Far Away

i wish you were here
by my side
i don't know
way
you are so far away
why did u have to go
u were only seventeen
i loved u with all my heart
u were the only brother i had in my life
i cried and cried
when they said u were gone
it hurts me so bad
that i didn't get to see u
in 5 years.
i miss u
i miss your smile
i miss your laugh
why did u have to go soooooooooooooo....
far away
RIP BIG BROTHER!!!!!!!!!!!!!!!!!!!!

I Want To Be More Than Friends

u smile
we talk
i think of you everyday
and every night
your very nice
and sweet
i want to be more than friends
we love music
i really like you but am to shy
to say it
were really close
but very apart
i see u alone
i start to worry
i want to be more than friends
why can't i be your baby girl
that there for you
when you see her
your happy
i want to be that person
i want to be your angel
your life
I WANT TO BE MORE THEN FRIENDS! ! ! ! ! ! !

Life Is Good

why do we like life
why do we live here
why should we stay here
is it because we want to
or is it that we are scared
life is like rain
life is like love
it will never go away
when we cry it hurts
when we laugh
we smile life is good
we go all around the world
to live life
to breath
to love
to stay
life is good
when your fallen for someone
u start to love
to laugh
life is good
when he's gone
u cry
and cry
ilove life
life is good
family is good
love is good
LIFE IS GOOD!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

One Day My Dream Will Come True

life is like a train
it will never stop
love is like a heart
that will never stop hurting inside
one day my dream will come true
i will never stop singing
i will never stop loving u
day and night
i will make it to the top
one day my dream will come true
life is so hard
so u have to make the best of it
love hurts but crying is the best
i love to sing
love to dance
one day my dream will come true
the truth hurts
but u will get over it
the one that your with
could be the one for life
one day i will make it
i will show the world who iam
like one day
and its real.....
MY DREAM WILL COME TRUE.....!!!!!!!!!!!!
