Eater comedy poem/rap

What can I say?
I'm pretty sure you know what on my mind today.
I saw it sitting there
across the room
and my mouth started watering,
my heart 'boom, boom'
I looked to my left,
my friends saw it too.
He looked at me and we knew what to do.
We assumed position and started to run
And baby, no sweat, of course I won.
And now my friend sits on the other side of table
watching as I enjoy my tasty Bagel
So don't mess with my food
that's just dumb
You know I'll eat before you can smell it up.
yo, ur rhymes are weird
mine are wicked
come check me out
after I leave the kitchen

now yall know me
I like to eat
so don't come around
with a frown

cuz u know I don't share
but if you want you can have the seeds of a pair
so go get your own and then vote for the best eater the world has ever known.

Just Love by Killed

Just A Love Rap
lovely lady like a flower
marvelling's my pleasure
I look at you when you sleep and think God bless her

I don't stare at her because i think she fine
I stare because I know she will never be like mine (your way better)

so soft and ginger
your heart is pure silk
there will never be another that'll love ya like I will.

The Moon's too close
how about the stars for my lady
anything in the world, I would do for you baby.

when we kissed I felt like I was gonna die
I was so happy it was like soaring high
I lose myself when I look into your dark blue eyes
you make me feel loved you make me feel so alive
oh angle I wish u were mine.
Girl we're soaring over the sky babe I wish you were mine if you were that would be fine but when you die I'll say bye to my life then I'd cry but baby please be mine baby please be mine baby, baby please be mine then we can fly saying hi and bye all goddamn night playing with kite's together hugging each other eating bread and butter, yeah, yeah, yeah, yeah oh
From the first time I met you I felt the connection
and every second since then's been nothing short of perfection
I adore every section that comprises you
it's like you're an angel just disguised as you
mesmerized every time that I can view
your undeniable kindness that shines out from inside of you
my eyes stay glued with you chance of moving
when they glance at your enchanting beauty
you've got a smile so soothing and a sweetness like peaches
that reaches deep in my soul as my feeling increases
i'll try to mend all the pieces of a heart been mistreated
i'm not like the others the past won't be repeated
I want to erase all the bad, and replace it with good
help you escape from the pain, make you feel like you should
cause I could never hurt a person so perfect
you deserve the world girl any less isnt worth it
these words don't do service in fully expressin
what a blessing you are, you truly impress me
i love caressing you back to help you go to sleep
putting you at ease as you drift into your dreams
i'm always right there with you no matter how far it may seem
being apart isnt easy but it can work if we believe
we bring out the best in each other, expect nothing less from each other
both sent a message to heaven and requested each other
there's no question in me that we were destined to meet
now i dont want no one else except for my queen

if there's anything you need then that's what i'll do
cause i'll always be there for you through and through.
Love was made to be broken.....

Miles apart

There are many miles between us,
But our hearts see not the distance.
Drawing our love even closer,
On this my heart it is insistent.
When we talk my heart sings,
You'll never know the happiness it brings.
Just to hear a word from you,
Keeps my heart from being blue.
I love you truly, yes I do.
I forever want to be with you.
For now I'll settle for the phone,
But know it's in your dreams that I belong
Longing for the day we greet,
Two loving hearts will then get to meet.
Never more to be apart,
Knowing it was long distance we got our start.

Rap About Rap

Figure out what you wanna say
Even if it takes all day
There's no set-in-stone Flippin way
All you gotta do is play
'round with combinations of your words
Mix it-so yo' message get heard
In a beat that's pleasin' to da ear
Make it so they're gonna WANNA hear
Say yo piece an' make some Flippin rhyme
'bout funny stuff- not only stuff 'bout crimes
Add those sound-mix rappin' sucker beats
Now go and take yo' rapp an' hit da streets!

so what-you can't be rappin' like a show man...
you can rap like whitey no money snowman
meltin' in the sorry damn rain
rappin' 'bout yo icy banged pain
juss make show yo lyrics sounding fine
yo wanksta- prankta -milktoast gonna shine
don't inspire bros to pull the trigga
by sayin' yo cap- killed like
'whack your finger in my ear'
Cuz that's jess LAME.
Keep yo rhymes respectin'
And 'bout stuff in yo domain
Not white boy rappin 'bout da black man's pain
if yo life's 'bout watchin Jeopardy~
The Hamptons, fallin' stocks an 'Grace Kelly
Rapp 'bout that-jess let yo mind be free
Then get yo butt to Macy's
On a suckish shoppin spree ^^

School's out

Well we got no choice
All the girls and boys
Makin all that noise
'Cause they found new toys
Well we can't salute ya
Can't find a flag
If that don't suit ya
That's a drag

School's out for summer
School's out forever
School's been blown to pieces

No more pencils
No more books
No more teacher's dirty looks

Well we got no class
And we got no principles
And we got no innocence
We can't even think of a word that rhymes

School's out for summer
School's out forever
School's been blown to pieces

No more pencils
No more books
No more teacher's dirty looks

Out for summer
Out till fall
We might not go back at all

School's out forever
School's out for summer
School's out with fever
School's out completely.
