Angel Above The Hill

Angel in the sky, shining so bright
Lighting the road for me tonight
I see your star like eyes that make me wonder
What kind of spell have you put me under
I climb to the highest mountain peak
And to the lowest valley creek
I stop and wonder if ill ever catch you
I turn around and see those eyes of greenish blue
I kiss your lips and the world stands still
This is my angel girl from above the hill

Beautiful Angel

Beautiful angel, dont you cry,
Your perfect and you dont even try.
At your worst or at your best,
I think your far better than the rest.
I love your laugh and your smile,
There definetly the cutest by a mile.
You may think everyone will forget about you,
But everything i do, everything i go through, will remind me of my boo.

Best You Can Be

Everyone sees a quiet girl
But if your daring and give talking to her a whirl
You'll find in a pile of rocks, a pearl
You have an amazing talent for art
Because you hold love close to your heart
Or maybe just because your smart
You have what every girl should need
A great personality without a hint of greed
And eyes like a diamond bead
So whos daring enough to see?
A guy who thinks shes the best she can be?
Oh wait thats me

Blind

Why did it take me this long to realize
This beautiful girl with amazing eyes
Who always seems to give me the butterfly's
I seemed to just walk past you day after day
If i could, all those moments i would replay
Why are you so close yet so far away?
So now i shall try my best
All my time i will invest
To beat out the rest
Anything they try i will outdo
Ill do anything i have to
All just to tell you that i love you

Caped Man

Here i am,
A thick, black cover of life shrouded over me
I'm in the dark and cant find the light
Then i hear your voice,
And the cover lifts and i finally see what life is about,

Love.

So now i chase and chase
Hoping and praying that someday i can catch you.

Follow Me

why would you choose him over me
Im everything he could never be
He doesnt care about you
He only cares what he wants to do
I know he would treat you bad
Try to control everything and make you sad
Im exactly what you need
Someone who can take it at your speed
Why cant you see
Being with him wont be free
So just turn around and follow me

Girl of My Dreams

Shes the girl of my dreams,
When i see her, her face beams.
She may tickle and poke,
But i know its just a cute joke.
When she leaves i know how empty ill feel,
But on my heart shes placed a seal.
Just her smile makes my heart fall,
Every time i see it, walking in the hall.
Her eyes shine like a beautiful pearl,
She is my amazingly beautiful girl.

Just Say It

You say say it could never be
You say that there are other fish in the sea
You say to move on
You say your already gone
You say your chance is past
You say i moved too fast
You say you still have feelings kg.
You say they go through the ceiling
You say you like to be free
But why cant you just say you love me?

Kicking Stones

Im lost in the woods now,

Without you im nothing

I used to have a map,

But now it's pummeled into the dust

So now im lost, just kicking stones...

Meet Me Halfway

Your crazy, but in a good way
The slightest smile will make my day
When i see you, all that comes out is hey
Because you radiance keeps my words at bay
An angel is what your face portrays
But a normal girl is what you display
All weve been through i just want to replay
All the things you've done to the things you say
So i truly am sorry for the delay
So how about you just meet me halfway
And let me kiss you, if i may
And hope by my side is where you'll stay

Precious

-Love is precious and you should never take advantage of it-

Love is like a flower, it's beautiful while it lasts,
But then it dies off because it was neglected

And then you just pull the flower out
Of the ground and forget about it

Love is like a sucker, it's great while it lasts,
But then the candy gone,

And all you have left, is a stick,
Then you throw the stick away.

See What I See

Your gorgeous but you never say it
You turn down all the compliments you get
Your eyes shine like stars
They make me feel like im on mars
Everything you do makes you unique
From your amazing smile to the way you speak
It seems to good to be true
But ive realized its just you
Why cant you see what i see
Which is the most beautiful thing that could ever be

Summer 2011

I really miss you,
And all the fun we could have too,
And all the crazy stuff we'd get into,
And all the funny moments we'd go through.
The good and bad,
The happy and sad,
And how id calm you down if you were mad.
We could sit under the moon and gaze at the stars,
Sitting and wondering if that little dot is mars,
Then go running in fields catching fireflies with jars.
Having races on how fast we can run,
Arguing about who actually won,
Then you chasing me around with a water gun,
After just talking and laughing about it a ton,
And waiting for our cookies to be done,
Then after just laying in the grass waiting for the sun,
Summer 2011 is going to be so much fun

That Girl

Your my heat and soul

My good and bad

My happy and sad

My on and off

My paper and pen

My moon and stars

My cookies and milk

My greatest love,

I'll always be there for you,

Together or apart

Whatever I Need To Do

I'll do whatever i need to do
I'll give you the sky of blue
I'll row up river in a canoe
I dont care if i have to cut straight through bamboo
I dont care if i have to climb a mountain too
I dont care what or who
I'll do whatever i need to do to get to you

Winnie The Pooh

Here's the same old you making a brand new debut,
You better not change a single little thing about you,
From the smile to the style of shoe,
Because i love it more than a kid loves the zoo,
So dont even think theres anything you have to undo,
You personality is pure as the sky is blue,
How your this amazing i have no clue,
But what i can tell is there is nothing you cant do,
Between us two,
And all the things we have gone through,
Who cares what they say and if its true,
You'll always be my winnie the pooh.

Your Beautiful

Your beautiful in every way,
By the actions you do to the words you say,
And by the way you carry yourself everyday.

Your beautiful in every way,
Your radiant face reminds me of the sun in may,
And when you leave i just want to tell you to stay,
But im scared you'll just tell me to go away.

Your beautiful no matter what you do,
The amount of people ive cared this much for is few,
I am the ball as you are the cue,
You push me away over and over and ill come right back to you

Your beautiful no matter what you do,
I dont know what i would do if it wasn't true,
The long days and lonely night i would have to go through,
I just hope you feel the same way too,
And all i have to say is i love you.
