Writing poems is one of my hobbies but it was because of my loving a beautiful girl she live so far from me and I like her so much, So I started writing all these poems specially to her cause I love her so much from all my heart, I became very famous poet in whole the world because of my loving her so much from all my heart but with all my sadness she don't know what I feel here deep inside my injured heart cause all my loving to her it was from only one side with all my sadness so simply she don't feel in my suffering.

But at the end she left me simply and she dropped me in the dust.

Hurtful interaction

hearing last word from you was hello
my heart were betting fast was about to blow

my hopeless entertaining never brought me a smile into my face
I admit my failure in that race

new life with different taste dragged me
shameful manner for the rest of life hosts me

stand front of the ocean wave and saying goodbye
all heard from me was true and i never lie

listen to your heart and see the reality
compare me and see the quality

hope you like it.

- - - Princes Was A Dream Girl Day & Night- - -

Princes was a dream girl day and night
Reminded me listening to the song of moonlight

I still can feel the taste of traditional food
Your love was my shadow i pronounce as a cap hood

Smile with hidden tears every night
Regret became your host, now its too late for fight

I wont give up of writing articles even accusing me again
I smile when I remember calling you, you don't have brain

Where are all food and the way you were making it with me
Its all gone, its just a shame, I cannt see you anymore next to me

- - -(((It Is The Fourth Anniversary Of This New Year))) - - -

On this day, my girlfriend left me alone
Because of her love for another person
I lived long nights alone thinking all the time
Why have you forsaken me so
I'm in this day started a new collection of poems I would like everyone read and live
with me in historical moments that I lived with her

I hope everyone will be with me on this day
I am so sad
I did not forget her in all these long years

Please everyone living time with me to read the poems set by specially to her

- - -An Orphan Saw A Flower With Golden Hair- - -

An orphan saw a flower with golden hair
The sun shined her and lighted her in fully fair
Eyes refused to blink
Heart started to bet fast
Body was shaking
Blood denied to circle
Greenish became the Favorite chosen season
This will stay inside of orphan because he has reason
Blocked also controlled the anger for long journey
Tasted the hand made in added different recipe
Replaced blindly with inappropriate chosen
Sadly accepted realized his life has frozen

- 'My Romantic Heart Loves You' -

My heart loves you

My soul loves you

My eyes are missing you

I wish that your family agrees to marry me

But what can I do, it's something in your parents hands

I write letters to you all the time

I put a rose every day on the wall of your house

You are my life and my soul

Each beat of my heart is calling you, honey

I love you so much

I miss you so much

I wish that I can be with you someday

I wish that

'Best Wishes To You From Whole My Heart'

I will keep stand under you with all of sophisticate

You are the only one can change the beauty of nature
I will always keep mention you from each corner

You were being faithful to me

I understand you spent you tears all around the world
Its for sake of human lives and for sake of food

(((Broken All The Meanings Of Love)))

Broken all the meanings of love on the threshold of your heart

To whom to complain my lovely lady

Since I saw your blue eyes exploded in my heart feelings to dedicate to you

Longing & affection & inspiration for the wound

Oh my lady I love you so much from whole the bottom of my white romantic heart

Oh my rose I ask you to give charity to these words of mine

Come to me My dear & forget all the past

If you say this is a dream I will call you in my dreams

You are my inspiration

I love you to be smiling all the time

You are to me the most beautiful moon

I love you & I grew a passion whenever I think about you

Honey yes you are my inspiration & I am all the wishes that are best for you

((I Wish You Weren't In So Much Pain))

I wish you weren't in so much pain,
But on a beach with us in Spain.
You've always been the one that's funny,
I'm not here to take your money.

A lovely lady, Grandma you are,
In all our lives, you are the star.
So many things we've learned from you,
What's that recipe for that stew?

We just hope you feel much better,
You don't have email, so here's this letter.
We love you so much, we adore,
Even when you sleep and snore.

----(((My Dear Dear))) ----

My dear dear

I am eager longing to meet you

Long years have passed

But I did not see you on the way

I prepared four seasons per year

One after the other

It has been a rapid fall

And I was sitting beside the heater lonely

I missed your eyes angelic blue sea color broad

I do not know when the day will come to

Where I will be sitting close you

I will be waiting for a day at the ready

Hope to meet you some day

God bless you & protect you from all harm

Kisses for you

Meet you soon, my dear dear

Sincerely
Your Lover Forever

((THE HOLLY QURAN))

- - THE HOLLY QURAN- -
It's just a book;
Mind you taking a look;
It will prevent you from Nar's hook;
Even if you are just a mere cook.

It's words are inspirational;
To success it does call;
Read it instead of going to malls;
Preventing you from Jahanam's walls.

The book is greater: Due to the words it contains;
The reward later: Too much you gain;
A dwelling better: Next to a beautiful garden.

When you read: This book of Allah;
A letter ten good deeds: By the will of Allah;
You will have achieved: Say Alhamdulillah.

If to read: Your state should be clean;
If to follow; Your actions shouldn't be mean;
If to teach: You should be very keen.

The Final book sent to the last messenger;
Muhammad SAW not Arsen Wenger;
Read it especially when in anger.

A book so Holy: Revealed to our Rasul;
Put in a trolley: Are you a fool?
Use it as your ally: You will be cool.

((I Love You All))

I love you all
I love your wide blue eyes
I love your long blond hair
I love the warmth of your smile
Cause I love you so much from all my heart
I love your walking style
Cause each step of your walk is a tone
Beating inside my romantic heart
I love the red dress that you wore in that party before many years ago
It's my dream to share the same moments with you again because it was very
beautiful moments
It's now all became anniversary to me cause I only seen them in the pictures album
I need to dance with you the last dance after that I can feel in comfort
Whole my life is suffering & you only can lift me up to the high
You only can treat all my injuries
I feel in comfort just when I see you beside me in all the time
Especially every second of the night
I feel in comfort just when I see you beside me
So at end could you give the last chance? My lovely princess
I love you
I love you
I love you so much & nobody can take me away from you honey
Believe me in this

Darling every time I see you all the rays of the sun

Darling every time I see you all the rays of the sun are streaming through the waves in your hair and every star in the sky is taking aim at your eyes like a spotlight, The beating of my heart is a drum and its lost and it's looking for a rhythm like you, You can take the darkness from the pit of the night and turn into a beacon burning endlessly bright, I've got to follow it cause everything I know now, Well its nothing till I give it all to you my lovely beauty princess, The important thing in all this is and I will say it in whole my life that you are my love and I don't have any thing except you darling in whole the world.

Every night before I retire to the bed

Every night before I retire to the bed to sleep I go to the veranda for look at the moon and the stars for remember you honey cause you are so far from me, I remember our beautiful moments that we lived it each other from a long time before you are leaving me alone, I remember your beautiful white comfortable face, Your beautiful angels eyes and then your an angel face comes to me from the moon from the far space in the high with a white horse, Comes to me to take me with you to go to the high and forget everything and the whole world, To live our beautiful times again each other only in the far space near the stars and the planets.

Finally we are back today

Finally We came back today and forever

Ali Sabry

I Asked Myself Today Darling

Oh the same as what you see you confused
Made whole my life the king to fulfill which make it into the fire moving
You know it's deceitful & crafty himself in love
I loved & love making ribs cage protects as ground cover circuit
Housing my heart & my whole life but in a flash returned vacant
What's mine? Has handed over my heart & I can not
The melancholy sad sadness but joy I pray to God thankful
But fate was not with me this time, what do you see?
Do you want me to forget all this how? It floats in memory
If I couldn't collect all these beautiful memories
I'll be like the inanimate objects without the ability to live

Ali Sabry

Ali Sabry

My Dear,

The other day, only about you I thought.
This time I've realized I need you a lot.
I saw a young woman walking towards me,
While I strolled on the street, being lonely.

I'm sure it was you. She had your countenance too.
You have changed so much since I last saw you.
You're more beautiful than when I saw you last time.
You are getting prettier, but your allure is the same.

May God bless and protect you, all your life.
Darling, let's try and get rid of all this strife,
Which is between us. Let's try to sort things out,
And get together again. It was indeed my fault.

I hope you will forgive me for my past errors.
I didn't have any other woman all these years.
Every day I waited for your phone call.
But you didn't bother to phone me at all.

I'm here in front of you. Please forgive me.
I'm ready for anything, if you accept my plea.
You overwhelm my mind with your face and your voice.
I can even smell the perfume I bought for you once.

My dear, right now you mean everything to me.
My other half — the twin of my soul, I want you to be.
My affection for you is beyond everyday occurrence.
I save hot kisses for you. Please, give me a chance.

My Last Letter To My Lovely Beauty Lady With All My Sadness

Dear my lovely beauty princess, My darling.

Hi and best greeting to you from all my heart, How do you do honey, I am always asking about you every day, I hope you are doing good.

My lovely lady, Please tell me who is the responsible in your leaving me alone for whole my life? .

My darling I want to tell you that I can't live my nights lonely cause I need to see you beside me in all the time every day specially every second of the night cause simply I feel in comfort just when you are beside me.

My darling the moon every night is asking me about you how can I answer him and you are now so far from me with all my sadness.

How can I answer? , Please tell me my darling.

Darling I promise you that the day will come soon and I will get you again I promise you on my life.

Honey I will never forget you even if you forget me cause I don't care for all this you are to me at end it's my game I win at end the prize.

The night and me we became friends cause I live whole my nights lonely under the moon and the stars cause I don't have somebody to talk with him in whole the world except you, You only my best girlfriend cause you have a place inside my white romantic heart in whole my life I had never talked with any girls except you, I swear to you on my life, When I see any girl in the streets I turn my eyes far away from her or change my way cause I swear with myself that I will never look or talk with any girls except you, You only my lovely girl in whole my life, With you only I can find my happiness.

Darling you only the person who can treat all my pains and all my injuries that happen to me because of my loving for you.

You only the person who can lift my spirits to the high.

My deep injuries are look like the sword injury that the knights leave them in their enemies' bodies in the war.

Honey I can't tell you what happen to me after your refusing to marry me for a small tiny thing it is not important and in fact I know the problem exactly why, I live in another country it's far away from you 24 hours by the airplane, I fall into your love when I heard there is a girl like you after that I became so happy cause you only I was able to talk with her and I am so proud cause I met a beautiful girl like your awesome beauty.

Honey I don't want to play on you in this letter, My darling don't understand me wrong but I want to be very clear with you.

I love you more than any body and I am ready to put my soul and my eyes in your hands if you like, I can do anything for you and I promise you that I will make happy in whole your life, I swear to you on my life cause I am ready to pay everything I have for you only.

You only the person who I can live and share my moments with her.

You are my other half, Be sure on this.

Darling the problem was my problem in fact from the beginning cause in whole my life I wanted to contact with you but with all my sadness nobody want to give me your e-mail address or your cell phone number.

Honey set me like one of your friends but all my feelings in front of you is true and it's all coming from my romantic white heart.

Darling you must be happy for all this cause for over five years and I am writing romantics poems for you personally, All my romantic poems it's for you personally I wrote them all for you only, But my bad luck is that I couldn't reading or sending them to you.

This is my bad luck what can I do.

Honey I can't spend my life every day happy I am always so sad and whole my family and my uncles they are witness on this.
Everybody asking me in all the time everyday when I am at work or I am outside the house with my friends why I am sad? I answer because I lost my other half, I lost you simply with all my sadness.
I wrote over 140 pages of romantic poems and all it's for you only personally and I sent all of them to your father hoping to give them to you and I published them on the internet too you can find them on the "Google" website just write my name "Poet Ail Sabry" and see what I have for you, I became a famous poet in USA cause I published them on the "PoemHunters" Website this website is very famous in your country you can ask your friends about it.
When I published the poems on this website I resaved over 450 letters from whole the world specially from USA they are asking me about you why you left me alone and why you don't want me.....etc.
I wrote poems for you personally in whole these long years that it's gone for whole my life for you only and I am so proud cause there is no expensive for the love even the life cause I don't care for my life if it is gone for my lovely girl, I am so proud on this. And you can try me in my letter this, You know how many hours and I am writing it over 4 hours I stilled whole the night writing it and design it for you hoping you like it and I want you to feel in my sufferings and what I feel here deep inside my injured heart.
I am so proud because I met you for once and suddenly I fall into your love. My lovely girl I know you will be shocked for my words but this is my true talking I am very clear in everything, I had never lie someday, Your father know this he told me many times that he respect my true talking.
When you stay far away from me all my life will became worst and the fire will burning inside my body and my heart.
Honey I want you to know what happen to me and to my life when I became loving you.

They burned my heart inside the fire to make this heart forget you forever
They made me crazy
They hurt me
They put me inside a great desert storm to make me forget you forever by force
My darling if they took my happiness
If they made me drink my tears
If they made me never have a nap or to sleep in whole my life
If they took me far away from you and put me in an island nobody knows it
"Honey simply I'll never forget you in whole my life forever"

I want to tell you don't worry because my heart and my soul they will stay with you forever even if I'm far away from you.
I will never give up cause I win at end it's my game I win at end this is it.

My lovely princess my soul will stay with you to the last breathing of my life
If they burned me by a fire stone
If they took my eyes light honey my eyes light is for you only
If the hurt me by the air
If they left me without any medicine
If they want to kill me at end
Darling I don't care for all this cause all my life is for you only
I breathing for you only

I breathing for you only
There is no medicine in whole the world can treat me except you
You are my doctor
My love story with you it will never close forever
My love story will close in one condition
Only just if I died and I couldn't meet you for once in whole my life
You taught me to love the world
Please take my romantic white heart flying in your air

You taught me to love my life because whole my life before you was nothing but whole my life after loving you became like the paradise.
Honey whole my life is stopped on your answer cause I talked with your father many times and he told me that the answer is in your hands.
Please I wanted through this letter to make you feel what I feel here deep inside my body especially inside my broken heart.
I don't want to push on you in marry me, Please don't understand me wrong but see by yourself do I good for you or not and answer me I hope you understand me good through this letter cause I have many things I kept then in my heart and I want to tell you about it.
Honey I am waiting for your answer, You can talk with your father about our future.

I'm the person who is fighting to build his future

At my end of my long letter I want to wish for you the best future and the success in whole your life and I hope someday you invite me to your birthday party I wish this from you.
Thank you so much.

With my best regards to you and my best wishes from all my heart with roses flowers.

My Poem To My Lovely Beauty Lady After She Forgotten Me With All My Sadness

My lovely lady
I don't know from where you came to me
I don't know from where I came to you
My lovely lady why I met you in that day
Why I made you my lovely lady
Why I made myself crazy about your love
You entered in my life suddenly

- Sure I became so proud cause I met a lady like your awesome beauty.
- I met your awesome beauty that beauty nobody have it in whole the world
You became like a princess with me.
- Every beating in my heart is a drum and say your beautiful name in all the time.

My lovely lady I was about to dance on my heart beat
My lovely lady your name is plaid in my brain
Your picture is in front of my eyes in all the time
I loved you from the first time I saw you
I loved you so much from all my heart
I loved you when I know your awesome beauty
I loved you because you are my uncle's daughter so don't forget this please
You are my lovely beauty lady in whole my life
Honey you still my lovely lady to this day
So please don't think that I lost my love to you
You are very expensive life on me
Honey I am afraid from losing my love to you
You are very expensive more than whole my life
You are my other half simply
So I can't live without you or without your love specially
My lovely lady there is no expensive for the love till the life
My lovely lady your love taught me many things about the love
My lovely lady you made me crazy about your love
I became out of control when I stand in front of you only for moments
I can't tolerance your awesome wonderful beauty
But at end you made me nobody in front of you simply with all my sadness
I paid everything for you
I paid all my life for you
I wasted all my life for nothing at end
I was ready to stand on my knees in front of you asking you to marry me
It was my dream to come to you someday carrying the diamond ring
You simply dropped me like a cigarette from the car on the ground
My lovely lady I was ready to pay anything you want from me
I just wanted you beside me only no more no less instead all this
If you really left me I will make all peoples cry if I shout for once
Oh you made all my tears cry
You drain till my tears of my eyes

- My lovely lady at end who won who loss?
- Simply I loss cause all my love was from one side only.
- This is the big problem, This is the love from one side results.
- I couldn't have your attention for once to make you feel what I feel here deep inside.

Inside my sufferings heart there is a pain and losses

I kept you inside my white heart in whole these long years
You was my soul twin and my soul breeze
But this is my fate and I have to accept it at end

- I became a love story victim at end like "Romeo and Joliet".
- I became a story and anniversary simply you can remove me from your brain.

Thank you so much for everything you are did it to me
Specially your leaving me lonely at end

- But I want you to be sure that I will never get marry after you in whole my life cause you destroyed all my life and you broken my white heart.
- My lovely beauty lady I wrote this poem after you are forgotten me with all my sadness because of a tiny thing is that you couldn't know me well but we have the same blood and we are breathing the same air every day.

'My Wonderful Beautiful Lady Has Golden Eyes'

Your angel eyes cursed me from the first time I met you
Your eyes have magic made me follow you simply
Your eyes colors stolen the color of the honey
Because the color of your eyes its gold
Your eyes shining in the night same the stars in the sky
I had never seen like you in whole the world
On all these specifications in you is not finished yet because you are unlimited in the beauty
Your long blond hair is very awesome
When the air plays with your blond hair & its fly when you are walking
Oh my god
I'm dying on this section of your beauty
Your awesome beauty chasing me everywhere I go
I can't remove you from my head simply
I see your picture always in front of my eyes
You burned fire inside my heart

I can't tolerance your love simply
You are very hard love on me
But at the end I must accept it because this is my fate
May be I can't do everything for you that you want
But I have a white romantic heart it's for you only
So please except this heart that it's in your hands
I don't have money but I have this heart
I can give you only the real love in whole your life
But I can't build castles in the air & all suddenly fail down on the ground

'Please My Lovely Lady Don't Leave Lonely'

Please My Lovely Lady Don't Leave Lonely

Oh my dare

It's very long time you sent letter for me

Why you are keeping yourself silent in front of me

My dear let me know if you want me

Cause I need to see you for a while

Also for sure

You burned fire inside my body when you left me lonely

This fire it will never extinguish until I see you again

Please my lovely lady don't leave me alone

Cause I need you here beside me in all the time

Specially every second of the night

You know honey that I feel in comfort just when I see you beside me in whole the night

Honey I'm asking about you in all the time but I think nobody want you to know my news

Oh my darling

Why you don't ask about me

I'm afraid you will go to forget me

After you will never remember me when you will go far away from me

If you left me for a day my soul will go with you to that place you go
& my eyes will be with you

My eyes will light your way

I need you please let me see you someday

Darling I need you please let me see you for once

Please don't leave me lonely

You are my beautiful lovely lady

I love you from all my heart

Please my lovely lady make me forget the whole world and all my pains with you and let's dance

Please my lovely lady make me forget the whole world and all my pains with you and let's dance

Lets live our beautiful nights each other only far of the crowds places

Hold me in your comfortable soft arms and stay with me please

Let me live in your beautiful angels magic eyes honey

Let me replete from seeing your awesome beauty my lovely lady

Honey I don't believe that I am now with you at end of my long suffering in getting you

I don't believe this cause everything finally became true I never thought this it was impossible

Please my lovely lady let me lift you inside my eyes cause I really respect you honey

Without you and your love I will become without dignity like a citizen without his mother country

Darling I wish that our lives stands longer and we can live forever like a knight with his princess

Cause I want to stay loving you every second from all my life without losing any tiny thing

I dreamed from many years ago that I will see you soon and I will fall into your love

Finally everything is become true all my dreams became true and you are to me now forever.

'Princes Was A Dream Girl Day & Night'

Princes was a dream girl day and night
reminded me listening to the song of moonlight

I still can feel the taste of traditional food
Your love was my shadow i pronounce as a cap hood

Smile with hidden tears every night
Regret became your host, now its too late for fight

i wont give up of writing articles even accusing me again
I smile when I remember calling you, you dont have brain

Where are all food and the way you were making it with me
its all gone, its just a shame, I cant see you anymore next to me

Princes Was A Dream Girl Day and Night

reminded me listening to the song of moonlight

I still can feel the taste of traditional food
Your love was my shadow i pronounce as a cap hood

Smile with hidden tears every night
Regret became your host, now its too late for fight

i wont give up of writing articles even accusing me again
I smile when I remember calling you, you dont have brain

Where are all food and the way you were making it with me
its all gone, its just a shame, I cant see you anymore next to me

Rain please do not stop, shower us from sins
Shower us with BARAKAT and bring us peace

Rain, you were bringing a smile to our prophet
I will keep stand under you with all of sophisticate

You are the only one can change the beauty of nature
I will always keep mention you from each corner

You were being faithful to me
You were the one did cry for me

I understand you spent you tears all around the world
Its for sake of human lives and for sake of food

The true love come from you
I promise i will always be faithful and remembering you

Hope YOU like it (Rain)

The Holly Quran

It's just a book;
Mind you taking a look;
it will prevent you from Nar's hook;
Even if you are just a mere cook.

It's words are inspirational;
To success it does call;
Read it instead of going to malls;
Preventing you from Jahanam's walls.

The book is greater: Due to the words it contains;
The reward later: Too much you gain;
A dwelling better: Next to a beautiful garden.

When you read: This book of Allah;
A letter ten good deeds: By the will of Allah;
You will have achieved: Say Alhamdulillah.

If to read: Your state should be clean;
If to follow; Your actions shouldn't be mean;
If to teach: You should be very keen.

The Final book sent to the last messenger;
Muhammad SAW not Arsen Wenger;
Read it especially when in anger.

A book so Holy: Revealed to our Rasul;
Put in a trolley: Are you a fool?
Use it as your ally: You will be cool.

To my dear expensive

'To my dear expensive'

Princess dreams to the picturesque beauty

I try hard to be out to you across continents

But destiny is written

To be away from each other

I will not forget throughout my life until the day I die

I have lived for days with you expensive

I do not know why you left me simply at the end of the road

You left me alone in the darkness of the road

We were living the story of romantic love has not lived them one by

I am now sitting alone among the trees cry

I did not find one comforts me and raises my morale

You are only estimated to forget me forever my sorrow

I have loved you love blind

I love quiet

Description forever and ever

You're The one you live inside my white heart

I will pay you love after love

I will grow up in my loving for you day after day

I will never forget you in whole my life forever

For days and long years you will stay my lovely princess

I hope to see you soon honey

God bless you in wholek your life

Very long time ago honey you captured my heart here in this place

Very long time ago honey you captured my heart here in this place
I'm afraid now it might be torn apart
We come back to our home again today after many years of leaving
Under the moon and the beautiful stars we stay sing the song
Our feeling fall free like small birds on a tree
The dream will come true and all our wishes will come true today
We'll think it through
We stand together sing this song forever
We get together again now and forever

Yesterday I Was Walking Alone On The Road

Yesterday I was walking alone on the road
I was listening to the car noise
& between the car lights I was seeing your face
Your picture it's shadow in the dark
Your shadow don't need lights to be visible
Cause all of you is lights
You are my light of my way
By your eyes I can see
Without you I'm blind
Why you didn't call me whole these long months
Where are you now
Please let me hear your pure voice for once
I know that the fate is to stay far away from each other
What can we do this is it we must accept it
I'm alone
The walls of my room cried for my situation
The empty pillow beside me in my bed asking about you

Ali Sabry

You are my beauty flower of my life

You are my beauty flower of my life
You are my rose flower that I have it in whole my life
They burned fire inside this beautiful flower to make you forget me simply
The night is coming & going very fast
& simply I can't see you beside me in these beautiful nights
I feel in comfort just when I see you beside me
& you know this honey
My eyes tears have taste inside my mouth
Because I'm crying too much in all the night so I can't drain them easily
My tears look like the falling water
If something happen for you I will destroy those persons who want to hurt you
I will vanish anybody who wants to touch one piece from your blond hair
You are my life flower but they pull you out from your roots
With all my sadness
They want me to forget you simply
If you died or you stay alive & they hurt you
I have judgment day with those persons who did this to you
Their day is going fast & I didn't hear your pure voice
You are my lovely beauty princess
You are my fate and I will wait for you in whole my life
I will wait you to the last day of my life to my death day
I will never forget you in whole my life
I promise you that the day will come soon & we will meet each other simply
Take care for yourself honey
Take care & be careful
My god bless you

You come back to me at end

You come back to me at end and you apologize to me and you want to forgive you after everything happens between us, You destroyed all my future and you broken my heart suddenly, That heart was belongs to you from a long time and loving you really, You come to have my forgive but I will never forgive you cause everything is now very clear to me I know now at end that you were playing on the both sides, You made all my tears cry, I don't think that my heart is belongs to you after all this cause you hurt me when I see you beside me, Do you remember when I came to you one day and all my tears was covered my face you bluffed me instead of comforts me to lift my spirits, You made me never have a sleep or a nap for a while and my eyes lashes are witness, My eyes vigil all the night and I had never slept for days because of your deep injure, Please go away from me, Go so far from me I don't want to see you anymore again in front of my eyes, The past is very hard to return it back go away from me please I don't want you, Where is the promise that was between us, Please clemency my situation you became unfaithful, You drain till my tears of my eyes, Don't tell me that you want me again after all this cause I will never come back to you after all this happens, I am not a small toy in your hands, I wish that you will forget me forever, Oh you made me crazy with your stranger love.
