A child's love

A Child's Love

A child's love is like a whisper,
given in little ways we do not hear
but if you listen closely it will be very clear.

They often do not say it loud but in how they come to you...
Daddy will you play with me?
Mommy, tie my shoe?

...the many ways they tell you changes as they grow
Dad I made the team today!
Mom I've Got to go!

Pop I need some money
You see there's... this girl at school...
Mama I met a boy today and wow he is so cool...!

Dad I've got something to tell you... I think she is the one.
Mom, He asked me to marry him. Would you love him as your son?

Dad I've got some news for you...
It's gonna be a boy!
Mom I'm kind of scared of this, yet I'm filled with joy!

A child's love is like a whisper,
given in little ways we do not hear
but if you listen closely it will be very clear.

They often do not say it loud but in how they come to you...
Grandpa will you play with me?
Grandma tie my shoe...

It is never ending
A blessing from above
Listen to the whispers of a child's love.

A gift for you

I live through my dark existence
only to bask in your beauty
your eyes that shine like sapphires
your smile that brightens even my sad existence
I envy the wind that runs through your hair
that touches your lips
I long to touch you
to hold you in my arms but I cannot
for your heart belongs to another
so, I can only love you from afar
your friendship means more to me
than anything this world provides
but like an angel you touched my heart
in a way that I've never felt before
cause I've never known what love is until this day
I know that we are only friends
but my heart wishes it to be more
so I will still hope and dream
that one day I can feel your lips pressed to mine
to hold you in my arms and say, 'I love you'

Amanda Cater

Am I alone

I get a funny feeling,
it comes from deep inside.
I get all mad and angry,
wanting to go and hide.

My doctor calls it depression,
my dad says it's just me.
But the thoughts and feelings,
no one will ever be able to see.

Some say I'm psycho,
some say I'm just weird.
It's like I'm a different person,
and the old me just disappeared.

I get really edgy,
I want to commit suicide real bad.
Then I get a headache,
followed by feeling sad.

I wish I could get help,
I wish it would go away.
Maybe if I keep praying real hard,
it will some day.

Amanda Cater

Can we be friends

I was cold and hurting
lost out in the night
wandering and searching
for heaven's light

I saw the night sky clearing
when you spread your rainbow wings
But little did I know
what joy you would bring

From that moment on
a friendship did start
you kissed away my tears
and sheltered my heart

I bless the day God
sent him from above
But then I grew fearful
for I had fallen in love

I told you this feeling
and what did you say?
You said you liked our friendship
and that's how it would stay

I cried for a friendship I thought I lost
But then felt your warm, gentle hand
You then whispered in my ear
that by my side you'll forever stand

Amanda Cater

Dream

I dream of your touch while you are away,
I dream of your smile all through the day,
I remember the day,
You came into my life,
I dream of the day I will be your wife.

I dream of the day I can fall asleep next to you,
I dream of the day I can say I do.
To be your wife,
To be together for life,
Is a dream I have,
Every night.

Amanda Cater

Dream of you

In my dreams I see you,
Just you and I alone
And we gaze into each others eyes.
Then my arms enfold you,

Protecting you,
Keeping you safe from the world's harm.

We walk and talk, holding hands,
It seems but an instant,
And time is gone.

And once more I gaze into your eyes,
And whisper,
I Love You.

And I dream the most wonderful dream of all,
That you Love me too,
And I lead you home.

Amanda Cater

Falling for you

We lie on the grass looking at the stars above
The moment is full of untold passion and love
I wait nervously for the moment of two
Just hoping to be touched by you
When we got close that's when you knew
Cause that's when you whispered 'I'm falling in love with you'
The way you make me feel I've never felt that way before
The way you love me I've never wanted it so much more
I knew it when you told me your name
I knew that love would never be the same
When your satin lips touched mine I didn't know what to do
But I knew that I was falling in love with you

Amanda Cater

Falling in love with u

I've been in love before,
And I know how it is.
I know how wonderful it could be,
As well as how much it hurts.
I wasted my tears,
I wasted my time,
Not to mention my love,
On the same person for six months.
Not only was I not appreciated,
I was also betrayed.
I was taken for granted,
And advantage of.
Now this wound inside my heart
Is beginning to heal.
The love I had for that person
Is starting to fade.
I decided to never love again,
I can't take the risks.
I can't afford to be hurt like before,
Nor can I afford to lose.
Then I ran into you,
That's when things changed.
I feel like a whole new person
With a different perspective in love.
It is so easy to talk to you,
You seem to understand me.
It's so comfortable being with you,
You like me for who I am.
The more I become close to you,
The more I want us to be together.
Just hearing your voice is
Already enough to make my day.
I know you care a lot for me,
And you treat me so much better
Than the guy I loved
And cried over in the past.
I know I don't love you,
I'm still scared of love.
But the truth is...
I think I'm falling in love with you.
I'm not expecting you
To feel the same way for me.
So please... don't feel like
I'm trying to make you do that.
I just want you to know
I'm thankful to have you,
And I'm willing to wait for you
Till the day we can be together.

Amanda Cater

First Kiss

Look into my eyes now and baby you will see
Everything you do means everything to me
When you hold me close my eyes are shining bright
They shimmer like the stars on a cloudless summer night
And when you hold my hand I feel like I'm secure
The spaces between my fingers are filled with a thing so sweet and pure
I've never felt something that feels as right as this
The rockets keep on firing with each and every kiss

Amanda Cater

Forget

Forget his name, forget his face,
Forget his kiss and warm embrace.
Forget the time you spent together.
Forget it all he is gone forever.

Forget the fact that he once cared,
Forget the love that he once shared.
Forget his love that once was true,
Remember now there is someone new.

Forget you cried all night long,
Forget him when they play your song.
Forget how close you once were.
Remember how he chose her.

Forget you memorized the way he walked.
Forget the way that he talked.
Forget the times he made you mad.
Remember how he made you feel so sad.

Forget the thrills when he said, Hi!
Forget the times he made you cry.
Forget the way he said your name.
Remember now he is not the same.

Forget you saw him yesterday.
Forget his gentle and teasing way.
Forget the things you had planned to do.
Remember now he is not with you.

Forget the times that went so fast.
Forget it all it is in the past.
Forget he said, I'll leave you never.
Remember now he is gone forever.

Forget the past that I once knew.
Forget it all leave it too.
Cause he no longer loves me...
..He loves you...

Friends

There's always one person who impacts your heart
Goes through everyday with hope
Hope of never falling apart
You are stronger than anyone I know
And everyday you teach me how to grow
I will support you all the way through
Through all the wind and rain
All your joys and all your pains
No matter how far you are
You will always be close at heart
I want you to know I envy you
All that you've been through
I could never be so strong
Never be able to hold on
So I want you to take my hand
Promise me you'll help me understand
When you go away know that I'll be here
Never will I disappear
We will be forever friends
Friends until the very end

Amanda Cater

Hate

You have torn my world apart
I hate you
You stole from me what wasn't yours to take
I hate you
You laugh as I fell into the darkness of hell
I hate you
Your silence betrayed me in the hardest of ways
I hate you
You hold my heart in your hand
I hate you
You hide from me and cast me out
I hate you
You poured salt in the open wound
I hate you
You left me and loneliness filled my world
I hate you
But most of all
I hate you because I love you

Amanda Cater

His eyes

When he looks at me,
deep into my eyes,
a gaze of wonder: who is this?
Too young to know who,
just learning every day
to laugh as well as cry;
his needs seem simple,
but are more complex
than I can comprehend.
When I gaze back at him,
I see a light not seen before,
a beacon of radiant love,
a flame of joy illuminating me;
a stranger, he came into my life
and changed it in ways he cannot know.
Perhaps, in time, we will truly exchange
the glances that we now offer,
tentatively, for: who is this?
But so much I know already:
this child has strengthened my spirit
and given me hope to drive out
the darkness that enshrouds my soul.

Amanda Cater

I care

Everything we once had
It all changed.
Even so, through it all,
I love you exactly the same.

We were so good, and everything was so right.
I never thought it was possible that
Someone could come and take over my life.
You said you'd always be there,
But I never really felt
That deep down inside you cared.
You know you're still my baby,
And that's how it will stay.
But if you can show me you love me,
I'll have to go away.
You really did change me.
You gave me self-esteem,
You made me feel sexy,
And you made me dream.
You have hurt me
and you have lied
But without you
I wouldn't feel right.
That should tell you,
If I'm always there
That I'm not just playing,
Baby, I really do care.

Amanda Cater

I cried

I cried with frustration
because I couldn't make you love me.
I cried with depression
because I had to let my feelings go and let you be.
I cried with smiles
because I remembered the good times we shared.
I cried with stupidity
because I thought you really cared.
I cried with exhaustion
because I tried for days.
I cried with sadness
because we had to part and go our separate ways.
I cried with boredom
because there was nothing else to do.
I cried with love
because for those months, for those days, for those hours, I was happy...because of
you.

Amanda Cater

I love you

When you look at me with your charm,
I get goose bumps all up my arm,
When you are near,
No need to be scared or to shed a tear,
Warmth from your eyes,
Trusting you not to tell lies,
For they will cause water to pour from my eyes,
Tingling in my heart,
And loneliness when we're apart,
When you're holding me tight,
Feels like everything's right,
Don't leave my sight,
Please kiss me good night,
Can't eat or sleep,
The love from my heart is about to seep,
Not a clue of what to do or say,
Except,
I love you in every single way.

Amanda Cater

I love you 2

I Love You

I never really knew you

you were just another friend, but when I
got to know you, I let my heart unbend.

I couldn't help past memories that would only make me cry, I had to forget my first
love and give love another try. So I've fallen in love with you, and I'll never let you go,
I love you more than anyone, I just had to let you know. And if you ever wonder why, I
don't know what I'll say, but I'll never stop loving you each and every day. My feelings
for you will never change, just know my feelings are true. Just remember one
thing.....

I Love You! ! ! ! !

Amanda Cater

I love you 3

I Love You
With my every breath,
With all I have left,
From the deepest depths,
Of my heart, I love you.

With all of my strength,
With ten miles' length,
Every thought I think,
I think that I love you.

For the length of forever,
As long as we're together,
Through good and bad weather,
For always, I love you.

Until the very end of days,
Until God takes my breath away,
Until death separates our ways,
Until then, I love you.

When no one is there,
When you think no one cares,
When love seems too rare,
Remember, I love you.

When everything's gone,
When all has withdrawn,
When hopelessness dawns,
Don't forget, I love you.

When you fall down,
When your dreams come unwound,
When hope can't be found,
Be happy, I love you.

When you make mistakes,
When you're filled with hate,
When you're old and gray,
Even then, I'll love you.

Amanda Cater

I love you my friend

How can I write the words to tell you how I feel?
To me you are my friend for life,
I want you to know what it means to me.
To tell you that I love you
Is such a simple thing to say.
As I speak these words I truly feel this way
From the bottom of my heart.
To give you my soul and heart,
Is sometimes all I have to offer.
With it I give you my trust, my loyalty and my tenderness.
As I love you, I can feel your pain your fear and sorrow.
And when you are happy and life is good to you,
I feel such happiness in my heart.
Oh, but when you are sad it breaks my heart,
For your sorrow is my sorrow.
You make my life seem more complete,
And make life more fulfilled.
Please remember I love you,
For it shall never end.

If a child

If a child lives with criticism,
he learns to condemn.
If a child lives with hostility,
he learns to fight.
If a child lives with ridicule,
he learns to be shy.
If a child lives with shame,
he learns to feel guilty.
If a child lives with tolerance,
he learns to be patient.
If a child lives with encouragement,
he learns confidence.
If a child lives with praise,
he learns to appreciate.
If a child lives with fairness,
he learns justice.
If a child lives with security,
he learns to have faith.
If a child lives with approval,
he learns to like himself.
If a child lives with acceptance and friendship,
He learns to find love in the world.

Amanda Cater

I'm your girl

I loved you then
I love you now
And I know that when
We meet somehow
Your arms will be my home
And your love will keep me warm
You're the piece that makes me whole
The part of my life worth living for
You're a true angel sent from above
Sent to save me from this hell
Sent by god with heavenly love
Your love is like the calming winds
Blowing through the midnight sails
Drifting closer to a loving cleanse
Cleansing my soul and washing away my tears
Waterfalls of passion to chase away my fears
Sweet honeydew kisses left on my lips
Gazing eyes that carry me far away into sweet bliss
A pounding heart that speaks directly to mine
Telling me I'm your girl till the end of time

Innocent Child

Innocent child of this earth,
i feel your burden,
heavy on your shoulders,
i cannot see your pain,
but,
in my heart i know....

Understanding,
the deep exhaustion that burns,
for all the suffering you have known...

In my eye's a flow of tears,
run a river blessed,
with wishes sweet and true,
whispered on the breeze that blows....

In my dream land,
your heart will be held so tenderly,
in this treasured land,
i whisper sweet wishes for you....

So sweet child,
close your eye's tight tonight,
dream of that far away place,
where rivers flow so pure,
and angles sing so clear....

Climb far above the terror,
that's held within your tired heart,
set your wounded soul free tonight...

Rest your weary body,
on the clouds of love,
where angels sing in tune,
a sweet lullaby for you....

Amanda Cater

It isn't over

No matter how many times i tell myself,
i know it isn't true,
i dont think I'm ever going to get over u,
maybe i dont need to,
maybe its ment to be,
well i dont know,
but what i do know is true,
all i ever think about is u,
i just feel so helpless,
theres nothing i can do,
i want to let go but i just cant,
cause i've loved u from the 1st moment i saw u,
i looked into ur hazel eyes and saw so much pain,
i wanted to make everything better for u,
when u held my hand it felt like nothing in the world could bring me down,
u kissed away my tears
and chased away my fear of always being alone,
and having no one to care,
u smiled and i no longer seen the pain in ur eyes,
i was the happiest person in the world when i heard ur sweet voice on the other end of
the phone,
everything was right for once,
i should have known everything was to good to be true,
cause one day the phone rang and it was u,
u said "we need to talk"
everything was so write until u met her,
she was perfect,
all the lonely nights i cried myself to sleep,
didn't matter to u,
all the times i looked for ur face,
u was with her at her place,
days, weeks, a month passed
i got Strong and got enough strength to move on,
then one day the phone rang,
and it was u,
i didnt know weather i should smile or cry when i heard ur sweet voice,
all the memories i put in the back of my head started going threw my mind again,
i smiled and laughed a little,
then u said "what its not funny...i've missed u so much, ur all i think about, i know u
was made for me cause...from the 1st moment i met u i loved u, when i looked into ur
eyes i saw love and thats what i needed, when u laid Ur heard on my shoulder it felt
like the hole world was right...nothing in the world was wrong, i just got scared cause
everything was so perfect... thats why i said it was over not because of that gurl, every
since that day i've cried ever night,
when i close my eyes its ur face i see....baby will u marry me?

Life wat is it?

What is life? I ask myself everyday
Parents are here to show us the way
But, what is the purpose? Why am I here?
what are the good things or things I should fear?
I know if there's a heaven there has to be a hell
but I still don't get it and I wish I could yell
At the top of my lungs so every one hears
Yet somehow I know things won't be clear
I have so many questions
and not enough answers
sometimes I say this is just one big disaster
Why is there a sky? Why is there air?
Why is everything just there?
I'm sorry if I confuse you I don't mean no harm
I just wanna know why I exist Ill try 2 be calm
so for now I'll just sit here and wonder..
What is LIFE? ? ? ?

Amanda Cater

Love

I love you so much
I almost cry at one kiss, or just a touch
you make me laugh, you make me cry
and it might sound crazy but, sometimes you make me believe I can fly
Some day I hope I can make you feel the same way
but until then, don't ever go away.

Amanda Cater

My angel

My sweet beautiful angel.
Sent to me from above.
I am so grateful to have found you,
and I give you all my love.
You must have come from heaven,
because you have pretty little angel eyes.
When you gaze at me with them,
my heart begins to fly.
Your sweet angelic voice,
continuously rings in my ears.
With you by my side,
there is nothing I fear.
Whenever we are together,
You shine with a heavenly glow.
Your beautiful angel face,
raises me up from feeling low.
Yes, heaven is missing an angel,
because you are here with me.
You're my sweet, beautiful angel,
and I'll love you for eternity!

Amanda Cater

My special friend

Thank you for being there...for chasing some
of my dark clouds away-
You mean more to me than simple words
can ever say.
Thank you for your kindness - more than I
have ever had-
You are always there to comfort me - to
listen when I'm sad.
You are more than just a friend - You are
special to my heart-
It's hard to explain what you mean to me-
I couldn't begin to start.
Your email let's the sun shine in - even on
a cloudy day.
I read your letters carefully - listen to
all you have to say.
You don't know how it lifts my heart - how
it makes me feel -
Sometimes I wonder if you are an illusion-
if your are really real.
We both have had our share of scars -
I feel that in you-
I have had alot of pain in my life-
I think you have too.
Hold my hand - maybe together we can
walk in the rain-
You can be my own rainbow - You
can heal the pain.

Amanda Cater

Not that i dream

Not that I do not dream or plan
My dreams, my plans all go amiss
Behind the lofty pinnacle
There is a chasm, a deep abyss

I have been loitering since my birth
And in my lap are stars and streams
And in my restless, sleepless eyes
A heap of ancient unsold dreams

I plunge into a dark abyss
While searching shining, shimmering rays
'Catch tameless waters if you can, ''
A faceless phantom laughs and says

I watch the awesome trembling stars
And wild, unfettered waves of seas
I hear the shrieks of tender boughs
And ever-moaning pallid trees

My love, my comrades, friends and foes!
Enjoy your dreams, your slumber deep
Let all the world may sleep and rest
I cannot rest, I cannot sleep.

Amanda Cater

Sadness

Deep inside of my heart,
Only hatred and no feelings,
The scars from being torn apart,
And the hole from the dart.

This is my confession.
All the bad things,
Tears, Blood and Depression,
They have become an obsession,

Death and suicide,
Are the secrets of my life,
Most of the time I cried,
Maybe a smile if I tried,

Things from bad to worse,
Drinking and smoking,
A strong word of a curse,
But a change of life came first.

Amanda Cater

The risk of loving you

I've written these words to help you know
The love, pain, and hurt that I never did show.
I knew your cousin, my best friend was she,
I was aware of that fact that you didn't know me.
After some time, she introduced me to you.
How surprising that we became friends too.
At that time I had no feeling of this sort.
I guess it's because - for me you were short.
Not only that, but you were younger than I.
It looked really funny when it was me you stood by,
But after a while of laughter and fun,
I had this feeling that I knew was too dumb.
I started to like you - I don't know why.
You just gave me a feeling that made me soar high.
I knew in my heart that I couldn't let you know,
Because of the risk, I kept it an easy-going flow.
The days after that, our friendship was great,
But then I thought, 'What if I was too late? '
I gave it more time, more consideration,
In order that I would make a wise decision.
I knew you wouldn't like me; the fact was so real.
But what would I do with the emotions I feel?
I gave it a try, but not so clearly to you,
I just thought that I would give you a clue.
I was afraid if I told you, my newest friend,
Our fun and laughter would come to an end.
Then it came the time to speak my heart,
Even though I knew that our friendship would grow apart.
When I told you that day, you took it so well,
No longer in that decision would I have to dwell.
The weeks after that went by so fast,
But I knew that one day our friendship would no longer last.
Soon I started to feel nothing like before,
I guess you could say I liked you even more.
But soon after a while, it started to come true,
Farther apart I became from you.
At first I didn't know what was going on,
But as soon as I stepped into reality, you were already gone.
Now you are just a picture, a dream in my mind,
But trust me at times I'm happy when it's your memories I find.
When I remember those times and recall your voice,
I think of the past because I really have no choice.
I tell you that at many times, you've wiped away my tears,
And at many other times, you've thrown away my fears.
Please don't ask why because I can't exactly say how,
But it doesn't really matter because you're gone from me now.
Just remember that at anytime, anywhere,
To me you could look because I'll always care.
Even though we went our own separate ways,
I'll never forget our happiest of days.
Tell me your problems, I'll understand.
Tell me your needs, and I'll reach out my hand.

But now that's just a fantasy, as true as it may seem.
Yes, you my old friend are just a dream.
For always I've wanted your hands to hold,
Because I wanted your friendship, it was more valuable than gold.
For one year, there were things you had said,
That with your words and love, I was led
To show you kindness and gentle care,
And to treat in a way that I knew was always fair.
I wondered many times about the friendship we had
What wrong did I do, to make it so bad?
I gave everything you wanted, almost anything.
I gave you my heart, my everything.
But I've lost you now, you're gone forever,
Just remember that I'll forget you never.
Yes, loving you was worth the risk, though it broke my heart in two.
But I'm glad that I had taken it because it brought me closer to you.

Amanda Cater

This kiss

we stood in the doorway
his hands on my waist
the clock tickling loudly
almost in haste

he moved in closer
his eyes locked in mine
I long for his kiss
For just a moment in time

his lips meet mine
and I feel the sensation
no longer must I wait
to give into the sweet temptation

my knees go weak
my palms become sweaty
I go back to that place
I have been so many times already

the world disappears
all that's left is him and I
and as we pull away
I feel as though I could fly

Amanda Cater

To an angel

To love an Angel

Sitting alone to write this poem
When to the shed I should be going
But a promise made, that I will keep
To write a poem each day of the week

·
This is written for the man I love
Sent from the heavens or far above
Sent to earth to bring forth joy

·
A mortal angel she must be
An angel who has set me free
Free to love and start again
And live a life with far less pain

·
I didn't deserve this second chance
Once walked away with out a glance
But with a heart so filled with love
I thank this man and those above

·
Now you may not think this a poem of joy
But it certainly is to this lucky boy
The joy I feel just to see his name
Increases my heart beat, again and again

·
No amount of thanks to those above
Will ever repay for this man I love
he brought me life, and has given me joy
And all because she loved the boy

Amanda Cater

To my ex's

Is it enough that you've hurt me?
You pretend that you love me.
Is it enough that you made me cry?
You pretend that you care
Too much pain I felt for you
Too much tears I've wasted
Because of you I wanted to die
And because of you my life is meaningless
How many times I've tried to kill myself
Because of the pain I felt
How many times I tried to look for someone
But I can't do it
I wish I didn't met you
I wish you did not enter my life
I wish you were not here
And I wish I didn't love you
I know its wrong
but I need to stop this crazy feelings
So that nobody will hurt
And nobody will be hurt
Loving you is my biggest mistake
I showed my greatest love to you
but you just took it for granted
I want to stop loving you
I need to forget everything
The time we met
And the time we were together
So that I can move on

Amanda Cater

To show i care

I love it when we hug
It's like you were sent from heaven above
All the times we shared
I now know you care
And if I die before you do
I'll go to heaven and wait for you
And if you're not there on judgment day
I'll know you went the other way
I'll give the angels back their wings
And risk the loss of everything
Just to prove what I say is true
I'LL GO TO HELL TO BE WITH YOU!

Amanda Cater

To you my dear

As I lay down to sleep
My mind begins to weep.
Thoughts of you run wild
Cause my thoughts of you aren't so mild.
I don't know what I'll do
When I'll no longer have you.
I don't want to start over new
I just want you and only you.
Of course I'll be upset that you have to go
Which makes me confused on what feelings to show.
I know there could be other guys
But I could always just play off being shy.
Cause I know you want to keep them away
And I'll try as hard as I can, and pray for you every day.
You know you'll always be my 1
And I hope I'll never have to hear the words "we're done".
My heart is so lost right now
And only you can help it find its way.
But how will I know for sure
That I may always have you,
And only you, until the end of time?
All I want, is to keep you, mine all mine.
Like people often say
Roses are red, and Violets are blue
And I want you to know that I'll be true to you.
I know you don't want to hear this
But I'll make up for it with a kiss.
I know you have no choice to leave
But I hate it with a passion.
I'll be crying days on end
And my heart will take a lot to mend.
The only thing I know for sure
Is that my heart will be ALL yours and more.
I wish I knew
Exactly when I'll be able to see you.
But I have no clue
And that makes me blue.
All of our fantasies
Of Living the perfect life together
A big house, a nice car, the beautiful beach, your big tiger...
It WILL all come true
I know that since I believe so much in my love for you.
Sorry this was last minute
I just couldn't stand the fact that I might forget it.
So I hope that you approve, or maybe I'll just remove it.
I want this to explain just how much I Love You.
When you are feeling so alone and low,
Just think of me, and all the good thoughts will flow.
I Love You Baby
Always and Forever, Me and You...

Together forever

When we met I knew,
I knew that who I wanted was you.
At first it hurt because you loved that other girl.
But the feeling you gave me was indescribable.
I waited around for two whole months just watching you and her.
I couldn't wait any longer for it to be my turn.
You started to flirt with me now too.
Your love for her was no longer as true.
You shared my locker and wrote me notes.
You asked me to your football game and let me wear your coat.
You and that girl stopped talking all together.
We decided we would be best friends forever.
You called me every night for about a week.
Before every class I got a kiss on the cheek.
Finally, you asked me to be your girl.
I love you now and forever more.
You're not only my boyfriend but my best friend too.
I know that our love is really true.
Baby, I love you so much.
I know I am yours at your every touch.
You'll be there when I cry.
My tears you will dry.
You are my protector and my strength.
In us I have so much faith.
I know that you'll never hurt me.
Baby, I've never been this happy.
Thank you for your love and trust.
This is all about love and not about lust.
I love you, you're perfect, you're everything to me.
Together forever we shall be.
I need you, I want you, I'll love you forever.
You and I will always be together.

U

Sometimes at night, when I look to the sky,
I start thinking of you and then ask myself, why?
Why do I love you? I think and smile,
because I know the list could run on for miles.
The whisper of your voice, the warmth of your touch,
so many little things that make me love you so much.
The way you support me, and help with my emotions,
the way that you care and show such devotion.
The way that your kiss, fills me with desire,
and how you hold me with the warmth of a blazing fire.
The way your eyes shine when you look at me,
lost with you forever is where I want to be.
The way that I feel when you're by my side,
a sense of completion and overflowing pride.
The dreams that I dream, that all involve you,
the possibilities I see and the things we can do.
How you finish the puzzle that lies inside my heart,
how that deep in my soul, you are the most important part.
I could go on for days, telling of what I feel,
but all you really must know is my love for you is real.

Amanda Cater

U and me

Our bodies close together,
your hands around my waist,
I wanna have you with me,
while I'm caressing your face.
I can hear your heart beating,
as my cheeks are on your chest,
my mind 24/7 is all on you,
It's as if I can't even take a rest.
Your smile, your eyes, your love,
is what makes me happy every day,
if it wasn't for you, days wouldn't seem as special.
Our love, and everything we do, I hope doesn't slowly fade away.
Cause being with you, has a powerful meaning,
I'm going to cherish you, till the very end.
