Dont Want to Lose you

didn't want to lose you;
You were my best friend,
But it seems I've lost you anyway
I can no longer pretend.
I know that you are angry
But I feel that I must mention,
I'm sorry that I hurt you
That was never my intention.

I wish that I could say to you
All the things I have wanted to,
Everything I have kept insidIe
The feelings I have cast aside.
I wish that I could talk openly
Tell you what is wrong with me;
Maybe then you would understand
And see that I had never planned
To screw things up in such a way
And lose you like I did that day.

I know that it was all my fault
And I hate myself so much,
I just can't stand you hating me
I really have fucked up.
I'm sorry for the way I am
From the bottom of my heart it's true,
I thought that we could still be friends
But I guess that's up to you...

I wish that I was not this way,
I wish that I was more okay
With letting people get close to me,
I wish that I was more carefree.
I don't know why I'm the way I am
I just deal with it the best I can;
I think that means I shut people out
Fill their heads with confusion and doubt,
I'm truly sorry that I hurt you
But can't you see I'm hurting too?

I'm sorry for being me and I'm sorry that I hurt you.

Love Forever

It seems as if
I've loved you forever.
Maybe I have.
Maybe we met
In some other time
Where our lives touched
This closely before...
All I know for sure
Is this certainty inside me...
That we are
Meant for each other-
Now and Always.

loved you from the start

I said I loved you right from the Start

I said I loved you right from the start

I always have with all my heart

Words can not express the way that I feel

but you can be sure this love is real

I'll always remember the day we meet

that look in your eyes i'll never forget

I never belived in love at first sight

but when I met you I know it was right

with all my heart I known

I loved you right from the start

miss you

Be with you at the end

copyright 2008 Cheryl Barclay

I will always miss you, my kids will too,
You're travelling another road now
To pastures green and new,
And when your journey is over
You'll be with loved ones from the past.

So I'll toast you with a brandy,
I'll have a smoke and chill and
I'll raise my glass and toast
It's an honour and a privilege
To be with you at the end

Shining Light

hen you are sad, I will dry your tears
When you are scared, I will comfort your fears
When you are worried, I will give you hope
When you are confused I will help you cope
And when you are lost, And can't see the light,
I shall be your light Shining bright.

SMILE

Cheryl Barclay©2006

Smiling is infectious,
you catch it like the flue,
When someone smiled at me today,
I started smiling too.

I passed around the corner,
and someone saw me grin,
When he smiled I realized,
I passed it on to him.

I thought about that smile,
Then realized it's worth,
A single smile, just like mine,
could tyravel around the earth.

So if you feel a smile begin,
Don't leave it undetected.
Lets start an epidemic quick,
and get the world injected.

The One

When the one whose hand you're holding
Is the one who holds your heart,
When the one whose eyes you gaze into
Gives your hopes and dreams their start,
When the one you think of first and last
Is the one who holds you tight
And the things you plan together
Make the whole world seem just right,
When the one whom you believe in
Puts their faith and trust in you,
You've found the one and only love
You'll share your whole life through
