## **On The Margins Of A Poem**

The poem  
that I chose for you  
is simple,  
as are all my singing poems.

It has the trace of a veil,  
a little balsam,  
and a taste of the honey  
of lies.

There is also  
the coming end of summer  
when heat scorches the meadow  
and the quick waters  
of the river  
cease to flow.
