### **Jesse Overton (December 27,1990)**

I love music. I'm a Christian vocalist, lyricist and parodist. My vocal range is Baritone. I love superheroes. I started a superhero adventure but never had a chance to finish it. I'm attending Davidson County Community College and pursuing my Associates in Arts. I plan on transferring to Liberty University. I enjoy playing(harmless) jokes. I'm a public/motivational speaker. I enjoy writing about life, and I love getting suggestions and feedback. Have a great day! :)

## **A Jokers Prayer**

help me to make a smile  
make it wide and bright  
calm someone when they're mad  
bake a cherry pie  
take a purse and hide it good  
make her worry and be the hero of the day  
poke her sides and make her grin  
teeth shinning from ear to ear  
use mind games to make her feel dumb  
then suprise her with a kiss  
run weird, trip, yell out in pain  
she'll jump in to play the game  
make each day filled with joy  
just remember i'm not a toy  
lay my head down to sleep  
because tomorrow i repeat  
time to make a smile again  
this way i always win!

## **Choices, Morals, and Plain Old Thoughts**

I'm walking deep within the realms of my mind  
What you've did gives me a choice  
Do I retaliate and make you beg and plea  
Or do I blow it off and enjoy my day?  
Am I friends with you because I enjoy you and long for you company  
Or do I think about what's in it for me?  
When I see you dropp your wallet in a rush  
Do I catch you and give it to you mabey the next time we meet  
Or do I empty it til it is bare throw the wallet away without a care?  
If I see you hurt with pain do I pick you up and carry you home  
Or do I stomp on you and mock your pain?  
Reading this you may think I'm cruel and vile  
But if you look on the inside what do you find?  
When you look at a friend in need what do you do?  
Do you take time out of your day  
Or do you walk away with a smirk of greed on your face?  
Choices, Morals and Plain Old Thoughts float around your head  
When you wake up or lie in bed  
What things will you face today and what opportunities may pass  
You decide which choice is best.....

## **close friend**

when you feel alone  
i'm always near  
if you're down  
i'll pick you up again  
if your heart is broke  
i'm hear to mend  
when you cry  
tears fill my eyes  
when pain rips your soul  
i'm ready to restore  
when you need love  
here it is  
my arms are open  
i'm your close friend

## From Junk into Treasure

In a junk yard to stay  
Abandoned by all around  
Life's storms leave their marks  
I'm rusted on the inside and out  
All those other vessels  
With their temporary shine  
Jealously begins to taint my inner being  
It's venom destroying my life  
Like a swarm of locust in a field of wheat  
My very existence begins to fade  
Like a mist on a humid summer's day  
How can life go on?  
Then the horizon broadened  
This day is like no other  
A gentleman comes by to purchase some junk  
He begins to look around then He sets His eyes on me  
In a soft humble voice He says 'I'll make this one mine'  
The salesman says 'No that one stays here'  
'Sorry but I paid in full price long long ago' the gentleman says with a smile  
He had brought me to His house  
When all hope seemed lost  
He sprayed my life with WD40 (His love)  
Instantly the rust and tarnish dissolved  
From that point on I began to shine  
This shine is like no other  
This shine will never fade  
Nor will it cease to be bright as the Son  
People sometimes ask and wonder  
He only smiles and says 'That's my treasure'

## Hide (lyrics)

Walking through this life  
I try to find Your light  
Though this place is dark and cold  
I have no home to call my own  
Scarred by this world  
I keep it all inside

Verse 1

But from you I cannot hide  
You can see I'm broken inside  
Doing what I think is right  
Lord, I need You by my side  
Please take away my night  
And give me Your light

Chorus

Things aren't going right  
Is my life just a lie  
There's no hope in sight  
I try to run far away  
But my sins are here to stay  
They haunt me night and day

Verse 2

But from you I cannot hide  
You can see I'm broken inside  
Doing what I think is right  
Lord, I need You by my side  
Please take away my night  
And give me Your light

Chorus

Forgive me tonight                    X2  
(From You I cannot hide)  
Please give me peace inside  
(From You I cannot hide)  
Surround me by Your light  
(From You I cannot hide)  
(fade out) .....

## **It's you Lord (Parody of Styx, Babe)**

Lord, I'm grieving, cause I failed you once again      Verse 1  
Pain flows through my tears  
A hymn I'm humming, as I look up to the sky  
I'm longing for You Lord  
I confess all my sins to You  
I'll need Your grace to guide me through  
Please forgive me, please wash this sin away  
And I'll be lifting You

Cause I know it's You Lord      Chorus  
When my heart is heavy, and I need Your love  
My sin is lifted up  
I know it's You Lord  
Giving me the faith I need to live for You  
Please believe that it's true  
Lord I love You

### Bridge

Cause I know it's You Lord      Chorus  
When my heart is heavy, and I need Your love  
My sin is lifted up  
I know it's You Lord  
Giving me the faith I need to live for You  
Please believe that it's true  
Lord I love You

Lord, I'm trying, but slipping once again      Verse 2  
Trying to go the extra mile  
I know that our sins, our sins You will forget  
Of them there's not a trace  
Cause I'm longing just for You  
I need some faith to help me through  
Please forgive me, please wash my sins away  
And I'll be lifting You

Cause I know it's You Lord      Chorus  
When my heart is heavy, and I need Your love  
My sin is lifted up  
I know it's You Lord  
Giving me the faith I need to live for You  
Please believe that it's true  
Lord I love You

Lord, I love You.....(fade out)

## **Last Chance**

What is life about?  
Living each day as if it were your last  
Searching for new faces  
Learning new things  
You can't reach somebody  
If you aren't willing to walk through the pain to get them  
You never know who might need your help  
You only have one chance to live on earth  
We might as well make it worth our time  
When your spirit leaves your body  
Time is up  
So live each day as if it were your last chance

Jesse Overton

## **mellow to monster**

the stream of tears flow  
every wound ever sustained  
every time my heart was shattered  
every time my feelings were bound  
the river gets deeper than the time before  
i'm drifting away in all this pain  
tears collect over the years  
beasts are set free and anger takes its turn  
savage thoughts taint my mind  
what have i become  
looking into these deep dark brown vengeful eyes  
i'm on a journey to correct my wrongs  
destroy him before he destroys me  
i'm my own worst enemy

Jesse Overton

## **My Princess**

She has eyes that can pierce through my emotions  
She has a voice that can calm the worst of days  
Her touch soothes me on contact  
She holds me when I'm sad  
She'll wipe my every tear  
Nobody can replace her  
Only she can provide all I need  
When I sleep she's in my dreams  
When I wake she's by my side  
I'm lucky to have her  
She may never know how much I love her  
She's loved no matter what  
She'll always have a place in my heart  
She's always going to be a princess in my eyes  
(I dedicate this to my friend Amy for her birthday on May 3rd)

Jesse Overton

## **One of a kind**

I've searched long and hard  
I can't fill this missing peice  
Nobody has your touch  
People can only guess why I'm down  
You know from first sight  
Nobody could ever match your love  
There's a huge void in my life  
It's like trying to force a key in the wrong lock  
It just doesn't fit  
The truth is I miss you  
Nobody could ever replace you because.....  
Your one of a kind  
(this is to all the girls out there that struggle with being loved and accepted)

[Sunrise Maximum Security Prison 1957]

[Two officials are inside an enclosed office having a conversation]

Security Guard: Chief why is he here?

Chief: He's dangerous!

Security Guard: He's only 11 years old.

Chief: He's not a normal child.

Child: (stares at the guard with disgust) Fine until you came.

Security Guard: You know you're a cute little boy. (Smiles warmly)

Child: (rolls his eyes) whatever, ask me already.

Security Guard: How does an 11 year old rob 4 banks, kill 7 people, raid 8 warehouses, steal 2 cars, and blow up 4 buildings and single handedly clean a whole bar in one day?

Child: (with a dark smirk) with ease.

Security Guard: Why?

Child: That's my little secret.

Security Guard: You're not a bad person you just need to be loved.

Child: (A single tear rolls down his cheek) what do you know about love!

Security Guard: I can help you just give me a chance.

Child: Screw you and your help, I don't need it!

Security Guard: May I hug you?

Child: (begins to walk towards her, but steps back) No!

Security Guard: Why not?

[Door opens; three officers walk in with guns drawn]

Officer 1: Put your hands up where I can see them or...

Child: (eyes start turning transparent blue) (points finger) Chill.

Security Guard: Why did you do that?

Child: (eyes become a glowing fire red) this makes me hot! (Releases a fire ball, and vanishes)

Security Guard: (jumps back as fire dissolves inches from her face) Where did he go?

Chief: (walks inside cell) told you.

Security Guard: I almost got him to speak, but your men had to ruin it!

Chris: \$0.41 cents your change.

Sam: Keep it.

Chris: I'll be out in a few.

Sam: (Grabs him by the arm and flips him) Get a real job!

3rd Man: (grabs Sam from behind) This will shut you up hero!

Sam: (elbows him in the side, twists his arm and clotheslines him) What a push over.

[Sam goes over to the girl in the corner and embraces her]

Sam: Are you okay?

Girl: Yes, Thank you sir.

Sam: You look hungry, let me buy you something.

## **Slade's Persona**

I'm not who you think I am  
I love and I cry  
I care and I give  
I rebuild and I encourage  
Deep down inside I'm broken and scarred  
Dark ambitions conspire against me  
I'm surrounded by rain and thunder  
My head is hanging low as each tear forcefully falls  
The lightning reveals the sorrow on my face  
A single light can be seen  
It's the part of me that wants to be free  
No longer bound to the pain, sorrow or anger  
Instantly I become two  
One to be banished in darkness forever  
Then the one that's surfaced to the top  
They hate each other with passion  
I'm bound between right and wrong  
Only I can decide which one wins.....

## **Standing (lyrics)**

What beauty and wonder fills my eyes      Verse 1  
As I gaze upon the starry skies  
Although I can't see You here  
I know, O Lord, Your love is near  
Open my heart to Your ways  
Be I humble all my days

I'm standing here with an open mind      Chorus  
Seeking Him who gave me life  
Who am I to ask for You  
Relieve my doubts and make them few  
Teach me how to fear  
Lord, just know I'm still standing here

Show me Your holy light      Verse 2  
Give me wisdom to do what's right  
Far away am I from You  
From what I hear, You love me too  
I'm eager to learn Your grace  
I'm longing to seek Your face

I'm still standing here  
I'm still standing here  
I'm still standing here  
I'm still standing here.....(fade out)

Jesse Overton

## **The distant goal**

I search across the field of opportunity  
My goals are in plain view  
I try to reach out and grab them  
They slip from grasp  
I'm on a tight rope  
One wrong move I'll fall  
The closer I get, the more problems I face  
I can taste the victory when I reach the end  
I also taste defeat when my plans crumble from beneath  
It's a work in progress  
My motives still go strong  
I encourage you to join me and reach for the stars

Jesse Overton

## **The Lessons that Jesus taught (parody of J Geils Band, Centerfold)**

Did they cry? Did they pray?                      Verse 1  
Did they even feel his pain  
As they nailed Him to that cross  
Then mocked Him as He bleeds

He was born by virgin birth  
Laid in a manger stuffed with hay  
Shepherds heard the angels sing  
The wise men brought Him gifts

As a child Christ spoke to the teachers of Galilee  
Then as an adult He started His ministry

The things He did    Chorus  
The words He spoke touched heart and soul  
The lessons that Jesus taught (back ground vocals repeat)  
(Repeat)

The miracles that Jesus did                      Verse 2  
The Pharisees would ride His case  
Like turning water into wine  
No normal man could do

Then came the prodigal son  
He left his father for the world  
From swine husks he did eat  
Until he came back home

He would show us how to pray in Matthew Chapter Six  
From the Sermon on the Mount, He showed us how to live

The things He did    Chorus  
The words He spoke touched heart and soul  
The lessons that Jesus taught (back ground vocals repeat)

The woman with the blood issue                      Verse 3  
The man with his withered hand  
Both of them Christ would heal  
According to God's plan

It's fine, He understood  
We're not perfect, so He made a way  
By His blood we are free  
With Him eternally

Temptations will come and go, Jesus showed us that  
Forty days and forty nights Satan tried his best

Read the Bible, pray each day                      Chorus 2  
Let Jesus guide the way  
Come on, please just try it  
Then just apply it

(Repeat)

Jesus showed him up when Satan put Him to the test      Verse 4  
That just shows our Lord simply is the best

The things He did      Chorus  
The words He spoke touched heart and soul  
The lessons that Jesus taught (back ground vocals repeat)  
(Repeat)  
Na, na, na, na, na.....(fade out)

## **The Pain of Loss**

Last night I laid in bed wide awake  
I reached over to your side of the bed, but it was bare  
I long to feel the warmth of your flesh  
The house is cold and the floors creak and moan  
I remember gazing into your perfect hazel eyes, but never again  
You used to fill the house with your humming  
I'd breathe in your scent when you walked by, but never again  
I walk by the park tonight and I could still feel your hand in mine  
I saw myself pushing you on the swing, and the autumn wind blowing through your  
dark brown hair  
When I walked by the old weathered oak where we shared our first kiss  
A single tear rolled down my cheek  
I can remember when you were always there for me  
When the doctor said everything would be alright  
I remember you by my side  
I saw the look of pain on your beautiful olive face  
It was a cold November morning in 1958  
When you walked outside that mahogany door, and left me here to stay.....

Jesse Overton

## **To let go**

I always said I'd be here for you  
I'm sailing away on life's journey  
I don't want to let you go but it's better for you  
Life's storms will rush in and knock you down  
Your fate rests in my hands  
I won't let it take you under no matter how far away I am  
Letting you go was a difficult move  
It caused you to see a self-centered jerk when I really was trying to help  
I'll always have a bond with you  
Letting go is hard to do  
I'll tell you this, I'm not gone  
I'll care for you forever more  
I'll see you again someday  
Until then I must let go

Jesse Overton

## Tonight (lyrics)

The sun starts to fade  
Nightly winds blow  
Shadows fill the night  
Alone and in the cold  
Minds fill with fright  
Tears begin to fall  
Broken deep inside  
Who do we call?

Verse 1

Sweet dreams tonight  
God's love is near  
Why do we weep?  
Why do we fear?  
Things will be alright  
God doesn't sleep  
His child He'll keep  
Sweet dreams tonight

Chorus

Come hold us Lord  
Please Keep us tight  
Increase our faith  
Bless us this night  
The dawn's far away  
Father, keep us safe  
Lord, clear our minds  
By Your love we're saved

Verse 2

Sweet dreams tonight  
God's love is near  
Why do we weep?  
Why do we fear?  
Things will be alright  
God doesn't sleep  
His child He'll keep  
Sweet dreams tonight

Chorus

Sweet dreams tonight  
Sweet dreams tonight  
Sweet dreams tonight..... (fade out)

## **Unseen Hero**

You see me everyday  
You fail to acknowledge me  
When your hurt I'm always near  
When I'm beside you  
You never notice me  
When your facing trials  
I pray for you  
When your having fun  
I stand near by and smile  
When your alone  
I'm by your side  
When your sick  
I nurse you back to health  
When you lay your head down to sleep  
I'm there watching over you during the night  
I protect you from all types of harm  
I kiss you on the cheek and say sweet dreams  
I look back with a smile  
When you wake I vanish

## **Who am I?**

Searching through this life  
Day in  
Day out  
All these different cultures  
All these different styles  
Where do I fit in?  
Rap over here  
Rock over there  
Hardcore gangster's club  
Redneck biker club  
Dark Emo/Goth club  
Preppy Holister club  
Am I just a Fad?  
I'll stay original  
Or else I'll fade  
When I call it a night  
I look in the mirror and say  
Who am I?

**Won't You come make a change in my life (parody of John Ford Coley and England Dan, Really love to see you)**

Dear Lord, Yes, it's been a while                      Verse 1  
My world's come in two  
Lord I'm heading for a fall  
I guess I really need to talk to You  
Up in heaven upon Your throne  
You can see my heart's desire  
Separated by this sin of mine  
I really do miss our bond

Forgive me of my many sins                      Chorus  
I want to rededicate my life  
This sin is tearing me apart  
Won't You come make a change in my life

I could read my Bible for a start                      Verse 2  
Listen to the preacher preach  
I could start praying with my wife  
You see I need You Lord to change this heart in me

Forgive me of my many sins                      Chorus  
I want to rededicate my life  
This sin is tearing me apart  
Won't You come make a change in my life

I won't give You excuses                      Verse 3  
When it's my time to die  
I'll thank You for helping me  
The night I rededicated my life

Forgive me of my many sins                      Chorus  
I want to rededicate my life  
This sin is tearing me apart  
Won't You come make a change in my life.....(fade out)
