## 143 (I Love U)

I try my best 2 tell u how I  
feel 2 the best of my abilities  
But no matter wat I say  
No words seem 2 b satisfing  
I've tried 2 sing  
I've tried giving flowers  
Anyet nothing seemed 2 mean a thing  
Everything seemed so plain n boring  
Just lacking power  
So I've decided 2 say it in a rare way  
4 my rare queen  
143  
N I love u is wat these numbers mean

Apollo Chandler

## 2 Music

Its amazin' how u take  
me 2 outter space  
U can make people feel  
complete ecstasy without them  
seein' ur face  
The way u caress r ears  
U relieve us of all pain, suffering,  
and fear  
The nearer u come  
the better we feel  
the only thing we need 2 do is  
listen  
N all of those sicc will b healed

Apollo Chandler

## 4 U (4 My row)

There is alot of things that  
I would do 4 u  
I'll give up all of my old habbits  
Just 2 show u that my love is true  
4 u I will 4ever give up bangin'  
a gang  
U will always come first so everything  
else don't mean a thing  
I'll quit the pimpin'  
I'll quit the tricks  
I'll do it all just cuz with u  
I've never had a love like this

## A Prayer (Pt.1)

Dear Heavenly Father  
you have blessed me tremendously  
And I thank you for all of these  
opportunities  
Watching over me and keeping me  
from harm  
God you are almighty and your  
strength keeps me going on  
You take from me to help me learn  
And in return  
You've given me numerous talents  
And so I thank you again for  
restoring my balance  
As my days draw to an end  
The last thing I may have to  
beg of you is to forgive me of my sin

And in Jesus name I will forever pray A-men

Apollo Chandler

## A Prayer (Pt.2) The Soilder

Dear Heavenly Father  
As the sun sets I come out for  
our nightly talk  
To discuss the decisions I shall make  
in the streets that I stalk  
I am far from a bad guy-gangsta  
And in lacking this characteristic  
I would like to thank ya  
But in this game of survival  
the actions that I will fulfill  
will be the most vile  
Please do guide me just  
so that my spirit will continue  
to grow bright  
Strong I may be  
But I am but a soldier  
And with your help may I become  
your steadfast boulder

In Jesus name I shall forever pray....Amen

Apollo Chandler

## A Prayer (Pt.3) The Helper

Dear Heavenly Father,

today I would like to thank you

for letting me help another.

The joy I have brought to this person

introduced my heart to a feeling so warm,

I cant help but to be blissful.

Its as thoughmy words to others

is a spirit streghtening charm.

I can only hope that this

gift may continue

So that those who are starved

may devoure what they need

on my poetic menu.

But now, on on a more personal note

I pray that I can overcome

what I need along with more than I can

For with this ability I know that I will

be the best man that I AM.

Apollo Chandler

## A Prayer (Pt.4) -Showing Appreciation

Dear Spiritual Father,

I would like to start off by apologizing

for not talking to you unless Im depressed.

On a more positive note

as a man, within myself I see progress.

Thank you because you have given me

what I have prayed for all of these years-

WISDOM.

In my traveling I have uptained that....

and then some.

In the liquid I have shed

both crimson and clear

I continue to THRIVE.

For not learning from yesterday is my biggest fear.

FOREVER will I fight to do what is fit for me

and I WILL show all that I am more than just PHATIER,

but the PRODIGY!

Again I thank you for the talents

Again I thank you for the balance

And again I thank you for the UNLIMITED STRENGTH

I could careless as to how I put it....

in YOU I will FOREVER have faith.

~ITS TIME~

## A Prayer (Pt.5) Guidance From Above

Dear Heavenly Father,  
the most resent of tasks  
were the most alien.  
I can't help but to stress;  
Im so scared of failing  
Bailing out will never be a choice  
I need your volume  
So that my actions will have  
a louder voice.  
Please help my vision  
become more space bound.  
I need you to lift me up,  
Im in need of your strength  
I am too tired of being down  
Time is my only enemy.  
With my raging war against  
an unstopable element  
It feels as though everyones against me.  
Please make me vibrant  
Shine bright like the sun.  
It is this reason why I pray to you  
for your name is compared to none.

Apollo Chandler

## A Prayer (Pt.6) For The Religiously Confused

Dear Spiritual Father  
Im beyond the point of confusion  
Its like no matter what decision I make  
I'm the one losin'.  
Each step closer to religion  
is a closer step to insanity.  
Friends and family,  
they pick Christianity.  
Family and friends,  
the pick the side of the Musilum.  
Both wants me to be the same,  
so what's the point in choosin' any of them?  
Some call you Jesus.  
Some call you Allah.  
Being as pure as you are  
the only title you should have  
is father.  
That is if you were to have  
an Earthly name.  
I myself don't want anything  
to do with religion.  
As long as I believe in what's pure  
what will be the point in changin'?  
In this I pray,  
that insanity won't have my heart to claim;  
I am but A-man

Apollo Chandler

## A Prayer (Pt.8) Time 4 Bed

Now I lay you  
Down to sleep  
I pray to God  
My child to keep  
May she rise  
To learn and play  
Protected in my heart  
She will forever stay

A-Man

## Apollo (Behind The Name)

Apollo(n) Greek Myth.- god of prophecy, music, medicine, & poetry

Though I am far from a godly figure  
My poems r known 2 b like medicine  
4 those who r weaker  
4 my friends I can give n promise them a favorable  
prophecy  
N my music is the kind that'll calm ur mind  
n rocc ur body

Apollo Chandler

# Beauty

Such an image shinning so bright  
u can only b compared 2 the sun  
Ur angelic figure is so obviously  
compared 2 non dear woman  
I must not continuously  
have u in my sight  
But also by my side  
I am blinded by ur beauty  
N I need u 2 b my guide  
Please guide me right  
N I will do right 2ward u  
U say u have had horrible ex's  
Well let me help u 4get, n I'll do  
all the things ur ex's wouldn't do

Apollo Chandler

# Beauty & The Gee

She likes calm settings  
and the smell of daisies  
I like to lose my mind  
and act all crazy

She has her mind together  
and is ready to settle down  
Im head over heels in my own drama  
and Im sure that I will drown

She wants kids  
and is trying to improve the way she live  
Not me though  
Im stuck with my life in a twist

We're also different  
an yet our emotions are the same  
And in that I hope that she has  
the power to help me change

Apollo Chandler

# Black Tears

This is 4 the people who had  
cryies unheard  
Cryin uncontrolablly in the room  
2 wake up wit wrecked nerves  
This is 4 the tears that r pass sour  
Afraid 2 say wat its really like-  
an emotional coward  
It's time 2 let loose of the  
pain n sorrow that u hold in ur eyes  
Relieve urself now  
Don't say that u can't if u've never tried

Apollo Chandler

# Brain Stormin

I wana write somethin down  
but at da moment I cant think  
Contemplatin so hard  
Im starin at dis page n i cant blink  
Its funny how I have so much on my chest  
dat I cant let it goso dat I can put myself 2 rest  
TAKE YA TIME  
is da words echoin through my head  
TAKE YA TIME  
Ima try, but waistin time is 1 of da  
many things dat I dread

Apollo Chandler

# Can U Help Me

Can u help my heart grow  
So that I can love the right way  
Can u insist me in 2 the right path  
So that its ur side I will 4ever stay  
Can u guide me farther in 2 the  
walk way of rightousness  
So that I can b a better man  
Can u help me clear my mind  
So that I can better understand.  
So that I can understand the consept of love  
and complete are bound  
that is beyond tough.

Apollo Chandler

# Confusion

I ask u wat's the matter  
N 2 my surprise nothing is ur  
answer  
With a questionable look on ur face  
I know there's something wrong  
So I can't help but 2 ponder  
the situation all day long  
Not knowin' wat 2 do or wat move  
I should take  
I know is that I'ma have ur  
side till that boundry fade

Apollo Chandler

# Dearest Friend

This I am for you  
my dearest friend  
I let you know that I will  
forever be there for you 'til the very end  
Though you may push me away  
and keep me distant  
I'm here to let you know that  
friendship is strong  
and I'm still present

Apollo Chandler

## Favorite (@&Lt;3unickiminaj)

A lot's been said  
2 have you experienced  
But I wana go in smooth  
And make nerves tense.  
In a sense act professionally  
Reckless  
Got the porn message  
Parenthesis semi-colon  
Hard words spoken  
Token in  
Let's play 4 life  
And let me be Pac-Man  
Not that man  
But this man  
Make you say  
'Damn that was D BEST MAN! ! ! !'  
Have a sweaty hell  
And have ya say hot damn  
He jus gotta meet da fam.....

Apollo Chandler

## Fend 4 Self

It seems dat I'm all alone  
in a dark corner  
People say that they have my  
side  
But yet I still feel like a  
loney goner  
So 2 hell with the false hope  
and all of the lies  
So 4 now on I shall fend 4  
myself and myself alone  
'Til the day of my demise

Apollo Chandler

# Forgetting The 4given

There's but so many times  
I can be 4given.  
Then in2 the cold the heart  
You once had had been un4givenly driven.  
I 4gave your 'I'm sorry'  
But still am haunted by the action.  
As though I'm reliving a nightmare  
The same 'I'm sorry' keeps on happening.  
Now the face of the nightmare I 4gave  
Is the face of a relationship I will soon  
Be 4getting.  
And 2 teach you something.  
This is how you put words in2 action.  
I've 4gotten you  
And 4gave your backstabbing.

Apollo Chandler

# How Do I Say

How do I say my emotions 2 u  
How do I say that I want 2 b there  
n help u wit wat ever ur goin' through  
How do I say that I want 2 b real  
How do I say that I'm crazy 4 u  
Crazy was, crazy still  
Until the end of time  
I won't know how 2 say this  
so I'll ay it like this  
I love u wit all my heart  
n I want u 2 b mine

Apollo Chandler

# How Its Gona Be

Tired of the stupidity,  
And am as equally sick  
Of the ignorance.  
The combination of the 2  
Have fucked my nerves  
And in these words  
I describe how they've  
made me tense.  
Stop pretending that  
You know  
And act as if you  
Want 2 learn.  
So if I may come off  
Disrespectful  
Is because it's not  
2 be given, but earned.  
Now this nice guy had  
A face reconstructed  
And IS GOING 2  
Finish 1st.  
So stooping down  
Is what he's done with  
You may down some  
Vinegar  
You cheatin' fakes  
And be lucky 2 be last  
4 when I say 'Limitless'  
I plan 2 accomplish what it takes  
As Y.P.C.  
I grew tired and sick  
But now as P.C.G.  
I'm Solomon wise  
And Sampson fit.

Note: God made a PLAN,  
We are meant 2 set GOALS.

## Igno-American (2/2/15)

Starting out in dominance  
We devolved in2 just a color.  
From the darkest of shades  
We then became objects that took orders.  
Negros in2 niggers,  
Niggers in2 African-Amerricans  
But not once have the number of us,  
Have seen the motherland.  
In the hands of those that have  
Carved our language;  
The word that had so vividly described us  
Was watered down to broaden damage.  
Now nigger is 2 ignorant,  
As nigga is 2 brother.  
So my ignorant sibling,  
What can we do 2 help 1 another.

Apollo Chandler

# In My Arms

In my arms I'll keep u  
out of the rain  
In my arms my love  
will never change  
Holdin' u close 2 my heart  
I will keep u from harm  
Holdin' u this close we can get  
through any storm  
that I will 4ever know.  
r love is equal  
N that there is no obstacle we can't get through

Apollo Chandler

## In Pen

As long as I've been writtin'  
I would usually write in pencil  
Since my thoughts weren't permanent  
this seemed 2 b the right utencil  
Contemplating on which tools  
I should use  
I don't think that my heart, mind n  
soul can handle my thoughts individually,  
I'm usin' my all n puttin' my all in equally

Apollo Chandler

# Inner Warrior

Cuttin' through my obsticales  
my sword is sharp  
Blood of a lion in my veins  
you can hear the fierce drum in my heart  
More strength than any muscle car  
my head is like an open jar  
But don't call me a Jar head  
Goin' live my whole life  
how do you define dead?  
Dread my old wounds  
Live by the gun,  
Die by the gun  
Don't wanna sleep too soon  
I'm a young ninja  
can't see my tears  
or my fears  
throwing my stars  
everything's so crystal clear  
See through any camouflage  
I stay on the ball  
So you should get out of dodge.  
I gotta fight  
Gotta make sure the Nation's right.  
I'll die for mine  
For them I shine  
Opponents get ready-  
Because the time is mine!

Apollo Chandler

# Last Hours Of The Day

I can see it in your eyes  
has a long day  
Let me help you unwind  
And make you feel a special way  
saying you don't need this is an  
obvious lie  
Come closer to me and I'll  
show you why  
I'll show you why the last hours of  
the day are the best of times.  
This is when I love you from now on  
'til the sun starts to shine

Apollo Chandler

# Lost

I'm lost on this path  
Don't know where 2 go next  
I'm tryin' my best 2 do good  
Tryin' 2 get my life in checc  
Wreccin' my mind  
Like how the hell I get myself  
in 2 this mess  
Focusin' 2 long as 2 how I'ma b  
a sucess  
Stressin' myself cuz I want  
2 b the best  
Don't want any limitations  
So I always put my limits 2 the test  
Yes, I am simply lost  
by myself with no where 2 go

Apollo Chandler

## Love (Word Abuse)

This word flows from r lips more  
than it should.

The time when we mean it  
we never could!

Hurtin' some1 without much cuase  
Until u find that some1 that would  
soon b 4ever lost.

Apollo Chandler

## M.E. (Mental Exercise)

Thoughts overwhelmed  
by the future and unknown.  
Only that what lies ahead stresses me,  
you can tell by my tone.  
Year after year,  
I end up in the same place.  
Thus far I have accomplished  
so so many tasks put in front of my face.  
This life of misery  
is no longer bothersome.  
An yet, it's leaning more  
towards boredom.  
Up, down.  
down, up.  
So far I've looked to  
strangers for comfort and trust.  
Now why shouldn't I accept candy  
from he or she  
that is the most handy?  
Confused by my logic  
people have suggested suicide.  
I'm not gonna lie-  
so have I.  
But besides my boldness and pride  
I can't be that selfish  
for there are others I need to  
mentally and spiritually provide.  
Is this a trait  
of a true man?  
Most can't fathom  
But with the right exercise.  
I will be the best that I can be.

Apollo Chandler

## M.O.E. (Money Over Everything)

I really could care less  
about anyone or anything else  
As long as I keep my head focused  
I'm sure that I won't fail  
They say money can't buy happiness  
They say money can't buy love  
this all may be true  
But money will keep me off of  
the streets  
And its this reason I can't  
get enough  
I can trust money to do  
what I want it to  
It's money that I can rely  
on to get me through what I  
want it to

Apollo Chandler

# Makin' Love

Let us not have sex  
but do something that's more settle  
I want 2 touch those sppots  
N make u melt like mettle  
As the temperature rise  
So does r love  
As I go deeper inside  
Verbally sayin I love u  
simply isn't enough  
Now the sky is the limit  
but I plan 2 take u higher  
Making limitless moves just 2  
Fulfill ur every desire  
Laying here close 2 me  
'til the sun rise I will  
satisfy all of ur fantisies

Apollo Chandler

# My Pen & Paper

My 2 closest friends  
I can tell u everything  
n kno dat u'll keep it  
'til thee end  
As I let da ink flow  
my emotions glow on da lines  
N its funny how it all started wen i 1st wrote  
my name  
Yea those were da good times  
N its through u 2 that I saw like da sun  
I can shine

Apollo Chandler

# Never B4

Never b4 have I met  
some1 like u.  
This is the 1st time I've  
met some1.2 help me 4get  
wat I'm goin' through.

Never b4 have I had an  
emotion such as this,  
just being by u blinds me  
with eternal bliss.

Never b4 have I gotten  
this close,  
never b4 have I decided  
2 luv u the most.

Apollo Chandler

# Revenge

I bet u think dat I 4got wat  
u did 2 me!  
But now Ima play carma  
N put a end 2 u  
n all of dat nonsense drama  
U aint gotta catch on  
cuz its my special surprise  
from me 2 u  
2 end u n da earths bond  
I told u not 2 try me  
an yet u refused 2 listen.  
now ya stuck dying  
flying where eva u belong  
cuz u tripped ova my song  
Dis song dat'll neva end  
Dis song of REVENGE!

Apollo Chandler

# Rushin'

They say I'm 2 young  
N that I should slow down.  
Thinkin I know it all!  
I simply ignore the sound  
dilect n swag is n can b  
compared 2 that of a grown man.  
Now the only thing I need  
is support, space, and 4 them 2 understand!  
I am smarter than u think I am.  
It's this reason why I must  
show them.  
I must show them that I am  
better off.  
I must show them that I as an individual  
and have a cause.

Apollo Chandler

# Shooter

Not really carrin' bout the consiquence.  
I'm livin' 4 2day n 2day only.  
I'm focused on the present tence.  
This sensation flowin' through me  
like a deseace.  
Pow, Pow! ! ! !  
Like that ur deceased  
Increasin' my power.  
The shots get louder.  
I'ma young 'G' kid known 2  
turn niggahz in 2 powder.  
Get ready 4 dis acid shower  
as ur skin burns away.  
i make u disapear  
decay.  
They call me da faker slayer  
n i ride by wavin at all u wanna beez  
n haters.  
I thought I told u....IMA SHOOTER! ! ! !

Apollo Chandler

# Sick Obsession

Material items seem to be  
on top of everyones list  
As if getting what ever you want  
will give you eternal bliss  
The richest of individuals  
are sickest at heart  
Everyone knows this  
an yet still we focus on how much  
we get into a shopping cart  
Crack may be the most deadliest of drugs  
but money is for the most desperate of fein  
now, as you read this you may disagree  
but as soon as you accomplish your goals in life  
you will know what I mean

Apollo Chandler

# Slumber Of An Angel (Hard Times)

The last breathe was  
concluded into a sigh  
Her eyes are forever drawn  
close  
Hush for she is sleeping  
though we grieve over  
her demise  
She is in a better place  
where she is needed the most  
To some the sacrifice  
was futile  
but for us the pain hurts all the while  
May our Angel R.I.P.  
Because now she slumbers  
with the most elite dynasty\*\*\*\*

Apollo Chandler

## Special Chemical (The Anti-Biotic)

A drizzle of this  
and the dropp of that  
takin you in heals all of my wounds  
and thats a fact.

Like an in haler  
your there to help me take my next breathe  
Your my red bull.  
you give me strength when i have none left.

I'd rather over dose  
then die in your love.  
I want you on a daily basis  
just because I can't get enough.

Like an injection  
I want you in my arms.  
As you run through my veins,  
I know that you as my medicine work like a charm.

Apollo Chandler

## Special Chemical (The Venom)

You were the worst of drugs  
insulting crack-cocaine,  
all I did was hit it once  
and you drove me insane.

Just like the smoke I inhale  
I made you a part of my life!  
You had me feelin so high,  
I considered in taking you as my wife.

I let you get skin deep  
I could of called you heroin  
Its about time I move on to a different drug!  
when it comes to this session its time for the end.

Apollo Chandler

# The Final Chapter Of Depression

After all of the torment  
every inch of the pain and suffering  
will now come to an end.  
Now I know what I am capable of,  
and I have the ability to strengthen.  
It is now time for me to move forward  
and continue my journey.  
I will now stand tall and conquer  
all of the tasks in front of me.  
Without the help of my mother,  
and the absence of my father,  
I have come to raise myself into a respectable man.  
And as now I will start in unfolding the worlds demand.

Special shout outs to all of my brothers, sisters, cousins, uncles, and especially  
my grandmother Ethel Branch for being there when I had no one.....I LOVE YALL!  
!!!!!!

Apollo Chandler

# The Lies You Tell

Blinded by your deceit  
you made me oblivious in every way  
You told me that you'd have my back  
so it was a surprise when I found out  
that you led me astray  
You pretended to be my friend and said that  
we were close allies  
But instead you choked me with your words  
and killed me with your lies  
This was an ambush not even  
the greatest generals could have foreseen  
And so now I'm caught in your web of lies  
and only the truth can set me free

Apollo Chandler

# The Mask Of Agony

Its time for me 2 let it out  
fuss and shout outside versus in  
show my tears through  
this fake ass grin  
Twist and turn in the pain  
like a pig in mud  
how often must I shed blood?  
To hell with this uncensored pain  
like those porno movies  
Though I talk to you  
you will never know what's been killin me.

Apollo Chandler

# Timeless Love

As the years go by  
I reminisce about the times we had shared  
The image of you echoes through my mind  
along with your love so fare  
My desire to be with you grows  
every time my heart beats  
And as I speak your name  
it's like a sigh of relief

Believe it or not  
you had my soul from the start  
And please do trust when I say  
that I will forever have your side  
till death do we part

These years with you was more than heaven  
though we have experienced hell  
An yet no matter the cause was  
you made sure as a father and husband  
I never fell

Apollo Chandler

# Times Up

It's about time I'm 2 b  
considered a man

Ticc

It's almost time 4 me 2 face  
the worlds demand

Tocc

The hour hand is movin without  
much remorse

Ticc

No matter how hard I try 2 slow  
down time it always seem 2 stay on  
course

# Welcome 2 My Babylon

Emincely amazed 2 have made it  
dis far  
Almost 20 n Im still an emotional  
retard  
It feels as though Im stuck in an  
eternal Babylon  
Wit da city plus da world on my shoulderz  
wen I alone weigh a ton  
My sisters tell me not 2 b  
superman  
An yet da troubles of othaz alwayz  
seem 2 seep in2 my handz  
As da king of dis city I have back  
breaking pain  
I dare not buckle  
Showin an ounce of weakness  
will drive me insane  
My girl is da only 1  
ta keep me tamed  
Fame is da least of my worries  
All I would like is 2 tell my story  
Tell my story n caution u  
of da time  
Cuz its time 4 me 2 welcome u 2 my BABYLON! ! ! !

# X-Ray Vision

I can see right through ur  
deceitful actions  
Ur tryin 2 hold me back from my  
plan 2 fulfill my satisfaction  
U say wat I want 2 hear tryin  
2 get closer  
But u don't realize that I know  
wat ur tryin 2 do  
Ur tryin 2 get close then  
f\*ck me over  
This game of deceit was fun while  
it lasted  
But the thing is I've caught u  
u back stabbin deceitful bast^rd
