## (h) Ours

Without you I feel unhappy, because the days are ours.  
All I can do,  
is count the hours  
and wait till I am with you.

eric swift

# A Flame

Set me in fire with your warm present,  
for just a moment.  
Touch my heart with a flame,  
it would feel the same.

eric swift

# A Friend

I just passed by as a friend.  
Now I wished you covered me like rain.  
Rain down on me till the end.  
Look what our love became.

eric swift

# A Trace Of Gladness

Words has a meaning, they tell.  
So has her face.  
Faces can speak so well, .  
From gladness I see no trace

eric swift

# A Warm Light

Your hair on my pillow makes me cry.

It's all I have from you right now, wishing for more tonight.

I can feel you next to me, in my dream I fly.

The candle reminds me of you, a warm light, burning bright.

eric swift

# A Waterfalls Of Tears

A waterfall,  
we've seen it all.  
A walk on sunshine,  
right beside you, your body close to mine.

eric swift

# Autumnsun

In the autumnsun later afternoon.  
I would be in your arms real soon.  
You came to me in November,  
a moment I will always remember.

eric swift

# Beating Heart

See how my heart is beating,  
makes my blood heating.

See how the heat is hurting and has taken me to the peak,  
where it makes me weak.

eric swift

# Dark Road

If the road is dark and long,  
and your eyes are crying where they don't belong.  
Turnaround if you're standing against the wall.  
I am loving you for such a long time, so there's no need to fall.

eric swift

# Don'T Cry

What's in the heart, is in the head.  
Don't cry yet.  
Save your tears for a later date  
and let them wait.

eric swift

# Endlessly

Someone like you,  
makes love true.  
A love between you and me,  
last endlessly.

eric swift

# Evening Sun

I lift up the evening sun,  
and count the stars, shining like a mystery  
and the colours of the rainbow, like it ones began.  
Reminds me of the history.

eric swift

# Everywhere I See You

Have I told you lately that I love you and that it feels so well.  
Have I told you lately that I miss you if you're not there.  
And that I can smell,  
and hear and see you everywhere?

eric swift

# Expect The Unexpected

I'll wait for you with or without your warm smile.  
I weight less than a feather, without you, for a while.  
I expect the unexpected.  
I except the unexcepted.

eric swift

# Future Days

When I wake up, my love, and the sunlight hits your face.  
I look at you, an impossible dream, shining bright.  
Let me dream on in future days,  
next to your sight.

eric swift

# Glowing Eyes

When I am looking in the lights of your eyes and see them glow.  
I am not feeling alone,  
because there's no darkness and there's no shadow.  
There's you and me on our own.

eric swift

# Her Smile

A Monalisa smile, that's what she has.  
I can paint her in colours and less,  
in black, white or gray.  
Every moment of the day.

eric swift

She's so fine,  
I am so glad she's mine.  
She is great,  
I wanna hold her, can't wait.

You, who I adore,

knowing you adore me to.

eric swift

# I Can Move A Mountain

I can move a mountain if your hand is in my hand.  
I can live forever, when I am alive.  
It looks I am not, don't understand.  
My heart is on a cloud, I look at the earth and dive.

eric swift

# I Hear Silence

You are a dream in which time stands still.  
Am I a dreamer or are you real, my dear.  
I love you untill,  
I only see darkness and there's only silence that I hear.

You take my breath away.  
You make me breathe again.

I give you this red rose that never,

It last forever,  
like my love, my whole life.

# Reflections Of My Tears

I'd rather go blind, can't you see,  
then to see you walk away again from me,  
with the reflections of my tears.  
Don't you see I still love you so much after all these years.

eric swift

# Shadows On The Wall

Your mind  
like reflections and shadows on the wall.  
Break it down and you'll find,  
you can do it all.

she has no one above her shining star.  
She lights up the sky, behind the universe.  
She's always with me, shining far.

Living colours, everywhere I see your face.

than to leave no trace.
