A New Hope

Just another day has begun,
For billions of souls
And the unachieved Goals

Hope is like a dream
Can make you achieve extreme

Hope gives you the strength
And reminds you that events will turn out for the best

Hope makes you believe
In all the things that you can achieve

Hope encourages you to be creative
It broadens our perspective

Hope is like a light
It takes away all the fright

Hope removes the blinders of fear and despair
All the things that can be unfair

Hope makes you see the big picture
And will always be your well wisher

Hope is essential
And it will end your entire struggle
Hope is a voice inside
And it gives you a sigh

Hope is for everyone
For you, for me and for the entire universe
Like the little engine that keep saying
'I think I can, I think I can'
Achieve more than you can plan

So let's hope for the best
And destiny will take care of the rest

Catch a Rainbow

On one side the Sun is shining bright
And on the other side clouds are pouring rain in daylight
I wonder what it's going to be like
And then to my surprise
I see seven colours that I can recognise! !

Red, Orange, Yellow, Green, Blue, Indigo, and Violet! !
All the beautiful colours it reflects.

A Rainbow is arch of light,
And it gives us all insight.

A Rainbow is Spectrum of colours,
And it gives us great Honors.

A Rainbow is a positive energy,
And it gives our life a good synergy.

A Rainbow is a symbol of Peace and Harmony,
And it gives life a meaning and symphony.

A Rainbow is a complete Circle,
And it gives us a chance to believe in miracles.

I wish I had Wings to fly high,
Up in the open sky,
To be bold and catch the pot of gold,
To catch the Rainbow and see if the mystery unfolds! !

Desire For Success

It's only a start
To reach for your desire's that will set you apart

Just like a thirst
Will never be satisfied even if clouds burst

It's the hunger
That will keep your vision clearer

In life desire for success
Can be a moment to progress

All your aspirations
With the right desire can deepen
Make wish
Before this life is finished

Your desire to change the world
Must inspire everyone

Even if it feels like a fantasy
You should never take it lightly
As some desires you need keep on desiring
It's so amazing to feel
It can't be for real

Just express yourself
There is nothing wrong to Desire for Success

Friends Forever

I still have the good old memories
All the time we spent together watching movies
As young teens we never had any boundaries
Singing out loud the songs of eighties

I always remember having you around
Time spent together on the Playground
Secrets of life that we found
With all the stuff going in the background

Our friendship will last forever
The time we spent together is a treasure
I will never let it go.....never
Our friendship will last forever

You are the one I can completely rely on
You always spoke to me if I did something wrong
You truly are my icon
Together and forever good times has just begun

You have always been there
To talk to and share
I swear
To find such a friend is rare

Our friendship will last forever
The time we spent together is a treasure
I will never let it go.....never
Our friendship will last forever

You are the one who always cares
Giving me unconditional support without any errs
You are the answer to all my prayers
To you my friend nothing compares

I know you have stood by me
I know how hard it has been
I know how it feels within
Our journey to the future has yet to begin

Our friendship will last forever
The time we spent together is a treasure
I will never let it go.....never
Our friendship will last forever

I promise you now and forever
We will be together.....
Our friendship will grow even deeper
Our souls will be richer

Our friendship will last forever
The time we spent together is a treasure

I will never let it go.....never
Our friendship will last forever

Inspiration a Gift of God

Inspiration is a gift of the gods
For those who have it should applaud
The feeling of being transported
Beyond one's own mind that is drifted

It's a magical
From every angle
Let's brighten up our day
Open all the locked doorways! !

Let the Unsought though desire
Inspire you like a wild fire

Let the Uncontrolled emotion
Be the reason to awaken

Let the feeling of Irresistible
Be the gradual channel

Let the divine feeling of Ecstasy
Inspire the world around us subtly

Our whole Body, mind and soul
Can work towards one goal
Doesn't really matter what's your role
Just open up and unroll

Inspiration is vital
It takes you to the next level
The feeling of being blessed
With the gift of being guided

So be aware and interact
With your own vision and see the impact
Let the conscious process of revelation
Help your path of inspiration be the only Passion! ! !

Life is so beautiful

When I was young I thought,
Life was fun for everyone
For Sailors who float with a boat
For Postmen who stop and dropp
For Chefs who cook from a book
For Singers who sing with a zing
For Pilots who fly high in the sky
For Astronauts who go to the moon
For Doctors who treat every heartbeat
For Teachers who teach and preach
For Soldiers who protect and earn great respect
For Engineers who build and design
For Scientists who experiment and invent
Indeed life is full of hope for those who love to cope! !

Little Master - Sachin Tendulkar

In the game of cricket
You truly are everyone's favorite
For you to win is the only target
Whereas the opponent is dreaming for your wicket

It's a brand new game
You always have an aim
A few more records to proclaim
It will never be the same

The only place you yield
Is the cricket field
Where love of your life stands revealed
And when you bat..... it turns into a goldfield

Hours of practice in the net
Has been your biggest strength
13 coins that you earned can never be offset
And you turn each opportunity into an asset

Let the magic begin
With your straight drive to win
Can be noticed from a mile
Your classical technique
Of hitting the ball over square is unique

The whole nation loves to trust
As always you are focused
When you are ready for a century
Its time to party! !

Mother Earth

It's a home to millions
A safe haven
With salt water oceans
And grand canyons

Her wonderful Continent of islands
Brings together many lakes and highland's
With its strong magnetic field
Blocks harmful solar radiation like a windshield

She orbits around the Sun
Bringing light to us is her only mission
She is never felt alone
In the solar system

Her pursuit for life begins
Billions of years on the spin
She learned how to harvest Sun's energy
And produce life forms daily

She provides us with all the natural resources
Which we use on regular basis
Her crust has deposits of fossil fuels
With rich coal, natural gas and petrol barrels

Her tryst to recycle
Circles back everything into the ecosystem
Metals and Minerals and other useful elements
Are used by us as building substance

She loves the four seasons
Spring, summer, winter and autumn
Just like a goddess
Her gift to us is flawless

Her kindness helped evolve human race
Which we all should embrace
Let's take a pledge
To protect her from any kind of damage

Our Shinning Star - Sun

A billion stars shine every night,
But you steal our attention and everyone's limelight

You are the source of light,
And make our world bright

You provide us with energy,
This brings life on our planet worthy

You play the role of a big anchor,
And makes us much stronger

You create gravity,
And keep our planet and the other planets in unity

You are very dynamic,
And make constant changes rhythmic

You make the world go around,
And keep the balance in space profound

You are the one, who steals the show,
And rests on them are just a shadow

You are my burning Star,
And the universe Savior

Sometimes I feel everyone is blessed,
To have you shining from Sunrise to Sun set! !
You are indeed the greatest asset! !

She Is A Woman

Our whole existence revolves
Her presences around make things transform
She has a vision
Capable to strengthen
She is a woman
And can make the organization function

She knows how best to handle a situation
Her actions plans are almost certain
She is a woman
And loves to lead more than often

Life in essence
Can be social influence process
Her strong emotions can have
Charismatic effects
She is a woman
And does things with determination

Her dreams are as deep as ocean
Her passion for coordination
Will toughen our actions
She is a woman
And will never let our spirits dampen

She know how to shape the workplace
For all the events
From effort estimation to expenditure to task strategy
There are no boundaries
All her interactions are human
There is a stronghold
She is a woman
And never gives ups from nine to eleven

For a woman who has ability to factor in
The emotions in herself and others
Contributes to leadership with great vigor
She is a woman
And loves to do it in style and fashion
She is a woman with passion!

You are an Angel

There will be no one like you out there
To experience your love is rare
You are the only one, I swear
There is no trace of you anywhere

You are an angel,
A wishful, soul
I need you to console
My heart, you stole

Just like bubbles in the air
You threw my heart somewhere
I want you to be aware
Life without you is a nightmare

You are an angel
A symbol
I need you to handle
My love, you ruffled

Just like an anchor
In my life
You are my only hope to survive
You are an angel
A messenger
My only reason to be alive

You are an angel,
A miracle
I need you to rekindle
My soul, you strangled

You are the chosen one
For me, straight from the heaven
Journey with you has just begun
You are my only passion
You are an angel
