I Don'T Know...

I don't know what to say
inside im all confused
i don't want to say anything
I don't want to hurt him
He's an awesome guy
and so far i've learned to move on with him
but yet i know i love him and all but not as much as i want to
i know i will get to that point soon enough
but why can't i really open my heart up to him?
why can't i love him as much as i've loved before?
Is it because im afraid to get hurt again?
But i know he won't do that he's diffrent he's...actually diffrent from other guys...
I don't know what to say or do...I don't know...i...i...don't...know...
anymore...

Love Is Nothing....

Love is nothing but a word said to someone
Love is nothing that can really be shown
Love is nothing that can be seen
Love is nothing that can be touched
Love is nothing that can be smelled
Love is nothing that can be tasted
Love is nothing but a word said to that special someone
Love is nothing until u make it something....
