A Mother Like You

There's no one like you who holds me tight
Especially when I get a fright
You're always there when I need someone
Always ready to have some fun

A mother like you is very rare
So kind, so loving and also care
What a good friend and mother are you
An older sister you are too

You are an excellent model to your kids
Who loves and cares and give our needs
To be like you would be a blessing
To always love and be so caring

Sorry for making you feel sad
I'll remember the fun we had
I will always love you forevermore
Forever our memories in our heart will be kept in store

A Plant for Revenge

I was used to being alone
They used to treat me like a stone
Oh, my heartfelt and sorrow has fade
They can't change the damage they've made

I used to sit alone at school
I could never talk to anyone cool
Smart and nerdy - is that my fault?
It's like a struck of a lightning bolt

A big neglect it came to be
I knew a challenge came to me
A sudden thought rushed to my head
The thought to bring them down instead

Look at me strong and proud!
And here I stand among the crowd
You shall listen to what I say
Now it's you who will obey

A Roller Coaster Ride With You

You've been there for me near or far
And stood by me through my darkest hour
Never game up 'til the rainbow shine
I'm so glad I can call you mine

For me you are the apple of my eyes
Truly you are a blessing in disguise
We may have our good times and bad
But that wouldn't change the memories we had

I'm so glad I have a friend like you
Someone who would smile and you'll know it's true
I'll be there for you forever more
No matter what, that's what friends are for

Our journey has been a roller coaster ride
We never have secrets we could hide
People come and go but I will never
'Cause you are my best friend forever and ever

After the Rain

The sun looks very bright today
So dropp the snacks and go out to play
But soon the sun turned dark grey
I knew that the rain is gonna stay

The next morning when I woke up
As I looked out my window, my sandwich had dropped
For the sight I had saw frightened me
The sight was not pretty, not pretty to see

A strong wind blew and blew
Making the rain grew and grew
For the next morning I hoped for the best
After the rain this'll all be a mess

The next morning I was filled with joy
It's time to so I brought a toy
After the rain a rainbow shines
which reminded me of my good times

Araw ng mga Puso

Araw ng mga puso sa buwan ng Pebrero
Paboritong araw ng maraming tao
Araw ng mga puso'y tanging gusto
Mapatunayan ang pagmamahal niya'y husto

Pagmamahal ay lubos-lubos
Pati ang pera nagkaubos-ubos
Sa araw ng mga puso'y lahat ay masaya
Lahat ay gagawin para siya'y makasama

Araw ng mga puso'y di nalilimutan
Kanilang pangarap gustong maabutan
Sana'y makasama ang isang tao
Kahit sa araw lang ng mga puso

*Sorry it's in Filipino language. This is just another activity in our school. And sorry, I'm not that good in Filipino =) *

Ating Mundo

Ating mundo ay dapat alagaan
Para gumanda ang ating kinabukasan
Sa lahat ng tao sa ating mundo
Nagkakaroon tayo ng madaming gulo

Iisa lamang ang ating mundo
Kaya dapat tayo ay magkasundu-sundo
Lahat ng tao ay nag-aaway
Pati na rin may namamatay

Magtanim na tayo ng mga halaman
Para gumanda ang ating kalikasan
Pantay-pantay lang tayong lahat
Tumulong na rin tayo sa paglinis ng dagat

Tuturuan tayo ng mga guro
Para sa kabutihan ng ating mundo
Lahat-lahat ay maghawak kamay
Upang lahat tayo ay magtagumpay

Christmas Time

Come one, come all!
Christmas time is hear
Put up all the Christmas balls
And hear the people cheer

Listen to the children run
And sing a Christmas song
Everyone is having fun
Celebrating all day long

Christmas time is here at last
Bring out the Christmas Tree
Forget the bad times in the past
And lets go on a shopping spree

Hear the laughter's of girls and boys
Running to and fro
Excited to play with all their toys
And hanging up some mistletoe

Christmas time is already here
I would love to play with toys
Christmas time is already near
Bring in all the joy

Climate Change

Leading the fight against climate change
Lots of obstacles that we will face
Global warming is coming soon
But we'll still see the sun and moon

What about our plants and trees?
Mother earth needs some peace
On top of the trees are some honey bees
Lovely birds sweetly sings

Global warming might be near
Climate change is already here
There's a lot of things we can't resist
The lovely earth that we should kiss

Let us save our Mother nature
Let us make it in perfect structure
Life is pleasant here on earth
Don't let disaster become her birth

English is Everywhere

English language is known world wide
From all languages that were collide
English is known everywhere
It is great to use it anywhere

Upholding English to everyone
Speaking in English is very fun
Don't be shy and show your greatness
Use it when showing competitiveness

Speaking in English is as good as gold
The language of English we need to uphold
It's very fun when you come to think of it
When you're with your friends who also loves it

When you go to any country
This is the language of everybody
Being expressed in different place
Different accents on different place

The English language is my proficiency
Never be shy and express it freely
Just be confident and you'll be okay

Family

Families are so big and true
Father, mother, and babies too
I have a family who is close to me
They love me for what I want to be

The father is the breadwinner of the family tree
And the mother is the light for you and me
The baby cries and asks for food
The parents give them something good

A family that loves and cares
Stories, songs, and poems they share
A family tale enjoys the bond
Lots of things we are fun

Our families love us for who we are
We stick together near or far
A family love is infinity
We'll stay together for an eternity

Geneen Alyssa Meyers

Flowers

Flowers can grow big or small
You can see them in gardens or malls
Some trees have flowers too
Some have many but some have few

Plant some trees and wait a few days
It can grow in many ways
Flowers are one of the things why our lands are bright
These are what bees just bite

Roses are red, violets are blue
Whenever I see them I don't feel so blue
Waterlilies, Daffodils and Marigold
See all the wonders untold

Oh flowers, flowers so hard to be
For you are all so lovely to see
Save the flowers to brighten the land
And each lend a helping hand

Fred the Clown

Orange, blue, red, white and brown
The favorite colors of Fred the Clown
A happy and jolly clown he is
But some people he likes to tease

Everyone hates to be with Fred the Clown
But Fred never showed the people a frown
He never felt bad for what he did
The hatred inside the people had hid

The people thought of what to do with Fred the Clown
They decided to talk to the mayor of town
He laughed at what the people said
He laughed until his face gone red

The mayor didn't believe the people
For Fred the Clown gives him a tickle
They always saw the mayor smiled that way
Ever since Fred came each day

He already knew what Fred was doing
So he decided to call Fred for a meeting
The mayor told him what the people had said
And so left poor little Fred

The people decided to give Fred a chance
So Fred the Clown gave them a dance
The dance was so funny that they laughed all day
Fred the Clown will forever stay

Geneen Alyssa Meyers

Friends

Friends are always there for you
In happy moments and sad moments too
You can play and run all day
But be careful on what you say

Friends can hurt others too
They can leave you and that is true
Some friends are not always there for you
But others may be open to you

Friends, friends, I wish I had
'Cause my old friends were so bad
Although I still have good and kind friends
Because they're still here until the end

Geneen Alyssa Meyers

Fruits and Vegetables

If you want to go out and play
A healthy snack begins the day
Even if you are outside
That is what you shouldn't hide

Carrots, broccoli and even melon
Pumpkin pie and also lemon
Vegetables is healthy and also grand
It is also good in lending a hand

fruits like mango and grapes
And also those healthy flakes
Eat those foods and be okay
And remove all those junks away

Geneen Alyssa Meyers

Ghosts and Ghouls

Creepy creature of the night
Go on and take a bite
Come one out while the moon is full
All the spirits, witches and ghouls

There he is alone at night
A perfect time to make a strike
Wondering if they're here right now
Watching my every step somehow

All the spirits roaming free
Monsters having their hunting spree
Are you ready to have a scare?
Don't think now 'cause they're already there

But these are creatures of the mind
So just leave it all behind
It turns out they were in my head
So forget about it instead

God Almighty

My God is so great and strong
He answers my every prayer
With Him, nothing will go wrong
Behold His mighty power

He listens to my every word
He guides the weak and poor
He can hear who can't be heard
My sickness He will cure

He's always there to comfort me
In open arms He says
He helps me stand when I'm on my knee
And in His holy name we praise

I love my God almighty
He's the greatest of them all
I know He really loves me
And he'll catch me when I fall

It is with love and obedience
I always want to pray
With these thoughts and expressions
And these words I want to say

It is with great humility
I worship Him with greatness
I will obey Him obediently
And He'll lead me to great happiness

Gurong Kaibigan

Isang ginoong gumagabay sa atin;
Na nagsilbing pangalawang ama namin.
Labis na pagmamahal ay walang hanggan,
Kanyang kabaitan ang inyong abangan.

Ikaw ay mabuting modelo sa amin,
Napapansin mo ang ginagawa namin;
Kaibigan na masaya at mabait;
Tumutulong sa pangarap na makamit.

Ang saya-saya pag tayo'y magkasama;
Iyong kagalingan ay kahanga-hanga,
Handang tumulong sa anumang sitwasyon;
Ngunit marami kang mga inhibisyon.

Ang lahat na nangyari sa ating buhay;
Nagpakita ng pagmamahal na tunay.
Isang mabuting guro sa paaralan;
Mga kabataan iyong gabayan.

Walang sawa ang iyong pag-aalaga;
'Di matatapos ang ating kabanata;
Hangga't pagsasama'y di napuputol;
Maraming salamat, Ginoong Apostol.

I Will Never Say Goodbye

We only met for quite a while
And I enjoyed your every smile
Quite sometime I often say
The word hi everyday

You taught me to be obedient
To be nice and pleasant
Just the same you taught to others
To treat them like your sisters and brothers

I never thought this day would come
When will be separating from everyone
We enjoyed staying and laughing with you
In every word and things we do

We will never forget your golden voice
We want to stay because that's our choice
The only word I will say is hi
Because I will never say goodbye

*I actually made this poem when I was grade 6 for my adviser Mr. Dennis Apostol =)

If I Were A...

If I were a boy, what would I feel?
Bullied all day, that's a big deal
If I were a tree, I'd be so tall
I'd feel like I'm a solid wall

If I were a ball I'd be so fat
And I'll be hit if I were a baseball bat
So red I'll be if I were a cherry
I delicious to be a juicy berry

If I were a toy, it would be so fun
They'd come to the store for a special toy run
Someone will buy me if I were a shoe
He'd run a mile for an hour or two

If I were the sun, I'd be so hot
So small I'd be if I were a dot
There's a lot of things that I could be
But I prefer being simply me

In the Night

In the night, I see strange faces
In every parts of different places
I hear noises that creeps me out
I think it's best if I scream and shout

I think I'm crazy, I'm losing my mind
Something's creeping right behind
Never leave me alone at night
They're all planning to give me a fright

What is that noise I hear?
This is something I truly fear
Please help, they're coming for me!
I'm so scared of what I might see!

It's too late, I turned around
The sight of them made me drown
Without thinking, I immediately ran
I ran and ran as fast as I can

I've already reached the end of the road
Now my heart feels like to explode
What should I do? They're already here!
Now I'm facing my biggest fear

They slowly approached and grabbed my body
They stared at me all cold and bloody
The next thing I knew I woke up with a scream
Thank God it was just a dream

Life

There's a lot of things to do in life
And I enjoy being alive
Imagine a fact that life is cruel
But some think it is cool

There's a lot of things that you don't like
Typhoons, hurricanes and all there might
We keep jumping up and down
While tidal waves are striking all around

There's a lot of things to see in life
But be careful, 'cause you might get a fright

Little Ms. Jolly Holly

A little girl named Jolly Holly
Sat on the bed with a little bunny
She laughed, giggled and jumped around
Until she fell upon the ground

Little Ms. Jolly Holly
Didn't got hurt but felt so happy
She grabbed her dress and twirled again
She twirled until she counts to ten

Jolly Holly went to town
Until she saw a funny clown
They laughed along the narrow road
And saw a big, fat, scary toad

Little Ms. Jolly Holly
Skipped to home until she's sleepy
The next morning she felt so jolly
And that was the story of little Ms. Jolly Holly

Mr. Dennis Apostol

From all of the good we had
In all of our good times and bad
We really enjoyed everything
Ever since the beginning

You taught us how to behave in school
Mr. Dennis Apostol is very cool
You give us advice in any problem
In all the things that troubles them

A lovely smile that complete our days
You show your love in many ways
You tell us stories that makes us giggle
Some may cry more than a little

You tell us all on what to do
We help you in all your things to
Every time we do something bad
You always call our mom and dad

We would always love to lend a hand
And rock 'n' roll with a crazy band
Mr. Dennis Apostol is our friend
He is always there until the end

I've always wanted to be someone
Who you can hang with and have some fun
It's so sad to say that we're parting ways
But at least we enjoyed our remaining days

We're so lucky to have a friend like you
Someone who cares and loves us too
Oh how we love Mr. Dennis Apostol
You never left us after all

This poem that I made was for my favorite adviser when I was in gr.6

My Dream

Have you ever had a dream?
When you're playing in the park or strolling down a stream?
With me in my dream are my family and friends
Some dreams could be so intense

I was playing inside my room
When suddenly, I was attacked by a broom
It hit me so hard that I fell on the ground
And my friends laughed at me as if I'm a clown

A great earthquake increased my fear
All of us shouted the words 'Oh dear! '
I closed my eyes and thought I was dead
The next thing I new, I was hit on the head

I didn't like my dream not one bit
Clothes came to life, clothes I had fit
A great wind opened the window
With a whoosh the wind had blew

I really need to wake up myself
While I was thinking, I saw an elf
He was holding a stick that looked so old
And it is made of solid gold

I told myself that I want to wake up
And he told me to spin a big top
After a second I woke up in a fright
And that was my dream on that scary night

My Teacher, My Hero

Each one has an important part
They guided us all the way
Each one has a place in my heart
For being there each day

Good role models to everyone
You never stopped believing
When we're sorry for what we've done
They are always so forgiving

When there's something we can't understand
They never stopped trying
Always ready to lend a hand
To help keep us from falling

Thank you teachers, you're always there
Every time I needed a friend
I enjoy the moments we share
I hope our moments would never end

Dear teachers, so sweet and kind
Look how fast the time has fly
Teachers like you I shall never find
But I will never say goodbye

Geneen Alyssa Meyers

Responsibility

Each one should have their responsibility
For one's home to have peace and harmony
Each one should do their part
Do your duty from the heart

You should help your mom in the groceries
You should also have your priorities
You can fix your bed and clean your room
Doing that won't lead to your doom

Be responsible in what you do
It's as simple as tying a shoe
Don't be tired, though it may sound crazy
It's actually fun, don't be so lazy

I hope you will listen t my little poem
And I hope you'll help your parents at home
All the things you should be filled with excitement
These will help in effective home management

Summer

Hot or cold, what could it be?
Summer is here just look and see
It's not winter or autumn here
Summer is something we shouldn't fear

Summer is out and it's time to play
Have fun because summer is not here to stay
Jump in the pool and play all day
Let's come on out and head for the bay

Summer time is once a year
Come on out without any fear
Plant some flowers for a summer day
As long as summer is here to stay

Geneen Alyssa Meyers

The Lovely Moon

Just look at the sky every night
You see the lovely moon is in sight
The mysterious night and the shining stars
Oh I wonder where they are

I wish I could go up above
Fly so high just like a dove
Go up there and look down below
Look at me and say hello

The lovely moon that lights at night
It really glows very bright
Look at it one last time
And wait for the moon soon next time

Geneen Alyssa Meyers

Tooth Decay

Tooth decay is bad for you
Some have many and some have few
You can eat your sweets, that's okay
But just remember to brush your teeth everyday

Tooth decay is not for you and me
Brush your teeth and you will see
Tooth decay is just bad luck
'Cause you'll spend all your money for other stuff

If you leave the dirt in your teeth
It's your fault and you will wreek
Proper of brushing is good to do
Don't forget tooth decay is bad for you

Geneen Alyssa Meyers

True Friends

From all the troubles we've been through
You're there for me when I am blue
Whenever I feel sad today
You comfort me along the way

Spending time with you is one of the best
Parting ways could be so intense
We may have differences that are set aside
Some things that you have denied

Through my ups and downs, you're always there
In all the things, you always care
You tell me jokes that makes me smile
And I'll be laughing after a while

It's so sad that you're going away
Now you're not going to stay
I'm so lucky to have a friend so true
To meet a true friend, a friend like you.

Tunay na Pilipino

Wala sa damit, wala sa mukha
Kundi nasa puso't gawa
Tunay na Pilipino masipag at matiyaga
Handang tumulong sa kanyang kapwa

Ang mga Pilipino,
Matapang at Matalino
Mapagmahal sa sariling bansa
Mabait at maaasahan ng iba

Mahilig sa mga pagkain
Matamis man o maasim
Inaalagaan ang kalikasan
Para sa ating kinabukasan

Tunay na Pilipino sa isip at gawa
Patuloy ito sa buhay na ginhawa
Maging mabait o masungit man
Nagmamahal parin sa sariling bayan

Mga batang mag-aaral
Disiplina ang ipinapairal
Hirap ang dinaranasan
Para sa magandang kinabukasan

Ako'y isang Pilipino, masipag at magiting
Kapag ako'y hamunin, lagot ay mararating
Tunay na Pilipino masarap maging
Masipag, matiyaga at matulungin

Under the Sea

There I was under the sea
Swimming around just you and me
How peaceful it is down below
Look at what the Lord bestowed

Below the land is a wonderful place
It's a pretty good sight for the human race
Different kinds of lovely creatures
Being under the sea is filled with pleasures

It's so sad that the sea is dirty
Lots of trashes that makes it filthy
Make sure that the water clean
Like all of the people have seen

There can be great movement on the ocean floor
Making it move with a mighty roar
After a time the moving will cease
With a calmness of temporary peace
