# Eve Anderson()

I've written poetry since i was 13 years old, I continue to write poetry daily. It's 1 of my biggest passions!

# A Bald Eagle

A Bald Eagle  
So big and proud  
As it flies up by the clouds  
Sitting in a tree  
All comfy and free  
Such a distinct eye  
To use as it flies  
Wings spread out  
With no fear of doubt

Eve Anderson

# A Butterfly

So quiet and peaceful  
Yet so pleasantful  
Flying in the air  
Which makes me stare  
Going anywhere here and there  
Which is dispare  
Pretty colors  
Which are discovered  
I sometimes wish I could be a butterfly  
Flying high in the sky  
With no hurt or lies

Eve Anderson

# A Flowing Stream

A flowing stream  
Is peaceful to me  
The water looks dark  
And leaves some marks  
It goes in one way  
And comes out another way  
The nice new bridge  
Is where it shall live  
It's not deep  
Or doesn't seep  
It's relaxing to hear  
As I walk near  
A flowing stream  
That has always been here

Eve Anderson

# A Heart

A heart pounds  
Which makes a rhythmic sound  
My heart aches  
And sometimes breaks  
I have a big heart  
Which sometimes falls apart  
A heart helps us live  
And makes us give  
A heart helps us breathe  
As if like a flowing stream  
A heart makes us love  
Like two doves  
A heart is special  
That makes us special

Eve Anderson

# A Homeless Soul

He lives on the street  
With nothing to eat  
He'll work for any  
Which won't be spendy  
He holds a sign  
And the people drive by  
It's almost Christmas  
Which he won't have any wishes  
It's very cold  
That he witholds  
It made me feel bad  
And even sad  
I pray for him  
And hope his life will begin  
This world should be better  
No matter the weather

Eve Anderson

# A Love Complete

He helps her across the street  
That their love for each other is complete  
Their hair is gray  
But their love was never taken away  
To me that's true love  
That they fit like a glove  
I want someone to be with until I am old and gray  
And that he helps me in anyway  
They seemed to be together forever  
No matter the day or weather  
They are always together forever

Eve Anderson

# A Park

Kids playing at the park  
Sometimes until it is dark  
Laughter around us  
Which is a must  
Warm breeze blowing  
Thank goodness it's not snowing  
The sun shining down  
Which makes happiness around  
Kind of relaxing to me  
And makes me happy  
A few shady spots  
In case it gets to hot  
Let's go there everyday  
That the days are not gray

Eve Anderson

# A Rainbow

A rainbow of colors  
That lets us discover  
It makes us happy  
And not unhappy  
It's way up high  
High in the sky  
It makes us wonder  
And not feel under  
We can't reach it  
Or even break it  
It comes after the rain  
To let us feel no pain  
A rainbow of colors  
As it hovers  
Come again rainbow  
As if it's a halo

Eve Anderson

# A Sun Ray

A sun ray that brightens a day  
And make us want it to stay  
The warmth fills us in ways  
That make us happy anyway  
The sun ray makes my day  
And can keep coming my way  
It's like a silhouette of orange  
That makes me feel reborn  
It's a wonderful thing  
That makes me sing  
With each days sun ray

Eve Anderson

# A Whole World Away

A whole world away  
Yet they have lots to say  
They make each other laugh  
They make each other smile  
And it makes their lives worthwhile  
Someone to talk to  
And have things to do  
And it all feels true  
Even when they're blue  
They have lots to talk to  
Their lives are different  
Which they know isn't insufficient  
A whole world away  
Makes them look forward to each day

Eve Anderson

# Angels

Angels among us  
Angels beyond us  
Angels watch over us  
Angels are there for us  
Angels hold our hands  
Angels save us  
Angels set us free  
Angels fly around us  
Angels to hold me

Eve Anderson

# Arms Wide Open

Arms wide open  
And a lot of hoping  
Arms wide open  
With soft words spoken  
Arms wide open  
And no more mooping  
Arms wide open  
Are here to stay  
And hold onto each day  
Arms wide open  
And to cooping  
Arms wide open

Eve Anderson

# Best Friend

We've been friends for so long  
Even when things went wrong  
You were there through thick and thin  
And always made me grin  
We moved away from each other  
And want to be together  
Always and forever  
There'll be no other  
Best friends is what we are  
Even when we're far  
We write or call  
Just to hear one another  
I think of you each day  
And hope you're okay  
Lets keep it that way  
Today and everyday

# Bubble Bath

I lay in a bathtub of bubbles  
To forget my troubles  
It relaxes me  
And enlightens me  
The flicker of a candle  
As it sits on the table  
So hot and warm  
Like an early morn.  
It's quiet in here  
As the bubbles disappear  
I feel better  
That I write this happy letter  
I close my eyes  
Happy to be alive

Eve Anderson

# Fall

School returns  
Cooler days  
Leaves changing  
Coats needed  
The hills of many colors  
School buses  
Longer days  
It's finally Fall

Eve Anderson

# First Thunderstorm

It gets dark  
Then you see a spark  
You hear a rumble  
Which makes the house tumble  
The rain comes down  
With a pitter patter sound  
You hear the wind  
Which may not make us grin  
It cools off  
With all the cost  
The first thunderstorm  
Came blowing like a horn

As the flowers start to bloom

Which is very pretty  
The Easter Bunny comes  
For all the children to have fun  
Have a wonderful Easter  
In hopes it brings you peacer  
There will be another Easter

# Hi

I wanted to just say hi  
And hope you're doing fine  
How are you today  
Which I wanted to say, hey  
Hope you have a good day  
And are feeling well and happy in many ways  
I'm thinking of you  
And hope you are thinking of me too  
I miss you so  
And want you to know  
That you are my friend so  
Hugs for you too  
To keep and hold true

Eve Anderson

# I Watch

I watch you sleep  
And want you to be complete  
So quiet and peaceful  
And yet so plentiful  
I feel you breathe upon me  
Which makes me feel happy  
You hold me close  
As no words are spoke  
It feels comfy  
Even if the bed was lumpy  
I lay my head on you  
Which I hope it makes you feel true  
I could stay awake and watch you  
As you drift out into sleep too  
I don't want this moment to end  
Which will become again  
And hope to have more forever and again

Eve Anderson

# I'M Trying

I'm trying to find a place  
With a lot of space  
I'm trying my best  
But theres always a test  
I'm trying to feel happy  
But sometimes I feel unhappy  
I'm trying for us  
Which has already been discussed  
I'm hoping for better days  
With so many things to do and say  
I try to be positive  
Instead of feeling unlived  
I'm trying trying  
Instead of crying

# In A Nursing Home

The people come and go  
That it feels slow  
They depend on you  
And need your help to  
They make you laugh  
They make you listen  
A caring ear  
Is what is here  
You become attached  
And hope it lasts  
A home scenery  
Is what you see  
They need you to talk  
Or help them walk  
They are all special  
In their own way  
Which makes you want to stay  
Always in a day

Eve Anderson

# Live Each Day To The Fullest

Live each day to the fullest  
Before it all seems hopeless  
Live each day as it comes  
And that life can be dumb  
Live each day as a new day  
To make things go your way  
Live each day with heart and soul  
Even when the truth is untold  
Live each day as a new way  
To make the hurt go away  
Live each day as happy and true  
Even when you feel sad and blue  
Live each day one by one  
Before our days are done  
Live each day as a challenge  
As full as full as a gallon  
Live each day is what I say  
Since I am here to stay

# My Dad

My Dad passed away  
When I was nine  
That it didn't make me feel fine  
I have pictures of him  
Which always makes me grin  
I have some memories  
But not so many  
I miss him everyday and night  
Which I think of him with delight  
He was way to young  
For him to be gone  
It's been twenty nine years since he left us so dear  
I love him always and true  
Theres no other dad like him so true

Eve Anderson

# My Sis

My Sis is great  
And is never late  
My Sis makes me happy  
And brings me up when I'm down  
My Sis is far away  
But I hold her in my heart everyday  
We laugh, cry and help one another  
And don't want to be a bother  
My Sis is my best friend  
Always and forever until the end

Eve Anderson

# One And The Same

One and the same  
Is such a rhythmic name  
And no game  
One and the same  
Make them feel regained  
Where they became  
One and the same  
It is so sustained  
Which makes their hearts tame  
One and the same  
Time will tell  
So they can expell  
One and the same  
With their hearts to aim  
With love to gain

Eve Anderson

# Our Feelings

We can't control our heart or feelings  
Which may make us feel like reaching up to a ceiling  
We only know who or what we want  
And it will make us have many thoughts  
Our hearts are fragile  
And can make us agile  
Our feelings are us  
Which sometimes needs to be discussed  
Theres someone for everyone  
Like a setting sun  
Love is a delicate thing  
Which makes us sing  
Sometimes love comes to you  
And sometimes we have to look too  
Only we know what makes us happy  
It's our decesions in life  
That we hold with all our might  
Our feelings are ours to have  
To make us glad

Eve Anderson

# Poetry

Poetry is for me  
As I write it for all to see  
I can write the words  
Without being disturbed  
I put my feelings in it  
And never want to quit  
It's about me and my life  
That I think about with all my might  
It helps me get through  
With things I do  
I write it from my heart  
That it feels like a dart  
Poetry can be happy or sad  
As long as it makes me glad  
Write it each day  
With so many things to say  
Even when days are gray  
Poetry is for me  
To let me be me

Eve Anderson

# Radiance

The pastel colors  
With constant dispare  
Gives it character  
Like a star- brigh night  
With a hollow jester  
And Chalice to  
For the colors let us bathe too

Eve Anderson

# Raindrops Fall

Raindrops fall from the sky  
From day to day by and by  
It pitter patters on a window  
While almost like a spindle  
It looks like teardrops  
That haven't been forgot  
Some are big drops  
Some are small drops  
Each in it's own way  
When the days are gray  
The Raindrops fall day and day

Eve Anderson

# Red Rose

Red Rose Red Rose  
Which is a sweet scent to the nose  
So soft and smooth  
It makes my heart move  
Red Rose Red Rose  
Which makes a good pose  
That I like to hold  
Red Rose Red Rose  
Which the wind blows  
As each day goes  
Red Rose Red Rose  
Which grows and grows  
It's my favorite kind  
That it soothes the mind  
Red Rose Red Rose  
That it helps sooth my soul

Eve Anderson

# Tears And Water

Tears make us feel better  
Water cool's us forever  
Tears of happiness  
Water of cleanness  
Tears of anger  
Water can be a danger  
Tears make ponds  
Water is pretty ponds  
When they come together  
They make tears and water

Eve Anderson

# Thank You Mom

Thank you mom for all you do  
Thank you for making me happy not blue  
Thank you for hugs  
Thank you for kisses  
Thank you for believing in me  
When others didn't see  
I love you always  
As I walk the hallways  
Thank you mom for helping me  
And for never giving up on me  
Thank you mom  
As I write this song

Eve Anderson

# The One

I think you're the one  
And that we can become one  
You make me feel special  
With all the echos  
My heart beats fast  
Which makes us last  
I hope you feel the same  
With a lot for us to gain  
I like your kisses  
And we have wishes  
I like your hugs  
That it makes my heart tug  
I love you so  
With so much to grow

Eve Anderson

# The Past Is

The past is the past  
Which never lasts  
The present is now  
And we need to know how  
The future is coming  
Which can be mumbly  
My life as I see it  
Is hard to keep it  
So much around me  
To make me see  
My life is my own  
For me to own  
So I take it as it comes  
With no more drums

Eve Anderson

# The Thought Of You

When I think of you  
I feel so blue  
And wish I could hold you  
I wish you were here  
So I could have you near  
To care for me so dear  
I miss you everyday  
And wish you could see me today  
Then I'd jump up and say hurray  
My hearts with you  
For I'll never forget you  
And love you so true  
When I look up to the sky  
Up there so high  
And see you with a sigh  
I know you're in my heart  
So I don't fall apart  
So I hold my heart

Eve Anderson

# Wedding Day

Your Wedding day is here today  
And you feel happy and nervous in everyway  
Your New Life begins  
Which makes you grin  
You say your vows  
That it makes you feel proud  
You exchange your rings  
Which makes your hearts sing  
You kiss one another  
As your love grows stronger  
You are married now  
As he carries you now  
I love you forever  
Always and forever you'll be together

Eve Anderson

# Winter

Winter is here  
With all the lights and cheer  
The snow on the ground  
That keeps coming around  
The cold wind blows  
As we grab our coats and go  
Christmas trees in windows  
As if like a spindle  
Snowmans made in yards  
As if to guard  
Children sledding  
As they are heading  
Santa comes to our houses  
And is quiet as a mouse  
Ice sickles are hanging down  
Which some fall on the ground  
Winter is here I say  
As each cold and passing day
