Confusion

its confusing how you act like you love me

Its confusing when you tell me you care

Its confusing that when i need you the most you play the blame game

Its confusing that when i need you your never around

Its confusing that you don` t even trust me and yet i` ve done nothing to make you doubt me

Its confusing that when i call you you` r always busy

Its confusing that you don't trust me with anyone

Its confusing that no matter how hard i try you` r still the one with commitment issues

Its confusing that you say i` m new to being in a relationship but im the one claiming it the most

Its confusing that id trust you with my last breath

ITs confusing how That one night contained so much regret

And its really confusing how ironic my life turns out to be but the confusing part is none of this is confusing to me.

I Didn't Know You Loved Me

I thought you were angry with me

Liked you wanted nothing to do with me

It seemed like you did not want to talk to me at all

You did not want to hear my voice or even breath in the same air.

I knew it was just an argument and that it happens in relationships

I started to get scared like maybe, this is it and maybe we're done

So with that being said I tried to fix it

If only you knew how much your stares burned when you're mad.

I'm sorry I made an honest mistake

But fake crying crossed my mind but I did not acknowledge it.

I'm happy you love me because you forgave me for the stupid things I said to you.

And I didn't know you love me until now

I Hope You Love Me

You don` t have to love me but i hope you do.
Although time go`s past and i don`t feel the love that i` m giving you.
I don`t know if its just me but i would hope that you would.
I know..... I` m moving a little to fats but I can`t help it it`s like riding a roller
coaster that does` nt even exist
And I know I sound suicidally in love but honestly I am
And I don`t expect you to feel the way i feel but if you did that would just be the
cherry on top to why i feel the way I do
But I` m sorry for making you mad although
I don`t remember how I did
But I know you were my first and I want it to stay that way.
I wish you knew how hard it was to be in love by you` r self

Lazy

You said i`m holding a grudge but i`m too lazy to hold grudge towards you.

Maybe

Maybe I made it too easy for you that's probably why you don't care at times.
Maybe I knew that I was moving too fast to control my own instincts on what to do next.

One day we're on the same page and we talk about everything and share our secrets.

The next time I see you it's crazy because you know that I'm not in the right frame of mind but still you get mad at me for nothing I mean I got mad at you but really.

Even though I don't fall in love easily I fell totally in love with you.

I'm sorry you did not take a good reaction to it.
