# At That Moment

At That Moment

When you looked into my eyes  
When you held my hand tight  
When you smiled so bright  
Time seemed to slow down... Time seemed to stop somehow,  
At that moment  
You moved closer to me, and I moved closer to you  
I felt the warmth of your lips, so soft, so beautiful  
As they gently touched mine  
At that moment in time  
I had dreamed and imagined of that moment  
Never knowing if it would be, could be, should be  
But now I know without fear  
That my dreams and my imagination  
Were like looking at A waterless tear  
like looking at a colorless photo so old  
A moonless night so dark and cold...  
Compared to the moment  
Your lips gently touched mine  
That beautiful moment in time,  
So amazing, So beautiful, So wonderful.  
If you could see a feeling,  
Oh the colors, the sounds you would see  
Of that very first moment  
Of that very first beautiful kiss  
What a beautiful gift, That beautiful first  
KISS

# Lost In Life Found In Love

Lost In Life Found In Love

When you find yourself lost and the world doesn't know your name.  
When you stand alone, who will save you, who will take the blame.  
When all things around you are with out meaning.  
And all you can do is think of dreaming  
Who will hold you when the lights go out?  
Who will be there when you want to shout?  
Who will be there when the stars fall from the sky?  
Who will put the fire out when you start to cry?  
When the sun grows silent and the noise blinds you with light.  
Who will be there to shield you from the night?  
When your heart is hurting and your blood is burning.  
When you feel no one understands,  
when your life keeps you in circles turning.  
I cross my heart and promise to,  
I will be there... I will be there for you.
