY BIRTHDAY.....

Anand Ramachandran

I am what you made

Google is something we use everyday,
a day without you just ruins my whole day.

Anything is possible in the name of friendship,
but a friend like u is always worth the workship.

As time pass by i keep missing u,
im still trying to find a way to prove it true.

You are an amazing angle in my life,
your future husband will be greatfull to have u as his wife.

All living things have problems in their life,
solving that puzzle is the main task of life.

The friendship between us is undefineable,
not everyone like you are 100% reliable.

Having you next to me makes me happy,
a true friend like you just take away my worry.

Rainbow comes only after rain,
a true friend like you stays after pain.

Intelligent is something you are in nature,
pain and sorrow we shall go through together..

Anand Ramachandran

I'm Sorry

I know mistakes have been made,
and it was during our date,
life would always need a break,
lost in life with nothing made.

relationship's are based on trust,
breaking it should never be a must,
mistakes happens in every past,
without you is as valued as dust.

sorry is what i keep asking,
forgiveness is what i keep wanting,
now im just wishing for one thing,
is that when you would be forgiving.

problem's are nothing if we don't worry,
always be free to share it as a story,
you are the one i would like to marry,
but things aren't getting better with the word sorry.

Anand Ramachandran

Its Only You

The smoothness of your skin,
makes me go towards the win.

The power in your eye,
makes me learn the meaning of life.

The sweetness of your voice,
Stop the world from making noise.

The cuteness of your ear,
stops me from tear.

The time with u who i spent with,
is the moment of truth who i wanna be with.

Anand Ramachandran

Live Life

Don't live in fear,
Or else u'll accumulate more tear.

Anyone in this situation,
Definitely can't control their emotion.

Remember those happiness,
Forget those sadness.

Share your story,
And make things looks easy.

Humble defines you,
I'll prove it true.

Never think about the past,
Make this the last.

Enough of confusion,
Create a new resolution.

End your sadness,
And begin your happiness.

Anand Ramachandran

Love

Losing you is the last thing I'll do,
I’m sure that my love is 100% true,
Being with you is something i just want,
Hurting you is something i just can’t.

You know how much i need you in life,
Just waiting for the time u will be my wife,
Hurting u is like stabbing myself with a knife,
Ill protect you like the bees in the hive.

During the seconds you were there,
My life brightens up due to the flare,
A second without you is equivalent to a nightmare,
My life might just stop if you’re not there.

Independent is something you have in you,
Without you i swear i can't go thru,
I know i have really hurt you,
Give me a chance and I’ll make sure you won’t go thru.

Anxiety is the problem you keep facing,
Things might just keep getting surprising,
Speaking out honest is something i keep doing,
The day your fully with me will be totally amazing.

Anand Ramachandran

Love, life, courage

Love is something you always express,
Not only to humans but to animals and the rest.

Oranges are fruit which are sour and tasty,
Being with you is the only thing which makes me happy.

Sorry is the only thing i kept asking,
So why not giving a chance bY just forgiving.

Humble is the word describes you,
If you give us a chance ill prove it is true.

Enough of complications in life you have faced,
Give it a shot and break the phase.

Never think about the past which kills you,
Think about the happiness and always make it true.

Ending of sadness is something you need,
Courage and braveness s something you must feed.

Anand Ramachandran

Never Ending Us

Feeling lonely is something i face,
It puts my life into a complicating maze,
My life is filled with haze,
Baby i just can't keep counting the days.

Strange feeling keeps running in my head,
Keep worrying how it’s going to affect my grade,
I do not love you for the sake of getting laid,
All I’m seeking is for those lovely words you said.

A lot of things i desire,
But i know it will never be nice asking,
Having you in life is worth something,
Trust me baby i will never be regretting.

Telling me you love me is something you do,
It just makes me high like the special brew,
Your family is something i need to get thru,
Wishing they will know that our love is true.

Anand Ramachandran

She's Worth my Life

Loving you is something so pure,
I don't mind getting into any war,
With you by my side I'm fully secure,
Nothing can split us even all those whore.

A hug from you is one of the best,
With that i can just forget the rest,
It's like a mom protecting in the nest,
Avoiding life from unwanted pest.

Taking you a tour all around the north,
Making you feel that you own the whole earth,
Proving you how much your deserve this birth,
Trust me baby your birth is just so worth.

Being with you in the name of love,
It just keeps running in my nerve,
Can't stop providing you the things you deserve,
Ow baby I'm just so madly in love.

Anand Ramachandran

The Last Move

The love I have on you would forever last,
no matter what we will never tear apart.

The pain and suffering will never last long,
as long as we both can just stay strong.

The love I have on you will never decrease,
no matter how much the temptation increase.

For now I'm forced to go away,
but the love I have on you will forever stay.

Anand Ramachandran

When I'm With You

Hugging you tight during the rain,
Removing your sorrows and your pain,
Feeling your love runs in my vein,
Baby i guess I'm just insane.

Holding you tight thru out the night,
Kissing you at every sight,
Making me feel my life is bright,
Honestly baby you're just almight.

Bringing you close by holding your hips,
Taking you around in the name of trips,
Looking at your eyes and feeling those lips,
Tempting so high to go with the kiss.

Cuddling with you while kissing your cheek,
Waiting for the day it will reach the peak,
Being with you is what i really seek,
Hoping fate will not play any trick.

Anand Ramachandran

You’re the one i need

Our relationship is based on trust,
Never once we had a feeling of lust,
Baby living with you is truly a must,
A life without you will just turn into a dust.

Amazing moments i have had in mind,
Can't wait for the candle light dine,
Waiting for the clock to strike nine,
Baby trust me your only mine.

My mind can't stop saying your name,
Being with you gives me the fame,
I won’t mind taking all the blame,
Having you in my life is my only aim.

As i hold your hands and look into your eyes,
That stun's me there and gives me paradise,
Hugging you makes me feel nice,
I'll never survive if you’re not in my life.

You’re the one, who I believe in,
Hold me tight and make me win,
I don’t mind taking in all of your sin,
For your happiness i would leave my kin.

Anand Ramachandran
