# Darkness

Restless rain  
Windows unsound  
One promise given  
No longer around

Vacant pillow  
Silent phone  
Eyes wide open  
One must atone

Ink on paper  
Thoughts must send  
Hopes all but lost  
My soul to ascend

# Dreaming

Heart deep  
Tears weep  
Legs weak  
Soul sleeps

Eyelids speak  
Darkness creeps  
Emptiness reaps  
Alcohol seaps

Light tweaks  
Memory seeks  
Future's bleak  
Endless peaks

# Lost

Gone and gone  
Drifting on clouds  
Lights seem faded  
Soul feel's shaded

Sleep always waves  
Lover's adrift  
On soft windless lips  
Somewhere in the abyss

Endless ships  
Regret to remiss  
Always adrift  
Memories of this...

# Redemption

Sweet dreams my love  
Fear you not may  
For hell I'm abound  
But not this day

For if he may ask  
What I've to say  
I shall but respond  
One price to pay

So pay it I shall  
But none to you  
Sins I have made  
We're but a few

Chain me you will  
Thoughts wount subside  
A promise once made  
Burns deep inside

# Restlessness

Night is long  
All alone  
My soul I fear  
To remain unknown

Hours to go  
Restless sleep  
Lonely soul  
Yours to keep

Moon shines bright  
Dreams amiss  
My bed I lay  
Endless night

Shadows creep  
Shadows crawl  
Awaiting  
My soul to fall..

# Soulless

Rainy days,  
Running late  
Wet keys  
Locked gate

Brief encounter  
Time and again  
Coldest of souls  
Often offend

Sleepless of hours  
Darkest of dawns  
Opening eyes  
Already gone

Soulless moon  
My only friend  
Day starts over  
Time and again
