## Ayi VVC()

Hi, my name is Aileen. I'm a registered nurse. I'm the eldest of the family. I love dancing, poem-writing, swimming and more.

Since elementary, aside from dancing, poem-writing really have been one of my passion. Unfortunately, the very first poem I had, which gave me the first prize in an on-the-spot writing contest in my school was not in my hand now, I don't know where it is now, that's the saddest part in my poem-writing career.

# Best Creation (2002)

God had felt lonely in his world  
So he made these creations  
On the first day  
He had created night and day

On the second day  
God created land and water  
On the third day  
He created the plants and trees

On the fourth day  
God created sun, moon and stars  
On the fifth day  
He created the animals

On the sixth day  
God had created the human  
He created it through his image  
That's why human, the BEST CREATION ever made

# Cbc: My One And Only (2006)

CBC my one and only  
The school that loved me so dearly  
I formed here childhood memories  
Together with my victories

An institution that excels  
Through my experiences it tells  
No one can stop this from training  
Cause this school is very caring

I'll never forget CBC  
Even though I would get crazy  
It's where foundation is the best  
I owe from them all my success

I wrote this for my alma mater in elementary.....

# Hearts And The Moon (2002)

Don't you know since the day I have met you  
My mind and heart do not know what to do  
I would always think of you day and night  
I'm scared you'll be ever out of my sight

Every evening I would watch the moon shine  
It always scares me when I see it bright  
Cause soon you'll leave and hoping you'll be fine  
When we departed still love will shine bright

True love for you will never end  
Cause I know that your heart beats to me too  
Our promise of our love will not be bend  
Forever I'll always be true to you

## Lovestruck (2005)

You were a boy when I was a girl  
Both living in the islands of pearl  
Looking for love from God the father  
'Til we both see and found each other

Every time that you're looking at me  
A melting ice cream I seem to be  
You said I'm a rose without a thorn  
To shower you love so I was born

When I had you, my life became cool  
And so I thank you hundred times full  
I surely be always there for you  
Everytime you'll be needing me too

All we need is love for each other  
Don't you worry nothing would bother  
This feeling we have for each other  
God is with us till end forever

# My Dearest Plp (2006)

A college of good quality and excellence  
That's what we PLP students can really sense  
And because they've shared to all of us the courage  
We knew we could achieve success from this college

This place is full of unforgettable moments  
Though some are sorrow times but most are enjoyments  
We'll just be here to support this one of a kind  
This college where only in Pasig you can find

I wrote this for my alma mater in college.....

## My Treasures (2002)

You know what, when I was still a baby, Mommy loves me from the time I was born

Smiling beside is Dad who's full of joy  
They're always looking at me until morn  
And when I'm crying they give me a toy

And now that I'm a matured teenager,  
Mommy is very proud that I am bright  
And there is my Daddy to be my help  
They are always like bulbs that give me light  
And that gives me time just to be myself

How 'bout when I became now an adult,  
I just would hope and wish they are still there  
'Coz I want to take care of them for sure  
For me they are the best parents ever  
And I'll always treat them as my treasure

# Rhs Oh Wow! (2002)

Rizal High oh wow!  
Hundred years old now  
Teachers until now  
Excellent somehow

Be proud we are here  
Overcome your fear  
Success is so near  
Give yourself a cheer

Thanked hero Rizal  
Who inspired us all  
Lead the way to this school  
To be successful

I wrote this one for my alma mater in high school.....

# The Best Things In Life (2008)

Did you know that the best things in life are for free?  
Would you agree onto this or would disagree?  
You will not believe on it unless you will see  
Then experience it and go through it with real glee

You do not need money to be always happy  
Just like dreaming of something you would like to be  
It is satisfying though only in dreams you can see  
Where your wishes will be granted and be merry

Being with loved ones, something you should be jolly  
You'll never know if they'll still be with you daily  
They're priceless possessions received from God dearly  
Must be cherished for they are here very lively

It is uplifting helping others heartily  
They and not only you will also be cheery  
God will be glad of you and he surely would be  
'Coz little deeds are rewarding definitely

Now you know that the best things in life are for free  
You must then treasure it for you are so lucky  
That you are experiencing all these things freely  
We don't know if best things will forever be free

# True Friend (2002)

It's true everybody has a friend  
Who will never leave them up to the end  
These friends just would always look for good ways  
So they can be of help to you always

A true friend will never be a traitor  
Instead they would and can be your savior  
He'll always keep you away from danger  
And bring you in a place that is safer

This friend will just be ever nice and kind  
These helpful ones that at times you will find  
They would show that for you they truly care  
As what you see it's all through what they share  
Who are they? Nobody else, our TRUE FRIEND

# Valentine's Day (2002)

Do you know who is Valentine?  
He is the patron saint of love  
It is love that should ever shine  
With peace symbolized by a dove

Valentine's Day is every year  
Every fourteenth of February  
It's for our parents and friends dear  
And for lovers too certainly

But remember that everyday is Valentine's Day
