## **A Vision Of Love**

A song of love  
A song of bless  
A song for you  
Here expressed

Souls entwined  
An invisible bond  
No magic wand  
But heart responds!

I don't know  
What I would do  
Without you now  
Because I love you!

I hunger for your touch  
Life with you is enriched!

## **Adult Talk**

ADULTS TALK SO FUNNY  
LIKE MY MOM ALWAYS CALLS ME BABY OR HONEY  
I JUST DON'T UNDERSTAND IT  
'CAUSE MY REAL NAME IS TONY.

WITH MY BIG SISTER IS ANOTHER STORY  
MY MOM CALLS HER DIFFERENT NAMES  
ESPECIALLY WHEN SHE GET VERY MAD  
SHE CAN'T HAD FORGOTTEN IT, THEY BOTH SHARE THE SAME!

FOR MY POOR DAD I FEEL THE MOST SORRY  
SHE CALLS HIM TONY, HONEY, BABY AND SOMETIMES JERK!  
AND I KNOW MY DAD HATES THE LAST  
'CAUSE EVERYTIME SHE SAYS IT, HE GETS SO MAD!

## **An Affair To Remember**

Brought to you with love today,  
Looking down with such delight,  
Keeping you happy day by day  
As the moon above watch us by

Entertaining you all the way,  
What a duet we both make,  
Keeping you everyday in my prayers,  
Brushing with bright color skies of gray

Looking down with such delight,  
In this sacred time of the day,  
Watching the birds burst in flight,  
Till they fade away out of sight

Water making magic on the shore,  
A quiet respite for us in this place,  
Everywhere grace seems to pour,  
Comtemplating my Love your face

Heart and soul can fly away,  
Where love fill us with a glow,  
Where we can see rainbows everyday,  
And our mutual love can more grow!

## Angel Of Love

May angels always care for you,  
May they keep you standing tall,  
May they whisper in your ears words of wisdom,  
May they show you what you need to know

May you always have an angel,  
Sent by God to your side,  
Someone there to catch you fast,  
If sometimes you were to fall

May you have someone wonderful to love,  
May angels teach you love untold,  
May you have hopes to keep you safe and warm,  
And give you all the gifts of love and life

May they keep their lights on you,  
To guide every step of your way,  
And keep you from each and all harm,  
Each and every new day

May you always have an angel,  
That speaks through your heart,  
To help you pick up the pieces,  
When everything for you goes bad

## **Before The Day Is Over**

Every joy and heartache,  
That you may feel sometimes,  
Are things that you meant, perhaps to live,  
And feelings one time, for you to go through...

So before the day is over,  
Sit down and reflect just as well,  
In everything so far that, that day,  
You might have said or done...

Today might have looked to you, like another day,  
Yet, remember, that tomorrow, may happen or never be...  
And always keep in mind, that nothing in life it's perfect,  
And that goes my friend, for me and also you!

## **Chances Are**

This is now, where I am  
Where I want to be with you.  
You made me who I am  
I know our love is true

We've gone so much through  
In good times and bad times  
So many things had made us blue  
And some of them very happy too

This is where now I am  
With you my heart dance.  
For good or for bad this's who I am,  
And happily, in love, we take a chance!

## **Clicking Into You**

Knowing you was good  
Knowing you was bad.  
Knowing you was both  
That's all I can add!

We can be sad or mad  
Life is just like that.  
Some are never glad  
Saving gloom in a pad

Days come and go fast  
And that makes us sad.  
Fate for us had been cast  
I know life can't last

Just like this or like that  
So I sigh and toss my hat!

## **Come My Love Tonight**

(Love Sonnet)

Come my love and let me love you once more  
Let me kiss you all over from head to toes  
Let me show you all that you mean to me,  
Under lit up moon, shiny stars that above us glow!

Feel your presence with me this enchanted night,  
And with you I feel all the time so right  
You led me to this point from very far away  
With magical wings of love I can fly today

Let's forget all our troubles for now,  
You can see what I kept inside and how  
Much I really love you while years went by us  
I loved you since the first day I confess!

My love for you only grows by the day,  
Let me show you how wonderful may be they!

## **Dreamer**

So many times  
We just dream.  
Hear bells that chime  
And that's all they seem

Feelings run  
Out of control.  
Bringing the sun  
Deep in your soul

Sometimes love  
Makes you feel tall.  
And you know true love  
Can make you feel whole

So many times you dream  
And make them all gleam!

## **Dusty Lace**

When the stars at night,  
Melt like paper all the the sun,  
And shadows show their way,  
The sky becomes rosy and dusty lace

And I'm lost again in dreams,  
With wings adorned all in gold,  
Oasis from a world filled of pain,  
And dreams that can't last with all the sun

As shadows gathering, show their way,  
Shining with their flashing lights,  
Tender dreams awaken within me,  
As skies become again a dusty lace....

## **Enchantment**

Colored glasses spinning light,  
From tulips blooming very bright,  
Bedding glorious beauty past,  
As you smiled at me so glad

Blessed Grace by the Most High,  
Zaphyr flowers opened wide.  
Callas lilies graciously stood,  
As Shakespeare, rhymed so well!

Skilled artists painting clouds  
Perfect strokes filled the skies.  
Dogwoods, juniper and hemlocks  
Showing nature's souvenirs' best

Petals rippening airy and fair  
Sunny gates facing winds and sun.  
Swaying branches high and low  
From the mellowed chestnut trees

## Everyday There's Something New # 6

Everyday there's something new  
The way some people talk about God make me pew!  
Everyday there's something old too  
Some of us don't go with the flow!

Everyday there's something new  
And some people always blame you.  
Everyday there's something old too  
Some people out there refuse to grow

Everyday there's something new  
Some folks don't know how to sew.  
Everyday there's something old too  
And all the turtles are very slow!

Everyday there's something new  
Would you like to walk in my shoes?  
Everyday there's something old too  
Such a great poet was Edgar Allan Poe!

Everyday there's something new  
So many more things wish I knew.  
Everyday there's something old too  
Why don't you let love, everywhere glow?

Everyday there's something new  
God wants us to love the Jews.  
Everyday there's something old too  
When you say you love, then that love show!

Everyday there's something new  
I feel so sick when I get a darn flu!  
Everyday there's something old too  
Love is supposed to grow and glow!

Everyday there's something new  
Every second somebody gets sue.  
Everyday there's something old too  
Some people look but miss the show!

Everyday there's something new  
Don't tell me you hate rabbit stew.  
Everyday there's something old too  
Sometimes I love to go on the slow

Everyday there's something new  
I love the smell of books brand-new!  
Everyday there's something old too  
At one point we reap what we sow

Everyday there's something new  
The stench of garbage makes me pew!

Everyday there's something old too  
I wish I could stop all your woes

Everyday there's something new  
I hate it when I see you blue.  
Everyday there's something old too  
Stop acting like nothing you know!

Everyday there's something new  
Why are you so insecure of yourself?  
Everyday there's something old too  
We're supposed to say sometimes no!

Everyday there's something new  
Hearing the news makes me go boo!  
Everyday there's something old too  
Troubles can give us more than a frown!

Everyday there's something new  
Working as a team is better for two.  
Everyday there's something old too,  
Some women behave like old crows!

## **Everyday There's Something New # 7**

Everyday there's something new  
And the sun again comes out too.  
Everyday there's something old too  
I know this world is like a zoo

Everyday there's something new  
And the sky changes all the time hue.  
Everyday there's something old too  
What do you have for yourself to show?

Everyday there's something new  
We all want a love that is true.  
Everyday there's something old too  
For good and bad times we all go through!

Everyday there's something new  
We all want to know the how-to.  
Everyday there's something old too  
In my heart love for you always grow

Everyday there's something new  
Once in while I love barbecue!  
Everyday there's something old too  
I want to have friends but no foes!

Everyday there's something new  
Some people need their life renew.  
Everyday there's something old too  
And I love to read poetry by Edgar Allan Poe!

Everyday there's something new  
Celebrities are in the book of Who's Who!  
Everyday there's something old too  
Some people like to eat cookie dough!

Everyday there's something new  
Some need to have their brain unscrew.  
Everyday there's something old too  
Our Independence, took place long time ago!

Everyday there's something new  
I like walking in that beautiful avenue!  
Everyday there's something old too  
Some people do everything slow!

Everyday there's something new  
For reading my poetry I want to thank you.  
Everyday there's something old too  
Don't get so mad, that you'll blow!

## **For Love**

I was a traveler in space,  
Guiding me was your lovely face.  
I'am leaving soon this lonely place,  
To fly again to your loving embrace

Love needs time to germinate,  
To fascinate and cultivate.  
Not even time will decay,  
The beauty of spring's bouquet

As I gaze at you every night,  
Senses feel this supreme delight.  
And in all your glory so bright,  
I watch you move thru the night

You take me to places so divine,  
Where hearts and love entwine!

## **Forget**

(Rictameter)

Forget  
What they told you  
Forget all your hurt, please,  
What happen today is another story  
Go ahead! And turn a new leaf from your book  
You got to pick up all your pieces  
And go on with your life  
Through tears, smile!  
Forget

## **Freedom**

(Tongue Twister children's poem)

Fifteen fabulous flapping flags for freedom flew.  
Fifty fine folks for freedom fought far.  
Flying fifteen fabulous flapping flags.  
Fifty fine folks facing freedom fearlessly fought.

## **Friends**

What a blessing  
Is to have a friend like you!  
Friends are the greatest thing  
To have and that's really true!

They come from near and far  
And accept you the way you are  
They tell you that they care  
True friends are like a bright star!

They put a smile upon your face  
And lift you up when you're down  
Friends always fill an empty space  
They're like beautiful flowers in a vase!

They let you know they love you  
In everything with you they go through!

## **Giving Thanks**

Giving thanks to him, because he's God  
And God is in everything, don't you see?  
God is in you and me and always will be,  
It doesn't matter when you sin or stray!

God is always in your heart and your life  
And he's the only one who knows it all.  
Give thanks to him, because he's God,  
And he loves us even we all sin and fall

God is constantly watching you and me,  
Everyday when you're resting or in the go,  
And God answers prayers, not in your time,  
But in his own time, and does what he knows

And God created all and knows everything  
Give thanks, that he's our Savior and King!

## **Hang In There**

Hang in there  
For your life!  
Live each day  
The right way

Hang in there!  
Don't be scare  
When things hurt  
Just be alert

Live every day  
Wisely! and  
One day at  
A time plan

Start where you  
Are and be true!

## Helping Mom

(Children's poem)

I like helping my mom  
Around the house everyday,  
I clean my room after I play  
And help her with my sister too

After I return from school  
Helping my mom is so cool  
I help her in the kitchen  
And help her to clean the den

I help her to feed my sister  
When I am not watching my cartoons  
And I help her to blow her the balloons  
I just do about anything for my mom

And by now my mom knows it very well  
As long as she pays me that she can tell!

## Heroes

Heroes are very brave people,  
They do extraordinary things,  
Folks who hold a lit candle  
In my heart they're blessings!

They serve with so much pride and dignity.  
They make our lives easier and more comfy,  
So many burdens and duties often they do carry,  
To protect our enviroment and other countries

So let's observe this day today with a moment of silence,  
Let's remember each and all, for their courage and their patience.  
For these men and women sacrifice what they know and all,  
In time of peace and war to protect our shores from foes and fall

So this 4th of July, let's unite and bow our heads and pray,  
For all our men and women, and for peace to reign, soon one day!

## **Highs And Lows**

Sometimes, I feel alone,  
In a place, far apart.  
Emotions take their stage,  
And confusion sets my heart

Trapped my heart afloats,  
Blinking tears from my eyes,  
Recalling your loving call,  
Soul spares nothing at all

In everything, love plays its part,  
Opened wide rests my heart.  
Love reaches its highs and lows,  
When you don't expect it shows

Feelings just come and go,  
For good or bad they always do!

## **I Am A Clown**

(Humorous poem)

I don't see any problem with my world,  
What is it so wrong with my world anyway?  
If I choose to have a big smile,  
Instead of wearing, just a frown!

I just want to be Clown!  
So I don't have to pretend,  
I want to see the world pink, instead of blue!  
With a lot of smiles, instead of sad frowns....

As for my myself, I just want to laugh,  
And ignore together, all my worries!  
I just want to ride in a merry-go-'round  
And make people happy, instead of sad!

You might think that something, is very wrong with me,  
But it doesn't really matter, does it?  
Because I still love to see rainbows everywhere,  
And see smiles upon every face!

Because I still want to be a clown!  
And hide all my problems, behind my clown mask! !

## **If I Only Could**

If I could only take a moment  
And make it yes, last.  
I would catch them all day and night,  
And make them for you right

If I could only take a moment,  
For dreams to make them true,  
I would gift them all in a jif to you,  
All wrapped up in a golden tray!

If I could only take a moment,  
Of my life and make it last,  
I would forever, my Love, keep your heart;  
But please, don't ever ask me why...

If I could only take a moment  
I would make everything right for you  
To set your heart happy and free  
And bring in your life all the Light!

## **If Your Heart Begins To Ache**

If your heart begins to ache,  
And it's about to break,  
Just let me know, right away,  
And I'll wipe, your tears away!

I want you just to know,  
Everyday, my love for you grows.  
And let me now, remind you,  
That our love, will forever last too,

Just wait and see my love,  
When I look at heavens, high above,  
You're the only one, I thinking of,  
'Cause loving you, is all I'm conceiving of!

## **Just Another Dream Of You**

So many times  
You've gone away  
Without saying 'goodbye'  
You let my love just die... away

But no more I cry  
As I wiped my tears away  
A new day is out  
And the sun is shining high

So many times  
You've gone away  
Without saying a 'goodbye'  
You let my love just die away

Fading with another dream of you  
You've sent me on my way  
Without saying a 'goodbye'  
You killed my love...again

## **Lighting A Candle**

(Word Acrostic)

Lighting a candle for those who have died  
A most thoughtful and kindly done request, since lighting a  
Candle is the least, we can do,  
For those who have sacrificed their life and all, so  
Those of us can live in a better place. Let's remember those  
Who have died in all the wars, who,  
Have fought so bravely in the name of peace&freedom and  
Died. Let's never forget it and pray for World peace!

## Love Song

With every note a love song,  
That means much to me,  
Here together, we'll be long,  
Through anything right or wrong

Within this heart that's beating,  
Our love is always strong,  
They say that love it's fleeting,  
Yet together we've been all this long

So hold me close my Darling,  
Let's hear the music play,  
So much we got to say,  
I'm asking you here to stay

Here together we'll be long,  
Our love is always strong,  
We'll hear each and every song,  
Because this is where belong

Knowing that forever,  
Each moment of our day,  
Our memories shall live forever,  
Through cloudy days and days of may!

## Love Sounds

Music sounds have begun  
Enjoy in life by everyone  
So happy when its done  
Knowing for sure you've won

For melodies that seem to please  
Hear the tempo of the beat  
With you my beloved near  
My heart dances in the breeze!

Sounds in life that makes us sing  
Products of the life that we live  
And the things that you may bring  
Letting good times in your heart ring!

For melodies that seem to please  
Products of our dancing feet  
A great moment always seize  
To revisit all those memories sweet

To give us love in all they bring  
With sounds of life that makes us sing.  
In my heart sweet bells for you ring  
You've captured all my heartstrings

Hear the tempo of my heart beat  
For melodies which seem to please  
You sound to me always sweet  
Everytime with me you meet

## **Lovers And Best Friends**

Given special thanks here to you,  
For all that you've done for me.  
I want to thank you and wish you all the best,  
For always being a good friend to me

True friends like you, are hard to find,  
Here and there and everywhere,  
I am so lucky, to have found a friend in you,  
You'll always be in my heart now

With words of great love, and warmly care,  
Devotion and loyalty are best portrayed.  
Like a precious star from above, upon me you glow,  
You are the sunset and sunrise in my sky

Your friendship for me reaches far beyond,  
Any other I have known in my whole life before.  
You are the one that outshines all the rest,  
In a world, where I felt quite alone before

But God Almighty, in all His merciful way,  
One more time, showed me I was wrong.  
To my side, in my life He sent you instead,  
To have you as my lover, and my best friend!

## **Mom**

Mom, I miss your smiling face,  
Your loving voice and embrace,  
You are considerate and kind,  
You're everyday in my mind

Dear mom, it's you I do miss,  
I send you a hug and a kiss,  
You give me your tender love,  
Which comes from God above

I can't never thank you enough,  
For all the love you've shown me,  
Grateful for all the things,  
Through the years you've giving me

Dear mom, I miss your loving face,  
No other love can ever take your place!

## **Morgan Le Fay**

(A Villanelle)

A ruthless scoundrel called 'Morgan Le Faye'. indeed was he!  
And of nothing aboard his Nefarious, they said was afraid.  
A cold-hearted pirate, was he! with deep-green eyes the colour of sea!

He spent most of his time, aboard 'The Nefarious', free!  
Just sowing pain, terror and death, always readying his blade,  
A ruthless scoundrel called 'Morgan Le Faye', indeed was he!

He didn't believe in anything, man or god but only the sea!  
His laws! were only the ones that, himself made,  
A cold-hearted pirate was he! with deep-green eyes the colour of sea!

Clever, impetuous, arrogant, dashing and so bold was really he,  
Ladies, fell under his spell, and to his wicked ways bade,  
A ruthless scoundrel called 'Morgan Le Fay', indeed was he!

So he was always sailing the High Seas, ready to flee,  
To some distant island alone, to hide all the gold he's made,  
A cold-hearted pirate was he! with deep-green eyes the colour of sea!

He didn't believe in love, that word was foreign to him, you see!  
His only friend was his sharpened-sword, his god, the gold he's raid!  
A ruthless scoundrel called 'Morgan Le Fay', indeed was he!  
A cold-hearted pirate, was he! with deep-green eyes the colour of sea!

## **My Love**

(Word acrostic poem)

Somewhere I'll find you  
In my heart I know.  
Time, will make this love grow  
My heart then, will be no blue!

Love will have its golden day  
I've dreamt so much of you.  
Know in my heart that you're my love  
You are! and that's all I knew!

Are you the one? I heard my name you whisper  
Waiting for you, for so long, for so many years,  
For what do I know? My heart was filled of fears.  
Me and you, at last together, for us no more tears!

## **My Love For You**

The two of us a perfect match,  
That's the glory of us two.  
With you the stars I catch,  
You make me feel so good

Floral gifts I see in perfect blend,  
My love for you exceeds all the rhymes.  
I am so happy you're my friend,  
The best one God to me had send

No matter how I start to count  
My love for you in vast amount  
Thank you for being my best friend  
With you mountains I can mount

My love for you exceeds all the rhymes.  
With you the stars I catch,  
Nothing our love can match,  
Forever I'll love you in time

## **My Rock My Power And My Source**

When the cares of this world are too much,  
And injustices around me is all I see,  
He's my Rock, my Power and my Source,  
And I know in Him I can always depend on...

When wicked men around me only seek to harm me,  
And only evil thoughts they have in their mind,  
And in power, self-gratification and pure greediness they feed on,  
Please Lord, give me the valor to keep going straight my path...

As their agenda goes only it seems like this, and they say:  
'Give me more and more and toss me more in the sack'  
So when evil men seek to surround me with every evil,  
And in their hearts with bad intentions, to me they may come...

Oh, my Sweet Lord! in those moments be my solid Rock!  
Pour your Spirit all on me, so I remain in your faithfully strong...  
Help me to stir my own ship through my course right,  
And be You, my sole Provider, when I face every storm...

## **My Sweet Angel**

My sweet angel had softly spoken,  
Words of comfort in my soul  
And in my ear He whispers 'Child, don't be afraid, '  
I'll protect you all the way...

With a sword of truth, He stands right beside me,  
And defends me beneath his spreaded, holy wings...  
He's always there ready to guide me, in everything I do,  
And to fight for me in any bad circumstances I fall in...

My sweet angel never tires, or to my Father tells complains,  
He always gives me a shoulder, where my sorrows I can cry on,  
And from every danger, He always tries to keep me safe  
And puts up with all my wicked and foolish ways...

My sweet Angel will never quit or grow weak on me,  
He's always there to protect me and all the way,  
And from satan's clutches He delivers me safe and whole,  
From each and every wickness, I come in contact with...

## **My Wish For You**

I wish for you ...  
Smiles if sadness intrudes.  
Courage to know yourself  
Happiness that joy includes

I wish for you ...  
Faith to believe in you!  
Sunrises to warm your heart  
And beauty for your eyes to see!

I wish for you...  
Laughter to sanctify your lips.  
Rainbows to chase away your clouds  
And friendships to shower at your door!

I wish for you all here, and more than this,  
And to make Love and Peace yours!

## **On Top Of The World**

I am on my way to happiness today,  
I am on my way to what I wanted from this world, Dear,  
I took a right, a right turning for the best, and yesterday,  
I took the road, that brought me to your hometown.  
I took the bus, to streets that I could walk down,  
I walked those streets to find what I've looked for,  
And climbed the stairs that led me to your front door,  
And I'll do my best, I'll do my best to do the best I can,

To keep my feet, from jumping up and down from the ground,  
To keep my heart, from jumping through my mouth, my dear,  
And now, that I don't want for anything anymore,  
I'd have Al Joison, sing, 'I am on top to the world'  
And it's all because of you, because now, I do have you,  
In my life forever and ever, my sweet Dear!

## **Perfect Love**

Looking at His world here below  
Feel His love fall down on us  
So much goodness he bestows  
Through Him we're so bless!

Look up at the starlight  
Each special light designed  
Showing to us as bright  
With all His love so fine

In each new day a reason  
See the points that shine  
In every life there's a season  
His love is perfect and divine!

Every time I hear your name,  
I remember when you came.  
Here in my memory you will live  
Endless love, my heart relives!

For so long I've love you too.  
Love which, inside me grew,  
Look! How much I love you

For so long, so many years now,

## Reflections

My love, I see you, right here!  
What more can be so sweet?  
In your eyes I see the stars.  
You make quicker, my heart beat!

Together we walk the miles,  
With you, no longer, I feel alone,  
Now the sun in the morn greets  
Me, and since I met you has shone

Our love like a seed, has grown,  
And like a beautiful rose bloomed.  
Your love now I can call my own,  
And taught me more than I've known

With you I can reach higher the sky,  
And for you, soaring my soul, happily fly!

## **Should I Stay Or Go?**

Where should I go  
To look for happiness  
I know the answer is all inside  
Waiting just for the right choice...

And all of sudden I see yesterday right in front of me,  
And within seconds seem to stand, as I see doors closed and others opened,  
And for God's sake, I see, I'm not anymore, just the same,  
Even when I still love you, Oh, my Love so...

Trying so hard to hold to, I don't really know to what,  
Oh! please let me go! as pieces of my life I try to gather now, around  
Broken and emptied vesels just laying now aside  
Of what were all my dreams of your Love before...

You've shattered all my dreams,  
Not once but too many times before, how could you?  
And my cup has runneth over now so emptied,  
And all of sudden, I don't have the strength anymore to fight!

I'm hanging low just from a thin thread  
Right at the edge of a tallest cliff  
As I think so desesperately at this moment now,  
Should I stay or should I go?

## **Spellbound**

Balance is expected  
Rainbows are connected  
Stars for you are spreaded  
And then I see your smile!

Wheels keep just moving  
Trees are so happy  
Above the birds are singing  
And my heart for a brief moment sigh!

Today my pink roses bloomed  
Exposing all their laughter.  
While the rain earlier fell  
And sent me into another spell!

But sunshine once again appeared  
Then all my woes and sorrows fled!

## **Taking Chances**

I want to dance  
I want to cry.  
I take chances  
Let tears dry!

I can't sleep  
I can't write  
And at times  
Thoughts are trite

With this picture  
Here in mind  
No more I am sure  
I can leave this behind

So I take another glance  
And again one more chance!

## **The Gift Of You**

I just can't believe yet my good luck,  
That you came to me when you did,  
And you brought in, much happiness,  
In my life when you came to me...

Yes, you are a gift full of grace,  
That came to shower me with true love,  
And from Heaven you were sent  
To be my angel friend here on earth!

Like a breath of fresh air and,  
With radiant rays of sunshine you touch all my heart...  
Inside and out you fill me with your warmth,  
You are the gift of grace who God had in mind!

Oh! my sweet and most wonderful, true and best friend of mine! !

## **The Way You Love Me**

I love the way,  
You make me feel everyday,  
You make my heart race,  
You make me happy, the whole day,

I like the way you that you kiss me,  
And when you touch me, the way you do;  
You light in me, that fire, in which I burn,  
Only you, my love, know me well that way

With you I can always be me,  
And you know I belong to you,  
My love for you will last,  
Forever and evermore!

## **This's Jack**

(Humorous Fantasy poem)

Yesterday I saw a very creepy mouse,  
Sneaking right through my front door,  
He was wearing tails and a top black hat  
And dragging was a large suitcase too...

When he saw me, he run inside,  
And past me he sped so fast,  
Into the kitchen he went in,  
To a tiny hole, with suitcase and all...

I tried everything, to flushed him out,  
From the hole just as fast.  
I played him music extremely loud;  
And even called him on his cell phone

So I ordered him some cheese pizza,  
Provolone and jack cheese by the pound,  
And placed it close, for him to come out and eat,  
But...he grabbed with him in a flash

An email he sent me later on,  
In which this certain note, to me he wrote:  
'This's Jack, thank you, for giving me more food,  
Now I can stay with you, for another three years!

## Twilight Time

Thinking here, again of you,  
Why do I do everyday this?  
Why do I remember your kisses?  
To make me again blue

I think I have to be crazy,  
To believe you love me too,  
Maybe, you think I am a fool,  
For thinking, your love is true

Why can I stop thinking about you?  
When you make my heart now blue  
When good memories is all I view  
Living fantasies! we once both knew

While thinking here again of you,  
In the twilight, to make my heart blue!

## **Two Hearts**

Two loving hearts now bind,  
With love's sweet ecstasy.  
Fulfilling every single wish,  
Every time I close my eyes

Where love will always be,  
Bursting, with a blessed melody,  
I hear it everyday so reverently,  
Together like a song, we both sing

I see you, and my heart skips a beat,  
My breath in silent for you sighs,  
With dreams of love which survives,  
No matter where you and I would be!

## **Under The Moonlight**

I hear the wind calling your name and mine  
Softly dancing like a luminous candle in the night  
Listen our hearts beating together just like one  
Sweet nothings whispers us under the moonlight  
Every night silently you and I we fly  
In the day like an eagle we soar so high  
Everywhere I go your love is all I see  
Your closeness makes me all the time sigh  
With your love now I am completely free  
In my heart there's nobody like you  
Hold my hand and let's continue our walk  
Heart to heart we'll make it through  
Music fill our souls with happy songs my Love  
Feel it day and night with this wonderful love so true!

## Vanished

A long time ago, in an early and very warm day of summer,  
In the newspapers, they said that a girl have dissapeared.  
The last time they saw her, she was walking alone in the woods.  
A mandatory search party was issued for her the very same day

The hours passed, and they couldn't find her anywhere.  
After twelve hours the stress was so hard to bear and so tense.  
Some people prayed, some cried and some felt so helpless,  
Everybody was so worried and for them nothing made any sense!

The girl now was gone, for more than twenty-four hours,  
And the prospects of finding her alive grew indeed very slim.  
Stories continued to pour, some were very evil to even consider,  
To think about, some were silly, and some, so unbeliveable and grim

Some say that the girl was killed by a cult, right there in the woods,  
And that her corpse had been disposed of, and buried somewhere else.  
Other people say that she was kidnapped by some aliens creatures,  
The ones that had been sighted in the area for so many generations

Days passed and weeks turned into years and decades too,  
Since that very early and warm morning one day in the South,  
When a very young girl disappeared from the woods  
Not to be seen again, since that day to this very date

And in the small town where she lived, they still remembered her,  
Some of the locals are now long gone, some live in that same space.  
But deep in those backwoods, if you dare! or happen to hike there,  
You can still see her spectral figure, haunting that forsaken place!

## **With A Heartfull Of Hope**

I stopped feeling  
I don't know why.  
Signs aren't clear  
But heart can't lie

Emotions conflicted  
Truth is confused.  
Mixed with illusions  
My heart sings the blues!

Starting a new day  
Renewed with Love.  
Heart filled with hope  
For better off to cope!

## **You**

You soothe my pain so well,  
Without you, life would be hell.  
You carry me to heights unknown,  
Where I can't feel quite alone

I'm not sure what else can this be,  
What I feel for you, you feel for me.  
For you this time, my heart is inflamed,  
Was Cupid, the one again to blame?

You are considerate and kind,  
You're forever on my mind.  
To this truth I'm not so blind,  
A love like this, is hard to find

Don't you see what's so plain to see,  
That true love for us has come to be!

## **You Will Seek Me**

When I'm not serving God, my very best  
I feel empty, my heart is filled with distress.  
Serving God is a joy, which much I treasured,  
Salvation is a blessing and nothing else!

Everytime there's something I need from my Saviour,  
Jesus with opened arms greet me and receive me,  
When I sin He forgives me and sets me free,  
I shout him praises when I look at the sky!

His salvation offered to each of us for free,  
Hear of a place called Calvary, that's the key!  
You can be saved by my Lord whom I adore,  
Just open your heart right now and you'll see

You'll be forgiven and at last you'll be free,  
Once you confess and repent of your sins, you'll see!
