### **Joe Rosochacki (April 8,1954)**

Although I am a musician, (BM in guitar performance & MA in Music Theory-literature, Eastern Michigan University) guitarist-composer- teacher, I often dabbled with lyrics and continued with my observations that I had written before in the mid-eighties. My Observations are mostly prose with poetic lilt. Observations include historical facts, conjecture, objective and subjective views and things that perplex in life. The Observations that I write are more or less Op. Ed. in format.

Although I grew up in Hamtramck, Michigan in the US my current residence is now in Cumby, Texas and I am happily married.  
I invite to listen to my guitar works

**\$\$\$\$Creflo Dollar Store\$\$\$\$ (not quite an acronym for Cre(ating) (the) Flo(w) (of) Dollar(s) (His Real name is Michael Smith)**

Who is this man of God,  
professing the Resurrection of my Lord Jesus,  
Dressed up with all that bling?  
That the more you give to me assuredly comforts you with a heavenly thing.  
International ministry, in the name of Jesus, to people in Uganda,

The Title and theme of Creflo Dollar's meeting in Kampala, Uganda is  
'Jangu Ogagawale' in Luganda, a local dialect; in English translated  
'Come and Get Rich'...

This sounds unbelievable cause Creflo would have a very hard time using  
such a Theme in the United States. However, these imposters calling  
themselves preachers have no hindrances in Africa, they take full  
advantage.

"This Creflo Dollar meeting is nothing less than Creflo Dollar coming to forcefully rape  
the Ugandan Church. It is nothing short of Kayanja and team committing acts of  
Obscenity and spiritual pornography. The whole Creflo Dollar meeting in Kampala is  
one of Obscene Gestures, spiritual Pornography and whoredoms. African Christians  
stay away from this meeting...it is a pure antichrist meeting."

Kato Mivule  
Uganda, Africa

One Act of the apostles one need not forget,  
Did not entail 'Prosper Theology', uhm--  
Two Rolls Royces (one given him by the faithful congregation) ,  
One multimillion dollar house,  
An apartment in Manhattan for \$2,700,000.00, and one or two jets,  
Make it three, for Trinity.

The Father, the Son and the Holy Spirit...  
I think?

Creflo thunders to his captive audience, "We established last night that you are not  
whole until you get your money. Amen." His church members cheer when they hear  
him say "Well, you need to hear about money, because you ain't gonna have no love  
and joy and peace until you get some money! ... You got to get some MONEY! " (Creflo  
Dollar, TBN, July 20,1999)

Imagine that God is love.  
In Creflo's teachings, love is money.  
Gold equates to money, and Shalom is not yours till you get the money.  
Therefore, Creflo worships gold (like the Golden Calf in Exodus) .  
Exodus 32: 19-35

He doesn't remember the Golden Rule.  
It is, by Creflo's account, the one who has the gold is the one who rules.

The New York Post wrote (around 1987) :

"To those of you who don't watch paid programming on Sunday mornings, Creflo  
Dollar is a televangelist. Born Michael Smith, he drives a black Rolls Royce and his  
teaching is the very antithesis of that nonsense about the rich man, the camel and the  
eye of the needle. To Creflo, it's all about the Benjamins."

What would Christ think about a person flagrantly immersified (a joeism)  
In (Creflo) DOLLAR bills?

..I tell you the truth, it is hard for a rich man to enter the kingdom of heaven. Again I tell you, it is easier for a camel to go through the eye of a needle than for a rich man to enter the kingdom of God. Matthew 19: 24.

The parallel versions appear in Matthew 19: 23-24, Mark 10: 24-25 and Luke 18: 24-25,

Who is truly rich in earthly possessions? Is it not Creflo Dollar?  
WWJT? (what would Jesus think)

The words of Jesus Matt 6: 19-2: 1 "Do not lay up for yourselves treasures on earth, where moth and rust destroy and where thieves break in and steal; "but lay up for yourselves treasures in heaven, where neither moth nor rust destroys and where thieves do not break in and steal. "For where your treasure is, there your heart will be also."

Alas the dollar is weakening,  
Not a great sign of power,  
I wonder if Creflo,  
Would change his last name from Dollar to Euro.  
If and when this 'charismatic figure of a man' (like Adolph)  
Makes his conversion from monetary monikers, there will be no problem;  
The 'Golden Ones' owe no explanations....

**"Neither rain, nor snow, nor sleet, nor hail shall keep the postmen from their appointed rounds." But the lack of money may.**

The United States Postal Service is running out money to operate.  
My dad was a postal clerk in Hamtramck, Michigan, zone 12,  
Before the use of zip codes, yes I am that old,  
Zip codes were enacted by the time I was eight.  
One of the Postal branches in New York City has; neither snow.....,  
Though, --the US Postal officially has no motto.  
My dad went on a strike back when the US Postal System was run by the government,  
It was called a wild cat strike,  
He feared for his job but the union "wanted" him to strike for better pay,  
I believe he was making \$8.25 an hour,  
while the auto workers were making \$11.50 per hour or so,  
But he had to compete as far as cost of living,  
Then the US Postal Service became an independent entity from government, sort of,  
Then the parcel companies came in the; UPS, FedEx, DHL, (which folded in the US)  
And later on the internet, emails were the final straw that broke the US Postal back,  
Like dominoes, the printing of newspapers have succumbed to the eventuality,  
That we are not in the 1950's anymore,  
On line purchasing versus brick and mortar,  
News on line that you can reach via your cell phone,  
No need for postage stamps when send email,  
Going Postal has nothing to do with it.  
But like other corporations The US Postal Service will be bailed out,  
Upon the trillions of dollars we have printed so far,  
What's a billion or so, nothing new;  
Except, the lingering IOU;  
letter passed on to later generations,  
"Postage Due."

## "NUTS"

When the Nazis sent an ultimatum, WW II,  
to the Allies and particularly to the US Army,  
In the middle of the Battle of the Bulge,  
the Americans replied "NUTS".

The Rev. Jesse Jackson, when he thought the microphone was 'cold' on FOX TV,  
Said that he would castrate Obama no ifs and or buts.

Jackson said, or perceived,  
that Barack was cutting down Black People,  
By emphasizing, on Father's Day,  
that more fathers should be in their children's lives,  
More fathers should be at church with wives.

How demoralizing is that?

The Rev. Jesse Jackson had a "love child" out side of his marriage,

Did he forget already?

If that ain't the pot calling the kettle black (or in Barack's case not black enough) ?

What gives?

Rev. Jackson had accompanied Dr. Martin Luther King Jr. to the road for racial equality,  
The late Dr. would be most likely proud of the fact his "dream", however impeded,  
Has in a way become reality.

Did he forget already?

The Rev. Jesse Jackson's comment was so lewd,  
In an interview with The Associated Press earlier Wednesday, Jackson said he didn't  
remember his exact words, but said he was 'very sorry.' He told CNN the remark was  
'regretfully crude.'

His attack was attacked by his own offspring, the US Representative Jesse Jackson Jr.,  
Who did not hold his father's comments dear,

His son, Rep. Jesse Jackson Jr., said he was disappointed by his father's "reckless  
statements." "His divisive and demeaning comments about the presumptive  
Democratic nominee — and I believe the next president of the United States —  
contradict his inspiring and courageous career, ".....

'Reverend Jackson is my dad and I'll always love him. He should know how hard that  
I've worked for the last year and a half as a national co-chair of Barack Obama's  
presidential campaign. So, I thoroughly reject and repudiate his ugly rhetoric. He  
should keep hope alive and any personal attacks and insults to himself.'

If Rev. Jackson wanted to make fire where it isn't,

to make him the controversy,  
The headlines focused upon him,  
he made it so for at least until the election.

He is a media "gas bag",  
in the end Barack has gained,  
By Jesse's espousing the negatives,  
As Bill had done for his wife,  
the opposite effect had occurred, by their tirades,  
As far as his "gas bagging" is concerned,  
the Rev. should try a mouthful of Roloids.

### 3 (a not so poem about the number three but its intregation in society)

Three is a most important number in society both religious and secular.

- 1 If you place two dots you get a straight line if you place three dots you have your geometric figure. (Euclidean Geometry, -101 duh!)
- 2 There are three seen dimensions length, width, height.
- 3 There are three states of matter, gas, solid, liquid.
- 4 A tripod is used till today for cameras, a tricycle is used by very young people and older people as well. The use of a cane create a tripod of sorts
- 5 There are three definitions of time, past, present, future.
- 6 There are three primary colors.
- 7 There were/are three colors that were used on color tv's (red, blue, green)
- 8 There are three colors that mixed to form a color picture in your printer, (cyan, magenta, yellow) outside of black
- 9 We've (USA Americans as Caitlin Upton would say) have divided our sports, hockey (3 periods unless there is overtime, baseball 9 innings, 3 outs each team commences an inning, 12 or 15 minute quarters basketball and football, etc.)
- 10 There are three cultural symbols that are used in China, The Chinese Dragon, Fu dog and incense comprise three symbols within traditional Chinese culture.

([http://en.wikipedia.org/wiki/Chinese\\_culture](http://en.wikipedia.org/wiki/Chinese_culture))

- 11 The Judaic symbol of the Star of David has two superimposed, opposite facing equilateral triangles.
- 12 There are three pieces to an atom (excluding sub-atomic particles) proton, neutron, electron.

For some of the above (1,2,3,4,5,6,10,11) reasons alone you have figure what 3 meant to early civilizations.

If add another dot you would have rectangle of some sort.

But then again you create two triangles with four points.

That is basis for fractal geometry.

(<http://en.wikipedia.org/wiki/Fractal>)

1 The Egyptian and Mayan pyramids are based on 4 points at the base resulting 4 sides that involve three sides.

2 Euclidian geometry is partially based triangles.

Therefore if multiply  $4 \times 3 = 12$

3 A triangle has a 180 degrees in it, circle has 360 degrees in it – divisible by 3

4 The whole numbers of PI (3.14159...) and a yard (3 feet) , meters (3ft.3 in.+) and

the first value of Golden Mean (is divisible by three) (Sometimes,  $1/\phi$  (which is  $-1/2 + \sqrt{5} / 2$  or 0.61803398875...) is called the golden ratio. <http://www.jimloy.com/geometry/golden.htm>

Religious aspects that I know of.

- 1 There were 12 tribes of David
- 2 There were 12 apostles
- 3 There is the 12 days of Christmas before January 6th (The Day of Epiphany)
- 4 Christ was 12 years old when he taught in the Temple.
- 5 In Hinduism there were 12 Alvar's (the twelve apostles)

(<http://www.ramanuja.org/sv/alvars/>)

6 Even in the Koran:

4. Then Joseph, Mary, and a son of Zebedee returned and sought through all Jerusalem, but they could find him not.

5. And Mary asked the guards had they seen Jesus, a little boy about twelve years old.

6. The guards replied: 'Yes, he is in the temple now disputing with the doctors of the law.'

19. The chisel, line, the plummet and the saw all have their uses in the workshop of the mind. (4 objects mentioned)

20. And then this ladder with its trinity of steps, faith, hope and love; on it we climb up to the dome of purity in life. (3 altruistic creeds)

21. And on the twelve step ladder, we ascend until we reach the pinnacle of that which life is spent to build the Temple of Perfected Man.'

(<http://www.hermetic.com/bey/7koran.html>)

The secular form of 12:

1 There 12 hours each, pm and am, one hour is divided into 60 minutes there divided 60 seconds and both the hour and second hand do one full circle as they sweep off time. Therefore longitude and latitude of the earth are equally divided in to degrees (longitude in 360 degrees, latitude 180 degrees North and South equally 90 degrees each) and minutes thereof. Our GPS systems are based upon this idea.

2 There are twelve months in a year according to Gregorian calendar we use.

3 There are twelve keys of western music.

4 There 12 Zodiac signs

The Chinese new year replaces the old animal with animal, there are 12 animals that repeat in 12 years time.

5 There are 12 inches within a foot.

6 There are six sides to cube, each cube is four sided and cube contains 21 pips (also equally divided by 3)

And now for the Three's:

1 Christ was thirty years old when went out to preach to the world.

2 Christ was sold for 30 pieces of silver.

3 Christ was 33 when he executed.

4 It took him 3 hours to die.

5 He rose from the dead after the third day.

6 The Holy Catholic Empire banned music that was not done in Tempus Perfectum (perfect time) songs that were not sung in  $\frac{3}{4}$  time, Tempus Imperfectum, (imperfect time) .

7 Some of the "Ordinary" of the Mass had a indication of three

Kyrie Eleison (3x) Christe Eleison (3x) Kyrie Eleison (3x)

Lord have Mercy Christ have mercy Lord have mercy

Sanctus, Sanctus, Sanctus, (Holy, Holy, Holy)

Agnus Dei qui tollis peccata mundi misere nobis (2x)

(Lamb of God who takes away the sins of the world have mercy on us)

Agnus Dei qui tollis peccata mundi dona nobis pacem. (1x)

(Lamb of God who takes away the sins of the world grant us peace)

[http://en.wikipedia.org/wiki/Ordinary\\_of\\_the\\_Mass](http://en.wikipedia.org/wiki/Ordinary_of_the_Mass)

8 The Holy Trinity

9 Matthew 26: 75 'And Peter remembered the word of Jesus, which said unto him,  
Before the cock crow, thou shalt deny me thrice. And he went out, and wept bitterly.'

10 In Revelation in the New Testament the beast's number is 666 also divisible by 3.

In the Renaissance period the musicians would get around this decree by the use of hemiola (<http://en.wikipedia.org/wiki/Hemiola>) (They would have a tune written in 3 and subdivide each measure in two) and the Sarabande <http://en.wikipedia.org/wiki/Sarabande> was written in three beats per measure but the accent fell upon beat TWO! Instead of 1, (2,3) it was (1) 2, (3)

$$3+4=7$$

- 1 There are seven days in a week.
- 2 There were seven Ecclesiastical modes as codified by Pope Gregory All found within Asia Minor (Aeolian, Dorian, Phrygian, etc.)
- 3 There are seven distinct notes within a western scale before we reach an octave.
- 4 There are 7 wonders of the ancient world.
- 5 There seven pitch classes within a scale of western music.  
(do-re-mi-fa-so-la-ti for one example)

In religious terms:

- 1 The seven beatitudes. (<http://en.wikipedia.org/wiki/Beatitudes>)
- 2 The seven sins and the seven graces

([http://en.wikipedia.org/wiki/Seven\\_deadly\\_sins](http://en.wikipedia.org/wiki/Seven_deadly_sins)

<http://www.skypoint.com/members/camilian/numbers/00007.shtml#SevenGraces>)

3 The seven churches in Revelation

4 'You shall then count seven 'perfect' weeks after the day following the (Passover) Holiday when you brought the Omer as an offering, until the day after the seventh week, when there will be a total of fifty days.' (Vayikra / Leviticus 23: 15)

(<http://www.torah.org/learning/dvartorah/5756/emor.html>)

5 The following article on the Aish.com website, written by Rabbi Yaakov Salomon, should answer your question:

In the beginning... God created 7's.

Oh sure, He created light and dark, the heavens and earth, too. But for reasons unknown to us, He seemed to have a special affinity for the number 7.

The fact that the Torah begins with a verse containing 7 words and 28 letters (divisible by 7) is hardly remarkable. But when placed within the context of the overwhelming number of associations in Judaism with '7', a fascinating tapestry begins to unfurl.

([http://judaism.about.com/library/3\\_askrabbi\\_o/bl\\_simmons\\_seven.htm](http://judaism.about.com/library/3_askrabbi_o/bl_simmons_seven.htm))

So to summarize this observation, we have as a culture been affixed to numerology. Whether conscious or not we have been surrounded by 3's and 4's. I wonder how this observation will be judged.

Will it be cut into thirds and quarters?

### **31 Flavors Plus One**

Baskin Robbins didn't do it,  
Starbucks didn't do it,  
But Ben (Cohen) and Jerry (Greenfield) did it on a whim  
They endorsed Barack Obama and they made a flavor for him.

It's not Rocky Road,  
or Moose Tracks,  
It's not Himrod Hillary Heaven,  
or Coffee Coated Clinton bites,  
It should taste good to their fellow Democrats.

It's Cherries for Change,  
"If life is a bowl of cherries, what am I doing in the pits?" says Hillary.  
Plagiarizing Erma Bombeck, not relationship Bombeck Obama.  
Two fine Jewish businessmen are endorsing an Arabic name presidential candidate,  
They've equipped two SUVs with campaign slogans called ObamaMobiles,  
Two retrofitted Honda Elements,  
Not an Explorer, Durango, or even an H-2,  
What a way to win over the UAW.  
Only in America.

## A Baker's Dozen plus 1

There was an old lady who lived in shoe,  
She had too many children and she doesn't what to do.....  
Check That!  
That is fairy tale,  
Nadya Suleman is for real,  
What type of a woman has time for 14 children?  
Where do I begin?  
It's all about what she will feel,  
She is not married,  
she is going to school,  
She doesn't want to get married,  
she is going to grad school,  
(This is a far cry from Angelina adopting two or three from every continent,)  
She is not wealthy enough to supply her kids with proper things,  
And of course she plans on having a reality shows or a talent  
-show,  
Where she and her children sings.  
This puts the Brady Bunch,  
the Partridge Family,  
the Osmond family,  
The Von Trapp family to shame.  
I think the Nadya is selfish woman,  
she could not be thinking about consequences,  
She is only to blame.  
Just herself, after all her 'fix' is to more children regardless what future holds.  
At least there was father figure present in the above families,

Can biomedical ethics be going down the 'proverbial' Fallopian tube?  
I think that a man having a baby,  
a transsexual at 16,  
Men siring at 79,  
Grandma's having babies, ----  
I think that we are going to pay in time,  
For these 'unnatural' occurrences,  
but then again what do I know?  
I found out today that she had three children with special needs,  
Before the octuplets were born,  
This confirms my thinking that she is not thinking clearly,  
Even her mother is of agreement with me,

Her initial support for her daughter's choice to carry eight babies to term is apparently waning as new information reveals the unemployed serial mom was on already public assistance before giving birth two weeks ago.

Well I tried to not look at further things regarding Suleman,  
I happened to view her second publicist although,  
Victor Munoz,  
    on The Larry King Show  
on CNN.  
What a spin this guy took,  
Munoz said some things that I found hard to believe.  
He could have worked as the press agent for the White House after there no WMD's.

But now he quits Nadya because he did not believe what he was trying to convince us.  
Victor Munoz told US Weekly that 'what ultimately destroyed the business arrangement  
was personal reasons, ' because 'this woman is nuts".

There is a young lady who lives in a new shoe,  
She had so much children that she's knows what she can do,  
Feed of the sympathy of others,  
Her extended family of unknown sisters and brothers,  
Or sell her story for a million bucks or two.

## **A Brand New Key**

I ride my bike, I roller skate, don't drive no car  
Don't go too fast, but I go pretty far  
For somebody who don't drive  
I been all around the world  
Some people say, I done all right for a girl

Well, I got a brand new pair of roller skates  
You got a brand new key  
I think that we should get together and try them out you see  
I been looking around awhile  
You got something for me  
Oh! I got a brand new pair of roller skates  
You got a brand new key

There is whole different type a roller skate Melanie.  
There was first roller blades, rollers on heels on the heels of sneakers,  
Now there is an electric powered roller skates that you attach to your shoes,  
Who knew?  
That the world has gone completely batty,  
Another way people can not exercise as they meander their way through crowds  
As they look at the fast food chains, is that Michael Moore is see?  
We have gone overboard with convenience.  
It can make a difference,  
Because everything we plug in, we plug out some part of our life,  
It not for me to say, but it found in the 2525, if man is still alive.

## A Dead Hand

You got to know when to hold `em, know when to fold `em,  
Know when to walk away and know when to run.  
You never count your money when you're sittin at the table.  
There'll be time enough for countin' when the dealins' done.

David Reese too young to fold,  
David Reese a popular jack of all trades when it came to poker,  
The bluffing,  
the betting,  
the skill that he played poker,  
- was his ace of his sleeve.  
He played poker without deuces wild,  
not needing Jokers.  
Too bad his lungs were not flushed out for him to breathe,  
Was it the casino smoke?  
Or was it his lifestyle in general?  
But whatever the circumstance was,  
he cashed out too soon,  
he had gone see his maker,  
He was relatively young far from being too old.

Now evr'y gambler knows that the secret to survivin'  
Is knowin' what to throw away and knowing what to keep.  
'cause evr'y hands a winner and evr'y hands a loser,  
And the best that you can hope for is to die in your sleep.

David "Chip" Reese has been quoted as replying,  
"I'll stop playing at my funeral,  
and only God knows what I'll do after that."

And he did just that.

David be careful on playing poker with the Lord,  
Because he knows what you dealt with,  
- knows what your deal is,  
He knows your hand before you have one,  
And he has time bluff you,  
all eternity,  
and raise you,  
Till you have stood up and say you're done.

## A Do-Over Again?

I wrote awhile back about the Michigan and Florida Democratic Do-Over,  
Because they violated the Democratic Party's rules,  
Now Barack Obama is the 44th President as of January 20th was that for sure?  
In the hustle and bustle amongst all the bling and jewels,  
There was a snafu,  
At noon, the Chief Justice of the Supreme Court John Roberts who hadn't clue,  
What he was about to say,  
Justice Roberts managed to mumble a few pseudo-dyslexic statements,  
For President-Elect Obama to repeat, with some surprise,  
After all was the Chief Justice caught up in the moments?  
This slice of American History;  
This Chief Justice will make history for centuries after his demise.

What a glorious event, 2 million people attended, without one fracas of the law,  
What moments that practically the whole world watched,  
Glued to their TV's, radios, I-Pods, and Computers,  
Could have not believed what they saw,  
A non-white man was going to be the President of the United States of America?

But back to the swearing ceremony; the Chief Justice,  
-well kind of 'screwed up'.  
Rather than embarrass the Judge,  
Barack played along,  
That's when I knew he was for real,  
Rather than create an upheaval of trying to correct the Judge's words,  
Barack went on with the flow,  
No 'up-manship' here,  
it was pretty clear,  
That Barack Obama was our president after 12: 01 pm EST,  
However he was repeating the words of a man, not the constitution,  
Yesterday, at a private ceremony,  
Supreme Court Roberts did say the correct words,  
In which "President Obama" was sworn in a second time,  
On consecutive dates in this institution.

## A Great Greek Tragedy

Kim Sjostrom I have not met you, perhaps I'll some day meet your husband.  
Teddy Efkarpidis, your husband not even a day,  
You became faint and died in his arms when you danced your first dance together,  
As husband and wife,  
you'd be there always,  
-never say never,  
You were his Helen; he was your Paris,  
-forever lovers to themselves to keep  
There was much grief and strife.  
So much your tragic event that Homer would certainly weep,  
Your first grade students certainly mourned your passing,  
But in the end you found what loves is and you died living, loving,  
That's than I can say about a lot of other people,  
Marilyn Monroe,  
Anna Nicole Smith,  
Heath Ledger, for example.  
For the fame and money is all what they had,  
But for their TAO,  
-their karma was very bad.  
These were made for Sophocles,  
Yours can be thought of by Euripides,  
So mournful is your Efkarpidis.  
Sjostrom is Swedish surname, was your mother Greek?  
Did you let the guests toss their dishes and break them against the wall?  
I personally experienced in the Placa in Athens.  
Did the milky color of Ouzo with ice in a glass drape the tables?  
Did you have Dimitri Tiomkin music while your guest where seated?  
Somewhere on TV,  
Never on a Sunday played along with the Greek called Zorba;  
Of that week.  
My Big Fat Greek Wedding,  
you cherished the movie,  
Especially when Windex cures all,  
-in the movie,  
Hopefully in its presence you will be at peace,  
Peace of mind shall your beloved Teddy seek.

## **A Guiding Light is No More**

After 72 years from radio to the dawn of television,  
Before yours truly graced the face of this earth,  
A soap will have its demise come this fall.  
It CBS's decision,  
That since its inception at television birth,  
That the current lack of interest in soaps and the economy was too tall,  
For Guiding Light.

I haven't seen much of Guiding Light; I can't inform you of characters in it,  
It came from radio and ventured into TV,  
It was shot in a studio not on location,  
It was full with schmaltzy music, that would be fit,  
Not speaking Milton Berle and Jack Benny or a whole of celebrities that one would  
envy,  
It merely got too expensive and landed on the chopping block for its destination.  
For Guiding Light.

So a 72 year old run is pretty good, about an average human life span,  
Most shows don't make past twenty years or so,  
Soaps are barely selling soap,  
Some TV programs are barely make it; after a few weeks then they go into can,  
So, so long Guiding Light we see you the internet or reruns, although,  
The aspiring actors and actresses will have one less venue to operate in, they hope,  
For Guiding Light

## **A New Low for Air Transport**

I know the economy is bad all over,  
But this has to take the cake,  
Jet 2 is a no frills,  
Airline would take the basic humanistic approach but they have thrills,  
For charging an amputee,  
to baggage his prosthetics,  
His name is Mr. Skee.  
He wanted to venture to Majorca, he along, with his family,  
Could holiday on the beach.  
Jet 2 put a damper on his plans for giving him a hard time with his artificial legs.  
Mr Skee said: 'After getting confirmation details, I contacted them to say I needed  
special assistance for transportation of prosthetic limbs. 'They emailed me for my  
medication condition and contacted Jet2, who in turn told them they were not prepared  
to transport the legs for free.

That's really low!

## **A Penny for Your Thoughts**

Abraham, you are about to undergo a "tail lift",  
You replaced the Indian penny in 1909,  
And for your centennial, your tail  
is going to have contemporary design,  
The almost worthless penny adds up to  
Useless dollars soon all replaced debit/credit cards  
Copper is at a premium, so what it cost to strike your image,  
Isn't worth the cost.  
Oh Abraham, Jefferson, Roosevelt, Washington, Kennedy,  
And soon to be Jefferson,  
There is no numerical number placed,  
To designate  
What fraction thereof a dollar the coin may be.

## **A Record Breaking No Deal**

Charles Ray Fuller had a check his girlfriend's mother gave him,  
So he said,  
To start a record company, (a record company? I thought LP's were gone 20 years ago.)

Anyway, so he said.

He gave the teller the check and then,

She discovered that the amount written out is forgery that she did know,

\$360,000,000,000.00 so he said.

Charles Ray Fuller was a fuller of manure,

When he did to secure,

The cashing of the check.

In addition to his forgery charge;

..... Fuller was charged with unlawfully

carrying a weapon and possessing marijuana. Officers reported finding less than 2 ounces of marijuana and a .25-caliber handgun and magazine in his pockets.

This one will fill the number one spot in the 'de-de-de' court dockets.

## **A Royal Flush!**

The 'Assuies' are levying a tax on water output, so called the 'flushing tax',  
Some are not flushing as much do reduce their water bill,  
Some are going "outside" in their outback, if you will,  
In this world wide economic slow down you can't be lax.  
Some businesses are getting to point of developing 'waterless toilets',  
The composting toilets are great for saving water and money,  
They come in a variety of styles and you have much to gain,

With the average household flushing up to 35,000 litres of potable water down the  
drain each year,  
Ecoflo waterless toilets will save you from flushing water and money down the drain.

This is about as good as it gets,  
I hope that this will not lead banning of the term flushing,  
Because where will the USTA US Open be played?  
In Compost Meadows?  
That doesn't sound right.

## A Stand-Up Priest

The good padre David Ajemia, not from San Diego,  
But from Boston, struck out with Conan O'Brian,  
The padre is a priest obsessed with the Conan's late night show  
David was a stalker, who felt Conan was his Goliath,  
To have duel in the future,  
David must have felt he was on the good side,  
They, the righteous, would cheer,  
For him,  
In the name of the father, and of the son, and the holy spirit,  
Amen.  
For David confession who would hear it?  
The police and/or his lawyers?  
The fault would lie with Archdiocese of Bean Town.  
It is surely a wonder to me, why in the hell is Fr. David Ajemia around?  
He was having psychological difficulties in the past,  
Can a shepherd lead his flock when he cannot pass a mental test?  
Is it just me?  
The church has struggled with its difficulties,  
(see Observation What's wrong with this picture?)  
Could it be that somehow the church pains itself, Opus Dei.  
"The prayer of a Christian is never a monologue" Escriva\* once wrote,  
It could have been Conan's writers at fault,  
David, in his convoluted mind, could have thought.  
Father David has been suspended from his daily activities,  
While he goes through his trial and tribulation,  
And again the Bostonian Diocese has their lawyers,  
Going to bat for their own; but they should put David on house arrest,  
The diocesan lawyers had plenty to argue about pedophiles  
And people that stalk.  
Every legal representation should have a hit,  
But they'll take a walk.

## **A Suicide, Politicians and Cover-Ups, Oh My!**

It's sad about murders that go unsolved because they are considered suicides.  
Deborah Jeane Palfrey had committed 'suicide' for being the DC Madam.  
Marilyn Monroe committed 'suicide' because she was depressed.  
But let us look below the surface of the water for the rip tides.  
Ms. Palfrey was to tell all to the highest bidder.  
Her Blackberry or her software listed the 'johns' that utilized her escort service.  
Senators, defense people, and deputy Secretary of State to name a few.  
Senator David Vitter, Harlan Ullman, (the creator of 'Shock and Awe' in Iraq) ,  
And Randall L. Tobias, who knew?  
That the tax payer money was used to get massages by hand, from a model age miss.  
"Happy Birthday Mr. President" is what Marilyn sang to Jack Kennedy.  
She sang that to Bobby too!  
She had gone in to a depression,  
When Jack and Bobby told her they can't see her anymore.  
They considered a political obstruction.  
It was alleged that she would blow the whistle on their extramarital affairs,  
She wouldn't dare.  
She was dead before she had blown the whistle.  
Both of these deaths are liable to get shoved aside,  
Did Palfrey or Monroe commit suicide?  
With some help.

## **A Wanna Be D.B. Cooper**

Marcus Schenker was a hedge fund investor,  
I learned about hedge funds when I viewed The Ascent of Money,  
Which was PBS yesterday; it opened my eye that's for sure.  
What I saw was criminal not in least funny,  
About people who have manipulated money.  
Apparently the Wall Street collapse which has brought many banks,  
Which has lead to suicides and houses of cards that are no more to speak of.  
Which lead to the multibillion dollar bubble creation by Bernard Madoff.  
D.B. Cooper was a penny pinching robber by the likes of these manipulators,  
D.B. merely took \$200,000 in 1971 (about \$6,000,000 in today's money) ,  
Whether blue collar or white, they were a bunch of thieving operators,  
Whether by extortion or deception, whether AIG or ENRON,  
Whether they be Lehman Brothers or Bear Stearns,  
They did all the same thing, that brings us to Marcus,  
He conned his investors, he broke their trust.  
Marcus is well-accomplished pilot unlike D.B. Cooper,  
Marcus had thoroughly planned out his escape from the law,  
The motorcycle in the storage unit, the fake identification,  
He put his airplane on autopilot, then jumped out while his plane was in the air,  
Much like D.B. Cooper,  
Except he was caught by police that put him into incarceration.  
Marcus was caught with his wrists being slit, blood all over.  
But he survived the ordeal now to face the music,  
It shall not be Hava Nagila time for him and Madoff.  
I feel this is only the surface of the iceberg that is still present,  
Titanic will be relived,  
As investors scramble for the remaining lifeboats to save themselves,  
Before they drown,  
Financial wise,  
Like the Titanic, far too many people for the ship's amount of lifeboats,  
They hope to be like a financial unsinkable Molly Brown.

## Acid Reflux Anyone

Larissa Schuster, she was the cause of her husband's acid reflux,  
In fact she had husband refluxed all over his body,  
Her attitude for him did not come clean,  
- that's why she gave him an acid bath.  
'So what's to you, there nothing wrong with that',  
she would have said,  
'hydrochloric acid to be exact'.

Larissa Schuster was biochemist that used her balance of pH's for murder.  
She had to get rid of him,  
she loathed him,  
and she thought she would be free,  
When her husband met the end.  
Hydrochloric Acid is the same acid that we have in our stomachs,  
But the TUMS in the world could not have saved him.

Kind of gruesome,  
to some,  
- but not to her.  
She will spend her life prison at taxpayer's expense,  
Too bad the gas chamber is outlawed----  
Because the cyanide capsule is dropped to sulfuric bath,  
She can be an experiment in the chamber,  
Like she did to her husband,  
She can feel her lungs melt and then justice will be served,  
There is nothing wrong with that.

## **Aetna You're a Pain in the Ass**

Aetna, you are directly causing pains in the ass,  
Propofol is used the choice anesthetic for gastroenterologists prefer,  
Colonoscopy is used to find ailments, look at things that conducive to ailments,  
Such healthcare on your CEO and Board, and employees you would not defer,  
So treatment and diagnosis would be assessed,  
So if you had subscriber with an appendectomy you would not allow anesthesia,  
Aetna you are indirectly pushing toward euthanasia,  
How barbaric you are!  
May the government charge with RICO laws and violating the civil liberties of  
colonoscopy receivers,  
For endangering their right to life,  
Life is based on health,  
Health is based on check ups,  
Check ups are based on exams.  
You in the health care industry are flunking yours.  
In no time when word gets out your medical subscribers will be reduced,  
By death or attrition,  
For me, your delivery is painful to swallow,  
Your logic is like vomit that has not been induced.

## All Hallows Evening

Halloween, it's not for kids, it is communing with the dead,  
It is not necessarily the Satan's tool per se,  
Because Satan has found daily when he can emerge, that being said,  
Bite size candy, apples, and money maker for kids to dress up and play,  
In McKinny, Texas,  
If you are convicted child molester,  
you not are allowed to stay open,  
Your lights on and door open,  
-that's criminal,  
The Society is frightened that your Satanic being will be broth forth,  
It is hardly minimal,  
-it is not delightful but it is frightful.  
(see Observation "Helplessly Homeless")  
The Devil maybe green with envy because human nature out did him,  
The last thing we have done is pay more attention to his actions,  
The Christmas candy is coming today the first day of November,  
The QVC channel started to air their Christmas wares in September,  
Society has brought the idea of Christmas to equal dollars spent,  
Society has brought the idea of Halloween to equal dollars spent.  
You see there is no difference as far as the social implications,  
But there is a difference, society is &^#\*\$#@# crazy,  
So Halloween isn't more to Druids, Witches and Warlocks, Satan,  
When their cash drawer is busy,  
Christmas isn't more to Best Buy, Wal-Mart, Macy's and Penney's  
Puts my mind in a tizzy.

## **America's tending to go toward the Left**

("The New Yorker may think, as one of their staff explained to us, that their cover is a satirical lampoon of the caricature Senator Obama's right wing critics have tried to create. But most readers will see it as tasteless and offensive. And we agree, " Obama's campaign spokesman Bill Burton said in a statement Sunday.)

Who's actually behind this?  
Is it leftists, Sandanista's,  
Or is it rightists or independents,  
Or in the fact Hillaristas?

(Knowing the liberal politics of the magazine, I believe the magazine's staff when they say the illustration is meant ironically, as a parody of the caricature some conservatives (and some supporters of Sen. Hillary Clinton, D-N.Y.) are painting of the Obamas...)

The AK-47,  
the turban,  
flag burning,  
Osama bin Laden,  
the 'fro from the '60's,  
Angela Davis look.  
Can't wait till the end of the book.

The stereotypes were of Senator McCain and his wife Cindy,  
Prescription bill bottles held by Cindy's hand,  
A walker used by McCain, and a portrait of George Bush hangs,  
Above to Constitution that is burning in fireplace.  
Across this land, it's going to be a tight race.

## **Another Rainy Night in Georgia, NOT**

In Atlanta, there is no rain to speak of,  
The southeast states are facing drought.  
New Mexico's governor, presidential candidate Bill Richardson,  
Wants drain the Great Lake Region found in states above,  
The new war, between the states, is going be about water, there is no doubt.  
The emancipated proclamation,  
Will be for the states to be in control of their water resources,  
But that's not to be, for we have become,  
A Socialistic group States that is represented by a Republic,  
We are in danger becoming, the United Socialist States Republic,  
Another USSR.

Not to mention the Army Corps of Engineers tapping water off of Lake Lanier,  
To enforce congress' law to protest mussels and a fish,  
Forcing Georgians to sue them, for a drought to come, so they fear,  
Atlanta could be without water and brought to its knees,  
In less than one and half centuries,  
So states rights will have to asserted again or at least addressed.

Washington D.C. you haven't learned,  
About the droughts now, Katrina before,  
We must put our resources in ourselves,  
And focus on States rights first,  
Before we stick our nose in some one else's door.

The Nuclear Power depend on water to keep their cores cool,

To import energy from another source.  
Will it be transcontinental waterway the congress and the president endorse?

## **Are You Experienced?**

Purple Haze in your psychedelic shack,  
Acid trips and Timothy Leary, all the chemistry,  
To bad Jimi hadn't seen this and a lot more since he died in 1970,  
God, in nature, creates the trip of all time, living, that's all.  
You don't need drugs to experience life,  
Just look around, and certain cases in, the world and cosmos,  
From the outer space via the Hubble Telescope,  
To inner space where you can very colorful creatures great and small,  
The latest fish find is "Psychedelica",  
The '60's gave attention to race relations, women liberation, technological revolution,  
The experimentation with drug use and the sexual revolution,  
The burning of draft cards and flag to protest the Vietnam War,  
Singing the songs of John Fogerty,  
The '60's has coined a phrase was that used in the pop culture relatively all the time,  
Psychedelic,  
The fish should be grateful it wasn't called 'pig' or a "sock it to me".

**Bakker the Red- Nosed Evangelist (sung to the tune Rudolph the Red Nose Reindeer)**

You know Ken Copeland, Ben Hinn, and Joyce Meyer,  
Paula White, Eddie Long, and Creflo Dollar,

But do you recall the most tele-evangelist of all,

Jim Bakker the house hold evangelist,  
Had a very shinny nose,  
And if you ever saw it,  
When he was crying,  
You would ever say it glows.

All of the evangelists  
Used to laugh and call him names,  
They never let poor Bakker  
Join in tax evasion games.

Ten one foggy audit day  
Oral Roberts came to say,  
Peter get your cooked books out tonight,  
Join Bakker in the tax fraud fight. (see Observation Jimmy the Geek)

Then all the evangelists loved him,  
And they shouted their glee,  
Jimmy and Tammy Bakker,  
You'll go down in history.

## **Baltimore Catechisms, Pagan Babies, and Bishops Captured by Pawns**

I grew up in '60's and attended Our Lady Queen of Apostles grade school,  
Where we had Baltimore Catechisms,  
-the book furthered the schism of Christians,  
We were young at before Ecumenical II we thought of ourselves holy and cool,  
Pagan Babies were the ones that we fed our dimes to,  
Among the slots made for only dimes, not pennies or nickels, quarters are too much,  
And Cardinal Dearden, the head of the Detroit Diocese,  
Considered us his flock but how things change,  
And a perversion set it and sets schism within Catholic churches and such.

Now the Baltimore Catechism is no more in its original form,  
Instead a new book informs children of potential abuses by their priest or pastor,  
Children ask St. Michael for guidance, he surely gives a saintly look,  
As they color him with crayons in their book,  
For decades the church had hide them, moving the ones that were guilty,  
Around like pawns on a chess board,  
Ecumenical II is forty plus years gone,  
times changed,  
We are not little altar boys no more,  
The dimes the church paid out in lawsuits were quadrillions in number\*,  
But not pagan babies but to plaintiffs that were abused by priests,  
But for some that was not good enough, some sought vengeance,  
Cardinal Roger Mahoney,  
the shepherd of the Diocese of Loss Angeles,  
Found this out when of his flock,  
Was a person seeking him out,  
Cardinal Mahoney though not molested,  
he was attacked,  
He was lucky he wasn't killed let there be no doubt.

## **Bearly a Cereal Killer**

The killing fields,  
not in Cambodia during the Kymar Rouge Regime,  
Not in slaughter house five by Vonnegut,  
But an animal that tended to have animal instincts,  
appalling isn't it?  
The bear, who is bi-polar,  
--no scratch that, single polar,  
For the Antarctic continent lacks bears but is for the birds,  
Knut, was cute, his diet, seafood he had to taste,  
For awhile, but he began maliciously killing carp,  
All the possible Gelfite Fish gone to waste.

Knut, the once-cute celebrity polar bear turned vicious killer, is at the center of a controversy over his brutal slaughter of ten carp at the Berlin Zoo. The massive polar bear, who has lived at the zoo since birth, apparently fished the carp out of the moat surrounding him and ripped them to shreds in front of several disgusted zoo patrons.

DE-DE-DE, you wonder if people know about nature.  
Life is not orderly and cute,  
such as especially Germans can attest to this,  
From the chancellors and barons,

'There is speculation that hand-reared Knut killed the carp just for fun.' One German newspaper reported that Knut 'senselessly murdered the carp' before leaving their remains.

I find a paradox that so many were sickened at the thought of many carps being put down by a polar bears,  
Yet not more than two generations has passed since millions were slaughtered, but no one knew or were following orders.

## **Bee-atch is Back**

I entertain by picking brains  
Sell my soul by dropping names  
I don't like those, my god, what's that  
Oh it's full of nasty habits when the bee-atch gets back

I'm a bee-atch, I'm a bee-atch,  
Oh the bee-atch is back  
Stone cold sober as a matter of fact  
I can bee-atch, I can bee-atch.  
`cause I'm better than you  
Its the way that I move  
The things that I do

Elton John did not Hillary in mind but was he prophesying?

Senator McCain did have an unusual question put to him,  
A woman shouted a question that majority of Americans were to bring,  
"How do we beat the bee-atch?" the woman asked.  
Senator McCain did respond, a political savvy task.  
Mr. McCain was obviously uncomfortable,  
trying to deflect the vitriol with humor and offering to give a translation.  
But he did not condemn the questioner,  
instead calling it an "excellent question."  
He did say that head to head he would Hillary for the front running position.  
"There was a poll yesterday," he said, "that shows me three points ahead of Senator  
Clinton in a head-to-head matchup. I respect Mrs. Clinton."  
To bad her husband doesn't.

It is true that Senator McCain did not plant the question,  
As did Hillary campaign did, not to instigate opposition.  
Hillary has a good chance she'll be president,  
Woe to the woman who called her a bee-atch,  
Countless tax audits, name smear, and all of the other Clintonisms.  
To the American people, if she gets elected,  
Four years of Exorcisms.

## Being Accused of Murder is a Weight(y) and See Situation

Mayra Lizbeth Rosales is accused murder but she is not court bound,  
For she weighs a half ton in her body so round.  
She is accused of killing her 2 year old nephew,  
Eliseo Gozales, Jr. in Edinburg,  
No, not the one in Scotland;  
the one in Texas.

(But an autopsy revealed that Eliseo's injuries were 'consistent with blunt force trauma'  
and that Mayra Rosales'

- explanations were inconsistent with the injuries.

The autopsy found multiple skull fractures on the forehead and upper and lower rear  
parts of Eliseo's skull. The autopsy also found fractures that were estimated to be  
about a month old, Trevino said.)

The Toddler was dead.

Jaime Rosales, the mother of the toddler,  
Should've known better but refused to --,  
Do So,

My question for is, barring the beating and consequently the death of her son,  
"How do you leave 2 year old with bed ridden person that weighs a ½ ton,  
that has medical of her own,

And is not physically able to meets the needs of anyone including herself? "

De-de-de Carlos Mencia would say.

The authorities charged Jaime with child endangerment upon leaving her son,  
With her aunt.

So what is?

Mayra is not able to go to court,  
and then I say bring court to her,

Prosecutors have to work out how Mayra Rosales will be detained and prosecuted  
because she weighs nearly 1,000 pounds.

She is unable to fit through a door to leave her home.

As of Thursday evening, she was not in custody.

Bring Jenny Craig in, have subjected to 'Deal a Meal'

Have her eat a meal with vitamins, bread and water

We computers and court recorders to bring depositions to court,  
Then why not do the actions in reverse.

Justice shall not be denied for little Elisio,

Maybe the state should put Mayra under a strict diet,

That in a way to help her fit through the court doors on her own,

It's a sad case but she has to pay the price;

It's a sad case but society has to pay the price of defending her.

## Being Declared Dead Can Ruin Your Health

If it ain't the truth, Tuttles and Buttles in the movie Brazil,  
One miss type can leave you dead, one wrong keying could spell your demise,  
One incorrect number on your Social Security Number,  
Could possibly render you non-existent.  
That is the nightmare Laura Todd had to seal with for eight years.

"I don't think people realize how difficult it is to be dead  
When you're not," she said.

The IRS has to be convinced that she is alive,  
She has regain her identity,  
Because otherwise,  
She will lose her sanity.  
On the other hand,  
My mom died, literally.  
She was supposed to a have an outpatient surgery on her gall bladder,  
I drove to St. John's Hospital in Detroit,  
Located on Moross and Mack, the Upper East Side,  
She died because of surgical miscues,  
Besides her dying in the hospice room at St. John's that didn't matter.  
My siblings and I buried her at Mt. Olivet cemetery.  
But yet she received a questionnaire;  
Asking her to rate the hospital stay which she encountered.  
Food, (though she was intubated for three days)  
The room temperature, (she had a 104-5 fever everyday) ,  
Among other moot questions.  
Someone sent her this questionnaire as if she was discharged,  
Discharged for life?  
It is kind of odd,  
That my mom was the reciprocal for Laura Todd,  
Laura has to prove that she is alive and well,  
On the other hand, furthermore  
My mom had to prove that she was dead by proxy.  
1984 is not a fictional book anymore.  
It is not case for Orwellian it's the case for Ordeadian.

## Bill Clinton Wanna' Be

Detroit Mayor Kwame Kilpatrick has something in common with Bill,  
They are both Democrats, they elected to their position,  
They both swore to uphold the constitution,  
they are both married,  
And if you think they had legacy,  
UNTIL,  
They perjured themselves before a court a law.  
But that's not all.  
They made people pay when what the people said was true.  
Those women who came against Bill were to be vilified by the Clinton campaign,  
Paula Jones, Kathleen Willey, countless others; they are all the same.  
Those cops came across misgivings by Kwame were fired,  
Campaigns to smear their names.  
The wife of Bill said they right wing fanatics trying to destroy Bill's reputation,  
But late a glob of Bill's body was found a blue dress was not a premonition  
But the phone was the problem,  
Bill's mistress could not stop talking about the illicit relationship.  
Bill's mistress confided via telephone to Linda Tripp.  
Kwame's was to be the same problem, except by message by text.  
The officer's came across some text messages that would have a policeman blush.  
Kwame's mistress was his aide, Christine Beatty.  
Bill's mistress was senate intern, Monica Lewinsky  
Bill was impeached, the second president to do so,  
What is goes on for Kwame?  
Who knows?  
Like Bill, Jimmy Swaggert, and Jesse Jackson asked forgiveness,  
All is not lost,  
Because they are carrying on the tradition of power,  
No matter what the cost.

Kwame was officially charged today for perjury, among others charges,  
He ought to resign because his trial will get in the way of his running the city.  
Kwame is wrecked politically; Kwame is De-De-De.  
Another thing the Wayne County prosecutor, Kym Worthy  
Has been eyeing the seat of mayor, her name was synonymous with Malice Green.  
Is she prosecutes and has a conviction, will she then run for mayor?  
It's too early to be seen.

As defiant he was, Kwame had to quit,  
Furthermore he in Jackson State Prison will sit.  
He is fined \$1,000,000 for his perjury,  
He did put the City of Detroit to the point of weary

And now his political movement is shot,  
He is a Bill Clinton he must have forgot.

Ruined politicians have a book deal or movie tale,  
Kwame Kilpatrick was sent to jail.

Christine Beatty will sent to jail for four months in a cell,  
Five years probation after that she write a book about kiss and tell

## **Bill Richardson is Judas Iscariot, HUH?**

Bill Richardson, the governor of New Mexico,  
Has endorsed Barack Obama for the Democratic nod.  
He was a candidate but later dropped out  
It was quite odd.

Bill Clinton has given him the ropes of leadership,  
(Comes to think of it Judas hung himself with a rope)  
James Carville

James Carville, a Clinton and a long time ally said;  
"Mr. Richardson's endorsement came right around the anniversary  
of the day when Judas sold out for 30 pieces of silver, so I think the  
timing is appropriate, if ironic," Carville said.  
Judas is stretch, how about Benedict Arnold, James?  
So in Mr. Carville's view on this Easter weekend,  
Richardson is Judas Iscariot,

Obama is Caiaphas, and Sen. Hillary Clinton, D-NY, is Jesus of Nazareth?  
This weekend Bill has opaquely indirectly questioned Obama's love for the USA.  
'And we need to change the direction of this country,' he continued. 'But it won't be an  
easy race. John McCain is an honorable man... and he and Hillary are friends. They like  
and respect each other.'....  
'I think it would be a great thing if we had an election year where you had two people  
who loved this country and were devoted to the interest of this country,' Clinton said.

Obama supporter, Gordon Fischer, fired back;

... a former chair of the Iowa Democratic Party, wrote on his blog. "Bill Clinton cannot  
possibly seriously believe Obama is not a patriot, and cannot possibly be said to be  
helping — instead he is hurting — his own party. B. Clinton should never be forgiven.  
Period. This is a stain on his legacy, much worse, much deeper, than the one on  
Monica's blue dress.'

He later rescinded his blog;  
"I sincerely apologize for a tasteless and gratuitous comment I made here about  
President Clinton," he wrote. "It was unnecessary and wrong. I have since deleted the  
comment, and again apologize for making it. It will not happen again. I hope my  
readers will accept my apology and we can move on to the very important issues facing  
our state and country. Thank you."

Let's not get into the fog,  
This is not political minimalism.  
It's not Republicans versus Democrats, it is Democratic cannibalism.

## **Birdie on the Seventh Hole, Shoot like a Pro**

John Henry (Tripp) Isenhour III is a real jerk,  
He was at the Grand Cypress Golf course,  
Where he had been taping a television when there was a sound,  
Not a "Fore",  
not car,  
not a cow  
or a horse,  
Tripp was furious,  
-no, not Linda Tripp,  
he had to silence the source.

It was a red-shouldered hawk got Tripp upset when he had to do another take.  
Tripp waited and waited for right shot to silence the squawking bird.  
Tripp drove the golf ball 75 yards to the birdie.  
The hawk was silent; the golf ball struck its mark,  
The blood from the bird's nostrils did not make the killing fake.  
Usually birds are killed with baseballs or M1 Abrams Tanks,  
(see Observation Farewell to Feathers) ,  
But this was feat that was terrible for the red shouldered hawk,  
and later Tripp,  
Because the hawk is a protected species.

Tripp was arrested and faces 2 years and \$1,500 in fines,  
I hope he is found guilty and gets the maximum sentence.  
Enough time for him to finish his subject on Man's Endangerment t to Wildlife thesis.

## **Black Friday**

Black Friday, the malls opened at 1 a.m.,  
The economy needs a drink;  
Like someone nursing a hangover,  
The credit card will ease some of the pain,  
With shopping online and for those,  
who have less money,  
Their boat is just about to sink.  
As the boat did off South Shetland Islands,  
But no one can help, maybe a bankruptcy 13 or 7.  
The economy has been bit hard with rising energy costs,  
Home defaults,  
car repossessions,  
credit limitations  
Much to do with the sub-prime mortgage debacle,  
Black Friday, is this last hurrah,  
before we shrink in to a recession?  
The dollar has been weakening,  
good for American companies to sell their goods abroad,  
(see Observation, For I don't give a damn about a Green Back Dollar)  
Not so good for American who face a double-edge sword that cuts both ways,  
The dollar is worth less than it had been a month ago,  
Which means you are earning less and less.  
However the price of life is rising, eggs, milk, fuel, energy seems to endlessly,  
Cost more, Cash devaluement juxtaposed to monetary inflation,  
Not too mention wars, droughts, fires, added a cost to the entire economy.  
Black Friday is not necessary Good Friday,  
More like Black Tuesday or Black Thursday,  
The repercussions will take place the second month 2008,  
While the candidates run for office and debate,  
Will the credit card statements be cashed in or not?  
The records will be posting profits on paper but not in cash drawer.  
Payments will be late,  
and finally no more.  
In the future there may not a Black Friday but a Red One will be on its way.  
Just as in RED Sunday, Monday, Tuesday, Wednesday, and Saturday.

## Black Friday II

It's 7: 55 in the morning,  
About a year since I did the last black Friday observation, \*  
The Hotels in Mumbai, India are being hit,  
There was a warning about many of a New York Subway station,  
I was viewing CNN to day,  
By the way,  
The Big Three are on verge on bankruptcy,  
We've gone through bail outs,  
economic stimuli that the price of gas devoured,  
The banks failing due to "toxic mortgages", \*  
The Big fish eats the little fishy,  
The fisherman catches and eats the bigger fish,  
A new president has been elected,  
the wars in Afghanistan and Iraq,  
An economy in turmoil that is what faces Barack.  
So much for the lame duck,  
But we are not rich but we are prosperous,  
We are not great health but we are getting mentally healthier,  
Judy and I are happy,  
- which is better fiscally or psychologically/spiritually wealthier?  
Black Friday is not for us,  
Let all the people wait overnight for \$499 42" LCD tv's at Best Buy,  
Will they better off in a couple years?  
The tv is not going to make them happy,  
If something doesn't happen quickly,  
there will more unemployment,  
-foreclosures,  
And most people will be in tears.  
I'm for sure if Black Friday is supposed to mean that.  
For at least one Wal-Mart employee,  
he mourned for his passing,  
He was amidst of bargain seekers who trampled on him.  
He gave his life for Wal-Mart he will not see Christmas again.

Two more bit the dust,  
At a different location, Toys 'R' Us.

It looked they had their last Thanksgiving meal,  
what a pity  
They were shopping in Palm Desert, California,  
The victims were identified as Alejandro Moreno,39, of Desert Hot Springs, and Juan Meza,28, of Cathedral City.  
It started with wives brawling like monks did at Jerusalem a few days ago,  
(see observation Mayhem in Jerusalem) religion is not necessarily the cure,  
They escalated into gunfight in the electronics section and the check-out line,  
Geoffrey would be shocked that is for sure,  
Palm Desert Councilman Jim Ferguson said police told him two men with handguns shot and killed each other.  
'I think the obvious question everyone has is who takes loaded weapons into a Toys 'R' Us?' he said.'I doubt it was the casual holiday shopper.'

(Toys 'R' Us was shocked and put out this statement yesterday,

'We are working closely with local law enforcement officials to determine the specific details of what occurred,' the statement said. 'Our understanding is that this act seems to have been the result of a personal dispute between the individuals involved. Therefore, it would be inaccurate to associate the events of today with Black Friday.')

In Valley Stream, New York,  
There was a Tsunami of early shoppers that thrashed through the door,  
Yet another person had given his life for Wal-Mart.  
The impatient crowd knocked the employee,  
- identified by police as Jdimytai Damour,  
to the ground as he opened the doors,  
leaving a metal portion of the frame crumpled like an accordion.  
They looked upon him as peon.

Dozens of store employees trying to fight their way out to help Damour were also getting trampled by the crowd, Fleming said.  
Shoppers stepped over the man on the ground and streamed into the store.  
Are you ready for more?  
When store manager announced that shoppers should get the out the store, Kimberly Cribbs, who witnessed the stampede, said shoppers were acting like 'savages.'  
'When they were saying they had to leave, that an employee got killed, people were yelling 'I've been on line since yesterday morning, " she said.  
All that were trampled were not dead,

(A woman reported being trampled by overeager customers at a Wal-Mart opening Friday in Farmingdale, about 15 miles east of Valley Stream, Suffolk County police said. She suffered minor injuries, but finished shopping before filling the report, police said.)

## BLACKWATER

'Oh black water, keep on rolling Mississippi moon won't you keep on shining on me'  
is what the Doobie Brothers sang  
when they sang about the River,  
Watergate, Iran-Contragate,  
Whitewater/Travelgate, Black Water,  
even though the events spanned 1 1/2 score years,  
even though the presidents were from both parties,  
more than above the law,  
circumventing the constitution being rather abrupt,  
They are/were corrupt  
But recently Black Water has surfaced,  
Not necessarily in Iraq, but hurricane  
torn New Orleans too!  
They are mercenaries, paid by the tax-payers,  
and accountable to no one,  
Bush or Cheney had to OK it,  
without a bid they were contracted,  
My Oh My, we are just cogs in a wheel,  
We are such fools.  
Black Water, its founder Erik Price,  
Even though he was SEAL that had served his country well;  
He learned from his predecessors such Ollie North who did prevail,  
To make money from war,  
Tell that to the families that bought his sale,  
But paid with their own sacrifice.  
Lest we remember how the colonists defeated the Regulars,  
The Regulars hired the Hessians to act on their behalf,  
People that fight for money eventually lose,  
People that fight for ideals ultimately win,  
Black Water/Hessians was Bush/Cheney daft?  
Though Black Water's conscripts are paid handsomely,  
More than 10x is paid to a GI  
Much more than Hessian, who basically,  
Fought for bread,  
Bread, is what they are making at Black Water  
Black Water is worse than White Water,  
(I hope Alice doesn't read this)  
But this they have in common.  
They both leave to death!

It has been a year at more  
Since I touched on Black Water,  
This pseudo paramilitary operation will have its day in court,  
Behind judicial doors for killing people, that's what for.  
The Black Water Company has made much fray,  
Five Blackwater Worldwide security guards have been indicted  
-and a sixth was negotiating a plea with prosecutors,  
- for a 2007 shooting that left 17 Iraqis dead  
- and became an anti-American rallying cry for insurgents,  
- people close to the case said Friday.

Black Water is contractor group paid by the US government,

They were in Baghdad when "insurgents" attacked.  
Young children were among the victims and the shooting strained relations between the U.S. and Iraq.  
Following the shooting, Blackwater became the subject of congressional hearings in Washington and insurgent propaganda videos in Iraq.

(Black Water appears to be upon some kind of legal throne.  
Regardless of the charges they bring, prosecutors will have a tough fight. The law is unclear on whether contractors can be charged in the U.S., or anywhere, for crimes committed overseas. The indictment sends the message that the Justice Department believes contractors do not operate with legal impunity in war zones.)

Baghdad does not allow Blackwater to operate in Iraq,  
Blackwater was contrasted by the US government,  
the government spent billions,  
Iraq said Thursday it will bar Blackwater Worldwide from providing security protection for U.S. diplomats because its contractors used excessive force, sanctioning a company whose image was irrevocably tarnished by the 2007 killings of 17 Iraqi civilians.

It appears to be that the US Government will not renew its contract with Blackwater,  
It expires in May so Blackwater will have only a few months to kill harmless Iraqis,  
This non-elective contractor was a major push for then VP Cheney,  
Take them all to Hell if you please.

## **Boeing, Boeing Gone**

There once was a Canadian pilot from Toronto,  
He had a break from his mental condition and so I'm told,  
He wanted to speak to God,  
The crew catered to his whim they'd nod,  
From Shannon's Airport the passengers would be delayed by 8 hours on their way to  
Heathrow.

## **Boot Camp or Death Camp**

Martin Lee Anderson, Pamela younger brother, Not,  
Was tortured, suffered and was executed when he failed to comply,  
About exercising.  
He was going to die  
He died a day after he was beaten for about 30 minutes,  
His offenders were a mixed backgrounds  
None of which are Aryan ones  
The beating was captured on video surveillance tape,  
His death was originally labeled as a birth defect,  
Common with blacks, sickle cell,  
Beating him to death was hardly perfect,  
As the first coroner claimed,  
Sickle Cell it must be,  
But questions arose that he may covering for the good ole boys,  
The boys that gathered around the burning cross being their favorite toy.  
The Ammonia capsules that he forced to inhale  
And the beating did not promote his death,

They were only following orders,

There appears to be a similarity between Auschwitz and Bay County Boot Camp,  
The all white jury took only 90 minutes to find all of plaintiffs not guilty,  
No surprise there, in Panama City, where in West Palm Beach,  
You have to go north to get more south,  
Close to Alabama and Georgia,  
the flag of Florida is just a stealth confederate flag,  
Around Tallahassee around and around,  
the dog itself the its tail wags,  
To bad Vick has to only pay the price for what he has done,  
To bad no one pays to the mom that lost her son,  
Is Mississippi burning again?  
Or has the light of justice been burnt out,  
The light that has been kindled by Constitution,  
Now a flickering ember till the good ole boys snuff it out without a doubt.

## **BP**

In Detroit next to the Ambassador Bridge,  
lies the intersection of Clark and Fort,  
Opposing one another were two gas stations, a Marathon and BP,  
Trouble has been brewing for two for weeks possibly for years,  
All because the Marathon cut the price gas by cents,  
-by a whole three.

It gave way to fighting with bats,  
It gave way to arguing in the street,  
It gave way to wrestling with no mats,  
It gave way to finally a gun being produced-  
Its bullet finding its way the barrel of a gun to find its target,  
The BP's owner head to meet.

Three cents is a lot of money to deal gasoline,  
Two thousand gallons a day,  
600 dollars a day,  
more than 4,000 dollars a week,  
more than \$200,000 a year,  
but its all fair in system that we profess,  
A bit much for cold blooded murder  
You have to certainly confess.

The police closed down the Marathon,  
Giving all the business to BP,  
BP then raised its gasoline thirteen cents,  
For the competitor was gone,  
Now all the BP station is doing is taking advantage of this situation,  
After all what is done, is done.

## **BRAVO to Music and Let's Play Ping Pong**

The language and the customs are different,  
The political-sociological are not to get confused,  
I found this out personally after I took trips to many lands,  
I taught group of young guitar players the E7+9 chord,  
That is usually played in funk music, in Sienna, Italy.  
I played with Greeks musicians in the Plaka and Corfu.  
I played in the UK, Monte Carlo, and Cozumel,  
I played in Reykjavik Iceland and the Staro Miasto in Warsaw, Poland.

But when I was in Beijing,  
I looked for some Chinese live music,  
The hotel, The Palace Hotel,  
where we were staying had a quintet in the foyer,  
They were playing Vivaldi and Mozart.  
I had enough of that through my Bachelors,  
And Master of Arts degrees that were conferred upon me at Eastern Michigan  
University,  
In the Michigan city of Ypsilanti.

What wrong with this picture? I knew.  
I don't to travel 13 time zones to hear Baroque music in downtown Beijing.  
I found a trio a ladies three floors the main level,  
They were playing traditional Chinese music on traditional instruments,  
the Yang Chin, the Pipa, and the Er-hu.  
They sounded great;  
they didn't speak any English,  
And I didn't speak Chinese,  
either Mandarin or Cantonese,  
I was so impressed that I bought a Pipa from a local music store.  
And rode a rickshaw-like tricycle back to the hotel,  
through the traffic of bicycles the driver would ignore.

I purchased a book in order to look at Chinese notation,  
and pitch classification,  
I went back to my room and I composed a brief work to give to the ladies.  
I wrote a pentatonical work using the western staff 5 lines and 4 spaces.  
However I also wrote the corresponding Chinese pitches,  
Which were more or less based on the Solfege,  
We know as Do- Re- Mi-Fa- So-La -Ti -Do,  
They use Do (1) -Re(2) - Mi (3) - So (5) -La (6) ,  
And I gave it to them; they played what I had given them.  
They understood what I understood about their music and scales.

So I applaud the New York Philharmonic Orchestra for traveling to North Korea,  
Because the ping pong helped open up China,  
Music was the key, no pun intended,  
Close Encounters of the Third Kind,  
Music will be one of the common elements that pull people together,  
Or for matters Aliens.  
the song Across the Universe by the Beatles was beamed at Polaris.  
I don't think I'll will play or teach out there the compensation would be astronomical.

## **Bud-weis-uh-uh, (In-Bev) -er**

The Frogs, not the French, will be speaking Belgian today,  
The American Icon that was the Clydesdale on American beers has gone away,  
The weakening dollar had made the bid to the stockholders would take,  
I think In-Bev will buy Sapporo in Anheuser-Busch in its wake,  
What will happen to the Frog commercials?  
What will become of the "Wazz Up"?  
Could "Wazz Up"? be translated to Belgian?  
Could feather bowling be in the near future?  
Could steamed mussels be far behind?  
Bath City Bistro in Mt. Clemens and The Cadieux Café in Detroit,  
Would be most happy.  
It is sorry to say that something un-American has taken place for me.  
It as though Manishevitz was purchased by Gallo,  
It is as though GM were to be purchased by Toyota,  
That hasn't happened yet but don't be surprised.  
The weak dollar has made for the US to be divided economically today,  
China, the Middle-East, "Spreading Democracy throughout the World" has a price.  
Greed and power, weakening Dollar,  
has weakened the levee.  
And what about "Spuds" MacKenzie?

Can In-Bev make a commercial involving the cutting of a slice of Herve?

## **Calling Sister Bill, Sister Yolanda, Sister Anita, Sister Consuela....**

I went to a Catholic school named St. Florian High School.  
The school was under the authority of the Felician Nuns.  
All the nuns carried the same middle name, Mary.  
It was educational and certainly with a certain amount of fun,  
But not as much fun the LaFave gave someone,  
Who was the age of fourteen;

Do you know what I mean?

"It's been fourteen days since I don't know when,  
When I saw her with my best friend"

Sorry, I went off on a tangent,  
-not that I would think of ever having sex with a nun,  
I would do "nun" of that.  
Especially the above aforementioned,  
I would often wonder what it is like to have decent "lay" teacher,  
The teachers who were raping their students statutorily,  
Were in big trouble,  
Spread by all the media, they condemned editorially,  
Many a male student would have wanted LaFave to burst their virgin bubble.

Pamela Rogers, Rebecca Ann Boicelli, Mary Kay Letourneau, Celeste Emerick,  
Adrienne Hockett, Carol Lynn Flannigan, Amber Denise Williams, Senorita Walker,  
Kristen Margrif, Amber Marshall, Sarah Bench-Salorio, Melissa Michelle Deel, Angela  
Comer, Nicole Andrea Barnhart, Tammy Lee Huggins, Toni Lynn Woods, Bethany  
Sherrill, Margaret De Barraicua, Nicole Long, Rachel Holt, Sharon Linton Rutherford,  
Susan Lemery, Becci Hill, Wendie A. Schweikert, Allena Ward, Jennifer Mally, Mariella  
Brenlla, Karen Robbins, Christina Butler, and Kelsey Peterson are among the convicted.

They betrayed the society that has entrusted them with the education of children,  
After looking at these mug shots I find it hard,  
That anyone would have sexual desire for them,  
What is that the students would get better grade, not fail,  
Or simply screw someone that was willing and able?  
What more is that I discovered not just rape, but murder, and kidnapping?  
But I hope that these indiscretions were just whim, neither for fame nor glory.

So back to St. Florian High,  
I'm glad that I haven't put up with that BS when I went to school,  
So the nuns are exonerated, but the pedophile priests,  
- they are a different story.

(12-5-2007)

And it still continues,  
A 33 female year old teacher was convicted of raping two brothers in the news,  
Jennifer Rice had sex with a ten year old and a fifteen year old,  
Yet this story is not ending, the end is not in sight, many more to unfold.

## **Can I Have Some Voda not Vodka?**

Naz Dzrowie,  
La Chaim,  
Cheers, -- it's all the same,  
Too many drinks, therefore who is to blame.  
A Russian man died on jet, he was boisterous as a well as drunk.  
The vapors that swelled around him must have stunk.  
A jet is pressurized to 8,000 feet, the CO2 scrubbers,  
The air condition create dryness, alcohol is diuretic,  
So you have lack of oxygen, loss of water (voda, see note) ,  
All would be hazardous to your health,  
So I hope he enjoyed the last swig of the potato or rye fermentation,  
Because his family or friends will mourn the passing with lamentation.

## **Can You Hear Me Now, Ludwig?**

It's all rock 'n' roll to me is what Billy Joel sang.  
But this different because it is new classical music,  
Often discordant and too loud for EU,  
Not a Ninth Symphony from Beethoven,  
The equivalent to OSHA stepped forward to subdue to the performance of Halat Hisar,  
The symphony was nixed before opening,  
One of the musicians said it was a blessing,  
To not play that symphony by Feiler.  
Maybe Dror should have it played in a rock based setting,  
But then again his State of Siege might become Stage of Siege,  
When Marshall Amps begin to blare his music,  
Complete with feedback,  
- reminiscent of Jimmy,  
With Woodstock three.

## Can't Buy Me Love-Lennon and McCartney

Can't buy me love, love  
That's what Paul was thinking of  
Can't buy me love  
Heather Mills said to Paul, you are not a dove

I'll buy you a diamond ring my friend if it makes you feel alright  
She claimed Paul grabbed by her neck and held it tight,

I'll get you anything my friend if it makes you feel alright,  
She claimed Paul's drug abuse was excessive and drunk all night,

'Cause I don't care too much for money, money can't buy me love,  
"He then lunged at the respondent with the broken, sharp stem of the wine glass,  
which cut and pierced the respondent's arm just below the elbow" not above

I'll give you all I got to give if you say you love me too  
"He... manhandled the respondent, flung her into her wheelchair and wheeled it  
outside, screaming at her to apologise for 'winding (road) him up'." So true.

I may not have a lot to give but what I got I'll give to you  
"when she was pregnant that he did not want her to breastfeed their child, ..."  
Paul said "they are my breasts" no milk from the two.

I don't care too much for money, money can't buy me love  
Heather Mills said no to gag order, that's what she thinking of

Can't buy me love, everybody tells me so  
She is seeking millions of pounds from her former beau,  
Can't buy me love, (Paul said) no no no, no

Say you don't need no diamond ring and I'll be satisfied  
Paul, you were 64, who knew the THE LONG AND WINDING ROAD that you  
encountered, was to know that your marriage to Heather Mills that died.

Tell me that you want the kind of thing that money just can't buy  
When you and John broke up then sang the song Instead, I'll Cry

I don't care too much for money, money can't buy me love,  
Seems too accurate for you Paul, you'll pay the price somewhat short 30 million  
pounds,  
To settle with Mills, for she is no Linda to speak of.

## Check's in the Mail (not yet)

"I'd gladly pay you Tuesday, for a hamburger today" Is what Wimpy said Popeye.

"Our economy is still strong, " is what President Bush said to the country.  
Which one is the comic character? It is not I.

Tell that to Wall Street Investment Groups who bet on sub-prime loans,  
And wrote hundreds of billions dollars off the ledgers and forecast charts,  
It is good when you are the CEO in charge of Wal-Mart,  
Halliburton or of the Exxon-Mobil Oil Company.

What prompted the President to get economic stimulus package in before the Congress?

If the economy is then good why all the fuss?

Yes, we are in a Recession for all of you that are in a depression.

The plan would include "TAX REBATES" in order to have you spend more money.

First of all, why does the government have money? It is not bank.

It non-profit, based the idea supposed to be a non-profit, organization,

It does not manufacture money, Whose money is it anyway?

IT'S OUR MONEY, WE THE TAXPAYERS.

So what we to do with this money that was confiscated by the IRS?

According to Lakshman Achuthan, a respected economist that appeared on CNN,  
On Saturday January 25,2008 approximately at 2: 00 pm,

He suggested that we may spend it on a Video Cassette Recorders, VCR, WHAAAT? ? ?

What shall I buy either analog BETA or analog VHS? Or a Laserdisc?

Shall I buy quadraphonic receiver with quadraphonic 8 Track by Magnavox?

All circa 1980's, this is 2008, what's with guy? H E L L O?

Earth to Lakshman? Earth to Larkshman? Come in please, Lakshman?

Is it a space oddity? Ground control to Major Achuthan riding in his tin box.

Was Achuthan a Pharaoh? Because he speaking presently about some past things.

A time warp if you will, Captain Kirk says "Zulu, warp factor one."

I couldn't believe my ears, though they are dirty at times.

What the American taxpayer do with \$300.00?

Hardly jump start the economy by feasting out at: SONIC, BURGER KING,  
McDONALD'S. The fine cuisine of life, ----beware of the fat police of the FDA. That's if  
we get the check by Christmas 2008. It's a band aid on a ruptured artery;

It's like putting super glue on the Titanic,

Not the model, the one that sunk,

Oh! It's too late. Without all the foreclosures,

With a \$19,000,000,000,000.00 credit card debt, To put it perspective,

If the government gave \$300 to a USA citizen, uh—uh, Like in Iraq uh Africa, uh-uh,

In the US, (According to Lauren Caitlin Upton) That \$300 times 300,000,000 people,

Would be \$90,000,000,000.00, it is hardly a dent,

In the debt we owe, we will have to try hard not go down with plunk,

It makes one go out to package liquor store invest \$300.00 and get drunk.

## **Checkmate Bobby Fischer**

The King has fallen,  
His castling did not work,  
The horsemen of death took him away,  
No longer on this earth would he have Chess to play.

The genius that had taken him to heights never before imagined,  
That thinking may have caused him to think irrationally.  
So there is fine line between genius and insanity,  
He renounced the American citizenship,  
He considered the allied powers are the axis of evil.  
He was 64,  
he never got older,  
(According to Lennon-McCartney)  
So he will go down in history defeating Boris Spassky at the height of the Cold War,  
But no in the minds of patriots who gave their life for this country and the world,  
Yes, the world, if things were different he would die in a Nazi controlled Iceland,  
There he would fit well;  
his bigotry was out of sight,  
Because of his anti-Semitism,  
along with Henry Ford,  
he would be speaking German,  
And defend his title for Deutschland.  
For the Fuehrer and the Third Reich.

## Cheetah Gone Ape?

Have you had your Xanax in a cup of tea lately?

Travis a chimp, not Twitt,  
did go on the rampage;

He was 14 years old,

When he attacked his owner's friend,

Charla Nash, she is 55 years old.

Sandra Herold

-raised up him as though he was son or daughter,

Travis ran away a couple times,

held up traffic at an intersection,

he was non-violent,

Travis's social skills included drinking wine from a stemmed glass,  
dressing

and bathing himself

and using a computer.

What on earth,

or should I say jungle,

got into him?

Before the chimp was shot dead,

He attacked Ms Nash viciously,

because he failed to go joy riding,

Ms. Herold told detectives that Travis was in a rambunctious mood Monday afternoon.

He took her keys from the kitchen table, unlocked a door and let himself out into the yard at 241 Rock Rimmon Road.

"He's going to different cars and tapping on them,

trying the doors,

a clear indication he wanted to go for a ride, " Captain Conklin said.

Travis was not be lured to coming back in the house,

Even Ms. Herold laced a cup of tea with Xanax to give to him,

(That's what got into him.)

In order to calm him down,

Travis, became like a tripped out ape that was on acid or meth,

Ms. Nash had markedly changed her hairstyle since the last time Travis had seen her, possibly leading him to mistake her for an intruder.

Then Travis in his tirade left Ms. Nash with many broken bones as she lay,

In Ms. Herold's driveway,

Travis fled,

After a short time Travis returned to Herold's home,

Where police were gathering for him to meet,

After a while, Captain Conklin said,

Travis returned and "went after the officers." He knocked a mirror off the passenger's side of a police cruiser with one swing of his arm, then ran around to the driver's side, opened the door and attacked the officer in the driver's seat.

"He's trapped in his car, " Captain Conklin said. "He has nowhere to go. So he pulls his sidearm and shoots the chimp several times in close proximity."

Travis was dead.

Ms. Nash has been hospitalized but her condition is iffy,

The moral the story,

if you have pet chimp,

which I believe you shouldn't have,

Don't put Xanax in his or her tea.

Two weeks have passed with Charla being heavily sedated in the hospital,  
She lost hands,  
nose,  
lips and eyelids,  
- and could've sustained brain damage above all,  
The authorities are thinking whether to charge Herold with something,  
Justice to Charla, they ought to bring.

## Chief Wahoo No Go

Some people would like Chief Wahoo to by-by,  
So politically sensitive are these people they are not looking around themselves,  
The team is winning and is proud of their mascot.  
It is not though their playing with a mascot signified by elves.

A few years back the Seminoles, the Florida Mascot, came under attack by NCAA,  
The Seminole name that is synonymous with the state,  
But the PCers said that would be able to play,  
Under their current name,  
The Seminole Tribe said that they were offended,  
The tribe encouraged to college to keep the Seminole name,  
A warrior who has no shame, a proud indigenous Native American,  
Who quests for victory not defeat, his territory defended.

To bad the Eastern Michigan University Hurons  
changed their names to the Eagles,  
I didn't hear a Huron complain,  
This is rather insane.

Why don't edit John Wayne movies that put squaw in the vernacular,  
I believe that Native Americans would that offensive in particular.

(PS Chief Wahoo had to go home,  
The Red Stockings beat the tribe is Boston,  
The Japanese pitchers took out the tribe,  
Like Zeroes took out ships at the harbor,  
11 to 2 the final score in the 7th game,  
Better luck next year, and please don't change your name.

## Chili con Carne Anyone?

Beware of the chili you may find in Mexico City.  
The Dawn of the Dead may return,  
In the hustling, bustling, city is there a trial about meat.  
Jose Luis Cuervo, check that—Calva, is on trial for murder,  
He is guilty by the reason of sanity,  
His defense lawyer, Humberto Plata, stated,  
    'He killed her because he was high on cocaine.  
    He didn't eat her, he just cut her body up.'  
He cut her up, he didn't experience any pain,  
He fed her to the dogs in order to dispose of the body,

“(the) coroner Rodolfo Rojo has described how Calva carefully separated and deboned Galeana's arm, sliced away the skin and fat, fried the flesh and seasoned it with lime juice - not pains one usually takes with dogs.”

(Lime slices with Cuervo? -I mean Calva,  
I can't get my thoughts together now)

Alejandra Galeana, who was Jose's girlfriend,  
Was found in his apartment, much in disarray,

“Galeana's rotting, mutilated torso stuffed into a closet,  
a leg in the freezer and bits of arm meat on a fork and plate.”

Did remind me of the song that B. J. Thomas had sung,

“Hey, wontcha play another somebody done somebody wrong song  
And make me feel at home while I miss my baby, while I miss my baby”

or Dave Clark Five's,

(I'm in pieces, bits and pieces)  
Since you left me and you said goodbye  
(I'm in pieces, bits and pieces)  
All I do is sit and cry

When Jose refused to make a formal plea,  
'I can't get my thoughts together right now.'  
I don't know how you could have your thoughts in the right place.  
Hades is the place you belong right now and forever.  
Along with Dahmer and Gacy,  
El infierno es bilingüe.  
(Hell is bilingual)

## Christ Almighty!

Reverend Barry Randolph was surprised when Jesus disappeared,  
Was Jesus rooting for team his image oversaw Grand Boulevard,  
North of Jefferson Ave., across Belle Isle, in Detroit,  
After all the Red Wings were playing the Penguins for the Stanley Cup Finals?  
(It was almost like being there on Good Friday but yesterday was a bad Wednesday,)  
Or did Jesus want to congratulate Obama for his winning enough delegates,  
On Good Tuesday, to beat Hillary?  
The Thieves thought Jesus was made a copper;  
His image was made plaster instead.  
The thieves had stolen copper pipe and gutters before,  
For the money is too good for the price of the metals,  
And they work too little to make a little "bread".  
This is horrible as it seem to be.  
For plaster they couldn't get 30 pieces of copper let alone 30 pieces of silver or  
platinum,  
No matter what Jesus is made off,  
He will remember the thieves that stole Him.  
I would not to be one of them,  
For Judas is going to have some company.

## Christmas 2007

It was balmy 65 degrees,  
Before the sun went down,  
Here in Cumby,  
The Christmas was a different for me,  
I still would hear Mannheim Steamroller's,  
Christmas CD and had figure myself,  
Blessed and lucky,  
To have my loving wife,  
Looking out to west, as we sat on our balcony,  
I reflected on what has transpired,  
And it is all good.  
As it should,  
In a week we'll be heading for Jamaica,  
For our first anniversary,  
Belated honeymoon  
I wish that Roxy could have kittens,  
By the time when we leave,  
Real soon.  
I said Merry Christmas's to a dozen or so people,  
And I recorded music for first in couple of years,  
All is good,  
As it should, ---be.

## **Cofucious Say "Beauty Pageants May Show Bikinis, Not Show Brains"**

Miss Panama, Giosue Cozzarelli, finally outdid Caitlin Upton,  
Miss Panama tried to explain her way out,  
-not knowing who Confucious was,  
Giosue did not know his philosophy, where upon,  
She seemed to do what everything a beauty queen occaisonally does,  
Be perplexed;  
Miss Panama was about a quote from Confucious,

"Confucious is one whom invented confusion, (Gisue Cozzarelli comments)  
(she barely knew the country that's she in) , (authors comments)

and that's -ehhhhhh-,  
(she didn't know about going to Chinese Restaurants? just nada or 'neey')

One of the most ancient,  
(Miss judged by no accident)

He was one of the Chinese,  
(Shut up-Oh, Please)

Japanese who were of the most ancient,  
(Her body is here but the 'brains' they went)

Thank You.

## **Cost of Living is Up (even for Prostitutes in New York) or The Happy Hooker Goes to Washington**

The "Devil made do it", Geraldine (not Ferraro) would say,  
I can't believe when men, who have power, cannot keep it their pants,  
At least the Democrats Bill Clinton, Kwame Kilpatrick,  
(see Observation Bill Clinton Wanna Be)  
McGreevey, governor of New Jersey, and now Eliot Spitzer,  
(Did not proposition a guy in airport bathroom stall like Senator Larry Craig-R..)  
Bill was a US President, Kwame is still a mayor of Detroit,  
And Spitzer is the Governor of New York, soon not to be.

Spitzer was involved with prostitution sting, and he got stung.  
The call girls were rated one to seven diamonds,  
The highest hourly rate for seven diamonds was \$5,500 a date.  
I bet Spitzer is super-delegate from the Empire State.  
He was getting into practice for the Democratic National Convention I bet.  
John Kennedy, along with his brothers, made it tradition,  
For the Democrats, followed the latter three mentioned above.  
Eliot was named "Crusader of the Year" by TIME magazine, Wall Street can't forget.  
When was State Attorney General;  
"His cases as state attorney general included a few criminal prosecutions of prostitution  
rings and into tourism involving prostitutes."  
"In 2004, he was part of an investigation of an escort service in New York City that  
resulted in the arrest of 18 people on charges of promoting prostitution and related  
charges."

How dumb is THAT?

\$5,500 for eight hour shift, let's see,  
\$44,000 per day, cost of living is up in Manhattan;  
Where it costs for 1800 sq. ft. apartment a mere \$1,600,000.00.  
How can a girl to make it "in the city that never sleeps"?

Eliot has not resigned as of right now, (6: 25 am CDST)  
He didn't make his final bow,  
With disgrace, He didn't tearfully look at the camera on cue,  
Like Jimmy Swaggert did after he hooked up with hooker far from his base,  
(see observation Jimmy the Geek)  
She wasn't any looker,  
she was looking that had been to the clinic for a STD treatment.  
Right the New York, in Albany, is preparing for his impeachment,  
Sounds familiar, could have for the worst time for Hillary,  
Eliot supported Hillary, Bill supports Hillary,  
Bill cannot be in public for the press will ask him about the crime buster "Eliot Mess".  
If Spitzer went out on his wife on many occasions and more,  
Why didn't he ask Bill or Jimmy for phone numbers in their black book?  
Rather than pay \$80,000.00 plus, that's what friends are for.

Governor Eliot Spitzer resigned today; he was linked to prostitution,  
Soon to be divorced ex-governor, he is not likely to enter a penile institution.

Comics Have Field Day  
With Spitzer Scandal:

David Letterman on CBS' 'Late Show'

'They're talking about impeaching Eliot Spitzer if he doesn't step down. And I'm thinking, 'Whoa, a Democrat being impeached for extramarital sex. Well, happy days are here again! ''

Jay Leno on NBC's 'Tonight Show'

'The real ironic thing about this case? Today the hooker said that Spitzer was done in a New York minute.'

'It's just mind-blowing that he spent \$4,300 on a hooker, ' said New York comic Lisa Landry. 'It just shows how high the cost of living is in New York. That same hooker would cost \$50 in Newark.'

The New York Times identified the call girl as Kristen,  
(not as Joey Heatherton as in the movie)  
Her actual name is Ashley Alexandra DuPre,

She's pretty—young,22, but did he pay a price,  
After all he lost everything including the possibility of losing his family, to bad--

How stupid is that?

She was by the Emperor's Club to perform escort services to who knows?  
But there one the for sure the had been emperor of the Empire State,  
Was stripped of his political clothes.  
Whore today, gone tomorrow.

But alas and aleck Spritzer could face a multiple charges against him.  
If he did raid the campaign fund then he would most likely in hotter water.  
He could face charges of:

'To move funds from one place to the other, to hide the source of the money ... it's still going to be money laundering, ' said John Jay College School of Criminology professor Joseph King.

- Money laundering for trying to conceal the source and recipient of financial transactions.
- \* Tax evasion, if he was a knowing party to an all-cash business that wasn't filing taxes.
- \* Violation of the Mann Act (no pun intended) for paying for the trip from New York to D.C. by the call girl known as 'Kristen.'
- \* Misuse of state resources, if he used his state-issued credit card for hotels or meals with prostitutes as well as if he was being protected by State Troopers during his dalliances.
- \* And finally, soliciting prostitution.

There's also the question of whether Spitzer used campaign funds for these trysts, which opens up a whole other litany of charges from fraud to federal election violations.

So sad about his wife and three daughters.

How Sad is that?

Spitzer would be prosecuted because he had used his own money,  
Not to be funny

Wait, if he gets paid as governor in a way that's his money,  
that the tax payers money.  
How come he gets off the hook(er) while a blind eye takes look.  
We ought not let him get off so easy.  
What is he thinking, he's the CEO of AIG?  
He'll pay for this beyond what piece of ass money can buy.  
He is going to pay the piper for the piper doesn't play for free.

## **Crackheads Heads Up**

Cracks Ho's, buy the bunch,  
The not so innocent rock candy has devastated hundred if not thousands of families.  
The new law says we shouldn't treat crack as we did cocaine.  
But it's a terrible drug because it is so cheap.  
Getting the abusers out of jail without rehabilitation is socially insane.  
The kids that sold for crack,  
the women sold themselves for the piece of the rock,  
The AIDS would be more abundant, Crack babies being born.  
Crack is the one of most inexpensive drug that is out there  
Is America ready to have these addicts out on the street again?  
I think not.  
Is America ready to have dealers selling wares around the block?  
I dread not.  
If we let the addicts with no reform,  
no penalty,  
No consequences of their action,  
Then we will pay more in future.  
If the judges want it this way,  
We should legalize drugs,  
-therefore take the crime out,  
We should sterilize crack users before they reproduce.  
So about it judges?  
Or are you to high to think about-----it.

**CSI McDonald Land Or a game of "Clue" (in the background is music by The Who and who was hated by a Dettloff named Sue**

On November twenty-third,  
In Fayetteville, Arkansas,  
It was apparent  
In McDonald Land there a crime,  
Was it committed by Ronald or Birdie the early Bird?

Philip Sherman left his cell phone while he dined the dinner that he could've missed,  
Did the Fry Kids take it,  
-the Happy Meal Gang or Grimace?  
For Philip, he had nude photos of his wife, Tina,  
-on camera phone that he hadn't erased.

Could the bandit be the Hamburglar or Big Mac,  
No he wasn't attacked,  
It was plain to see,  
That he left his phone out of stupidity,  
I wonder if a heart attack fell upon,  
after viewing the pictures, Uncle O'Grimacy.  
McNugget Buddies were looking at her nuggets,  
But somewhere, someone took the phone,  
- they have to be charged and booked.  
Was it the Mayor McCheese or Captain Crook?  
But now Philip and Tina,  
Are suing McDonalds for someone had posted the pictures on the internet.  
Tina has had her 15 minutes of fame,  
not in her bare,  
tell all book,  
Without the book  
-for the web surfers to look.  
All because of this for leaving a cell phone?  
The suit was filed Friday and seeks a jury trial and \$3 million in damages for suffering,  
embarrassment and the cost of having to move to a new home.  
So it should be warning enough,  
That your nude pictures stay at home,  
Because out of your home,  
-that your privacy is "exposed" when you're in the buff.

## Daschle or No Daschle

Is Howie Mandel around here somewhere?

How did they do it?

Daschle, Killefer, and Geithner, Oh My!

How many democrats do you have to have before hypocrisy erupts?

Geithner, who was confirmed as Treasury Secretary, who had headed the IMF,

Failed to pay his taxes, a simple oversight,

-- right?

He is financier; there are two things in life that are constant,

Death and taxes, lot more than conjecture.

Now he head of the Treasury, which he did not support,

Making decisions about the future economy?

There is something wrong with this picture.

Daschle who had been a US Senator, who became a lobbyist,

Failed to pay his taxes, \$128,000 or so, which we know about,

What type of dealing is he into?

Dealing Obama smack?

(see observation One "Change" for Drug Name) ,

Killefer did not cross her p's and q's,

In her house hold,

She had a lien on her house, if you peruse,

Change is coming somewhere, some how.

Both Killefer and Daschele withdrew.

I wonder how much Washington "Changed" when President Obama secured the reins.

The characters are different but the play is the same.

## **DATeline**

To bad Chris Hanson did not make the bust,  
The Reverend Joe Barron,  
I saw his article on the internet and picture above,  
Was minister for married adults,  
At Prestonwood Baptist Church  
To teach the word of Jesus and love.

This pedophile planned to violate a girl, who was thirteen,  
He drove 200 miles, had some rubbers and mini-cam in his car,  
He attempted to do things to this thirteen year-old that were obscene,  
But in the end, the thirteen year old girl was a cop who stung him on the net.  
That was one encounter Joe Barron would not forget,  
but regret.

Dateline has featured pedophiles that included a rabbi,  
a doctor, and a teacher.  
I don't know about a Baptist minister or preacher.  
For every one pedophile there are a thousand that do not violate their brethren.  
I for one believe in the thousand not the pedophile,  
I hope he gets help along with thirty years in the pen,  
Where he can minister to the inmates for a long while.

## **Dead Man Standing?**

Angelo Pantoja Medina used Mark Twain's wit literally,  
What I mean to say he'd was attending his own funeral though he was dead already.  
Dead Man Walking was a movie that was about an inmate on Death Row,  
Dead Man Standing is now taking place in San Juan, Puerto Rico.  
Mark Twain's witty comment about his demise,  
'It seems that the news of my death has been greatly over exaggerated'.  
Angelo,  
by his wishes, made news around the world not by any surprise.  
He gained fame for what he has done in death,  
Not to out done by Shakespeare's Macbeth.  
What jokes are to be generated.

## Debit Cards Only

The Parker Brothers have done it,  
Turned a relative simple game into faster finance,  
The plastic has taken over the bill,  
Is it some kind of conspiracy or is it by chance.  
Monopoly has gone to E-Banking it has debit cards,  
Kind of getting children ready if you will,  
The pieces did change in respect to the game,  
The dollar values in game should be changed as well,  
Inflation and all,  
Free floating currency reflecting standards,  
Of American economical condition,  
The game should have a portative Chinese person who represents China,  
The argument is that China will have the USA in pocket financially speaking,  
Carry the USA debt by buying the downwardly ever spiraling dollar,  
Every time a person makes a move, give a premium to China,  
(see observation "And I don't give a damn about a green back dollar")  
Then China would tally up its number,  
And win the game because the players defaulted,  
Because every on in game,  
Would over extend their credit/debit cards,  
We are playing the game as instructed,  
The government plays the same,  
A many a tear has to fall,  
It's all the game.

## **Detroit Lions are Headed for the Super-Bowl**

In an anti-matter parallel dimension.

They are 16-0 come this weekend when they wrap up their final game of this season.  
I hope that my counterpart is having his good time supporting his hometown team.

As far as this Joe Rosochacki,  
Is concerned on this side of time-space continuum portal beam,  
it's another wasted year.

It would not be when hell freezes over,  
-not the same way the Eagles understand,  
-No, Not Philadelphia Eagles but the music group The Eagles.

Anyway, there is no bail out for this Ford Company,  
When you have gone through so many GM's,

- not General Motors,  
Coaches,

- not the purses,

And Players;

-not Gary's

there is not one else to fire except the owner.

William Clay Ford Sr.; was it his idea make the Pinto?

They get the first pick in the draft,

that's not so-o-o-o bad,

is it?

There is nothing to cheer

About in Detroit Mitch Albom writes,

William Clay Ford Sr., with the garbage product he disguises as a football team,  
actually said he wanted his two-headed front-office team to RETURN next year?

It's beyond belief, isn't it?

Might as well since they are tremendous at what they do--losing?

Are we some crazy people to pay \$175.00 a ticket, plus amenities,

To see a team that delivers the same old S%^&T?

## **DEVO De-evolving**

What is evolving?

Who is evolving?

Many times evolution is misconstrued with civilization.

Civilization often times is misconstrued with technological advances.

Technological advances could often misconstrued the human condition

Obeying laws, morals, principles,

The Bible, the Koran, the Shri Bhagwad Geeta, Code of Hammurabi,

Does society follow the message within these ancient books?

Murder, lying, and the sort,

Each society will have their different looks on God,

But how godly are we?

What Nirvana are we making?

Are major metropolises better than the villages in bush country?

Is Bush's country better than tribal communities in the rain forest?

We are the same way but different,

Advances of technology are not necessarily better evolvment.

I hope the human species will evolve in compassion,

-understanding and love,

That will be the only way its will evolve beyond its terminable path that it's undertaking.

## Do Tell Mattel

Mattel do tell,  
About the lead from the painted toys

Made in China

How you begged forgiveness in Beijing  
How you pled with office of the Communist party  
You said it's your fault about the designs you were implementing  
Not the Chinese government, not Mao Tse-Tung, not the Red Book,

Made in China

Due tell Mattel about also by apologies to the USA and citizens  
That were to be possibly contaminated with lead from China,  
Lead, the past life of uranium, could render the population sick  
China could afford to lose 800 million or so people,

The USA can't

So Mattel, if you could make Barbie and Ken anatomically correct,  
So Fisher-Price if promise that lead doesn't go with Sesame Chicken Street,  
I will forgive you, but my dog may not,

Forgive the Dog food that came out China, are kidding me?  
(There's stories about people that are ground up in the dog food.)

There's something about greed that sells your soul to the devil,  
Mao is rolling his grave, his party is a party with the supreme form capitalism

Made in China

Wal-Mart, the Cumby Auction, are partners in some way with Beijing  
America was founded by people that claimed Novus Ordo Seclorum, not having a king  
Is too bad, so sad, the dollar has the rule to reign, for the time being,  
Lest we remember the toy Trojan Horse,

Made in China,

by officials who designed it,

In Beijing

## **Do You Really Want to Hurt Me?**

Do you really want to hurt me

Do you really want to  
Make me cry  
Do you really want to hurt me  
Do you really want to  
Make me cry

"From the hallows of Boy George's East  
London flat came the cries of a male escort:  
Do you really want to hurt me? "

Auden Karlsen, a Norwegian model, went to Boy George's flat to model.

(According to the Sun, Carlsen told police he met the '80s icon on a Web site called Gaydar - a dating service for gay men - and agreed to go back to George's flat at around midnight to pose as a model in exchange for \$800. He claimed he did not act as an escort.)

RIGHT!

If you believe that then I'll sell you a London Bridge that is Arizona!  
Oh it is, --never mind.

He was about to step up in an unusual culture club,  
One that had fraught with fright.  
Buy George was Auden  
- was a mark that Boy George would have.  
But Auden was threatened and chained  
In pain,  
-as he probably sang the above refrain.  
The British Tabloids were a thunder with the news,  
The transvestites would forever peruse,

The following:

'George handcuffed me to a hook by the bed as they held me down, ' Carlsen told the Sun. The Norwegian escort then alleged that George produced a box of sex toys and whips saying, 'Now you'll get what you deserve, ' according to the British tabloid.

By George, you have a lot of Karma Cameleon's heading your way,  
In your dungeons and dragons flat you should forever stay.

## **Do You Want Jelly or Jam on Your Toast for Barackfast? Aka Barack of Ages**

I thought images on toast and walls were supposed to be holy manifestations,  
But now I see that politics has entered the picture and caused this observation.  
Barack is not the anointed one, but he is a breath of relief from the hot air of D.C.  
He is a neophyte politician; fresh now and surely road-weary shortly.  
Jesse Jackson said he'd cut his nuts off for pandering to white bread.  
And ignorant ones thinking he's Muslim would like to see him dead.  
The Clintons would neuter him for batting away Hillary's mouse,  
For this newbie has a good chance to capture the White House.

Beware of dogs-----with guns,

Perry Alvin Price, Janice Jones, Jerry Allen Bradford,  
Perry paid the price with his life,  
Dogs have a keen sense of smell and hearing,  
But their gun safety skills will give owners a lot of strife.

You cannot be careful with a loaded gun,  
Because even your pet, if given the proper circumstances,  
May maim you or kill someone.

## **Don't Ask, Do Tell at Wal-Mart**

Wal-Mart is national institution! Big Brother is watching, 1984 not!  
Here in north eastern Texas every asks directions they are going in terms of closest store,  
People hang out, go strolling, meet their friends, and get their hair done,  
People bank there, people exercise during inclement weather because in the rural sense,  
Wal-Mart is "mall" around here,  
I guess that's what it is like in Kansas.  
With Wall Street tinkering on falling below 7,000, the lay-offs,  
The failing housing market,  
To the wars in Afghanistan, Iraq and soon to be Pakistan,  
Irresponsible behaviors by Sulemans and Madoffs,  
With global climate being in question,  
What gives when National Guard soldier, out of uniform and off duty,  
Gives her a girlfriend a kiss at Wal-Mart,  
She served in Iraq,  
Betcha' people weren't concerned about her sexuality when she on patrol with them,  
As long she had an M-16, at times watching someone's back,  
She survived an IED attack,  
The Armed Forces are clamoring for people to enlist,  
Yet they are booting combat veterans out, what gives?  
Wal-Mart is the area where stings are set up, not for 'Big Brother' to catch a kiss,  
That a tattletale witnessed and the government would ordinarily miss.  
Amy Brain has served her country well; she's not some kind of terrorist,  
Instead of honoring her 9 years of service she was dismissed.  
What Gives?

## **Dr. Death is Running for Congress**

Dr. Death, aka Jack Kevorkian, is running for congress,  
He is running for the 9th District seat in Michigan,  
The incumbent Republican,  
Joe Knollenberg to unseat  
Jack is 79, and he looks like death warmed over,  
He'll be lucky to make to November,  
He has to have 3,000 signatures for his name to be put on the ballot,  
To bad he assisted suicides in many of his supporters,  
-at least 130 of them.  
His lawyer, Mayer Morganroth, is mum on the word,  
His previous lawyer, Geoffery Feiger,  
Argued that the society did not have The Knack to follow Dr. Death's thinking.  
They Shoot Horses Don't They?  
Was the contention.  
Maybe he can assist the Democratic Party its fray,  
To lead to a new direction.  
They seem destined for a self destruct convention.

## **Dr. Kildare Me? aka Dr. Kevorkian Cocktail**

General Hospital, Marcus Welby, M.D., Ben Casey,  
Lately it has been Grey's Anatomy, House, Scrubs, and Medical Center,  
House pops pills, Vicodin preferred, but alcohol is the way the majority go,  
No prescription needed, just a tolerance to be drunk.  
There is a problem with medical professionals going to work high,  
There is a problem with respiratory therapists smoking,  
There is a problem when a doctors slips because he or she was under the influence,  
Dr. Kevorkian calling, it makes no difference.

Dr. Kildare wouldn't do such a thing.  
Dr. Michael Baden, M.D. finds the cause of death.  
On HBO, so does Dr. "G" on The Discovery Channel,  
She cuts to the chase without any "bling".  
Maybe the AMA should do what Roman Catholic Church did,  
Shuffle the doctors between hospitals,  
Doctors like priests,  
-have lot healing to do,  
With themselves.

## Driven to Distraction

'Fire'

You're riding in my car  
I turn on the radio  
I'm pulling you closer  
But you keep tellin' me no  
You say you don't like it  
But I know you're a liar  
'Cause when we kiss  
Ooh...  
Bruce Springsteen

Forget about kissin'  
Forget your lipstick,  
Women don't know what your missin'?  
No restaurants when Harry met Sally,  
You can have one in your car,  
If doesn't require you to have stick,  
Automatic will do, but pay attention when you dally,  
Radio, phones, beverages, and now vibrators,  
What is going on?  
For starters,  
Allstate would have fit, you're not in good hands,  
Geico should have a di(s) claimer saying,  
If you get caught with the device,  
Then your coverage would be void.

So you had better avoid,  
Charging up yourself with a cigarette lighter,  
Getting the "Big-O" on highway,  
Abiding by AAA than the Big-O would be safer action,  
Then being crumpled in a car, your dead body laid to rest,  
Because a certain consequence, because you were driven to distraction.

The police were tracking his every move concurrently.

Much to the thief chagrin,  
The law stepped in,  
The thief is behind bars, not at home,  
Dumb and Dumber is a movie,

## **DynCorp, who in the Hell are You?**

You lost \$1.2 billion dollars that is unaccounted for,  
The no-bid contract was awarded by the State Department,

Cheney stock went up again,

For International Narcotics and Law Enforcement to train Iraqi police.  
Special General for Iraq Reconstruction, Stuart W. Bowen Jr. said,  
'As a result, INL does not know specifically what it received for most of the \$1.2 billion  
in expenditures under its DynCorp contract for the Iraqi Police Training Program, '

Cheney stock went up again,

Hew also stated,  
'Lack of controls' and 'serious contract management issues' at the INL bureau made it  
'vulnerable to waste and fraud, '

Cheney stock went up again.

Cheney is in league with devil, the vice-president is full of vices,  
No contract bid for Halliburton or DynCorp,  
Neither Iraqi freedom nor arms that would be consider mass destruction,  
Was the cause we went to war?  
Cheney was the CEO of Halliburton,  
Halliburton's business is oil and gas,  
DynCorp lives under the umbrella,  
As does Halliburton, they all belong to the KBR.

Cheney stock went up again.

DynCorp was dealing with the vice of prostitution,  
Involving girls from the Balkans and Thailand,  
So that their deals would be secure,  
Maybe \$1.2 billion dollars went for Iraqi women,  
Some call girls, Heidi Fleiss would make it cheaper,  
that's for the sure.

Cheney stock went up again

Alan Greenspan, the Federal Reserve Chairman for 18 years,  
States in his book,  
"I am saddened that it is politically inconvenient to acknowledge what everyone knows:  
the Iraq war is largely about oil, "  
Cheney knows,  
so does DynCorp,  
Halliburton and KBR,  
Bush knows.  
Who is DynCorp?  
I learned a lot for the last hour and a half about Cheney,  
the vice-president,

Cheney stock went up again;

he will retire comfortably at the USA's expense.

10-23-07

(KBR made the news again today,

It seems that GI's are being electrocuted by the infrastructure,

Also Wednesday, Maseth's parents filed a wrongful death lawsuit in Allegheny County Court against KBR Inc., the Houston-based contractor responsible for maintaining Maseth's barracks.

The lawsuit, which seeks unspecified damages and costs, alleges that KBR allowed U.S. troops to continue using electrical systems 'which KBR knew to be dangerous and knew had caused prior instances of electrocution.'

Cheney will be unemployed as V.P. January 21, 2009,

And most likely be a member on KBR's board for sure.)

## **Ebony and Ivory, Chocolate and Vanilla, It's Grey to Me**

Ebony and ivory live together in perfect harmony  
Side by side on my piano keyboard, oh lord why don't we?  
Paul McCartney

It's a Simple Idea right? WRONG!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!  
First of all what white keys are sounding with black keys make a difference,  
Whether they're harmonious or not, whether the intervals produced consonant,  
Or perhaps dissonant, it is all from your point reference,  
The piano comes from the well tempered clavier that was in fact,  
--out of tune itself.  
(This completes the music theory part of this observation)  
Despite the fact the pianos as a rule sound out of tune; a piano is reminiscent  
--Of the song,  
Paul sang with Stevie, I wonder why Michael, (he wasn't BAD then) , was not brought  
forth?  
Alice Tate, PhD., whom I had the ill-pleasure of living with,  
under her auspices,  
(When I was the only one in her group home following my stays in hospitals and  
various homes of family) ,  
Is a professor at Central Michigan University, Mt. Pleasant.  
I audited some her classes which were based upon race in the media and  
communication.  
She was and still is racist, and somehow confused July 4,1776  
With The Emancipation Proclamation,  
Being of one track mind racially motivated, she did choose  
After all she was African-American and she promoted her views,

(What ever happened to Black Power! Black Power! ? , Alice had hoped to go to Ghana,  
Her Roots as she would put it, she was active in supporting the Black Panthers, etc.  
What did she think as the runners who won the gold, lifted up their black gloves and  
bowed their heads in the Olympics at Mexico City? She agreed with them, O. J. was  
framed; Michael Jackson had no plastic surgery and was not a pedophile.)

In the ALANA Project, (African-Americans, Latin-Americans, Asian-Americans,  
Native-Americans,) ,  
But she had her students define white people as white, I resented that,  
For I am Euro-American, not white,  
Michael Jackson is really white,  
I'm darker than him in the summertime and that is a fact.  
On watching the movie "The DaVinci Code" she stated to me that Jesus was black.  
Black, she said 'because he had nappy hair',  
I informed her that Jesus wasn't black, (dang it, sorry, African-American) or Hollywood  
(Jeffrey Hunterish) white, Jesus was Jewish,  
Middle-Eastern Semitic looking, by far from being Yiddish.

She was convinced like so many blacks (pardon me African-Americans) that Bill  
Clinton,  
Was the first black, oh no I did it again,  
African-American president a la Toni Morrison  
Alice was going to vote for Hillary if she ran for president.

(She must have thought Hillary would make a fine second black, I'm Sorry,

African-American president and was a woman,)

That was before Barack entered the race, which race does he belong to?  
He is half and half, a hybrid, half breed according to Cher, the former Bono,

(Half-breed, that's all I ever hear, Half-breed, how I learned to hate the word,  
Half-breed, she's no good they warned

Both sides were against me since the day I was  
born)

Barack is being described as the first African-American presidential contender,  
(Although his mother is white or shall I say Euro-American)  
Reverend Jesse Jackson even the Reverend Al Sharpton, had made the bid,  
Some say that they were The Great Pretenders.

(Oh yes, I'm the great pretender Pretending that I'm doing well  
My need is such; I pretend too much I'm lonely but no one can tell.)

That was Bill Clinton's inference to Barack to the Great Pretenders a few weeks ago,  
Following the South Carolina Primary,  
Some Afro-American politicians questioned Barack were black enough.  
I am not a member of the KKK, NAZI, White Supremacists Movement,  
I am firm believer what Dr. Martin Luther King Jr. when he has his dream,  
(About character of people overshadowing their race)  
And Malcolm X stood for,  
When he completed his Hajj,

(When he attempted to break away from Black Muslim Movement, after he found out  
he was worshiped Allah along with many people of many races.)

I believe firmly in equality,  
therefore I choose to be called Euro-American, not white, of African descent,  
Without malice,  
I am a descendant of Lucy, not Ricky Ricardo,  
According many anthropologists and Alice.

Barry, if convicted, will play for one of baseball teams behind San Quentin's wall,  
Barry will go down as one baseball almost stars.

## ESTV (Elementary School TransVestism)

Well the liberals have succeeded in their cross-gendering of our society.  
In Wisconsin, the dairy capitol of the Midwest and Football fame,  
The home of Cheese heads, the beer, Vince Lombardi  
- and the University of Wisconsin,  
All of which outbound with popularity,  
Now Gerry Springer,  
for one week is the name of the game.

(Apparently in Reedsburg there is an elementary school called Pineview.  
The administration has a week of school that they call Wacky Week.  
The teachers allow their students to go in drag.

District Administrator Tom Benson said the district was not attempting to promote cross-dressing, homosexuality or alternative gender roles with the dress-up day. 'The promotion of transgenderism — that was not our purpose,' Benson said. 'Our purpose was to have a Wacky Week mixing in a bit of silliness with our reading, writing and arithmetic.')

How lucky is for some boy that's going be a film maker, (Ed Wood)  
Basketball player, (Dennis Rodman) ,  
A pop artist, (Boy George)  
Or someone who is going to run the FBI, (J. Edgar Hoover)  
Or a sports broadcaster? (Marv Alpert)  
Or author who writes a book about a candlestick maker under a pen name? (Dav Pilky, Sue Denim)  
Never mind that when they get to 10th when they take Biology,  
They would learn about Trinidad, Colorado,  
I'm thought that school was an educational venue,  
The USA is behind in the world as far as educational standards go,  
Not a feel good whacky week or two.  
What were they thinking in Wisconsin?  
They weren't.  
The children will grow up in this wacky world in the near future,  
The most learning ability is from ages 7 through 12 years old,  
Pineview Elementary took out a week of the children that their entrusted to teach.  
Has our society been compromised to nurture?  
Have our standards fell too below,  
-when we can't grasp them with our reach?

## Evil Incarnate

Joshua Royce Mauldin, Abbadon,  
Angra Mainyu, Satan,  
Asmodai, Beelzebub,  
Lucifer, Belial, and Iblis all rolled into one.

Why is the guy still alive?

After physically beaten up a baby girl,  
Sticking her in a refrigerator then in a microwave,  
Where she had nothing but tendon and bone,  
All her skin, muscle, and fat were cooked,

Why is this guy still alive?

We know what happens when stick a cup of water for a couple minutes on high,  
Scalding water is what you get.  
The microwaves create friction in between the molecules and thus heat is present.  
Our bodies are more than 75% water,  
he literally cooked her.  
Why is this guy alive?  
He gets 25 years if he does the maximum,  
he'll be out when he is 45 years old.  
I can predict he'll never see 25 because the inmates will take where justice left off.  
Why is this guy alive?  
- so he can be tortured before he is put to death by a fellow inmate.  
But the legal wheels are spinning, do you want a bad joke?  
Read the following if you will,

The girl's mother, Eva Mauldin, refused defense attorneys' requests to testify and lives in Arkansas. A trial to terminate the Mauldins' parental rights is scheduled for April.

**F E M A Full of Excretion and Manure Action or Fake Emergency Management Actors Or (How do I keep my job and its pension and be accountable to no one)**

FEMA gave a progress report on the southern California disaster.  
Little did they know that the said about press conference,  
-which was in fact turned out to be fake,  
Could cause a political hurricane since Katrina, much more faster,  
Right before the presidential race, not good for republicans,  
-the Bush years in their wake.

The so called press conference was not a press conference at all,  
There were no reporters on call,  
The imposters were all FEMA employees tossing softball questions to answer,  
In the lit of Katrina, where FEMA encountered blame,  
Not this event, not this year,  
Could FEMA take the heat from the fires still burning?  
Michael Chertoff wasn't present then,  
He should be fired once before and again.

The White House admonished the agency for the hi-tech Punch and Judy Show,  
The puppets were the people that were employed eventually by the professor, Chertoff,  
But this one and several reasons they have to go,  
Chertoff too, because he is not going to fall for his puppets,  
Bush should fire Chertoff but he is not going to,  
Give Democrats a free load of ammo for their targets,  
Bush is lame duck president who faces hard decisions,  
Whether to bomb Iran, within time, Iran vow, nuclear bombs bound for Israel to  
attack,  
Support Turkey, a NATO ally, to invade Iraq.

To much to say in disgust about the fake news conference.  
To much money spent on jobs are fake,  
To much for government lies and deception,  
I wonder if Thomas Jefferson had this mind he helped write the Constitution,  
The now defunct USSR did a lot of Punch and Judy Shows,  
Is this a dream or this is my premonition?

## **FAIL(ED) SAFE(TY)**

Did SAC or NORAD fall asleep?  
How did a B-52's cache cruise missiles,  
Armed with nukes,  
Ever leave their base in Minot Air Force Base,  
In North Dakota,  
For their trip to Barksdale Air Force Base in Louisiana?

How can this happen?

Why not let a terrorist on board to finish the job.

Have we forgotten,  
Or we dispelled rumors of WMD's or Osama bin Laden?

"Our extensive, six-week investigation found that this was an isolated incident and that the weapons never left the custody of airmen - were never unsecured - but clearly this incident is unacceptable to the people of the United States and to the United States Air Force.'

De- De- De says Mencia.

Less than one hundred were demoted to not handle a single nuke,  
For Colonel Bruce Emig, the brunt of it, he took.

The A-bomb is to relativity, to Einstein, to Newton,  
It is befitting that following quote is applied,

'The probe into the incident, which ended this week, lists five errors - all of them procedural failures to check, verify and inspect, Newton said.'

Thankfully some of aren't dead.

## Farewell to Feathers

It was an earl mornin',  
- where the M-1 tanks are made  
There was an invasion of the airborne type descended in to the city of Warren  
They took the government by surprise and General Dynamics could not explain,  
Why they would a high security zone, were their white feathers some sort of disguise?  
The call went out to test the firepower of the tanks, a warning was issued,  
To the staff,  
To be prepared for the upcoming blasts,  
Soldiers donned the military armor uniforms complete with goggles and masks.  
The Commies would see defeat by the most sophisticated mobile armor of the Yanks,  
Not only did the gulls have the gall to invade, they decided to breed.  
The test track is what they felt would be a safe place from predators,  
Just what they would need to mate so that more eggs could be laid.  
The guns were pointed at the flock of birds and fired upon; the birds had no chance,  
Some were splattered beyond recognition, and then the tanks rolled in to control  
The condition by artificial birth control means by rolling over the eggs and the chicks.  
(As the writer of this verse can I interject a question if I may?  
I wonder if Patton or Rommel started this way?)  
The tanks with the weight of many a ton, Farewell to Feathers, Goodbye, Goodbye,  
Jonathan Livingston.  
The war was waged and temporarily won, but the seagulls will return to the nesting,  
Place where they biologically yearn, when will ever learn?  
One could only speculate on what the government thinks and does,  
Maybe the top brass though that if the M-1 worked well against seagulls,  
It should work against the Libyans, Iranians, and Sadinistas.

## Feel Like a Natural Woman?

Tim Petras turned into Kim Petras,  
That took a lot of 'balls' or lack thereof,  
Tim was born a boy then later became a girl,  
He by far is the most youngest transsexual,16, in the world.  
He started to take hormones when he had turned 12.  
I was building model cars at that age, where was I?  
He was turned a girl in Germany, German engineering at the finest.  
I doubt someone at twelve knows what they are or were they will be in the future,  
But he had much to cheer,  
Who knows what will the future for Kim is, what's in store.  
As far as she is concerned,  
'I can enjoy swimming, and bikinis, go in the changing rooms without a problem,  
everything has changed because of this operation. I just can't wait to put on my  
favorite bathing suit and go swimming like I've never done before.'

Yet again the sexual identification problem arises in Germany,  
Could Hitler's master race be gone to the dogs today?  
This time is Sarah Gronert, a tennis player,  
-who had been born a hermaphrodite.  
She is in the Women's Tennis Association (WTA) .  
She had her male appendage and testicles removed and she was medically certified,  
A Woman.  
My wife, Judy, said that it would be fair for sport to test her hormone level,  
I agree, let's just hope the WTA agree.  
Sarah is not like a Renee Richards, she's not a 'tranny',  
Part of her was born female, which is verified.

## **FEMA II (Formaldehyde Excuses Management A\$@holes)**

In the aftermath of Katrina in 2005,  
There was stench and destruction to all that would survive,  
There was political fallout from Baton Rouge to Washington D. C.,  
But in the end there was FEMA, it was plain to see.

The mismanagement of situations, excuses, spin doctors,  
All in line, speaking metaphorically, hypothetically, what can possibly in store,  
While people had no place to go,  
The trailers that FEMA sent to the people, it was for show.

FEMA trailers, as in most trailers, have a stench of death,  
Formaldehyde, an embalming fluid, was taken with every breath,  
Though microscopic in nature can cause one to be deathly ill,  
Although FEMA knew about the complaints, its action was at this time nil.

FEMA did look very ridiculous airing a non-press conference about the California fires,  
(see Observation F E M A)  
A couple of head administrators chose not to be let go but retire,  
Whose head will fall under the current state of affairs,  
Their bodies should be subjugated to the trailer fumes everywhere.

Most people had taken this action for a God send,  
Most of them hadn't taken it for what it is worth,  
The government had appeased to people at on time,  
From cradle to grave, to death from birth.

(11-18-2007)

U.S. health officials gave the warning out today,  
That FEMA should get the people out from the trailers,  
That fumes are dangerously high and lead the folks away,  
From the toxicity that they were living for years.  
The story hasn't changed much from November eighteenth,  
Why all the raucous?  
The people that were exposed to since September two thousand five,  
Could it be suspicious?  
Not our government agency, to the ones that alive,  
Cut your losses, go out in the fields to live,  
Your chances are better than that what FEMA has to give.

### **FEMA III Aka Fraudulent Excuses My Ass**

FEMA doesn't have its act together,  
Katrina, fumbling aftermath and the California fires, now it is not the weather.  
It appears that someone hacked into the communication system of FEMA.  
Someone had Asia and the Middle-East on a not so secure line,  
Homeland Security at its finest so they say.  
Bin Laden could have a report today,  
On which place to attack next.  
FEMA what a joke if it was not that serious.  
FEMA, if that's the best they can do that be under Bush, then Bush is delirious

## **Fix It Again, Walter?**

From Maxwell Motors to a global consortium,  
I often said that one day we will be driving a universal "car".  
Many people said I was crazy 40 years ago,  
(I'm going 55 a few months from now) ,  
Now in this economic peril of credit, Cerberus has found a partner,  
After Daimler-Mercedes pitched off Chrysler before the meltdown did occur.  
The stockholders said continuing with Chrysler is 'Bratwuerst or Bolony.'  
Cerberus bought Daimler share for close to 40 cents on a dollar.  
Now the 'molto bene' time for Chrysler and Fiat is here,  
My parents had a Dodge Aspen, it was crappy car,

Joe Borkowski, my music buddy, had (has) a Fiat X-19 that leaked oil,  
To me that is not funny,

Fiat is known by non-acronym, Fix It Again Tony.

For a wailin' song and a good guitar, the only things that I understand, poor boy, the  
only things that I understand" Hoyt Axton

It's been a while since I wrote since I wrote about Gisele Bundchen,  
It has is after the Super Bowl in her main squeeze lost,  
The economic stimulus package is getting bogged down in Congress,  
The foreclosures and unemployment rate are up,  
Reeking havoc and anxiety, taking an enormously high social cost  
The stock market is being battered around weak sales and the sub-prime lending  
fiascos,  
The stores in New York are to price their goods in Euros.  
The dollar has slipped below the water bench mark,  
To be sought after the instrument of trade.  
Gisele was right; she only accepts contracts with Euros attached to it,  
It was later disputed by her agent sensing the though she was anti-American.  
It is not possible to gain access to the Taj Mahal.  
The dollar has fallen against the rupee?  
I thought the rupee was name of transsexual.  
(My bad, Rupaul)  
For goodness sakes, Hip-Hop, Rap people are waving Euros instead of C-Notes.  
If it's legal than do it, like the dollar it floats.

## **For I Don't Give a Damn About Green Back Dollar**

"And I don't give a damn about a greenback dollar, spend it as fast as I can.  
For a wailin' song and a good guitar, the only things that I understand, poor boy, the  
only things that I understand" Hoyt Axton

She's not a guitar player nor a folk singer,  
She is a model modeling clothes.  
She is very well-versed in her money that she makes,  
It is pity she is not in charge of our fiscal policy,  
She knows what Federal Reserve knows.

The dollar was taken off the gold system under Nixon,  
The dollar was traded for other instruments, Marks, Pounds, Yen, and the lot,  
Long before the Euro was in place,  
The artificial economy that the USA had perpetuated came down  
And bit us in the ass,  
That's why we are paying \$3.35 for a gallon of gas.  
There is no faith and trust in economy that floats,  
If it floats well we are in the drivers seat,  
If it suffers by war, instability, bad loans (mortgages) ,  
Mentions of military against Iran and propping up Pakistan.  
The speculators are squeamish,  
The Wall Street animals are bearish not bullish.

Gisele Bundchen knows what it is and knows what it is not.  
She is making sure that she signs a contract,  
The money doesn't depreciate before she gets it.  
But she doesn't it all the same when you get it out from wash.  
The artificial economy can be what ever you make of it,  
She ought to make sure that she paid as in days of old,  
By not dollars, euros, pounds etc., but by silver and gold.

## **For the Towels Toils**

"For Whom the Paper Towels Toils, It toils for Thee",  
I viewed on the TV this morn  
That Good Housekeeping had tested  
Paper-towels dispensers, some good  
And some forlorn.  
They had tested motion detectors ones,  
Vertical ones, horizontal ones every which way ones,  
Even those that can't but could.  
What kind of drugs were they on,  
Or they think we are to stupid to understand, that \$30.00  
is alot to pay for ripping the pre-perforated towels from  
the bolt, it wasn't yesterday that we born.  
I pray the day that humans will actually tear apart paper towels  
With their hands,  
And forget about what they saw, or didn't see on tv,  
And I say to that Good Housekeeping Labs,  
You got too much time on your hands,  
Next you'll be testing the economical,  
testing ergonomically designed  
tubes of toothpaste, brush detectors and all.

## **Ford has a Better Idea**

Ford trucks in Texas can be found at the Ford House,  
Henry Ford was much more than a major industrialist who produced Model-T's,  
At the same time in Germany, who lost the First World War,  
There was a person, Adolph Hitler, who was a mouse,  
But by Ford's money became the mouse that would roar.

See Hitler's fascism Third Reich was not a communist friend,  
As Ford's dislike for unions which had no end,  
They both hated Jews for their alleged control of money,  
Hitler was part Jew,  
Henry Ford belonged to the Masonic Lodge,  
Washington is on the one dollar bill,  
so is the pyramid with eye,  
Ford was not the only one;  
there was Rockefeller,  
Disney, Lindbergh, and Dodge.  
(see observation Spirit of St. Louis, Seig Hile)  
Ford played his game with Nazi's until he would not play anymore,

Ford reassembled his Willow Run Plant from producing tractors to bombers,  
Before Germany declared war on the US,5 days after Japanese bombed the harbor.  
So Ford was dipping in to both ends,  
Hitler mentions Ford in Mein Kamf,  
His life, his struggle to gain power was enhanced by Ford's donation.  
Even though his plan was to put in to motion,  
Millions of lives lost,  
And his saga to be carried throughout time,  
Have you driven a Ford lately?

## **From Whoville to the Grinch, Firk You**

Miracle on 34th Street did happen but 10 block to the north,  
The Macy's Parade did happen as well as one Broadway Production,  
Broadway workers,  
stagehands,  
-have struck to drive profits and sales south,  
But the musical containing the Grinch was ordered back by a judge's injunction.

The words that promoted Christmas spirit,  
Were handed down by a Jewish-American judge,  
Her words were short but had some bite and were tough,  
'I'm going to grant the injunction' against the lockout,  
State Supreme Court Justice Helen Freedman said Wednesday.  
'I think one Grinch in town is enough.'

That sure made Dr. Seuss made,  
Happy where he may be,  
That the only play,  
On Broadway here,  
In New York City.

And everyone child both young and old,  
For all that glitters is not always gold,  
For children that were Buddhist, Muslim, Christian or Jew,  
The message brought by the people of Whoville,  
That there is no restriction spreading kindness,  
And peace to all men and woman too,  
From the people that have good intention and good will.

## **Gecko.Com**

Rock, paper, Scizzors,  
Human love triangles based upon  
the relationship of lizard?

I have noticed the bearded dragon,  
named Larry the Lounge Lizard,  
Gary the gecko,  
and Irene the Iguana,  
And many more to go.

We think that we are beyond the understanding  
of the natural world,  
that Darwinian espouses,  
Biblical teaching disclaims  
By following the Word.

Barney, Dino, Godzilla,  
Human love triangles based upon  
the relationship of lizard?

I have noticed Sister Mary Maria was the Monitor,  
Having myself been stopped in the hall,  
Sister Mary Anoles was the principle,  
But not Boy George, he was a Karma Chameleon.

So human relationships are based lizard interactions?

If so, then let it be known,  
The quick with the tongue will not always prevail,  
T-Rex went, Dino went,  
So will humans thus go,  
With all their unnecessary distractions.

## Generally Butt Naked

What kind of savage is Joshua Milton Blahyi?

What kind of an animal is he?

Long ago I penned the Kwanzaa Karols for a tongue in cheek,  
But he is making a reality from the satire that I wrote, so let it be.

Liberia has begun a killing ground, so as Darfur in the Sudan,

Josh's attack strategy was him attacking butt-naked,

His schlong dangling in the wind would mesmerize his opponents,

And he would butcher them into pieces.

He even killed children and cut their heart and ate it.

Makes me want to vacation there in Liberia,

If you were a cruise in the last ten or so years you played in this genocide,

Because most of the cruise ships are registered in Liberia to avoid taxation and laws.

The Liberian government is up for grabs, so Josh came in.

Sad to say it, colonialism was good for countries of Africa,

Be it not said that inequities were involved,

But the overall structure makes up several countries is in peril,

What you have are thugs clinging bits of Christianity and tribal values,

It's an oxymoron if you will,

Millions of dollars go to supposedly a relief system that it too broken,

The warlords starve their opponents, and if they survive,

The opposing faction will machete them to death.

Is the United Nations for real or is the organization a "token",

Of human compassion.

Niger, Somalia, Chad, Rwanda, Angola, it is all the same,

Are the European colonists to blame?

I think not.

But the eventual rise of General Butt Naked was due,

Because the nature of the animal will not be forgot.

## **Giraffe's `r' Us**

Geoffrey would had better run away,  
Because the Rabbis said in Israel that you Kosher.  
You can have the milk drawn from you and you can get slaughtered today,  
You can get still get captured and put in a zoo,  
Or an African Safari park outside of West Palm Beach,  
To bad the Jewish butchers have to cut your neck,  
For it is beyond their natural reach.

## **Give Him Head and Shoulders**

Enough to get your dander up,  
Is a team from Proctor and Gamble said.  
To figure out the flakes that descends on dark clothing,  
It was more than skin that is dead.  
Apparently the cause of this,  
Is Fungus.  
Malassezia fungus to be exact.  
It could be worse,  
Because the fungi could be having an orgy,  
On your head, the team said at P and G,

('The *M. globosa* genome sequence also revealed the presence of mating-type genes, providing an indication that *Malassezia* may be capable of sex, ' they wrote in their report. Dawson's team said they grew 10 liters (quarts) of the fungus, 'equal to the amount of fungus that would be found on the heads of 10 million people, ' the company said.)

It unbelievable that your head could like frescoes in Pompeii,  
Aphrodite awash in your hair,  
Does she give or doesn't she?  
Only her hairdresser knows for sure.  
How do you give him shoulders she asks.-----

That is give him a cold shoulder.

## GM's PoleTown Plant

Down by the viaduct where box cars attached to locomotives roll,  
Down on the south side of Hamtramck, Michigan,  
There was a community that is no more,  
GM had decided to make a main assembly plant,  
To manufacture Cadillacs none the less but they had to accrue the land.  
They had an agenda they had a cause,  
Like Gulliver, GM came down on the Lilliputians,  
The little people would find out what's in store regarding some laws.  
Politicians were mostly likely 'bribed' and received special considerations,  
And laws were passed placing the entire land under eminent domain,  
The land was not eminent domain,  
It was land owned by homeowners,  
Although the properties were of lower value,  
But it real estate property; all the same.  
Churches, hospitals, and schools were raised.  
People lost there neighborhoods,  
Some would protest, some would shout,  
About such indignation.  
that was all they had,  
Being displaced for commercial business  
- is not the idea of eminent domain was about,  
However, they proceeded to convince the courts that it was for a common good.  
GM Detroit-Hamtramck Assembly plant remain idle today,  
With unrelenting breathlessness,  
-to await the announcement that President Bush is expected to say,  
They are hoping to be saved by the bell,  
Bush, the object Identified Flying Objects,  
in Iraq will be home,  
(He did some 'sole-searching' while in Iraq)  
GM awaits the loan-out or bail out because Cadillacs and other vehicles aren't selling well,

How about that Karma?

## **Go Fish! (an Observation about the automobile bailouts in the US)**

The Big Three are asking for bailouts,  
The Union says they are done with concessions,  
The Big Three CEO's have private jets,  
I see the progressions.  
When I was younger then now I grew up in the area of Dodge Main,  
On the south side of Hamtramck,  
Where Chrysler would pay their workers for their vacations,  
Yet hire temporary workers to build cars,  
In essence they put in \$1.75 for every dollar spent into the cost of the car.  
I used to pass by the Berkshire Inn in a DSR bus,  
On Joseph Campau, the main drag,  
(I worked downtown at Grinnell's) ,  
Where women of the night at day and afternoon,  
There were three shifts at Dodge Main if I may add,  
And the bottles of Annie Green Springs and Kessler were overflowing in the trash bins,  
Now I wondered what shape the workers were in.  
Having drank their lunch and dinner,  
Now wonder that the American cars in the seventies and eighties were the pits.  
Anyway,  
That was then, this is now.  
In 2005, the UAW had reached an agreement with the Big Three on Job Banks,  
Now is this desperate state of the economy the Big Three are mulling over,  
They are about to renege on a contract for Shame, you say.  
Job Banks were created to not "lay-off" workers,  
Let me clear up this up a bit.  
The United Auto Workers union is in talks with some of Detroit's big three automakers  
to put an end to the infamous 'job bank' - a program that allows laid off factory  
workers to report to work and play cards,  
read the newspaper,  
and maybe do a little volunteer work while continuing to be paid full wages and  
benefits.  
No wonder Daimler got out.  
I don't think Toyota,  
or Honda,  
would agree to this,  
That is why they headed out,  
like a fetus,  
they're heading to the Southern States,  
The Detroit area they would have to miss.  
In 2005, there was story that blew this one out,  
strike three at the bat,  
Ken Pool is making good money. On weekdays, he shows up at 7 a.m. at Ford Motor  
Co.'s Michigan Truck Plant in Wayne,  
signs in,  
and then starts working  
- on a crossword puzzle. Pool hates the monotony,  
but the pay is good:  
more than \$31 an hour, plus benefits.  
'We just go in and play crossword puzzles,  
watch videos that someone brings in or read the newspaper, ' he says. 'Otherwise, I've  
just sat.'  
Imagine that!

(I wonder if Toyota and Honda had this plan for their workers? NOT.)  
But that was yesterday but today is now,  
Pool hated monotony,  
But will he give "non-job" up?  
Not according UAW President Ron Gettelfinger,

Even as Detroit's Big Three teeter on collapse,  
United Auto Workers President Ron Gettelfinger said Saturday that workers will not  
make any more concessions and that getting the automakers back on their feet means  
figuring out a way to turn around the slumping economy.

So I say that until the Big Three and UAW workers get a plan,  
The government should not get involved,  
As far as conceptual vehicle goes,  
Better start liking the YUGO's.

Now the Big Three are headed to Washington again,  
They have ditched their private planes,  
Most of them made the road trip in hybrids,  
Some people think it will never be the same.  
The UAW will renegotiate the contracts with the Big Three,  
Job Banks will be no more,  
Because there is nothing for free,  
Renegotiate or majority of members will hit the unemployment lines,  
The Big Three had shown out the door.  
Gettelfinger has to have union dues to pay his salary,  
He needs workers to work,  
He uses the strength of the union as a tool.  
But as the old saying goes, "His mother didn't raise a fool."

The Senate has rejected a bill to bail out the Big Three.  
Among the problems that Senate has is with the UAW,  
not allowing concessions for reduced pay,  
The executive office is in limbo,  
There is good indication,  
That Big Two of the Big Three will have to know,  
GM and Chrysler,  
Are liable to secure bankruptcy protection.

The union walked out on GM,  
The time is closing on them,  
Who knows  
what plants will close,  
May GM streamline it's makes and models, who knows.

GM is considering bankruptcy,  
It has pursued government loans but the writing is on the wall,  
It is hemorrhaging cash by the ton,  
The UAW got what they asked for now there are behind the eight ball.  
The CEO of GM, Rick Wagoner, resigned yesterday,  
Obama's White House will it's way,  
My question is are the investments banks CEO's and especially,

AIG's CEO and many others have be a "sacrificial lamb",  
Many Americans they say "Already, I am".

## Go Green, Soylent Green

It's matter of fact that earth is going green,  
From major corporations to the fluorescent household light bulb,  
To the way of life that is to be seen,  
After death going green is already in progress for funeral parlors in the UK,  
And that is a hit,  
- it's the rage,

Cardboard coffins, clothes sewn from natural fibers, a burial plot in a natural setting.  
Green funerals attempt to be eco-friendly at every stage.

It makes a terrific do-it-yourself project,  
To have one built from designer cardboard,  
-sewn paper bags I would reject,  
On ones pocket book that should be breather,

'The trouble is, they are a bit ungainly to use, ' said Oakfield Wood burial ground director Oliver Peacock. 'They're not terribly easy to handle and if it's wet, they don't look their best either.'

Better than being forced to give up one's life,  
To be made into some kind of multi-biochemical compound,  
To make the survivors at ease with their strife,  
Your last moments so serene,  
To Go Soylent Green.

## Go Greyhound

Korie Hoke should have taken Greyhound if not a cab,  
She was drunk, inebriated, wasted, screwed up,  
She was pulled over, her keys taken by the police;  
She had one more key,  
She plummeted into a concrete that struck her auto it did not yield,  
She was in an accident that she caused her head to strike a windshield,  
Her parents contend that police were at fault,  
By letting her out of their sight,  
She had a hidden key so she started the car,  
Fled from the police and her arrest,  
Only to land up in a hospital, injuries all over including her chest.  
I hope that the lawsuit will be thrown out,  
Because fault lies where fault is,  
I feel for Korie, but like everybody else,  
You sow what you reap,  
Korie thought she would from the law she could flee,  
Korie landed a place there would never thought she'd be,  
Being comatose and all,  
For her parents, you cannot blame the police for actions,  
What do you expect to do?  
Taze her, shackle her, beat her, use deadly force against her?  
I think not, for you would bring assault charges against them.  
Korie has had problem before with underage drinking,  
Whether its overage, midage, underage,  
It's a problem that can and will affect your life,  
It affected Korie's.  
It seems though it has no end.

## God Rest You, Megan

Megan Meier who had thought found via MySpace,  
Found hatred, scorn, nothing at all good in its place.  
The internet can be useful to bring people together,  
My wife, Judy and I are a testament to that,  
Too bad Megan thought she was emailing a real person,  
Josh Evans was not, the fictitious boyfriend treated her like a mat.  
Megan would not see her fourteenth birthday,  
Because a cruel hoax had been played upon her,  
By parents of an acquaintance she knew,  
The parents figured Megan to blame for making fun of their daughter.  
By rights Megan had issues, but who doesn't when you're that age?  
What we have here is Shakespearean tragedy in a high tech format,  
The parents who played the hoax on Meier,  
Their daughter is forced their lives through her fate,  
Megan was Juliet, and who will take the fall by Romeo,  
Surely not the computer or MySpace, but the fall is due,  
We'll just have to sit and wait.

Lori Drew was indicted today by Federal Grand Jury,  
Lori Drew of suburban St. Louis was charged with one count of  
conspiracy and three counts of accessing protected computers without  
authorization to obtain information to inflict emotional distress on the girl.  
That should make parents worry;  
about these cruel intentions seem legally blurry.  
This is going to the s Supreme Court I bet,  
There is precedent so sad for Megan but it the end the Congress will pass a law,  
Megan's Law that will be fitting tribute to life that was cut short,  
A life we will not forget.

## Good Friday 1988

How good is Good Friday, to the people of Jerusalem?  
The politics, terrorists, victims, fanatics,  
Goliath appears to be all but one of them.  
And David, throwing stones without a sling, what good will come about?  
As you raise your outlawed flag and express your political slogans.  
Against the shadow of police-state terror,  
What change will that bring?  
Even when you clenched your fist and shouted to define your sovereignty,  
After all you didn't the war of '67,  
But now you take the loss.  
How good will Good Saturday be? For in fact how joyous will be Easter?  
Will peace come as more lives become the coast?  
Oh Jerusalem have your people learned at all?  
Sticks and stones may some bones but Uzis always kill,  
But as David rose against the mighty Philistine  
And used his rock in a sling,  
So will the new David eventually triumph.  
As in the testament of old,  
It's only a matter of time when a stone is replaces by an AK-47,  
And Jerusalem will become a hell,  
-when it should be a terrestrial heaven.

**Goodness Gracious Great Balls of What? ? ? ? ? You broke my will, But what a thrill Goodness, gracious, great balls of..WHAT! ! !**

Julia Childs,  
Emeril Lagasses,  
James Beards,  
We need more Mario Batales,  
if it looks like duck, quacks like duck, chances are-  
Donald is looking for his family jewels.  
Testicular entrees are pretty much that fad these days.  
Kangaroos, bulls, goats, are made eunuchs for edible enjoyment.  
Even the Japanese are breaking ground with Sushi,  
Delicious octopus balls in seaweed Speedo.  
KangarWhos are meaty, beaty, big and bouncy.  
Rocky Mountain Oyster gets you Rocky Mountain High,  
Bambi won't be around if you continue to have Blair's Balls.  
Mama's Place Bar and Grill, in Elderon, Wisconsin is the place to be.

"..the lamb fries taste like chicken gizzards, but she loves all the testicles",

Says to Festival Founder, Nancy Fenske.

## **Grease is the Word, is the word, is the word, is the word....**

Grease is the word, is the word that you heard  
It's got groove it's got meaning  
Grease is the time, is the place is the motion  
Grease is the way we are feeling.....

Well the fuel prices are really fueling  
this one.  
Better hold those French Fries tight and squeeze them right,  
Before the perpetrators get them,  
-the cold case of the hot grease is not over yet,  
Beep-Beep- Beep-Beep-It's not done.  
Bio-diesel makers have engineered a new phenomenon,  
The theft of used grease that was used by dives,  
Restaurants, fast food places, from the neighborhood bar to  
KFC,  
Applebee's,  
From Burger King to Whataburger,  
Outback Steak House,  
(Eat the Bloomin' Onion by yourself for fortnight and hope you survive) .  
Soybean Oil,  
Corn Oil,  
Vegetable Oil,  
Canola Oil,  
They are the foundations Bio-diesel, they are not remnants of peat and dinosaurs,  
They are not found in the Middle-East.  
Henry Ford was experimenting with soy a hundred years ago,  
To bad he would be in cahoots to the oil giants such as Rockefeller and Getty.  
To bad the greening of crime will make the food establishments see red,  
Because the food places sell their used grease to companies.  
This is liable to have you pay more for French Fries.  
The 'take-aways' (carry outs) in the UK are soggy with grease,  
From the blood-puddin' to the Fish and Chips,  
One order of these awfully soggy with grease items,  
To be put in a newspaper as a wrap,  
I can remember so vividly,  
my thoughts never cease.  
So BP is not going to be in danger until the grease mongers show up on the radar  
blips.

## Green Alligators and Long Neck Geese

On March 17th nineteen hundred eighty-eight,  
St. Patty's was the party date,  
I traveled with my associate Joe Borkowski to Bowmanville, Ontario.  
For Business and not to play,  
For we vowed not to play on St. Patty's Day.  
There were parades,  
busloads of intoxicated people and more than a share emerald beer.

H O W I R I S H C A N T H A T B E ?

With everyone wearing a shamrock and green sweaters,  
When in fact very proudly, but today's news they did not want to hear.  
"Green Alligators" and "Danny Boy" would share the spotlight with a jig,  
The former written by a Jewish-American the latter to be sung by John Reilly,  
His resounding voice reflecting his diaphragm,  
so projected,  
so big.

As people got messed up and partied in limos,  
Today's news was oblivious to their ear,  
I guess that's the way it goes,  
For as the Irish-Americans strutted their green,  
There was more violence and death than the Irish-Irish had seen.  
No one paused for a solemn peace,  
or prayed in their pubs for a lasting peace,  
Or even that for one day killing would cease,  
No one wanted to know or be near,

The violence on the news,  
the news they did not want to hear,  
As I watched with horror at the killings at a cemetery.  
The plots of three were not filled with soil when a fanatic threw a hand grenade.  
Fired a gun,  
--and killed another three.

H O W I R I S H C A N T H A T B E ?

In response the following day on video,  
Some British police met their demise with odds several score to two,  
To a band of irrational emotional Catholics,  
-this was no surprise,  
--nothing new.

As the killing and maiming continues what news would be to bear,  
Do the people in the pubs on St. Patty's continue to pay, play and perhaps-

NOT CARE?

WHEN WILL THE FIGHTING CEASE?

Probably when people understand what is truly Irish and unlike the Mornin' Spring,  
It is not "Green Alligators and Long Neck Geese".

## Hair

My hair like Jesus wore it  
Hallelujah I adore it  
Hallelujah Mary loved her son  
Why don't my mother love me?

Hair, hair, hair, hair, hair, hair, hair  
Flow it, show it  
Long as God can grow it  
My hair, hair, hair, hair, hair, hair, hair  
Flow it, show it  
Long as God can grow it  
My hair  
(From the Musical 'Hair')

Hair today, gone tomorrow,  
A lock of John Lennon's hair was sold at auction.  
But what I would ask is how sure it is John's at all?  
Did CSI London extract the DNA?  
Did the dream team of OJ affirm that it was or wasn't?  
If the locket of hair doesn't fit, you must acquit.

John's body was cremated but there are his sons.  
What if the sons gave the hair?  
Seems to be a hairy question to me?  
What about Prince Harry's hair?  
Is the auction price going to more than John's?

Hair, There and Everywhere.

The hair styles that Beatles wore evoked certain level of social change,  
Not to mention that John recognized,  
-at rightfully so, -- later on so not!  
The Beatles were more popular than Christ,  
--and of all his hair.  
If a single Christ hair were to be found,  
A single hair of the Lord would fetch more than John's lock.

## **Halo, Halo Won't Tell Me Your Name?**

His name is Daniel Petric not Robbie Petry.  
He got so mad with his parents that he blew them away,  
Because they took his video game "Halo 3" which he wanted to play.  
He grew up in a "fine" Christian home; his father is a minister,  
New Life Assembly of God in Wellington, Ohio,  
Could he and his wife raise a boy so sinister?

From Birth?

Prosecutors said Petric planned to kill his parents  
because he was angry that his father would not allow him to play the video game,  
in which players shoot alien monsters that have taken over the Earth.

The mom died, Susan Petric,43, and the dad is alive,  
The mom is in the ground, dad survived,  
The father, Mark Petric said in, order to be true,  
Not bearing false witness against thy neighbor let alone his son,  
Mark Petric testified that his son came into the room and asked: 'Would you guys close  
your eyes? I have a surprise for you.'

Defense attorneys have pleaded to the judge that Daniel was mentally insane.  
The judge refused to enter the plea.  
At the end of the murderous rampage,  
Defense Attorney James Kersey said that when the teenager fled the grisly scene,  
he only took one item with him: the 'Halo 3' game.

For the Petric family Armageddon is now,  
Their son is the anti-Christ, the Damien from the Omen,  
The family must have been wondering, Why, and How.

## Hang Down Your Head Kelly Tilghman

This time tomorrow  
Reckon where I'll be  
Down in some lonesome valley  
Hangin' from a white oak tree (The Kingston Trio)

Kelly thought she was being cute,  
Kelly thought she had made a funny,  
Golf Central would not fire her,  
As she is a woman,  
Not being Rush, Imus, Jimmy the Greek Snyder,  
They were men.  
She is of course blonde, so is Caitlin Upton,  
Maybe that explains the fact,  
Golf Central would not fire her.  
She stated that the only way the upcoming golfer would defeat Tiger Woods,  
If they would beat him up, like Tonya Harding did to Nancy Kerrigan,  
Further more they should 'lynch Tiger Woods in a back alley.'  
If the KKK would have been paying her I would understand,  
But if, not she could have been playing bedroom course,  
She could have been playing on the course where there is easy "lay" on the turf,  
She was a caddy to Arnold Palmer,  
She could have kissed his balls while he ventured out the first ho',  
That would make his putter stand up.  
Golf Central still would not fire her.

## Hannah Montana Concert Tickets to Allegedly Die For

What kind of creepy mother has her child lie to get concert tickets?  
The little girl said her dad died in Iraq,  
He didn't.  
What kind a parent is this that would fake death to get to a ticket to the show?  
I really don't know,  
--but I was married to one.  
Certain mothers and their daughters run a complicit co-dependency con course,  
That the end justifies the means to get a job done.  
A 6 year-old doesn't know how to truly lie,  
-the lies lie in the mother,  
Priscilla Ceballos was the mother who had her child lie,  
She stated "We did the essay and that's what we did to win.  
We did whatever we could do to win, '  
Ceballos said in an interview Friday with KDFW-TV of Dallas.  
'But when (Caulfield {the spokesperson for Club Libby Lu who had  
sponsored the prize) asked me if this essay is true, I said `No,  
this essay is not true."

To begin,  
Pity the Beaner,  
-who has she great disrespect for this country,  
She that uses a fictitious death  
In Iraq, for personal gain, what kind of a moron are you?  
You belong back in Tijuana.

## **Hell Hath No Fury like a 73 Year Old Woman Was this man Smilin' Bob Father?**

A 72-year old man is at the center of fight,  
Two women were dating him at the same time,  
He must've had a bagful of Enzyte,  
It was the Dayton, Ohio where Harry Chapin sang about the tailor,  
Edith Mitchell,78, was sitting in her car with her beau,  
When the second woman,73, came and said,  
"Hey Bi@\$h, you with my man, get out of that car.'  
The woman started beating Mitchell with her fists,  
Mitchell got her gun and the other snapped from her possibly by bending her wrists,  
The other woman pulled the trigger,  
Other reports said Mitchell pulled the trigger,  
However, in any event, it misfired.  
"I'm too old for this, that's all I can say" Mitchell told the radio station WHIO.  
God works in mysterious ways, through a fight?  
I can't wait to the entire re-enactment on Cheater's some night.

## Help Me I'm Think I'm Falling Aka Free Falling

Didn't it feel good  
We were sitting there talking  
Or lying there not talking  
Didn't it feel good  
You dance with the lady  
With the hole in her stocking  
Didn't it feel good  
Didn't it feel good  
Written and Recorded by Joni Mitchell

chorus: and i`m free - free falling  
yeah i`m free - free falling  
Written and Recorded by Tom Petty and the Heartbreakers

A woman had made her statement by jumping off the United Nations Building,  
On the lower east side of Manhattan, the police had withheld her name.  
You're supposed to make a "splash" or "break a leg" on Broadway,  
(Which is located between Sixth and Eighth Avenues between 42nd and 53rd Streets,)  
Not on First Avenue and 46th Street.

Did she happen to be spy or had been embroiled in UN scandal?  
Was she a terrorist and summoned by Bin Laden?  
Or she probably tripped out,  
-a euphuism back in the '60's, according to Timothy Leary.  
What ever it was it was a bad trip,  
- pun intended, that caused a great fall,  
All the limo drivers and diplomats couldn't put her together again.  
She was an Australian National so says the report,  
She should have someone tie her down, sport,  
Such a Tragedy,  
Staying Alive,  
NOT!!!!  
She made news today instead Olivia Newton-John,  
now she is etenally mellow,  
Maybe she wanted to reach Heath Ledger on the other side,  
After they both from Australia and they died,  
in Manhattan,  
by their own hands.  
It's good she fell down to her in the back lawn not on the pavement,  
Out of in front she may have landed and killed one of the Men at Work.

Which is not one of their perks.

## Helplessly Homeless

Is it just me?  
Is the idea homeless perverts,  
-which were convicted of being a pedophiles,  
Should walk around our schools,  
malls, etc.,  
where young people happen congregate,  
I think not.  
It's going to take a little while,  
For society to excuse those who perpetrate their crimes on those who are defenseless,  
And those children that answer with faith on the web not hate.  
For a group a Californians there is no dilemma,  
"We don't like your kind here."  
The citizens,  
in order to protect themselves and their children,  
made it clear.  
It is not them nor did I put you in state you are in,  
Your defense lawyers,  
At least half of the time,  
Said you were molested,  
That's how it begins.  
But you do know what is wrong from right,  
By putting your insatiable urges on some kid is terribly bad,  
So sad,  
For you,  
It seems as though you are ostracized by your community,  
Outcasts from the society from which you preyed upon,  
Should the people that you offended have mercy, compassion, and charity?  
I think not, may the males of the said article should become priests,  
(see observation "What's Wrong This Picture? ")  
For it is their favor that you'd be branded by the Scarlet Letter of old,  
Instead of a red "A",  
A red "P".

**Here Comes the Bride, There Goes the Bride, Here Comes the Bride, There Goes the Bride, (repeat 21 times more)**

Born Linda Lou Taylor this woman had had her thing with men,  
Having married 23 of them,  
Now she finds it lonely and sees the possibility of going to the altar or court again.  
Would you be number 24?  
There is something wrong with her,  
She puts Elizabeth Taylor, (is she related?) ,  
Mickey Rooney and King Henry VIII,

To shame, it's plain to see that is true  
She's not a Hollywood Star/Starlit or even royal,  
Maybe she's a black widow?  
She had names Scott, Street, Smith, Moyer,  
Massie, Chandler, and Wolfe to name a few,

But you say this woman is daft?  
How can you say this after one marriage,  
to Fred Chadwick lasted only a day and half?

Not even a inmate would escape,  
Her matrimonial clutches,  
The strangest exchange of vows took place at the Indiana Reformatory at Pendleton to  
a one-eyed inmate named Tom Stutzman,  
whom she said was wrongly convicted of rape.

Added to the twists and trysts,  
The many husbands of Linda Wolfe include a convict,  
a vending machine repairman,  
barmen and brawlers,  
electricians and plumbers,  
musicians and machinists.

She had always had different wedding apparel for them,  
Wolfe has been married in front of judges and priests,  
in grand halls and living rooms.  
The bride wore a white taffeta gown.  
The bride wore a yellow, two-piece suit.  
The bride wore denim.

There wasn't any doubt,  
That Linda collection of menagerie of men,  
it almost as though she collected them,  
Two of her husbands were gay.  
Two were homeless.  
A few stepped out on her.  
One choked her and turned her lip inside out.

Her notoriety was soon on TV with her elation  
'I've been on  
Joan Rivers,  
Geraldo,  
Phil Donahue. He got real fresh with me, ' Wolfe said.  
'I've been on Maury. I liked Maury. ..."

To bad that she knows nothing about familial relation,  
She has children but there is a little communication,

To speak off, she sits at home, lonely she sits sedated,  
There's Ruth, who has three daughters.

Becky is on her third marriage.

Melody was a lingerie model.

Robert died of cancer.

Louis is in prison for a drug-related offense.

Joe and Dan round out the set of siblings,

all of whom endured a cavalcade of stepfathers

and suitors who they sometimes liked and sometimes hated.

"They don't come around me, " Wolfe said of her brood.

"They've got their own lives to live. Some of them is high-headed."

Becky visits Wolfe occasionally.

She said the kids try not to discuss their mother's marital odyssey

--not because they're mad, but because they're busy.

No wonder she's lonely.

## **Hey, Hey, We're the Monkees aka Get That Monkey of My Back**

New Delhi is out of a deputy mayor for the time being,  
S. S. Bajwa was taken to a local hospital after a fall,  
After he sustained injuries, being attacked by monkeys on a wall,  
All of his city fellow workers and of Bajwa's friends,  
Couldn't put Bajwa together again.

Bajwa should have made a break for Louisiana, (see observation "Crawfish Tandoori Anyone? ")  
The monkeys are behind bars there, (I don't know after Katrina,)  
Rhesus Macques run around amuck in India,  
The monkeys are believed the manifestations of the monkey god Hanuman,  
Bajwa ought not to care,  
For reincarnation awaits him,  
He took The Last Train to Clarksville or other city,  
Or come back as a Valeri,  
The malicious marauding monkey menace made it to the highest court New Delhi,  
The court ordered a resolution to the ongoing problem the city faced,  
Bajwa was an example of the Macques vindication,  
Bajwa was sent a permanent vacation,  
On his way,  
Bajwa was sent on the 21 October 2007, not a Pleasant Valley Sunday.

## Himiko

My observation called The Top,  
which stated "We gaze into the times before we were",  
Now becomes eclipsed with the site of Himiko,  
Himiko was a queen in early Japan, in her day,  
There are many stories about what she was and what she did,  
Somethings real, folk lore, some things odd.  
The discovery of the enigmatic blob,  
-some 12.9 billion light years away,  
--is called Himiko.  
Talking about seeing back in time!  
There are many questions about what it is and how it came to be.  
The cosmic blob contains the mass of 40 billion suns,  
(Don't forget your 100,000,000,000 SBF,  
if you venture to the outer limits of the universe!)  
My Gosh, we caught a glimpse in Genesis,  
We got a glimpse of the hand of God,  
Could we have seen the event horizon where it all began?  
Could've our Milky Way Galaxy,  
-along with millions of others galaxies,  
Been Red-Shifted away from the point of origin?  
We discovered that which was stated, "Let there be Light"  
Hubble knew that there are unknown things in the universe,  
Hawking did well explaining them,  
But we only at the top soil of the understanding,  
While the convection currents of the asthenosphere and dynamics of the crust of earth;  
Lay far from view,  
We can detect it,  
but we not have control of it.  
IT lives, shan't perish.

Move over Himiko,  
For last object known as GRB 090423 has taken your place,  
It merely beat you by .2 billion light years or so,  
As being to oldest object in the universe to date, to be,  
"we gaze into the times before we were", our solar system was,  
---was it--were we?

## His Lowness Jason II the Turd

It gotta' be rough to be a teacher now days.  
So my sympathy goes out to Susan Graham,  
A 58 year old elementary teacher who taught kindergarten in Yakima, Washington.  
She taught a lot of kids throughout the years; but this she wouldn't 'handle' anymore,  
She found a piece of one of her students on the floor.  
She picked it up and she sent his turd, in a paper towel, with him home, on the bus.  
Susan called the father, Jason, at work to if he was aware of his son's accidental  
spillage,  
The father said he was aware and his son's extra-clothes were in his backpack.  
His wife made the putrid discovery,  
Of S\$#T.  
Jason said,  
'She found a clear plastic bag with a piece of fecal matter wrapped up in a brown paper  
towel with the note on it, '  
Did the characters of Sesame Street have to deal with this situation?

The Count say "TWO", "If you should go number TWO, put in the toilet,  
Aw, Aw, Aw, .."

Big Bird says "You must put your droppings on a statue not on a floor."

Cookie Monster says "You make cookie, put in pot."

One blogger wrote, of which I mostly concur,

Rather than keeping the child for detention,

The Blogger writes:

Kudos to this teacher.

The parents are responsible for teaching their child basic hygiene and potty training not  
the school system. Sounds like the parents and the brat (I don't agree about that  
observation) don't believe they have any responsibility or know right from wrong. Give  
this teacher an award for not being politically correct and teaching the parents and the  
brat a lesson.

## Homo Erectus

I thought you were extinct Homo Erectus,  
But I did not find you among the Gay Pride Week,  
Not Jerry Springer or Maury,  
But among the Washington D. C. and Vatican,  
-higher end crust.  
The Senator did tap dance in the stall,  
He was showing off his skills that he learned from Fred Astaire's Dance Studio,  
Or he was about to audition for Riverdance?  
He'd even wear a leprechaun suit if he'd had the chance,  
To the undercover vice, he didn't bare all,  
The Monsignor did his interview on Italian TV,  
For the latter claimed it wasn't a sin to have man on man sex,  
For it was a secret videocam on him that the producers did seek,  
Both were busted, a plausible denial would ensue,  
Both were about to get the boot, their ideals of life through,  
Monsignor Tommaso Stenico and U. S. Senator Larry Craig,  
Craig vowed to fight homosexuality  
Stenico's Church disallows gays from participation,  
According to the Holy See,  
Monsignor Stenico is in limbo,  
Larry Craig is in Hot Water(gate) ,  
But yet the spin doctors will come out and explain it all,  
Why a straight married man and person of the cloth could say,  
"I'm not gay."  
In front of a videocam or in a bathroom stall.

## How the East Was Won

Hold on partner,  
A cowboy is heading Eastward-Ho,  
Not the Ho's in Detroit and Atlantic City,  
Toward east of the Appalachians,  
Not Deliverance or Brokeback Mountain,  
He's invested all of his savings to escape from the news of the world,  
He was intent to find peace of mind,  
He left to world's worries and woes behind,  
He left Oregon bound for North Carolina on horseback,  
Most of us would consider him a quack,  
But some how in some way we emulate him,  
For getting enough balls to go where he wants to go,  
Doing what he wants to do,  
Reminds me of a song by The Fifth Dimension.  
Bill Inham persona is what made this country what it is.  
The society is frequent flyer, highways and by ways,  
Quick to move, traverse a continent within hours not days,  
But Bill has a different idea,  
To slow down, to stop and smell the roses and look at the tumbling tumbleweeds,  
To smell the forest and fields of grain.  
Bill has taught me an important lesson,  
Quicker is not often better,  
Slower is better I reckon.

## Hugs not Slugs

I don't believe it, a hug,  
is the way it's supposed to be,  
The lawyers and politically correct,  
- they made a travesty,  
For Megan Coulter.  
For Middle School of Mascoutah, Illinois,  
there no need for public affection,  
It may result in detention,  
She was giving hugs to her two friends,  
She was bidding them farewell for the coming weekend.  
Sam McGowen, district superintendent, was not to be rebuffed,  
He stated clearly,  
"the penalty is fair and that administrators in the school east of St. Louis  
were following policy in the student handbook."  
Look,  
At what the district is teaching their students.  
The handbook states:  
"Displays of affection should not occur on the school campus at any time.  
It is in poor taste, reflects poor judgment,  
and brings discredit to the school and to the persons involved.'

All You Need Is Love is what the song says,  
Paul and John sang this melody,

Embraces are not illegal touching,  
Mencia says De-De-De.  
PC and lawsuits are to blame,  
-for being human is never going to be same.

Better hugs not slugs.

## **Hula Hoop and Frisbees and Silly String Oh My!**

The last Wham-O co-owner died today,  
Richard Kneer was a partner Arthur "Spud" Melin,  
They launched an empire of fun,  
The toys they manufactured are played by young people today.  
Frisbees and Hula-Hoops you can in any Wal-Mart,  
The sling shots have gotten better,  
But what Wham-O is create fun,  
You could glide on water underneath the summer sun,  
Slip 'n' Slide  
May be Paul Simon had a ride on one.  
For now we have Nintendo's Wii, Sony Playstation,  
So much fun, bathers tossing Frisbees on the beach,  
SuperBalls bouncing so high, higher than you could reach,  
Silly String was getting a bad name from a mother that killed her kid,  
And sprayed the string across the grave,  
That was one lesson didn't have to teach.

## **I Hate the Thought of Hate Crimes**

A crime is a crime no matter how cut it,  
A murder is a murder, a rape is a rape,  
An assault is what it is,  
A crime scene is a crime with the yellow tape.

If the prisons were to be abundant,  
We can then send to jail all are convicted,  
We don't have to pardon anyone out overcrowding and time off for good behavior,  
We must send all the criminals that indicted,  
Guilty as charged that is what should fuel our endeavor.

Are we really up to the cost?  
Are we really up to taxation?  
Are we saying we have lost?  
Are we saying we'll pass another law,  
such as hate crimes,  
without a suitable explanation?

## **I hear you Talking in Your Sleep**

When you close your eyes, And go to sleep  
And it's down to the sound, Of a heartbeat  
I can hear the things, That you're dreamin' about  
When you open up your heart, And the truth comes out..(The Romantics)

Did Wally Polmarczyk sing words the psychologists and psychiatrists write about?  
Did Rich Kowalski provide the base from which this study had emerged?

I think not.

The sleepwalkers and sleep talkers were around long before the Romantic Period.

Some of them even kill,

Majority of them could have taste that is beyond compare.

They can scarf down food without any problem, just have the will.

Friskies salads or Whiskas sandwiches most likely is to be some ones fare.

Some of them,

Continue in their REM.

REM isn't necessarily an alternative rock group,

REM is the area of sleep when the mind is in a somewhat like limbo.

Limbo is not necessarily a Calypso dance by which one has dance under stick.

Limbo is the area between consciousness and unconsciousness.

Sleep Studies have shown, that while we repair our bodies during the night,

Our minds are actively showing their short stories,

Some are pleasant however some of them can cause nightmares with fright.

Some parasomniacs can have their alter egos come out, their new IDS.

IDS is not necessarily Intrusion Detection System.

Did Freud relate dreams to parasomnia?

Are parasomniacs getting off when they arise and become,

The Night of the Living Dead,

Never mind the question,

I will answer when it seems fit,

I don't know the answer now,

I'll have to sleep on it.

## **I just want to be Your Teddy Bear**

Baby let me be, Your lovin' teddy bear  
Put a chain around my neck,  
And lead me anywhere. Oh let me be, Your teddy bear.

Ms. Gillian Gibbons are you nuts?  
Did not a thought go in to your mind that you may die from this?  
Salman Rushdie, Satanic Verses should I say,  
Satanic Verses, was the one responsible,  
For literally picking on the Koran,  
The Jyllands-Posten, the Dutch Newspaper,  
That published twelve cartoons about Mohammed,  
That the Muslims considered reprehensible,  
In Saudi Arabia a rape victim was given 20 lashes and jail time,  
(see observation Whips and Chains)  
There seems to be apparent paradox in the justice solution.  
Ms. Gibbons what kind of a baboon are you?  
Certainly you have read about new "Crusades",  
Or have your eyes seen only blindness?  
This morning on CNN the rioters in Sudan are calling for your execution,  
The children were practicing what they were taught,  
-in Islam there is love and kindness,  
That's why they named the teddy bear Mohammed,  
-so innocent but deadly.  
You weren't born yesterday;  
So how did you make it possible to get in to such predicament?  
The Sudanese are barbaric;  
-they practice slavery and female genital mutilation,  
The Darfur region has been plagued with famine and butchery,  
Is this death wish you had or some meandering dream to gain attention?  
So you think that you can say what you mean in this region?  
It is not Liverpool nor Edinburgh or London,  
You have taught in country that is paradoxical,  
Sociological, economical, pathological enigma,  
You had better get out and for England as soon as you can,  
And leave the idea of naming anything Mohammed,  
For fear being from any school, forever banned.

**I'll be Home For..... Hanukkah, Human Rights Day, winter break, the Islamic holy day Eid al-Adha, first day of winter and Kwanzaa**

Little did they in Spokane know that in December, there is a Christmas,  
Lauren Caitlin Upton must have gone to the state of Washington,  
(see observation which has Upton in its title to find what she said)  
She going west not east to get home,  
If she had a map then she could not miss,  
Because I firmly believe that she or her kin,  
Had made the newsletter informing the parents of Hutton School,  
That the holidays, the aforementioned in the title,  
Were the ones that were notated,  
If you had believed in Koran, Torah, Amnesty International,  
Some African American Holiday that was formed 1968,  
You were politically correct,  
In you believed in the New Testament, forget that date.  
By the way Upton responded the question that was posed to her,  
By the way the Spokane School district handled the December newsletter,  
We are dumbing down America,  
We are in a lot of trouble,  
We are getting worse not better.

## **I'll Have A Sub Way**

Was this a terrorist deed?  
Was this the KGB?  
Impossible.  
It was one of our own,  
in the NAVY.

Commander Michael Portland of the USS Hampton was relieved of his duty,  
For falsifying documents on the up keep of nuclear reactor on board.

Nimitz would be rolling in his grave,  
The commander failure to upkeep the proper of function of the water pumps,  
Could render the reactor to a critical mass,  
-overheat and create unchecked radio-activity.  
His wasn't derelict with his duty,  
-this was insanity.

If not unchecked, him and his crew would go an endless Voyage to the Bottom of Sea.  
It's good that the crew did not go Davy Jones' Locker,  
As did the submarine, SSN-593 called the Thresher.

## **I'll Take a Super-size**

What was he thinking?  
Joe Cullen, the offensive assistant coach for the Detroit Lions,  
Did do very offensive,  
He took a trip to Wendy's;  
Donning not a bit of clothing to cover his loins,  
He was undoubtedly drunk,  
His brain was sinking,  
Into to wallows of inebriation,  
He bought a value meal,  
He had not thought he might be pensive  
I wonder why this is the reason  
Why the Lion's have reached a Super Bowl yet,  
With Ford at the helm,  
Hiring people like this,  
Lest we not forget,  
Lest we should fear,  
About losing another season,  
The Detroit Lion's motto,

## **I'm Henry the Eighth I am, I am**

Henry VIII did want to play the Vatican's game,  
He wanted to have a son, before the killing had begun,  
He wanted to divorce his wife at least receive an annulment from the church,  
He excommunicated himself from Rome and thus became the head of church.  
Henry formed the Anglican Church,  
-later to be affiliated with the Episcopalian Church,  
It wasn't dogma, it was not the interpretation of the Bible,  
-and it was purely political.  
So what is your excuse to try to let Islamic law be infused with the Magna Carta,  
The Most Reverent Rowan Williams, Archbishop of Canterbury?  
Is this some political joke taken from Rowan and Martin's Laugh-In?  
This view is not shared by the head of the Anglican Church,  
Queen Elizabeth II,  
Not this view promoted by the Britain's Prime Minister Gordon Brown,  
Or the House of Commons,  
Or the House of Lords, that may be leaping.  
Henry should be rolling--  
In his grave,  
After all the house of Tudor and through the House of Windsor,  
Brought on the empire that the sun would never set,  
The hens are coming home to roost after centuries of colonization,  
The United Kingdom was entrenched with Arabic countries and their Royalty.  
The reason that Islamists found its hold in your land is because they felt entitled to do  
so,  
There is nothing for free.  
But there are lines that are drawn in the sand,  
Rowan, I'd like you to venture somewhere in the Middle East,  
And promote British Common Law and Christianity,  
I would bet that you would be maimed or killed on the road to Damascus.  
Let's try to have tolerance but not ignorance,  
God help us.

## **I'd Like to HumpYou**

Mazayin Dhafra Camel Festival in Abu Dhabi is where the festivities began,  
On April 2, to last 11 days,  
Not a Victoria's Secret or Miss Universe pageant,  
The camels were paraded from many countries to celebrate the culture of the Bedouin.  
The winners were there and sent losers home in defeat.

The festival also included a camel beauty contest, where thousands of owners  
strutted their animals in a bid for the top prize of finest overall camel and separate  
categories such as best neck, head, lips, nose, hump, legs or feet.

The Best in Show, was a camel that fetched \$2.7 million dollars,  
That is about 400 filled up gasoline tanks in the future,  
Sheik Hamdan bin Mohammed bin Rashid al-Maktoum,  
The Prince of the Dubai,  
Shoveled out his money for the female dromedary,

In your tea one lump or two?

In all 17,000 camels were entered into the beauty show.  
How many harems would \$2.7 million (or 1.8 million Euros) buy in Dubai?  
"I'd walk a mile for a camel" is only an expression that is outdated.  
But for the Prince of Dubai, he seems to have been elated.

## **If It Walks, Acts, Cracks, Like Duck.....**

Marion Barry wants to have an apology,  
For the term he was garnered by a videotape by feds,  
Barry had also spent time in jail for the reason he lit up,  
A music critic, Tim Page,  
For The Washington Post,  
saw his office e-mail release,  
But then spoke the truth about Barry,  
This was enough for this Pulitzer Prize winning sage.  
Apparently everyone in the Belt Way has to know about Barry's success,  
Even though the point of political duress,

For you say a political smoking crack and hanging around hookers,  
If you are white, (Euro-American) -so what's the big deal?  
If black, (Afro-American) you are prejudiced beyond prejudice standards.  
In essence Marion hasn't learned, about why,  
This claim to fame has not eluded him,  
Because Marion when are a politician,  
- you are always in the public eye.  
Marion has called for an official apology from the newspaper  
And for the firing of Page,  
Marion did not consider a liable suit because he has not,  
Marion will be voted a congressman again and again,  
But in the politically correct world for a split second Tim Page forgot.

## **I'll Keep an Eye for You**

Stephen Chang, a commodities broker in Manhattan,  
Was viciously attacked by a heel,  
Not ordinary heel but by a stiletto heel,  
Donned by a lap dancer, on her feet.  
With nothing more to bare.  
He wouldn't care a bit but these times are troubling on Wall Street,  
He could be unemployed tomorrow in some kind of take over deal.  
The gentleman plopped a few hundred dollars in the Hot Lap Dance Club.  
Pocket change as far as New York goes,  
It comes and it goes again,  
After all the ex-governor plopped \$4,400 for An Emperor's Club escort,

While a senator's husband dropped \$150 for the same action in Michigan.

The cost of living is high in New York City, where Manhattan is the hub.  
With Bear Stearns and the dropping dollar he did catch a lap dance,  
As by some chance,  
The nude gal with her legs ablaze to Stephen Chang into a maze,  
Of Flesh and most likely silicon and French nails,  
Stephen Chang was in a daze,  
But at an inopportune time he found a heel before his eye,  
What had happened is that the woman whirled around his seat,  
Not knowing the dimensional perimeter she had to make,  
To make sure his view was a treat,  
Lo and behold she had almost blinded him in one eye; she said "I'm sorry, " with a  
sigh,  
Of relief.

But Chang was out to file a lawsuit because he was attacked by lap dancer.  
The lawsuit probably will get settled out of court,  
I'll bet when he goes to these bars or clubs,  
He will look at the dancers from a more distant view,  
Rather getting into a lawsuit for the loss of sight in an eye,  
And a dancer saying "I keep an eye out for you."

## Imagine

Imagine there's no lawyers  
It's easy if you try  
No courts below us  
Above us only sky  
Imagine all the people  
Living for today...

Yoko Ono objected to Ben Stein's movie "Expelled",  
She claimed copyright infringement,  
She's been irritated by the internet saying that she  
sold out.  
She is suing Ben Stein's movie producers,  
Some how methinks that the lawyers will be doing,  
"Twist and Shout"

Imagine there's no movies  
It isn't hard to do  
Nothing to promote for  
And no evolution too  
Imagine all the people  
Living life in peace...  
You may say I'm a schemer  
But I'm not the only one  
I hope someday Ben will join us  
And the world will be as one

Imagine no anti-Darwin  
I wonder if you can  
No need for the Lord  
A brotherhood of man  
Imagine all the people  
Sharing all the world... (not the song)  
You may say I'm a schemer  
But I'm not the only one  
I hope someday Ben will join us  
And the world will live as one

## **In Heaven there is No Beer, That's Why We Drink It Here**

In Heaven there is no beer  
That's why we drink it here  
And When we're gone from here  
All our friends will be drinking all our beer  
In Heaven there is no beer  
Let's stay and Drink it here  
And When our friends aren't here  
We will be drinking all their beer

I have been at a number of palaces worldwide,  
From Fontainbleu to Versailles,  
From the Dodge Mansion at Meadowbrook  
to the Grosse Pointe Ford Estate,  
From gilded aged homes in Newport in Rhode Island state.  
Which were on Bellevue,  
which if you by chance go there, you shouldn't miss you go through,  
I even had been through the Doge Palace in Venice.  
But the domicile that was on the web today is quite unique.  
For it was covered with flattened empty cans of beer;  
Somewhere in Texas here,  
Houston as a matter of fact.  
John Malkovich, ugh-, Milkosovich;  
finished his castle with outdoor décor.  
More than 50,000 cans of beer or more,  
He did recycle in more ways than one,  
After it was done,  
He must have figured that the beer cans would make cheap siding,

But \$400,000 and 7 years after it was sold,  
The public can go through it, barring the use of metal detectors,  
Alcohol will be not consumed on its premises,  
They would ask for donations as you exit,  
No Deposit, No Return policy would be in effect.

## Is Dothan, Alabama the Promised Land?

"I reckon thar be whole bunch of Jews would be fixin' to get the 50K",  
That could be what I can possibly hear in Dothan,  
Dothan wants to gets more Jews,  
so City of Dothan is offering \$50,000.00 each family,  
(Tevye would jump at the task at hand,  
He could have bunch of Ffiddler's on his barn roof!)  
Not for Bounty!  
Like some KKK member would ask.  
Maybe for the Jews that lost their money with Madoff  
They like to consider this proposition,  
-moving would be a task,  
But the Jews moved for 5,000 years or so,  
Boca Raton, West Palm Beach is hop,  
-skip, and jump from Dothan.  
Who knows what is to be unfurled?  
Dothan isn't exactly a hot spot for Jews:  
'The town is smack in the middle of the Bible Belt and calls itself the Peanut Capital of  
the World.'  
What an integration.  
Are peanuts Kosher?

It seems as though Dothan's only synagogue,  
Temple Emanu-El,  
is running low,  
On congregation,  
It is liable to become a Baptist church like the Synagogues  
and Catholic Churches have done in Detroit and other cities as well.

Star of David which is the building that was B'Nai Moshe that later became St. Paul  
A.M.E. Zion Church  
The Rabbi fears,

With one new family already in the fold, and hundreds of others expressing interest,  
the goal is to bring as many as 19 more Jewish families to this mostly Christian town of  
58,000 in rural southeast Alabama over the next five years.

Shalom all y'all.

## Is that a Full House or a Royal Flush?

Sim Jae- Duck out did the US government and Joyce Meyers.  
But to be fair he put out \$1.6 million,  
For a house that it shaped like a commode.  
The US government paid \$640 for a toilet seat in 1980's,  
And the tele-evangelist, Joyce Meyers,  
Paid \$23,000 for a real commode.  
Sim's 419 square meter home was a steal,  
If you will,  
Compared to 1/4 square meter, approximatly, to one toilet seat,  
Or a 1 1/2 square meter commode.  
The price Sim paid could not be beat.  
I often refer to the bathroom as my "library".  
Where I often read a periodical or the news.  
Sim has named the building Haewooja:  
'a place of sanctuary where one can solve one's worries'.  
Problems if you are constipated?  
Does Joyce read the Bible when she sits on the throne?  
Did Jesus Juice make her inebriated?  
The US taxpayers get stuck in the rear so to speak.  
Expo had never featured a 23k anything,  
Donald, Bill, a toilet, that is Joyce's, they would not own.  
Sim's surround sound features music,  
"bladder-relaxing music".  
In you do number 1 or 2,  
It really doesn't matter,  
But if you do, do it in Joyce's commode,  
Within heaven's gate you will abode.

## Islamabad (dedicated to the Memory of Benazir Bhutto)

Non-duly elected President Pervez Musharraf of Pakistan,  
Suspended the country's constitution five days ago,  
He donned his military suit instead the secular suit worn by a man,  
And established Marshal Law,  
He threw lawyers in jail; he threw all protesters in jail,  
Banished news publications, threw out CNN, discontinued radio broadcasts,  
President George Bush, who went to war against Saddam Hussein,  
For the same reasons plus some,  
Considers Musharraf to be his ally on terror.  
When Benazir Bhutto from London came back to Pakistan,  
Attacks came to her from terrorists, (or did they?)  
They failed to kill her as they had planned, But Musharraf caught whiff  
Of her plan to protest, He put her under house arrest,  
She could divide the country and Taliban would seize the moment,  
For a house divided falls, that is what Jesus said and later quoted by Abraham.  
Al-Qaida would eventually have control of a hundred or so nukes,  
That would be a problem,  
For what happened on September eleventh two thousand one,  
Would not compare to death and destruction that it potentially is at hand,  
President Musharraf, a dictator, a totalitarian, a Stalin,  
Is the current leader of Pakistan.

(Amended 12-27-2007)

Benazir Bhutto was assassinated today, as my wife and I viewed NBC's TODAY,  
Musharraf's guards were guard to protect her, not likely,  
If it should come out the Musharraf is behind the death of Bhutto,  
Then Pakistan will be in turmoil because of civil war, factions versus factions,  
Religious and political. Bhutto before her death in an email that she sent to her  
confidant,  
Exposing Musharraf as being some how involved with her demise,  
After all he put in house arrest, there are not apparent contradictions.

Nuclear weapons are in the mix, --Kashmir Province, and India,  
Muslims and Hindus, may be involved nuclear exchanges, with world a horror reaction.  
The Bhutto supporters have discounted the official statements,  
Regarding Bhutto's assassination.

Her head bumping, causing her death, in the car was not palatable to them,  
More convincing is the video that has surfaced with a man firing a gun,  
Like The Day of the Jackal, like a contracted assassin, with shots numbered three  
Then blowing himself up later in order to have DNA scattered throughout the street.

Little did I know that the USA did support the general, Mohammad Zia ul-Haq,  
That did execute, Z.A. Bhutto, her father,  
Was the USA like the Taliban, more or less to be exchanged for one another?  
One and half score years later or earlier?  
This observation is still in progress because the fat lady as of yet hadn't sung.  
Musharraf's government had spurned the idea of investigating Bhutto's death,  
Pakistan and America and India would hold bated breath.

(amended 2-9-2008)

Her assassination is similar to the Kennedy's, Jack and Rob.  
Jack was killed in a motor car; Rob was killed after a speech.  
Rob assassin was Sirhan Sirhan, unlike Benazir assassin would be blown to bits,  
But I forgot she wasn't shot, she bumped her head,  
No further inquisition needed, their pleas-  
wouldn't be heard through any avail.

PLEASE-

Oswald was a lone assassin, the single pristine bullet, no correlation to the mob,  
Even though the mob was not happy with either one, through the countless never  
ending

Congressional Sub-Committee regarding the mafia, to put the capos in jail.

No correlation to Musharraf, although he attempted to silence her by arresting her,  
Musharraf silenced her, all right, but not her message.

The message is carried by her husband and son,  
They will win their parties support, but what is Musharraf to do?  
He cannot kill all of them; he can imprison them all,  
If he does he shows his true colors, like a Bengalese Tiger,  
He cuts them down big or small.

Now there is a delay,  
For the free elections, that I heard today,  
I wonder that elections will ever happen at all,  
I am an American with no Pakistani blood,  
But I'm concerned that this event will have altered history.

Just as the Archduke Ferdinand death in Sarajevo,  
Likewise the assassination of Benazir Bhutto.  
There is new video of the "bump on the head" that caused her death,  
A gun that fired three times, three times that caused her to take her last breath.

Her son assumes chairmanship of Bhutto's party, but he has to finish school,  
But in the interim her widowed husband, Asif Ali Zardari, is the power now.  
The parties promise they will continue to press on for free elections.  
What now Georgey, has Musharraf been a good ol' boy.  
What now is the strategy for counter-terrorism or are to proceed in a direction?  
Now the lame duck president has a plea from democracy from the other part of the  
globe:

Zardari also called on the U.S. government to push for an international probe  
. 'I want them to help me find out who killed my wife, the mother of my children, '  
He said of the Bush administration.

George you owe to your legacy, do the right thing, take action.  
The Pakistani government is now backtracking from the final explanation,

Of the Bhutto's death.

Who had passed the buck, or in this case rupee, instead?

'I was just narrating the facts, you know, and nothing less nothing more, ' Cheema  
said.

"I was just following orders, you know, and nothing less nothing more" said Eichmann.

(amended 2-10-2008)

Scotland Yard has entered the picture, could the FBI be not far behind?  
Musharrah did not recant his officials' statements,  
But later he admitted that Bhutto may has been shot,  
The election did not happen on January 7th 2008,  
The White House has been relatively quiet,  
Not holding Musharraf's toes to the fire,  
Iran has been pestering the US Navy in the Strait of Hormuz,  
The primaries are on the news, Benazir Bhutto WHO?  
The news has been around Britany Spears a lot more Benazir,  
Why isn't Georgey send the FBI to secure the findings of assassination,  
Could it be "Don't ask, don't tell",  
The events surrounding the assassination are ever present,  
Political opposition bombers bomb themselves up to protest the government.  
Political dissension accompanied by sociological dissent;  
Makes a brew riddled with gaseous state about to blow, such an armament.

Today they've arrested two,  
For the conspiracy to kill Bhutto,  
The Shiite boy whom the Sunnis love to hate,  
Is as of yet unidentified, his story, for others to collaborate.

The Shiite Militia has said there is no way to be linked to assassination,  
Brings back to memory of Lee Harvey Oswald,  
Forget that he said I'm only a patsy to the mourning nation,  
To be silenced by Jack "Ruby" Rubenstein, who had no mob affiliation.

Is the patsy now the boy? Did Musharraf find his way out?  
I take the wager if you bet.  
Who knows now.  
This is by far, isn't over yet.

Bhutto claimed that was in the scope of assassination groups,  
Once these groups was led by Osama bin Laden son, Hamza,  
Hamza is to be Osama successor, the Taliban premier,  
So this has shed a light, though a dark one,  
On Pakistan cooperation on terrorist activity.

Now The New Scotland Yard's finding the blast killed Bhutto,  
"Many Pakistanis reacted to the government finding in Bhutto's death with skepticism  
since the bomb site was hosed down within hours of the attack and the conclusions  
were announced with haste."  
Is that Waco they were talking about?  
But now explain her head violently shaken, likes Jack's, before the blast,  
Her white scarf going to and through,  
But no where a grassy knoll,  
After there were shots fired,  
It seems to perplexing that the powers that be,  
Find so convincingly, dead men tell not a tale,  
To have a reason not to upset people and caused social unrest.  
So is the government finding of no avail.  
Like the Warren Commission concerning President Kennedy assassination,

It was the final say what happened that day.  
'We disagree with the finding on the cause of the death, ' said Sherry Rehman,  
spokeswoman for the Pakistan Peoples Party, who escorted Bhutto to hospital after the  
Dec.27 attack. 'She died from a bullet injury. This was and is our position.'  
The free election did not occur,  
And the USA killed a high person in al-Qaida,  
With a predator, all within Pakistan's territory,  
Bhutto's assassination is now history.  
Bhutto's assassination may have struck a nerve that could lead to chronic anarchism,  
It is the right condition to have Musharraf forming a military Junta,  
I know perhaps I'm mixing semantics,  
But the situation is called for political antics  
Asif Ali Zardari, Bhutto's widower,  
Is calling for what she wanted more than life.

Thirty-seven more dead, ninety wounded,  
It was massacre, not the type that was in Boston or Kent State,  
Next Tuesday, February 19th is supposed to be the parliamentary as promised,  
But not without further bloodshed some more met Bhutto's fate.

The suicide bomber could not find drive up window,  
So he 'rammed his explosive-laden car into the election office.'  
I hope that Hillary doesn't go after Barack this way.  
A civil debate would suffice.

I bet Musharraf is playing field, he has the Tabilan in check,  
He has the opposition party in a shamble,  
He has the USA by the ass, with Bush, in a strategic squeeze,  
If lucky he wins with military coupe de etat, if he loses, his life is the gamble.

Musharraf has embraced to kind of anarchy  
For he justifies his authority,  
Until the US government steps end or he's cut from power,  
And US rescind billions and billions of dollars,  
And for military aid to renege.

"On Friday, Sen. Joseph Biden, a Delaware Democrat who heads the Senate Foreign  
Relations Committee, said the United States should consider cutting off military aid to  
Pakistan if the elections are rigged."

(amended 2-16-2008)

On Sundays News in Dallas, the front page included a story,  
About the Kennedy assassination that involved Oswald with Ruby.  
It is still batted around like some forgotten movie script,  
Almost 45 years later, there is no end to it,  
So in 2053 will we able to know if Musharraf was responsible for Bhutto's demise?  
To me, as well as the opposition camp, there is no surprise.

(amended 2-18-2008)

Musharraf's party is no longer,

He'll cry if wants to, he'll cry if he wants to,  
Just like Paris, the opposition, like 50 cent,  
Said "Get off our F%^\$&\*in' stage".  
(see Observation It's My Party)

ISLAMABAD, Pakistan (Feb.19) - Pakistan's ruling party conceded defeat Tuesday after opposition parties routed allies of President Pervez Musharraf in parliamentary elections that could threaten the rule of America's close ally in the war on terror.

Former Prime Minister Nawaz Sharif, who was ousted in Musharraf's 1999 coup, suggested that the Pakistani president should listen to the 'verdict' of the people in the Monday balloting and step down.

(amended 2-20-2008)

Qari Saifullah Akhtar is most likely planned her demise,  
He is a Taliban associate of Bin Laden,  
It comes at no surprise for the extremists wanted create anarchy,  
So there theocracy will come in.  
Malak Bakht Baidar, was assassinated on January 13th,  
He was moderate Islam, Bhutto was moderate Islam,  
They are both dead,  
Musharraf has collected billions dollars in US aid to fight terrorism,  
Instead he placated them, he conned the US thinking he was fighting the Taliban,  
For at least two years he gave the Taliban the Northwest corner of Pakistan.  
Swat, Pakistan is going to be rid of Taliban once Obama gets in to power.  
He'll use S.W.A.T. for insurgencies of Swat.  
Yousaf Raza Gilani is Pakistan's new prime minister,  
A Bhutto loyalist, he thrust into the spotlight as Benazir's understudy,

'It is because of the martyrdom of Benazir Bhutto that democracy  
is being restored. It is a historic event, ' Gilani told the assembly.

(amended 3-24-2008)

Musharraf is going to call it quits,  
But I'm not sure he is out the picture yet.  
He will get some power of authority if the situation fits,  
His long legacy the Pakastini people will soon not forget.

(amended 8-18-08)

Pakistan did ban the Taliban,  
The new government took on the northwest province,  
Which is situated on the border of Afghanistan.  
Musharraf could have done the same,  
The USA is partly to blame.

(Amended 8-25-08)

Now before Ramadan (Sept.2 – Oct.1 in 2008) is supposed to begin,  
The Civil War is festering within Pakistan,

Al-Qaeda is roaming throughout the northwest,  
Between where they live and Afghanistan,  
The government is useless to control them,  
Even at their best.

Today, a sniper attack upon Yousuf Raza Gilani's limousine,  
A Mercedes in fact not coincidental,  
JFK open limo was not Mercedes-Benz,  
But a Ford Lincoln Continental.  
Gilani was even in his limo when it was hit,  
It could've been a deadly scene,  
Insanity runs amuck if you will,  
Like JFK head exploding on to Jackie's arms,  
Like Benazir's body cascading down to the moon roof,  
She intended to do no harm, but some vilified her,  
For God's sake the Pope was shot in his open Pope Mobile  
What a Shocker! ! !

(Amended 9-3-08)

Asif Ali Zadari was elected new president  
We will do the same in November,  
Benazir's legacy lives on vicariously through her widowed husband,  
She will be remembered,  
As far as limos go, for those that will be open and open moon roofs,  
They are a bad idea, an assassination just waiting to happen.

Frank Keys, Jr. is not a toddler.  
Frank Keys, Jr. is not an astronaut involved with a love triangle.  
(see observation Lust in Space)

Wearever™ he goes he will be haunted by night for driving erratically.  
After he was stopped by the police and patted down,

If he is convicted of trafficking 257 grams of heroin,  
Then he will receive the maximum in prison where he should receive MaxiCare.  
He will blame on Hurricane Katrina most likely; never blame himself for a fault within.  
By the way Frank did you use some of that FEMA money to support your habit?  
Or get into the entrepreneur business of dealing drugs?  
Did you ever figure what would be the consequence?  
At least the heroin can be recycled for it was on the outside of your body cavity.  
For if it had been, it would give a new meaning of adult incontinence.

## It was Mayhem in Jerusalem

Howard Cosell, boy, did he miss the find to begin all fights,  
You heard of the Thrilla' in Manila and Rumble in the Jungle,  
But have you heard of the Mayhem in Jerusalem?  
In the right corner wearing a pink and red robe was they Armenian Monk,  
In the left corner wearing black all over was the Greek Orthodox Monk.  
Who had the right? The Puerto Rican Sharks or the American Jets,  
Christianity had one of its man tests,  
Clearly not Jews or Muslims,  
The monks would both brawl, they would both trigger a riot, they would incite.  
Good there would not be Jerusalems.  
The Greeks objected to the march without one of their monks present, fearing that  
otherwise, the procession would subvert their own claim to the Edicule — the ancient  
structure built on what is believed to be the tomb of Jesus — and give the Armenians a  
claim to the site.  
The Armenians refused, and when they tried to march the Greek Orthodox monks  
blocked their way, sparking the brawl.  
And that's not all,  
So such a shame, Paul would say, this is not Shaloms; Non Pacems;  
it is not peace,  
A bearded Armenian monk in a red-and-pink robe and a black-clad Greek Orthodox  
monk with a bloody gash on his forehead were both taken away in handcuffs after  
scuffling with dozens of riot police.  
Could it be Armageddon? It is impossible to believe that.  
Could it be to they the Archangel Michael would shout?  
After the brawl, the church was crowded with Israeli riot police holding assault rifles,  
standing beside Golgotha, where Jesus is believed to have been crucified, and the long  
smooth stone marking the place where tradition holds his body was laid out.  
Paul in the letters to the Corinthians laid it pretty straight,  
But these churches did not get it, though it is 2008.  
Who won the bout?  
Neither monk of many, whether they had been inside the sepulcher or out.  
Neither letters to the churches of Paul or David's Psalms, which were a many song,  
It wasn't a detective story that featured an Adrian Monk,  
(Christ's teachings of love was not admissible here, it had been lost.)  
Nor it was free form jazz fusion trio under Thelonius Monk,  
(Although the fusion free form, in my understanding is form a musical mayhem or  
chaos)  
This reflected a catastrophe beyond that of belief,  
In the famous words the impromptu prophet King David-check that, - Rodney King  
said,  
"People, I just to say, you know, can we all get along? "

### **It's 3 A.M., (Wednesday Morning) The Phone is Ringing**

I can hear the soft breathing, Of the girl that I love,  
As she lies here beside me, Asleep with the night,  
And her hair, in a fine mist, Floats on my pillow,  
Reflecting the glow, Of the winter moonlight.  
Paul Simon

I hope to God it ain't Hillary.  
The little girl who had been featured in 3 AM ad, who is all grown up now,  
Supports Barack Obama,  
and she doesn't want Hillary to answer the phone either.  
You see Hillary and Bill are of the same ilk, working the same attack,  
Whether it has been Bill lying to a judge,  
or Hillary lying about her record,  
Hillary did not care to peruse the pre-intelligence in Iraq,  
She is running scared politically,  
She is delusional at this time;  
Judy said "She is very optimistic." (with tongue in cheek)  
She in second place and Bill is espousing Barack to sit in passenger seat,  
As Hillary takes the wheel,  
'Driving Mr. Barack' that would be good movie title.  
Hillary has been pounding the idea that Barack is not experienced enough to handle  
international affairs,  
not extramarital affairs.  
But Hillary and Bill would put that inexperience aside,  
If Barack would assume the VP status on the ticket  
Hugh?  
She is about to lose Mississippi today.  
(she did by the way, I was side tracked by Spitzer's case)  
Geraldine Ferraro, remember her? ,  
- stepped the attack upon Barack in frightful way,

('If Obama was a white man, he would not be in this position, ' Geraldine Ferraro told  
the Daily Breeze of Torrance, Calif., in an interview published last Friday. 'And if he was  
a woman (of any color) he would not be in this position. He happens to be very lucky  
to be who he is. And the country is caught up in the concept.')

What a racial thing to say. And Sexist too!  
She just mad this rivalry is not about her,  
her campaign with Walter Mondale was inept.  
Ferraro resigned from her campaign fund raiser post,  
Keith Olbermann said that not enough.  
Keith says,  
and I agreed most heartedly,  
That the divisional sections that pouring out of Democratic Party,  
Is going to lead to her defeat.  
For Hillary it is starting to get bleak.  
Hillary has been distancing herself from Geraldine Ferraro's comments,  
She appealing to Black voters,  
she has apologized to the community,  
Geraldine did throw her curve,  
And it is said to be "she certainly has her work cut out for her."

**It's a Balmier Day in the Neighborhood (Sung to the theme of 'Mr. Rogers Neighborhood')**

It's a balmier day in this neighborhood,  
A balmier day for a neighbor,  
Is this Chapstick yours or mine?  
Is the Burt Bees yours or mine?

It's a lip smacking day in this beautywood,  
A lip smacking day for a beauty,  
Would your Cherry be mine?  
Could your Berry be mine?

I have always wanted to have a lip balm just like you,  
I've always wanted to live with my lips moist as with you.

So let's make the most of this beautiful day,  
Since we're together, we might as well say,  
Would you be mine?  
Could you be mine?  
Won't you be my lip balm?

Won't you please,  
Won't you please,  
Please won't you be my lip balm?

Spoken: Hi lip balm addicted neighbor, I'm glad we're together again....

## **It's A Bear Market Out There Bear Stearns' Subprime Bath**

Yes, there is a bear market out there,  
At times to have someone pull their hair,  
All this was about greed,  
More money, regardless of consequences, was the seed.  
That made people homeless with despair.

But what is the government doing in this,  
Are we in a free market or is there something I missed,  
Indentured financial slavery by the economic rope,  
For financial freedom beyond, this offers the loaners little hope,  
The banks are your friends with Judas kiss.

The Bear Stearns should go out of business,  
Like others ventured that wound up a mess,  
The US taxpayers shall flip the bill,  
JPMorgan Chase will infuse the bloodline with cash and will,  
Gain control of the bank, not bad, an international bank for about 50% less.  
(see Observation Let the Dominoes Cascade Down into the Abyss)

Fannie and Freddie are non-solvent because of the current economic situation,  
What about "free markets" apparently lost in this conversation,  
The answer is Bail outs, the American tax payer will pay,  
For the disorder that the sub-prime loans of yesterday,  
For us all the economic mood is a cautious perception.  
What we face is delirious

The huge potential liabilities facing each company, as a result of soaring mortgage defaults, could cost taxpayers tens of billions of dollars, but Paulson stressed that the financial impacts if the two companies had been allowed to fail would be far more serious.

## **It's a Croc of Sh\_\_(oe)**

Rubik's Cube, earth shoes, ant farms, they are all the same,  
In one year out the next, public favor for a moment of time,  
Only to suspended in Wall Street Journal's stock limbo,  
Projecting the stock's decline.

Crocs were more than a statement they were ugly,  
When you take a shoe from the Dutch boy, made of plastic,  
Colors only Peter Max would love, and put it through a barrage of gunfire from M-16's  
You have the Croc shoes, --the founders thought it be fantastic.

All until a child wore them, and became stuck in an escalator,  
Rory McDermott had his big toe nail ripped off because of the shoes,  
The company would later says it is not the shoes,  
Have you ever heard a toe nail that was ripped off when the foot would be enclosed,  
In tennis shoe?  
Unfortunately my wife has a pair, which bought by her mom who lives in Colorado,  
Crocs were hatched there,  
Come to think of it, I saw Crocs galore  
In every store,  
On the feet of many,  
Even the George Bush's, (see buzznet web, Crocs with socks, that is so wrong)  
Boy, I wouldn't pay a single penny,  
For them.  
She says that they come in handy,  
To go out on in the yard where the dogs do their thing,  
Crocs, you are made for it,  
To protect my wife's feet from steeping on dog \$#^@.

(11-5-2007)

Alas and Alack the Croc will be heading for Chapter11,  
For some of us that would be heaven,  
For it is a dastardly ugly shoe,  
Who knew?  
It is like tasting bread without leaven.

## **It's a Violation of Penal Code**

Necklacing, that is placing a rubber tire around a person then putting it on fire,  
(I found this when Nelson Mandela was released,  
Soon afterward Winnie and he were divorced,  
And Winnie endorsed it and did allow her supporters of the African National Congress  
to perform necklacing to take place in her name.)  
Has been the end of assumed black magic partakers who stole penii,  
The plural form of the 'word', (a joeism) a one might inquire.  
The said violation is a direct violation of most municipal or at least national penal  
codes,  
You may ask why?  
Kinshasa's police chief, Jean-Dieudonne Oleko,  
Kinshasa is the capitol of the Congo,  
Where more then a few people were dead,  
Being the they hexed some man that shrunk his appenditure,  
Causing it to be miniscule rather impotent in nature,  
'I'm tempted to say it's one huge joke, ' Oleko said.  
Purported victims, 14 of whom were also detained by police,  
claimed that sorcerers simply touched them  
to make their genitals shrink or disappear,  
in what some residents said was an attempt to extort cash  
with the promise of a cure.  
Quite on the contraire, there seems to be social contradiction.  
'It's real. Just yesterday here, there was a man who was a victim.  
We saw. What was left was tiny, ' said 29-year-old Alain Kalala,  
who sells phone credits near a Kinshasa police station.

## **It's like Shooting Fish in a Barrel Called the Ocean (from 200 yards)**

Beaming a Beatle tune, Across the Universe, is a fanciful idea,  
It will take 431 years, at the speed of light, to reach the star of the north,  
Permission was given by all those involved to NASA,  
It will be beamed like satellite television is to today,  
Across the Universe will have to be decoded,  
I wonder aliens have a company called DISH or DIRECT by the way,  
The questions are:

- 1) If you are coordinating the target against you what see it's not there,  
Since the light that you see left the star back in 1577,  
Who knows it will be now or in 2438 for that matter.
- 2) Polaris could exploding right now and we would not know it till 2438,  
For us now living we would be dead or would we?  
(see observation The Top) We can see it from Heaven.  
Carl Sagan wanted to put a CD containing Here Comes the Sun on Voyager,  
He was refused the permission,  
Because the owners of the song,  
Thought it would copyright infringement.  
The CD gold plated was to show pictures on earth, sounds on earth,  
Classical music, various languages,  
A repertoire of ethnomusicological instrumentation,  
Pictures of us earthlings from birth.  
The thought of an alien life force taking the song Here Comes the Sun for their own,  
Was completely unbearable for APPLE, the publishing company,  
Were the aliens a member of ASCAP or BMI?  
But hopefully the intelligent life out there would get something good,  
Besides all the news about Britney Spears.  
(see observation The Ode to TMZ)  
If there is life on the planets surrounding Polaris, they may RSVP,  
We should get their response back 2880, in about 862 years.

## **It's McCain versus Obama Time!**

Now Hillary is out the mix,  
The Founding Fathers had idea back in 1776,  
Emancipation Proclamation the plan Lincoln would have endorsed,  
It coming to a fruition as it ran its course,  
And the founders and members of the Klu Klux Klan,  
Would say "This is UnAmerican",  
King had a dream he had a gift prophecy,  
To bad he didn't live to see,  
But now it's get nasty and dirty,  
The candidates will be pressed to go against one another,  
There will be much blood loss and Donkeys and the Elephants,  
They will not treat each other as a brother.  
McCain has not worked campaign in recent months,  
All the focus was Hillary, Bill, and Barack.  
McCain better put his ideas before the public,  
Oh wait he did, he can see in Iraq for a hundred years,  
He wants to give a break on taxes to Exxon,  
Meanwhile the price at the pump bring many to shock and tears.

## **It's My Party (a parody dedicated to Paris Hilton)**

It's my party and I'll cry if I want to  
Cry if I want to, cry if I want to  
You would cry too if it happened to you

Nobody knows where my 50 cent has gone  
But I danced left and right the same time  
Why was he holding his mike  
When the part is to be mine

It's my party and I'll cry if I want to  
Cry if I want to, cry if I want to  
You would cry too if it happened to you

Then all my 50 Cent Jams kept people dancing all night  
But leave me alone for a while  
'Til 50 cent is dancing with me  
I've got no reason to smile

It's my party and I'll cry if I want to  
Cry if I want to, cry if I want to  
You would cry too if it happened to you

50 cent and his boys just walked thru the door  
Like a King and his page  
Oh what a Super Bowl surprise  
When he said "Get the F%#k off of my stage"

It's my party and I'll cry if I want to  
Cry if I want to, cry if I want to

## **It's Not St. Patty's Day**

Bring out the green beer,  
Let's go to the pub that draws us so near,  
Where we can have corned beef and cabbage,  
And sing the Unicorn Song,  
It's not St. Patty's Day,  
tell me where I went wrong.  
It seems that New York City's Empire State Building has gone green,  
Not for Eire but for Eid-ul-Fitr,  
One can concur,  
That PC is the motive for the occurrence,  
It makes no difference,  
That six years ago plus a little more than a month,  
The twin towers fell down to the ground,  
Now making the Empire State Building again the highest point,  
In Manhattan,  
For Eid-ul-Fitr is the end of Ramadan,  
I, for one,  
-have no recollection of an Imam condemning the actions of a few,  
And I, for one, seem to have my nose out a joint.  
Is it odd for me to say, that the buildings owner,  
The Malkin Group,  
(Malkin is a Jew) ,  
-could celebrate Ramadan as well Channukah?  
The caveman says, "WHAT? "  
De-De-De says Carlos Mencia,  
-the city of New York is a dupe,  
They helped Hillary to run for president.  
Hillary proposed a Palestinian State,  
Charlie Rose was somewhat irate,

("Mahmoud Ahmadinejad is the president of the Islamic Republic of Iran. He is in New York attending the United Nations General Assembly. He is, as you know, a very controversial figure, because he refused to acknowledge the Holocaust, the right of Israel to exist, and also there are accusations of Iran's support for terrorism and his desire for nuclear weapons.")

Maybe the wearin' of the green was for Mahmoud,  
From midtown to the sacred ground zero where once the towers stood.

## **It's Raining Cats and Dogs (there are poodles, - puddles everywhere)**

There is a problem with Puerto Rico,  
There is an animal problem there,  
People are not spaying their dogs and cats, they are killing them,  
The Flying Nun spots the carcasses from the air.

It is inhumane that the animals were tossed from bridges,  
Some drugged but not put out,  
The society looks as though De-De-De,  
They hide their heads in disgust when the word travels the world about.

The 'youths in Asia' would have a feast,  
Cambodia, Laos, China, Korea, Vietnam,  
How discouraging it may feel to see such a waste,  
All that wasted dog tail soup or feline sub-gum.

## **It's Springer Time for Bin Laden and Insurgency**

This time Gerry is going all out,  
Featuring insurgent cross-dressers in Iraq,  
The insurgents have stepped to new low,  
In thinking don't tell, don't ask,  
But Haider al-Bahadli thought different,  
He was going to marry a man,  
He was going to sacrifice himself for Allah's sake,  
He was going to heaven where if he could,  
He was going to meet 72 virgins after he died,  
But he was a man like Lola, Elton John, Dennis Rodman,  
J. Edgar Hoover and Ed Wood.  
But he was not able to Take a Walk on the Wild Side  
But would a virgin,  
Let alone 72,  
Take a cross-dresser for her mate?  
But alas,  
For the US military would have his fate.

## **It's a Mad(off) , Mad(off) , Mad(off) , Mad(off) World**

What a "schmucky putz" this Bernard is.

He "jewed" so many investors and banker across to globe for all their money to be his.  
Adolph Hitler blamed the Jewish bankers for the fall of Deutsche Mark after WW One,  
Hitler considered the Jews pigs, although he was a quarter pig himself,  
When the Third Reich was done,  
There were six million Jews that died mostly in Concentration Camps,  
All but for a few,  
Nobel Laureate Peace Prize Elie Weisel and I would tell you this is true,  
For Elie was a survivor of Buchenwald in 1945,  
(I visited Oswiecim, Poland, which was renamed Auschwitz by Hitler's Germany)  
Only this time his foundation, The Elie Weisel Foundation for Humanity,  
Might not be alive.

Shakespeare stated in his Merchant of Venice,  
For the 'new' villain on the 'block' was a Shylock himself,

What a "schmucky putz" Bernard is.

In terms of billions of dollars 'lost'  
Investors in the countries of the USA(11.5) , Spain(3.7) ,  
United Kingdom (2.0) , Switzerland(1.5) , Belgium(1.5)  
In terms of millions of dollars 'lost'  
France(629) , Japan(441) , Italy(103) , Israel(23) , China(15) , Sweden(7) ,  
And at what cost?  
Huge.

Ask the family of Rene-Thierry Magon de la Villehuchet, who had committed suicide,  
When he was duped into the scheme of greed,

What a "schmucky putz" Bernard is.

From NASDAQ's throne to Yeshiva University's board, (he was the treasurer)  
All the charisma, all the connections, that Hitler would envy, is that not a  
contradiction?  
As far global economic domination? Does it beg one question?  
In the final analysis, what penance should the Mammonish Bernard receive?  
What kind of punishment would God wield?  
According to Jewish tradition, the last question people are asked when they meet God  
after dying is, "Did you hope for redemption?"  
Rabbi Wolpe said he did not believe Mr. Madoff could ever make amends.

"It is not possible for him to atone for all the damage he did, and I don't even think  
that there is a punishment that is commensurate with the crime, for the wreckage of  
lives that he's left behind," Rabbi Wolpe said. "The only thing he could do, for the rest  
of his life, is work for redemption that he would never achieve."

Yom Kippur's for beyond life, no Mazeltovs for Madoff,  
An ending non-atonement from above,  
From the Jewish lady in Deerfield Beach, Bette Greenfield,  
And Marvin and Beverly Hoffman in Royal Palm Beach,  
And Larry Leif who had 8 million dollars on December 10th,

He was broke on the following day,  
They had of all their investments with Madoff,  
To the likes of Steven Spielberg who had produced Schindler's List,  
I bet they would think again about Madoff's Ponzii scheme with Molotov Cocktail twist.  
How do you lose \$50,000,000,000.00?  
I can see a \$350,000 that fell out of 'Smiler' Grogan (Jimmy Durante's) hand  
Before he kicked the bucket.  
It was a scene from the movie,  
to track down missing money, quite sure there has to be something.  
It's not case however it is not movie; if I were them then I surely would be pissed.  
Madoff was a wolf in sheep's clothing.

What a "schmucky putz" Bernard is.  
The Barbie Doll is turning fifty years old this year,  
An Aussie made a Madoff doll in which can torture and main,  
It ought to release some of the rage people have been living in,  
I doubt the doll will outlast the legacy of Madoff's scheme.

Bernie has had his day in court,  
He pled guilty to all eleven charges that were levied against him,  
\$65,000,000,000 ---was lost?  
What is the human cost?  
His penthouse suite in Midtown Manhattan he will see no more,  
But next is his wife, Ruth, who was Bernie's accountant,  
His brother, and his son whose when it finish when it's done.

I viewed the History Channel's Battle BC a few days ago,  
I have feeling that David's rise to King was taken literally by Madoff,  
David rise was of a Machiavellian Style, where the end justifies the means,  
They were both traitors to their people,  
David aligned himself with Philistines and Madoff aligned himself with greed,  
All to injure the people that begat them,  
David was unscrupulous; Madoff was too,  
David had no honor, Madoff had no honor too,  
David coveted his neighbor's goods, being the king after Saul had been  
- eliminated,  
Madoff coveted his neighbor's money.  
David was responsible for committing raids in Judea,  
To pillage their fortune and bring to the Philistines.  
Madoff was responsible for raiding, misleading, mostly Jewish bank accounts,  
David hired a bunch of misfits, mercenaries, to accomplish his goal,  
Madoff hired a bunch of accountants,  
-- for he couldn't possibly have done this Ponzi scheme, alone.  
Yep, David could have been a Madoff had it been later.

What a 'smucky putz Bernard Madoof is'

## **It's a Zoo Out There (economically speaking)**

Wall St., Main Street, and now the Zoo?  
Could it be that the Bronx Zoo, a kind of an ark, ran aground,  
Was Madoff at the helm not Noah?  
People are being evicted, People are losing jobs,  
Now animals are being evicted?  
How does one evict an animal such as a dourocoulis?  
Arabian Oryx?  
Blesbok?  
They not adoptable by urban standards.  
What if Noah said "I can't afford to feed these animals, throw them over board? "  
The Bronx Zoo is forced to evict some species,  
In fact, the zoo's whole Rare Animal Range will soon go,  
as will foxes, deer, and the guanaco,  
(a relative to the llama)  
But where are they going to place them? In foster zoos?  
GM is sticking by their Impalas, (down-sized but they still here,)  
Mercury had its Lynx's  
(not a studio technology company)  
And it's Cougars,  
(not middle aged women getting their timing belts adjusted,)  
And Dodge had its Colts, (not made in Indianapolis,)  
And the Jaguars went 'Tata'.  
But 'da'noive'\* of the zoo, Lucky for me,  
My wife, Judy, and I are far away from the Bronx Zoo,  
Otherwise she would take all the 'critters' away,  
She's a kind of Elly May Clampett in her own way.

## **It's not the Economy Stupid!**

Ervin Lupoe blamed it all on the economy,  
He executed his wife, 3 daughters and 2 sons,  
Before he committed suicide.  
He was obviously a troubled man;  
he placed importance on the dollar,  
Above all else;  
above everybody,  
He was troubled beyond what he wrote in his letter,  
He was facing a mid-life crisis with his job loss,  
His wife had lost her job,  
But this murder-suicide is much more than that,  
It is about greed,  
low self-esteem,  
the preponderance of negative news coverage,  
It is about the way of American life gone badly.  
Endemic for all socio-economic classes,  
I hope that this will be an isolated circumstance,  
After all did Ervin forget about the 'Great Depression'?  
What would have been the outcome if all people,  
who were out a job,  
did the same thing?  
I wouldn't be here,  
to shed a tear,  
for his family.

## **Ivory Snow Soap**

Marilyn Chambers, the fair maiden who donned the box cover of Ivory Snow,  
The soap was 99 44/100% pure".

Although,

Her movies that she made weren't that for sure.

She graced the cover on the box holding her commercial kid,

Later she discard her clothes, make pornographic movies and lo

And behold

She made more,

And from the grace that was almost pure,

She fell from Ivory Snow to Behind the Green Door.

Alas, this porno queen has fallen at age 56,

---no cougar anymore, she will be missed dearly

Making porno movies could be hazardous to your health,

Could this the reason she died so early?

Maybe.

Procter & Gamble, unaware of Chambers' role in the X-rated film,

used one of her photos that had been taken during her New York modeling days on its  
laundry detergent box - she's shown cuddling a laughing baby.

Procter & Gamble, whose Ivory products were '99 44/100% pure, '  
quickly pulled the boxes from store shelves.

## **Jenny Jones a Jonesin'**

It has been since that perky, gag me, set her foot on the set,  
I don't miss the trash that as passed off as a legitimate TV show,  
Yes, Springer is trash TV, but the people call him up to be on the show,  
Jenny Jones' people liked to mess with someone head, too bad they lost the bet,  
When Jonathan Schmitz killed Scott Amedure,  
When Amedure told Schmitz he had a crush on him.  
Schmitz was told be producers off the show that person that had the crush on him,  
Was not a him but a her.  
So Schmitz claimed, but the shows producers said that they did not.  
It was jury that found that Schmitz was right,  
They awarded \$25 million to Amedure family,  
A ruling that somehow this will a foresight,  
Of TV shows that act in this manner be scrutinized routinely.  
The Michigan appellate overturned the verdict and claimed the show was not  
responsible,  
Although the majority of audience considered ruling reprehensible,  
The ratings went down on her show, the advertisers said "NO".  
Jenny Jones went a Jonesin' is a jonesin' on the internet,  
She better be careful,  
They are lot kooks that she hasn't met.

## **Jiffy Pop Popcorn and I Don't Care**

When I was young I used to wait  
On master and hand him his plate  
Pass him the bottle when he got dry  
And brush away the blue-tail fly  
Chorus

Jimmy pop popcorn, and I don't care  
Jimmy pop popcorn, and I don't care  
Jimmy pop popcorn, and I don't care  
My master's gone away

Conagra buys commercial time on Television,  
Conagra sells popcorn to the masses,  
Conagra makes its butter flavored popcorn through a hodge-podge of chemicals  
That does not come from a cow.  
Ethanol comes from corn and other vegetation.  
The masses do consume a lot of corn,  
We have corn in our sodas, ketchup, cereals, and snacks to name of few sources,  
We will, in the future, be fueling our vehicles with corn,  
Conagra will be in the drivers' seat, they could own many a fuel station.  
Corn, the mainstay of Mesoamerican indigenous people, will rise again.  
Conagra will be a cornucopia of American life.  
Orville Redenbacher could've not thought that corn would be that big.

### **Jimmy the Geek (An observation about Jimmy Swaggart)**

How you cried, how your lip did quiver, it looked as though you sat on a sliver.  
You quoted biblical passages for a long, long time, ,  
Made an empire from the words of God,  
Loved by millions, they would kiss the ground where you trod.  
Your acting was superb on the twenty-first of second month,  
In Anno Domini nineteen hundred eighty-eight,  
Your confession should've been sooner, surely not as late,  
You confessed because you had to, like an animal in a corner,  
Nowhere to escape or to turn to, so you had to finally admit you did wrong.  
When there was no alternative, to the community that to you once belonged.  
Think of it Jimmy, you were a hypocrite plain to see,  
Of the sort Christ condemned, you remember the Pharisee.  
Your wife had given her support with a nod of her head,  
    (while the camera was professionally cued upon her)  
Your son boldly whimpered, I think rather lip-synced,  
As if it were his heart that was pierced and bled,  
"I love you" times four, really, who could ask for more.  
    (while the camera was professionally cued upon him) .  
It is amazing that you did not once point your finger into the lens,  
Like I viewed you the night before,  
You did not point to anything, maybe to yourself but no one more.  
The people wept, wept, wailed and dried as if they were at a wake,  
Their credos cannot be denied, cannot be destroyed for God's sake.  
For if they admitted that they believed in you,  
As you stood there before them untrue,  
It would crumble the foundation of their belief,  
No more in you, could they seek Christ-like relief,  
So instead of rightful condemnation,  
As you expressed before,  
They gave you a standing ovation.  
Jimmy you deserve an Oscar, Emmy, or a Tony, maybe all of them,  
Many people thought you were serious not phony,  
But Jimmy, God and you know when you are judgment bound,  
Like how judged Jim and Tammy,  
What goes around comes around.

## **Judas Iscariot Relived**

Back probably a year ago,  
The Governor of New Mexico had pursued the presidency,  
Bill Richardson through his hat in,  
But the President-Elect was named Barack,  
Bill has his eye for Secretary of State in Obama's cabinet,  
Never to materialize because of the Hillary influence.  
Instead he was picked by the President-Elect to be nominated for Secretary  
-of Commerce,  
It must've been just then Bill went on the attack.  
Now two weeks away from the inaugural day his appointed went up in flames,  
One has to ponder the affect Richardson's backing of Obama,  
when he did not back Hillary.  
Bill Richardson was called Judas Iscariot by Clintonista loyalists,  
Could this be a possible quid pro quo that Bill Clinton had in mind?  
Of course there will no investigation of this matter.  
Bill Clinton is not like Jesus, Jesus forgave,  
Bill Clinton is anything but forgiving and forgetting.  
Bill Richardson is not going to play along with the Clinton's as far as they are  
concerned.

## **Jungle Juice in Our Tap Water**

It doesn't surprise me one bit than drinking the remnants of other people's drugs.  
We have been recycling water since time immemorial,  
The earth has a only a finite of fresh water,  
We are drinking the water that the dinosaurs drank,  
the Neanderthals drank,  
All recycled through a filtration process that had gone for billions of years,  
But we are destroying it there is no doubt.  
But now we have jungle juice running in our tap water in America,  
We, Americans, USA Americans,  
(So sorry, I began to think Caitlin Upton,  
it must be the drugs, see observation Upton's Response..) ,  
Take our prescriptions drugs,  
We absorb majority of it but some gets through our excretory system and we pee it  
out.  
Imagine the tap water is filled with traces of estrogen, Viagra, Zoloft, Xanax, Vicodin,  
Chemotherapy waste, including Novontrone,  
For which I am guilty,  
In Florida I used to work at Ionics, a GE subsidiary,  
For water purification in the home.  
I have worked at Ultimate Water.  
Ultimate Water leased a device that replaced the big 5 gallons bottles of water in  
offices.  
The device took tap water filtered beyond civic standards,  
(see observation Red Lobster Tonight)  
Perhaps it's premature,  
But I would venture to say,  
The ways it is going these are going to be necessary in the future.

## **Just Walk Away Renee**

And when I see the sign that points one way  
The lot we used to pass by every day

Just walk away Renee  
You won't see me follow you back home  
The empty sidewalks on my block are not the same  
You're not to blame (The Four Tops)

Renee, you and so many other homeowners are upside on their mortgages loans,  
You can't refinance because your house is worth less than you paid for it,  
It fills you with a fear that no one condones,  
So instead being a criminal committing arson like some people did in Detroit,  
The sign that point one way, It's only way,  
That you have to get your life together,  
Forget about the lot and house, just do what I have done,  
Just walk away Renee,  
hopefully get an affordable home by yourself or with someone,  
I won't follow back home because you lost your home,  
The empty sidewalks are still the same,  
Foreclosures, House for Sale signs,  
Sub-prime Loans and speculators on the (un) Real Estate Markets are to blame.

## **Kamikazi Crazy Karaoke**

In the small town of Sandakan in eastern Borneo,  
Was a man who sung his last tune today,  
Abdul Sani Doli,  
He liked the way he sounded,  
A sort of Borneo's Got Talent or Singaporean Idol,  
anyway,  
He sang so much,  
he would've stayed on the stage from noon to noon.  
But unfortunately for him the other patrons did share his opinion,  
Doli, only 23, was stabbed to death for hogging the limelight,  
He wasn't a fat lady,  
-so why was then his last song he sang?  
And it was for good.  
This I find hard to condone.

(KUALA LUMPUR, Malaysia—Police say a Malaysian man has been stabbed to death by customers at a karaoke bar for singing too much and refusing to share the microphone.)

Across the world people are taking on the persona of Simon Cowell,  
And others follow up as Piers,  
The judges, some people that would just go away,  
A woman in Seattle recently attacked another patron of a karaoke bar because the 'singer' had butchered a song by her favorite band Coldplay.

In China, South Korea and Japan people have been both shot and stabbed  
mid-performance over disputes.  
So much for 'Vocal Hero vesus Guitar Hero' for today.

## **Kevin Bacon Who?**

Baskin and Robbins Victoria's Secret is about you.  
The Bacon Brothers have made their mark,  
Porky Pig is gentile cartoon he not is a Jew.  
It seems as though the belly of a pig has made through,  
The anti-mainstream (a joeism) social network.  
Who wants bacon ice cream?  
Or for that matter feminine underwear, bras, panties, etc.  
made out pork bellies?  
Maybe for a lady that's, in her eyes,  
she thinks of herself as 'smokin' hot'.  
No way, don't go there, NOT!

## **Killing Private Ronald Gray**

Far away from "Saving Pvt. Ryan",  
-this hideous creature was evil incarnate.  
Raping and murdering women,  
-he is about to be put to death,  
Personally I don't give a S%&t!  
While fellow soldiers risk their lives it is he that brought same to Fort Bragg.  
He used his knowledge of the Airborne combat training for his own seedy self.  
Lest the execution take place with minimum haste,  
I hope that it doesn't lag.  
If the Army has its day,  
Then soon he will meet His maker and hopefully Satan has a place for Gray.

## **Lay Around the Shanty Momma and Put a Good Buzz On**

Gonna sit down in the kitchen, And fix me something good to eat  
And make my head a little high, And make this whole day complete  
Cuz we gonna lay around the shanty, mama, And put a good buzz on  
Jonathan Edwards

My parents grew up in the Great Depression like one of many of baby boomer generation,  
They spoke about people killing themselves over the money they lost,  
People jumping out of buildings,  
people standing in line in front of many soup kitchen,  
People that made houses out plywood, cardboard boxes,  
We, as country, are exhibiting similar things.  
Now they are mostly using a tent, we now have soup kitchens and food banks  
It is pseudo-1930 all over again, it is Deja-vu now,  
but it is now that was back then.  
The New Deals are springing up all over the place.  
My grandfather, (maternal side) ,  
detested Roosevelt for the signing of the Yalta Agreement.  
The Yalta Agreement was directly responsible for the "Iron Curtain".  
Now it makes wonder is history repeats itself,  
Not for I to bequest,  
New Deals which President Obama wants to enacted,  
The overtures to Iran, Syria and Afghan Taliban,  
--it some how is "Rooseveltesque".

## Leader of the Band

Dan Fogelberg died today,  
Too young too gifted to leave us,  
His message will pass away,  
His lyrics so personal to all that would listen.

Like many before him, Croce, Chapin, to name a couple,  
Singers and guitar players, indeed the 20th century troubadours,  
Their lyrics, while to appeal to masses, were stories that were meaningful,  
That evoked some kind of spirit of time, to all that would listen.

So Dan Fogelberg,  
Requiem est in Pace,  
Rest in peace  
For can collaborate with above and David,  
Continuing to write Psalms that never cease.

And it's run for the roses As fast as you can  
Your fate is delivered Your moment's at hand  
It's the chance of a lifetime In a lifetime of chance  
And it's high time you joined In the dance  
It's high time you joined In the dance -

Dan Fogelberg

For the leader of all bands,  
You will be able to play for Him some way, some how,  
You had kept running for the roses,  
You can quit running now.

## **Lenins and Putins and Stalins, Oh My!**

What do Lenin, Stalin, and Putin have in common?  
They had their political enemies jailed or killed or disappeared.  
The Soviet Union had started off the year that Bolsheviks took over,  
When the Czar Nicholas fell, all the Russian ears heard.  
Lenin then "beat" Trotsky for the power reign over the Bolshevik Party.  
His successors would be called premiers on the communist party until Reagan years,  
Then the Soviet Union would be no more, and then Russia would be alone,  
But not after the Russian people shed many tears.  
Stalin was an insomniac, phobic, premier that had many a mental disorder,  
He was a totalitarian premier of highest order.  
He was in cahoots with Hitler, (Hitler did mistake and later attacked the Soviets,)  
And then Churchill and Roosevelt at Yalta were the three met,  
The World War II was finished and Cold War began,  
During the post-war Stalin years many people died, their fates set,  
By the Stalin vice the came upon their head again and again.  
Putin came in charge when the Soviet Union was Russia again,  
His predecessors were various premiers and presidents,  
A few were Khrushchev, Brezhnev, Gorbachev, and Yeltsin.  
Putin has found power in the dollar,  
No more Rubles to speak of, no "soft" currency, Why Hell, Russia is part of the G-8,  
Putin silenced his rival by death or jail,  
Kasparov does play a mean chess game, but in the political game, Putin is meaner,  
But to Gary Kasparov, says Vladimir Putin, Check Mate.  
Vlad III, the Impaler impaled bodies,  
Vlad (Putin) IV, the impaler, impaled the democratic reform in Russia.  
Putin is becoming a Czar,  
Not of Royal blood, his reign should not go very far.

## Let It Rain

"Seems it never rains in southern California  
Seems I've often heard that kind of talk before  
It never rains in California, but girl don't they warn ya  
It pours, man it pours."

Southern California needs rain, lots of it.  
The fires, there are three of them,  
are about to combine together,  
Make a super-fire that can destroy all,  
Unless it is conquered by the weather.

They government has dispatched eight hundred Marines,  
To fight fires that covers hundreds of thousand and plus acre,  
Nice token event but hardly worthwhile,  
I have a deep respect for the Corp but I still say;  
- that mother nature,  
Has to have the final say,  
it is only rain that can save southern California,  
From being a trash pile.

What they should do is hire all the Greek waiters in the world,  
Arm with all the lemons they could hold,  
At turn them on to the fires that will be,  
For it is the waiters that to put out flames on unending Saganaki,  
For Heaven's sake  
Only when the rain hits there are going to be mudslides,  
All the homes that were not destroyed by fire could be destroyed rain,  
All the homes that aren't destroyed by rain,  
Will be destroyed by a earthquake.

I pray for them in my house in east Texas in Cumby,  
Not the glitter of city light,  
Nor the ocean side would where I want to be,  
All I want is to be next to Judy, my wife,  
Not constantly to be worry about life and endless fright.

## Let Me Assist You to Get Out the Seat

Hillsborough County, Florida,  
- is not the place to get on the wrong side of the police.  
Even Quadriplegic people get a bum wrap.  
Not one iota of reason had been released.  
Insanity wins.  
Melissa J. Langston was on her way to the hospital,  
Va-room!  
Her dad had a heart attack;  
she was not driving coherently,  
But her bad but Hillsborough County Deputy Kevin Stabins,  
Made the experience worse for her,  
- she never saw her dad in the room,  
And at time she was about to post bail.  
He felt that a power surge that lacked any compassion for this distraught woman.  
So he assisted her out the vehicle,  
and put handcuffs on wrists and took her off the jail.  
Video tapes are everywhere,

Charlotte Marshall Jones, a Hillsborough County Deputy,  
with all her charms,  
Helped a person to get out his seat,  
By tossing him to the ground because she assumed he was lying;  
About his inability to move his legs and partial mobility with his arms.  
Brian Sterner, was somehow involved in a traffic dispute,  
But the welcoming that he had at the police was tough to beat.

And Charlotte didn't believe him,  
she told him to get up,  
"I can't, " he said, and then Ms. Jones found it necessary to get him out of his  
wheelchair,  
Videotapes are everywhere.

Shannon Marsh, also HC Deputy,  
pounced on Marcella Pourmoghani,  
After ejecting her from her seat,  
pounded her face into the floor.  
I'm not visiting Tampa, Florida anymore.

## Let the Domino Chips Cascade into the Abyss

Back when I was living in Florida, in West Palm Beach,  
It was a difficult life for me to live in,  
The jobs were a lot Bulls#\$%@T and my marriage to Jan was out of reach,  
We struggled to make the mortgage payments,  
-when Jan said,  
"We have to go an interest only mortgage."  
Needless to say we did not,  
-and we had to sell the house,  
And Jan filed for divorce,  
Jan said we can go our ways,  
-our marriage is dead.  
But in interim time I was job hunting,  
And I was interviewed by Liberty Mortgage Company.  
I, at the time was a smooth talker;  
the work was on commission base only,  
That when I was first associated with sub-prime loans,  
Although I was not mortgage broker,  
- my job was to get the salesperson in the house,  
The salesperson would sell the contract for the mortgage,  
The mortgage broker would finish the deal.  
But it somehow did not seem real.  
They told me that could pull 6 figures in a year's time,  
They told that the housing market wouldn't cool off,  
-everything would be sublime,  
They were counting on people like Jan,  
Who would borrow up to 120% THEIR HOMES VALUE!  
To payoff high credit card debt that was the plan,

The interest only loan was 2/28 Mortgage,  
The first two years was less money going out,  
But the 25 month was shocker to most people,  
Their homes lost value when housing market went awry,  
The payments became so steep they cried to their mortgage holders,  
The mortgage holders cried to the banks,  
he banks cried to the Government.  
HELP US!  
But what has happened cannot be reversed that easily,  
The Liberty Mortgage Company,  
in Boca Raton,  
is one a thousand companies,  
That led people in to the abyss with their bubble,  
Their bubble broke,  
-and the people fought to get to the surface.  
The Liberty Mortgage Company is still in business,  
like a thousand other companies,  
This reflection of this greed conspiracy,  
Is still in the mirror of the stock exchange worldwide,  
Like Dominoes, the markets crash into the abyss,  
By the way, --I didn't take the job.

It has been 8 months to the day,  
That I wrote on this observation,

I wrote about the bearish market by the way,  
In the observation about the Bear Stearns situation.

Many of the Wall Street companies are no more,  
Their stock holders wiped out,  
The Government is bailing out Freddy, Fannie, AIG,  
If you're going to rip off the system,  
do it big,  
For you are going to be so big that country will be devastated if you fail,  
(By the way Lehman Brothers was bought by Barclay's,  
Merrill-Lynch will be bought out by Bank of America,  
and Washington Mutual is for sale,

-I guess they weren't as big as I thought)  
This is going to cost better than a trillion dollars or more,  
This is the kind of legacy we leave for future generations?  
We have our deficits in their lives,  
Where our sins stored.  
Not to mention the wars,  
natural disasters such like Hurricanes Katrina and Ike,  
Our future generations will be holding the mortgage on the mortgage brokers.  
And if they fail who will bail out them?  
The Savings and Loan disaster,  
ENRON, what a bunch of thieving jokers,  
The latest con was the mortgage brokers  
- and Wall Street and the like.

The Wall Street Bail Out is under going pressure,  
It's not exactly what the Treasury Department had in mind,  
The Feds took over WaMu and sold to JPMorgan Chase for pennies on the dollar,  
The stock holders were greedy they were blind,  
Bear Stearns and Washington Mutual,  
like buying a \$30,000 car for 300 or less,  
But unfortunately the car wasn't given road test.

Wachovia is being bought by CitiGroup Bank,  
Before it's over a few others will join the ranks,  
The \$700,000,000,000.00 bail out has to pass both houses yet a second they do not miss,  
Because the fading  
Domino chips are cascading; Into the abyss.

It was reported on the AP at 3: 10 EST that the Congress failed to pass the bill,  
Stocks were plunging before this happened,  
It took a lot of guts if you will,  
The is closest we have come to The Great Depression.

The Dow took a plunge this afternoon,  
The Asian markets will open up soon,  
And the European Markets will open as time goes around the globe,  
And tomorrow will be here before we know it,  
The economy flashing a strobe,

Full of anxiety not bliss,  
Worldly Domino Chips are cascading,  
Into the Abyss.

The blaming starts, as my wife, Judy,  
said we are to blame,  
For Carpe Diem, the greed,  
the wants,  
the covetous nature,  
Not saving money,  
being entirely in debt and our savings are lame,  
We should have been more mature.

The Bail Out has succeeded,  
They were warning signs that went unheeded  
The Government owns Wall Street,  
So much for capitalism,  
I would not dreamed that the observation SPQR would come to this,  
Karl Marx is rolling in his grave, with laughter,  
The father of Socialism and Communism.

Now the bill is signed but effective will it be,  
It should fortify credit that is the theory,  
The Commonwealth of Massachusetts is seeking the same deal as Wall Street,  
The Kennedy Empire is no match against the Feds,  
Common wealth equates to people's assets,  
American taxpayers money.  
The job I didn't take at Liberty Mutual is somehow directly responsible for this,  
If it wasn't so sad it would be kind of funny,  
It's kind of a mean trick,  
The world waits as the hand unfolds,  
it won't be long.

Many ordinary people from Algiers to New Delhi have watched  
Wall Street degenerates on TV as if it were a gruesome spectator sport,  
its casualties limited to American homeowners and investment bankers.  
But it is also taking a toll on lives less clearly linked to what's gone wrong.

The New World Order,  
when gets a cold,  
Everybody gets sick.

The bail out was ruled law,  
it came and went,  
But in the worldly stock markets-  
In Asia, the Nikkei 225 closed 4.25 percent lower.  
Europe's stock markets  
also declined, with the FTSE-100 down 3.32 percent,  
Germany's DAX down 5.72 percent,  
and France's CAC-40 down 6.31 percent.  
Banks across the globe are reacting with anxiety,  
The economy is based on emotion rather than gold,

The economic prognosis is a study in psychiatry,  
I hope the stocks are bought more than they are sold.

Who knows what tomorrow brings,  
Maybe benevolence or malevolence lurking,  
'The fact is people are scared and the only thing they're doing is selling, '  
said Ryan Detrick, senior technical strategist at Schaeffer's Investment  
Research.  
'Investors are cleaning out portfolios and getting rid of everything  
because nothing seems to be working.'

When will it end?  
The Abyss, by definition, has no end,  
A world moratorium is needed for trading stocks,  
To stabilize the markets-with some luck.  
The "bears" are running amuck,  
A bank holiday is needed for the entire world economy,  
This is fairy tale with non-intrinsic money,  
That is based on emotion rather than based on Gold (ilocks) .

The stock market is being battered again,  
This time to drop is for GM,  
General Motors Acceptance Corporation is in the dust,  
Like so many cars made by GM they turned to rust.  
GM has trouble selling cars,  
Let alone bad mortgages,  
They are about to get knocked out and see stars,  
As their crumbling market falls apart.  
The Dow took a plunge falling below 9,000.  
To bad the economy has no such icon as "Restart."

The Dow had has its worst since it began,  
President Bush will be on TV later this morning,  
To say our economy is strong for every American Woman or Man,  
More manure from the White House,  
We, the mushrooms, are kept in the dark.  
What else does he have to offer?  
He is a lame duck and has an approval rating, when graded, would be F,  
Minus times 10.

20 top financial leaders met at White House to solve the world economic crisis,  
More or less to get in the black, bring home the bacon,  
Get the Home when run around the bases,  
Officials from the Group of 20 countries — which include the wealthiest and the world's  
biggest developing nations such as China, Brazil and India — planned to attend a  
meeting Saturday evening that Paulson requested to explain the actions that U.S. and  
other wealthy nations have taken.  
The Bush Administration is not entirely to blame,  
A Couple people to name,  
Senator Dodd and Representative Barney Frank, both Democrats,  
Did head the legislative governing bodies as far as financial matters,

Dodd and Frank were sleeping in bed with mortgage bankers,  
For shame they put blame, on the Republicans only,  
And for shame Obama does not this foul in the political game.  
Today that stock market rebounded,  
Are we over the crash yet?  
Before the closing bell sounded,  
The confidence is almost there,  
Paul Krugman, PhD. at Princeton in economics, won the Nobel Prize,  
To him with much surprise,  
He won it based formula of "free-trade" globalization.  
He won within a week or the most turbulent times across the globe,  
Most economies were stagnant if not dead.  
"He has thereby integrated the previously disparate research fields of international  
trade and economic geography," it (the Nobel Academy) said.  
I did not to take his class to understand,  
The movie "Wall Street" is the only class you have to take,  
The house of cards is based upon greed,  
The house of cards is based upon personal covetous aspirations,  
The house of cards is based upon emotion rather than gold.  
The house of cards is based upon fear.  
The house of cards is based upon for people to part of an indentured slavery,  
On earth, some of which the dark side bought when their souls were sold.  
I may not have a Nobel Economics Prize,  
I may not have pulled six figures,  
Nor to that once was and will not be again-the one's that would not be on "bucket list",  
And for "Dominoes" let's play the game of 42, and our fears done in to the abyss.

## **Lil' Rubber Ducky in My Tub**

NO, not exactly,  
South Central and East Washington in Phoenix, Arizona was a site,  
Not an archeological dig, rather a clean up,  
A partial mummy was found, apparently the person died in the tub,  
The person was never missed by anyone both day and night.  
The world is full mummies not necessarily Egyptian,  
There are Incas, Moche, Andean mummies where the climate is dry,  
There are bog mummies that are tanned, mummies from Alps,  
Mummies from the permafrost in the north without exception.  
Boris Karloff may have played Frankenstein and a mummy,  
But the real ones, many a crime across many geographical locations,  
Across time and (crawl) space (and now tubs) amongst homes and apartments,  
CSI would be forever busy with forensics, brilliant minds, and no dummies.

## Lil' Wayne and His Views on Marriage and Education

'First of all, I already know, men would be able to marry however many women they want. School would not be optional. It would be mandatory. Because (never start with a `because)  
I do not like unintelligent people – it's a pet peeve.  
If you (are) dumb, (then) you (can) not (be) around me. Other than that, did I mention the men would be able to marry women?  
(since when?)  
Ain't (there is) no limit on that.'

My Pet Peeve is you and others like you.  
I filled in all the parenthesis in order to form complete sentence  
First of all, try enforcing the kid's required attendance at school,  
----A lot good it did you.  
Second of all, try to learn English;  
you are dumb ass, (see parentheses)  
Third of all you should use birth control,  
now more Lil' Lil' Waynes.  
Did you ever graduate High School?  
No.  
He dropped out of school at age 14 but later earned his GED.  
You indeed put Shakespeare to shame with your urbanic poetry.

If you don't understand the meaning of this rap then you are not alone.

The first verse of Lil' Wayne goes something like this:

Ok lil mama had a swagga like mine (go)  
She even wore her hair on her back like mine (go)  
I make her feel right when its wrong like lyin (go)  
Man she never had a luv like mine (yo)  
But man I aint never seen (go) a ass like hers (go)  
Dat p\$#%y in my mouth had (go) me lost for words (go)  
So I told her back it up like (go) burp, burp (go)  
And I made dat ass jump like jurp, jurp (hauhhhh) -2

You are such a talent! Not!

## Lonesome Loser (In the style of a Shakespearean Tragedy)

Sit down, take a look at yourself  
Don't you want to be somebody  
Someday somebody's gonna see inside  
You have to face up, you can't run and hide  
(Recorded by The Little River Band)

Oh Lord it's hard to be humble when you're perfect in every way  
I can't wait to look in the mirror 'cause I get better lookin' each day  
To know me is to love me, I must be a hell of a man  
Oh Lord it's hard to be humble, but I'm doin' the best that I can  
(Recorded by Mac Davis)

And so its true pride comes before a fall  
I'm telling you so that you won't lose all  
(recorded by The Beatles)

Belichick, oh Belichick where art thou Belechick?  
Belichick hath gone before the game endeth,  
Dost he haveth the thought of the wretched Eli pithing his defense into penultimate  
minutes, Before the duel has been brought forth to its final conclusion?  
Belichick where art thou?  
Nay, t'was it too humble to be before the audience of monumental proportion,  
To see thee wallowing in anguish as the final second in the competition,  
Before Sir Manning would commence his final genuflection,  
Manning as it be, was crowned MVP.  
And the Seasonus Perfectum had been brought down,  
Not withstanding thy final bow. Belicheck, oh Belichick where art thou?  
Not thou, the cascading Gatorade would find its mark.  
But the FOX reporter, he did learneth about thou and thus cornered thee in the locker  
room, Belichick dost thou artfully, gracefully lose?  
Maybe thou was not in the mood to face questions,  
Concerning a malfeasance called spygate,  
Though thou were fined \$500,000 dollars for thine activities,  
To ask question tis never too late. Belichick dost thou seek in isolation a condolence?  
Be it not so, thy attitude shown like pitch, the darkest black of the evening sky.  
Belichick, thou hath kinned thyself to Goliath in the minds of many people,  
Only to broughteth down by a David, by a Giant from New York, called Eli.

Now the Super Bowl endeth, ye has to answer to the question of spygate,  
Tis not fair in all the land, Belichick dost thou seek the upper hand,  
To secretly capture the opponent's calls, dost ye seek the border being a cheat.  
Enough is enough the NFL should say to thee,  
NFL will admonish thee because they are so irate.

Belichick hath done a number on page Matthew Walsh,  
The page hath been scorned by Sir Belichick,  
Sir Belichick said Page Walsh's services were dismissed,  
For the page's work was undesirable.  
Page Walsh met with the malevolent Duke Arlen Spectre.  
Duke Spectre convened a groups of Dukes malevolent damage to the sport admitted  
by Sir Belichick, dost he hath waived his defense rights,  
Another Duke, Roger Goodell, levied the fine of substantial proportion,

Against Sir Belichick for his indignation.  
And his team cohorts a pricey sum.  
And the first round draft pick of the new and emerging knights.

## **Look Mom, I Won the Lotto!**

Zimbabwe was prosperous at one time,  
In April of 1980 Zimbabwe declared independence,  
Through white minority years,  
North Rhodesia prospered decades prior,  
Now Zimbabwe and its political decadence,  
After 28 years has through the hyper-inflation tunnel that seems to have no end.  
The mortgage banking deck of cards has nothing to compare to the dissolution of  
Zimbabwe's Bank and Trust.  
It is a pity because \$800,000,000.00 could get a round trip ticket on a bus.

I wondered what's the Zimbabwe penny is worth?  
If we don't watch out, this could be happening to us.

Not in twenty eight years, surely the US will survive but at what cost?  
(see Observation For I Don't Give a Damn 'bout a Greenback Dollar) ,

The whites moved out of Africa,  
but the Africans prospered when there was white rule,  
The Africans are not bound to Apartheid standards,  
but they have no food,  
We Americans have food,  
but economy is being held hostage by various countries.  
China comes to mind,  
How many billions are we investing in China through our Wal-Mart purchases?  
It would blow your mind.  
China is going to buy the banks,  
-the banks are going to lend you money,  
You are going to buy things at Wal-Mart,  
And then will paying for your own economic apartheid.  
Zimbabwe has turned its one billion dollar note into a single dollar,  
That is magical, about magical as turning Michael Smith into Creflo Dollar.  
But as Zimbabwe's economic future is in doubt,  
Not so for Creflo, he is rich, he can buy Zimbabwe out.

## **Look Up Into the Sky, It's a Bird, It's a Plate, It's Super Granny**

The little old lady from Pasadena was not driving her car,  
But she had inkling to go far,  
Far above the traffic down below,  
She was going skydiving,  
Yep, She checked all her gear,  
She had nothing to fear,  
But her PoliGrip didn't hold,  
Under tremendous wind the grip was not tight,  
Her upper plate blew out of sight.  
So when you say "Bite Me",  
You'll never what's above you,  
For maybe your wish will come true.

## Love has No Bounds

Timeless love Totally Non-Fiction,  
is Godliness, Totally Non-Fiction,  
Is what the young girl, Anne Frank, felt for her beau, Peter Schiff,  
She was smitten with him at age eleven,  
She was thinking of Peter an angel that came from heaven,  
When she was thirteen,  
Pretty soon her eyes gazing upon Peter would not be seen,  
Totally Non-Fiction,  
They both died in separate concentration camps,  
Ann died in Bergen Belsen,  
Peter died in Auschwitz,  
Totally Non-Fiction anywhere.

I personally went to Oswiecim on my travel to Poland,  
The aura of bad vibes surrounded me there.

The eyeglasses,  
he luggage,

the human hair;

Displayed behind heavy glass enclosures,

Were very, very moving;

Oswiecim was in the Third Reich, called Auschwitz.

Totally Non-Fiction.

It is very disparaging to know that someone,

Could create fictional memoirs of this situation,

Misha Defonseca did exactly that in her imagination.

She had concocted a story about fleeing the Nazis in World War II.

Totally Fiction.

An elaborate fantasy, brought on possibly,

With the successful publishing of The Diary of Anne Frank,

Totally Non-Fiction,

Her book, Misha:

A Memoir of the Holocaust Years,

was translated in 18 languages,

Even made in to a movie,

Totally Fiction.

In fact, Misha Defonseca (real name is Monique De Wael)

Is not a Warsaw ghetto Jewish name.

It does appear in fact that people will go all out to have someone notice them.

Oprah's Book Reading Club was "shenaniganized" by James Frey,

In Total Fiction,

A Million Little Pieces,

He describes himself in the autobiographical memoir;

it read likes it's real,

As being an alcoholic, a drug user and criminal.

His life portrayed the darkness he encountered,

Through the concocted misfortunes he experienced.

NOT!

TOTAL FICTION!

Could it be that Tawana Brawley and Crystal Gale Mangum,

Purported lies which implicated racial divisions in our society?

Totally Fiction.

How unjust is that? (See observations Runaround Duke) .

Enough writing on these sad cases of these "fictionalized" humans,

Titanic, the movie based on endless and timeless love,  
Between Jack Dawson and Rose DeWitt Bukater,  
quasi-non-fiction,  
I know the feeling Anne and Peter, Jack and Rose had,  
Because I am experiencing it right now,  
with my wife Judy,  
It took a long time to find her,  
two divorces,  
a medical malfeasance, and yet;  
We found each other on the internet.  
Totally Non-Fiction.

## Lust in Space

Astronauts get vigorous training in the field math,  
Lisa Nowak put her training in the field of geometry,  
Knowing her reputation was about as a baby being thrown out with the water in bath.  
She had planned on riding the shuttle in space,  
But preferred to ride Bill Oefelein instead,  
Houston we got problem here,  
Colleen Shipman was the person that made Lisa see red.  
Nowak, a mother of three,  
Was on verge on insanity,  
When she made the trip from Houston to Orlando by car,  
Stopping to get a nights rest and only to fill up her tank,  
Dressed in up US taxpayers depends,  
She had to go very far,  
If she had pee or poop then she would not make a mess,  
Hell hath no fury like a woman--astronaut scorned,  
Does not compute, Will Robinson, DANGER,  
It was Bill Oefelein, not Colleen Shipman,  
-she would have her lust for him be reborn.  
The police later caught Nowak after she accosted Shipman in the parking lot,  
Her and Shipman were caught on surveillance video, apparently Nowak forgot,  
The police found a potpourri of personal weapons that were non-NASA issuance,  
Perhaps Nowak place the items on her person for insurance.

"They also found a wig and a plastic bag containing a carbon dioxide-powered BB pistol in a nearby trash can, .....Inside a bag Nowak was carrying, the officer found a tan trench coat, a new steel mallet, a new folding knife with a 4-inch blade, 3 to 4 feet of rubber tubing, several large plastic garbage bags and about \$600 in cash, the report said."

Nowak was fired by NASA, Oefelein was reassigned to non-NASA work,  
This could've happened in the Cold War,  
-when we where in competition with the USSR to conquer the moon race.  
Indeed Irwin Allen would create another TV series entitled "Lust in Space".

## **Made in China**

China is infuriated with the US government,  
The US did not ban the illegal imports that contained lead base paint,  
(see Observation Do Tell Mattel)  
Beijing was upset by Washington welcoming a Buddhist Monk,  
The Dalai Lama by all means a saint.

Long before there was Mao, long before there was communism,  
There was belief system that was secure in the Chinese culture,  
It was Buddhism.

The Dalai Lama expresses autonomy for Tibet,  
Something that the Communist Party would regret,  
China in response opted out a meeting to handle Iran that was set,  
China had supported North Korea and North Viet Nam lest we, as Americans, forget.

The Dalai Lama received the Nobel Peace Prize,  
Bush is about to present with the Congressional Gold Medal later on Wednesday,  
October 17, 2007,  
Much to the disappointment and chagrin of Beijing's officials, with no surprise.

The Communist find it appalling that the USA should honor a man who expresses:  
Freedom, spirituality, kindness, non-violence and so on,  
A complete renegade as far as Beijing is concerned,  
And so not a blind eye or a deaf ear will be turned.

## **Make Them an Offer They Can't Refuse**

Mi Scusi, Mi Scusi, the courts of Genoa,  
I beg you your pardon,  
What is wrong with Friday?  
Mama Mia songs are about the hits that were recorded by the Swedish group ABBA,  
Abba is God but not in their case,  
ABBA was an acronym for their surnames.  
The little boy was named after a Nordic Goddess,  
Rather than: Pilot Inspector, Brooklyn, Phinnaeus,  
Banjo, Rumer, Scout, Tallulah, Moxie CrimeFighter,  
Eulala, Daisy Boo, Poppy Honey,  
Audio Science, Aurelius, Dweezil, Moon Unit, Ahmet and Diva.  
A little transgender misidentification if you ask me.  
"What about names Luigi and Mario? "  
"Who will be the Godfather, Shigeru Miyamoto? "  
The court asked the parents.  
"Thursday" they replied.

## **Malcolm (X) in the Middle (dedicated to my deceased sister Patricia)**

Ba(ar) ck in Hamtramck, which a city surrounded by Detroit,  
(Detroit was the place the Nation of Islam was formed) ,  
I was perusing my sister's books;  
Pat was an avid reader,  
She was a different reader,  
The Harrad Experiment,  
Fahrenheit 451,  
The Autobiography of Malcolm X,  
She fell for Father Cunnigham from Focus: Hope,  
-but now she is dead  
And some of the social issues from her library had come to light,  
it lookslike had given me some insight  
Malcolm X found God or Allah in prison,  
-like most people, they did a sin retraction  
Do they have time to reflect and think?  
Malcolm X had found peace and solace;  
With the study of the Koran,  
And following the instruction,  
Of the Prophet Elijah Muhammed,  
he and Mohammed were the same  
By the way,  
-a street that borders the Focus: Hope annex bears the prophets name.  
Malcolm X did support the idea that blacks should look out for own,  
To rid the neighborhoods of crime,  
prostitution and drugs,  
That were responsible for wrecking their lives and homes.  
All a valiant effort, until a group of black hit men from the Nation of Islam, "thugs",  
Cut him down, at the Audobon Ballroom,  
uptown in Harlem.  
After he came back from his Hajj,  
Malcolm X, who groomed for seizing control,  
Of the Black Muslims, or the Nation of Islam,  
felt that this was not for him,  
Malcolm X, in Mecca, prayed with Muslims,  
-white, yellow, race didn't matter though,  
After returning to America he decided to break away the Nation of Islam.  
Soon afterward he met his demise.  
For those that were with him, there was no surprise.  
The FBI, under J Edgar Hoover,  
(at time he was picking his lingerie out,) did not act,  
The FBI must've said "One gone and many more to go".  
The assassination was viewed at some kind hit by the FBI at that time,  
Quite the contraire, Prophet Elijah Muhammed put the hit on him,  
The Calypso Singer, Prophet Louis Farakhan knows,  
-he was one of the runner-ups.  
Prophet Farakhan has different ideas,  
The Mother Ship, Jews are pigs, etc.  
(In fact to Mother Ship is remembered in song by the Parliament Funkdelic,)  
One being which white people is an experiment gone awry,  
Farakhan had been spoofed on In Living Color, by the Wayans, in skit,  
  
The Wrath of Farakhan,

Which was a parody of the movie?

Star Trek: The Wrath of Khan.

I used to see the Nation of Islam followers giving their vitriolic venomous view.  
and The Final Call news,

- on 7 mile at Greenfield in Detroit, the northwest section.

I had a guitar student there, Henry Birch, - I would stop at a light,  
They sometimes approached my car with a bag of fruit and their paper,  
On the Final Call, I would challenge their views.

Because I asked a Muslim from Ghana,

a Muslim from Pakistan,

And a Muslim from the United Arab Emirates,  
About Black Muslims, they said, independently,

- at different locations and times,

There are no such separations in regard to race with Islam;  
that is blasphemy.

But the Nation of Islam became very powerful set up in the inner city,

Allegedly Chauncey Bailey paid with his life,

For attempting to do an expose on Your Black Muslims Bakery,  
-in Oakland, California.

That why the Prophet Farakhan chose to endorse Barack Obama,

I feel that "Calypso Louie" hopes to legitimize the Black Muslim Movement  
And the Nation of Islam.

From the shores of Maine to Alaska, from Montana to Alabama.

But what if McCain had been endorsed by the Klu Klux Klan,

Then that would raise an eyebrow or two,

I bet the KKK is secretly supporting the McCain campaign,

But unlike Farakhan they are not that stupid, they are not fools.

Because Farakhan did not help Barack's campaign in fact hurt it,

Farakhan is too stupid to understand at least half of Americans are white,

At least half them are practicing Christians or Jews,

Far from practicing in the Nation of Islam.

What was Farakhan is thinking?

To have a semi-afro-American, or semi-black, mulatto or whatever,

Being in line for the prestigious elected post in the free world and possibly screw it up,  
Man that is arrogance.

Barack did distance himself from endorsement,

But careful not to offend Farakhan,

Barack Obama is a politician after all,

He was raised Muslim but now he Christian, but in a way still attends a church with  
Christian separatists (?) ,

a spiritual oxymoron;

Just as moronic Black Muslims,

they're different from Arab, Ghana, and Pakistani Muslims, right?

Black Catholics are different from Polish, Latino, and Asian Catholics.

Not So!

QUIZZICAL, YOU SAY? What is this the answer to this political and spiritual cauldron?

But Obama will not tell people to not endorse him;

-that's the endorser's call.

## **Martians have to have Beano**

There is evidence that there is possibly life on Mars,  
Not from sightings,  
Not from fossils,  
Not from anything that you can hear,  
see by eyesight,  
or touch,  
but possibly smell,

Pee-You!

A gaseous nebula,  
a "fart" belched into the atmosphere,  
not hydrogen that makes up stars.  
Methane was found by research scientists,  
In New Zealand the politicians are proposing a tax on farmers who think they full of it,  
First, the New Zealand government came up with the idea of putting a levy on the  
global-warming emissions of sheep and cows. These ruminant animals, as they are  
called, these hooved beasts which chew the cud in the various compartments of their  
stomachs - produce methane which they then emit.  
The farmers would face severe consequences upon disregard for compliance,  
The War of the Worlds is now set to be a different IBS (Interplanetary Bowel Studies) ,  
Past studies indicated no regular methane on Mars.  
But new research using three ground-based telescopes confirmed that nearly 21,000  
tons of methane (farts) were released during a few months of the late summer of  
2003, according to a study published Thursday in the online edition of the journal  
Science.

## Mary Ann is Lost

Mary Ann did get LOST on a island with 6 other castaways,  
But its on no account to the Skipper or Gilligan.  
She did not crash on a plane but she high the day,  
Mary Ann was indulging in Mary Jane,  
The "roaches" were all over her car,  
When she was busted,  
Dawn Wells was very well-busted in fact-- after failing a sobriety test.  
The 69 year old, little old lady from -DRIGGS, Idaho, not Pasadena,  
Was put on probation after she had a paid a fine,  
So the night will not set on Dawn after two years of being clean.  
All in time.  
Once a hippie always a hippie, it's not that extraordinary,  
The Spud Fest will go on.  
Got any 'shrooms?  
(My mom did dope, her first and only joint, when she was about 69,)  
But she'd finally caught up to her contemporaries.

## Mastercard and Visa are (in) the House

Credit Cards are Big (losers) business,  
The major banks are banking on business,  
The big casino, in the world, is Mastercard and Visa, they are the house,  
Houses thrive on business.  
The "free" money, (Chase's add featuring The Rolling Stone's song Free)  
Nothing is for free, the interest rates are anywhere from 6 to 14 points,  
Above the prime interest rate.  
There are laws in the books regarding usury,  
Not so with the banks that would issue the credit cards.  
They will issue credit cards to dead people, fictitious people, kids, even pets.  
The credit card banks APR if you factor in late fees can reach as high as 35%.  
Usury laws are set at anything exceeding 25%.  
Not only did we see that, we saw,  
Somehow the banks bought the politicians off to exempt from this law.  
The banks not only charge the customer the interest,  
They also charge the vendor a premium of 3-5%.  
They are banking on business.  
The sub-prime fiasco that's occurring now affects the balances,  
I personally had three cards that carried \$3,000,  
The banks increased the cards to \$37,000,  
I only made \$25,000 a year it, as though they used credit,  
As drug dealer would deal his drugs, to get you hooked.  
Hooked like worn curtains and worn out valances.  
The credit card "manufacturers" complained to congress,  
Congressional forces would yield thus revising the Bankruptcy law,  
Mostly Chapter 13,  
President Bush signed it.  
What about Usury?  
ATM machines are scattered everywhere in Las Vegas.  
People use credit cards to make a wager, eventually the house wins,  
I am not talking about MGM, Ceasar's Palace, Harrah's Casinos,  
I am talking about Chase, Bank of America, Citibank Casino's.

## Message in a Bottle

I'll send an s.o.s. to the world, I'll send an s.o.s. to the world  
I hope that someone gets my, I hope that someone gets my,  
I hope that someone gets my  
Message in a bottle, yeah, Message in a bottle, yeah

It's not about Sting sending out a S.O.S. distress signal,  
Though Mary Ann, Gilligan's Isle Alumni, could've sent one when she was busted,  
It's not a fictional movie romance that starred Kevin Costner and Robin Wright Penn.  
But what it was when,  
A school girl's experiment 21 years ago,  
That involved a message in a bottle that made to another persons reach.

"About 21 years passed between the time Emily Hwaung put the message in a soda bottle and Merle Brandell picked it up on the beach."

Time and distance didn't affect the message inside,  
Merle sent back the data required to the school.  
I wonder Voyager will do the same, I wonder what the press would read like,

"About 21 light-years passed between the time NASA put the message on the spacecraft, Voyager, and Aliens picked it up on their planet."

It makes one wonder a bit.

## Million Dollar Candy Bar

Alexander D. Smith how dumb are you?  
A million dollar bill, the US Mint hasn't any.  
You could have ten one hundred thousand bills  
And be in as much trouble as you are now,  
But at least you did what's credible,  
Not probable but possible,  
Some say you had been daringly dumb,  
I put you as just DUMB,  
You have reached the age of 31,  
I don't how you did such feat,  
You be better off passing Confederate Dollars,  
They'd be authentic to say at least.  
A million dollar candy bar is worth more than your fake,  
You will be spending time in your cell for the forgery you had done,  
Bad checks, counterfeit bills, you at least got your 15 minutes of fame,  
By the time what you did gets told by someone.

## **Missiles, Satellites, and Hydrazine, Oh Spy**

The Pentagon is attempting to shoot a crippled spy satellite.  
The craft was losing altitude and was filled with Hydrazine,  
Which is dangerous to humans, it is;  
-that was the public statement made by the Pentagon,  
But I wonder what the real reason is behind downing the satellite.  
Not that it was a spy satellite with sensitive electronics,  
- images on its CPU,  
That America's enemies would love to have.

(Gary Powers, flying the U-2 was shot down by a missile in 1960, over the Soviet Union, he was paraded around for Kremlin for the Russians propaganda and enjoyment. He didn't contain any Hydrazine, but a highly developed camera equipment at that time.)

Why it is that NASA can predict a flight plan for unmanned craft,  
To its target twenty odd years from now, like Neptune,  
-a long chance a bit.

But yet the Earth is over 75% water, at least 66% of it deep ocean,  
And the Pentagon could not adjust the satellite's altitude for its re-entry to earth's atmosphere over water, for it has enough Hydrazine that powers it.

Why Bother?  
Where it could disintegrate like Columbia did,  
-and all its crew dead,  
Could this be also an experiment of the AEGIS system?  
Conspiracy theorists claim the AEGIS brought down TWA Flight 800.  
The official word, that the aircraft downing was mechanical or structural, the FAA said.

Could this system part of Star Wars which was finally the result of the plan of the late President Ronald Reagan?  
In order to intercept an incoming ICBM from North Korea or Iran?  
Or is it not something but a military gaff,  
How veiled is the excuse,  
if it wasn't so serious, I'd laugh.

## Money Aka Robbing Hillary to Pay Hillary-WHAT?

Money, get away  
Get a good job with more pay and your O.K.  
Money it's a gas  
Grab that cash with both hands and make a stash.....(Pink Floyd)

Apparently to Hillary Clinton Presidential Campaign did not have enough of it.  
To think, Hillary with all her clout, with Bill's clout,  
With her being the First Lady for eight years, (even though she was in a corner,  
While Monika played First Mistress, after all Bill was hornier)  
The Clintons are worth ten of millions of dollars,  
Then why do her campaign aides work for free,  
At least one month, are they altruistic or that naïve?  
Barack (or some bumbling reporter said his name Barrack, (as in barracks)  
I wonder if Gomer Pyle, USMC had something to do with this?)  
Raised the bar by getting huge endorsements Oprah, Sweet Caroline, (bop-bop-bop) ,  
The terminator's wife and lastly a man, Senator Ted Kennedy,  
By his actions or inactions, was responsible for the death of Mary Jo Kopekne  
(see observation Well Hello Mary Jo)  
And Money, three times the amount Hillary raised in January.  
Hillary was bound by the recent voter's laws and laws governing the PAC.  
She attempting to beat Obama by outspending him, therefore she will be,  
The Leader of the PAC(k) . She learned it from Ron Reagan vicariously,  
Ron Regan led the USA to outspend and out produce the Soviet Union.  
That is why there was not shot fired between the NATO and Warsaw Pact troops,  
That brought an end to the Cold War which existed for a half century.  
But Barack learned as well. He is the underdog,  
Like in the last Super Bowl XLII, he is the Giant, Not from New York,  
Ready to close in on Hillary in the last two minutes of the game, the final warning.  
His campaign is self-reliant, he does not ask his workers to work for free,  
If the Democrats are smart they should stay with Barack,  
Come to think of it I hadn't heard from Bill in awhile, it's not his style,  
So his campaign strategy for Hillary backfired, to belittle an opponent took some guile.

## **Morgellons**

People may suffer with a disease I am not familiar about,  
The have lesions on their skin, fibrosis textiles, like polyester, by their cells,  
I could not believe what I was reading till I found out.  
Could it psychiatric or real, that is the CDC to tell.  
Is it from outer-space alien wise, or some inner-space in the mind?  
Manifestations of diseases are well-documented,  
Psychosomatic illnesses are something more than hearsay,  
But the evidentiary photos that I saw on the internet,  
Was too say at least grotesque,  
May God grant us wisdom on so unusual the cases may be?  
Another segment for "House" is in making,  
Another segment "Mysterious Diagnosis" is set to air,  
But Beware,  
    of things crawling on your skin,  
And having blue and red fibers from your body within.

## Morton

From sodium chloride to components of nuclear genocide,  
My God you are diverse.  
Would your little girl's umbrella shield her from radio active salt,  
Or fallout which is worse?  
Your interest appears to span from salt on the table,  
To the S A L T II tables.  
Your attempted cover up of the "O" rings,  
And malfunctions of miscellaneous rocket things.  
Make one feel uneasy, face it,  
You're no reincarnation of St. Francis of Assisi,  
If your salt mines are abandoned, there will you dispose of nuclear waste,  
Or put it in your products for human consumption, more or less to taste?  
Contamination would destroy most of mankind's feast,  
But for few tons of food that would somewhat pure,  
That can be kept longer, if by salt, it was cured.  
Gone be dollars, Marks, and Francs.  
Liras, Pounds, and Yens would also join the ranks,  
Like in pre-monetary society one commodity would last,  
As it had in millenniums past,  
It would be dealt with power and pride, a preserver through the centuries,  
Known as sodium chloride.  
As we know about, business profits during wars,  
For you Morton, "WHEN IT RAINS, IT POURS".

## **Mousetrap Anyone?**

Philip John Clapp, aka Johnny Knoxville,  
you are being sued by a person whose genitals  
Were apparently injured by you, not the clap,  
But a mouse trap.  
According to the lawsuit, you had a whim,  
The Jack-Ass said that you tricked him,  
He did no know that putting his testicles in mousetrap would hurt,  
It was the game by IDEAL - Milton Bradley, he thought,  
He about cut the cheese when he felt that wasn't plastic involved,  
Perry Caravello is filing a ten million dollar lawsuit in court,  
'Plaintiff agreed to do so,  
(His brain didn't say no)  
and, much to his emotional tranquility  
(and to his 50 IQ mentality)  
and to his physical harm,  
(he said my pain, my gain, and don't give darn)  
was severely injured  
(his soul is adjured)  
when the trap literally went on his manhood, '  
(causing the branch or limb or twig to become deadwood)  
the lawsuit contended.  
(it is my sanity that is offended)

He should be fined for his stupidity,  
His case should be thrown out court,  
Too late for McDonald's  
As when the 81-year old woman won the lawsuit who spilled hot coffee on her groin,  
And ruined her love life in her loin  
The Mousetrap makers will state on their product,  
Keep away from children, teenagers, adults,  
And other people that wear tights includin'  
The Pied-piper of Hamlin.

## **Movin' On Up To The East Side**

Robert Chambers (see observation S&M, B&D) is in trouble again,  
After serving 15 years for the murder of Jennifer Levin.  
The officers said he struggled during the arrest,  
He thought they were a bunch of Levins trying to accost him,  
But he failed to strangle them.

Back in 1986, he strangled a young lady in Central Park,  
He claimed that she attacked him to have sex with him,  
He strangled her in the dark,  
He got off with manslaughter, what a joke, he killed on a whim.

His girlfriend, Shawn Kovell, also was busted, thank God she wasn't killed,  
For this lawless man has know bounds,  
God forbid that the woman he was with was in jeopardy,  
He could've killed her,  
Like he did Levin,  
Like he did Barbie,  
On a lark.

In 2004 he busted for heroin possession and unlicensed driving,  
He served a hundred days but now he most likely to go for a length of time in the  
slammer,  
Could it be that he is just evil? The devil doesn't learn, he just instigates,  
I hope that Chambers stint in jail is somewhat more than a tithing,  
I hope that he spends the rest of life breaking rocks with a sledge hammer.  
Only then will I figure he has his just desserts,  
While Jennifer looks down from heaven's gates.

## **NASCAR or NAZCA in Idaho**

The symbol appears to be like the ones in, Peru.  
The buildings are modern not like Machu Pichu.  
One of the NASCAR sponsors would be proud,  
Viagra, the symbol says it loud.  
The symbol appears on Simplot Hill,  
Many have gander it from their window sill.  
Was it a correspondence by ALF's?  
Do we know what it is?  
In Boise, Idaho, there is something different.  
An anatomically correct phallic symbol.  
The aliens were thought from the vicinity of the star Cialis,  
An alien had to go to great lengths, pun intended,  
-to make the symbol,  
No, a human did it.  
For some it's a form of art and to others it's crass  
If an alien life form was to discover this engraving in the field of grass,  
Then what would they think?  
That human civilization is lewd?

Or would they think, GET SCREWED?

## Nature in HD

There is more color to life than man could conceive of,  
Whether it lies deep with the ocean or above the mountain tops above.  
Any person that's alive will tell you about sunsets,  
If they are not blind or choose to see the beauty that surrounds them.  
I will tell you about accounts that blew my mind.

You haven't seen neon blue,  
brightest form of neon blue,  
Almost electrically super-charged neon blue,  
Until you duck your head in a small, small row boat,  
And enter the Blue Grotto in Capri; then you'll see.  
There lies sun light refracted off limestone,  
90 feet below the surface, I might add,  
And the higher frequency of iridescent neon medium blue,  
Filters out from the seawater,  
which acts like prism;  
Nothing new.

Below the surface of the ocean,  
squid and cuttlefish use light to communicate,  
The glowing part surrounding the iris of a squid,  
pretty much like counter clockwise,  
Is multicolored but as neon as the Blue Grotto,  
I've seen all on TV programs like the TLC channel,  
But when I saw it for the first time it was fascinating.  
The brightest colors,  
under cars and trucks on South Beach,  
In Miami Beach,  
In essence,  
Couldn't hold a flicker of a flame,  
there are sooo many flamers in South Beach,  
Pun intended,  
to the colors the squid were exhibiting;  
bioluminescence.  
The Trifecta of this color race is the Northern Lights.

I experienced this in upper southern Michigan.  
Posen to be precise,  
I was playing in the Polka-Delics.  
We had a Polka gig playing at the Posen Potato Festival.  
When there are polkas there is beer, ... that's why we drink it here, .....

I had to go to relieve myself,  
as I emptying my bladder into the trough,  
I looked at the night sky  
and I saw a purple ribbon suspended in the sky.  
I thought that had imagined it,  
- but the imagined ribbon lasted throughout the night.  
The sun gives off solar wind that is captured by the earth magnetic field  
Both North and South Poles exhibit this phenomenon.  
I am glad HDTV is here,  
but I have seen natural HD,  
light performing its dance,  
All the LCD's or Plasma TV's could not possibly make a peripheral view;

For one to encounter entire totality of the circumstance.

## Needles and Pins

Elaine Davidson You are not a pin-up gal, rather a pinned gal,  
What do you when in an airport such as Heathrow,  
Do not pass through the security zone or have you gone to the airport,  
16 hours before your flight departure time to,  
remove any metal that would not be permitted to go.  
If you happen to get a MRI would metal in your tongue and other places,  
Rearrange the x and y,  
Searching around for the perfect song befitting you,  
And you the masochist you are,  
Along with your fame, in the Guinness World Record Book they have placed your name,  
That way you won, piercing the life out your skin,  
Many a needle and many a pin.  
Just how to say please  
And get down on her knees  
Yeah, that's how it begins  
She'll feel those needles and pins  
a-hurtin her, a-hurtin her (the Searchers)

Your were a nurse in Brazil, but that's not a challenge for you,  
You wanted to hurt so good that even Mellencamp,  
Didn't have a clue the day he penned the song,  
I am glad you found yourself but what does it feel like being a pin cushion.  
Hurt so good  
Come on baby make it hurt so good  
Sometimes love don't feel like it should  
You make it hurt so good  
(John Mellencamp)

I personally would not to be with you,  
because I would not to be surprised,  
Because if we got to know each other,  
have intimate sex,  
I would not be happy triplely, if not more, circumcised.

## Never Neverland

Michael Jackson real estate is in default,  
Neverland is a real estate, not in a Peter Pan Story,  
Michael Jackson's peculiar lifestyle has contributed,  
To amusement park, with an attached house, quandaries.  
It befits him, his strewn with allegations of being a pedophile,  
To massive amount of plastic surgeries,  
-all bent to him becoming Caucasian,  
To being the JACK-O of the tabloids,  
I don't really care if he uses Preparation-H for his face or hemorrhoids,  
He has the glitter of the Kingdom of Pop,  
This comes on his 25th anniversary of Thriller,  
Are you sure that's Michael Jackson?  
He appears much darker in the video.  
The video comes to mind all the scariness and all the fright.  
Michael is darker, because of lack of light.  
Jack-o is going to have to find a new place to stay,  
Oprah Winfrey's school in Africa is safe,  
It doesn't have rides, animals, Jesus Juice, and other toys,  
Besides that is a school for up and coming girls,  
Michael Jackson likes little boys.

## **Now We Don Our Kiwi non-Apparel**

A rude practical April Fool's Joke was played in December,  
Using Christmas as a guise, this 17-year-old bonnie lass,  
Sent a text message to her would be patsy,  
He thought he would get a piece of ass.

The 31 year old male was all topsy-turvy,  
Like a peacock strutting his thing for a Lexus in Peacock Blue,  
(see Observation The Name Lexus is for the Birds)  
But he wasn't gay, but he donned his apparel, his birthday suit.  
He went butt-naked, where he would land in someone else's property.

Lucky for him it is summer down there,  
For he and the girl would have no loss,  
I would like to visit New Zealand for the wild habitat and geophysical conditions that  
abound,  
No seeing a stark naked man, who instead of mooning you,  
Shows you his Southern Cross.

## **Nutri-System and Jenny Craig are for the Birds**

Thanksgiving came late for these Bald Eagles,  
A truckload full of fish for human consumption became their feast.  
No such dietary rules were in effect,  
For their meal was continuous and did not cease.  
They became gluttons and drunk with Omega 6's and 3's,  
And were not able to eat/drink and fly,  
They soiled their feathers,  
-could not clean them for they were rotund,  
The ambient temperature fell to well below freezing and some of them would die.  
The remaining birds were cleaned and heated in a warehouse,  
-the ones that did survived,  
Now the species that is America's symbol will be alive.  
The fad diets usually publicize their selves well,  
In the aftermath of holiday's weapons of mass waist destruction,  
If only we can only teach the birds how not to pig out,  
Then we can have bald eagles around for a lot longer.  
They would flourish once again.  
But now is the question to how to treat their baldness,  
Can you do something for their head, like Rogaine?

## O(h) ', O(h) '

Nearly all the Irish descendents have to change their surnames,  
Because Microsoft and Mac's,  
(the bloody Scots) do not recognize apostrophes.  
They kind say "It does not compute, it does not compute."  
Like the Robot said on the Jupiter II.  
For some unknown reason to me,  
-the apostrophes signify a part of a program.  
Through the binary language,  
it may represent a self-destruct program as far as I know.  
Carroll O'Connor, that proves it,  
-he had an apostrophe when he died,  
Jackie O' died, Peter O'Toole died,  
Sir Lance O' Lot is dead;  
Whack O' Jackson is dying,  
(he literally is falling apart) .  
Turlough Carolan[1]  
(Irish name, Toirdhealbhach Ó Cearbhalláin, 1670 - March 25, 1738) ,  
he died,  
This is not a coincidence,  
Sinead O' Connor is not dead yet,  
-but rise to music is.  
Gilbert O' Sullivan,  
-his music survives on MUZAK, (it died filing bankruptcy)  
He will be "Alone Again (Naturally) " eventually.  
This is Big Blue Conspiracy,  
I'm glad that my name is Rosochacki,  
Wait a minute there,

However I did make a CD of Irish songs entitled The Polish Rover(s) ,  
By Joe (O') Rosochacki, ---Awe O'Fudge.

## Ode to the Bird

How people flocked to see him pitch.  
He was tall and lanky, fidgety, a Detroit Tiger was known as the 'Bird'.  
How sorely he will be missed.  
He was often described as eccentric, crazy, de-de-de and in fact weird.  
I often would see him on the TV on Tiger Baseball with Al Kaline,  
- or listen WJR-760's Ernie Harwell for a switch,  
My dad seemed to be amused by you,  
His viewpoint was shared by a lot; more than a few.  
Call it superstition, not to be confused with another Detroit superstar,  
Little Stevie Wonder,  
He talked to with the baseball, he did not step on the baseline  
He would crouch down on the pitcher's mound and fix cleat marks, what became  
known as 'manicuring the mound', talk to himself, talk to the ball, aim the ball like a  
dart, strut around the mound after every out, and throw back balls that 'had hits in  
them, ' insisting they be removed from the game.  
Somehow baseball would never be the same,  
He was born in the same year as I was,  
For him fame was fleeting after five years at which point he ran out of luck,  
Injuries kept from the game,  
he wound up in Massachusetts,  
On a farm right next the place he grew up in,  
Last Monday, April 13th, 2009,  
--he was found dead lying beneath his 10 wheel dump truck.  
He'll be missed,  
For the five years he gave entertaining us and to top it off being Rookie of the Year,  
So sad, the Spirit of Detroit shed more than a tear.

## Oh Oh Rios!

"Don't you want to get high? "  
A woman hollers,  
"Don't you want your hair braided? "  
"C'mon mahn let me show my shop? "  
Beggars and children begging for ten dollars,  
(13 cents US)  
Wal-Mart and Hi-Lo are the same, (they look the same)  
McDonald's and Mothers are one in the chain, (they look the same)  
Is this by arrangement?  
Or is this by copyright infringement?  
Traffic, both autos and bipedal systems, are busy,  
Diesel exhaust abounds,  
-uneven narrow pathways,  
Not by anyway handicapped approved,  
Judy says the fumes are making her stomach feel queasy.  
The sidewalk, per se,  
Makes my legs uneasy,  
To navigate the steps on curbs,  
-the twenty five degree perpendicular grade,  
To the walkway,  
To have my ankle pronate outward,  
But at last we have arrived to Juici Patties.  
The patties are much has the standard to us in the US,  
also known as Americans,  
Thanks to Caitlin Uptown,  
-as hot dogs and hamburgers,  
I am "horticulturally" enabled to pick out some plants,  
By my resident horticulturalist, my wife, Judy,  
We together went Scuba Diving,  
A first for me since I became ill,  
-after 700 dives before February third 2006,  
The one that will last a lifetime was this one,  
albeit short and minimal depth,  
I dove with great confidence and did with my buddy for life,  
Judy,  
My partner, my buddy, my lover, my wife.

## Old Oil Never Dies, It Only Fades Away

Exxon Valdez,

The 1989 environmental disaster that plagued the pristine wilderness of Alaska,  
Is back in court, Exxon faces punitive damages in excess 2.5 billion dollars,  
"That's not fair" the CEO for Exxon hollers.

Exxon has paid more 3.2 billion for the clean-up in Prince William Sound,  
Should Exxon be penalized more?

Is only 1/14 the profits made Exxon is 2006,32.5 Billion dollars to much,  
We as Americans should holler, is Cheney still at Halliburton?

The profits are obscene, close to dealings with the devil, and such.

I viewed a documentary on ENRON with my wife last night,

It was no surprise that Cheney and Bush's got along well,  
with the unscrupulous chairman, Ken Lay, of ENRON.

'Exxon Mobil, the sole operator, is planning to shoot some three-dimensional  
seismic logs on the field, which has never been done and could reveal new reserves, "  
said Elizabeth Cheney, Exxon Mobil's operations superintendent for the field.

She's a proud daughter of her daddy-O,  
who's vice-president of the USA, (see Observation ConocoPhillips)

Exxon, will the case thrown out, that is my prediction,

One of judges had recused himself, Judge Alito,  
because he has stock in Exxon.

"What shall we do with drunken captain? "

An Irish drinking son adaptation.

The old rule he who has the gold rules the world,

The new rule, he who controls energy moves the gold from the platform  
to the petrol station.

The globe has been reduced to size of a chess board,

With individual countries being many a chess piece,

The political explanation will be twirled,

To satisfy the cogs of the wheel,

Remember the squeaky wheel gets the grease.

## One "Change" for Drug Names

The New York smack dealers have done it all,  
From the kilos to the bags that are small,

After all history had been made through this presidency,  
What better to celebrate it by dealing dope?

"...the president's surname was stamped in red ink on small glassine wrappers that were peddled by street dealers. Investigators arrested five suspects for their alleged roles in the narcotics distribution activity."

Need not fear, for the highest office in the land is shared with other names and events,  
For example there is bin laden heroin,  
Harry Potter Ecstasy,  
Bricks of Teletubies cocaine  
if you imagine that President Barack!  
In the honor of St. Patty's Day the green-tinted (O') crack.

## **One Ringy Dingy, Two Ringy Dingings, Three Ringy Dingings, Four-Oh Shazbutt!**

Ernestine Tomlin would've had a fit,  
The would be terrorists are laughing a bit,  
The Ma Bell, excuse me,  
The independent phone company,  
Cut off services to the FBI wire tapping,  
The ghost of J. Edgar Hoover does not think this funny;  
It's a kind of a drag.

"Evidence once was lost when surveillance established  
by a Foreign Intelligence Surveillance Act order,  
which typically targets suspected spies and terrorists,  
was 'halted due to untimely payment.' "

So how do we spend billions of dollars in Iraq,  
Afghanistan and Pakistan,

And forget about paying the phone bill?

We ought not to think of the ramifications,  
Had President Kennedy been cut off from Moscow,  
In the wake of the Cuban Missile Crisis,

--Humor me if you will,

"Deposit \$10,000 dollars, only in quarters, dimes, and nickels,  
no pennies please, for the next three minutes."

Enough about DynCorp and Black Water if we'd only understand,  
That INTEL is not a company; it's our major defense.

I wonder if Maxwell Smart ever had this problem with his shoe?

Did 007 ever get cut off from British Telecom?

Did Napoleon Solo get cut off from his U.N.C.L.E. including Channel D?

Where did the Bell Company go when they outed "Deep Throat"?

Wiretaps for Martin Luther King, Jr. and John Lennon, so I'm told.

Wiretaps for Gotti and other crime bosses but not for the terrorists?

What if Jack Bauer got cut off from CTU

Because he didn't pay his cell phone bill?

There would be no more 24.

I would answer this conundrum, but I'm on hold.

## **Ooh-la-la Oompa-Loompa**

Oompa, Loompa, doom-pa-dee-da  
If you're not greedy, you will go far  
You will live in happiness too  
Like the Oompa Loompa doom-pa-dee-do

Oompa, Loompa, doom-pa-dee-do  
I have another puzzle for you  
Oompa, Loompa, doom-pa-da-dee  
If you are wise, gas up before your tank reaches "E"  
(Willy Wonka's Chocolate Factory)

Paris to the rescue of an injured Oompa-Loompa,  
Paris stayed at the Oompa-Loompa's side until medics arrived,  
The Ambulance came, and it did not run out gas,  
To much her chagrin, Paris Hilton, did run out gas in her Bentley,  
She had hoped for the best she continued to drive, -on vapors.  
On a \$300,000 Bentley there must be an idiot light to show you have a low tank,  
Behold the paparazzi,  
-her knight in shining armor,  
-with camera in hand,  
Who got her gas, she would have him to thank.  
My goodness had she had been the ambulance driver,  
She might not have saved the Oompa-Loompa.

## Open Wide

Dr. Mark Anderson, 54 breasts fondled, all in the name of dentistry,  
It is not a mystery, that the breasts you fondled were not the male species,  
The 27 that chose you for dental care,  
You made a point of it or shall call it a titillating dare,  
That you molested the women  
In your chair.  
You claim that their temporo-mandibular joint disorder could be alleviated,  
By massaging their breast,  
T'is more than a quest,  
To see if your female patients, who aren't aware,  
Could be conned in this unusual laboratory test.  
What do you do when they need a root canal?  
Do you touch their private parts to relax the nerve?  
His lawyer Robert Zaro, said Anderson,  
who lives in Woodland, California,  
"needs to keep seeing patients so he can feed his seven children  
and pay for his defense."  
It is his lawyer's fee that is his pretense,  
This reminds me of another California trial times two,  
The trial of the Menendez brothers Erik and Lyle, whose lawyer  
Leslie Abramson,  
Spouted out "They are orphans now."  
For Dr. Anderson, he is about to beg with the state to not rescind  
His ability to practice dentistry  
And perform an invasive operation,  
For there are only victims,  
Who are groping with the situation.

## Oscar, Bert and Ernie

The Sesame Street characters should another gig,  
Somewhere they can make big bucks big,  
It has come to this writers conclusion that 30k,  
For pre-school and Kindergarten is too much to pay.  
I was floored  
when I heard tuition being reported by Forbes  
That people sign their children on waiting list  
At birth or if they're Jewish, the baby boy at his briss.  
If I were Oscar, Bert, Ernie and Big Bird  
I would go on strike,  
Or the Count,  
Can you count,  
vahn, two, three times ten times thousand,  
What's the word?  
Red, Green, Yellow  
Donovan was mellow,  
Betcha' his parents never 13,000 quid for British Kindergarten,  
Day cares should a lot cheaper than that,  
It a pity, that parents who in the city,  
Are forgetting the most important thing,  
They are their child's teacher,  
The Sesame Street Song,  
-they should, with their children, sing.

## **Ouch! That's Gotta' Hurt**

C'mon guys its spring training!  
Shelley Duncan about circumcise  
Akinori Iwamuri.  
Shelley's spikes were as sharp as a Samurai Sword,  
If not then a couple of Ginsu knives,  
(it slices, it dices)  
Not really, but it made a dramatic color commentary  
What a surprise! (Anyone care for Sushi? Never mind.)  
To nailed in groin by spikes worn by a Shelley.  
It's an election year so all things are possible.  
"Bonsai" said Duncan,

Duncan was ejected from the game,  
Duncan was probably acting in retaliation,  
But in elation.

(Shelley Duncan's hard slide into second base with his spikes raised sparked a bench-clearing scrum that resulted in two players and two coaches being ejected during the second inning of Tampa Bay's 7-6 victory.

Duncan, who had hinted at the prospect of retaliating for the Rays' Elliot Johnson barreling over New York catcher Francisco Cervelli last Saturday, spiked second baseman Akinori Iwamura in the right thigh and was immediately tossed.)

## Oy Vay Maria

Leave up to the French, the "froggers" to make fun,  
Unlike Phillipe Rebboah's ancestors, which are nameless to name,  
Yet they produced a gothic architectural monument for the ages,  
They produced the Cathedral of Notre Dame.

Phillipe's gift is that of a movie producer,  
Nostradamus who would never see this coming,  
Britney Spears is Virgin Mary in a parody of the Christmas story,  
All Christians should be seething.

She is pretending to be a Madonna with Child,  
She is pretending to be like a virgin, touched by the very first time,  
I am getting bored writing in quatrains like Nostradamus,  
I am getting bored writing about Spears and Ciconne, enough of this rhyme.

### Our Mary

Our Lady full of grace,  
The Lord is with thee.  
Blessed art thou amongst women  
And blessed is the fruit of thy womb  
Jesus  
cursed  
Holy Mary, Mother of God,  
Pray for us sinners,  
Now and at the hour of our death.

## **Padre Pio (not one of San Diego Padres)**

I was born of Polish Catholic ancestry,  
I attended thirteen years of Catholic Schools;  
The schools were Our Lady Queen of Apostles and St. Florian High.  
But it would never have dawned on me:  
The Roman Catholic fascination with mutilation and Death.

There are two distinct areas of thought;  
the American-Catholic experience  
And that of the European Catholic.  
Back in grade school,  
we were taught that the altar had to be consecrated by having a Relic  
-entombed in stone via a glass casing to render the altar sacred by a bishop.  
The relic could be something such a hair from a saint,  
the wood splinter of the cross,  
or a piece of cloth worn by a saint.  
I was slightly misinformed about menial relics.  
I had the morbid opportunity to venture into Italy where Catholicism is strong,  
Hence Roman Catholics.  
What I saw is not what I learned in the USA,  
it does matter.  
In St. Peter's Basilica,  
the magnificent embodiment of Renaissance Italian art and architecture, there were  
side altars, besides the main altar.  
These altars were constantly in use.  
There were, I believe, six or eight of them.  
There was a Mass performed on one of them 24 hours a day;  
some delivered in Latin.  
Their relic were dead popes,  
at times enclosed in a marble sarcophaguses(?):  
But sometimes they were in a vacuum sealed glass enclosure.  
You can witness their somewhat decomposing faces without gold death masks.  
Yet the priest says Mass,  
- over these perfectly preserved posthumous Pontifical people.  
Traveling with Detroit Anthropological Society,  
We ventured onto Siena.  
St. Dominic's Cathedral was the heart of the Siena.  
St. Dominic's was not finished,  
-either because of the bubonic plague or  
The city simply ran out of money.  
In the end, the construction did falter.  
St. Catherine of Siena is their patron saint.  
I was shocked when I saw the relic on a side altar;  
Her glass enclosed head.  
- Need I say more?  
The altar was equipped with her leather breast binders,  
And cat-o-nine self-flagellation instrument,  
Along with, hold on to your seats,  
her cut off finger stuck on a bill spindle.  
I read that she slept on a rock for a pillow,  
-she was said to have stigmata.  
Now Am I Crazy Or What?  
What is this; Opus Dei?

Here we have a woman who sleeps upon a rock for a pillow,  
subjects her body to torturous conditions while binding her breasts,  
whipping herself till she bleeds,  
and in the end gets her head and finger cut off to be put on display all within the  
Vatican's reach.

The nuns never told me about this;  
I wonder if they knew.  
So that brings us to Padre Pio.

Padre Pio, not one of the San Diego Padres,  
I doubt they would draft him,  
Being in his condition and all,  
But yet he is gawked at by his fans.  
Pretty soon they will be perhaps carving up his remains  
to send the relics,  
To future churches that will be consecrated by placing the relic in the altar stone.  
I wonder how this will affect his resurrection or rapture.

"I'm in pieces, bits and pieces" by The Dave Clark Five, keeps on playing in my mind.

So Padre Pio,  
Requiem æternam dona eis, Domine, et lux perpetua luceat eis.  
(Eternal rest grant unto them, O Lord, and let perpetual light shine upon them.) ,  
NOT!!!!!!  
Not peace sublime,  
The Vatican may have a world tour for you,  
You may go in the Far East,  
Africa,  
South America,  
Central America,  
North America  
And Australia;

all at the same time.

## **Paris Went to Hilton, Uhm, Harvard**

Paris, Paris you finally made it to Harvard.  
Let's party and you'll cry if you want to,  
50 Cent can be your own personal muse, Urban Poet, a poetic sage,  
When he said to you, Paris, "Get the F\$\$k off of my stage."  
(see observation It's My Party)  
Was it because you found the solution the world's problems?  
Had you discovered how to extract information from DNA within seconds?  
Had you discovered the link between gravity and the electromagnetic spectrum?  
Or had you brokered peace between the Israeli and the Palestinian Nations,  
That would end violence?  
But you declared "Harvard is Hot",  
Amazing you can put three words together two of which had the same starting letter.  
You are a GENIUS!  
NOT!!!!  
You are epitome, that means you are the highest, of a joke that Harvard Lampon  
honored,  
You were dishonored and rightfully so,  
I hope you will peel off your blinders to hopefully see,  
You are wasting your life and providing fodder for the paparazzi.  
Your grandfather wanted nothing to do with you.  
Paris when you're out money, when you had fallen from the top,  
Maybe I'll find your Lampon Award in a pawn shop.

## Paterson Made History

David Paterson became the first blind governor of New York State today,  
He acquired the title from Eliot Spitzer who was disgraced,  
(see Observation Cost of Living is Up)  
When he bet that he wouldn't get caught with lady of the night far away.  
Paterson is the first black governor the state has had.  
Too bad for Hillary, Spitzer was supposed to be a super-delegate at the convention.  
He supported Hillary, and Eliot did not include David in the loop.  
Therefore is David to support Eliot decision to support Hillary,  
I think not.  
David Paterson, who is legally blind, can see through all of smoke and mirrors.  
I bet that he votes for Barack.  
This can be a monumental year for American Politics,  
The year that the color barrier is broken.  
It's been time that the United States motto has come true.  
By the voters mandate and referendum,  
E Pluribus Unum.

For all those wish to blame others for their condition,  
Mr. David Paterson, who deeply sounds out to the American Dream,  
Given the potential setbacks, he beat them back by attrition.

## **Pawn Shop**

Yellow tickets assigned to items,  
Dreams of hope of past, present and future,  
On collateral with items above diversification.  
Some of their former mentors used plastic to purchase,  
Later pawn their peculiar products,  
To the purposeful pawn person who catches their concern,  
With a constant continuous flows of quick cold cash,  
For their stash and crack.  
Guns, stereos, you name it he's got it,  
In this pawn shop, on Saginaw Street, in the city of Pontiac.

'I'd like fifty" pawn man say "Five",  
"How about thirty-four? ", pawn man say "Ten not a penny more".  
Ten bucks for a DVD/VCR to hold for thirty days,  
He'll set it for sixty dollars if a day past thirty it stays.  
Inventory,  
Never a complete story,  
Cases upon cases, of guitars he will sell and stack,  
In this pawn shop, on Saginaw Street, in the City of Pontiac.  
Cd's, cameras and many a tool, no need for a blue light special sale,  
For the shopper of the bargain basement school,  
No formal sales receipt, ten pounds of coffee, no credit cards or checks,  
His mom raised no fool, just pure cash.  
He buys for less and sells for more, in a never ending cycle.  
Based upon suppliers hard on their luck, who will hock even the city trash,  
For their alcohol and stash, or a poor persons' putrid panache.  
He says he isn't a fence and does this, contacts the police,  
If ANYTHING SMELLS ILLEGAL: SO HE SAYS,  
"You're always welcome back."  
To the pawn shop, on Saginaw Street, in the City of Pontiac.

## Pepe Le Pew is Jet Setter

"Oh No, No, No, " said Pepe Le Pew found out that the destination was Bogota.  
Originally he wanted to go to 'Paree', France,  
- though he wasn't gay,  
After all he spent countless years,63 of them in fact,  
trying to get to Penelope Pussycat,  
Who had a white paint stripe on her back?  
Penelope Pussycat did not want him so he decided to go away.  
To his home, and "make love" to French pussies that would have him,  
Is there any question, Duh?

When he found himself in Miami;  
He was on board a plane that was heading for Colombia.  
He found the wrong plane on the tarmac he was confused,  
Then he noticed humans speaking Spanish not French,  
Then he let loose and put out his stench,  
After all he was not going to fly all the way to a country in South America,  
He didn't speak the language;  
he barely got by with speaking English,  
He did want to go the to the Left Bank and Moulin Rouge,  
He wanted to be back home he would often wished,  
He will eventually go to Paris, France and be rid of the wench.

## Peterson

Drew and Scott are they brothers?  
Lacy and Stacy are sisters,  
-they are sisters in death.  
Scott was already convicted off the despicable crime he masterminded  
Upon his wife, Laci.  
Drew has yet to be charged for the murder of his wife Stacy.

Drew Peterson, a score and a half years her senior,  
Has been many times went around the block,  
He wasn't born yesterday;  
-his mamma didn't raise a fool,  
Forget about the rest of the clichés,  
He made it so that the law would not find her body,  
Drew is a policeman himself and he is a good student these days,  
That Scott had unintentionally taught,  
He was not prepared to do what Scott abhorribly\* did,  
get caught.  
Not to mention CSI's,  
Law and Order,  
their forensics,  
Nancy Grace and the internet,  
What more could killer ask for?

Scott perpetuated his guiltiness by masquerading in some type of get up,  
Complete with dyed hair and ten thousand dollars in his hand.  
Drew was less dramatically, He wore a baseball cap.  
Shades, and a bandanna covering his nose and mouth.

Kathleen Savio, will, by the will of God,  
have her day in court if all goes well,  
Drew was married to before too,  
-when "accidentally" she died,  
She supposedly drowned a bathtub;  
-her demise is under scrutiny now.  
Will Stacy be found?  
Will she be put rest?  
Surely it's anybody's guess.  
Somewhere in heaven Stacy and Laci have an eternal time,  
To figure about how were they bamboozled by the con,  
It's so sad that these beautiful and vivacious women were cut down in their prime of  
life,  
Their spirits move on,  
by the devils that are in the world,  
unabridged evil,  
For Satan is abundantly surreal,  
-as witnessed in Scott and Drew,  
-evil is primeval.

Today Kathleen Savio death was ruled a homicide,  
'You're kidding me. Unbelievable. That's hard to believe, '  
Drew Peterson said; in his maneuver do deceive,  
He attempted to cover his tracks well,

But in the end time will tell; when he gets to finish his life in a jail cell.

It's been little more than a year,  
Finally Savio's family would have something to cheer,  
For Drew Peterson had been arrested yesterday, charged with her death,  
The blinded eyes of justice will have other looks,  
Drew made a comment, a joke,  
- when he was in handcuffs, and he went to the jail in the police station,  
"I should have returned those library books".

## **Peterson, Jazz Piano at It's Finest**

It's not about Stacy or Lacy, but it's about Oscar.  
No, not that Oscar,  
-but that Oscar who had the Midas touch twinkling the ivories.  
Oscar Peterson died today, a musician that will surely missed.  
Although he encountered social and racial,  
- but music knows no race barrier,  
He was a damned good pianist;  
the social norms he lived in. did not far away from genius.  
Lately the Peterson name has been singed with homicides,  
But by many accounts his music brought life a little bit merrier.  
Maybe he'll get to play a trio with Count Basie and Duke Ellington,  
That would be an awesome concert,  
Can the angels improvise?  
If not, then he'll teach them.

## **Pit Bulls and Pigs and Lipstick, Oh My!**

Vice-Presidential Candidate, Governor Sarah Palin,  
She said the only difference between a pit bull and a hockey mom is the lipstick,  
I don't need add more to that except we have pit bull and she doesn't play a lick,  
And she's not a mom or a governor; at times she can be a demon within.  
Obama stated that you put lipstick a pig you still have a pig,  
I wonder if Eva Gabor with her a pan za cakes a would adorn Arnold Ziffle,  
Green Acres is what both McCain and Obama want on 1600 Pennsylvania Avenue.  
Obama was criticized for mixing the pig and pit bull analogy,  
A mulatto in essence,  
However, to tell the truth  
Vice-President Cheney,  
And Senator McCain used the lipstick on a pig themselves,  
Back in days before Palin was known about,  
If only I can imagine what Porky would say about these analogies and jokes,  
When will this end, on November 4,2008  
And as Porky Pig would say, 'Bdea-Bdea-Bdea- That's all folks'.

## Pot Luck Lunch

Where are the candy bars?  
Where are the Coke and Pepsi machines?  
They are still here, along with cafeteria items.  
Along with those who give cancer sticks.  
Oh those fine cuisines.  
The top two will surely get your health with unease,  
The high fructose corn syrup and the refined sugar, if you please.  
The cafeteria items are made to last a century,  
The BHT's, the salt content,  
can lead to high blood pressure,  
Which can cause strokes,  
The machines that dispense the cancer sticks,  
Only in cocktail lounges, --the sticks will yield someone to cancer,  
But there is a device that would help, not a cure, not an answer,  
But the vending machine gives the ease of pain,  
When their medical approach is futile not much to gain,  
Except "getting high".

"At the Timothy Leary Medical Dispensary in the San Fernando Valley, the vending machine is accessible only during business hours."

What a trip!  
It like having the Reverend Jim Jones manufacturing soft drinks,  
Don't you want a sip?

"Marijuana use is illegal under federal law, which does not recognize the medical marijuana laws in California and 11 other states."

This was the ideal the South fought for,  
But it was defeated by the North,  
States rights versus federal,  
Democracy it is an ideal,  
--but subsequently not brought forth.

## Presidential Race-Mania Match No.1

The Television set was set for the match of wit,  
Or lack of it.  
In one corner the veep sat as a king,  
The anchor behind a console, what news would they bring?  
To us in God we trust, with them we must,  
Iran-Contra, those dirty four and five lettered words with a hyphen,  
Danny looked at Georgey with the eyes a python,  
About to asphyxiate its prey.  
With a barrage of questions still unanswered till this day,  
Of arms for hostages, money for Contras,  
The way it seems Casey only knew that, seems to be what is thought and said,  
Casey was the only one up to bat, too bad, so sad, that he is dead.  
Georgey became an instant tiger,  
In a way calling Danny a hypocrite, if not a liar,  
Georgey would not become some kind a political whore  
To be used by some sensationalistic-journalistic pimp  
Georgey would prove he was not a whimp  
Later Georgey would have the better score,  
For Danny: One bush in the hand was better than two birds in a Bush.  
For Georgey: Dan you were a real son-of-a bitch, I'd Rather fight than switch.

Dudley we need you now,

Some parents should not be parents,

Could it be the machines that spill you tickets to redeem for prizes?  
\$25 in tokens for \$2 disguises,  
Or the football games were on the television sets, -is Dallas playing?  
It could be worse, some parents forget about their children in the car,  
During summertime, a/c off, windows rolled up, sweltering, blistering heat,  
They forgot that they had their children,  
They do errands, and some forget because the children made them beat.

## Religious Right is Not Necessarily Right for McCain

) John Hagee, the controversial evangelical leader and endorser of Sen. John McCain, argued in a late 1990s sermon that the Nazis had operated on God's behalf to chase the Jews from Europe and shepherd them to Palestine. According to the Reverend, Adolph Hitler was a "hunter," sent by God, who was tasked with expediting God's will of having the Jews re-establish a state of Israel.)

Or right for anyone who believes in 'The Word' as Christians call it.  
First, Hagee attacked the Roman Catholic Church calling the Pope an anti-Christ.  
Hagee is evil,  
Hitler was evil,  
Hagee is one of anti-Christ's,  
Hitler was called an anti-Christ's,  
Hagee said it was God's will for 6,000,000 to death.  
(And countless tens of millions that the Axis powers laid to rest.)  
Gassed and later burnt in the crematoriums,  
(If I'm not correct The Word says that the Lord has given man 'free choice')  
Hagee is no worse than the Islam militants. If the shoe fits then wear it.  
Hagee is no worse than Luis Farakhan, Reverend Wright,  
Hagee is no worse than the president of Iran, Mahmoud Ahmadinejad.  
Hagee said Hitler was a 'hunter' who hunted down the JEW.  
Ahmadinejad swore that Iran "will wipe the state of Israel off the map",  
(if Caitlin Upton can find a map)  
If Hitler and Ahmadinejad have the same goals,  
Then Hagee would agree with their MO's, (modus operandum)  
Then if you take 'The Word' at face value,  
You have to find that Hagee is just as evil,  
just too much to abhor,  
I wonder What Jesus Would Think,  
about Hagee,  
Wright,  
Cre(ate) flo(w) (of) Dollar(s) ,  
(Who changed his name from Michael Smith, see observation Creflo Dollar Store) ,  
So logic dictates:  
If Hagee supports Hitler's handling of the Jewish problem,  
Hitler like Ahmadinejad wants to destroy the Jews,  
Then Rod Parsley (who speaks anti-Islamic rhetoric) ,  
Must be in some conflict with Hagee.  
HUM? ? ? ? ?  
What Would Jesus Think?  
Would the anti-Christ join Hitler and God in one sentence?  
That Hitler and God were in collusion with each other?  
That Hitler was sent by God to do 'Opus Dei'? (the work of God)  
I think not.

## **Ri(t) chie Ass Son of a Bee-atches, Bee-atches, Peeping Tom(cat) s and Vixens**

Nicole Ritchie has nothing over this group of bee-atches,  
Paris Hilton has nothing over this set of vixens,  
They are both hoochies.  
The Hilton pales in comparison to 5+ stars hotel,  
In Pompano Beach there are bitches residing at the Chateau Poochie.  
That's right the canines and felines reign supreme,  
There are pools, plasma television screens,  
-and dance floor to have a disco scene.  
The Chateau is complete with groomers,  
custom bedding,  
It is not a Motel 6,  
More or less, a Motel 6,000,  
It can be a place for a beautiful four legged friend's wedding.  
The humans are not allowed to venture to this 10,000sq/ft abode,  
Though they can watch on closed circuit TV their pets engaged in struggle for power,  
When their pets get together at social hour.  
Who knew S/E Florida would be as crazy at La-La Land,  
At least they don't have Michael Jackson's Never, Neverland,  
I knew, because I lived there,  
It is a pity that the money spent on super pampered poodles,  
And Curiously Coveted Cats would overlook the needs of humans.  
Human priorities are the highest orders of priorities that should belong,  
To us,  
Thank God for the rest of America,  
-such as here in east Texas, where I live know,  
There is a sense of things that are right and things that are wrong.

## Rocky Raccoon-ish

Now somewhere in the black mountain hills of Chicago  
There lived a young boy named Rocky Raccoon.....(The Beatles)

Road Kill was all I wanted to have my tantalizing taste buds taste,  
Raccoon, all the raccoons seemed to die waste,  
Along Farm Rd. 275 North or I-75 or I-94 or Highway 11,  
To the gamey diner raccoon is like chicken but more it's heaven.  
Alice's brother said to me "Didn't you eat 'coon before?"  
I replied "They don't prepare the 'coon in Hamtramck."  
But in Michigan, downriver from Detroit, they serve muskrat.  
Muskrats and raccoons they're all road kill,  
I thought about and stated we eat lobster, shrimp and crab.  
Which are the cockroaches and spiders of sea,  
So why not, have some road kill,  
you may find out that is your cup of tea.  
So is the Captain and Tennille going for this delicacy?

## **Runaround Duke Or Duke, Duke, Duke of Earl**

Crystal Gayle sang:

You gotta be rough, you gotta be tough  
If you're gonna fall in love these days  
You gotta keep your eyes open all the time  
Or you'll get your heart broke along the way `  
These days too many lovers these days not enough love  
These days too much danger to be aware of  
Games and lies, lies and games made up faces with counterfeit names

Crystal Gail Mangum;

Cried rape, a stripper, an escort, (at your service) ,  
Did claim that she raped by Duke University Lacrosse players.  
But the case was often mystifying for there was no DNA evidence to make crime fit,  
No Horatio here, no CSI: Las Vegas, Miami, or New York here.  
The group was dismissed, suspended from school, their coach quit,  
Their names were plastered all over Newsweek and Time,  
Such racial tensions that bordered on riots.  
Jesse Jackson and Al Sharpton,  
Clamored for more than a piece of the action.  
These gentlemen were convicted in the news with help of Nifong,  
He was going to them crucified by what they allegedly done,  
He is going to get their confession by hook or crook, even by duress,  
Feminist were coming out of woodwork,  
Like in the Tawana Brawley case,  
Their views gone amiss, Nifong had confess  
He had no evidence to try to defendants,  
Even though he tried very hard,  
Mangum recanted her statements,  
Nifong was later disbarred.  
Jackson and Sharpton they have to apologize yet,  
For not more fifty years, if opposite were true and the world to see,  
You would a band of Afro-Americans  
Not Euro-Americans,  
At the end of noose hanging from tree.

## **S & M and B & D**

Anyone for some S & M. B & D?  
That is what Bob and Jenny Though was heaven.  
Until it turned in to a nightmarish Hell,  
When Chambers strangled Levin.  
"She was molesting me, having her way."  
In the crab-apple grove in Central Park,  
He had to stop her, he was in pain,  
While they continued to screw in the dark,  
Their passionate love B & D ran amuck,  
Should I be so fortunate to have such luck?  
Bob copped a plea and therefore reduced his sentence.  
From first degree murder to manslaughter,  
From possible life to five years at best,  
What would you do if that was your dead daughter?  
It is as ridiculous as the Vincent Chin case.  
Another miscarriage of justice, the balance of the judicial scale,  
To be put to test only to miserably fail.  
Central Park, you know what happened that night,  
In the darkness of moonlight or bright sunny daylight.

Chambers and Levin, S & M and B & D,  
I don't know how you did it Bob,  
That is "getting off" so easy,  
You should've been convicted of murder of at least the second degree,  
Another case delivered by the justice of the blind-folded statue,  
The lady with the scales, the one that cannot see.

## **S P Q R (Senatus Populsque Roma) , ((the) Senate and the People of Rome)**

U S A, C C C P,

Will they go very far? As far as S P Q R?

S P Q R, a proud representative set of consonances was a system of democracy,  
With a dictatorship, an empire that transgressed many lands across wide distances.

S P Q R did go far through the centuries, no holds barred.

S P Q R an integration of socio-economic discrimination.

Based on a privileged few and those who allegiances would be true,

U S A, C C C P will they go as far?

Identification of not only geographical limitations but a symbol of a political condition,  
As far as its' subjects were concerned.

S P Q R, the color red flows in at least some way within the colors of this tribunal,  
Between the centuries and other dimensional distances.

Is U S A, C C C P, a S P Q R; but newer?

But one thing cannot be truer,

After millenniums of S P Q R control the only known civilized world,

Nothing was more striking to see, to fill one with bewilder,

When I saw S P Q R, in Rome, on top of a water sewer.

06-1987

(CCCP was the equivalent to the Acronym USSR. For those do not speak or read Russian C' are S's and P's are R's which probably stood for Soviet Socialist States Republic. ## **Santa the Knife**

Max Weisberg, Jewish and skinny, is Santa Claus,  
He had taken his suit to the Royal Cleaners owned by a people of Chinese descent,  
It is as mixed up as trying to figure what is and what was,

The Chinese/American Royal Cleaners misplaced the big red and white suit,  
The elves couldn't find it; the Oompah-Loopahs did the same,  
The Munchkins said they hadn't the foggiest idea, in the court Max won his lawsuit.

The owner of the cleaners said "The check's in the mail", not so,  
Santa donned his second string suit and paid a visit to the Royal Cleaners,  
Santa had to collect in person, with television cameras with lights gleaming,  
Their images being sent to the North Pole.

The Royal Cleaners said that they will mail the check tomorrow,  
But Santa warned if it's not found,  
He will stage a protest in front of their store if he is not satisfied,  
The reindeer have some pretty teeth dear, and Santa's back in town.

## **Screwed to Death**

Mr. Sergey Tuganov had taken a challenge from two Moscow women,  
He would not let his pride be underestimated or undermined,  
The women bet him \$4,300.00 that he could have sex for 12 hours straight,  
Forgetting about pleasuring himself as his name would indicate.  
The Russian Comrade would not let medical advice hinder him from his revolution,  
-ugh resolution.  
'In the rare event of an erection lasting more than four hours, seek immediate medical  
help.'  
Was an indication.  
12 hours into them that was the finish for one bottle of Viagra  
and sad to say for 28 year old Russian,  
He won the wager, but alas he wasn't feeling fine.  
Sergey Tuganov couldn't tug anymore, he was dead-  
The medical warning came into its full fruition.  
Suggested new health warning: 'In the rare event of a Russian all-day Viagra orgy  
challenge, politely decline.'  
As far as promotion of the drug, it needs a different TV campaign,  
something special,  
Rather than a Viva Viagra commercial,  
"Moris Viagra! "  
Would have immediate repercussions.  
As far as the state he died in,  
I'm not sure he will be able to fit in a standard coffin.

## **See Ya' Later Alligator**

Wally Gator is a swinging alligator in the swamp.  
He's the greatest perculator when he really starts to romp.  
There has never been a greater operator in the swamp.  
See ya later, Wally Gator. (Hannah-Barbera)

CSI: Miami did not get the killer,  
Two men were involved a burglary,  
Their crime would be paid for,  
- if only they knew  
One did not make it,  
He bit off more than he could chew,  
Wally Gator did prove that crime doesn't pay,  
For an unknown robber would die today.

For a man desperate to not get police custody,  
Found the arms and teeth of a gator in a lake,  
In the area of the nation of Miccosukee,  
He left a bloody trail that was his in his wake.

Whatever he and his partner stole,  
Was not worth the price he gave,  
His partner remains unidentified,  
His partner has a second chance to behave.

The gator acted as police, judge, and executioner,  
For a crime that wasn't serious at all,  
Makes me wonder if nature judges more harshly,  
Makes me wonder if nature has in mind for man's downfall.

## **Sesame Street Gone to da hood**

I don't know what you were you doing when you eight or nine old,  
But I was an altar boy, not molested by a priest,  
I was playing ball in Hamtramck,  
I was into REMCO toys I was told,  
I did not see Sesame Street on television rather I watched Soupy Sales,  
And saw different monsters as the Martha Washington Theatre at least.  
But I didn't know or care what girls have between their legs,  
But how things have changed,  
In Acworth Georgia, two kids were arrested, charged with raping a girl,  
She was eleven years old; the three boys were, one was eight and two were nine,  
The boys dragged her in to a wooded area,  
Raped her and left her behind,  
The suspects should be tried as adults,  
The speculation is still out there,  
Young people have to understand that killing and raping are not Romper Room  
activities,  
As far as their parents go, I don't know, even parents must not care,  
Maybe the parents should have to serve the sentence,  
Or the justice system seems to lack all credibility.

CAN YOU SAY PATHETIC?

## Shepherds Flock Around Reality

Sherri Shepherd is on The View,  
Sherri is a stand-up comic that should stick to what she knows best.  
Sherri doesn't know if the world is a globe,  
Sherri wasn't born yesterday,  
-wasn't related to Lauren Caitlin Upton,  
(She 'blonde' somewhere)  
Sherri wouldn't be able to find globe let alone a map,  
Sherri would recognize a compass heading,  
North from South, East from West.  
I pity her child for her mom is thinking with a 15th century mind.  
Sherri has a similar aspect to life to Alice Tait, PhD. who teaches and gives lectures at  
Central Michigan University,  
Alice has her mind on racial thoughts that obscure her mind toward reality,  
When I brought out a dollar bill, not for donation,  
And asked what does mean to her the year 1776,  
On the back in Roman Numerals at the bottom of the pyramid,  
Her answer was "Emancipation Proclamation, "  
My goodness she didn't realize that year of Independence.  
Alice lived through the bi-centennial celebration back 1976,  
But she had only memorized the racial power points in history.  
Both Sherri and Alice ideally have similar taste,  
Not speaking from the point of truth, having their facts wrong,  
UNCF keeps stating, "A mind is terrible thing to waste."

**Silence is Golden (Silence is golden, but my eyes still see Silence is golden, golden, but my eyes still see)**

The guru Maharishi Mahesh Yogi, not Yogi Berra or Yogi Berra, is becoming a mime,  
The guru that shone the light on transcendental meditation to the people of the west,  
The Beatles, George, Paul, John, Ringo not Peter Best,  
Mia Farrow, Rosemary without child,  
The Maharishi, is a reflection of the world problems,  
Hunger, war, chaotic social and moral gone wild,  
Much like nuns who live in silence, mum is the word,  
Cloister nunnery has been around for ages,  
Their phone bills must be non-existent,  
Maybe the Maharishi should meditate on his own country's scruples,  
Apparently organs are taken out of the living without their consent,  
By Western view, not based upon TM, it goes against human principles.  
But that is not saying that TM is bunk,  
We have to learn how to relax; I learned it the hard way,  
We have re-energize our batteries, our consciousness, lower everything,  
Not by booze, drugs, anti-depressants, getting rid our baggage within our own trunk.  
We have to find ourselves, through meditation, by praying properly,  
Through speaking in tongues, - being silent.  
That's what Bill Clinton should be,  
If he and the liberal Americans want to see a President Hillary.

(1-31-2008)

note: The Maharishi has died today,  
Being reincarnated he will live again,  
He will know God in Nirvana,  
Brahma, as he knows it, but will he encounter Christ  
In Heaven.

## **Sinking of the U(nited) S(tates) S(enator) Hillary Clintonic**

The Flag Ship, the U.S.S. Clintonic,  
was the most viable ship that sailed for the presidential nomination, according to the  
Democratic Navy around last year at this time,  
But not fast, the Clintonic struck an iceberg nicknamed Obama,  
And she is taking on water fast,  
-the rats are jumping ship,  
Patti Solis Doyle, Toni Morrison, Mike Henry, David Wilhelm,  
Marion Berry, among others, (ladies and Children first) ,  
- not Mike and David,  
And Marion Berry,

'gets that crack pipe out your mouth,  
And let your crack ho's go first, ' (ebonics)

Not to mention she has been torpedoed by her husband's stupid commentary,  
And the non-endorsements by the Kennedy's  
- and the Winfrey's,  
This day will go down in infamy as one democrat said,  
Not Pearl Harbor, not Gettysburg, however it is ironic,  
That the "dunkles Pferd" (dark horse) ,  
Barack, "unter dem Hund" (the under dog) ,  
The Commandant of the U-Boat U-2008,  
Has his periscope up and in the process of finishing off the USS Hillary Clintonic.

The Great Texas debate was held yesterday in Austin.  
Hillary did not speak of Bush's cowboy diplomacy like she did in Ohio,  
But both Barack and Hillary were kind with one another,  
When Hillary did a funny of her Barack did plagiarize, NOT,  
She drew boos from the crowd,  
Barack turn it around on her and boos became cheers,  
Did Hillary see the writing on the wall?  
Hillary capped her comments,  
almost apologetically, defeated,  
Her campaign almost is broke,  
she has to win the next two primaries/caucuses,  
Don't mess with Texas or Obama. By some way Texas voters will render,  
Should she continue or surrender? (amended 2-22-2008)

The casualty to the ship John Lewis, a past Clinton supporter, is a traitor,  
He backs Barack baffling Bill and Hillary, Mr. Lewis did march on Selma,  
He swore that it is a tough decision, tantamount to Civil Rights Marches  
This super-delegate is voting for Obama. (amended 2-28-2008)

(see Observation Bill Richardson is Judas Iscariot, HUH?)

'There is no way that Sen. Clinton is going to win enough delegates to get the  
nomination, ' Leahy told Vermont Public Radio in an interview that aired Thursday.  
In a statement issued Friday,

Leahy, the Senate Judiciary Committee chairman who endorsed Obama in January,  
said Casey's endorsement of Obama is the latest sign of how the race is going.  
'Sen. Clinton has every right, but not a very good reason, to remain a candidate for as

long as she wants to. As far as the delegate count and the interests of a Democratic victory in November go, there is not a very good reason for drawing this out. But as I have said before, that is a decision that only she can make, ' Leahy said.

Her Campaign is Dead.  
(Amended 3-28-2008)

Hillary won the Pennsylvania Primary,  
Wright has been doing his "trippin', " again,  
But a another big wig in the Clinton forces has defected,  
The bleeding will stop who knows when.  
He is most likely to be considered by the Clinton's a louse,

Bill Clinton appointed (John) Andrew chairman of the DNC near the end of his presidency, and Andrew endorsed the former first lady last year on the day she declared her candidacy for the White House.

The Democratic is sinking by its own weight,  
The DNC Chairman has called for one of the contentious candidates,  
To dropp out by June first.  
Before it is too late. (Amended 5-1-2008)

She finally did squeeze out Indiana,  
Barack won North Carolina much more handedly.  
The math is against her,  
She must be delirious; to think that the party would support her.  
In the end, McCain should get it all,  
Because a house divided, falls.  
Super Delegate George McGovern has told Hillary to quit,  
This former presidential candidate know what stakes are,  
His backing of Obama must have caused to her a fit,  
Hillary's running out of money and time,  
-her Quixotic dream is soon to be far.

'I think the mathematics indicate Senator Obama is probably going to be the nominee. I have no regrets about Senator Clinton... but I think the time has come for democrats to unite and to get ready for a tough race this fall against Senator McCain. And that's why I'm hopeful that Senator Clinton will see fit fairly soon...'

He talked about his conversation with Bill Clinton, during which he announced his intention. Bill 'of course wishes I had stayed with HILLary.' But 'we didn't have one single angry word.' Bill did not admit Hillary's chances are next to impossible. 'He recognizes it's a tough race but he didn't express any of those views.'  
(Amended 5-7-2008)

Superdelegationsexpelhillaryoutofdocious,  
Would be the song Mary Poppins would sing,  
These are "A few of my favorite things" would echo Barack.  
The time for Hillary is running out,  
-delegates are running from her camp,  
Following the course of Marion Berry.

Her opponent Obama is planning his final attack.

Barack has gained another couple super delegates,  
He is planning to announce victory,  
(see observation We Still have a Two Minute Warning) ,  
This would be the close of a chapter in this never ending story.  
(5-9-2008)

Hillary has won West Virginia,  
It has no effect on the count,  
She's is experiencing a tad bit of the Chronicles of Narnia,  
She is a Pevensie hoping to ward off the inevitable securing the throne,  
By a King Miraz named Barak Obama.  
(5-14-08)

A former candidate for the president on the Democratic side,  
Endorsed Barack, Senator John Edwards blew up another torpedo in Hillary's haul.  
After coming off her win in West Virginia, not less than 24 hours later,  
She faced this blow right in her gut, it is over that's all.  
(5-15-08)

The finish could be right around the corner,  
Obama will likely take Oregon,  
And Hillary will take Kentucky,  
If she is lucky.  
The Hillary train is soon getting toward the end of the line,  
Who's this Barack, whose mother was American and whose father was foreigner?  
It the end it will be McCain versus Obama for the whole yards to be nine.  
(5-20-2008)

Bill and Hillary is accusing Barack for covering up,  
Not a Watergate, Travelgate, or a Monica,  
It's a reminder to us that's what's down is up.  
Right Wing Conspiracy, which Hillary alleged over her husband's indiscretions,  
I think nada.  
(5-27-08)

Hillary has another setback,  
She wanted all the delegates from Michigan and Florida to count,  
The Democratic Party said no,  
Her backers plan to get attack  
The procedure at the convention  
The procedure at the given course is Barack.  
(6-1-08)

Hillary easily won the non-state of Puerto Rico,  
Barack is mounting his general campaign at rumors request,  
At the same time;  
"...his rival Hillary Rodham Clinton is mounting a last ditch campaign to stay relevant  
in what is left of the Democratic presidential contest."

(6-2-08)

This is the end  
Beautiful friend  
This is the end  
My only friend, the end

Of our elaborate plans, the end  
Of everything that stands, the end  
No safety or surprise, the end  
I'll never look into your eyes...again  
(The Doors with Jim Morrison)

Jim Morrison did predicted it,  
Jim Morrison is as dead as Hillary's campaign.  
Her campaign workers are heading home after today,  
The democrats have spilled blood in their fight to obstruct the presidency for McCain.  
I must give Hillary credit for sticking with her Quixotic Dream,  
The numbers were against her it seemed,  
Now the real test of Obama vs. McCain  
Early in November of '08,  
We will if we picked the status quo or change.  
(6-3-08)

All the rainbows in the sky  
Start to weep, then say goodbye  
You won't be seeing rainbows any more  
Setting suns before they fall  
Echo to you that's all, that's all  
But you'll see lonely sunsets after all  
It's over, it's over, it's over  
It's over  
(Roy Orbison)

Tell that to Yogi Berra,  
Hillary would not concede that Barack won,  
It is from the old era,  
Politics as usual, Hillary is going get something out of this,  
Or if not,  
She's 20 million in hole because she loaned money to be used by her,  
Which is as funny as Yogi Berra mesmerizing the AFLAC duck.  
Anyway, Barack did win with more delegates that were needed,  
Only McCain stands in the way, the Senator from Illinois from succeeding.  
(6-4-08)

Hillary will finally have conceded,  
By the end of this week,  
After all the blood letting has finished,  
To finally unite the Party so that it's would look bleak.

## **Slim Fast DIE(t) Or Jared's Subway DIE(t)**

What is the world getting to?  
People have been killed for Scarsdale Diet,  
People have died on the operating table during stomach stapling,  
People can die after they have gone the bariatric routes  
People have underwent liposuction,  
People have spent gobs of money on diet books,  
Bally's fees, diet pills to improve their health and looks.

The answer is, not being on The Biggest Loser,  
You have to kill someone in Bentonville, Arkansas,  
That's all.  
Broderick Lloyd Laswell  
(sounds rather Thurston Howellish) ,  
Is suing the Department of Corrections for their food that he gets for his meals.  
He weighed at one time 413 lbs. now he is down to skeletal 308 lbs.  
What is the big deal?  
Broderick is in jail for a murder charge,  
He is also suing to get hot dishes,  
If he gets convicted of first degree murder and his appeals have been expired,  
Then he will gladly get the dish,  
for which he wishes,  
If that is his wish, he will get,  
barring any vindication,  
Then he will have a cocktail of sorts,  
an after drink called a lethal injection.

## **Soul Saving?**

The Catholic Church has a scandal,  
This time this one I can understand or handle.  
In the course of his priestly duty,  
This priest frolicked with a lady, in a bikini, on Miami Beach,  
His name is Father Cutie.  
No pun intended.  
However bad this seems, at least he is not going after altar boys or girls.  
Father Cutie is DJ and a TV Host,  
Seen by 24 million people across Latin America around the world.  
He was dubbed 'Father Oprah', almost.  
Father Cutie is now suspended from his priestly duty.  
Don Juan de Marco has nothing over this priest,  
That the Father Cutie couldn't reach.

(5-7-09)

Father Alberto Cutie is thinking about leaving the church,  
This nothing new,  
When I went to St. Florian High School,  
There was nun that taught and a priest that served God,  
They both disavowed their respective vows,  
They were disgraced, both were made a fool,  
Quit their jobs and became married.  
So it is a pity that Rome has not come to reason with this,  
Human love, carnal love, not pedophile assaults, is not a Judas kiss.

## **Soulful Cookin' by Christopher McCuin**

Christopher McCuin will not have his day in court,  
He had been in the works for a cooking book,  
A Soul Food Cooking Book,  
Are you fixin' to get "white-eyed peas"?  
Do you prefer your greens with some "hot mama" sauce?  
Do you prefer the rump or the ribs?

Chris became a murdering louse.  
McCuin, 26, of Tyler, was charged with capital murder in January in the death of  
21-year-old Jana Shearer, of Whitehouse.  
This is no Hollywood movie,  
this is not an Urban fable.

(Police said they found an ear boiling in a pot on a stovetop at the crime scene, and a  
hunk of flesh on a plate and impaled on a fork at the kitchen table.)

Could it be The Silence of the Lambs?  
That she would be a food for him?  
Not a dog or cat food such as IAMS.

Could you pass the salt please?

Jana looked as sweet as in Sweet Potato Pie,  
Justin Wilson says "Pass the Awenions."  
"Just needs some peppa."  
"Kick it up a notch" is what Emeril said  
"She needs some Were chest tur shire (did he mean Worcestershire?) Sauce"  
said Chef Prudhomme.

Jana had to die,  
For Christopher to wipe her up on his plate with his cornbread.  
Just boil the greens with ham(string) hocks and you gonna' see,

'We've all been worried about her mother having to go through everything again in  
court. You don't want her to have to deal with it, but I guess God stepped in and took  
over. It's kind of a relief, ' she said.  
'I feel bad for his family.'

God stepped in, I believe,  
- with a little help from mortal intervention,  
McCuin would not make it out of detention,  
"Give the devil his due" without all of the fuss.  
Christopher supposedly hung himself but all is not lost,  
Because however he met his fate that was justice,  
Sparing the tax payers and the judicial courts time and cost.

## **Soy Says You**

Eating healthy is not good for you,  
Tofu and Soy milk contains isoflavones,  
To the healthy male it is not good,  
Estrogen of some sort and are to treat hot flashes,  
For women approaching menopause,  
Soy chemistry is not good for fathers to be,  
For the fertility of the male will be reduced dramatically.

Male rodents have been known to be sterile after eating soy,  
How about male rabbits, cats, dogs, monkeys,  
(see observation Hey, Hey We're the Monkee's)  
And the deadbeat fathers on Maury?

Power bars and Miso Soup can cause to gain weight,  
Consuming Soy products could damage a man's sexual identity,  
Beware men before it's too late,  
For me, I have a double Whopper with cheese, French fries and a Hi-C.

## **Spirit of St. Louis, Seig Hile**

How proud is your statue among the greatest Americans at Epcot,  
You and your aviation feat did turn the world inside out,  
But the Americans fail to see that you were a Nazi sympathizer,  
The truth finally coming out,  
About Ford and you receiving medals from that morally corrupt,  
(see Observation Ford Has a Better Idea)  
All Aryan Brotherhood that once stood white supremacy and the like,  
They were ethically bankrupt.  
It is true what happened to your son was terrible indeed,  
But why did you forsake that land of your birth, land of your creed.  
Let the Spirit of St. Louis with your national glory  
Succumb to your isolationism,  
Because you hadn't considered Hitler the problem,  
Thank God the USA would not listen to you or had they?  
Germany declared war on United States; you know the rest of the story.  
Before the war, before December 12th, 1941,  
German U-Boats had torpedoed many a ship,  
The Nazi wolf packs did cross the Atlantic,  
It was a trip,  
They went to Venezuela to Iceland,  
Picking off tonnage of maritime ships that were bound for Britain,  
It wasn't a slip, but the USA had to be in the war,  
So it made Pearl Harbor happen,  
Just like it later happened,  
The Resolution of Tonkin to get the US involved with Viet Nam,  
Then Desert Storm to help Kuwait, then Weapons of Mass Destruction,  
They were never found, we have found ourselves in another quagmire,  
Where we go now it is problem than where'd we come from,  
So for now we are not isolationists,  
For we are part of; Novus Ordo Seclorum.

## **Swaggert, Bakker, and Haggard Oh My!**

These televangelists have something in common,  
They are hypocrites,  
these 'learned' holy men.  
They pimped out Christ for their personal need,  
The last one, Haggard,  
is far from the last corrupt seed,  
Biblical claims, to save your soul,  
Among countless of Catholic Priests, they, are not the Trinity,  
are the same,  
But perhaps Ted Haggard is different,  
he might have thought he was kind of a 'Seth',  
Perhaps Cain, before he killed Abel, like Haggard, tried meth.  
Ted is far from heavenly perfection,  
Is it I, that should be throwing rocks at Haggard, -?  
Hey Ted they're not 'crack'.  
Sodom and Gomorrah is not a biblical geography from here,  
- in time and space,  
For within the Christian Evangelical Community, it's right in our face.

## **Thar is Gold in Dem Der Butts -Hills**

What the Japanese people of Nagano eating beside rice, seaweed and fish?  
It appears that gold is found in great amounts in the sewage,  
By filters, not by them panning a pewter plate dish.  
It seems to be that the Suwa treatment plant finds 1890 grams gold per ton of ash,  
That compares with 20-40 grams per ton from Japan's Hishikari mine,  
One of world's top gold mine, the treatment plants net 50-100X the gold in stash.  
Where does this gold come from, do people swallow their gold teeth,  
Or are people drinking Goldschläger rather than Gekkeikan Sake by the liter?  
Or people eating Koi over Urchin Roe in the Sushi by the kilogram?  
The gold is not coming from humans,  
The Nagano area has industrial electronic complexes  
and they use gold because of its high conductivity for electrical charges,  
These minute shavings are fed to the overall sewage system that is for sure,

Haven't you invested in gold bullion lately from Japan?

They, as a group, are very innovative.  
It gives a 'golden egg' a different picture.

## That Wasn't Judge Judy!

When I was growing up in Detroit, (day-twa)  
There was a different country on the other side of the river,  
It was quaint, what I saw, Windsor to be exact,  
They spoke mostly English like us, except for the 'aye',  
The Anglophile Canadians would interject in an interrogative sliver,  
But however they had their political complications as far as Quebec,  
The Francophile Canadians spoke French like Pe-Pe La Pew,  
(according to the French people that I have spoken to),  
The Canadians were much more progressive than the US,  
Gambling, Nude Bars, and 'legal' escort services to name a few,  
But the two together, Quebec and progressive attitudes, 'what the heck? '  
Is happening here?  
A 12 year old girl took her dad to court,  
This is some kind of 'misjustice' of a sort;  
If you consider the source,

The 12-year-old girl's parents are divorced;  
in the spring of 2008, the girl's mom gave her permission to go on a class trip to  
Quebec City in June.  
But the middle-schooler lived with her father,  
and after she disobeyed daddy's orders to stay off the Internet,  
he told her she couldn't go.  
So what did she do?  
She took him to court. Of course.

Where it shouldn't belong.

A lower court sided with the pre-teen,  
Her father was 'flabbergasted' he would seek to right this wrong,

He did appeal but the courts ruling came against again,  
His attorney, Kim Beaudoin,  
will take this to the Canadian Supreme Court  
Among other things,  
like presidential elections in the US by its court,  
That shouldn't belong,

Why can't parenting be as simple as Ozzie and Harriet,  
Or like on Bonanza with Ben Cartwright with his sons, Adam, Joe, and Hoss.

But, the attorney adds, the father has no regrets about the court proceedings. 'Either way, he doesn't have authority over this child anymore. She sued him because she doesn't respect his rules,' Beaudoin said. 'It's very hard to raise a child who is the boss.'

## **That's How The Cookie Crumbles**

I have done my bit of travel in the Caribbean Isles,  
Cayman, Turks and Caicos, Jamaica,  
Bahamas, St. John, Aruba  
But I haven't ventured to Hispaniola,  
The Dominican Republic, where we get a few baseball players from,  
There what I heard is pretty, though I haven't been there,  
But there is always tomorrow, that always places a good chance to the Island I will  
come.  
But across the mountain I do declare,  
Is a most destitute place called Haiti, for one should be aware.  
The French occupied Haiti for a while,  
The French left, causing a void in the power struggle of the land,  
Just like they did in French-Indochina, in which the Americans took over,  
When they sought to beguile.  
When eventually Papa Doc came into play,  
Papa Doc was a corrupt authoritarian,  
Who had pilfered, squandered, and ripped off his people,  
To the tune of hundreds of millions of dollars. By the way,  
He had been supported by the US, because securing him not allowing Castro to play.  
He was later put into exile, later on replaced by his son, later on replaced by Aristide,  
Later on replaced by military coup d'état, the military sought power, greed in need.  
Papa Doc's money wired to who knows where,  
Papa Bush was criticized for the naval blockade of the isle,  
In order to prevent mass exodus of sailboats bound for our shores  
By Slick Willy, who was later president, and he sent troops to Port-au-Prince.  
With no money, political and social upheaval,  
If you were the of Hilton, not Paris, Sheraton,  
Days Inn, Best Western, or a Holiday Inn,  
Would you venture an investment of billion dollars,  
To make the infrastructure right,  
to build modern airports,  
to build modern roads.  
HELLO!  
That is why the Haitian kids eat "Sandies."

## **That's What You Needed is another Hole in Your Head**

An Ukrainian woman, Marian Dolishney,  
Had been operated for free by the British neurosurgeon, Dr. Henry Marsh.  
Dr. Marsh does biannual visits to the Ukraine and other Eastern European countries,  
To help heal people that he would see.  
Among the tools of his trade, a Bosch 9.6 volt electric drill,  
(Is there a Lowe's around? Well I heard you can get a rebate, still.)  
Anyway, the Bosch was used for tumor removal in Marian's brain.

Isn't this insane?  
What is going on here,  
super glue the bleeding,  
solder the neurons,  
Or simply get the rotor rooter for an obstructed bowel?  
Yikes that would be painful.  
You may have thought so,  
But she on had topical anesthetic nothing major.  
First there will be medical clinics at Wal-Mart,  
Next there will be surgical supplies at Home Depot.

## **The Ballad of Zeb ben Richer (sung to the Beverly Hillbillie's Theme song)**

Come and listen to a story about a man named Zebedee  
A poor goat farmer, who lived near the Sea of Galilee,

Then one day he was shootin' at some food,  
And up through the ground came a bubblin' crude.

Oil that is, black gold, Israeli tea.

Well the first thing you know Zeb's a millionaire,  
Kinfolk said 'Zeb move away from there'  
Said 'Tel Aviv is the place you ought to be'  
So they loaded up the truck and moved Tel Aviv.

Hills, that is. Swimmin' pools, movie stars.

Well now its time to say good by to Zeb and all his kin.  
And they would like to thank you folks fer kindly droppin in.  
You're all invited back again to this locality  
To have a heapin' helpin' of Yiddish hospitality

Hasidic that is. Set a spell, Put your kaftan on.

Y'all come back now, y'hear?

## **The Dating/ Mating Game**

Mary Delgado, what a bee-atch,  
She'd thought that the proposed bachelor was rich,  
The Bachelor is a reality television series based Hollywood fantasy,  
In fact it is a total fallacy,  
Based on false assumptions, and expectations,  
The former Tampa Bay Buccaneer cheerleader won a battle with the Bass fisherman,  
But eventually lost the war to the Seminole Police,  
She was intoxicated and full of frustrations.  
A Final Rose was given to her by Byron Velvick in 2004,  
They were living together as husband and wife,  
But a phone could not found under either name,  
According to authorities, there was more  
-for both were confused with their life,  
They were planning to wed in 2007,  
But they are running out of time,  
But there is always next season,  
For all those Harlequin romancers to watch,  
A love story that is made in heaven,  
gag me, if you please,  
I hope that series will not run,  
-it doesn't have a reason.

## The Day the Circus Left Town

Today's matinee was the Shrine Circus's last play in town,  
As we waited in line, Jason and I, for eternity to the porta-johns,  
There was an old man in a terry cloth kimono,

He was on of the clowns,

A little boy cried in pain as he stood in the same line,  
His bladder couldn't hold anymore, he couldn't be more than nine,  
And he relieved himself, in his pants, and on the floor.

A motorbike was rolled in the busy concourse, a crib was rolled,  
In the opposite direction by another clown, as people shoved,  
The man with motor bike yelled "Excuse Me" as the clown shouted,  
"Move out of the way! "

He was a man dressed in women's clothes and was a pretty mean clown if I should say,

Two adolescent ladies agreed and said "NO DOUBT! ",  
What are the magic words? To the clown, chill out.

I guess you'd be upset if you didn't know what sex to be or what being a clown actually was about.

The old man in the terry-cloth was accompanied by his wife,  
Who had looked as though she was barely alive,

The clowns weren't that funny, tigers barely roared, no one was shot from a cannon,  
Elephants didn't leave their tracks, little dogs missed the hoop,

The pooper scoopers weren't even that busy 'cause there was hardly any poop to scoop.

Frankly it was a bore, except for on acrobat.

Who landed so hard, that his loose fitting pants fell down to his knees,  
As if it were a striptease, with only a jock strap he bared all,

The section got more, than what they bargained for,

With his out stretched arms he felt very tall and probably very cool,  
He noticed his seen appendage abruptly picked up his purple pants,

And surely felt like a fool.

Time to go, when the less than grand finale occurred,  
until next year it will be too soon

To see these same acts, surely to this person no interest to be stirred

So gone are the calliopes and big tents,

Now we have mean clowns and redundancy

What happened to the likes of Milky, Oopsy, and Bozo the Clown,

Maybe they won't take a vacation next time the circus comes to town.

## The DH Grandama Obama

Barack's grandma made headlines today, even though she is very far away,  
Her grandma instincts kicked in. "Don't mess with my grandson."  
The battle for the Democratic National Presidential Nomination,  
Hence the DPNP, has taken global proportion,  
Much like the "Thrilla in Manila" with Mohammed Ali versus Joe Frazier.

Even Rush Limbaugh wanted Hillary to take Texas to keep the fight going on.  
Barack and Hillary are "duking it out";  
-it's bloody and most likely to get bloodier.  
Barack is getting falsely maligned for his non-action.  
Even though Hillary won Texas by popular vote, the Texas Two step,  
Gives Barack the edge in caucuses in delegates,  
Michigan and Florida want to redo history by holding their primaries again,  
They were in violation with the Democratic National Party,  
They chose to have their primaries sooner and they paid the consequence.  
The DNP did not assign their respective delegates to the winner,  
Hillary.

The Republicans have to love what's going on.  
I attend a Bible Class with Pastors Rick and Dwila Flynn (instructing) ,  
At the Word of Life Family Church.  
The Bible group is studying the Apostle Paul's letter to the Corinthian Church.  
He was concerned about division in the among young Christians in his day,

"Paul's letters to the Christians of Corinth reflect challenges facing the early church.  
Because the Corinthians lived in large, complex households and worshiped in house  
churches that reflected the city's diverse make-up, unity within diversity was an  
important issue."

Paul should be speaking to democrats right now.  
Now in Kogelo, Kenya is in the fray,  
Sarah Hussein Obama, Barack's grandma, is in his corner,  
She is one heck of a designated hitter,  
Although she cannot speak to her grandson without the use of an interpreter,  
But she says a lot, about family bonds,  
-something that is universal.  
She has nothing to gain but the truth to be out.  
What a grandma!

Hillary was attacked by one of Obama's trusted aids  
Samantha Power, in an interview with the Scottish newspaper, The Scotsmen,  
Did refer to Hillary as a monster.  
(She is a monster, too - that is off the record - she is stooping to anything, ' Ms Power  
said, hastily trying to withdraw her remark. The Scotsmen  
Bill Clinton silenced himself after a considerable amount of faux pas,  
Samatha and Austan Goolsbee references that Obama's opposition to NAFTA is  
rhetoric,  
Austan is an advisor to Obama,  
Austan approached the Canadian Government and it's politic,  
To assure that the attacks on NAFTA, (Ohio lies directly across the lake from Ontario)  
Were only to gain support from laid off factory workers in Ohio.  
Before Tuesday's vote in Ohio, the press and the Clinton camp seized on remarks by  
Austan Goolsbee, Ms Power's colleague, on the North America Free Trade Agreement

(Nafta) . His comments are widely believed to have cost Mr Obama the Ohio Democratic presidential primary.

Mr Goolsbee, Mr Obama's top economic policy adviser, had told Canadian officials a public pledge to force a renegotiation of Nafta with tougher labour and environmental rules was 'more about political positioning'. The Scotsmen.)

The battle between the Merrimac and Monitor is nothing compared to the broadsides that are witnessing today.

There is no such thing as a stalemate in presidential politics.  
It's only to get uglier! (Amended 3-7-2008)

The Obama campaign did have political casualty in the last few hours,  
The resignation was signed, sealed, and delivered by Samantha Power.

"Samantha Power, an unpaid foreign policy adviser and Harvard professor, announced her resignation in a statement provided by the Obama campaign in which she expressed 'deep regret.'

'Last Monday, I made inexcusable remarks that are at marked variance from my oft-stated admiration for Senator Clinton and from the spirit, tenor, and purpose of the Obama campaign, ' she said. 'And I extend my deepest apologies to Senator Clinton, Senator Obama and the remarkable team I have worked with over these long 14 months.'" " (Amended 3-7-2008)

Obama has won the caucus in Texas as far as delegates won,

Obama: 61 delegates from the popular vote + 37 delegates from caucuses = 98 delegates.

Clinton: 65 delegates from the popular vote + 30 delegates from Caucuses = 95 delegates.

From Ferraro saying that only because he's black,

Did he attain the prominence that he has bathed himself in.

And Hillary mentioning that McCain,

Would have more experienced to the pick up the phone,

Which is a no-no in terms of political jousting amongst party members,

And the Governor of New York, Eliot Spitzer-D.

Who is a super delegate that endorsed Hillary,

Is going to have to resign because of his involvement with prostitute.

Hillary lost Mississippi, but the battle continues for Pennsylvania.

It will be a long time till that happens.

More time for Hillary to sling the mud, after all she is a monster,

Not from Transylvania. (amended 3-12-2008)

(Geraldine Ferraro has quit her post as fund raiser for Hillary Clinton

Ferraro notified Clinton by letter Wednesday that she would no longer serve on Clinton's finance committee as 'Honorary New York Leadership Council Chair.' Ferraro, in a newspaper interview last week, said Obama wouldn't be succeeding in his presidential race if he weren't black.)

## **The Dog Day Afternoon (about 6.879132513... hours)**

The Japs did it again,  
In began on December 7,1941  
Then they produced more efficient cars

The Radio Music Hall Dancers became somewhat Geisha girls,

It is just me  
Yamaha guitars, Yamaha Motorbikes. Yamaha pianos, Yamaha Drums

Mitsubishi cars, Mitsubishi Motors,  
Toyota Prius, Honda Accords  
Most of all Sushi and Sashimi  
But they would their way;  
26 Hours of it,  
They reinvented time, they made a day longer?  
Second by Second, Bit by Bit  
The Mayans had twenty date months,  
Our Calendars had gone through many changes,

## **The Euology of Viewmaster**

What a pity that future children, in the USA, will not see pictures  
in 'stereo' anymore  
For the Viewmaster is be discontinued  
and will not be sold in any store  
Cyber  
or brick and mortar  
I grew up learning about the Civil War,  
I saw pictures that were 100 years by then  
including the ships Merrimac and Monitor  
These pictures were in 3-D when you held the Viewmaster to your eyes,  
the observer.  
What you saw, were things that you almost touch  
without fear  
Maybe the time has come for 2-D to display 3-D  
On the video monitor  
or LCD flat screen TV  
The Viewmaster was low tech  
You could sit by lamp or go outside during the day if the day was sunnier  
So I think that the Viewmasters will emerge,  
Someday in far away places, like Myanmar.

## The Fox and the Hound

Who is the fox? Who is the hound?

Has the hunt of prey been won,

Or has it the game just begun.

(As the ticker details the sliding stocks,  
above the waterhole where the animals flock)

A true sight to behold,

It seems that most seem to be blind because,

Always within their constant reach, within a grasp,

Is some waitress's behind--Oh what a lonely lot.

It seems that most can't remember what they haven't forgot.

The two musicians, Terry and Mark, play on, give the mic to someone,

The one who always tips them ten dollars, the one that hollers,

"Let me sing a song."

There is a pesky little barfly that flies from table to table,

To apparently who is rich, well off, professionally secure,

And of sexually able.

Her buttocks must be well insulated by at least an inch,

To prevent the constant pain of a thousand and one pinch.

Yes, who is the fox and who is the hound?

Who are these middle-aged teeny boppers anyway?

Have they reached material success but lost sight of life?

Am I too quick to judge, condemn or say this to man who is working on his fourth wife?

Or may be just a little action for the night?

Twelve martinis and anyone looks good in their sight.

Mostly I question why I'm here.

Maybe to remind myself what I shan't be,

But one thing remains clear, I do see what can happen to me.

Yes, who is the fox and who is the hound?

Do they hunt each other or do mate?

Salmons swim upstream as if they were in a biological race,

And the whales swim by Baja, Mexico,

Is this the reason they come and go?

There is still a question that abounds,

What the hell am I doing here at the "Fox and Hounds"?

## The Full Manatee Monty

"It's not unusual to see me cry, I wanna die",

-because I'm laughing so hard.

The Florida Marlins are having auditions for Rubenesque Men to show what they have.

The Full Montiers will have to entertain crowds before the first pitch is thrown.

The group of robust men will be called The Manatees.

There is a simple reason;

"The team hopes to recruit seven to 10 tubby men to dance,  
cheer, and jiggle during Friday and Saturday home games this season

Sumo wrestlers would not be good,

not so fun,

Tossing a handful of salt in your Nachos and into your hot dogs bun,

In order to purify them.

Can you imagine seeing Sumo wrestlers, stomping their feet left and right,

To ward off evil spirits, inducing mudslides in the west,

Knocking over and spilling your \$8.00,22 oz. Bud Lite.

Be grateful they aren't statesman such as William Howard Taft,

Nor Bill Jefferson Clinton,

Because there would a distraction to the action.

Maybe there is room for Jesse L. Jackson, Jr.?

The Manatees will require energy shown in a commercial in Super Bowl XLII.

They could rev up the Marlins crowd camp,

By drinking the energy drink called AMP,

That is a drink for the extreme Mountain Dew drinkers.

My goodness they shouldn't be in thongy Speedos,

Conjures some bad mental images,

But the line is drawn,

For the pictorial swimsuit issue of them in Sports Illustrated.

Or when a sports bar is named He-ters.

## **The Name of Lexus is for the Birds**

Toyota has gone not green and but pink,  
Lexus, Toyota's Premier line,  
Had an NBC experience,  
not on the Jay Leno Show so to speak,  
But had an encounter with a peacock I think.

The peacock did not try to reduce global warning by mating with Prius,  
Instead the peacock picked a more expensive target,  
The Lexus's color would be "peacock blue",  
isn't nature a genius,  
The peacock, whose flaring of his feathers,  
to mate with another male lest we forget:

That the male of the species are colorful while the females are so-so,  
Which in turn makes the peacock in question, begs the question,  
--is gay?  
The peacock had damaged the car;  
Probably trying to get to his favorite Kama-Sutra position,  
The bumper got in the way.

Then, if that wasn't bad enough,  
-a porn producer peddling their wares,  
Took upon them to feature the Lexus Model for their Lexus Cash Model.  
Lexus Cash is gay porn star that involves not peacocks,  
- just c\_\_\_\_ks somewhere,  
Lexus is trying to mate with Lexi(?) ? ,  
but in fact continues his job on humans,  
Different Lex's are forced to spend part of their life in prison not a motel.

Toyota has conundrum on its hands,  
Not to make the Lexus name associated with porn stars or peacocks,  
Toyota has to nip this problem in the bud,  
Before Wall Street downgrades their Lexus Stocks.

According to Mr. Whipple, no, not that one,  
I think she didn't squeeze the Charmin for years.

WICHITA, Kan. (AP) - Authorities are considering charges in the bizarre case of a woman who sat on her boyfriend's toilet for two years - so long that her body was stuck to the seat by the time the boyfriend finally called police.

Ness County Sheriff Bryan Whipple said it appeared the 35-year-old Ness City woman's skin had grown around the seat. She initially refused emergency medical services but was finally convinced by responders and her boyfriend that she needed to be checked out at a hospital.

Isn't this insane?  
Well one is for sure,  
-she is definitely potty trained.

## The Stepford Wives Geisha Style

"You want massagee? " asked the android geisha in the future,  
Her careful touch against you skin which felt cold,  
Her plastic fingers supported by her titanium bones,  
If she cuts herself then you glue her up instead of a suture.  
You can make her to order, Caucasian,  
Negroid,  
Asian,  
Indian what ever you please,  
She can be your date,  
She can your tease,  
She can be your home-maker who makes your house clean,  
She can be your confidant,  
-computers are like therapists don't judge, they listen.\*  
(Sort of like E.F. Hutton, check that ---- they went out of business)  
Or Good God your soul mate,  
Stepford Giesha Wives will be a movie someday,  
Complete with Godzilla flames,  
complete with urban miniatures,  
It will be Sci-Fi at Sci-Fi's best,  
She will have a built-in power source,  
she'll get 53 miles gallon,  
She'll come equipped with 8 GHz speed,  
and a multitude of nano-transistors,  
She could grind the coffee,  
brew the coffee,  
Heat your breakfast within her,  
And serve it to you with that ever sickening smile,  
But then I ask, "Could she play a Koto or Shamisen? "

## The USA made in China

The Dow fell below 7,000 today and the end is not in site,  
I remember the film clippings of Premier Nikita Krushchev pounding his shoe at the UN,  
He said, "We will bury you" to the US in New York City,  
Ronald Reagan took care that problem; he spent money on the SDI project,  
(Strategic Defensive Initiative)  
That broke the financial back of the USSR, whose money constrained,  
And who spent almost majority of their GNP in order to thwart the USA's SDI.  
Whose money was 'soft currency',  
Backed by solely by government that wasn't confident, it was an economical weak  
target,  
Nobody bought their 'Rubles' on the free market.  
Awhile back, when I was in grade school,  
I thought the USA would meet somewhere in between with USSR,  
(see observation SPQR)  
Awhile back, I asked my dad this question,  
"Is there a limit on freedom? "  
He, the WWII veteran, stated tersely to be, "There is no such thing."  
He set me straight,  
Was I the fool?  
Now the wall came down, the Cold War is over, USSR is no more,  
Cuba is changing under Raul Castro, Russia belongs to the G-8,  
The US is fighting two wars soon to be one, in Afghanistan,  
Which the US covertly waged war with the USSR through the Mujahideen in the "80's,  
Now we are fighting the remnants, the Taliban/Al Qaeda,  
Whose members trained the terrorists that brought towers down.  
"Freedom is just another for nothing left to lose" according to Bobby McGee.  
The too much freedom did occur in the free market place,  
Free apparent money, no strings attached, in the stock market,  
Greed sent many banks to the US government for bail outs,  
The auto companies are looking for bail outs,  
The everyday worker is looking for bail outs.  
The USA has become the USSA (United Socialist States of America) ,  
My dad is rolling in his grave.  
It wasn't him himself that was naïve.  
From the Cumby Auction House, to Commerce Hardware, to Wal-Mart,  
SMC, to K-MART,  
The clothing stores, there are products made in China,  
Which across the US, consumers buy by the ton,  
Lead paint in toys, (see Observation Do Tell Mattel) ,  
Tainted medicine, tainted food,  
There nothing about what is happening is good.  
The Chinese, a communist government,  
(Keep in mind, thousands upon thousands of US soldiers died to inhibit communism in  
Fareast, Korea and Vietnam, all supplied by China in the past.)  
Is the bank for the US, its currency supplies exceeds more a half of a trillion dollars.  
Recently Secretary of State Hillary Clinton,  
Was playing "footsie" with Chinese as far as human rights violations,  
To the persecution of dissidents and Christians, infanticide, no debate on government,  
Remember Tiananmen Square,  
China will take over Taiwan,  
(Which Beijing regards as a rogue province that is one of their many determinations):  
The Chinese government has the American economy by the ass.

If the Chinese don't want what they want,  
Then they will flood the world markets with dollars.  
They will dump the bucks, they will take loss but they break the US bank,  
As the USA broke the USSR bank.  
Ever since we have no precious metal such as gold and silver backing the dollar up,  
The dollar has become an instrument worth on intrinsic value, if you will,  
If the world market is flooded with dollars,  
then the intrinsic value of the dollar becomes nil.  
China will take Taiwan and Mongolia, gets its grip on the Orient even Japan,  
The Japanese did terrible things to the Chinese people,  
Beijing does not forgive and forget.  
China would not to have fired missiles physically,  
The Chinese government can only sit by a computer,  
And then it could enforce its will "cyberspacely".  
My grandmother (maternal) , who was from Poland,  
who came to this country in 1914,  
Used to tell me about the future,  
she did graduate grade school, but she was wise,  
She told me about, Edgar Cayce, the country is owned by bankers,  
I don't know about the former, but I do know about the latter,  
How else can explain why the USA is,  
bail outs of AIG is unheard of,  
Where was government when Packard folded on East Grand Boulevard in Detroit?

I have been to China,  
which I enjoyed immensely,  
not for the pollution,  
I had BBQ there,  
I bought a Pi'Pa there,  
And have done ethnomusicological studies on the Chinese perception of music theory  
While I was a grad student at Eastern Michigan University.

The USA debt carried a Communist Government,  
not USSR,  
but Beijing.  
"We will bury you" is not statement which said in the past by now defunct country,  
It is on the mind of USA leaders in Washington D.C.  
We will extend our spending beyond our means,  
The USA can never pay off its debt at this pace.  
It is like having National Visa card at 10% APR,  
We sit at the ceiling already, the over credit limit on the card,  
We only satisfy balancing budget by paying the interest, not the principle  
That is how we got into mess in the first place.  
Brazil was about go Bankrupt,  
But IMF lent Brazil the money to pay the interest on its loan,  
Therefore increasing its principle,  
It is like taking an advance your credit card so you pay your rent?  
HUH? ! ! ! !

## **The Wizard of Odd Aka Toto, I Don't Think We are in Kansas Anymore**

Ann Beam, you aren't Kansas anymore,  
-you're Wheatland, Wisconsin,  
You are singing the Winter Time Blues not Dust in the Wind,  
A tornado struck your area and demolished your house,  
On January 7, 13 days after Christmas,  
-everything was blown away even the mouse,  
The Tivo was gone even the cable boxes and remotes went up in midair,  
Time Warner Cable said--- they didn't care,  
And handed you a bill \$2045.45,  
You pleaded with them but your plea fell on deaf ears  
-or brains that were dense.  
So Time Warner Cable gave you and others a break,  
For fearing the public relations would be disaster,  
They upheld to common sense.  
Direct and Dish would be happy to have you as customer thereafter,  
But be careful if you borrow something, if it's gone then it is your mistake.

## Therapy, Tragedy and Killers, Oh My!

New York City psychologist, Kathryn Faughey,  
was hacked to death by a patient.

It was very personal killing by the use sharp objects,  
not a projectile from a barrel,

Dr. Reuvan Bar Levov, who I knew personally,  
did suffer death from the latter,

The mind is strange place to dwell into,

it is full ideas,  
some pleasant,  
some terrible.

The movies aren't the only places you'd find malevolence,  
you can see it constantly,

The tone of violence, and plus the pressures sociologically,  
economically, spiritually.

And all the others -allys out there. Kathryn Faughey pissed someone off.

She may not have intended to do so, in fact, she could have not anything wrong.

But to the killer she had,  
perception is everything,

For him,

perception was a reality,  
reality gone amuck;

it's the same ol' song and dance.

For the murders go both ways.

Dr. Harold Shipman had little patience,

but he did dispose of many patients,

He was the serial psychiatric murderer,

to beat the body count of Hannibal Lector.

It's too bad when aren't in sterile environment,  
such as TV set or a radio booth.

Dr. Phil and Dr. Laura can sit in their communicative surroundings,

can relax a lot. with their psychological reviews.

And try to figure out people's perplexing personal problems  
in a half hour time slot.

(But I, in the writing of this observation, found that Dr. Laura forte is Physiology, Not  
Psychiatry or Psychology,

-she has to seek some psychiatric input for her son Deryk, who had put a 45 Colt in his  
mouth, Who like Seung-Hui Cho brandished a gun in his pictures. Deryk has all the  
signs, a hateful webpage on MySpace, Could have Deryk used the gun as phallic  
symbol because of his mother's staunch anti-homosexual views?)

Just before the advertisements that hawk anti-anxiety or anti-depression ads kick in.

Dr. Reuvan Bar Levov was a very fine doctor,

-he would be surprised that a Columbine like shootings did escalate,

The last one had occurred at North Illinois University in DeKalb,

Yesterday by a graduate student.

A alas and alack, he wasn't a stupid Polack,

He was not a Polish Muslim, which who I also know personally,

This Polish-American brethren, (bro' in ebonics) whose name was Stephen  
Kaczmierczak

(Pronounced Kah zmeer chalk for only non-Poles out there,)

He was on meds but he didn't take that day,

now he is definitely off them,  
He died by his own hand after he had finished the attack,  
Who was on the Dean's list,  
who majored in sociology,  
Seung-Hui Cho, not Polish American, was on anti-anxiety meds,  
Was an English major that killed 32 people,  
Thus will be the memory of The Virginia Tech shootings about a year ago.  
It seems as though mass murder graduated from junior highs, to high school, to college.  
But they were indiscriminate murderers, not personal,  
But in essence the victims they shot were the enemy,  
Reality is perception as vice versa,  
like the death of Nicole Brown Simpson,  
Which OJ was found not guilty in the criminal court;  
it was a circus of sorts,  
But was found guilty in civil court,  
it the glove doesn't fit, you must acquit,  
And for you OJ, You can't rob people in Las Vegas Hotel Room,  
And write a book If I Did It. (See observation if I Did It) .  
Reality is perception as vice versa.

There are a lot of troubled people out there in the sea of humanity,  
Some will take you with them whether they know or not.  
Kathryn Faughey knew her attacker, Dr Reuven Bar Levov knew his,  
Their attackers were pushed to edge, edge of what? Edge of reality or insanity?  
There is a fine line to many, who knows?

Reality is perception as vice versa,  
May all those concerned, be leery of your empathy,  
For those that will engage the minds of others be careful,  
Because you can venture too far and you can be the resultant of other people's sympathy.

The therapist in New York City did not know her attacker,  
She did not have him as a patient,  
She did not help send to prison for seventeen years,  
She did not do anything bad to this guy, he was not efficient,  
David Tarloff, 39, tried to hack a psychologist to death but Kathryn, --  
He must said, "You're him or her, but you'll do", without shedding any tears.  
Manhattan is cumbersome for those people that think straight,  
It must hell for people, who don't think in a given mental state,  
The offices and suite numbers could be misconstrued,  
But for hacking a person 15 times that he had,  
Is a lot more, David Tarloff saying, "I'm sorry, my bad."

Right now Stephen is in the news via his girlfriend,  
He was an intelligent individual, who cut himself as a teenager,  
A troubling sign that were to come a decade later,  
CNN aired a report yesterday about the criminally insane mind,  
No solutions immediately but perhaps later,  
hopefully in future which is now past due,  
Tell this to the loved ones that buried their losses Virginia Tech and NIU.

Tarloff is insane, he was hospitalized 21 times,  
Tarloff plead not guilty by reason of insanity,  
How can justice be so blind?  
How can the victims be so discarded?  
What we will be the result of his trial?  
Shall he be placed for 22nd time a mental ward?

Or perhaps free to kill again.

## **This Kimchi is Out of this World**

If goes well, April 8th is going to be a historical mark in the human race,  
(No, not me, though I was born on April 8th 1954) ,  
But on this day a South Korean astronaut, literally a Seoul Brother,  
Ko San,  
Will lift off from Russia with Kimchi;  
He will go into the annals of space exploration.  
I know what you're thinking,  
-he is not physically lifting off,  
and he is going to be in a SOYuz rocket.  
However, the kimchi will be out of this world literally.  
But before that there was only Tang,  
freeze dried Ice Cream,  
Which was not very creamy;  
freeze dried MRE's,  
But not Pickled Cabbage and garlic with flaked hot peppers,  
Yum! Not, jeuk suk yum so bok um, (Korean goat stew)  
(But I heard that the mature astronauts eat it for docking with their favorite space  
station) .  
(see observation Lust in Space)  
The kimchi had been treated for any problems that can develop in outer space,  
Not inner space,  
I hope that he takes BEANO.  
Because the international space station is confined space,  
Oh-oh trouble maybe lurking, beyond the event horizon.  
If Ko Sun releases his gaseous nebula, then when his fellow astronauts survive,  
His team will have boldly gone to no where man has gone before.

## Thong, Thong Blue

Neil didn't sing this song but Victoria Secret did,  
Macrida Patterson claimed she was hit in the eye,  
By a metallic piece missile that flew in the air where it didn't belong,  
It had been a decoration on underwear,  
-a Victoria Secret's thong.  
So much for the bling,  
Who wear something like metal in most sensitive part of the female body,  
I can't understand;  
-does Fruit of Loom or Jockey have such a thing?  
I bet Liberace had would have one,  
Or Dennis Rodman, or Elton John,  
I will predict that VS will settle out of court and quit selling the armor piercing thongs,  
They will have to pay in excess of \$10,000.00,  
And will have to sell many a piece of underwear.  
By the way, she's 52,  
-what is she doing with underwear called a "low-rise V-string".

## **Those Damn New England Patriots! Dedicated to Pastor Rick Flynn**

Buddy, a black lab, must've been a Dallas Cowboys fan,  
He must've resented his owner shelling out \$1800 for Super Bowl Tickets.  
Buddy, he was not Leona Helmsley's dog, not a silver spooned mutt,  
He was an honest to God football fan,  
That could bear the thought of Dallas being beaten again,  
He wants New York Giants to beat New England Patriots kick them in their butt.  
The courier slipped the tickets under the door per requested,  
Buddy pounced on them like left tackle,  
Chewed, mauled, ate them; they were partly ingested.  
Vince Lombardi's face disgraced,  
By one dog,  
Buddy spent the next two days and nights in the doghouse per se.  
After the third day,  
His owner forgave him and had his tickets replaced.  
The Patriots have a lot of people and dogs rooting for the Giants, the underdogs,  
So what if the Patriots are attempting to win their 4th super bowl in 7 years,  
So what if the Patriots had a perfect regular season with 16 - 0,  
So who knows?  
Only God knows at this junction.  
As long Janet Jackson doesn't show up with a costume malfunction,  
I shall keep you abreast of the situation;  
Buddy's owner will have a great time.  
As for Buddy, Kibbles 'n' Bits and rawhide bone will do fine.

### **Three Strikes and You're..... In for Some More**

Macular degeneration is no match for Dale Davis,  
He did not make a spare he did not miss.  
At 78, his thin frame had thrown 12 perfect balls in 10 perfect frames.  
300 was his score,  
Not a pin less or it could've been more.  
So you "see" it could done,  
By having the force be with him,  
Only if people knew,  
Some call it fate;  
-I call it God's spirit within you.

### **Three Strikes You're Out, What a Joke!**

Alexis Goggins you are supernatural,  
People have termed you an angel,  
But you saved your mother's life,  
To have been struck 7 times to survive, do tell.

Your mothers sad case of befriendng boyfriends,  
That were felons,  
Nearly cost you your life and hers,  
Calvin Tillie was nothing more than peon,  
With a gun.

Calvin had four felonies behind him,  
What he doing outside the prison walls on Nevada and Mound?  
Calvin had made his life miserable,  
And so your mother stepped into his lifestyle,  
And you were swept in to their life, in the end you would be bound,  
For a reality that should never cross a 7 year old.

Three Strikes and you're out seemed a good idea at the time,  
But who did the enforcement of the law,  
Calvin Tillie had 4 strikes, and since he shot you and your mother,  
Faces at least 6 felonies when he is tried and convicted,  
The bleeding hearts would say he rehabilitatable,  
They would probably say "No justice, No Peace" if you are indicted.  
Personally I would like to a single 9mm shot to your head and I wouldn't miss,  
Calvin you shot a little girl 7 times and still failed to kill her.  
How pathetic are you? You are evil incarnate.  
God forced the bullets to stray away from her,  
Calvin Tillie I hope rot in Hell,  
Because that's where you belong among the s##t and p\*ss.

## **Tightends Anyone?**

The NFL had a ruling today  
The thought of distractions might pose one day  
Cheerleaders are not stretch out in front the opposing bench  
Cheerleaders are the side attraction from the game  
Debbie does Dallas, Detroit, and Washington too!  
Monica did Bill at the White House, forgive the wench  
We need the Cheerleaders, the Lion's cry in God's name  
To distract the opponents level the playing field  
Detroit has never won a super bowl,  
their division they could barely clench  
The NFL needs the gays rather than women in their cheerleader mode  
Don't ask don't tell,  
-don't tell your opponent or friend  
It gives good reason for commentators to say on ESPN,  
"He is a really good tight end."

## **Till Death (or Transplanted Kidney) Do Us Part**

Dr. Richard Battista gave his wife, Dawnell, a gift of life,  
He gave her one his kidneys to help sustain her,  
After all she was his wife,  
But later,  
She wanted a divorce from him, he felt betrayed.  
He felt that she had strayed,  
Out the commitment she gave to him,  
As part of the negotiations of the dissolution of the doomed marriage,  
He now expects a monetary compensation for his "gift".  
It's now to the lawyers to sand and sift.  
He is now asking \$1.5 million dollars to be exact.  
A bargain, Madoff would think.  
Has society gone too far to think everything has a price?  
Did she have an agreement with him to pay him back for this "gift"?  
Did he ever hear of a person being charged with a frivolous lawsuit?  
Many more questions to ask; too little time.  
The doctor's response through and through,  
Was,  
'There's no deeper pain or betrayal from somebody you loved and devoted your whole  
life to, '

## Time Machine Food

In the year 2525  
If man is still alive  
If woman can survive  
They may find; .....

That they were evolved into either Eloi or Morlocks,  
But wait that occurs in 802,701 A.D., never mind;  
But in the mean time, somewhere between now and then,  
Human kind may find seeds that were frozen in time in a mountain,  
A Doomsday Vault is lying within 650 miles from the North Pole in Norway.  
It was built to withstand disaster natural and unnatural,  
Earthquakes and nuclear exchanges,  
and against Polar Bears,  
But eat irradiated produce now,  
what's the big deal?  
Having precooked veggies,  
micro waved by fusion,  
for your next meal?  
4.5 million seeds are to be enclosed here,  
From around the world to have some food in case disaster strikes,  
Enough for Morlocks and enough for the Eloi,  
But are they forgetting the bees?  
You can grow plants but how do you get to pollinate them?  
But we, in the present,  
are banking on those in the future,  
will solve this problem.  
But today politically speaking,  
at this moment,  
there is (Condoleeza) Rice in China.

## **Timothy Are A De-De-De**

Timothy Elliot are you daft, slow,  
Or are you scoffer at the law?  
You did know,  
Not to be involved with gaming,  
For you became felon, an outlaw.  
You didn't think twice buying the lottery ticket,  
You didn't think twice about violating your probation,  
You didn't think twice about robbing the bank with no gun,  
Bob Dylan said it's alright.  
Yep, Jesse James, Al Capone, Dillinger, Bonnie and Clyde,  
They would not have their marks if they hadn't used guns,  
Timothy I feel sorry that you did not hand the ticket to your family or friends,  
Is it because that you don't trust them,  
Or that they are idiotic as you?  
You should get together with the guy that had a \$1,000,000 bill  
(see observation Million Dollar Candy Bar)  
Then you can you and he can swap stories  
That would put DUMB AND DUMBER to shame.  
You get to be nominated for the De-De-De Awards  
Featured by Carlos Mencia, the two of you are to blame.  
Ammended:  
The court has ruled for to keep the money,  
It is not funny,  
Because violated your probation,  
That caused a sensation.  
Perhaps the judge, in this liberal state, was in fact the dummy.

## **Tito, I Don't think That We Are in Yugoslavia Anymore**

From Alexander the Great, Alexander the Great was Macedonian,  
Until Tito's death, the rise and death of Milosovic,  
Came the disintegration of greater Yugoslavia.  
Yugoslavia, as it existed before, was a constant place where tensions existed,  
The Archduke Ferdinand assassination was the spark that started World War 1.  
He was assassinated by a Serbian national in Sarajevo, Bosnia-Herzegovina.  
World War 1, the war to end all wars, had given rise to World War 2.  
The Treaty at Versailles crumbled the Germany economy,  
A prime breeding for nationalistic tendencies,  
Which sparked the rise of Adolph Hitler and NAZI Party  
(see Observation - Ford has a Better Idea)  
The Nazis tried conquer the Soviet Army, via Yugoslavia, mainly the Serbians.  
They were delayed in their conquest resulting fighting in the Russian Winter,  
As well as engaging the Soviet Troops.  
There were more Nazi troops killed by the weather than killed by Soviet weapons.  
The Germans had to retreat.  
Therefore, by the Slovak Brethren of the Russians, the Serbs, Moscow did not fall.  
Yugoslavia was made up of Macedonia, Serbia, Montenegro, Slovenia,  
Croatia, and Bosnia-Herzegovina.  
Tito was fiercely independent of the Soviet pressure,  
His country would not be governed by some puppet appointed by the Kremlin.  
His autocratic government was socialistic but did not carry the Iron Curtain.  
When Tito died, the Soviet Union fell;  
There was pressure to keep the top of the pressure cooker on,  
The Yugoslavian version of the Hatfields and McCoys came out viciously.  
I was planning to visit Dubrovnik, Croatia,  
But the Serbs were pounding the old walled city with their many a naval gun,  
On October 1st, 1991.  
The Serbs had been oppressed by the Turkish Ottoman Empire for centuries,  
They found in themselves to create an ethnic cleansing.  
Long before in centuries past,  
Some of their Serbian brotherhood took on the Islamic faith of the Turks.  
Some even married a Turk in the process in the area of Bosnia-Herzegovina,  
Milosovic had a plan to make a greater Serbia,  
He started to create genocide in Bosnia,  
The world was appalled, UN was sent in  
Tito had ruled them all with an iron fist,  
The thought of religion splitting up his country did not exist.

The Serbs were ostensibly Russian Orthodox,  
Catholics who followed the Prelate of the Russian Orthodox Church not the Pope;  
But not heavens sake Islam!  
Milosovic would engage a policy killing men and boys,  
Raping women that would bear a child from the seed of a Serbian,  
All this for ethnic cleansing.  
Milosovic was defended by the Russian Duma, de-de-de, as Carlos Mencia would say.  
But later he would be found guilty in The Hague,  
in the Netherlands,  
Guilty of crimes against humanity.  
Now Kosovo has broken away from Serbia,  
The USA and the United Kingdom, among others,  
Had validated Kosovo's claim of independence.

The Serbs are not happy thus the Russians aren't happy.  
The Russians filed a petition with the United Nations,  
So the UN would not permit legal status to the fledgling country.  
Chances are the Kosovo people will unite with Albania,  
Either creating a Greater Kosovo, or a Greater Albania,  
Or Kosobania, or Albasovo.  
It's too early to tell what's become all of this; channels like CNN will keep me informed,  
How amazing the world we live in, how amazing would Alexander the Great feel,  
After conquering Egypt, Persia (Iran) , Mesopotamia (Iraq) and as far as Punjab,  
India,  
And everything in between, including every branch of every limb.  
When he saw his homeland disappear; separated into different countries; In front of  
him.  
La Plus Ca Change, La Plus Ca sont La Meme.  
(The more it changes, the more it remains the same)  
(2-20-2008)

The Serbs have bombed our Embassy and worse of all they bombed a McDonald's,  
Not a Burger King, not a Wendy's, or a Sonic,  
The Serbs held Americans with low regard, blaming US for the separation,  
The Serbian-American Relationship is not platonic.  
NATO force is under attack, this could Milosovic's rise from the dead.  
Kosovo is a great cultural, historical, and spiritual significance to the Serbs.  
They have fought the Third Reich, NATO should be no problem, let it be said.  
(Amended 2-24-2008)  
The Serbian dissolved today under parliamentary dysfunction.  
The Kosovo secession had given Serbia what it feared the most, disunification.  
So the government collapsed under its own wait and see attitude.  
To what future lies next after the Prelude.  
(amended 3-9-2008)  
Radovan Karadzic, was former Serbian president, who was on the lam for 13 years,  
His personal genocide on Bosnian and Serbian Muslims caused many tears,  
He hid in Serbian monasteries, that is what the good Christians, the monks, would do,  
The monks supported his life although he had killed thousands under his direction.  
He was in refurbished caves much like the Flintstones and Rubbles too!  
He was handed over to The Hague and will be charged with crimes against humanity,  
So it is over? Not yet. The Crusade, a thousand years later has remerged,  
The Koran versus The Bible, What would Ibrahim aka Abraham say?  
Ibrahim versus Abraham makes no sense, would you fight against you?  
This is complete insanity.

(Amended 7-22-08)

(This is a condensed version, Reader's Digest version, of an observation.  
The observation was sparked by the secession of Kosovo to be an independent state  
from the country of Serbia. The Serbs have been embroiled in factional ethnic feuds  
for the last 19 years. This a brief history of Serbia and alliances to Russia.  
This observation entails almost 2,400 years of feuds and wars.  
I apologize that I can't fit all the details of the area known as the formal Yugoslavia.)

## **TKO or Was It a Draw**

It was the geriatric-weight championship of Cuyahoga Falls,  
It was not A Thrilla' in Manila nor a Madison Square Garden,  
Or a Bungle in the Jungle, it wasn't Pay-Per-View,  
It was in the Gardens of Western Reserve Nursing Home  
In God's honest truth what were they thinking?  
It was the first round and the fighters came out swinging,  
George Manos, in white trunks, took a pounding,  
By Edith Walker, in the black trunks, who kept bringing,  
Blows upon Manos after Manos egged her on,  
Edith, who was no dingbat, attacked George from the back.  
Edith had to be separated from punching bag by outside forces.  
All was due to an improperly filled ballot.  
Edith had incorrectly filled out her ballot and George was mad,  
George wanted to take her allegedly incorrect ballot away.  
He wanted to press charges about voter tampering.  
Was ACORN responsible for this?  
American politics at its best.

## **Tolerance is a Virtue, Afghan's have None**

It is kind of dangerous to be a Christian in a Muslim country,

It is kind of sad the oil and commerce have affected my country ideals,  
America's stance for tolerance and to be free,  
Bush and Cheney have a pipeline to Kabul,  
Since nine eleven, Rudy speaks no one listens;  
-they were only going after one man,  
Bush sent in troops to conquer the Taliban,  
In the eighties the USA CIA armed Osama and Mujahadeen,  
To fight Soviet puppets from taking over in Kabul,  
The Soviets gave up after eight or so years,  
Over what would be labeled the Soviets Vietnam,  
So many in Moscow and Leningrad shed tears.  
Kabul will be thrust in to war again because the Taliban is gaining strength,  
Add Pakistan is the verge of falling in to a political collapse,

So how does Christian man fare in to all of this?  
He doesn't.  
He'd be wise to flee when he can,

For the Islamic majority have no tolerance for subversive faith?  
Even though Jesus is regarded as prophet in Islam?  
Could it be that the major oil companies have determined to route our country takes?  
Could it be that our political leaders buckle under influential pressure?  
Could it be that human rights are lost in discussions to map out strategies of world domination?

Abdul Rahman, you haven't a prayers chance in hell,  
Bush and Cheney don't give a damn about you,  
Only if your family is in the oil business  
And then only at the proper price of their oil, they would sell.

## **Tombstone Territory**

What if King Tut had a video of his life,  
Then Boris would be out business.  
The Voo-Doo dead men would have to retake their lives,  
Because things would change when they awoke.

Does it come in HDTV?

Yes there here, video tombstones with mp3 playback capability,  
Complete with a stereo hook-up and five inch monitors replaying your life,  
I wonder if Ralph Edwards has tombstone like this?  
It is no Truth and Consequence(s) to me.  
This is (was) Your Life,  
Your moment on Starlit Stairway,  
Star Search,  
American Idol, you're such a ham;  
Does it come with or supported by TiVo, satellite, cable, or Fios?  
Moreover can you get ESPN on it?  
I imagine that most of the stories of life would be boring outside of the immediate family,  
You Bet Your Life would a different meaning to the program.

## **Top of the World (dedicated to Sir Edmund Hillary)**

Such a feelings coming over me  
There is wonder in most everything I see  
Not a cloud in the sky  
Got the sun in my eyes  
And I wont be surprised if its a dream...(The Carpenters)

The last explorer on earth has died.  
Sir Edmund Hillary (I hate the word Hillary 'Clinton') is resting in heaven,  
Being the first person to climb to the summit of Mt. Everest,  
He was on the top of the world,  
Much like Neil Armstrong and Apollo Eleven.  
He was a meek beekeeper who the world by storm,  
When he had accomplished the feat,  
frostbitely cold never warm.  
To go where no man has gone before,

Torre what is the story?  
Laurels and praises you thought was yours back in two thousand,

## Trinidad

"And the lady she hails from Trinidad  
Island of the spices  
Salt for your meat, and cinnamon sweet  
And the rum is for all your good vices"

Jimmy Buffet wrote about the islands,  
Of native people whose name is known as the Caribe,  
Not of Colorado where there is a Trinidad,  
The climate, to the beach goes, was to deceive.

The Lady, if hailed from Trinidad surrounded by land,  
Probably was a man first, before she became a woman,  
And her vices yet bountiful,  
Trinidad, Colorado became the world's first sex change capitol.

Too bad Billy in Pueblo, had no sense of direction,  
He was apparently known as the hooking, cross dressing tv,  
For decades he donned his feminine persona,  
Why didn't he go all the way? It sure beats me.  
I happened to spot Billy one day,  
In the morning,  
I stopped the truck to give him clearance on the road,  
as he waived his gratitude toward me,  
Or was he inviting me to participate in vice his way?

Or maybe he thought I looked like a senator from Idaho,  
Or a monsignor from the Vatican, (see observation Homo Erectus)  
Or from South Park, Mr. Garrison,  
Some Colorado residents thought it might be cute,  
To name their city Trinidad,  
Trinidad you should a file defamation of island suit.

## **TSA is Abreast of Things**

Ever since September 11,2001 the TSA (Transportation Security Administration) ,  
Is running similar to the IRS, thinking some them gods and for to you to demean.  
The steady amount of jet security has been to taken to the extreme.  
I have personally seen old men and women, that could barely walk,  
Being summoned over the side for a personal search any day.  
Likewise toddlers pulled over to make sure that they were terrorists.  
Mandi Hamlin did have piercings that were under wraps one may say.  
Two to be exact, piercings that involved her tip of breasts,  
TSA agent told her she had to remove them, for they feared an attack.  
She offered to show the TSA they were nothing but piercings,  
-not a threat in the air,  
But the TSA didn't care.  
Had the idea from the IRS and TSA gone out of whack?  
The two agencies can completely violate freedoms with no apparent consequence.  
You are guilty until you prove your innocence.

Sacha Boren Cohen,

## **Under The Boardwalk, aka I Mean the I-95 Overpass in Florida**

Oh when the sun beats down and burns the tar up on the roof.  
And your shoes get so hot, you wish your tired feet were fire-proof.  
Under the Boardwalk, down by the sea  
On a blanket with my baby, is where I'll be. (The Drifters)

Really how can society be so terrible?  
People living under the overpasses of interstate freeways,  
People hearing Helplessly Homeless by (C, S, N and Y)  
Causey, (they were the cause)  
Steals, (they stole innocence from children)  
(g) Nash, (they are gnashing their teeth when the weather gets cold and,)  
Old. (They were young when committed the  
Young but now they have to live with it) .

(see observations Helplessly Homeless, Calling Sister Bill)

People that took their liberties and took the liberties of others,  
They in part someone's sister and brother,  
People that are sex offenders;  
they can't go into regular society,  
By violations of boundaries where kids congregate,  
The laws did segregate,  
The convicted abusers, they couldn't,  
- without violating their parole,  
Be free to roam society in a normal fashion.  
Perhaps the male sex offenders should be perhaps be put into a seminary,  
Before they encounter those that they offended by word or action,  
Before they land up in a morgue and consequently a cemetery.

## **Upton's Response, an American Public Education Reminder**

(During the Final Question round, (for Miss America '07) , Aimee Teegarden asked Miss South Carolina, Lauren Caitlin Upton, why she thought a fifth of Americans are unable to locate the United States on a world map. Upton's response was :)

'I personally believe that, ----Upton's response  
(In the hat there was cat) , ---- the author's comment

U.S. Americans are unable to do so,  
(... a deer a female deer a Do)

because some... people out there in our nation that don't have maps,  
(I like to take naps)

and I believe that our education,  
(how did she ever get out high school. Is it just my imagination?)

like such as in South Africa and the Iraq,  
(could it be next year she will be voting like for Barak?)

everywhere like such as, and I believe that they should...  
(She'd pass a test, for 1st graders, if she could.)

our education over here in the U.S., should help the U.S., er,

should help South Africa and should help the Iraq

and the Asian countries so we will be able to build up our future.,

## **Vatican, We've Got A Problem**

I don't believe it, Pope Benedict XVI,  
The holy authority of the Roman Catholic Church,  
Condones the treatment which was given to Galileo,  
Galileo who was convicted of heresy though not being lit as a torch,  
But nonetheless was given house arrest and being told to recant his findings.  
Galileo's findings were based upon Copernicus, not just someone,  
Galileo ventured to inform the masses in 1633,  
That the earth revolves around the sun.  
The previous Papalness Pope John Paul II did vindicate Galileo after almost 400 years,  
But now Pope Benedict XVI condones the theories used at that time.  
Now has the church gone mad, Pope Benedict XVI,  
Would not allow the church to be faulted,  
The rational scientific mind of man would not be exalted.  
Pope Benedict XVI you have got to be kidding.  
You are insane, by not admitting that Galileo had been right,  
And the Roman Catholic Church wrong,  
You are undermining to validity of your church.  
Let us go back to Baltimore Catechism and Pagan Babies,  
Let all Protestants go to Hades,  
Let the Jews bake in the ovens of your homeland.  
I THINK NOT!  
Let's praise Galileo and admonish you and those who came before you.

## **Victor Victoria God Willing! Can I Have an Amen?**

"Houston, we got a problem."

It was not an Apollo XIII that the Osteens were on but a Continental plane,  
Victoria was on flight from Houston to Vail,  
In the year 2005, Sharon Brown, an air flight stewardess,  
-was "man-handled" in flight,  
By the ever Christian-like Victoria Osteen,  
-did she not understand what Christianity means?  
Doesn't she remember?  
But if the judgment of the court goes against her, - she did fail.

(Brown alleges Victoria Osteen threw her against a bathroom door and elbowed her in the left breast during an outburst over a stain on her first-class seat. The Federal Aviation Administration fined Victoria Osteen \$3,000 for interfering with a crew member.)

Brown says she wants an apology and--10% of Victoria's worth,  
Did she sow that much?  
Is this a way to get rich by Prosperity Theology?  
I think not,  
but in any case Victoria was stupid for laying a hand on crew member.  
Sharon Brown has said her faith was shaken, if she had anything.  
Sharon says in her lawsuit that suffers both internally and externally.  
Sharon does want some of Victoria's money not to send her to Folsom or Sing-Sing.

(According to court documents, Brown claims that she suffers from anxiety and hemorrhoids because of the incident involving Victoria Osteen and said her faith was affected. She is also suing Victoria Osteen for medical expenses for counseling.)

It is pity that Victoria made a stink over a stain,  
Causing the flight to be delayed,  
As far as Sharon's butt she claims to be in pain.  
If the Osteen lose it should be no shock,  
As far as Joel goes he should be ready to make another book,  
-get on CNN and get paid.

(8-8-08)

Well Victoria has been vindicated,  
Brown has lost her suit,  
Maybe Brown should loose her job,  
The jury has found her problems that she had hemorrhoids and anxiety,  
Victoria's behavior had nothing to do with it.  
Maybe Brown should close to someone like Senator Edwards,  
-someone politically.

## **Virginia is no Place for Virgins**

At William and Mary College will have a seminar,  
Which will feature sex workers both near and afar,  
It is a sort of 'job career' type of function I guess,  
it's not for prudish snobs,  
The Sex Workers' Art Show will return to Virginia's College of William and Mary for the  
fourth straight year. Monday night's show features strippers, hookers and other sex  
workers performing and talking about their jobs.  
There will be a public forum -check that, - a public forum  
They will talk about real things, each one isn't a fool,  
For example, Jo Weldon shared her story of how a stripper job helped pay her way  
through college and graduate school.

A woman named Dirty Martini, who weighed more than 200 pounds, did a striptease in  
a G-string and pasties, while a woman named Cono Snatch Zubobinskaya gave an  
anti-war performance that included a dildo shaped like a gun, the newspaper said.  
I wonder they will have stats that include people in the sex industry, who land up dead.  
It will not hosted in a dorm,  
Some people have complained a college is no place for sex workers to perform.  
Most of it, I take it, will be for free,  
As Yakov Smirnoff stated "What a country! "  
This will never happen at Texas A & M.

## WalMart, We are Rolling Back Prices (in healthcare)

Pretty soon, when your kids gets sick by some Made in China toy,  
(see observation Do Tell Mattel)  
You'll be able to shoot two birds with one stone,  
You can bring it to Wal-Mart, if you bought it there, for refund,  
And you could get a doctor for your little girl and/or boy.  
I have already seen an optometrist in Wal-Mart for eye-glasses,  
You'll be able to have doctors look at your illness(es) ,  
You will be able to view a variety of services at your request,  
For the pregnant mothers there is to be price rollback on the Lamaze classes.  
From cradle to grave that's where Sam's Club and Wal-Mart stands,  
Pre-Natal Vitamins to Geritol and Centrum Silver, baby food, adult food, pet supplies,  
Banking, Entertainment, Photography, Sports, Clothing, Furniture,  
Alcohol, water, soda, jewelry, garden utilities from across the land,  
Wal-Mart is getting very scary you know,  
Wal-Mart is doing heavy business with China,  
What if Wal-Mart imports traditional Chinese Medical Doctors?  
What if one prescribes you a teaspoon of bear bile or a tea with sliced antlers from a doe?  
Milk soaked with the dried up lizard bodies?  
They already have ginger root, fresh in the produce section,  
But ginseng is only available in the Pharmacy, aisle three, in bottles,  
Next to the blood pressure machine, on the opposite side of McDonald's,  
Next will be Starbuck's in Wal-Mart with their lattés.  
Hillary Rodham Clinton is mandating health care for all,  
She was on the Wal-Mart Board of Directors and at the that time was not vocal about unions a typical vote she must secure, has Chinese political connections;  
She is running for president,  
She, as president, is about to sanction government Medicaid for with strings attached,  
Can there be a slight connection here, or it is any (anti) bodies call.

Until then, if one could imagine one day, in Wal-Mart in a crowded OR Room,  
If the surrounding situation is in a wreck,  
THEN ABRUPTLY, The surgeon calls in store phone to speak with a manager,  
While you're having a colonoscopy,  
(because you had Aetna Medical Insurance that refused to pay for your anesthetic, see observation Aetna, You're a Pain in the Ass)  
The surgeon says; "Price Check".  
2-9-2008

The medical part is called the RediClinic,  
It doctored by nurse practitioners,  
So if you don't feel well because you are possibly sick,  
And most likely give you prescriptions and administer medicine.  
If you are sick mentally if not physically,  
I wouldn't doubt that Dr. Phil's staff would be involved,  
Finding their new work after the attempted bail out of a ruffian.

## WASTE NOT WANT NOT

Who will take charge  
Of the cargo of this barge?  
The "Break of Dawn" on an early morn a particular day,  
Was to move the  
"Mobro" to a place far away.  
Was it gold or jewels, a freight of special value?  
Was it's cargo to be benevolent, well appraised and true?  
Who knew?  
Islip, Islip, New York why did you initiate the trip?  
The gifts of your society: a rather smelly variety,  
Who would secure your manure?  
The boat set sail for the Carolina in the North,  
The barge bore putrid trash and the fragrance it spewed forth.  
To be used as a producer of methane?  
Conservationists said "Insane."  
To "Break of Dawn" bad news, we refuse your refuse.  
States numbered four with similar responses in store,  
Florida, Alabama, Mississippi, and Louisiana.  
And there were more than that who would not let you dock with ease,  
Mexico, Bahamas, and the country of Belize.  
After six thousand miles and one hundred eighty days,  
You returned to where you began with a wasteful trip,  
Back to your home sweet home in Islip.  
Where did your cargo go? What became of the trash?  
It went to a New York incinerator and became four hundred tons of ash.  
Such a pity, neither state, country, or city at any time,  
-any date would accept your freight.  
After all what do they want? To be clean? Unpolluted?  
Clear of contamination? -----Such a waste.  
They obviously don't have good taste.

## **WATER ERODES**

As dawn from the East the solar light cast shadows  
Upon the stark, barren, apparent lifeless desert on the surface below  
Like so many times before and ago  
And as mantle plates collide over the aethenosphere  
Up the atmosphere thermal pressures  
Collide making rain,

water erodes.

And minerals from the earth paint the desert landscape,  
Purples, greens, and ferric oranges,  
Martians do not the vista that I hold,

water erodes.

Dried riverbeds one million or so many years ago  
Not to mention the one only and proud chain of mountains, the Ozarks.  
The first, though not horrific,  
'Rocky Mountain Picture Show' as it was several millions years ago,  
only to be transformed in to bumps in topographical terrain,

water erodes.

The phallic symbols that were the peaks are rendered impotent,  
The celestial Cialis and Nirvana Viagra would not help.  
And I saw canyons as several hundreds of layer of sedimentary rock expressed the  
thousands of  
millenia which gets its' from river and wind,

water erodes.

So as it goes, the only dynamic earth is constant change.  
And what do you think? Earth is 75% WATER.  
At 31,000 feet I looked down as earth geological history,

water erodes,

At 35,000 feet, the depth of Mariana Trench,  
holds the truth yet to be discovered,  
below the surface.

**We Still Have a Two Minute Warning Aka The Fat Lady Hasn't Sung Yet Aka It Ain't Over 'til It's Over**

Barack has chosen May 20th to be his victory day,  
Although I gave money to his campaign,  
And he most likely to win the Democratic Nomination,  
The date is slightly premature I'd say.  
Hillary doesn't care about TIME, though she running out of it,  
The money that was spent on the two campaigns was insane.  
But perhaps Hillary should butt out to help heal the party before its national  
convention,  
Before McCain takes advantage of this potential split.

## Well Hello Mary Jo, Goodbye Heart

Senator Edward Kennedy is about to retire,  
He has a book deal lined up eight million dollars.  
He was one of three brothers,  
-who stayed alive,  
-politically and literally,  
Both John and Bobby met their fate,  
By the end of a gun,  
Sirhan Sirhan,  
And Oswald,  
They were blamed for the actions,  
-but there is someone,  
By her death,  
-had assassinated Edward's potential presidential bid,  
Mary Jo Kopechne died when the vehicle driven by Edward Kennedy,  
Overturned off a bridge in Chappaquiddick.

She drowned, but it ten hours for Edward called the police,  
Far from the 18 ½ minutes that were gone from the Nixon Watergate Tapes,  
That later had the president resigned of the USA.  
He had move his pieces on board,  
get his ducks in line,  
pay whoever,  
He had to come up with type of lie to his wife,  
Lie, Lie, the Kennedy's you say?  
NEVER!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

Joe Kennedy, the patriarch of the clan,  
-made a part his fortune as a "drug runner",  
The drug was alcohol but it was banned by prohibition,  
That same drug was to be the downfall for would be President Edward Kennedy,  
Joe Kennedy worked the mob;  
-the union worked the mob in Chicago,  
Chicago brought his son John to the White House,  
John was assassinated almost mid-term,  
Robert, ran for the office in 1968,  
However, Sirhan cut his life short;  
Sirhan had mob connections, no way! (??)  
The mob wanted Bobby dead, because after all he sought them out with vengeance,  
Surely Jack and Bobby were dead by no chance.

So was Marilyn Monroe,  
- Frank Sinatra kept quiet,  
and Peter Lawford kept quiet.  
But Mary Jo crushed Eddie's chance for the White House,  
The mob did not have to get him.  
Will this same story be told within Edward Kennedy's memoirs?  
I think not,  
I predict that Edward will give the readers a different spin,  
Because Edward will lie again, and again, and again, .....

## What Did Dela Wear?

What did Delaware, boys?  
What did Delaware?  
What did Delaware, boys?  
What did Delaware?  
She wore a brand New Jersey,  
She wore a brand New Jersey,  
She wore a brand New Jersey,  
That's what she did wear (an old scout song)

Her name is not Dela,  
and beneath her skirt she wore nothing,  
Not even a thong,  
This unnamed Junior, is from Sickles High School in Citrus Park, Florida,  
She had her fifteen minutes of fame and then some.  
She was posed in group photo,  
"The 16 year-old girl admits she didn't  
wear underwear that day but says it was  
because she didn't want her panty lines to show."

She showed a lot more,  
What was she thinking?  
What was her mom thinking?  
They were NOT!  
She didn't fold her legs when the picture was shot,  
Could be that she wanted to create a stir or simply forgot?  
Her mother, Jeannette,  
-wants to the school confiscate and not hand out the yearbook.  
She is asking the School to reprint the yearbook,  
-without students taking a look,  
At her daughter's private part.  
For a start,  
Absolutely not,  
is Jeannette going to flip the bill for re-publishing the yearbook?  
Is Sickles High School going to take this bait, --line, sinker, and hook?  
Has Jeanette, for her daughter's sake, gone to CNN publicly\*  
- check that, -publicly  
I see a lawsuit not to distant in the future,  
Perhaps by the end of this year,  
One yearbooks is going to be auctioned on EBay I can foresee.

## What's the Point of B & S?

What is the point between B and S?

When you're running for White House and potentially leading the country as prez,  
It is a very big deal,

- which is why careful words must be spoken,

Romney spoke about Barack,

-an elephant who would like to truncate a donkey,

By dismissing his last name, Obama,

In essence referring to him as Osama.

A lot of things occur when you substitute "S" for "B".

Osama bin Laden called for increase for activity against Americans in Iraq,

Obama who was against the war from the beginning before the first strike attack,

Big difference I'd say, but not to Mitt.

Mitt Romney said they following where he mixes the two:

'Actually, just look at what Osam - Barack Obama - said just yesterday. Barack Obama, (he meant Osama or didn't he) calling on radicals, jihadists of all different types, to come together in Iraq. That is the battlefield.... It's almost as if the Democratic contenders for president are living in fantasyland. Their idea for jihad is to retreat, and their idea for the economy is to also retreat. And in my view, both efforts are wrongheaded.'

Mitt Romney

Mitt should hone in on Hillary not Osama, I mean Obama,

Because she's much in the leader in that jackass pack.

Her campaign financing is plagued by corruption but she lie to get by,

As her husband did, -----what exactly do you mean by did?

Mitt ought to go after Hillary about the corruption instead taking out Barack.

(10-24-07)

It's getting to be testy out there in the final quarter mile of donkey race,

Flyers sent out concerning healthcare and NAFTA are in the mix,

Far from the last debate in Houston where the vying candidates almost embraced

Obama photo had surfaced with him being a towel head,

definitely a smear tactic,

He was pictured in the Kenyan man garb;

his father was from a Kenya,

Does Obama look like follower of Osama?

What is the point of B and S in regards to picture that says a thousand words?

Today is the Ohio date on CNN; Hillary seems to be quite neurotic,

Did she or her aids plant the picture in the press?

Could the picture be some rhetorical response to the New York Times;

That labeled McCain a wrong doer? When will this ever end?

(amended 2-26-2008)

Now McCain, it was a miscue by his campaign,

Bill Cunningham was a right wing radio host in Cincinnati,

Who spared nothing or no one,

He mentioned Barack as a prophet who has come out of Chicago,

His middle name Hussein,

playing politics with stereotypes had to come out soon,

McCain profusely apologized, removed himself from the fray,

Cunningham dissed McCain on CNN,  
-saying he mention he mentioned Barack,  
By his full real name.

The Clinton's are attacking, bringing their big guns out,  
Bill is cashing in his political chips; he would almost do anything to have Hillary win,  
She down for the count and he revive campaign, by discrediting Barack,  
There was an email that accused of ties to Islam,  
When that didn't work,  
- he is now about to be questioned about his Christian association.  
Bill is cashing in royally,  
-his allegiances to some government officials and vice versa,  
Cannot be denied.  
Hillary stayed with him, they are one in the same,  
They are codependent on one another politically,  
If Hillary comes in second then they are both blame. (amended 2-27-2008)

## What's Up Bill Nye, the Science Guy?

Is it the stratosphere? Is it space?  
Is it stars and planets?  
Is it Blair Tindall who keeps descending upon you?  
Like a swarm of locusts.  
Beakman never had this problem,  
Nor Mr. Wizard,  
That will teach you from landing a marriage that ought not to be.  
Newton, Planck, Hubble,  
They were always too busy with the game you played,  
They were in fact making history.  
Sagan, where are you when PBS really needed you?  
Blair and Bill, they are in the middle so-called separation, fission.  
Blair and Bill have the same ego, magnetic repulsion.  
Blair and Bill are not one in this marriage, fusion.  
Blair and Bill are not in the least bit attracted toward each other, anti-gravitational theory.  
Blair and Bill began their "marriage" with a Big Bang,  
But it is liable to be Black Hole in the future.  
The songs that DEVO made were made for this type of evolution,  
Of personal relationships.  
Along with, The Eve of Destruction is what Barry McGuire sang.

## What's Up with the Do-Over

Tell me one thing, is this do over decade?  
For one thing the 2000 presidential election in Palm Beach,  
Chads, lawyers, State supervisors, and Federal and State Supreme Courts.  
I see it now, purely visible in my mind,  
- an official looking through a magnifying glass,  
Unable to detect did a person make a mistake or simply voted with not enough  
strength,  
Or the person was so dumb as not to figure the ballot out,  
He or she didn't tell a chad from his or her ass.

We saw Desert Shield/Storm all over again,  
I am getting awful tired of reruns, - thank God the writer strike is over.  
Now the NBA has a problem with a final score of the Hawks and Heat.  
The game was done years ago the NBA decided to the last 51.9 seconds,  
To rectify the human error.  
The Democrats in Florida and Michigan want to do their primaries again,  
So that they'll count.  
The Floridian and Michiganian Democrats violated their own party's rules.  
They were told if they hold their primary/caucuses they will lose their delegates,  
They did and they lost their say in the most contentious inter party race,  
That has been seen by most Americans.  
What if Ford never money to Hitler?  
(See observation Ford has a better idea) ,  
What if England lost to the Spanish Armada?  
What if Christ was not crucified on the cross?  
What if my grandparents never met?  
Who knows, but I am certain about one thing, things have to be different.  
The NBA will play their game.  
The Democrats, in the two states, have the slightest chance to REDO,  
Because they are running out of time,  
Shall it be by caucuses, primaries, mail-in, or internet?

And their plans be sanctioned by the Democratic National Committee.  
Who shall pay for this occurrence when Clinton and Obama campaigns,  
Need all the money the can muster?  
Isn't this insane?  
The DNC Chairman, Howard Dean, the Committee is not going to flip the bill.  
Hillary would be winning in delegates had they been allowed in.  
There will be no redo.  
If there is, lawyers and judges be prepared,  
But be aware,  
- that November is the decisive month,  
No make it February of last year,  
Oh Hell; redo the election of Dewey defeats Truman.  
Better than that redo the Civil War, Revolutionary War, etc.....  
Redo whatever was done.  
Pretend that Bret Favre is not retiring.

Hillary backs Michigan redo,  
De-de-de, she's losing,  
It's to Barak to go along with them.  
If he does he a fool,

But Hillary will have to take 80% of the vote to crush him,  
But if Hillary takes 55% he still lead her in delegates.  
Again this frantic Hillary and not Bill's cool.

Florida threw in the towel,  
It is not redoing its primary,  
They could not pay for it, they cowered,  
They cast their lot, they went afoul.

## What's Wrong with this Picture?

Indeed the non-talented Britany Spears has made the headline today,  
She has come out with a new album on CD, you say "No Way",  
She's been tripping lately,  
lost physical custody of her kids,  
Went to Rehab,  
was in car accidents,  
She bombed while she did debut from her return from Rehab to the stage,  
She is facing a point in her career she must stop before she skids,  
OUT of CONTROL, " Yes, Way.

She offended the Catholic Church,  
By posing seductively in a confessional with a priest.  
The La-La land star had gone far, enough to present shock value,  
To her act, her fame, once again, for that she searched.  
She had was clad only the most sexy black dress ever,  
To compliment the priest cassock, would he hear her confession?  
And give two Our Fathers, three Hail Mary's, four Glory Be's, times two,  
The Catholic Church should be aware of its own sins,  
Rather than a fixed upon a teeny-bopper semi-star,  
Years of pedophile behavior amongst some your priests,  
And your attempt to hide them and cover their tracks is where the scandal begins.

It's true that Britney has some sort of problem,  
But what is your problem, a massive conspiracy through out the decades,  
Britney will have her last judgment with God for the behavior that she enjoys,  
She is liable to get more reprieves for ill-sightedness,  
Than your priests' sanctified hands that illicitly touched little boys.

## What's Up Down There?

Is this muppets or what?  
Is this part of the show where Soupy Sales informs people?  
Is part of the Gentle Giant plan to take over the world?  
Shari Lewis and BRAM,  
Shari did have one of the on her person,  
But not necessarily a puppet.  
Tyra Banks had a female doctor that was actually female.  
The doctor was on the show to explain  
The female genitalia on prime time morning.  
(Pass me the green eggs and ham) .  
The doctor used a giant puppet,  
I believe its name was, as Robert Williams said it, VOLVO,  
I meant Vulva.  
She said the pee comes out a particular area, in a particular way,  
She said babies come from a different area from the pee.  
Carlos Mencia says "De, De, De! "  
I'm glad, they are enough pissed off people in the world today.  
And Tyra with all the interest she would muster,  
Asked all the questions like a queen rather than like Larry King.  
And informed her subject, a lady from the audience,  
To do what the good doctor said,  
That she should look at herself, down there, by way a mirror,  
Either standing upright, sitting down or laying in bed.

## What's Up with Cialis and Viagra?

Viagra does particular to the male human body,  
The little blue pill that is painted of NASCAR race cars,  
The little blue pill that affords a guy to have a baby when they are 70+ years,  
Larry King and Felix Madison come to mind,  
Probably Presidential candidate Senator McCain uses them,  
Taking the Cialis, McCain could have used to drug sooner,  
His jet would have not been brought that quickly, if ever, by the Vietmen.  
The Israeli Air Force found fighter pilots can increase their length, uh-uhm, their  
altitude,  
By ingesting the pill,  
By taking Cialis, they can function in high altitude sky space,  
The drug helps their head, get your mind out the gutter, think straight,  
The drug helps achieve the high, no not that one; all fight pilots yearn for,  
To go higher than the SAM missiles at their rear door,  
And to escape the planes that are attempting to shoot them down,  
Perhaps the makers of Cialis and Viagra will get a new ad campaign going abound,  
"Double the Pleasure, Double the fun With Cialismint, Cialasmint Gum",

OR

Viagra Oh Oh,  
Cantare, oh oh oh oh  
Let's fly way up to the clouds  
Away from the maddening crowds  
We can sing in the glow of a star that I know of  
Where lovers enjoy peace of mind  
Let us leave the confusion and all disillusion behind  
Just like bird of a feather, a rainbow together we'll find.

Can that be translated into Hebrew?

Or shall it be Hava Viagra,  
Hava Viagra,  
Hava Viagra,  
let's have one now.

## **What's Wrong with Wright (an Observation on what is and what is not)**

Reverend Jeremiah Wright stepped down as spiritual advisor to Barack Obama,  
He is a divisive preacher, who expounds the idea of afro-American Christianity,  
(By the way there is no such thing)  
Much like Farakhan expounds upon Nation of Islam, the Black Muslims,  
(By the way there is no such thing)  
They are both racist for religions are not based on color but on belief.  
There are not black, yellow, white, purple, and green Christians,  
Nor are there the same in Islam.  
But unlike Farakhan, whom I strongly disagree with,  
Wright on the other hand has some strong arguments.

For example, most of the hijackers on 9-11 were Saudis not Iraqis,  
Therefore one would have to guess that Saudi Arabia was more linked to strike, Not  
Iraq.  
("A US military study officially acknowledged for the first time yesterday that Saddam  
Hussein had no direct ties to al-Qaida, undercutting the Bush administration's central  
case for war with Iraq.")

American Airlines Flight 11 (which crashed into the North Tower of the World Trade  
Center) were reported to be:

Mohamed Atta (Egyptian) , believed to have been the pilot  
Waleed al-Shehri (Saudi Arabian)  
Wail al-Shehri (Saudi Arabian)  
Abdulaziz al-Omari (Saudi Arabian)  
Satam al-Suqami (Saudi Arabian)

The hijackers aboard United Airlines Flight 175 (which crashed into the South Tower of  
the World Trade Center) were reported to be:

Marwan al-Shehhi (from the United Arab Emirates) , believed to have been the pilot  
Fayez Banihammad (from the United Arab Emirates)  
Mohand al-Shehri (Saudi Arabian)  
Ahmed al-Ghamdi (Saudi Arabian)

The hijackers aboard American Airlines Flight 77 (which crashed into the Pentagon)  
were reported to be:

Hani Hanjour (Saudi Arabian) , believed to have flown Flight 77 into the Pentagon  
Khalid al-Mihdhar (Saudi Arabian)  
Majed Moqed (Saudi Arabian)  
Nawaf al-Hazmi (Saudi Arabian)  
Salem al-Hazmi (Saudi Arabian)

The hijackers aboard United Airlines Flight 93 (which crashed into a field near  
Shanksville, Pennsylvania) were reported to be:

Ziad Jarrah (Lebanese) , believed to have crashed Flight 93 into the Pennsylvania  
countryside to prevent or end an assault by the passengers.  
Ahmed al-Haznawi (Saudi Arabian)  
Ahmed al-Nami (Saudi Arabian)  
Saeed al-Ghamdi (Saudi Arabian)

The poison gas, the technology, that Saddam used on the Kurds was given by the US,  
And its allies,

(Iraqi President Saddam Hussein greets Donald Rumsfeld, then special envoy of  
President Ronald Reagan, in Baghdad on December 20, 1983.)

"Reports by the US Senate's committee on banking, housing and urban affairs - which  
oversees American exports policy - reveal that the US, under the successive  
administrations of Ronald Reagan and George Bush Sr, sold materials including  
anthrax, VX nerve gas, West Nile fever germs and botulism to Iraq right up until March  
1992, as well as germs similar to tuberculosis and pneumonia. Other bacteria sold  
included brucella melitensis, which damages major organs, and clostridium perfringens,  
which causes gas gangrene."

Saddam used the gas to poison the army and civilians of Iran.  
The Americans were involved covertly infighting the Soviets in Kabul,  
Charlie Wilson's War was made into a movie starring Tom Hanks,  
Much like Iran-Contra was the plan.  
The US supported the Mujahadin  
The Mujahadin, later the Taliban, fought the Soviet take over of Afghanistan,  
Now the US is fighting the Taliban in Afghanistan and soon to be Pakistan'  
Huhh? ? ? ?

The Mujahadin fought when American weapons and devices concocted such as,  
Excrement used a bomb,  
later on,  
to attempt to bring down the Twin Towers in 1993.

"At noon, a yellow van holding over 1,200 pounds of urea nitrate, a fertilizer-based  
explosive, blew up near Tower Number One's south wall. The blast left a 150-foot-wide  
crater and collapsed several steel-reinforced concrete floors."

The US has picked strange bedfellows at times:

- 1 The Shah of Iran
- 2 Ferdinand Marcos
- 3 Batista of Cuba
- 4 Manuel Noriega
- 5 the opposition to Allende of Chile

Just to name a few of them,  
The US government had been supporting Israel for years on end,  
Billions upon billions of dollars,  
mostly military aid to sustain its intestinal fortitude,  
And Israel spies on us, now that's gratitude.

President Clinton's close friend,  
a billionaire and fugitive from justice,  
was a top Mossad source - and could wreck plans by Hillary Clinton if she decides to  
run for the presidency.  
Billionaire fugitive Marc Rich,  
-a close personal friend of (ex) -President Bill Clinton and his wife, Hillary, was one of  
the most important high-level contacts Mossad had in the United States.

Bill pardoned him as he left office on a later date  
So what's wrong with Wright?  
Why did he get the ax?  
His rhetoric, his complete misconstruedment (Joeism) of what Paul had written to the  
Corinthians,  
-not necessarily his facts.  
But without understanding the basic premise of Christianity,  
Can we take him seriously?

## Whips and Chains

Saudi Arabia, is one of the United States Allies,  
Our judicial system, though not perfect, is relatively humane,  
By comparison the US system by Saudi's system is pale,  
The Imarship, its dictatorial domain is indeed somewhat a travesty,  
Is not in tune with humanity,  
According to the Koran,  
a judge sent a woman who was gang raped to jail,  
And she was to receive two hundred lashes,  
For being in the company of men not be of her family relations.  
Where are suffragettes when you need them?  
Are they packed in Suffragette City?

Where are the women freedom fighters of the United Nations?  
True the Koran is a sacred book,  
-but did Allah have in mind,  
Torturing a woman that has violated and abused.  
I hope not,  
if I recall the thief,  
according to the Koran,  
would have his arm cut off,  
I hope, in the case, the men would not be sedated,  
And like the appendage that was used,  
like the thief's hand or arm,  
They should be castrated.

## White People

Who in hell are you Kamau Rasdhidi Kambon?

(Kamau Rashidi Kambon shall be referred to his American birth name of;  
Leroy Jefferson.)

Leroy, I stumbled across your video preaching racial cleansing,  
Where upon,

Leroy, you stated that all white people should be exterminated,

"And the one idea is, how we are going to exterminate white people because that, in  
my estimation, is the only conclusion I have come to. We have to exterminate white  
people off the face of the planet to solve this problem." (October 14,2005)

Leroy, your message had been broadcast over C-Span,  
-the government cable channel,

Leroy, your message of genocidal hate flies in the face of sanity.

Leroy, true that this a country of free speech, but it also has laws,

Tell this to Don Imus, nonetheless your logic seems inflammatory.

Leroy, it would be impossible to kill all of us,

What would you do about Barak?

Is he black enough for you? Not a chance.

His mother was white, therefore you should lock him away not kill him?

Leroy your rhetoric I have heard your song and have seen your dance,

So many times before,

Like I heard Mr. Bojangles almost 35 years prior.

Did you go to school with Alice Tait, because you both PhD.'s,

But in a way you're stupid as stupid can be.

(see Observation Ebony and Ivory)

You both grew up in the '60's, Leroy were you in the Black Panther Party?

I feel that your actions shall not present any consequences,

a free pass in you will.

Leroy you will teach at North Carolina State University,

And what about those Duke white people, who played Lacrosse,

I wonder will they have their in balance?

(see observation Run Around Duke)

My God, if a white professor would say said the things you said,

In regards to black people,

He or she would suffer dire consequences.

You may be Dr. Kamau Kambon to others but you will be Leroy always to me.

## Who da Baby Daddy?

Being good isn't always easy  
No matter how hard I try  
When he started sweet-talkin' to me  
He'd come and tell me everything is all right  
He'd kiss and tell me everything is all right  
Can I get away again tonight?

The only one who could ever reach me  
Was the son of a preacher man  
The only boy who could ever teach me  
Was the son of a preacher man  
Yes he was, he was, lord knows he was

The above is what Dusty Springfield sang,  
The above title is what Maury Povich brings,  
The sordid story this writing is based on comes to us from Decatur, Georgia,

(DECATUR, Ga. (Nov.19) - The 80-year-old leader of a suburban Atlanta megachurch is at the center of a sex scandal of biblical dimensions: He slept with his brother's wife and fathered a child by her.....)

Sex scandals have rocked the Bible,  
Judah is one,  
Psalms aren't the only act David sings,  
David did play a "G" string on his harp and others as well,  
Bathsheba, the lady who rocked David, is the one,  
No doubt Swaggert and numerous priests did someone,  
Injustice  
That is biblically pathetic.  
So have the holy men do what they studied to do,  
Have illicit sex, with their daughters,  
brothers' wives,  
prostitutes,  
It's all there in the good book,  
Hardly, am I sympathetic.  
I am for the fallen brethren,  
Because by their standards I am not all that bad,  
Not to play their final judge,  
I am just being prophetic.

## Who Gives a Hoot(ers)

Hooters got a bad name yesterday,  
The angry customer had not wanted to pay his bill,  
The bill was probably high but that what get for eating and drinking at "sports bar",  
And sexy waitresses in their hooter shirts and mini-shorts,  
I guess the majority of them pay, even tip generously, a couple of bucks to the till.  
Hooters is a "family- oriented" restaurant, -PLEASE—  
If you want family restaurants there are Applebee's,  
Cracker Barrel, Denny's, and so on,  
Not too many employees decorate the calendars of the above mentioned.  
Who Gives a Hoot about Hooters?  
The majority of 21-40 year old guys,  
They like to frequent the establishment, but I warn any guy,  
There will be hardly ad women to pick up there,  
outside of wait staff and barmaids,  
There will be women of course there,  
But if they are alone, chances are they'll tell you to take a hike,  
For they will most probably will have interest in the ladies,  
Not the men, chances are you have come a cross a dyke.

Move over Viagra, not now Cialis,  
The rats are coming, the rat are coming,  
The pesky critters, and horny ones too,  
Are about to the males without pills, in plain English, to screw.  
Erectile Dysfunction is big business in the pharmaceutical trap,  
Now because of mice and men, we get exposed to the flap,  
Of meese's getting the pieces together without pills,  
If men got the will,  
'The best-laid plans of mice and men go oft awry.'  
You can't get it up for that special lay, no matter how you try,  
To put away the blue pill and act like rat,  
There is nothing wrong with that.

## **Who Let the Dogs Out, Woof, Woof, Woof, Woof**

Vick, I can't say how stupid you are.  
You had it made,  
multimillion contracts,  
endorsements,  
It all went to the dogs,  
Your 'dogs'\* and you were pretty stupid,  
You fought your canine dogs to make money and amusement,  
You gave up a stellar career for what?  
Michael Vick, if you didn't know,  
you can cheat on significant other,  
You can be busted for dope,  
you can take steroids,  
if don't lie like Barry did,  
You can play the race card with Rush Limbaugh,  
but you cannot mess with dogs, Vick.  
Dogs have played a roll in society that crosses racial,  
ethnic lines.  
The kill defenseless animals is barbaric,  
The thought of you and your cronies electrocuting dogs makes me sick.

(11-19-2007)

How stupid is the court that said Vick is entitled to his bonuses?  
Vick cannot fulfill his contract because he serving time in jail.  
The Atlanta Falcons did to agree to sign a person with excuses.  
His bonus helped to finance his dog fighting, but did logic prevail?  
Not according to the U.S. District Judge David Doty,  
De-De-De, times three.

Today in Afghanistan, the dog owners buried not their dogs  
They were burying their dead----people,  
Not dogs, apparently dog-fighting is major attraction outside of Kabul,  
Enough that a suicide bomber blew himself up along with a hundred people or so,  
Kids and adults alike the bomb blast and/or shrapnel didn't discriminate,  
Maybe the 'terrierists' (a joeism) were members of factional,  
but yet fictional,  
PETA Taliban Network, otherwise known as the PTN.  
Maybe Vick could start a business there;  
he isn't to be playing football here you know.

## Who needs Dino Anyway?

Gas Prices keep going up;  
there is apparent global warming due to fossil fuels,  
The oil companies boast huge profits,  
The Middle East is full of political and religious anarchy,  
countless duels,  
Maybe Fred Flintstone's car is the solution,  
For this economic retribution.  
Hybrids, and Hydrogen converters are coming about,  
Ethanol and garbage related fuels for diesel are backstage,  
'Shared Propulsion Car'  
-is a creation by artist Michel de Broin.  
It is a 'Hoopdy',  
a 1986 Buick Regal from the last century,  
It has been hollowed out,  
to pedaled by people,  
- in essence 4PP,  
(four people power)  
so as to pull any muscle in the leg or groin.  
The four people were pulled over by the OPP,  
(Ontario Provincial Police)  
Trevor Baldwin was steering and was questioned by the officer,  
He was ticketed for using an "unsafe vehicle".  
The Buick was towed to a lot and the trial did commence.  
'As the Crown prosecutor tried to make his case Thursday,  
the court erupted in laughter, and the charges were thrown out.'  
So in essence the use of people power had found a victory,  
Although it may be small,  
It can be attributed to Fred Flintstone and civilization known as Bedrock, what a story.

## **Who's afraid of the Big Bad Wolf?**

Or it is "Who's afraid of Virginia Wolf"?  
Anyway, Palin and lip-stick coated pit bull persona is being attacked again,  
From Ashley Judd, for Palin's defense of aerial hunting of wolves.  
Palin has encouraged hunting for wolves that she made a \$150 bounty,  
For each severed left paw,  
What gall!  
The hunters fly in airplanes or helicopters to bag their prey,  
How daring!  
With high powered rifles with scopes they shoot to kill,  
I would have them much more on the ground, on foot, if dare I say.  
Then I would consider that a hunt.  
Not shooting fish in a fish barrel, a barrel with a bunch dead pickled herring.

## Who's Stallin' Now?

The American Civil Liberties Union has another idea up their butt.  
The ACLU claims that Public Restrooms,  
Are place where people engage in sexual activity.  
Never mind the romantic part of the situation,  
Flushing the people out would violate their privacy.  
Again how private they can be?  
You can imagine all the flushes, the smell,  
And auditory sense that your next stall neighbor had a bout with Taco Bell.  
You can't go in to a public restroom with merchandise in Wal-Mart.  
If you have to go along I-696 to get your kicks, you would be smart,  
To know you are breaking the law.  
Cruisin' for bruisin' as far as AIDS is concerned,  
So to the straight guys in life rather than the crooked ones,  
Do not spread your legs in a wide stance in a stall,  
Do not talk to your neighbor in a neighborly urinal,  
Imagine what germs there would be,  
As in a hospital,  
We should all take lessons from the Charmin bears,  
It is eventually to be crapping outdoors, and the ground to pee.

## Why Turn an XY to a YY?

Robert Kosilek was born a male  
Killed his wife for pouring hot tea on his genitals,  
He convicted and sent to jail,  
He now knows he want to be,  
A she not a he,  
He was born with a XY pattern in his genes,  
But now he, Michelle, wishes to wear YY jeans.  
He has to lose a lot of hair,  
Among other things,  
He has to receive hormone injections and implants,  
And face extensive surgery both cutting away and reconstruction,  
He is not in Trinidad (see observation Trinidad) .  
He is not Billy.  
He is not rolling in money but he claims to a constitutional right,  
According to the inalienable rights of life, liberty, and the pursuit of happiness.  
For taxpayer should be forced to pay for his surgery, nevertheless.  
He should have thought it before he killed his wife,  
As far as I am concerned,  
He had forfeited those rights  
When he had taken those same rights from her.  
When he ever gets out, he could make his money on Springer, Maury, and E!  
Then he could go on Tyra's Show, and show how he became a she.

## **Will the Real Stepford Stand Up?**

Has prophesy of divine intervention come through?

Has the exodus from the child foster homes been enacted?

Has the 'fat lady sung' in reference to the ability for Texas to keep their children?

The FDLS thinks so.

In fact they have a website for their clothing,

what publicity was given to them.

Versace, Prada, and the likes could not have afforded the constant airplay,

So they are marketing their clothes on the web today.

## **Wrinkle Free for Life(less)**

In 1970 I did research paper on Chemical Biological Warfare (CBW) ,  
I made some discoveries that I had not known before,  
It was the in middle of the Cold War, not to fear nuclear weaponry,  
Chemical and Bugs, who knew?  
Among the massive pile of ICBM's on both sides, CBW weaponry was in store.  
A stockpile of V and G Agents and Botulism brew,  
Enough to wipe off the earth at least 3x,4x or too!  
It was banned by the Geneva Protocol in 1925,  
Nixon signed the amended part in 1972  
With at least countries numbering 122.  
The rescind of this warfare was due to World War I,  
The War to end all Wars,  
Little did we know,  
Little did I know,  
That a weapon of mass destruction, botulism, was to be used a cosmetic.  
Those that inject Botox they are sure they know which way,  
The ageless society that some of seek,  
Of the likes of The Picture of Dorian Grey,  
Bears untold consequences, some glorious, some bleek.  
Botulism is more than coat of makeup or lipstick.  
Botox, botulism, paralyzes the nerves, makes one wrinkle free,  
To bad wrinkles cannot be topically sprayed away.  
That would be most fortuitous,  
If it gets into the bloodstream rather than the muscle,  
If it gets into the heart or lungs or nervous system,  
Then you shan't worry about wrinkles,  
Because you will have been experiencing rigor mortis.

## **Wrong Place, Wrong Time**

Robert Dziekanski, a Pole who died trying to search his mother,  
The Royal Canadian Mounted Police tazed him in to submission.  
Dudley Doright would have never done such a thing,  
Robert was not Snidley Whiplash or Osama bin Laden.  
He was confused, he had never been on a jet, let alone the airport,  
Where there is a no mans land between the points of arrival  
Before you enter the terminal.  
The RCMP, in my view, handled the situation poorly,  
They could have waited someone to interpret for the man,  
They could shot with a tranquilizer, not to floor him with 50,000 volts,  
The Canadians have always felt Americans had an extraordinary love for their guns,  
The tazing device could be a dangerous if it strikes someone.  
I am lucky that grandparents arrived at Ellis Island last century,  
Because if they arrived in Vancouver today they might subject to same welcome,  
In that case,  
I would not be.

## **Yo, Ho, Ho and a Bottle of Starr Rum**

Pirates of the Waters of the coast of Somalia?  
That would never fly,  
For Johnny Depp is the wrong color.  
The skull and cross bones still fly in air,  
Disneyworld would have to remake its ride,  
Mogadishu is to blame, the war lords, in constant strife,  
Blackhawk down,  
--who is around,  
US bodies were being dragged with so much hype,  
To take charge of country,  
Maybe Hillary? Maybe Obama, maybe someone.  
Somalia is home to pirates, not the swash-buckling type,  
Nothing to do with Pittsburgh,  
More of the armed type, with sam's, rpg's, not any musket type of gun,  
Being chased by the heavily armed US Navy,  
John Paul Jones would be proud.

It has been awhile since I had entered thoughts on this subject matter,  
The thugs have since captured many ships for ransom,  
This past week some of them paid with their lives,  
Three of them 'bit the bullet' literally when Navy Seals got the green,  
Three of them went to permanently see and visit the Mad-Hatter.  
Captain Richard Phillips was rescued,  
He is the captain of the US flagged Maersk-Alabama that had been pirated by the  
thugs,  
This lasted for five days,  
The USS Bainbridge came to the aid,  
A situation was becoming tense, such as in an hour of a '24' scene',  
A special forces group parachuting into the sea,  
From 7,000+ meters, 23,000 feet,  
The Bainbridge launched a dingy for their recovery,  
The Three Seals were just 25-30 meters from the lifeboat,  
The Bainbridge had offered to tow the lifeboat to shore,  
Which held the three armed thugs and the Capt. Phillips,  
When one of them held an AK-47 in the back of Phillips,  
The one shot one kill green light was on,  
By a standing order from President Obama,  
Three Somali pirates lay dead, Somalia they see no more,  
Phillips was safe, and he received multiple hugs.  
From his crew, from who he protected from further harm.

## **Yogi did Make a Boo-boo**

Winnie the Pooh had an alibi,  
The Country Bear Jamboree had a gig in Knottsbeary Farms,  
Smokey was registered in campground in Jellystone,  
The Siberian Brown and Mexican Grizzlies,  
Partied through out the week drinking Vodka,  
And Tequila,  
The court in Bitola, in Macedonia,  
Tried in abstentia,  
found the bear,  
Not necessarily Yogi, guilty as charged,  
Of stealing honey from a bee keeper.  
Since the bear wasn't owned by anyone,  
The bee keeper had to be awarded damages by someone,  
The bear is on the endangered species list and owned by the state,  
So the judge ruled that the government of Macedonia shall pay the bear's fine.  
Tito, we aren't Yugoslavia anymore  
First of the year it was Kosovo not second the bear,  
I would wonder if Alexander would care.

## **You Can Take for Granite aka The Daily Granite**

Did the Flintstones or Rubbles ever fear radioactive rocks?  
Bedrock was the Mecca of Life during the Prehistoric Age,  
Complete with animal powered vacuum devices,  
And foot powered cars, bare feet without socks.  
Modern man has come a long way but has it?  
Lead was used by Roman plumbers,

The plumbers of Pompeii had a flourishing trade that included fashioning gutters of lead for the private homes.

We have just outlawed lead base paints within the last 30 years,  
(Now we have China to contend with)  
Madame Marie (Sklowodska) Curie noticed the effects of radiation,  
Did she have granite counter tops?  
You see granite has bit of uranium in it,

Apparently, some types of granite contain uranium and emit radon, which can cause lung cancer. The discovery of high emissions led one New Yorker to rip out her counter tops before her pregnant daughter came to visit.

Evidence has recently surfaced that granite is causing cancer through the amounts of radon it emits through manmade granite products.

I was wondering how many people know this fact.  
It is well beyond their imagination.  
Do Lowe's and Home Depot guaranty their products from such a risk?  
Will your food be kept warm by irradiation?  
So granite is easier to clean from the biological viewpoint.....  
I see ...tisk, tisk, tisk.  
Tell that to the Flintstones and Rubbles who had once lived in Bedrock.

## **You Can Take a Man Out of Sharia Law Land, But You Can Never take Sharia Law Out of a Man**

Mr. Hassan wanted to 'bridge' the connection between cultures after nine eleven,  
He just wanted for the majority of us to understand that all Arabs aren't the same,  
He founded a cable station, Bridges TV, to help with this connection,  
His wife, Aasiya, became very western, very American,  
She found that she could leave him, legally, a divorce,  
This writer is not privy to all the circumstances surrounding this relationship,  
But for Mr. Hassan, Aasiya became the enemy, what can be worse?  
Mr. Hassan, who is most likely a Suni'i,  
who did take matters in his own hands,  
In his own way,  
'Obviously, this is the worst form of domestic violence possible,' Erie County District  
Attorney Frank A. Sedita III said today.  
Muzzamil beheaded her in his own TV station, Aasiya's separated body lay there dead,  
There wasn't any "Bridge" connecting her torso to her head,  
The founder of an upstate New York TV station aimed at countering Muslim stereotypes  
has been arrested on suspicion of killing his wife, who was beheaded, authorities said  
The thoughts of videos by Islamic militants beheading their captors ran through my  
mind,  
The videos played in my thoughts that Alljazeera TV unfurled,  
...early Sunni Muslim practice of beheading enemies in war and putting their heads on  
pikes, and you get what one might expect in the reinvention of shari'a in the modern  
world, ...  
Islamic terrorists have beheaded so many people,  
Including a geologist from Poland, Piotr Stanczak, in Pakistan,  
There were beheadings in the Philippines, Indonesia, Thailand,  
Saudi Arabia and on and on,  
(search victims beheaded by Islamic militants \*) ,  
So I see no difference between what has happened in upstate New York  
And elsewhere around the globe,  
I thought it was weird when I spoke to Bob Bauer,  
not Jack, a past DJ from WLLZ,  
Who was in Recon in Vietnam,  
How he used wear a necklace out cut-off Charlie's earlobes back in Da Nang,  
But this is different, but it is the same,  
Whatever this means, Mr Hassan you have set ideas back a few,  
if not more, centuries.

## **You Don't Know Jack**

You don't know Jack,  
unless you drank him,  
Many of people did and yet,  
Hundreds of bottles of Jack Daniels may be going down the toilet.  
Some of the bottles are a hundred year old whiskey,  
That due from some sort of technicality,  
Are going to be destroyed.  
It seems the feds know that the spirit was not taxed,  
- thus illegally sold.  
Have they no heart?  
Have they no conscience?  
This is granny setting her moonshine still for Jed,  
This is un-American,  
-to let Jack Daniels be poured out,  
Because of human error.  
Paris has the Mona Lisa,  
Greece the Acropolis,  
Rome has its colliseum,  
Egypt has its pyramids,  
Australia has its Great Barrier Reef and the Outback.

Tennessee has its Jack.  
Hell, we'll shout,  
"No justice, no peace" that's not joke.  
Think of all the microbes that'll be drunk,  
They will not a happy hour like this again,  
The feds should pour the Jack with coke.

## **You got the Tiger by the Tail**

On Christmas, Feliz Navidad,  
a cat named Tatiana was doing the usual big cats do,  
Hanging out on chilly day,  
after all she was a Siberian tiger,  
minding her own business,  
What happened later is terrible but true  
She was startled to see a human leg over the fence.

The authorities starting piecing the actions that were brought forth,  
Tatiana was killed, after attacking two men after she had killed another one.  
Tatiana, some speculate, was taunted by the person that had his or her leg on the  
fence,  
There were bloody footprints and shoe left by someone.

Paul Dhaliwal, as drunk and taunted Tatiana,  
Tatiana attacked and paid with her life,  
Kulber, Paul's brother, was also injured but not so lucky was Carlos Sousa, Jr.  
His demise was unforeseen,  
Paul did not see the New Year, -----He was dead at the scene.

The investigations went on trying to blame the zoo,  
For the fencing on the cats exhibit was a few,  
Feet short,  
After all the cats didn't escape for decades who knew?  
Calls to 911 the brothers cry grim(m) ly,  
The response was staggered from the inception of the call,  
In the end Tatiana would pay for being a tiger,  
she was shot.  
Tatiana was not able to be free,  
She was not able to be a predator,  
A Siberian tiger is on the endangered species list,  
But I say Tatiana will be surely missed,  
For in the end, the three should be a lesson for all those that hear,  
So there will not have to be another taunting, another mauling, --another killing,  
Of a tiger.

(1-18-2008)

The brothers that survived are attempting to get rich,  
By their physical and emotional damaged they have incurred,  
There are suing city for negligence and defamation, ain't life a bee-atch,  
For the city sake, the brothers were drunk and high on Marijuana,  
The blood test inferred,  
And they taunted Tatiana.  
The city should counter sue for the loss of a threatened species Siberian Tiger,  
I will soon wait for the report,  
That this case has no merit and will be tossed out of court.

## You're Deep Cow Urine

"Does your Pepsi lack pep? Is your Coke not the real thing? "

Do you do Mountain Dew?

That was what they asked people in India,  
before a group of investors spoke about the bovine brew.

Oh my gosh,

You're kidding, Mr. Om Patash!

The drink will be known as "gau jal".

That means "cow water" for ya'll.

Forget champagne to bring in January 1st, 2010 with cheer,

Patash says that the drink will be 'very soon, maybe by the end of this year'.

But will it look something Mountain Dew?

Mr. Patash says, "Don't worry, it won't smell like urine and will be tasty too, '

He added that the pee would not come from cats or dogs such as a dachshunds,

'Its USP\* will be that it's going to be very healthy. It won't be like carbonated drinks  
and would be devoid of any toxins.'

Anyway, the thought of drinking urine, not for me but for them.

"while cow urine and dung are often consumed in rituals to 'purify' those on the bottom  
rungs of the Hindu caste system."

Gandhi drank his own urine but somehow that was not quite the answer,  
for physical healing,

In 2001, the RSS\* and its offshoots – which include the opposition Bharatiya Janata  
Party – began promoting cow urine as a cure for ailments ranging from liver disease to  
obesity and even cancer.

'We're going to give them good competition as our drink is good for mankind, ' he said.

'We may also think of exporting it.'

My wife and I love Indian Cuisine, but if they ever go after McDonald's or Burger King  
or Sonic making patties out of dung, .....well-----

I am not into that a bit.

Somehow a value meal doesn't sound right when someone, in their Tata Nano, yells  
out, "I take a Raj with cheese, fries, large diet gau jal."

(2-13-09)

(\*note: United States Pharmacopeia (USP) The bovine brew is in the final stages of  
development by the Cow Protection Department of the Rashtriya Swayamsevak Sangh  
(RSS) , India's biggest and oldest Hindu nationalist group)

## **You're in (urine in) Deep Space**

A bunch of things happened at the International Space Station,  
Before I wrote about the plugged up toilet in an earlier observation.  
When I was meandering my way through the job market in Florida,  
I happened to be involved with Ionics.  
It was water purification treatment, it was tremendous,  
It was company, a subsidiary of GE,  
However it was not about electronics.  
Gandhi could've used this water purification system when he drank his own urine.  
That is what the astronauts will be doing once their urine is turned into pure water.  
No tricks,  
Involved.  
Their sweat as well will be turned into 100% H<sub>2</sub>O, so much for Gatorade.  
One of astronauts let her \$100,000.00 tool bag go on without her.  
Some 2010 Space Odyssey, instead of phasers, high energy particle tools, x-rays,  
Arthur C. Clarke and Isaac Asimov would have bragged,  
But contained much primitive tools than that,  
In some kind of orbit the tool bag will always lag,

The tool bag weighs about 30 pounds and is 20 inches wide, about a foot tall and a hand's-width deep, according to John Ray, STS-126 lead spacewalk officer for the flight. The bag contained two grease guns, a scraper tool, a large trash bag and a small debris bag.
