Gorilla

A giant gorilla came to tea who ever asked him it wasn't me he came in through the kitchen wall it took 6 chairs to seat him all he drank his tea straight from the pot and sandwiches he ate the lot!

He poked the jellies to make them wobble then swallowed it in just one gobble all that remained on the plate was the cake there was nothing else for him to take

After he'd eaten I showed him the door and hoped he go there was no more instead he ate the door as well except for the knocker and the bell after that he decided to go who invited him I just don't know!
