Gothic Fairy Princess(08/14/92)

Im 17 years old and been writing poerty since September 2008. These poems are from I've experienced in my love life, friends/family and sometimes the emotional drama I had/have.

Its very difficult for me to write poerty at an emotioal crisis but having my friends supporting me then I have the motivation to continue on what I love....

I have sooo many emotional crises...that its hard for me to do anything....Poems are my way of life.... they express my feelings in words that I would never say... there are things I wished I did at the time or even at this moment [[that is suicidal]] but now I have people that actually care about my safety that is very hard for me to do anything stupid.

After All These Years

After all these years,
I've been with you,
We remained great friends,
And we know each other so well too.

We are all the same people,
But we control different lives,
We live in different parts of the city,
But we always back up one another.

After all these years,
I haven't been with you,
You were always on my mind,
Everytime I see a happy face of another.

For a year and a half,
I've been so lonely for so long,
I haven't had any supportive friends like you,
No matter what has happened to me,
I'll be thinking of you,
And I hope you'll be thinking of me the same way too.

After all these years,
We had so much fun and entertaining times,
Some bad and hurtful days,
You know I can be in a killing mode,
Or in sad and moody,
Either way our friends have a way to cheer each other up.

Sooner or later,
Moving can be an option when were older,
Or by force from a parent or two,
But I hope we'll be in each others heart.

After all these years,
We been together,
We weren't ashamed of one another,
Except we can act like them,
And we can all goof around too.

The future years,
Are something we should all think about,
But I wish it would be with you,
Even if I had to ditch to be with you,
And we would think about the future together,
Then I'll do it and risk getting caught.

The future days,
Is something I can't wait,
If only you were here waiting with me,
And talk about what would happen this week,
But I can do that at school with you too.

Because Of You, Because Of Him

Because of you,
I can finally be myself,
But you are not in my life anymore,
So I feel like crying.

I hate you for leaving me,
BUt it was a choice you had to make,
We were so far apart,
But I guess you couldn't take the distance.

Because of you,
I'm in so much pain,
But my heart is tryin to heal,
From his break-up I'm enduring.

We had it working,
But you chose to end it,
We felt like friends,
But we wanted it to work out,
But I guess it couldn't.

Because of him,
I can finally relax,
Hes there when I need the protection,
Hes there when I need the comfort.

We been friends for so long,
He knows me better than I know myself,
Then he should of noticed I liked him,
But I guess hes not that far yet,
Or hes does and doesnt want to say.

Because of him,
I know someone is protecting me,
I know he's missing someone,
But I know I'm missing him more.

Broken Wings

Perfect wings are meant to fly,
But my broken wings are in no condition to mend.

Theres seems to be problems I always see,
Theres a dried-up flower,
That needs its water.

A baby-bird on the ground,
A mother not around,
With no one else to help the baby,
I was there just to help.

Theres a helpless child,
In need of help,
A passing adult sees the struggle,
To get what he/she wants out of the tree.

A little old lady,
Needs some help,
To cross the street,
To see her grand-daughter,
Two blocks down from where she lives.

An accident on the freeway,
I see on the news,
Two survivors and one dead,
I just hope they werent drunk drivers.

I've in the things I've done,
That gone terribly wrong,
But I just wanted to achieve and win
I know I've done wrong,
I know I've done right,
But I hope I can change my ways.

We are all in need of help,
We are all in need of protection,
I just can't believe we live in this crazy place.

We all believe in love and hatred,
But for each other we are so different,
HE knows we are all the same.

Beautiful wings are meant to be seen,
But my broken wings have no way to be healed again.

Gothic Fairy Princess

Do You Know, My Love?

Do you know how much I love you?
Do you know how much I care?
Do you know how much you mean to me?
Do you know how much I deserve to be by your side?

Do you know how many times you've crossed my mind?
Do you know how many times I think of you?
Do you know we'd be this way?
How much closer we would be?

What If I told you,
it was meant to be,
Would you believe me?
Would you even care?

Do you have a heart?
Did you give that away too?
For my feelings and drama alone,
Do I have to stand here alone?
So you can realize what's in front of you.

Do you know I'm scared to lose you?
Do you know I still keep thinking things over?
Do you know I'm never going to give up on you?

I know you want to give up,
I work to make this easier for you,
Help me and I'll help you too,
Let's just work things out.

Baby,
Do you know?
I love you.

Gothic Fairy Princess

Don'T Scare Me

Dont scare me,
like you always do,
It gives me the chills,
Everytime you do it,
But it always makes me happy,
Everytime I see you smile again.

You always scare me,
I know your only having fun,
making sure I'm ok,
But can you do something other,
Than just frightening.

Dont scare me,
You been doing that ever since,
Sometimes I dont know what you are doing,
But sometimes you get me irritated.

DO you always have to do that,
Even if I'm not feeling down,
You do it out of nowhere,
Just to make me smile.

Dont scare me,
I dont like the feeling,
Trying to make me feel better that way,
Thats gonna scare me into paranoia.

I hate being scared like that,
I'm starting to get paranoid,
It might get the bad memories out of my head,
but they end up coming back again.

Dont scare me,
You are starting to get annoying,
Im just joking.....
But can you do that when Im not so moody.

I can't believe your doing this to me,

When I freak out,
You start to laugh,
You apologize even though,
BUt when you do that,
I can only focus on you.

Dont scare me,
Just to make me smile,
Its not always gonna work,
It could make my problems worse,
Or it could make me a whole lot better.

You wanna make me smile,
You do your hardest everytime,
Either way it doesn't work,
You scare me,
To see if it works,
Just to see me happy once again.

Gothic Fairy Princess

Dying Alone

Nothing would make me happier,
Rather to see your smiling face,
Everything would be much better,
If I knew I'd be this way.

Who knew there'd be so much drama,
Within the love we share,
I could be suffering more than ever,
N one would even care.

I may not know what pain or hurt is,
I may not know how it feels to be betrayed,
I'm just relying on my guts,
To see and feel what's right.

I could be dying,
I couyld be in pain for life,
I'd tell you I was hurting,
I'll be looking for someone to help me out.

In the room down below,
I'm crying out for help,
You're laughing at my misery,
Through the concealed cemented door,
Of my very room.

Gothic Fairy Princess

Ever Since You Left

Ever since you left,
I didn't have the time to breathe,
I didn't have the time to react,
All I wanted to do was to see your smiling face,
Smiling back at me.

Making funny or funny movements,
Making funny old jokes we can laugh at.

Everytime you are not around,
I would wonder where you are,
I would wonder what you could be doing,
But everytime I think and wonder,
The more I think about the possibilities.

Ever since you left,
I didn't have the time to move,
But technically neither of us have that proof,
Proof for our parents that we love each other respectfully,
But we always have the proof for one another,
That we love each other no matter what we do.

I wanna move,
I wanna be free,
But ever since you left,
It seems like I'll never see you again.

Ever since you left,
I can't keep you off my mind,
Mostly everything I touch and see,
It brings back those unforgettable memories.

I can't stand not being around you,
I can't handle it when you don't act the way you do.

Ever since you left,
I can't stand being alone,
I need someone by my side,
To keep me on my feet,

To keep me balanced and on track.

Gothic Fairy Princess

For My Two Friends

I know your smile is not for me,
I see your glance is put aside.
I'm not the one you dream to meet,
But it's alright. I still abide.

Your hands can never touch my face,
You are to kiss some other lips;
My dream I cannot raze;
My only sense, which never sleeps.

While praying I repeat your name,
The most sacred word I know.
Is it fame or just a shame?
What hinders you to look below?

I shall submit and shadow you;
Without question I shall wait;
I shall become somebody new,
I shall. If you appreciate.

I gave you my heart. I did.
I don't claim you to do the same,
Just be with me that's all I need.
Don't think of me just call me name.

And when my eyes are full of tears,
I know it's nothing what you feel,
I'm scared but hiding all my fears,
This is just all to real.

Gothic Fairy Princess

For You My Love,

As I walk on these school grounds,
I know I'm forever alone.
As I see couples in love,
I know my love is just a waste.
As I see the happiness in everyone around me,
I know I'll never be happy again.

Today is what hurts the most,
The past is what was.
Yesterday is the tears,
Now here comes the strength in me.
The future is what I see,
The past is what I'll deny.

As days go by,
I know you won't be back at all.
As the hours of time go by,
You'll never leave my mind.
As the world changes,
My love for you will always remain the same.

I'm too afraid to look ahead,
Tho I can... knowing your in my life,
Even thought were so far apart,
No matter what happens,
I won't ever tell you goodbye.

My love for you never changes,
Neither does my emotional strength,
I'm in love with you,
I know you are too.

As my love for you grows stronger,
I can't wait until our life ahead,
I hope it's with you til then.

Gothic Fairy Princess

Have Faith In Me

Have faith in me,
That nothing will change,
It is true,
All you have to do is believe in you.

I'm always around,
You don't even have to look,
Even if I wasn't there,
All you have to do is think,
And I'll be on your mind.

Have faith in me,
If you don't believe it's true,
Just look around,
And you could find me next to you.

I know you could never forget,
All of my attitudes and our experiences,
I know you would never forget,
Everything we did together.

Have faith in me,
With everything I do,
Enjoy who you have as friends,
Because we can't always be with you.

We were friends since we first met,
We would lean on each other for support,
Just believe in yourself,
Then you'll have the power to believe in me too.

Have faith in me,
That we'll remain friends forever,
We always have fun together,
No matter where we plan to go.

We always play around or hang-out,
Now we have more friends than before,
And our days have become more playful,

With more people protecting each other too.

Gothic Fairy Princess

Hell Yea! ! ! !

I once was here,
Now I'm not.

I went away,
To smoke some Pot.

I put this here to prove a point.
Life ain't shit without a joint.

Gothic Fairy Princess

Her Life

She had a life she used to know,
Now her life is going down,
I hate to see dreaded pain,
Now her life is going insane.

She used to love her normal life,
Without those yelling and fights,
Everything was so possible,
Before everything turned up-right.

Her world slowly changed,
Family and friend relation,
School grades are slowly failing,
Teachers, friends, and parents are soon noticing.

Her clothes are changing,
Her personality too,
From playful to emo,
What can we do to help her out.

Her friends are worried,
Her family is scared,
She doesn't care,
She just thinks no one cares for her.

Her mother wonders why she hasn't been out,
Her sister wonders why she hasn't been eating,
Her friends wonder why she hasn't been out at school,
Her step-dad wonders why the house is a mess.

Her mother gets fed up with her after a month,
Her friends are thinking crazy things,
Her sister doesn't know what's happening,
Her friends go in her room and scream to what they see.

Her mother cries in misery for her oldest daughter,
Her friends cry in shock for her/his playful friend,
Her sister cries in pain for her oldest sister,
Her step-dad cries in hurt for his oldest step-daughter.

The dreaded hurt,
From the mother,
Of the death,
For her oldest daughter.

The biggest depression,
From her friends,
Of the death,
For their playful friend.

The saddest day,
For the youngest sister,
Because of the death,
Of her only sister.

Gothic Fairy Princess

I Am Afraid

I am afraid,
To go out on my own,
I am too scared,
To face the world alone.

You are my savior too,
I rely on you to protect me,
I rely on you to make me safe in this world.

I am afraid,
For you to get hurt,
I am too scared,
For you to get shot on the streets.

I am thankful for you,
For being my friend,
I am grateful because,
You are there for all of us.

Thank you for being there for me,
To make me happy once again,
Thanks for being my friend,
A friend with so many cures to my heart.

I am afraid,
Of what will happen in the future,
I am afraid,
Of whats eating me alive, inside,

Please don't watch the suffer Im enduring,
You can't hear the words coming from my lips,
Can you handle whats going on,
Can you stand not seeing my smiling face.

I THOUGHT NOT! ! !

Cans, Glass, Knives, Razors, and Guns,
Are a old friend of mine,
Story and Poetry writing,

Could be my lifes work... lying ahead.

Gothic Fairy Princess

I Need To Leave Now

I need to leave now,
Before things go too far,
If I don't go now,
I won't be able to leave again.

We are all sleeping over,
The boys are too,
Getting drunk off our asses,
Playing around and having fun,
What else could we possibly do.

I need to leave now,
Cuz there's things that might happen,
I don't know what will,
But things are getting out of hand.

I need to leave now,
Before I can't help myself,
But to stay here and have some fun.

It's half past midnight,
We're making a giant circle,
With an old fashion bottle in the middle,
A boy and girl is chosen,
To go make-out in a room.

One-by-one we go in a room,
All that's left is you and me,
But it ends up being more than a 7 minute kiss.

I need to leave now,
It looks like you wanna go too,
But you and me are making out in the back,
While the others are falling asleep,
On top of another.

There's so much things going on,
Just between you and me,
Although you have a girlfriend,

And I may be single,
There's something that's gonna happen.

I need to leave now,
Cuz there's something happening,
We wouldn't know a thing,
But I don't like this feeling,
but I wouldn't know.

We're already in the bathroom,
With your hand down my pants,
We're barely coming to,
We stop and head out.

You and me sits on the couch,
We talk til dawn,
Out of nowhere,
I fall asleep on you,
You stayed in that position,
Stroking my hair,
Until I awoke at noon,
With everyone Bar-B-Q ing out back,
Until I see your smiling face.

Gothic Fairy Princess

I Need You In My Life

I need you in my life,
To make me whole again,
I need you in my world,
So I know whos there.

You are finally here,
I can finally have you back in my life,
We may have different learning styles,
Our way of life is different too,
But we are like family to each other.

I have you in my life,
I never want to leave you,
I can relax to the fullest,
As long as your there guiding me.

As our school days go by,
You are always there,
Even if your somewhere far,
Your always near in my heart.

I want you in my life,
I can see myself with you,
No matter how much I get hurt,
Even if you tried to get my stuff back,
YOu are there when I need the comfort,
You are there when I need the protection.

You are here in my school life,
There's no reason I should be afraid,
We should hold onto each other,
We should be there everyday.

I'm in your life,
We are cool as friends,
But nothing near a relationship,
But time can tell us for sure,
When it is time for us to be together.

Even though were not compatible,
And He may have chosen our special someone,
From a friend or an ex-,
We will be together as friends til the end.

We are in each others lives,
No matter what happens,
We been friends for so long,
And we'll remain friends until the end.

Gothic Fairy Princess

I Thought I Would Lose You

I thought I would lose you,
The day I left,
I couldn't handle the pain,
I couldn't stand seeing the tears of my friends.

Ever since I left,
I couldn't control myself,
I wasn't with my crazy group of friends,
I just wanted to be with you once again.

I thought I would lose you,
I needed my true friends back,
I wasn't my true self,
Unless I had you again.

School wasn't the same,
I needed to have my friends with me,
Without you back in my life,
I won't be able to be the 'real me.'

I thought I would lose you,
When you disappeared from my life,
You were the person that kept me happy,
You were the person that kept me cheerful inside.

Without you I didn't think I can survive,
Cuz all of my dreams were going nowhere,
I just had this terrible thought going around in my head,
That I would never be able to see you again,
But I knew in my heart that would never be true.

I've seen one of our friends a couple times before,
We both thought I could be faith,
That we would all reunite,
That we would see each other once again.

I knew I couldn't lose you,
Cuz you were always on my mind,
But I never knew,

It would end up like this,
With this emotional reaction.

Gothic Fairy Princess

I Wanna Be Here

I wanna be here,
And see your face,
I wanna see you,
And hug you all day.

You are special to me,
Cause I can see you everyday,
You chose to be my friend,
And you chose to be my protector too.

We all had our problems,
We also had our differences,
But you always have a way to make me smile,
But sometimes you have a bad way of settling things.

I know you fear my kicks,
Sometimes you'll have a rough time with your jacket,
I can't believe you trust me with your things,
Now I feel like you personal body-guard! ! !

We used to have same classes,
I now believe you can run faster,
Sometimes we get on people's nerves,
But we have the nerve to skip class.

I love you, we both say,
We always hear each other say those words,
We always know what it means for us,
Its never sexual but family love,
But will we be together.

I wanna be here,
And always be around you,
I wanna hug you,
And never let you go.

You have to be there,
And see our friends shining faces,
We'll always be there,

We'll enjoy everyone around us.

Gothic Fairy Princess

I Won'T Go On

I won't go on,
If I can't see you,
If you aren't around,
I see a reason to cry.

I wanna be happy,
But you're making it impossible,
You are tearing me apart,
When you are somewhere far,
Now I feel like you're avoiding me.

I won't go on,
If you aren't showing your smile,
You are the reason I can survive,
This place we call a home.

This unpredictable place,
Is nothing without you,
Surviving this stupid world,
Won't be so easy to do.

They say its so easy,
To survive this damn world,
I don't think I can survive this place,
Unless you are there,
Helping me, guiding me,
To the right direction we plan to go.

I won't go on,
Until you're finally by my side,
I love you too much,
For us to go on alone.

I won't go on,
It's getting harder for me to explain,
I think its getting difficult for people to understand,
What I am really feeling for you.

I have so many mixed feelings about different people,

But for you theres something different,
And I don't know what it is,
But I don't know what to do.

I won't go on,
Cuz I don't know what else to do,
How I would normally be,
I won't be able to tell you,
If I wasn't with you.

You are the one that helps me,
With every problem I have in my life,
I may not tell you my problems right away,
But the friends I've told,
End up telling you anyways.

Gothic Fairy Princess

If I Didn'T Have You Here

If I didnt have you here,
My world wouldnt be the same,
You are so special to me,
I dont think anyone can describe this feeling,
But it's deeply within me.

If I never met you,
I would never be the way I am,
Without you around.

If I didn't have you here,
There would be a personal problem,
I don't think I'll be loved,
Love the way I am today.

You are very dear to me,
I know that for a fact,
If you knew how I true felt,
I think everything would change.

If I didn't have you here,
I wouldn't be able to survive this world,
The way I'm acting now,
Wouldn't be the same without you,

I'm being loved by you and our friends,
If I never met you or any of them,
I'd be alone and I wouldn't be treated with all this love.

I never had this much love,
Ever since my parent's divorce,
There are so many responsibilities to take over,
That I can't handle all of the pressure.

If I didn't have you here,
I wouldn't be the same,
All the same everyday.

I knew having you is the best thing that could happen,

We've known each other since middle school, and
I hope we will continue our friendship til the end.

Gothic Fairy Princess

If Only

If only you knew,
How my heart beats for you,
If only you heard,
The many ways I talk about you.

My heart and words are all about you,
You're all I could see,
You're all i can talk about,
I wish you can see how I really am for you.

If only you knew,
How much I want you here,
If only you saw,
How much I can't stop thinking about you.

Could it be the way you act,
Could it be the way you dress,
There's always a different way for you,
You're always the one I would look for,
You're always the one I would ask.

I always know you would lookout for me and her,
You're always there when I need a cure,
You've already stolen my mind and dreams,
Because I knew in my heart,
I would always see you again.

Right at the start,
I couldn't remember you at first,
But as the minutes go on by, and,
You gave mem clues of who you are,
But I knew at the start,
I would aalways remember and love you all the time.

If only you knew,
Why I wait/follow you to class,
If only you knew,
How I felt for you.

There is only one reason why always follow you,
That very same reason will remain the same,
I will always be with you in thought and mind but I....,
I will never mention what that reason could be.

Even if you tried, begged, and pleaded,
Even if you asked everyday,
That reason would be kept in me,
Only.... until that very day.

Until that very day I can tell you,
But my courage to tell you..... isn't ready.

For you, my heart shines bright as the sun,
But my eyes are trying to you,
Those 3 true and 'unforgettable' words I love You,
But for now my love,
It shall remain a secret.

If only. If only, I can tell you

Gothic Fairy Princess

I'll Always Have You

I'll always have you,
In mind heart and dreams,
You're all I can think about,
That's what some people seem.

You're always around,
That brings joy to my life,
Sometimes I hate not being with you,
But I know you always be near by.

I'll always have you,
Close to my heart,
I can remind you of the forgotten things you own,
You give me some sort sign of thanks from the heart,
And all I can say is that's what I'm here for.

You know I'm here,
You know I'm around,
We both know I left once,
But I hope it won't happen a second time.

I love you are 3 powerful words,
But we say it to each other all the time,
It's not sexual but like family love,
It's only a sign of how much we love each other,
But how long will it last.

I'll always have you,
In every possible way,
You may not know I like you,
But it's deeply within me.

You're the reason I want to come to school,
You're the only person on my mind
I'll always have you,
and you'll always have me.

I waste my time during passing period,
Just to wait for you to come out of English/Biology,

BUT theres a silent secretive mystery,
Behind my brown lonely eyes.

I knew you couldn't play Rugby for a while,
Even other rough sports too,
But me and her will always love you forever,
In a way you'd never forget..

You're awesome in every way,
You're the type of guy I would like to see everyday,
I love you, I really do,
And I'll wait to be in your arms soon.

Gothic Fairy Princess

I'M Sorry

We'd stay there forever,
Just try to get up,
And I'm sorry, This wasn't easy,
When I asked you believed me,
and never let go.

Well I'm thinking of the worst thing,
That I could say to you,
but a promise doesn't mean anything, anymore,
And this will never be right with me,
And now your trying desperately,
But I'm tongue-tied and terrified of what I'll say.

And then we both go down together,
We may stay there forever,
I'll just try to get up,
And I'm sorry,
This wasn't easy,
When I asked you believed me,
and never let go,
But I let go.

I could only sing you sad songs,
You could only sing along,
you could see the melody,
That's been calling out your wrongs,
This will never be right with me,
Now your trying desperately,
But I'm tongue-tied and terrified of what I'll say.

But I never told you everything,
I'm losing hope and faded dreams,
And every single memory,
Along the way.

And then we both go down together,
We may stay there forever,
I'll just try to get up,
And I'm sorry,

This wasn't easy,
When I asked you believed me,
and never let go,
But I let go.

And we both go down together,
And stay there forever,
Just try to get up

Gothic Fairy Princess

Just Realize Who I Am

Just realize who I am,
Cuz the person you think you know,
Just might not be the actual me.

You may know who I am,
But I'm not quite so sure,
If I really am myself,
Just because I'm with you.

Just realize who I am,
Who I've become,
Cuz I've never acted like this before,
I guess you notice that too.

I've never been like this,
I really don't know what has happened,
For me to be this way,
It hurts me for the ones I love,
To notice this change in me.

Just realize who I am,
And the things that changed,
The things that were never there,
Showed itself without a simple warning.

The changes you are seeing,
And the things that were never there,
I don't know what's happening,
But by the look I see on your face,
It shows that you know.

Just realize who I am,
Apart from these changes,
I may not know what these changes mean,
But I know how to hide my true feelings.

It's so hard for me to understand,
What these changes actually mean,
With my unknown feelings,

I don't know what to do.

You look like you know whats hoing on,
But I haven't gotten a clue,
But don't treat me any different,
Just treat me how you did before,
Cuz it wouldn't be the same,
IfI was being treated by you,
Like some stranger,
Not knowing anyone.

Let's Have Some Fun

Let's have some fun,
And be wild together,
We can scream and laugh,
Then jump and play.

We can have so much fun together,
We'll chase each other all around,
We will talk about things,
Some people won't understand,
Or don't know who or what we are talking about.

Let's have some fun,
We can annoy so many people,
Including the ones we know and love,
It's so fun seeing them react.

Let's confuse so many people,
With the words we say,
And the things we do,
They can look at us weird,
And think we're crazy,
But we'll continue on what we love to do.

Let's have some fun,
We can plan what we would do,
We can do it now,
So we won't have the problem so much later.

We have so many ideas,
Before school ends this summer,
But as soon as it starts again,
And we gained new friends,
Then we'll have plenty new ideas for each other to share.

Let's have some fun,
And try to enjoy life,
It might not be how we like it,
But as long as the people we know are there,
We can enjoy everything we have.

We can enjoy our laugh as one,
Then try not to think about the past,
But think about the people we love,
The ones who are around the most.

Lets have some fun,
Before we part this summer,
We should have those wonderful memories of one another,
Those memories will be with us,
No matter where we go,
Or what we do,
Either together or apart.

Love Games

I'm kind broken,
My vacant heart is beating,
Bleeding waiting for a sound...
It's hard to hear with all my screams and tears.

Everything seems crazy,
I can't tell what's love or fear.
I can't feel any emotion,
My heart and mind is lost between all the commotion.

My blood stops flowing,
My pulse starts slowing,
My heart is stopping,
And I see puddles of blood lying on the floor,
As I carve into my arm and spill some more.

My life flashes before my eyes,
I smile and say good-bye,
Finally I lost all my aches and pains,
But I have also lost my life to all these love games.

Gothic Fairy Princess

My Best Friends

I have many friends,
But I'll only name a few,
They could be fun and protecting,
Sometimes worried people who care.

And we love each other too,
Her name... is Kassie C.

Ever since we met in middle school,
We been friends for so long,
He can be very protecing too,
His name... is Kyle W.

He is funn and likes to do risky stunts,
He is like the people I know and love,
His name... is Steven M.

There are so many people I know and love,
I can describe them all,
From their playful ways to their serious habits.

I have many friends I can describe,
But too many to name,
Just by the way the act around one another,
I know how they are from our experiences.

We get always get along,
BUt sometimes we dont,
But I know for a fact,
We know each other so well,
And we love each other too.

My Only Angel

My only angel,
Is you and around me,
You are my wonderful guardian,
Sent to me from up above.

You are my angel,
Cause you are always looking out for me,
We specialize in different things,
But we have fun in what we do.

My only angel,
Are the ones who are and wants to be protectors,
I am angel to someone,
Cause I know what to do and/or to say.

Being an angel can be so much fun,
But make your life stressful,
Trying to cheer someone up,
Or solving a difficult problem.

My only angel,
Can be anyone,
From friends to strangers,
But one of my angels are you.

We are all angels,
No matter who we are or what we do,
We can help out the old or solve a simple task.

My only angels,
Are the people that I love,
Are the ones I care about the most.

I love you, and all of my friends,
You guys are always there,
And we always have fun,
No matter what we do.

You are my angel,

And no one can change that,
Even if you dont believe in God,
And neither do I,
But you guide me into the real world,
And you can keep me happy inside.

My Sad And Lonely Heart

My sad and lonely heart,
Is searching for someone new,
It isn't looking for just anyone,
They will be looking for someone like you.

I'm perfectly fine,
But my heart isn't the same,
My eyes are screaming out to you,
With that urgent feeling,
Of being wanted.

My sad and lonely heart,
Just wants to yell out,
These words of despair to you,
The words I'm too shy to say,
Are the beautiful words that are crying out to you.

My sad and lonely heart,
Wants to know where you are,
So you could really understand,
What I'm truly feeling.

You are all it could see,
Everyone else doesn't act the way you do,
But it doesn't understand,
The meaning of love, pain and joy.

My sad and lonely heart,
Has the courage to keep me around you,
But it doesn't have that same strength,
To keep me away from you any longer.

I can't handle all this sadness,
My broken heart is giving off,
You may not understand why,
But I know what it truly wants and needs.
All it wants is to fill up that space,
For it to be filled up with love and joy.

My sad and lonely heart,
Wants to find its other half,
Being broken into two,
Isn't what its used to.

Nowhere

I am going nowhere,
From this place I'm in,
Is there a place I belong in,
Cause this isn't the right place for me.

Sometimes I don't belong here,
But sometimes I do,
I don't believe these feelings are true,
But they always follow me everywhere.

I am going nowhere,
In a place I don't belong,
Do you truly think I belong here,
Cause I certainly don't.

Do you know why I'm here,
Cause I feel like an alien,
I truly want to belong here,
But I just don't have that happy feeling.

It seems like nowhere,
The way I see in this world,
In my lonely brown eyes.

I can't stand being here,
If I have nothing to live for,
What's the point of being here,
If there's no use for it.

I'm going nowhere,
In a place that isn't so perfect,
Everyone thinks they know what life truly is,
Because they've been here longer.

Nowhere is a place,
I'm headed to,
Cause I have nothing to live for,
I am here fully alive,
But I feel dead and motionless.

I try not to show my true sad feelings,
But it shows in my unusual attitude,
Then people will notice my true feelings.....

Omg! ! ! ! I'm Pregnant

Oh my God! !
I can't believe this is real! !

I'm 14 and scared,
I don't know what to do.

I'm 5 months in waiting,
Before my baby angel is due.

My boyfriend has left me,
He just doesn't want this responsibility,
Of this mistake we made together.

We should have used protection,
But had no clue of what would happen,
We didn't know we would be having our baby this soon.

I dreamt to be a singer,
I've been practicing since I was born,
What would happen to my future,
If this baby inside me,
Is living has a life.

My baby angel is here,
And I'm scared of what would happen next,
My parents are being supportive,
Of whatever would happen next.

Giving up my baby for adoption,
IS the hardest thing a parent can do,
It was my most hardest decision as a teen parent,
To give up my baby,
So I can finish school.

Seeing my baby in the hands of a stranger,
It will only kill me to know,
What her mother did,
And what her mother had to do.

16 years later,
She's grown into a beautiful teen,
With her whole life ahead,
She has a parent that cares.

Her adoptive parents shows her,
Who her mother truly is,
And what she had to do.

They call me to come on over,
And I see my baby angel for the first time in years,
Me and my angel talked for an hour,
I had to answer her most hardest questions.

She finally learns the most unforgettable truth,
Of what her mother had to do.

Pain Behind Love

I never thought I'd hurt this bad,
Never knew there's be so much commotion,
We're taking up so emotion,
Behind our brown eyes.

So much for our love,
Please don't worry,
I'll never let you go,
You have my word,
You have my attention.

Friends say we'll make it,
Family state otherwise,
Our future is set,
Thanks to you and me.

Things I hear people say,
Are the words for the both of us,
Don't worry they are good,
Or So I think,
'Don't plan to far ahead',
That's what I hear.

Our love grows stronger everyday,
Just between the both of us,
Our strength is even stronger,
I'm sure it will grow more.

Let me love,
Leave us be.
Let me hate,
We shall see.

I love you,
You love me,
It's true you,
They should see.

Please Be My Soul-Mate

Please be my soul-mate,
So we can spend our life together,
We're so happy as friends,
Maybe we could be happier for the rest of our lives together.

We know each other so well,
We were friends for so long,
And we know each other so well too,
We could get along better,
If we spent the rest of our lives together.

Please be my soul-mate,
And we'll have loads of fun,
We'll fight and laugh,
We'll make different decisions,
But as long as we have each other,
We'll make it through until the end of time.

We'll have our separate ways,
Even our laughs and fun,
We'd get along no matter what,
And we'd be serious when time is needed.

Be my soul-mate,
Then enjoy our life as one,
We may be different,
We may not want each other,
But as long as we have who or what we want,
We'll go as far as we can go,
Then take whatever chances we can take.

Being soul-mates,
Wasn't gonna do any harm towards us,
Our friends will be close by,
And our family will be even closer.

Please be my soul-mate,
So we can die together,
Don't leave me now,

Don't let me suffer alone,
I don't want a relationship like this to end,
I want it to go on forever,
Until the world is at its end.....

Gothic Fairy Princess

Speechless/Breathless

I'm speechless,
When I look into your eyes,
Breathless,
When I'm around you.

I can't believe we are in the same school,
I couldn't believe we are actually friends,
But as days go by,
My crush for you is growing stronger.

Why can't you tell that I'm in love with you,
I thought you knew me well,
Yea, from my attitudes and your experiences,
But not from the attitude problems I have gained.

I'm speechless,
When I'm around you,
Breathless,
When you talk to me.

You are here guiding me,
But very careful of how you and I react,
Bumping into me/pushing someone into me,
But a simple hug from you,
To make up for your actions.

This lunch time was the time of our lives,
Being in our friends pants without really being there,
Talking of spelling Bees and singing lil kids songs.

Even if the kids at the school thinks were insane,
Even if they think it looks foolish and its lil kid behavior,
None of us would really care about the comments and laughter,
As long as were having fun,
As long as were enjoying ourselves,
We won't mind a thing.

I get speechless,
To the things you say,

I'm breathless,
To the things you do.

Suffer

I am suffering,
With the things that I have in life,
Suffer....,
Is something I can't deal with today.

I have so much pain,
I can't handle the pressure,
And its starting to control my life,
I guess I have to live with it forever.

Suffer.....,
Isn't what I'm looking for,
But I guess it has found me,
Now I'm looking for something to ease the pain.

This isn't what I should be,
But I'm starting to feel like its true,
This pain isn't something I can deal with,
Its causing me emotional distractions,
And its affecting everyone I know and Love.

Suffer.....,
Is pain with sorrow,
I can't help my tears from falling,
But I can't help but let it run.

My tears are falling helplessly,
I can't control what they do,
Even if they are in my control,
But they just come crawling out.

Theres too much suffer in my world,
That I can't handle everything,
I don't know what to do anymore,
I just feel like being left alone....

Suffer...
Isn't the meaning of MY life,
Neither is pain or suicide,

But its taking over my life,
And its starting to show.

I just wish my suffering would disappear,
I know I can make it end,
But the more I try,
The more it comes back.

Gothic Fairy Princess

Thank You For Being My Friend

Life is too precious to worry about stupid shit,
So have fun, go party, and fall in love.

Say what YOU want to do.

Regret nothing and don't let people who don't matter,
Bring you down.

When we first talked to each other,
I knew we would always be friends.
Our friendship has kept growing,
And I will be here for you to the end.

You listened when I had a problem,
And helped dry the tears from my face.
You take away my sorrow,
And put happiness in its place.

We can't forget the fun we've had,
Laughing til our faces turn blue,
Talking of things only we find funny,
People think we're insane..... if only they knew.

I guess this is my way of saying thanks,
For catching me when I fall.
Thanks again for being the best friend,
And being here with me through it all

The Love Of My Dreams Is Lost

I know your smile is not for me,
I see your glance is put aside.

Im not the one you dream to meet,
But its all right. I still abide.

Your hands can never touch my face,
You are to kiss some other lips.

My only dream I cannot raze,
My only sense, which never sleeps
While praying I repeat your name
The most sacred word I know.

Is it a fame or just a shame
What hinders you to look below?

I shall submit and shadow you;

Without questions I shall wait;

I shall become somebody new
I shall. If you appreciate.

I gave my heart to you. I did.

I dont claim you to do the same,
Just be with me thats all I need.

Dont think of me but call my name.

And when my eyes are full of tears
I know its nothing what you feel.

Im scared, but hiding all my fears
this is just all to real.

The Passage Wayto Happiness

The passage way to happiness,
Isn't the trail to follow,
It doesn't take you anywhere,
But leads you to sorrow.

Theres no trail of happiness,
Only the people that surrounds you,
The only people that will make you smile,
Are the people you know and follow.

The passage way to happiness,
Isn't something to look for,
Something like that doesn't seem so real,
But only in the shows we love to watch.

Don't blieve in what people tell you,
That theres a trail that leads you to happiness,
They just wanna see you smile....

The passage way to happiness,
In nothing near reality,
But the people around you say its true,
And they say its somewhere around the world.

Dont go around this world,
Just to find that lonely trail of happiness,
Cause you will never find it,
I dont mean to mean so mean,
BUt I'm just tell you the truth,
But theres no way to find a trail of happiness,
If its not even true.

The passage way to happiness,
Is only in your imagination,
You think its so real,
Just beacause people say its true.

Who would you truly believe,
Yourself or the people that surrounds you,

When it comes to that,
I would rely on myself,
Not on the company of others.

The passage way to happiness,
Is a figment of my imagination,
But the reality of my friends are real,
Since they make me laugh and smile,
When they see me sad.

My peers really know me,
Since they are always so concerned,
When I'm feeling down,
They have a way to make me smile,
Thats my passage way of happiness,
But theres no trail for me to follow.

The Sick And Twisted Mind Set Of A Possessed Angel

What do you do when someone you love dies in your arms,
and in the distance you can barely hear the siren alarms,
it's a fact; things happen just like that,
it's not an act, it's not a movie you can remind back,
but it's like the nightmare that you always remember,
after they hit your car you lost your temper,
and the pain turns to anger and anger to rage,
and like no pen on this paper your left with a blank page,
they claim they didn't see you but how could you miss?
You wake up with no memory and the tell you like this,

You stumbled out of the car with the bloody trial,
you open their door and your mind travels back to jail,
only 3 months probation left, is it really worth it,
but choking their soul out with your hands is perfect,
then you pull out a gun and fire and fire,
for satan, for greed, for pleasure, for desire,
you killed all 4 of the kids in the car,
only later to be found wasted in a bar,
and you had no idea why you were being arrested, f
or this Earthly purposed to be tested.

I killed those kids for no reason,
to be stuck in a cell with no season,
no days, no hours, no months, no weeks,
I bite my gums to bleed on my teeth,
The Sick and Twisted Mind Set of a Possessed Angel,
with a soul that chokes itself and strangles,
and gets mixed with the wrong things,
stuck with both horns and bloody broken wings,
with clouds of flames and a halo of fire,
for satan, for greed, for pleasure, for desire

This Certain.....

I hate this certain person,
I will not mention his/her name,
This person is so annoying,
This person caused me so much pain.

I like this certain person,
But I wont mention his name,
Hes cool and funny,
Now thats the guy I would like to take.

Theres this certain person,
I wont mention her name,
She can tell when somethings wrong,
She can whens somethings ok,
I'm glad that we met,
Im so glad in deed.

Theres another great guy,
We are close friends like others,
We hang-out together too,
And we look out for each othertoo.

Theres a certain class,
That I really hate,
I have nothing to do or learn,
All I'll have to do is sleep.

Theres a certain parent,
That I should always loved,
But I have been abused by them,
So I cant show that affection.

There are so many people,
And there are so many things,
That I hate so much,
Neither is good or bad,
But it life we have to take.

This Is My World

This is my world,
That no one can destroy,
I'm in charge of my own Ikife,
Thats what I'm gonna do.

I have my life,
So I'm in charge,
I'm writing poetry in despite of it,
But my poems show my true feelings.

This is my world,
I am not a slave,
I will show you no fear,
I'm gonna tell myself what to do.

I'm in charge of what I do,
No matter what people tell me,
I'm gonna listen to the voice inside my head,
But I'll listen to the people who says its true.

This is my world,
You'll never notice the change,
Unless you know know me like my friends do,
You'll never discover whats gonna happen next.

My world is different than yours,
You can enjoy drugs and underage drinking,
But I enjoy writing poetry.
That what keeps me occupied,
And so does the things in your world.

This is my world,
You can't change what I do,
And I won't bother changing yours.

Don't bother telling me to change,
Cause I won't listen,
I wont follow the way you want to live,
I'll go my way just to survive.

This is my world,
I have chosen my own life,
The way I wanna live,
And the things I wanna do.

I'll live how I wanna live,
And I'll do what I wanna do,
I can't be like you,
I just wanna be me,
And see the world the way I wanna see it.

This is my world,
You can be in it,
I wouldn't leave you alone,
I ca't leave just anyone behind.

Too Late

Its a little too late,
To make things right,
To be my one true love,
To be with me once again.

You wanted to be my love,
But you ruined your only chance,
We had it workin out,
Until you changed your plans,

Its a little too late,
To apologize and,
Wanting to go back to the way things were,
But everyone knows how the world works.

You think things would go the way you want it,
Just to say sorry and to begin where we left off,
Its not that simple,
A girls heart is easy to break but
It takes time to heal back together.

Its a little too late,
You need to know what to say,
You need to know what your in for.

We are delicate like glass,
But we can be hard as rocks,
Hurting me would only make things worse,
Unless you wanna cause a heart-break.

Its a little too late,
To undo my tears,
Now I in the fear,
Of dating again.

I loved being with you,
And I know you did too,
But since you left my side,
I dont think I have the courage to face the heart-break again,

So now I have a special poem,
Its specially made for you,
I hope you enjoy it
It remind me of you within,
Someday you'll cry for me
Like I cried for you
Someday you'll miss me
Like I miss you
Someday you'll need me
Like I need you
Someday you'll love me
But I WONT love you

Gothic Fairy Princess

Untitled

Things are so differently now,
I don't know exactly what to say,
The words I want to say now is I miss you,
I just want to see you again.

I am so confused,
I don't know what else to do,
Emotional distraction... the painful truth,
It's all like death to me.

You are my bright shining star,
The one I see in a dark lonely sky,
You are the one I can see in everything I do,
Tho it reminds me of you.

This world is full of mysteries,
Those unspoken words... lost and confusion,
I have words that are still left unspoken,
Though I have some sense in direction.

I am nothing without your help,
We are nothing without integrity,
You are my strength in love,
I am your heart in hope.

I get lost in your brown eyes,
I notice no one when we kiss,
We are perfect in our minds,
When family don't think it's right.

When we shared that final kiss,
Then said this final goodbye,
Tho wishing this would be another joke we'd play,
My mind is playing tricks,
I know my hopes can't be true today.

It's this feeling that I hate,
It's the love,
Not the pain,

It's tearing me apart.

I wished it was a joke,
I thought it was a game,
When you didn't show up where I first saw you,
Everything fell into place.

You changed my life,
I've changed your s too.
I want you in my life forever,
I'll fight for you,
'til your finally mine.

Gothic Fairy Princess

Whats Wrong With Me

Whats wrong with me,
I never felt this way,
My heart has taken over my mind,
Cause all it can hear is you.

I can't keep my eyes off of you,
I guess this is a girl's heart works,
BUT I never knew my emotion can run wild like this,
And take over my mind.

Whats wrong with me,
Is this really happening,
Is this feeling really true,
Cause I can feel like I can do anything with you.

I never felt like this before until I finally saw you,
You're the best guy I've ever known,
You try to help me with my problems,
Even if your advice doesn't work,
You try your best anyways.

Whats wrong with me,
Can you tell me whats going on,
Can you show me whats happening,
Cause I dont understand it quite right.

Try to show me the true meaning of love,
Even if you can't,
My heart and mind doesn't know what to do,
I don't know what to do or believe in right now,
either the pain or the heart full of love,
I dont know which one to choose,
I guess I'll have to take both in,
Looks like I can choose between true feelings.

Whats wrong with me,
You're always in my eyes,
Even if your not around,
It seems I can't keep you off my mind,

Wherever I go and whatever I do.

I dont want to crush on you any longer,
BUt as the days go by,
It gets harder to do so,
Cause I love you so much,
It makes it harder to make it actually happen,
But I guess I have to try harder,
And see the progress I do.

Gothic Fairy Princess

Wherever You Go

Wherever you go,
I'll be thinking of you,
Whatever you see,
May it remind you of me.

I know we are friends,
I also caused a crying problem,
You may know I have many cuts on my wrist,
BUT you may never know what those causes are.

Whoever you see,
Just don't forget about me,
Whatever you do,
Dont forget whos with you.

We only met three years ago,
And you already know who I am,
From my dangerous kicks to my Peanut Butter Hyperness,
BUT your cool at defending me too.

Wherever I do go,
I'd wish you would be there,
Whatever I see,
I can see you with me.

I met you in seventh grade,
Now we're making it through High School,
We remained great friends,
But you know me better than I know you.

Whatever I see,
I couldn't forget about you,
Whatever I can do,
Please be with me too.

Even though you are not with me,
You are always on my mind,
Even though you are doing something different,
Our friendship will never end.

Gothic Fairy Princess

Why

Why do problems have to happen?
Why does death have to show his ugly face?
Why does pain have to exist?
Why do I put suffer in its place?

Why do you blame everything on me?
Why is everything my fault?
Is it because you hate me?
Is it that I hate myself?
Are you trying to teach me a lesson?
Are we drifting apart?

Do you really mean what you say?
Are you giving me something to believe in?
Tho telling me words you and I don't believe,
I'm never going to buy.

I don't know myself anymore,
Actually I never have,
I don't know what I'm suppose to do,
I don't know what words I'm suppose to say to you.

I may be different,
I'm not going to lie,
I may of made some stupid mistakes,
Tho with everything that's going on,
I don't know what else to think.

I think of every possible way,
To remove problems from ym mind,
I can't treat you like family,
I don't know who you are anymore,
Is it that I don't know myself?

I'm not myself right now,
Actually I never have been,
Tho don't worry,
I'll figure it out by myself.

Today I'll say my goodbye,
Tho don't hope it's my last.

Why Won'T You Talk To Us

Why wont you talk to us,
You normally dont act like this,
We've never seen you like this.

The way you're acting,
Thats something we've never seen in you,
You were never like this,
Why are you changing now?

Why wont you talk to us,
We need our real friend back,
I can't stand to see you like this,
NO one can have any real fun,
When your acting like someone new.

We don't know who you are anymore,
No one has the slightest clue.

Why aren't you talking to us,
No one is having fun,
You're ruingin what we have as friends.

Why aren't you talking to us,
Do you really care about us,
Do you understand what your doing,
Just please what we are feeling.

We try so hard not to notice,
But it doesn't feel quite right,
I dont think you quite understand this,
But its like you don't even care.

Do you care without the fun the fun or not,
You normally make the fun more enjoyable,
Or you would join in in the fun,
Now its like you dont even want to do anything.

Why wont you talk to us,
Did we do something to upset you,

Was it something we did,
Tell us something we can do,
Vause you are scaring us now.

You're frightening us,
By the way you act,
You're being so different,
You worry us to death,
Can you tell one of us,
Just help us understand what to do,
So you can finally talk to us again,
Then go back to the way things were,
Or try to put all the thigs back together.....

Gothic Fairy Princess

You Mustn'T Catch An Angel

You mustn't catch an angel,
No matter how much you try,
I know you want to be protected,
But theres already one alive.

We mustn't catch an angel,
NO matter how much we cry,
We know we don't like being lonely,
But theres and angel by our-side.

I know you want to be loved,
I know you want faith,
Theres someone by our-side,
Even if were lonely or with our friends,
Theres always someone who will love us til the end.

We have an angel,
We also have a simple destiny,
A destiny to have the one they love.

Your angel is within us and our friends,
Our angel is also in God's protection,
But an angel is an angel no matter how small.

So you mustn't catch an angel,
No matter how much it is important,
Becauseyour angel is around you.

I would never catch an angel,
Even if I tried,
My angels are around me,
And I didn't have to try.

Angels are among us,
All you have to do is look,
The angel here,
Are the angels of you and me,
We are an angel to someone,
Just believe its true,

And you will see.
