If I Don'T

From behind I will never call you if I don't love you
This way I would never be with you if I don't love you
To You I would never say to be with me if I don't love you
You know, I have a feeling that makes me to care of you
Yeah, this is the only thing that makes me feel to be of you.

Same way, every day, here's the only say
while a stop or it's mooching, in the every way
Listen, Here's one thing and the only thing to say
My Heart detects the only sense and it's of you, Hey!
You know, I have a feeling that makes me to care of you
And Yeah, this is the only thing that makes me feel to be of you.

There's burning the fire of desire inside just to be in you
Sources of My mind keep going here & there but in the end come to you
Nothing my eyes want to stare and gonna shut with only you
these all are symptoms but list of them not ends and it's only few
Wait and count if, My Dear, gotta too late and be a weary
You know, I have a feeling that makes me to care of you
Yeah, this is the only thing that makes me feel to be of you.

Now my steps don't wanna go with anyway and whatever the ray
Whenever, wherever they wants to follow it's the only path of you
No time I have, it's usual said of me, 'Ram' It's all goes with you
Yeah its too true, these are few things showing that I love you
Really, You know, I have a feeling that makes me to care of you
And Yeah, this is the only thing that makes me feel to be of you.

My Whine

Where are you looking while I am here
Just listen to me and feel my music, O! My Dear
Say something to me and give me some care
Today I feel, something is missing to share
Now it's your turn to give me a stare
Sit by me and touch me, so to make some fair
Set yourself close to me, at least, for a while
Get me this way and don't put me on more trial
Here's me too true and real but having lost my style
Around and with the world I get comfort but not smile
It looks all for nothing without you and your shine
It yells here 'Ram' within, My Heart, just hear my whine
You know, now the wait too, wants to be over
Aura, all the around, calls you to be closer
Come, sit and be with me forever however
No other thing can quench my thirst so ever
Yeah, here's I, waiting for you with my guitar
Stop the all and just come, let's play with soul
Enjoy the music singing thyself with my soul
Your arrival will give me the song, I'll do the whole
There will be the only One, making the whole.

The I

Whenever I want to be as ' within the I'
Always It Comes...the whole, differs the I
But I still wish.. I could, somehow, lie a little
There, To Be same, To Make same as 'the I'

The world gave me many titles and honors
One calls me Son and the other...brother and so on..
But these all seems still not listed all yet
And many are in queue to meet me and so to give a love name too..
They always find their title in front of them but never the I
Getting very restless with my own definition, I think where is the I
Then shunning from the whole world, whole game
I only go and sit with the I...to be same as he
Tell me O! man, now, is this enough to have a part of the I?
Why don't you never try to be with the whole of the I
And why do you never give a try to your within to read
I am sure you'll meet with the I soon if you do the same
You will have there no definition, no title as clothes
And the It'll be very hard to wear again these titles and their roles
But Be the real and live the real as the I
The Aura then Be beyond the late you have and the I.
