### **Cay Thorne**

Well I am a middle child.  
Being blonde people think that I'm dumb; but that is not the case with me at all.  
As my poems will show that I am smart and deep.

## **A Love Letter By: Cay Thorne**

Loving you is like loving an angel  
Sent down from heaven be God himself  
Love is a song to my heart  
Loving you makes me float on thin air

You fill my life with peace and hope  
Your adoration fills the void with happiness  
Your passion is my true centre in life  
I never thought I would find someone like you

Your affection is my guiding star.  
You are my true compass of my heart and soul.  
Within this galaxy our love -  
Is like two comets on a path towards each other  
Then collide and scatter together through out the galaxy

Your cherish able love is the very oxygen I need to live  
Your angelic love is the very air I breathe  
Our love is like a rainstorm full of love and hope

Your passionate love to me is a rainbow  
After all the heartaches in life  
Your love is a guiding lamp, which brings  
From the darkness of a broken heart  
To go through the eye of the largest needle ever.

Our love is like a ship  
Heading for a rocky cliff  
Your love is the guiding lighthouse  
to guide my love to calmer safer waters

You give me a reason and a purpose  
To wake up in the morning of each day  
Loving you is like having a continuous dream  
That I don't want to wake up from  
To find out that it is a huge mistake

You have treated me like the -  
Very precious treasure, jewel or prize  
Of your very own good noble heart

Your gift of love is my most precious thing  
I have to treasure in my heart  
Your dearest love is worth more -  
Than a fifty-four karat diamond.  
Our love is stronger than -  
A thousand of cupid's strongest love toxic arrows

You are the very king of my heart  
And I'm the queen of yours.  
You are the healer of my heart  
As past and painful relationships

Have totally treated it like  
Unnecessary and unwanted trash

As some people say: -  
"Never trust a broken heart"  
I say: - 'Trust someone with one,  
As their heart truly knows when  
It is getting played – well sometimes  
Depends on the occasion.

Our love is honest and true,  
Our love will survive  
The largest earthquake  
Known to mankind without history

Our natural love is reflected  
In lots of ways like: -  
In every ray of the sun  
In very colour and hue under the sun  
In the very rain and water we drink.

From struggles and obstacles to triumphs;  
Our love has been tested by  
The time itself of knowing you

Through struggles our love while conquer  
Through triumphs our love rejoices  
Through victories our love does somersaults  
Through conquered battles our love strengths

Our passion for love is that strong  
That we are encouraging  
Others on how to truly love  
Each other and everyone on the world

Being truly in love with you  
Is like a continuous dance –  
Dancing on the ceiling of the world  
With you and I doing the –  
Very sexy tango and rumba.

With strength of true love;  
Our passionate love will enfold –  
Each other to the end of days.

Our love shall be written  
Within all the volumes of history –  
History that will last the test  
Of all time on Earth and in Heaven.

Our precious love is worth –  
No amount of money

Thinkable to man alike  
Our love is not for sale  
For any amount no matter who you are

Our love is stronger  
Than world's natural resources  
Love is more powerful  
Than any leader's or royals reign.

We are the guiding light of love  
We are the inspiring notations of true love  
We are the encouraging insight of love

Our love can transform  
And transfer all time  
Known to mankind  
And in all dimensions.

Love is a bonus of a lifetime  
Love is a bonus of eternity  
Love is a bonus of personal treasure and joy

Life without love is not worth living with  
Love without trust is horrible to live by  
Life without love and trust is never easy to live by.

So we must treasure those you we truly love and respect.  
So we are loved and respected by them with every single fibre  
Of the person no matter who they truly are.

## **A Special Sister By: Cay Thorne**

As her sister;  
She has totally opened my eyes  
On how everyone is special and unique  
No matter who there are;  
No matter what they look like.

She has taught me  
How to take one moment at a time  
No matter what struggles in life  
We have each others support and love

Her philosophy of life is to –  
“Don’t look at the outward appearance;  
As the true appearance comes  
From within your heart and soul.”

A sister is someone  
Who sticks with thee  
Through thick and thin.

A sister loves you  
Unconditionally,  
Supports and prays for you.

Our love for each other  
Is so special that  
When one is upset  
The other one can  
Sense the time to  
Support and love the other.

Through harsh times  
Our love grows and strengths  
To a place that even  
No steamroller can flatten  
It’s strength or capacity  
Of real true love and support

## **By Faith By: Cay Thorne**

By faith we are loved –  
By those who care for us.  
By faith we have a heart –  
To love everything and everyone.  
By faith we can show virtue and enlightenment –  
To those who need to be enlightened.

By faith we live within peace –  
Especially during time of war.  
By faith we have courage –  
To do something brave and heroic.  
By faith we face discrimination –  
In every form there is under the sun with gusto and understanding.  
By faith we can do wonders –  
Beyond any means needed.  
By faith we can do anything –  
That we set our mind and heart on it.  
By faith we have encouragement –  
To try anything new that comes our way in life.

By faith we have hope –  
To fight through any struggle that comes our way in life.  
By faith we have hope –  
To stop all wars and fights;  
That begins with hatred.

**BY FAITH ITSELF WE CAN DO A LOT OF GOOD IN THIS WORLD WITHOUT TURNING TO VIOLENCE.**

## **From Hopelessness to Hope By: Cay Thorne**

Some people have a lot of hope  
Some have a little hope in their lives  
Some have just a good moment of hope to live on  
Some just don't believe in hope

In war there is hope  
Hope for peace and love between everyone  
Peace for all weapons of man to be destroyed  
Which starts wars and hatred

Hope equals opportunities  
Opportunities that starts with courage  
Courage that begins with self esteem  
Self esteem that begins with confidence

Confidence in self begins with hope  
Hope begins with self love  
Love begins with self confidence  
Self confidence that begins with kindness

Kindness is a key to love  
Love is hope within your life  
Life without love is hopeless  
No matter the size or quality  
Of love given and received

Life with self doubt  
Is an unhealthy life  
A life full of hopelessness  
A hopelessness that can destroy

A disaster that can end a perfect strong life  
Full of love faith and hope  
A life which isn't full of demons and fears  
Demons and fears that eat;  
That eats at your very soul  
Like an inoperable cancer

A soul which can be purer;  
Purer by faith and love  
That leads to self confidence

Within which leads to high self esteem  
A self esteem that equals God's  
God's never ending faith and love for you

God's belief in you is worthy;  
Worthy of total happiness and love  
Happiness which destroys hatred  
Hatred that can cause self destruction

Destruction on all levels of self

Only way to conquer self destruction  
Is by having love, peace and faith in yourself

Faith in your self to change no matter the size  
Peace to guard you through hard times  
Love is a beacon of God's belief and trust in you  
Kindness that destroys all self-hopelessness.

A hopeless world can cause war  
War causes death of self belief within yourself

The only way to cure  
This unwanted monster  
On hopelessness is yourself  
Is to believe in love, faith and peace  
And in a major thing within God  
Which we find peace, faith, love and hope  
For all mankind, animals and everything on Earth

Hope from God kills hopelessness  
Its up to us with God's help  
To destroy our own hopelessness  
In every single aspect of ourselves.

## Love Spotted in Nature By: Cay Thorne

Love is like the wind –  
You can see the effects within the world  
Love is like a wave of hope –  
As you surf it within your heart  
Love is like a rainbow of peace –  
Instead of a 'pot of gold' you'll find;  
Your soul mate and guiding angel.

Love is like a river of good & bad things –  
As it affects us in different and unique ways.  
Love is like a terrible rainstorm –  
As it touches every known corner of the world.  
Love is like spring time –  
As new growths and births come about 24/7.

Love is like a caterpillar –  
Becoming a strong and independent butterfly.  
Love is like a tadpole –  
Becoming a totally new graceful green frog.  
Love is like a sapling –  
Becoming this strong, tall & unforgettable oak tree.

Love is the very environment –  
That we inhabit on a daily bases.  
Love is the very air we breathe –  
And the very food we eat to keep us nurtured.  
Love is all the time and everywhere –  
Within this cosmic universe of different creation & species.

Love is evident within the –  
Glamorous scène untouched scenery and landscape.  
Love is the very essence of the untouched parts –  
Of this unique cosmic canvass that is Earth.  
Love is this genuine uncanny feeling –  
That is evident everywhere within nature itself.

## **What We Teach Our Children By: Cay Thorne**

If a child sees abuse in any form -  
They will become abusers in any form;  
If a child sees love;  
They become lovers and romantics at heart

If a child sees loyalty and trust;  
They know how to be loyal and trustworthy.  
If a child sees hatred to all things and humans  
They will live without love and kindness.

If a child knows encouragement and praise;  
They will show encouragement and praise to all.  
If a child sees peace and happiness;  
They will show love and happiness to all mankind.

If a child sees violence;  
They learn to be violent to anything and everything.  
If a child sees bullying at home as a victim;  
They become a criminal to satisfy the hunger.

If a child sees charity;  
They learn to show charity to others.  
If a child sees you help others in need;  
They become helpers to all in need.

If a child learns how to be raciest in all forms of the word;  
They WILL learn the true meaning of racism and hatred -  
Which shows non of the virtues;  
That we need to live with to stop;  
All the kinds of EVIL in this world today.

If a child sees all the virtues that are out there in the world today;  
They will show these virtues to all mankind and no matter who the person is.
