# I Love You

I Love You...

I will always love you,  
Even though are not here.  
You will always be in my heart,  
And you will stay there.  
I'm waiting for the day,  
Where you can finally be,  
Back in my arms.  
I miss holding you,  
In my arms at night.  
Without you laying there,  
Next to me doesn't feel the same.  
I can not sleep without you,  
It just doesn't feel right,  
I miss your touch,  
I miss your warmth.  
I miss everything about you,  
Thats just not fair.  
I need you here,  
Back with me.  
So i can only hope,  
You come back.  
Cause i need you here,  
With me.

# Me And You

Me and you

I feel for you  
Like i feel for  
No one else

You are special  
You are everything to me  
You are my number one

I want you by my side  
For forever and always

You are my girl  
And no one elses

Your sweet amazing voice  
Your cute smile  
Your cute laugh

These things make me  
Fall for you  
More and more  
Each and everyday

Megan you are  
The only girl  
For me

I LOVE YOU

# Monster!

Monster, you were only 15 years old,  
You had so much to live for,  
Why did you have to go,  
None of us were ready to lose you,  
Life just wont be the same,  
No one likes the fat youre gone,  
It seems like yesterday,  
You got in that fight,  
With two blonde b\*\*ches,  
And I had your back,  
I get in a fight that same day,  
An you had my back,  
Breaks my heart youre not here,  
All I can do is,  
Remember the days,  
We laughed so hard we cried,  
I dont understand why,  
You were taken away so young,  
Last thing I said to you the day you died,  
'Shaunte' see you tomorrow'  
Your reply 'Yup'  
Night of your viewing,  
Before I left,  
I put my hand on yours,  
Whispered in your ear,  
'I Love You'  
Then kissed your forehead,  
It was the hardest thing,  
I ever had to do,  
I never cried so much in my life,  
The whole night I hoped it was just a dream,  
A bad dream,  
But I faced reality and realized,  
This is real,  
Even though I didnt want to.

MONSTER! , just know i love you.

# My Baby Girl

To my baby girl...  
I'm always gonna love you.  
Your always gonna be mine,  
I don't wanna share you with anyone.  
And i wont share you,  
I wanna keep you to myself.  
No matter what happens,  
Or what is said.

I can't imagine life without you,  
Cause im nothing without you.  
So remember whatever happens,  
I will always love you.

# My Sacred Place

My Sacred Place Has No Name  
I Got There To Escape My Shame  
And My Sorrow For Tomorrow  
Which Is Just Like Any Other Day

So I Close My Eyes  
Take Me Away  
To My Surprise  
I Feel Ok

Sometimes I Don't Feel  
Like A Disgrace  
But Its Always There  
WAITING  
And So For Today  
I'm Wanting To Die  
And Hating The World

And So I Must Say  
I Hope I Never  
See You Standing In  
My Sacred Place

## Next Time

Next time you touch my girl...  
I promise i will kill you  
You have no reason to hurt her  
Who do you think you are  
What did she do to you  
In order for you to beat her  
Sure she has done wrong  
But not anything for you to hurt her  
And if she did something that pissed you off  
YOU STILL HAD NO  
FUCKING REASON TO HURT HER  
But i will promise you this  
Next time you or any other guy  
Ever hurts her  
I will kill you

And thats all i have to say

# R.I.P Shaunte' Renae Burns

You may be gone  
But you will always  
Be in our hearts

We will cry and miss you  
We will not forget you

This doesn't happen  
To the people like us  
Atleast it shouldn't

We may be EMO  
We die our hair black  
And where a lot of black  
But the way we choose to live  
Shouldn't matter

Rest In Peace  
Shaunte' Raene Burns  
02/17/2009  
Shaunte' we will always love you

People suicide is not a joke  
I lost my best friend  
We grew up together  
We have been friends  
Since 3 years old  
Do not take someone who  
Says they are gonna commit suicide lightly  
Cause they really might

# Weird Feeling

I seem to get this weird feeling,  
It comes from somewhere inside.  
I become so hateful and angry,  
So i try to hide from everyone.

Most say that just the way i am,  
Others say i need antidepressants.  
But my thoughts and feeling,  
No one can understand.

I may be a psychopath,  
Or im just falling apart.  
The old me is now gone,  
Its has just disappeared.

I'm always on edge,  
And just want to be die.  
I feel like im dying inside,  
Then i just get upset.

All i need is help,  
This needs to go away.  
Someone, somehow,  
Just make it go away.

# You Came To Me

You came to me one day  
You asked me to forgive you  
You said this would never happen again  
You said you would be a better person  
You told the truth this time

You did not lie  
You became a better person  
You did not let it happen again  
You were also forgiven  
You still come to me everyday

Even though i should not trust you  
I Still do and why i don't know  
I'm just not the same without you  
i guess i need you around

# You Made Me This Way

i can not focus  
cause i have so many thoughts and emotions  
running through my head  
and its all because of you  
and right now you make me feel  
like i wanna give up just fall asleep  
and never wake up  
then i just wanna go away  
and never come back  
im trying to find the light  
that will guide me though this pain  
but i can never find the light
