Dayana Tenempaguay(06-01-1995)

Just a normal girl who likes to write poems :) In life I learn that even tho you make mistakes they make you stronger. Mistakes is something you learn from it gives you experience to not do those mistakes again. I do feel like there is second chances in life. Don't give up on something you want a goal to accomplish, because later on would be too late. I know there is something out there that would change my life completely. For the good benefit of course: your life as it is the last. I know you hear that before but it's true. YOLO to my dear people...

Beyond Those Eyes

Those eyes catch my gaze
My heart beats up quickly
I look at you and am in a paradise,
feeling happy you and me together
forever in a la-land world that will never end.

Book

Open the book
Open my life
Open my fears
and my timeline
that happens
in my teenage life.

Dark

Dark widows my soul
Rock I became with time
My heart pounding with anger
Escape exit is what I want
Lessons strengthened me
Memories haunts me
Knock to my door
Tears of river you would see
Sadness has won me
Where's the girl?
She is lost, trapped
No way out
You are better than that.
New doors would open and a
happy day thee would be.

Days Without You

Without you is painful. Suffering inside that kills me.
Thinking of you is my only memory left.
Hurt by the fact that I can't be with you anymore.
A phase everybody passed through and overcome it later on.
Your smile made my day. Your eyes that make me dream.
I fell in love and I suffered but it's time to move on.
I miss you and you will always be in my mind. But I have to move on.
Move on and be a happy girl that decided what's the best for me.

Hope

Convince me
Convince me
my heart is pounding
my pulse is beating
my fear is craving
and the anxiety of a better
new beginning of my life.

Dayana Tenempaguay

Light

Light to discover
Life to be appreciated
Love not my target
Aiming to the sadness
Wings that wants to fly
Rivers to purify me
Beyond those tears there is a soul
running like a Jaguar with fierce
and freedom to hunt the prey of
happiness.

Miracles

Daily bases

Daily routines

Daily my life

Miracles given

Happiness spreading

By the God's Power

That's happening in my life.

Share my spirits relive

this moments while I can.

Dayana Tenempaguay

No One

No one has ever been the one

No one has ever touched my heart

I just know that you are the one

Cause every time I see you in my mind.

Dayana Tenempaguay

Out Of Time

Short has been my life
Tears on my cheeks
Black that my heart is becoming
Hope is fading
Only a poem would exit
Pain that is killing me
Moments flying
A light that I want
Roads betrayed me
This would end and a new beginning
would be.

Dayana Tenempaguay

Pain

This pain won't go away
This pain is attached to me
Mistaken and still take it
Whoever confuse me of someone
who am not.

Stories

Stories to tell

Long paths to take

Mistakes you learn

It's choices you made

Don't give up on yourself

You're strong not a failure

Phases of life

Black and colors

Like a roller coaster

That has an end.

Dayana Tenempaguay

Timeless

Without a word of you

My life is a tragedy

Been with you is meant to be

Roses of colors

Rainbows of gray will always go away

Timeless is with you

My heart not a sin

Just a spark between you and me

That our love would last endlessly

Dayana Tenempaguay

Trapped

Rooms closed
Rooms trapped
A lonely place
Where I betray
those friends
that once were my friends.
Stay, stay
stay close to me
Make me proud
Make me happy
You are going to be fine
This phase would pass
And the remain of me will be free
forever and ever.

Dayana Tenempaguay

What Gives?

Not everything the same

And not ever would change

Memories in mind

Heart of past

Steps to take

A new chapter that starts all over again.

Dayana Tenempaguay

Whisper

Tell me a secret

Tell me your life

Tell me your mind

And i'll open my heart.
