love poems..

A Poem...For Her...By Him..Your Missing Piece X

Why is it I feel like I do?
Why is it every spare moment i have
is filled with the thought of looking in your eyes?

Only someone who has felt what i feel for you,
Only someone who has spent moments in time with you,
Captivated by who you are, in awe of your spirit as I am,
Only they could possibly know how and why i feel as I do.

I know in my heart no other person has ever had just a fraction
of the love, respect and longing i feel for you,
So i tell you now,
There is no other who could answer such questions,
There is no other who could feel as I do.

You came in to my life when i was lost,
Wandering the web, evenings out,
Searching for something I craved for,
But couldn't quite understand.

You suddenly filled my life with colour, with light,
With new and incredible feelings of warmth, calm
and such unsurpassed electric sexual chemistry.

We are both travellers on this forbidden road,
Journeying together, crossing each hurdle as we
come across them, savouring each moment.

I now that long ago we promised ourselves to others,
That we will never be more than we are now,
Spending brief but so wonderful stolen moments floating
on our cloud.
Our love is forbidden, so wrong to others,
Yet makes our lives complete and whole.

I know you have a very lucky man,
He has you and I hope you will always
be loved as you deserve.
You have so much and I promise you,

It will always be safe,
It will never be anything but secure,
Our love remaining as it must,
Secret, hidden within our hearts.
But I hear myself say,
They are lucky, so very lucky.

Promise me this,
when such a day comes where
our hearts must part,
Once the tears have dried and
your spirit 'so' once more,
You will sit back, close your eyes, touch your heart
and know that although we are no longer together,
I am always there, so very close,
That you need only dream for a moment
to loose yourself in all the wonderful, magical
and lasting memories we have made together.

I love you so much Her,
Why do i feel this way?
I now know why,
Because ive totally lost my heart to you
and whatever happens in the future,
I know you will always carry a part of me with you.

Breath Of Love

There comes a gentle knocking in this night,
This night where my slumber lays restless.
I tumble and turn to stir my tears.
My eyes open with the rhythm of
the memories that are tapping at my door.

You have come again to haunt my dreams
And pull back the covers of my heart.
I lay here willing to think of you and
The youth you gave me so long ago.

How long the breath of love has lay dormant
Resting and waiting, eager to fill me again.
It has slept with its own aloneness where
My canyons echoed the sounds of its silence.

Like a torrent of honey bees your
Love comes to me and steals my sleep.
It wakes my soul and shuffles
The moments of life that live forever.

Your embrace is welcomed like an old friend.
I gladly let it wrap its feelings around me.
The tenderness of your kiss quenches me
until the dawn comes to hide you away.

Brooding...

In verdant prairies
where boughs of calloused
trees
cast green shadows
around me,
gale wind wafted through
leaves in such jocund
harmony.

With breath fawning
on my ears,
the vibrant breeze
murmured your name-
...softly, tenderly,
and soothingly...

O! How horrid Refrain
shrieked within,
like a tire raged by
the orb of heaven;
where oft I slipped
into the gap
'twixt rapture and despair.

Yet lying on green
pastures,
I listened in placid glee
with pensive thoughts
resonating
toward nature's
unspoken melody.

Then,

silence ensued...

Can We Still Be Friends?

I was cold and hurting
lost out in the night
wandering and searching
for heaven's light

I saw the night sky clearing
when you spread your rainbow wings
But little did I know
what joy you would bring

From that moment on
a friendship did start
you kissed away my tears
and sheltered my heart

I bless the day God
sent him from above
But then I grew fearful
for I had fallen in love

I told you this feeling
and what did you say?
You said you liked our friendship
and that's how it would stay

I cried for a friendship I thought I lost
But then felt your warm, gentle hand
You then whispered in my ear
that by my side you'll forever stand

Eternal Friendship

Who once has had a friend has found
The link 'twixt mortal and divine;
Though now he sleeps in hallowed ground,
He lives in memory's sacret shrine;
And there he freely moves about,
A spirit that has quit the clay,
And in the times of stress and doubt
Sustains his friend throughout the day.

No friend we love can ever die;
The outward form but disappears;
I know that all my friends are nigh
Whenever I am moved to tears.
And when my strength and hope are gone,
The friends, no more, that once I knew,
Return to cheer and urge me on
Just as they always used to do.

They whisper to me in the dark
Kind words of counsel and of cheer;
When hope has flickered to a spark
I feel their gentle spirits near.
And Oh! because of them I strive
With all the strength that I can call
To keep their friendship still alive
And to be worthy of them all.

Death does not end our friendships true;
We all are debtors to the dead;
There, wait on everything we do
The splendid souls who've gone ahead.
To them I hold that we are bound
By double pledges to be fine.
Who once has had a friend has found
The link 'twixt mortal and divine.

I'LI Be There

Embedded within my heart,
A special door with your name.
Life changed from the start,
Since the first day you came.

Endless unconditional love,
For you I will always care.
God as my witness above,
I promise I'll always be there.

I'll wipe away your tears,
Help you up when you fall.
Fight away your deepest fears,
Upon me you can always call.

I'll buy you a dozen roses,
Sing to you until you sleep.
My heart gently proposes,
A love for you so deep.

I ask for nothing in return,
All I want is to be your friend.
Your happiness is my concern,
I guarantee it till the very end.

My Confession To Love

Here I stand and wonder why, I try to understand the word love.
But yet I can't seem to find it in my heart.

He says he loves me all the time, and I try to believe it's true.
So how do I get the strength to say it back?

I've been hurt by those who deceived me and made me love thee.
And now all I have left inside me is hate for everything that has
anything to do with love.

They promise me they won't hurt me and they promise not to leave me.
And even he I can't believe. So I must confess I cannot pretend so
this must be the end.

Sonnet Of Love

We stand on the ground
upon a turning page
brandishing like a banner in the wind.

Here in the branch of land
and the debris of its flipping leaves
and the page
that in its lines
absorbs the ink of our fate

the book that from the green ink of our phase
prints the unsettling song of its departures
with the words that
they seize hands to serenade

And to tune
the golden grove of our chests
when they burst in their love
and the white flutter of our wings
grafting
in the dove of our hearts

The graft like the rose's red sonnet of blooming!
Like the sonnet of colors when they surrender to your eyes!
and the worship of leaves
in temple of the stems!

Like the sonnet of sun ridge
on the hackle of our hands
Like the nest of lights on branches of our faith

Like the sonnet of borderless regions
and remote lands
The sonnet of reborn paths
and the womb of the passages
that is brimming of the rays of sunshine

Soul Mates

Every second I spend with you
Really is a dream come true.
When I'm with you I feel so free
I truly am as happy as can be.

When I see you my heart races
I could spot you in a million faces.
I cherish the words from you
Telling me your love is true.

My life without you would be a mess
I would be in total distress.
So I'm sending you this to say
I love you more with every day.

Soul mates we are forever and ever
Marching through life together
Until our life here on earth is done
Our two hearts will beat as one.

Treasured Friend

Today the sun shines brighter
No clouds adorn the sky
My moods a little lighter
Emotions I can't deny

Feeling like the seasons changed
Spring flowers fill the air
Winter cold has been exchanged
With warmth that is so rare

Can't rid myself of this smile
Someone placed it there
Making my days worthwhile
Friendship is what we share
