ALONE...

Alone...

I was when woke up in morning...

To greet the sunshine with great pleasure...

Alone...

I was lazing around the bed...

Wondering where to start my day...

Just enjoying the silence

Thinking about my loved ones...

I just let my mind to ponder about

What they'll be doing at the moment...

Alone...

I started to miss them...

Yearned for a warm hug...

Alone...

I got rid of all the emotions...

Made myself cheerful to navigate through the day...

I watched the idiot box for hours...

Trying to entertain myself...

But nothing beats the joy and leisure

Of reading a nice novel whilst listening to music...

That's how I spent the day...

And surprisingly

Without talking to anyone for the whole day...

Alone...

I enjoyed the loneliness...

Gave time to pamper myself...

Alone...

Birthday...

It's a magical day...

Everything turns out to be wonderful...

Birthday...

Is a day when u made thru into this beautiful world...

Joining the rhythm of the heart beats...

Bringing joy to the people around...

You feel as though sun shines for U

Birds will be singing...

Mobile phones will be ringing and beeping...

Just to bring wishes from the loved ones...

All the well wishes make your day marvelous...

Many will be pampering yourself with gifts and wishes...

Candles were blown after wishes...

On birthday,

People remind you

how special you are...

And how much you've thought about...

May you will be showered will love...

Blessed with health and wealth...

Happy Birthday! ! !

especially dedicated to my beloved sister...

Humanity

Wake up...

Come out of your selfishness...

Show some care to the community...

Shower everyone with love...

Show some sincerity...

No money will balance

The love...

The care...

The affection...

A simple greeting...

A simple three words...

HOW ARE YOU?

It's not hard...

Is it?

Wake up...

Ask yourself...

Bring yourself out of your small world...

Once in a while,

To everyone's benefit...

Let us change ourselves...

Not to be a Samaritan...

But, just a good human being...

I am L.O.S.T in my little world! ! !

I am lost,

In my little world of myself...

I am lost,

Wondering about the worldly things...

I am lost,

Appreciating the beauty of the world...

I am drawn to the things that world has to offer to me...

I am lost,

Watching the stars at nite...

Sometimes,

I am losing myself to cry when I am angry...

I am losing myself to LAUGHTER...actually many times...

I am losing myself to smile...

I am losing myself to be all alone...

I am losing myself in enjoying the loneliness...

Isn't it nice to lose youself sometimes? ? ?

Love is In The Air

LOVE is the word, I believe

That draw the opposites to each other...

LOVE amuses...

LOVE supports...

LOVE is joyous...

LOVE is energy...

LOVE gives a person all mighty strength...

But,

At times...

LOVE can be cruel...

LOVE hurts...

LOVE suck out all the energy...

LOVE breaks you down into pieces...

I have observed all these...

LOVE is good and bad at the same time...

If things fall into its places...

Then, life is beautiful with love...

We will love every moment of life...

We can feel the chemistry....

That LOVE is in the air...

Yuvarani Sami

Nature

When Nature’s in a furious mood, don’t scoff;
Find solutions better and don’t retreat.

Why challenge Mother Nature

Accept her superiority and power;

Yet, Nature balances her acts so much...
From natural disasters, man ought to save.
Align with Nature

I have to admit...

Mother nature is the boss...

How hard you try...

You can never ever win her...

Love the way she works...
