I've changed

The say I've changed
That I am just not the same
I don't laugh I'm not funny our seam happy at all
They say since she left me I'm just not the same
But what am just supposed to pretend it never happened
Why would I do that she was my everything
She was the first I ever loved
Now she won't even give me the time of day
What did I really do to her
She was not happy but did I know that, no
I would have done anything for her but no
She would rather just end it
I guess my heart will just never be the same
So if you count on me to make you laugh
You can forget it for awhile
Austin's was right she was never worth it
She did not care for me like I did for her

Austin Hughey

Would anybody care?

Who cares? Who cares?
If I left and never came back who would care?
Would her or him even care?
If i had never met your would it change your life?
If i was never born would it change the world?
When I'm gone will they remember me?
Will they wish I was back?
What is the point in being here?
I'm just the kid in the back of the class, that nobody know there name just that kid.
My friends don't like me for who i am just what i got.
What is the point of life if your no who you are.
Nobody like me much less loves.
The only thing I can think about is who would care?
They don't like me.
If i left it would probably make there life better.
There life would be better if i was never in it.
Who cares? Who cares?
