live life but make your choices worth while

(exclusive Freestyle) Dreams/Reality

Ay yeah im still having dreams like cause i wont let myself dropp to the bottom without light of hope it's nothing but diasters can't do nothing but dream when they gonna set my people free even though they still continue to depress us like lost souls in a valley but i shall fear no evil and let their mouth be closed but i still got a voice like a tiger or better yet a voice like a lion um and my words are still pretty great so im not a tyrant and never could be but yet i overcome adversity so tell congress i dont give **** and i said tell congress i dont give a **** cause you cant take music from people cause if you haven't heard west he said he getting stronger so i must believe that without any doubt cause i know jesus laid on that cross and paid my soul, your soul, the world soul at an ultimate cost of life but anyway im like a spartan with a soul of 300 and im marching like 300 and got the strength 10 hundred but at the end its just ambition and the fight for hope and diginity

2 Sides Of A Human

Pain filled with selfish lies the lies of one to be told by many
people try to be perfect only to be corrupted by their flaws
Happyness is only lasted for the moment it happen the next moment is silent
Crying is useless cause the begining was heartless
Bleeding occurs by knowing what is expected of your injury
Death is welcome to the ill hearted & taken by suprise of good hearted people
The desire to be among the great & rich the desire to be complete is among the
top of turning to failure.

Death Of A Samurai

I walk by myself only not to be alone
I am in deep meditation with my awful mind
I am mad
I am angry
I want to hurt them
I want to make them suffer
I want to see & watch them suffer
But most of all i want to kill them

Them has a name
The name of secrecy
The name of twan
Cold as winter in japan

The blade of an samurai
Pierce
Tear
Rip
Destroy

Fatal

I am twan no more
The samurai has overcame again
The good lose while the evil wins

Once more i walk by myself
But iam not alone in meditaion

Election 2008

Blue Vs red

Black vs white

Woman vs odds

People with doubts

Gas becoming higher than what average can afford

Houses being taken away swiftly

Families with no homes to call home

Change vs the same

mc cain fill us with the deal of winning a war thats been won long ago

Obama fill us with hope, life, and youth as jfk did long ago

Explanation

The things people say or do that can't be explained
Not at that moment in time
But later things have the tendency to resurface
An explanation isn't what you get
An explanation of why?
An explanation of you should have told me! ! !
An explanation.
People do things cause they want to
People have an explanation but refuse to let others know
People have reasons but they try to keep it unknown
Later on in life it will be exposed and so shall their

Graduate

So many teachers
So many subjects
To much tests
Walk place to place
Talk to so many faces
Remember only some names
The year 2008 was great
But still i'm still here
Waiting for my time
To march in line with the rest who have come to pass
In 2009 its my time
My graduation time

I Could Have/But Im Not

I could have been a follower
I could have been a dropp out
I could of have had to many kids than i could care
I could have been a drug dealer
I could have been a murderer
I could have been a thief
I could have been a kidnapper
I could have committed suicide
I could of been a nobody
I could have been a lost cause
But.....
Im not
Iam a leader within myself
Iam a future graduate
Iam a proud person
Iam an uncle
iam everything that i chose not to be
So iam postive on my choices

I Love You

You think i don't care
But i do
You think i take you for granted
But i don't
You think i'm cheating
But i'm not
You think i'am always angry at you
But i'm not
I do know this
I love You

Antwan Graham

I Loved Last Night

Me and you
Together as couples
Playing and laughing
Outside together
Mosquitos attack us
But not our love
Darkness surround us
But our hands find each other
Cold they are
It doesn't matter
They shall warm up as the sun do
One last ride to home
We cuddle as we ride
Darkness
I grab your hand to lead the way
One last hug
One last kiss
One last say of goodbye
One unforgettable night
Our night...

I Want Out

How do you tell a person you want out?
Do you stop answering their calls?
Do you create an argument?
How do you get out?
Inside of you is a lie
The outside just play the show of emotions
The Inner part of me has feelings greater than any other
Not for you
Not for her
But for another
Again
How do you get out?
Simple
Leave

I'Am Leo

I move as if i'am invisible

I talk as if my very voice was filled with thunder

I carry myself as if i was majestic

I'am Leo

I use my courage as my honor

I use my power when others do not have what it takes to be strong

I'am Leo

I use my wisdom to help others who has cloudy judgement

I'am not perfect nor great

I don't always make great decisions

But still

I'am Leo

Just Me And You '09'

It's just me saying how much i love you
It's just you saying i love you baby
It's just me saying i love you honey
My Angel
My Wifey
My Boo
It's you saying everyday how was my day
It's you saying how much you love me
My Baby
My Hubby
We have made it through the storms since day one
We never argue about anything
Yet we are still strong
So i write this to you and only you
Cause you my boo
So it's just me and you
I promise
I love you...Chaney

Look Back

I glance
She notice
I smile
She smile
We chat for a while
Laughter expose
Light turn to darkness
Our eyes connect
Passion fills the air
Skin touches skin
Silence
Darkness turns to light
Awake from slumber
What a dream.

Mistake

It wasn't suppose to be like this
Nor turn
Nor twist into a kiss
Looks can be deceiving
But lush temptations destroy the better part
The better part of having value
Instead now having to teach value to a younger
Mistake made too early

My Angel (Rap)

(Hook) And i wonder, do you know how i feel about you, and i wonder do you know how i think about you? do you? huh i do... i do...

I already know that you got me next to you and with that im gonna protect you against any odds of the world that should ever come to harm you but i know we share the same old fear the fear of ever losing one of another to anything tragic god please dont let it be fatal if so let me be an angel so i can look over my angel in my heart which shall never be torn apart.

(Hook)

Now i aint giving up on you cause my feelings wont ever let me and thats the truth my wings aint shot down so i know my dreams cant be denied and i know you know what i mean by dream cause thats you a cutie like you i couldnt lose not today nor tommorow i aint trying to reach for sorrow im trying to make f-a-l-l-e-n in love with you to true and thats how i feel

(Hook)

(and i wonder) five years ago i couldnt ever believe that me and you could have ever made it through the years and i know you shed to many tears and i regret that from my heart but we knew we could make it and on the other side was a better day than the start so now we can run away to any place and travel the world hand in hand cause you will always be my angel

My Mind (Rap)

(hook) No rules, where free is free, like i wanna be ya dig, no lockdown 24/7
only in my mind where you cant reach me

(verse 1) Everything you ever seen is what you always wanted but never could
touch what you couldnt pay for man that hurt when your pockets are hurt and
man that sucks when friends start looking like enemies but like they say who
could have ever known that we'll be back here in this room again like turning
through pages like driving making me go crazy and this 9 to 5 aint simple and it
aint working out for me so take me away where the heavens begins and i can be
free as i wanna be

(hook)

To define what life should of been, could of been instead of what it is alrerady is
just look back on your past maybe you should have saved your cash instead of
trying to be a high roller but instead you lost your wealth and now your in debt
(who cares) what the people say you, your own so act like it cause at the end
its just you and in the begining it was just you, all in your mind doing what you
wanna do

(hook)

Tell em this, that aint all, tell em this if you ever felt like the walls coming down
on you but you dont have a clue which way to go, go to your mind and
reminensce on them times that was more than a memory

Never Alone

When the one you love leave you

You are alone

When the person in the whole entire world you could depend on leaves

You are alone

When the odds look likes there against you

You stand alone

When your heart & mind has different reactions

You are alone

But.....

When you look deep within yourself

Your courage will bring u up like a mighty lion

Then you shall not be alone you are

One.

Not Enough But To Much

When a normal conversation turns twisted
When a simple harmless joke gets out of hand
Enough has been said
When friends think that they could loke without a harm
To much has happen
People try to be in control of your words
Enough has happen
But
When you let them run over you
You have said to little
When is the time
What is the volume
How to speak
When to speak
Enough of doing nothing
Time to listen

Antwan Graham

Past, Present, Future

My past is full of trouble
My present is filled with wisdom
My future is very uncertain
Which way do i go
Who should i listen to
My past has answers
My present seek questions
My future uncertain
Who am i
Who are they
What do you want
My past
My Present
My future
My life
Yet i don't know my future
But i hope i thrive on what i have learned
And what i have learned is what will make me survive
Life

Sorry

Verse 1 - For every time you had to go to sleep alone, for every time i tried to rush you off the phone, for every time i said something to make you cry now that, that is all said and done i can't deny i'm sorry so sorry for anything for anything i might have done

Chorus - It's all said and done and now i'm sorry for what i've done to you girl, to you

Verse 2 - I'm sorry i never meant to hurt the one i loved and i'm sorry that the best laid plans sometimes fall through and i apologize to you for anything i might've of done wrong girl i'm sorry for all the times i lied straight to your face and you knew

Chorus - I'm sorry for all the bad times i put you through, baby if i could change time baby i would be so much better, so better

Verse 3 - When discussions turned into arguments and how we'd fight i wish i could have you tonight to count all your tears it would be like standing in the rain, now we gone our seperate ways and i guess we'll never know what could happen

Antwan Graham

Sorry Pt.2

Your words were true
You was serious
My actions toward you were immature
So my actions let you break away
You rather be my friend
I'd rather be more
But more was yesterdays away
You ask of me to move along
I refused
You ask of me to move along
I did
To rush to your aide as your friend than being an ex
My tongue is bitter as well as my heart
But my mind can't let my tongue destroy what i have left of you
Sorry
Sorry
And this conclude my part2

This Me (Rap)

(Hook) Man this me, this me, this me, and thats how its gonna straight up this
is how im goona be, straight up just me
why everybody want to be a judge when they be judge by society man its a trip
not getting notice when my presence dont exist but to exist is to be alive so am i
alive? like bonnie and clyde i want to survive and fly and never come back to this
world of hell so thats what i say when times get hard, i aint measuring my time
until my name blow up like fireworks in july (ya dig) or something major like cnn
news live thats how i want my shows to be

(Hook)

When people see me they can say they know me but they just know the name
but not the man behind the name so i say you play games like m.j but them
chiks got games but i aint insane i aint after brain im looking for that ring that
fits like a glass slipper so call me insane that i waste my time on them when
them dont care about me whatever, whatever, whatever say what you please
say what you please until your heart bleeds

(Hook)

Neither he or she can say it like i say her name so soft as pillow, she keep out of
society storm so i know she the one like obama could be the one 'say what' man
you aint feeling me like ray and his piano but i got my ray of sunshine that cant
be declined and that be reyna all the time so shine on like the star you is and
then you'll be a superstar can you believe? can you believe? this hype aint over
and if you thought it was then you is over i could be anyplace in this world but
i'am here waiting for you to realize who am i and i gotta say that im better than
any lucky charm of a lucky charm cause im me...dj twan

To Love

To love someone isn't to like
To love is to protect
To love someone it must be true
No looks
No difference
To love someone is to care about them
To love someone isn't a maybe or maybe not
No looks
No difference
To love
To love
Four simple letters can not be underestimated
Nor said for personal use
To love someone
You must give all what you got in your heart and not whats in your pocket.

Antwan Graham

To You

You say the future is unclear
I say the future is certain
You say you can't look back at the past
I say the past is our hardship
You ask do i forgive you?
I ask do you forgive me?
You say you committed wrongs
I say it wasn't you, it was all on me
You say you love me
I say i love you too
Some say love never finds another
I say they are wrong!
Some say sweet hearts can't exist
I say they are wrong!
Why? is what they ask me
I reply that years make tears and laughs
They say i'm not in love with you
I say i'am
They say let you go
I reply NO! !
Why? they ask
I say you are the love of my life
They ask who
I say you
They ask who is you?
I reply the one who is always next to me and who got
my heart.
And that is you...
...Always

Trust

To trust someone means you trust them with your life

To trust someone is based on your clarity of judgement

To trust is to believe that the person has you 100%

To trust

To trust

Who could you trust in your greatest moment in need?

Who will be worthy of having your trust?

Will you be able to confide your trust among certain people?

*Advice - Put your trust in a person who isn't a backstabber, liar, thief, gossip, negative influence, pressured person. Think before you act

Unknown

What is time?

What is life?

Do you love your life?

Do you feel content with your life?

Do you lead by example?

Or do you follow evil hearts with no faces?

Is this life of one or life by others?

'Who cares' is the attitude of today society

Give up and give in is the idea of teens who feel alone

Why?

Three letters that has a definite unknown answer

Speechless is what you get

but an answer is not heard

The truth is never heard

Simple, love you, love others,

Simple, live for life, live for your future

Simple, live on your ideas not others

Simple but always unknown

Who Are You

Do your name make you who you are
Do the things you are into make you
Do the people who you hang with you make you
Do the things you say make you
Do the clothes you wear make you
Do your actions make you
Do the positive or negative things you might do make you
what make you who you are?

Think about what make you who you are and then write it down and post it or
leave it on my comment s Antwan

Why Argue?

Yelling

Screaming

Shouting

Shreiks

Argue not

Aggressiveness brings nothing to help

Only to worsen the blow by insult of words

Yelling

Screaming

Shouting

Shreiks

Argue not

Silent is peacefull but silence is dead

People say things but they don't listen when they speak

Do they mean every word?

Maybe

Maybe not

Arguing is pointless

Word Of Advice - Summary From Twan

Stay above the water it is possible to slip far from the shore line but eventually you will find your way back. Never let people hold you back from your goals in life and by god let them be postive also if you let people or friends hold you. You will never have a chance in life to live a life that you dreamed of having so be comitted to what you start. Once you start quitting it becomes a habit that sometimes become unbreakable. So please stay on track and do whats best for you
