Richard Howardson(20.07.1991)

Richard Howardson was born in Jammu, India.

From childhood, Richie was popular for his charismatic and notorious nature. A passionate person who is very good in talking and creating problems!

In his own words, Richard Howardson is a person who believes in his own theories and follows his own principles. Very anxious, unstable and complex. The greatest quality of Richie then and now is that he wants to learn anything and everything which fascinates him. And of course, he is a good learner.

A Friend Like You

You always listen to me
and understand what i do or say,
you always stand by me
and never go away.

My happiness has a lock,
and you are the key,
you keep my secrets closed,
and never let them free.

I always doubted on my luck,
cause it was never on a high,
but when i thought about you,
a soft breeze just went by.

How fortunate i am,
till now i never knew,
to have in my life
a friend like you.....

Thank you for being my friend!

A Friend Most True

I need,
a friend most true
who will help me
in times due.

A friend,
who will stand by me always
and support me when
iam through down days.

A friend in front of whom,
i can think aloud
and to be his/her friend
i would feel proud.

I need a friend,
like stars in the sky
to make my life beautiful
and always be diamond of my eye.

Someone special,
who will always listen to me,
who will keep my secrets closed
and never let them free.

A friend who will
listen and understand what i say,
who will help with my problems
and never go away.

A friend,
to believe and trust, when
rest convey my fakes to him/her,
just be with me then.

A friend,
to always keep friendship's hue
and prove to be
a friend most true.

Yeah, that's what i need,
A Friend Most True! ! !

Autumn Of Life

Out of the window,
he looks at the brisk kids.
Just few years to go he knows,
and his heart let go of a rhyme

'This spring won't follow,
the winter will prevail.
Autumn is already here,
have no breeze for sail...'

Blame It On Me

Go ahead and make me the bad guy,
I don't care anymore and I won't try.

It's time to let go of all this pain,
the pain that you're too blind to see.
All this time you tried to push me away
And now you're putting that blame on me.

I have apologized more than I should,
You never cared and you never would.

Yes, I was talking to her from last few nights
'cause I promised you I'll try to move on.
And now you're calling me unfaithful,
when you were the one forcing me to go on.

I think about you every single day every night,
I needed to take out this feeling for my heart to mend.
She was there for me when you never cared to be,
she's my best friend, I don't care if you misunderstand.

I'm really sorry if it hurt you, I didn't mean to.
but then you'll always find more reasons to leave.

I'm sorry that I kept the hope alive,
sorry that I loved you more than my life.

I didn't want us to end like this
but it's not your mistake baby,
I should have known better
and you can put the blame on me.

This is the last time I'll be sorry 'cause my only mistake girl,
was to love you more than anything in this whole world.

I'm sorry that it took so long to see,
you're dead wrong trying to put it on me.

And I'm sorry for loving you like I do

maybe I needed this pain I'm going through.

But it's time to let go of all this pain,
the pain that you're too blind to see.
And for everything that we had,
you can put the blame on me.

Falling Down

Falling down, falling down,
here comes the rain.
Some words unsaid, unveiling hidden pain..

Tearing down my heart,
right through the deepest memory...
The forgotten phases, I never wanted to see,
never wanted to see..

Falling down falling down,
with the rain I'm falling down.
Here comes the rain and I'm falling down..

Forgive Me

And this poem goes for the one who is the most special person for me. I know I have hurt you, I made you sad. But all I'm asking now is for a chance. Please forgive me!

Tell me what I shouldn't do,
Forgive me for what I had,
'Cause I never meant to do anything,
Which can make you feel sad.

All your pain dear, I wished I could see,
But I was too busy, just thinking of me.

I'm sorry for what I shouldn't have done,
Extremely sorry for everything I had,
Now please tell me what I should do,
To make you feel better, shed off your sad.

Trust me, for every word I say is true,
Just tell me and I'll do whatever I have to.

Let me make it clear now,
I don't care even if I have to die,
But just because of me,
I'll never make you wanna cry.

Tell me what I shouldn't do,
Please forgive me for what I had,
Don't wanna hurt you again,
Just let me know if I'm too bad.

But forgive me please, don't be sad, don't be mad.

Please....

I Love You My Friend

When I became your friend,
i never thought it will be like this,
it will be so beautiful.

I want to talk to you,
I want to share with you,
I want to see you.

I wait for you,
and when you reply,
I feel so good.

I don't know,
how I got attached to you
in such small time.

How you became so special to me,
how I think of you so much,
but I do, and I love this feeling,
I love to be your friend.

It must be the luckiest day of my life,
when i saw you here...

And i promise you,
I will be there for you,
when you need me,
and even when you don't.

I will be there,
to take care of you,
to listen to you,
to make sure,
that you are happy.

May our friendship lasts forever,
till the end.

I love you,

I love you my dear friend...

In The Dark

This is not what I wanted,
this is not what I asked for.
This is not what I desired,
certainly not what I dreamed of.

It's so different, so strange.

I don't know what's going on,
don't know why it is so.

It's happening so fast, so soon.

I'm trying with everything I've got.
Harder and harder, each day everyday.
But nothing's happening, nothing's changing.

I'm just going deeper and deeper.
It's so dark here, so cold.

I'm looking for a sign,
searching for a sound.

Something. ANYTHING!

But there's nothing I can see, nothing I can hear.

I feel like crying, and yet I'm trying.

I'm holding out my hand,
for something to touch,
something to grab on.

Or someone,
to pull me out back in the light.
But I grab nothing.
Nothing but air, dark air...

I can't see the light, can't find the way.

And here I am, still,
in the dark...

It's All Gone

I remember how you would get excited,
just seeing my name flashing on your screen.

It didn't matter if I call or it's a simple text.
But that has changed now and it's all gone.

I remember how you would dedicate songs to me,
to tell me what you feel when you think of me.
I remember how we would talk everyday, the whole night.
You never wanted to hang up, until I'd tell you it's morning 5!

I remember how we would share the dreams,
keeping two dogs for you and maybe cats for me.
Not having it on the kitchen table
'cause you thought it's gross.
Well, I still think it would be so exciting.

But now, it's all gone...

I remember,
How you'd ask me to hug you, and hold you tight,
even when I was not there with you.
Distance didn't matter for us.
We always counted our love to be true.

That was the time when you couldn't wait to see me.
And now, everything's changed and you want me to stay away.

Bloodstream was our song,
the jungle our place to be.
Remember, how it would get into you
and the effect it had on me?

And now,
I find myself standing in the dark woods, all alone.
'Cause you're nowhere to be seen. I'm lost, stateless.

And I remember how you would say 'I love you',
not just once but over and over again.

You never seemed to get tired of it.
But now you have changed, and it's all gone.

All of a sudden, you just changed.
And it's all gone, it's all gone...

My Desolate Desires

It's raining again, paining again.

Tiny little drops,
drizzling down from the sky.

Like thousands of bullets,
pumped into my heart.

I just want to lie down,
Tik tok tik tok... waiting to die!

Richard Howardson

My Love

You never knew how much I love you,
I know you never will.
It's not something I can say,
All about what I feel, I feel..

in my heart.
I'm falling apart..
But hey, I want you to know,
It don't matter what you believe,

Everything ain't the same,
to what you see.
You are in this life, beyond death you will be...

my love, my love,
forever...my love...

One Chance

Here goes...

A song for the one I love the most, for the one who means the world to me!

One chance...
just one chance.

One chance,
to show what you mean to me,
one chance,
to show you I care, I really do.

A chance...
is all I'm asking for,
just one chance.

Can't take it no more
no no I can't.
You know I need you,
yeah... I really do.

Feeling so cold, so lonely,
feels so empty inside... wholly
completely, without you in my life
I'm nothing less than dead.

I know I have hurt you,
I know it was my fault.
I just need a chance,
one chance to make it right.

Hear me once, don't go away,
don't leave me, baby please stay...

Why can't we be like before,
Love and Care worth dying for?

Wanna bring that old relationship back,

I just wanna have you by my side...
I can change, and baby yeah... I will.
Trust me now, I have nothing to hide.

All I'm asking for is
a chance, just one chance...

Take Care

Tomorrow, we may part,
for a little distance
or maybe for miles...

But then, when you think of me,
not impero do I but hope
that all you have on your face,
are sweet and lovely smiles...

Take Care!

('impero' = command)

Richard Howardson

Waves

Beseech thou o waves from the sea,
washing off imprints on a fall...

Why can't as transient my tears be?
