Billy Isn't The One

Why can't I think of anything to write?

Poopoo shadoo is what I say at night.

They may think I'm silly.

But not as much as Billy.

He flirts and he jerks with everyone in range.

I think he belongs somewhere on stage.

Cutting up and perking up is what he loves to do.

I don't know how much he actually loves you.

It's really hard to tell.

But don't let yourself fail.

You can find someone better than him.

Just ask the crazy girl named Kim.

She thought Billy was her man.

But she hit him upside the head with a pan.

Now she loves someone named chad.

And now the two of them are supper glad!

So keep searching that man you seek.

And you will find him at your highest peek.

Commitment

Today was our day
We laughed, cried, and had a time
Five months ago at this spot
We committed on the dot
We've disagreed and bickered in the past
But now we know our commitments going to last
I can't wait until we say "I do"
Because after that day, we'll be playing Pica boo

Crumbling

What am I supposed to do when I have someone like you?

Walking around egg shells until I am blue.

There's a fear in my heart because you like to play games.

What in the world is our relationship supposed to gain?

We can't move forward because your husband is a coward.

I feel myself getting weaker by the day.

But in your head, everything is okay.

What kind of person puts someone through that kind of stress?

I think I should call the press.

You say it's god putting us to the test.

But to me it's just a big pest.

Double Infinity

You and I have had our share of ups and downs
The Loop de loops of worry and doubt never stop when we're apart
But when our paths cross I see nothing but love in your heart
I lay in bed thinking "how long is his love going to last"
And before I know it you're whispering "Double infinity my love, double infinity"
That's when it occurs to me our love is water proof
The waves of life can't knock us down because our love is stronger than strong
So I say this to you
I love you with all my heart, and I'll never stop.
Double infinity my love Double infinity

Drama Drama

Drama here and drama there
Why can’t I get away from here?
You asked me once
But I couldn’t hear
You asked me twice but I didn’t care
Why do you love the constant battle?
Why don’t you jump in to the saddle?
Ride away and start your own life
I can’t help that you lie
We just need to say good bye!

Nicholas Wayde Turner

Drop It!

Why do you put me through a constant war?

It always seems like you're keeping score.

You remind me of my mistakes everyday.

Why won't you just let them fly away?

Nicholas Wayde Turner

Faking A Smile

They told me it'll get better
But they didn't know we were planning on forever
Faking a smile isn't what I signed up for
The sadness is going right down to the core
I'm getting weaker and weaker each day
And everyone has told me to pray
But what does a man do when he wants you?
You are the love of my life, and that's never going to change
I'll fake the smile until I get out of this cage

Giving In

They took our life and tore it apart
Before they knew we had it all
They are living their lives
While you and I are still lost in a sea of tears
On a boat searching for land
I wish I could be the man you deserve
A man who would stand up to his family and stay with the one he loves

Nicholas Wayde Turner

He Did It All

He stomped on the spirit of life
He didn't know how much it affected his wife.
She stood in the corner crying.
Why her spirit was slowly dying.

Nicholas Wayde Turner

Let Me Go

Let me go, let me go
I need to get away from this mess
You were suppose-to support me
Love me unconditionally
What am I suppose-to do
Knowing I'm afraid to tell you
I told you once
But you didn't want to hear it
We tried to talk, but you couldn't endure it
There are so many things I let slide with you
But you couldn't let this one thing slide with me
I was happier than I've ever been
But not anymore
You got your wish
I'm just as miserable as you
Now let me go so I can figure out what I'm going to do

Nicholas Wayde Turner

Lies

I want to tell you the truth so bad.
But I know you'll get mad.
You are the one I want.
But there's a chance we'll get caught.
I don't know how long I can keep up this lie just for one guy.
You don't know how much it wears me out.
It makes me want to go off and pout.
The lies are taking over.
So I'm running for cover.
I'm sorry that I won't stay and fight.
I just can't handle another bite.
Because everywhere I go there's another lie.
And that scares me because they're becoming easy as pie.
I have to watch everything I say.
Because I don't know what's going to happen throughout the day.
There has been times I thought about running.
But that would just keep the fire of lies burning.
So I set here missing opportunities.
Because I avoid my manly duties.

Mother And Father

Having a mother and father in your teens is sometimes a bother.

Until you encounter something much harder.

This thing called growing up.

It's not as easy as taking care of your childhood pup.

Before you reached adulthood.

You pushed your limits as much as you could.

Although it seemed like they didn't care.

They wouldn't trade you in. Not even on the wildest dare.

They couldn't ask for anything better than having you in any kind of weather.

They love you with all their heart.

And as you grow up, you know that nothing can tare your family apart.

My Little Irishman

I never thought I would come out of this walk in closet
But then I met you
My little Irishman in plain view
My heart skipped a beat the first time we kissed
I am so glad we didn’t miss
They say the first love doesn’t have roots
But our love has its weird little coots
My Irishman doesn’t play by the rules
Because he is a one of a kind jewel

Nicholas Wayde Turner

My Man

The way your hands feel when you're holding me tight
I can't think of anything better except lying with you until the morning light
When the sun shines through the window onto your face
I can't help but smile at your beautiful grace
Your presents in my life is more then I deserve
I failed you in so many ways
I'm surprised our relationship doesn't have waves
When we first met I didn't think someone like you would give me the time of day
But it looks like we are going to be together until we turn gray

Nicholas Wayde Turner

Never Forget

I know you worry that I'm going to forget
But you left a tattoo on my heart that could never be removed
Your name is branded in my head like a cowboy marking his cattle
The thoughts and memories of you and I are like wild mustangs running free
Our personalities are totally different but that's what makes us the perfect couple
No one could ever forget you; especially me
I love you with all my heart, and if you don't know that by now then I don't know what to say
So I'm hoping to show you through this poem that our love is forever
Double infinity my love double infinity

Nicholas Wayde Turner

Please Wait

Please wait and listen to what I have to say
You are the one I want to marry
You are the one I want next to me when things get tough
Before I meat you I could conquer the world alone
But not anymore
I need your touch, love and laughter
Without those things I am completely lost
It’s hard to find my way back home
Because your light is getting dim
But I know the closer I get the brighter it’ll become
When I find my way it’ll just be you and I
Don’t give up on us
Everything will be just the way it was when we first met
Love is a battle field
Sometimes we have to go to war
Your soldier that loves you very much
And he is coming home one way or another

Nicholas Wayde Turner

Super Star

Super star super star
You are now the super star of the family
Before you, it was your momma
And before her it was granny
Although you aren’t here on this earth yet
Just know you have a family that is behind you no matter what
We will do anything to protect you
And try to give you the world
At times we may fail
But just know we’ll never give up

The Anger Within

You let him destroy what the three of us had.
Everything that was good later went bad.
I lived in constant fear of what he might do.
From six to twenty two I couldn't break through.
I never felt safe in that two story house.
Because I always felt like a little mouse.
Our life revolved around his screaming and yelling.
He wasn't making a very good killing.
Yes, it looks like he's doing better now.
But remember when he had a cow?
With the fear running through my veins
I could never enjoy my candy canes.
There were times he threw me into a wall
Because he loved to see me fall.
When I was six, and woke up to crashing glass
There were words that sounded like, "IF YOU DON'T GET BACK HERE, I'M GOING TO BEAT YOUR ASS.
I hid under the covers until the noise stopped.
I was even thinking about calling a cop.
I remember the first time I heard you cry.
He hurt you so bad; I thought you were going to die.
You say he was under a lot of stress and you knew he was good.
But you didn't do everything you could.
He was a horrible man, and took his anger out on the people at hand.
I told myself that I would never be like him.
I would walk away and talk to Kim.
But I guess walking away is a sign of weakness to you
You are always telling me I need to stand up for what's right.
There's no way I should back down from a fight.
Backing down is something I've always had to do.
Otherwise I would never be able take a poo.

The Love of Two Men

How do you know when you're in love?
Just prey to your God up above
It isn't as hard as it seems
Don't listen to everyone else's schemes
If the passion is really there
You won't have a single scare
Everything that disgusted you before
With him, you will adore
Whether, it's rubbing his feet every night before bed
Or popping the pimples on his forehead
You'll never complain
Because it'll never be a pain
All he has to do, is look at you with those ocean blue eyes
And you'll swear you saw Angels in the skies

The Real Thing

My heart hurts more than ever
Because of all the terror
We didn’t do anything wrong
We were just being strong
They tore us apart
Like a killer shark
We tried to hold on
But were being coned
Our love isn’t a little fling
It’s the real thing
I don’t know what to do
I just keep saying poo
