Shall we share poetry here and from differing veiws

**!!! Drunk**

Drunk the nectar,  
Of love sublime  
And visited paradise  
Umpteen time  
Now drunk;  
Vision blurred  
Thoughts hazy  
Destination unknown  
Caught in the whirlpool  
And swirled for some time  
Now, anchor I set thee  
And stop the swirl  
No more this life  
Drunk in pleasure  
Wider vision  
Broader horizon  
What is me?  
My potential?  
Undiscovered  
Wrapped in cotton wool  
Draped in silk  
Life a luxury  
No more my take  
My eyes to my folly awake  
Wasting life,  
In futile activity  
My purpose of life?  
I question? ? ? .....

**!!!! Did it matter?**

Not any more  
No, it did not matter  
Nothing matters for that matter  
The egg shell lay broken  
And the chick  
Had stepped out  
The Shell, egg shell  
Symbolic of broken;  
Broken boundaries stood  
Shattered scattered lay  
Chick stood gingerly  
Testing perhaps  
The strength  
Of its dainty feet!

**!!!!!!! Rerouted**

The moon will remain  
In distant sky  
And man did land  
To gravity defy  
Hope will eternal create  
Wishing for the impossible  
Nearer its hearts desire  
Which is but not possible  
God may be; did bless!  
Bless us with unrest  
To strive to acquire  
Doing our very best  
In doing so; secure  
Countless blessings  
Rerouted in desire!  
Till even distant moon  
Near accessible reality!

**!!!!!!!!!!!!!! God, give me**

God give me kindness in heart,  
Let not my fragile ego break  
Break in his every word

God let me have the patience to care  
let not my love go to pieces  
Broken with every verbal blow

God give me the heart to forgive  
let not hateful memories, at me snigger  
But super imprinted love; let it linger.....

God let me live up to the trust  
Responsibilities you placed in me.....  
Brazen walk the beaten track.....

God above all thank you for caring  
Enough to give, unasked what I longed for  
Bolder let me stick to my yoke! !  
amen

!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! **A Warm welcome**

A Warm welcome  
She gave him  
Running into his arms  
Slipping her arms around  
Hugging him sound  
He laughing holds her away  
To look deep into her eyes  
She; stars in her eyes  
Smiles dimpling at him....  
As if to ask;  
Shall I slip my fingers  
To trace my love  
On your back  
Writing 'I Love You'  
In every font I know.....  
Till you understand  
The magic?  
Between You and me?  
Till you Whisper  
On the nape of my neck  
Sweet nothings delicious  
And breathe passion  
Down my spine  
Minutes tick  
Till you Kick  
The door Shut  
A Warmer welcome  
Is It possible?

!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! **So Didactic She;**

So didactic she  
Always the Kids first  
He was as if last on list  
And as if didn't matter a bit!  
Oh! how it oft is irritating  
Always correcting!  
Woman! both torture  
And pleasure!  
Matrons of stiff virtues  
Leave them on shelf with no dues!  
Edifying, preceptive, pedagogic! ! !  
Heavens; so moralistic and homiletic! !  
I say stir clear!  
Its all very clear..  
No hope here  
Not the type, I fear! !  
Lets be off,  
Off to freedom!  
No way in this kingdom-com! !

!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! **Costly Mistake**

Your presence has gently washed away  
The dark haunting memories  
I have slipped back in mind  
To years that don't remind  
Of the costly mistake I made  
Causes and effects it laid  
On my path as thorns  
Bleeding feet, path of blood forms  
Love like skating shoes I wore  
On feet to skate through  
And traversed non stop  
Till on blind wall I hit  
And now flat on my bumps sit  
Rubbing my bruises,  
The skates still on feet  
Life's run a surprisingly difficult feat  
Now; belated I ponder on my wisdom  
Wondering; mind set in glorified Random  
The sky is the limit; to man's aspirations  
Enthusiasm; the backbone;  
Perhaps in its active participation!

**!! Distant as eyes see**

Distant as eyes see  
Peace ripple -less see  
For when I seize to vibrate  
Ripples seize to form.....  
And as knee deep  
I stood.....  
In murky waters  
Not a hint of ripple  
Or reflect of the Sun  
Pleasant thoughts  
Fell asleep.....  
Bored to tears  
When will you,  
Will you kiss it awake?  
May be not  
Let it sleep  
Let peace reign!

!! **Near Impossible! !**

Try to put the lid I try often  
But Heaven help me.....  
Emotions like lava erupt  
Non stop! ! ! !

I try to put the lid so often  
But God save the man  
Emotions red hot and molten  
Non stop! ! ! !

I try, with will to press the lid  
But destiny has other plans  
Like an unmined mountain.....so much within  
Stops not! ! !

Try then to deviate and channelize  
But mystic air with its flair  
For its presence undeniable 'Poetry's flow'  
Stops not! ! ! ! !

!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! A Talk.....may be....

May be,  
May be She spoke much....  
Cuts him in mid sentence  
And Listened less  
Well; not just as much.....

May be,  
He wishes to express  
But she shackles  
And stuffs her expectation  
Well; down his throat as such.....

May be  
He is in dire need  
Need of breathing space  
And Welcomes distance  
Well; not the physical distance as much.....

May be  
He needs to assimilate  
The situations gravity  
But enjoys the risk  
Well; may be the thrill and kick as such.....

May be  
He is enjoying her  
Her very vulnerability  
Well; may be the femininity as much.....

May be  
She was his dream  
His sweet heart of youth  
Well; not as much...; . not expressed as such.....

May be  
He is her fantasy  
She ain't; may be not his  
Well; that was then true; now this as much! ! !

May be LOVE  
In the realms of dreams  
May on waking disappear  
Well; True of all dreams as such.....

!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! **Love is reverbrate**

Love reverberates in the air!  
Beware.....or be aware!  
Or play with it with care  
It is time you share  
It's an affair! ! Sure; take care! !

Love is in askance  
Passion it darkens  
Or for simple play larkers  
It is time you too harkin!  
It's an affair! ! If I am not mistaken! !

Love is within your lime light  
So don't treat it light!  
Or if it hugs you straight!  
Take it in arms to delight!  
It is time you take it home; right?  
It is sure, going to colour future bright!

**!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! Much learning done on the idle roads**

Much learning done on the idle roads  
Idle roads of laziness....  
Learnt of how different creatures  
Live on earth.....  
How for some money works  
While they while away  
Time in laziness.....  
Learnt of some who bend backwards  
Backwards to sponge;  
Learnt how people  
Sell them ...themselves for  
Daily bread.....  
Learnt how Ego Satin clad  
Man tend to err  
Learnt father and son  
Or for that matter  
Daughter and mom  
May stand on  
Opposite sides of the  
Tennis court  
Little knowing  
'Like poles repel'  
And they too  
Reflect the same.....  
Met man and woman  
Who paired.... together?  
In Indian way  
Walk together  
But miles apart  
Learnt of empathy  
Across Nations  
On the tip of pen  
Learnt Failure  
Catches up with you  
You too! !!  
If you loiter  
On this beaten track  
Soon find  
You get run down  
By Heavy vehicles  
With certain Cargo  
And ultimately  
Catches up with you  
Does Mr. FAILURE  
To keep pungunt company!

**!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! Does true love ever die?**

Two souls as soul mates on journey  
World their colourful canvas  
They love, live, strive, progress  
When one can read the others eyes  
Does one but even words need?  
Joys of living; encapsulates love...  
A special joy unique.....  
Each may his own life live...  
But when the invisible thread of love binds...  
What more can the heart crave?  
Soul mates in inner union...  
Worldly pressures separated....  
Live life as one should  
For love here is transformed in sheer vibrations...  
Universally expressed and transmitted.....  
Feelings too deep for words to express  
Yet, its mystic 'joy indefinable! '

Stronger the Hammer

Tall the need  
Pious the spacing  
Excellency the challenge! ! !

!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! **Loved and lost**

Sheer sense of unexplainable loss  
Filtered through her very bones.....  
A desperate need to see him  
Just once,  
Let her eyes feast on him.....  
So great her longing.....  
Is this love?  
Shaken by the very intensity;  
walked out,  
Walked on and on and on.....  
Till bones felt like lead;  
And senses numbed  
To stillness,  
Vacant, blank  
Eyes unseeing  
The need to feel the arms  
Wound around,  
Oh! if he would;  
Just open his arms wide.....  
She would child like  
Run into it.....  
They did'nt need,  
Words any more  
She knew his heart  
He knew hers.....  
Love, this eternal  
Till death parts them.....  
But arms are opened wide  
When you meet,  
not when you part.....

**!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! There is a knock at the door?**

Yes! There is a knock at the door!  
Who could be at the door?  
At this hour;  
So early! !

Not the milk man  
No too early  
Not the Postman  
No surely

The vendors start  
Only later in the day  
Who could it be?  
So early! !

Not the maid servant  
Not the gardener  
Not the Iron man either  
Too early! !

Shall I have a peep?  
Or is it too risky?  
The knock is insistent  
And surely

Fear griping her heart  
The dawn is just at its start  
Pale the sky through the window  
Paler she; surely! !

Knock, knock! Not again! !  
She opens the door  
Palpitation severe  
And guess who?

He was at the door  
Her heart in mouth....  
Eyes wide...no words found!  
No; Not too early.....

Just too unexpected  
After all these years  
Then... .. again why?  
Was it for a fresh start?

Surely it was all over  
Over for good between them  
The glint in his eyes  
Sent chills down spine purely! !

At Dawn, it dawned late  
In this precipitated early hour

He always preferred the dawn  
Even way back, those early days.....

**!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! Does it really matter?**

Does it really matter?  
Does anything really matter?  
We are here for just a life time  
And such a little while...  
So much to excel  
So much to learn  
So much to do  
To rightly discern!  
Strive with balance  
Lest we topple  
On gravel ground!  
And only with death  
Our imprints imprint!  
And tell you what  
Even that,  
The next tide  
Will erase  
Have you ever?  
Glanced over your shoulders?  
As you walk away  
Walk away from the Sea;  
On the sands behind? ?

**!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! .Will you wait for me by the sandy shores?**

Will you wait for me by the sandy shores?  
Wait for me, when sun goes down?  
All duty is done  
And I ready for some fun  
Wade to you  
Through the shallow waters  
Knee deep in soggy mud's,  
Still determined, to reach you?  
Longing for a glimpse of you  
For its ages since we met  
And ages more  
Since we conversed  
Modern ages  
Cellphone rage  
Connect as never before  
But life is still.....empty perhaps  
Respected on principle's ground  
I old values imbibed  
Unable to leave go.....  
Yet my soul mate  
I long to date  
Spend the evening  
With peaceful peace....  
By the riverside  
Just you and me  
No umpteen pressures  
In between  
And I shall; rest my head  
On thy lap  
Tranquil breathe my last  
For ages shall be passions past  
But what matters is;  
I did find you  
At last!  
This soul shall,  
quite rejoice

**!!!!!!!!!!!!!!!!!!!!!! WELL!! HE DID IT!!!!**

When the moods were in passions grip  
And the moon was out of reach  
The clouds in the sky  
Took care to drench him  
And Quench! ! !

He walked under the umbrella  
Be late when he recalled  
Its existence in his case  
The breeze naughty  
Still played! ! !

He crossed for cover  
And Safe reached his tower  
And looked up to see  
The smiling face of moon  
Just peeping! ! ! !

The magic of the moment  
Made him loose count  
Of the seconds slipping  
As he stepped into the escalator  
Slow strip! ! !

And smooth he landed  
Almost with no grip  
Glancing at his wrist watch  
All alert with efficiency  
Now brisk! ! !

Moods and umbrella  
All packed off for the time being  
Mind tuned in to jet pace  
Ever present in the present  
His Way! !

Well.....He did it!  
How well...He did it! !  
OH! well just had to do it!  
Keep pace; And space! !  
The Clouds sympathized! ! !  
His moods with him.....

**!!!!!!!!!!!!!!!!!!!! Emotional nitwit?**

She came to pour  
Her pail of loving emotions  
She perhaps emptied it  
A wee bit fast  
And non stop perhaps  
But the container;  
Nearly empty.....  
Now perhaps  
Nothing more to give  
No more words to express!  
She stands disheveled  
And partially wet  
What instincts  
Chased her to  
this end?  
Perhaps unknown!  
As ShakespeareOft did say!  
'Destiny driven! '

**!!!!!!!!!!!!!!!!!!!! Fun I have in verses thine**

Fun I have in verses thine  
Dance with words I do  
Play with feelings plain...  
And you keep the sick sane  
life is 'silken love in embroidery'

The roses red...  
And grasses green  
in it me with my love  
In happy conversation seen

Entwined I with dedication  
Not with any compulsion  
Poetry flows from heart within  
And keeps my ailing heart dipped in..

In Serene Waters of tranquil bay  
As in fallacy I dip and sway  
and play my guitar of music  
It sends pain away; sick! !

Bring rich hopes to the lonely  
and gentle Kisses the weary  
To cheery bear their heavy burdens  
and help them Life live

Each day a wee bit brighter...  
Each minute a wee bit merrier  
Seconds in joyous laughter  
With heart really lighter!

Poetry bay  
Come on I say  
Let's celebrate it!  
Give ourselves a treat!

For out in streets  
In Heat and dust  
Of traffic terrific  
Find in poetry Magic! !

Soothes the soul  
Pacifies the angry  
Gives multiple new rays  
Of hope from dismal days! !

**!!!!!!!!!!!!!!!!!!!!!! Hunt**

Hunt the glade of your heart  
And find a nook for twosome fare  
Shunt the busy pressing pressures  
And find a wee spot for me to treasure

Let us together plant a seed with care  
And not allow time old excuses any wear  
To let this relationship go to seed  
This with aching heart I plead

For the years apart did take toll on heart,  
This heart did bleed; in regretful minutes  
Let not dry ego part us any more  
And make you in anger show me the door

Let us as time permits  
Share; no we are no hermits  
Of this we can be sure  
Yet; let's strive for portals pure! !

What more can I say  
And then; in what way to say?  
So that you change the direction  
Of thoughts-sail to loving benediction!

**!!!!!!!!!!!!!!!!!!!! The Chick**

The chick to break the shell  
Must some effort within itself take  
Then the Sun  
Shining from between clouds  
Warmed it enough to hatch!  
And Shell broken  
Into two  
The Chick majestic  
Trotted out! !

Man must some effort himself  
Striving make to break out  
Out of his shell of fears  
Then the lord almighty  
Seeing his effort  
Might forces  
Send to act  
You too  
May majestic walk  
Head held high! !

Await....to be discovered,  
By you Angel of Death  
I live this life...  
As given by lord  
Taking readily all  
All that comes my way.....  
And to each moment  
I give.....Colour  
To my best....  
zeal for life!  
Love of music!  
Love of poetry  
The spoken word.....  
And do my duty to my beat  
Of thudding heart!  
Yes! manners from the heart!  
And pass through day  
As flexible as possible.....  
Give or take!  
It was love that made us  
Love it is that saved us  
Living with a song on my lips  
And dance in my feet!  
Errant a girl  
Errand complete....  
Peace of duty well done!  
Await to leave  
Leaving it to chance  
Waiting with no fear  
Awaiting to be discovered  
By you Angel of Death!

**!!!!!!!!!!!!!!!!!!!! For this heart to Sing again!**

(Morally Downhill trip may be)

Journey downhill squirt  
From bad to worse perhaps  
In hearts a real journey  
A steady upward curve; sprint

So steady and unbelievable,  
So fascinatingly new this experience  
Some what hesitant to discontinue  
Surprising though, unexplainable

Young the heart, as if again  
Joyful sang within despite hurdles  
You must tell me, how you feel  
For this heart to sing again

**!!!!!!!!!!!!!!!!!!!! For years I wrote**

In prose I wrote  
Filled pages and pages  
But achieved no end  
Story remained incomplete  
Then I gave in to God's wish  
And he gave me  
Gave me more, perhaps  
More than I could Handle  
Busy I became  
And with lack of time  
Prose Poetry Became  
Years flew  
Then the man of my Fantasy  
Grazed my door step  
Poetry Reality Became!

Let music fill your mind

Remind.....  
Let every picture you see  
Flicking through ads  
Remind.....  
Let the breeze through

Remind.....  
Let the satin cushions  
And Velvet carpets  
Remind.....  
Let the fragrance of jasmine  
Nostalgic to your nostrils  
Remind.....

**!!!!!!!!!!!!!!!!!!!!!! PASSING SHADOW**

Catapulted by destiny,  
A stone throw away  
from hub of modernity  
into backwaters  
time tested I recline  
A launch pad in life graph  
to fledglings of mine  
your passing shadow  
from distant past  
at my doorstep  
lit my features  
a lilt to my voice  
in joy pure  
your words.....  
'i am proud of you'  
says it all...  
doubtful if anyother  
voice of past  
has this ability  
a passing shadow  
at mid-morn in mid-life  
your unchanged charm,  
and casual teasing  
lingers in heart  
with reminiscent fragrance

**!!!!!!!!!!!!!!!!!!!! Searching for peace!**

Searching for peace  
In the Chaos of living  
Like searching for needle  
In backyard hay stack!

When the mean must be  
Attentively Strengthened  
And details accurately  
Organized...Preplanned

For the respect follows  
When you organize  
And systematic execute!  
Your will to win....

Peace, Lasting peace  
Lies in balance  
In self acceptance.....  
Acceptance of reality

Your passive potential  
Vital tool your control  
Control on your senses  
Your self discipline

Stop the self blame game  
Stop! ! Don't sabotage  
Your system inwards  
Environment maketh man! !

You are a product!  
Of your environment....  
Give better environment  
To your off springs.....

Pristine principles fine  
But life is a boom-a - rang  
So take care what you give  
For it will come round.....

Or be prepared to face  
The inevitable.....  
Same laws of nature  
Universally applies!

Peace must begin  
In every soul within  
Needs met and fulfilled!  
Laws and processes.....

Part and parcel  
Carrot and stick

Ups and downs  
Today's and tomorrow!

Peace lies in pause  
Betwixt hard work  
And committed toil  
To all living in this soil! ! !

**!!!!!!!!!!!!!!!!!!!! The Grave yard in Church shade.....**

This grave yard lies  
In the shade of the tall Church  
Silent.....  
Marble Stones with epitaphs  
Bold, black  
The world of death  
Yet life swirls with bell chimes  
At the church in choir times...  
Sermons loud  
Bible sound  
Ages prodded  
Truths profound  
Youth gives not a dime  
Ebbs and flows with life energetic  
Eulogize with bouquets 'Life'  
Colourful, gay joyful he  
For in present lives; you see...  
Entering this world,  
This Church  
Baptized citizen;  
Exits the rear end  
Grave yonder with time.....  
The bough low bends;  
With winds shake  
Blooming blossoms  
Cover the marble...  
Life static  
You transitory! !  
Changes static  
Pains temporary! !  
Rejoice! ! !

**!!!!!!!!!!!!!!!!!!!! Why there is pain?**

There is pain  
When any heart  
Rigid believes  
I am Chaste, correct  
I have a right to;  
It is rightfully mine....  
Fills with rage  
Of age old Ways  
Jump of wrong conclusions  
Punishment without trail in sessions  
But when you agree  
Fine, I am all you say and more  
Why argue?  
Why fight  
Of course you are right  
Always right

There is pain  
When any heart  
Rigid believes  
No problem!  
Does it really matter any ways?  
No! It matters not!  
Only when I deny  
And to angry protest jump  
You can your anger project  
And the vicious circle  
Can endless; go on!

There is pain  
When any heart  
Rigid believes  
No, no more  
Back waters if,  
Sea is lagoon waters  
Waters, from live seas  
Having entered;  
Secluded into inland ways  
Has its waves lost!  
Sea takes the shape;  
Shape of the contained space  
To be Lagoon defined!  
But Purpose?

There is pain  
When any heart  
Rigid believes

Life is not in possessing  
Life is in leaving go  
Life is not in narrow dimensions  
Life is in open skies....  
Leave it be  
Every one has a birth right  
To believe what he will!  
Leave them be  
Truth is transparent white!

There is only pain  
When any heart  
Rigid believes  
Sea water salty perhaps  
Still waters?  
Gathers moss perhaps  
Lake waters?  
Stagnant perhaps  
River water  
Ever on the run  
Angles differ yet;  
Reflects sunlight all!  
Opinions will also differ  
Each man  
Is perhaps limited  
Unlimited in abundance  
Blinded by brighter lights  
Still perhaps visions limited!

Dip in holy waters.....  
Men,  
Shivering after their dip.....  
Water glistens, dripping  
Hands in salute  
Each in his best expressions  
Of religious, dedication sincere.....  
They flocked in thousands  
And with the first rays of sun,  
At Dawn,  
Fawn a perhaps, eager puppies  
To their, master.....  
Front paws held up

Faithful.....

**!!!!!!!!!!!!!! Find your peace?**

Find your peace in sane and safe deeds?  
Find it in the Luke warmth of stagnant waters?  
Find it in age old wine under the stars?  
Find it any where but in my arms

You walk tall in disdain  
And leave me hankering in pain

Find peace in sane and safe deeds?  
Find it in the casserole after a session of baking?  
Find it in the quilt after a winter in intricate embroidery?  
Find it any where but in my arms

You walk tall in business  
And leave me to my home and mundane business

Find shall I a warm heart in you?  
Find shall I a little wet corner in hard and bitter you?  
Find shall I a passion buried in busy tracks in making ends meet?  
Find myself in your arms shall I ever?

You walk tall with pride  
And leave me to my day, I shall wait...endless hugging Hope!

He is playing with me  
And have no doubts; my lord!  
He toys with me around  
And fans my interest; proud!  
Brings out my poky pines  
Into defensive play strains  
Leaves me bristling  
Always awaiting  
Seasoned he plays  
Enjoys his days  
So much in control  
On nerves he takes toll  
My beloved god's gift  
Why still? Is this then a rift?

Hey partner, what is up?  
Tell me why this wait for sup?  
Meal on the table simple  
Did without you turn drub-sample.....

Tell me, have you changed  
Changed your mind, exchanged?  
Your time; Value in gold!  
Business and meal in one rolled?

Have you your mate forgotten?  
Or finally decided ill- gotten?  
You have left me lamenting  
And in anger fermenting.....

A call I did expect otherwise  
But I guess I am not very wise  
Must take your advice  
And live aloof like-vice

Hey Partner, of happy days  
Come take heart and say.....  
Make time for your thistle soft  
Lost I without your feathered tuft.....

You and me complementary whole  
For can you visualise the thistle seed's role?  
Without... light feathers; Afloat in air?  
Journey through life; without you? Most unfair! !

**!!!!!!!!!!!!!!!!!!!! I don't know**

I don't know friend  
If this will last till the end  
Yet with sun down I spy  
Gathering darkness in dull sky

Mute I walk into home  
Dinner as I prepare some  
Wondering if you too fared well  
If your day too did sail off well

Years may distant part  
Days may keep us apart  
Worlds ours in different way  
Yet who can deny, thoughts sway?

Hug your kids, do you?  
And enjoy playing daddy too?  
Hope music in your heart plays  
And gladness you find in little ways

Things worth doing, never easy  
Things easy doing, never worthy  
Distance is a two sided coin  
It does help hearts again join!

Space gives times for leisure thought  
Time heals wounds life brought  
Years feel none, as time stills  
Love is ecstasy as emotion spills!

Ephemeral delight!

Just out of reach  
Spray drenched stood he  
Chill and Cool....  
Awakened! ! Alive!  
His open lips water droplets catch  
On its flow down.....  
Arms lifted to keep;  
water out of his eyes  
He simply let it flow.....  
Natures natural cascading waters  
Pure, pristine and crystal clear! ! !  
His matted chest  
Hair curled and plastered  
Water glistened in sun rays reflect!  
His smile musing.....  
One with nature!  
Silent.

Strangely

## !!!!!!!!!!!!!! The beats of loving hearts

The beats of loving hearts  
Synchronize to music of there own  
Perhaps in deeper recess starts  
Have you till today felt it when alone?

For this music is heard better in solitude  
As silent we listen one with nature  
When words not needed with any fortitude  
As eyes meet and still...sweet torture

At long last; for this moment to last  
Last for ever, each heart quickens in beat  
You feel you are long way past?  
No; love when it touches you always a treat!

Age it defies, time it does fly  
It is almost a physical vibrancy  
So exuberant one feels; sly  
With a thrill of new urgency

Fills ones being with longing  
To the presence of the other  
In a pretext or the other trying  
And of the world, it of little bother! !

So immersed in the other  
For the minutes he does hunger  
Something natural rather  
Wishes the heart to linger.....

Special beats of loving hearts rather  
Mundane tasks all forgotten  
Have you experienced it brother?  
Well, then you have into love gotten! !

Each must his burden bear  
Some have heavier loads I swear!  
Come join the fun

Lets all dance with the music!  
Learn from jolly fellows logic!  
Come join the girdle of friendship  
And let home waters reach in this ship!  
Life is what you make it  
And joys; your choice, take it!  
Learn to laugh at yourself  
It does good mainly to yourSELF!  
Shelf your self  
And look about  
Your bout of moods  
A tonne of shiploads  
Will disappear  
In shame sheer!  
See the sky  
See the blooms  
Smile a while  
Easy baby  
I care for you!  
Said the clown!  
And Smiles broke out!  
Through the tears  
On its walk out!

Time for fun

There is pain

You have left deep marks in me  
That gentle love must erase....  
Try as I would, to forget you and stride  
You slip back in mind with ease

I long to be gathered in love  
Umpteen times of love reassured  
Till time; each wound does kiss away  
You have the subtle touch assured...

It does gentle fondle me  
And with grace of God  
I accept my vulnerability  
Await you still my lord.....

Life is game of give and take  
As chill touches as snow flakes  
I shivering wait for warmth sake  
As you, busy as ever cross lakes

Hope flutters, with each boat in sight

**!!!!!!!!!!!! Is life a two sided coin?**

Life is a two sided coin always  
When I picked up one  
Unnoticed the other side came  
Part and parcel  
And Oh! I said, 'but I did not ask for this'  
Life smiled at me and said,  
But child you dearly wanted that!  
And This comes with That always! ! !  
Oh! I said the brighter side was so inviting  
I did dearly ask, no desired it! !  
So shortsighted, dazzled by it,  
The darker side slipped in unnoticed! ! !  
And as Sea and Sky appear to meet  
In all distant horizons! !  
So does life; greener pastures always find  
The other side of the flowing river....  
Yet, does the sky and Sea really meet?  
Does the problems and their solutions;  
Always mate?  
Backlash errors, common error  
So, that's life; have no needless mirror! !  
Reflecting false visions  
Look straight in the eye  
And let reality Blink;  
Blink and step back in haste  
When your grit visible...;  
You keep walking, walking.....  
Straight on, on towards your goal! !

Perhaps; yet deeper the bond  
Even in this Band wave  
Just let me be, 'me 'always

**!!!!!! Laden my heart today**

Laden my heart today  
For my life graph's picture  
Quaint; that it story,  
Like appears in curve structure

Laugh I do with satire  
As I; as usual retire  
For what pride held me high  
I have now bid goodbye

I feel a shame,  
At the waywardness  
I am projecting  
Loosing faith in my goodness

Tell me my heart  
Why this displays start

Tempted I am  
Invitation free  
But when was the easy way  
Consequence free?

The pleasure today  
Will bear shadows too  
Who will bear it one day?  
Destroyed already so!

Ashes remain here  
And each will blow it  
For it is easy blowing mere  
Pity shunted to self pity's pit?

Tell me my heart  
Why displays must start

As if fourteen years,  
Of imprisonment, within dungeons  
The blinking prisoners  
Steps back, two steps from bright lights

For the prisoner's life accustomed  
Reality is stark and dark  
For less a burden; hardships custom-ed  
Free living harder to embark

Much like those prisoners shrink back  
Am I too, happy in my shadow life?  
Do I have no love left or zeal lack?  
Unwilling so to live free life?

Tell me my heart  
Why this displays restart?

Shall I trusting follow heart?  
And plunge into uncharted waters?  
Shall I trust this Captain's part?  
And entrust myself trustingly for starters?

Is this the eye of cyclone  
Like two blade Copter's revolving fan  
Does life on the other wing alone  
Have more gale or cyclone in destiny's plan?

Is that why the lord has pushed me?  
My emotion to intensities to bonds form?  
Perhaps he too shall need a strong hand; see?  
Lord knows our needs more than us; so be calm!

Tell me my heart  
Why this display is on the start?

Shall I place trust in GOD  
And believe in him...  
Yes, my soul is in unique bond  
And this is an unusual whim

I simply feel his love  
And he too does mine....  
In this den in air alcove  
Love is in perpetual shine

If my heart throbs in pleasure  
Longing for eternal bonding  
So does his for sure  
For Loving Lord is infinite longing! !

Tells me my heart  
Why this play is ideal for all!

Muddled, meddled, medley man  
Whence in my dreams  
You skipped in to stand  
My hearts heart -rendering screams  
Did they your ears reach?

You have skipped into the thoughts  
And mess about  
I try to re route  
Goodness gracious, you pout?  
Spoilt in life, live stout

You, bighearted, light hearted  
Smiling shine  
Sure; it is nay too  
Light headed....and true?  
I suspect....it is more

But since you say  
Keep still  
I did spill  
In haste, I may

After having left you,  
Seeing you in myraid  
Shadows and clouds  
To have housed  
It tenderly with care  
For a silver jubilee  
Not just to bury  
To bury in haste  
In chambers of sin  
Belittle its value  
To bylanes colour?  
How can I?  
You deserve better;  
Better than that  
I shall leave the legacy  
On the bound pages  
Of poetry  
For the ages to read  
Its tapestry  
And soul mates  
We shall, for eternity;  
Eternity remain! !  
But with no stain.....  
Pure my love  
In purity devine  
Liquid wine, perhaps  
Of the rare Kind!

Proud I shall  
Him in verses engrave  
And on this earth  
Poetry leave.....

## !!!! Peace

Peace

Peace is search  
For thee; in my chaotic world  
As with each wind I swirled

Wondering if I were a creature  
With no mind of my own  
With a single dream sown

Too raw to be delivered  
Too deep to be forfeited  
Too necessary to be debated

Yet; to reality's pressing claim  
I succumb as if tame  
But; surely these excuses lame

For deep down seeds  
Lie dormant awaiting fertile soil  
To its growth as if you were meant to oil !

And strange peace settles in  
As each day I add oil to my lamp  
Prayers and effort, as if consistency to Stamp! ! !

Between the waking hours  
In between busy working schedule  
Words writing, as if in a silent duel

With you, for walking away unconcerned  
Demanding right royally, never to do it again  
Pleading; for a wit bit in your heart.....for always.

For home is where the heart is  
For peace is in this unity  
For life is a too short for regret.....  
And PEACE is for ever  
In unconditional acceptance  
Acceptance of life, as it is.....

[perhaps this would apply to the Lord for you also,  
If you could talk to him as if he were Your best friend,  
who walked away from you, when you became busy; otherwise in life]

Don't you feel like reaching out to me?  
And share what's in your mind?

Tell me friend  
Don't you wonder what's up my end?  
And of your own  
Slip me into your thoughts  
And have you wishing to meet me?

Hiding behind the pleated curtain  
In the decor of state-Art!  
The refrain and disdains certain  
I did give age old love a try start

But; tell you what I guess he is too busy  
He adds weight-age too much  
And living life too seriously to treat it light!  
Perhaps withdraws too often as such

Its all uphill the trudge  
And hardly much fun  
Maintenance a drudge  
As extremes is to shun

If love is a wish

If love were a dish

### **!!!! Not that You.....**

Hotch potch, medley, and a farrago?  
Of course not those in any go...  
That is harsh a judgment of self  
Your considerate nature manifesting itself

If at all you be called so; in any case  
It must your ever adjusting nature, be the case  
Where you put others before self  
Your generous self manifesting itself

Your ever lasting desire for harmony  
And your optimistic shallow surfing-sunny  
Where of you dismiss the trivial for larger context  
Your mature self manifesting itself, is the rest

A certain chord in your heart  
Left to thirst in life's start  
Is a sacrifice of certain dreams cherished?  
You manifest understanding, missed is missed

When thoughts on similar platform  
On the same wavelengths don't perform  
A deep discord in inner harmony discovered  
Your need manifesting itself, beautifully addressed

Human nature in natural converge..  
Not to be listed as sin, in rage  
Deeper insight, than the average  
Your loving Soul manifesting itself.....in calm leverage

Will in deeper an understanding channalize  
And one day a wonderful relationship realize  
The deep rooted confidence in you; is you man! !  
Your adventurous self manifesting itself, Joyful fun! ! !

Hotch potch, medley and a farrago?

Will i hear from him?  
Yes! I shall hear from him  
When this yen to hear;  
I stuff down the garbage  
And walk with my life  
And neglect him...  
Learn to live  
For although,  
He is every thing to me  
He is not my keeper!  
No! I have a life  
Golden in its own  
Years of toil sown  
Now in blossom garden  
Still a charming Eden  
Full of goodness  
My little meaning, full deeds  
Filling my days  
As I replant new seeds  
For better flowers  
This Fall.....  
I lift my fallen spirits

**!!! ^^ Seeking.....**

Seeking.....

Seeking the inner essence of living life in jest  
I stumble oft in my quest....,  
Faith I imbibed in life  
When I learnt to turn to him in strife.....  
This lord; he then my friend did become  
And oft I to him did speak, he to listen did come...  
And As I walk the roads less traveled  
He besides me, encouraging words divulged  
We as friends in common dialect spoke  
We oft in dialectic dialogue; joyful spoke....  
And he oft does in jest; test me so.....  
Leaves me to puzzle it out; on my own too...  
While he askance smiles  
His calm self as usual in radiance for miles.....  
I continue to walk....glancing over my shoulders  
And when I do so; careless, just miss the boulders  
Oh! ! He cares for me, no doubts,  
But he does have these humor bouts! ! !

Angry the lion  
Strolled and paced  
Hugging his secret  
Wished in haste

But the nimble Deer;  
Scared out of its wit  
Ran with fright

Nature At play  
The poet in muse  
The angry lion  
With time

Did persue  
Till sorry prey  
At his mercy  
Real raw nature!

Short lives in pages of life

Yet biting; the sting!  
One too many.....  
Queen bee  
And its family  
One too many  
Protective,  
Defensive they sting! !  
Dropping the catch  
I long to run away  
Swollen my limbs  
Where the bee had its say...  
Honey combing the beach.....  
I wash my hands  
In salty waves,  
Walk the lonely beach  
In my thoughts company.....  
Well! honey,  
Drops of honey  
Did draw drops of your blood! !  
Laughed I in the irony  
Of life, our desires  
Our futile pursuits

### !!! Let us not

Let us not

Let us not,  
Fetter the responding soul  
In the chains of relevancy  
In the mundane grips of activity  
Killing its very essence,  
Perhaps by bending it to fit  
Do we lose its natural effervescence?  
The birds, we love for its lofty flight  
The Rose for its fragrance  
Birds in captive is a shadow of its real self  
A rose plucked from its stem withers.....  
Each has a nature of its own  
And in it lies the beauty  
Its Original beauty perhaps  
Let us then; learn to love  
All that nature splendid provides...  
Never craving to possess

The rainbow ends of reality  
Colouring ones sight  
Not a pretty picture really

And happy laugh at myself  
For life is a merry time at the Ball

## !!! Romance,

Romance in the heart  
Passion raging fire  
You can call it desire  
But it is just the start.....

The Cleopatra Antony pair  
May well from their graves sit up  
So strong the pulsating vibes light up  
For this love is mutual, intoxication in air! !

The souls drawn to each other  
Yest er years in heart, still a pair....  
Bonds like theirs definitely rare  
The waves splash their feet, wet further

The strolling pair at the beach  
Arms linked...not, distance between  
But sparks electric almost visibly seen  
The girl in slant glance did appear to beseech!

The tidal waves washed the shores  
And in fear; she hooked her arm  
The smile she gave him full of charm  
The molten man in feigned detachment, cares....

His arm slips protectively around  
And they walk on...on...and on...  
In search of privacy, could be sworn;  
Distant sands, away from crowd

The waves ebbed away washing the shores  
leaving a ripple in the hearts  
Sky, sand, sea as Sundown starts  
Passion flames flick, watching the stars....

Sea And sand play touch and go  
Sky bends down to kiss the sea supple  
Sands of grain crushed in gentle tussle  
The moon, all his; reflection at sea, just below.....`

**!!! SCANT CLAD**

Scant clad in warmth of loving words  
Longing to be enveloped with, blanket of soothing Love

For the heaven we glimpse in this private moment  
Is oft too special for spoken sounds to disturb Love's advent

Where my love, when I with child like wonder live the moment  
When the joys, astound me and I travel beyond realms of movement

To float in magical mystic lands; dream like as if in trance  
Till you gently lower me, down to earth with your liquid glance

Have we traversed the heights of ecstasy  
Perhaps or Is this all your presence in my fantasy?

The souls unite waiting for no invite  
Then why any so ever a verbal fight?

Is it that love grows in playfulness  
Is it that in this play; love blossoms to fullness?

Does love in their life chance?

Do they ever dreams fulfill?  
Does she love him still?  
Does she long to see him till;

Yes! yes! yes!

And sunken eyes

Love is an art  
Of life it a part  
The very start  
Till we depart  
Progress is wed with mind  
Love seated within the heart  
The world is kaleidoscope  
Of people, colours, sounds and textures  
It is but a Delicious, invigorating mixture  
All in its primal be.....of necessity  
Yet some in sophisticate camouflage;  
In it all I spy a basic short sightedness  
When means need to be strengthened  
The ends are being magnified! !

Who could be at the door?  
At this hour;

Not the Postman  
No; surely

Only later in the day  
Who could it be?  
So early! !

Not the maid servant  
Not the gardener  
Not the Iron man either  
Too early! !

Shall I have a peep?  
Or is it too risky?  
The knock is insistent  
And surely

Fear griping her heart  
The dawn is just at its start  
Pale the sky through the window  
Paler she; surely! !

Knock, knock! Not again! !  
She opens the door  
Palpitation severe  
And guess who?

He was at the door  
Her heart in mouth....  
Eyes wide...no words found!  
No; Not too early.....

Just too unexpected  
After all these years  
Then... .. again why?  
Was it for a fresh start?

Surely it was all over  
Over for good between them  
The glint in his eyes  
Sent chills down spine purely! !

In this precipitated early hour

He always preferred the dawn  
Even way back, those early days.....

To lower your self,  
In any manner to lesser respect..  
For your majestic pride  
Does like magnate draw me.....  
Of course You are being you typically  
And me the one riding ego's high horse....  
Life is too short,  
Too short to turn your love away....  
Cries my heart....weeps within  
Longs to run into your arms  
Throwing caution to the winds  
Live I to hear you,  
So much longing in my bones..  
Why then those petty rules?  
Let the world,  
Speak of You and me  
As of Antony and Cleopatra.  
Come love,  
Hasten to my door  
And take me in your arms....  
To swim and cavort  
In your love  
For the remaining of our days.....

Met me with love?  
In the recesses of your heart  
But then perhaps it was to flirt

Met me to spend moments in fun  
In the open way I did, my love speak off  
In between my lines in spoken words

Met me to know how much was true  
For your mind my love would not accept  
Found it, perhaps insane to cling to past

Meet me after ten years or more  
And discover the love still lingering  
Perhaps it will then be believable to you.....

Let the mystic waves of night  
Fall without sound on heart tight

And stars in sky bring to sight  
To spark our enthuse-star and spirits lift!

Let our eyes scan the vast skies above  
To float with the clouds, new dreams in tow

Like scattered cloud, family split  
We too, perhaps float free, new-age tilt

Changing panorama of night life  
Life with lesser peace and more strife

Loneliness a common malady  
And of course longing for the lady!

The wisp of night jasmine floats to the nostrils  
Bringing sweetheart to mind with all attendant thrill!!!

## **! ANGER**

Anger like a tempest  
An Unpredictable, uncontrollable pest

Leaves in its wake destruction  
And is further fanned by obstruction

It begins at the seat of the heart  
Deep sense of injustice; wells up its start

Fumes can be seen for miles around  
And its violence felt by all in the surround

Children are needless ambushed perhaps to subservience  
Subordinates to speedy action to ones need and convenience

In the rut of anger, blinded in its fiery smoke  
Judgments, opinions, actions wrong provoke!

Anger a mask worn, perhaps to vulnerability hide  
Anger is left high and lonely with no one at its side

Empowered by acceptance  
Geared by choice  
Free to voice  
I take liberal my stance

My Poems a hunt  
And my efforts no stunt  
Reaching the verse  
Touching hearts as I oft re-verse

Look to touch many a soul  
Have in words bared the soul  
Inner conflicts, their role  
Play majestic to enroll

Each of these poetry found  
Reach out far and beyond  
Of dead emotions,  
And live notions

In a benediction  
Soothing balm, like lotion.....  
Some in rhetoric; powerful voiced  
Full of strong flow of rage, fire dished!

Does these rank as poetry?  
Of late I believe it is! ! ! a good try!

Bloomed it late in my heart perhaps  
Yet the blooms effervescent

I thank thee my lord  
For giving me a lovely home  
Children so warm and good  
Bloomed early in my garden they did  
Yet the blooms effervescent

I thank thee my lord  
For this beautiful home  
So much to do and care for  
Blowing winds strong! seeds drooped in it....  
Yet the blooms effervescent

I thank thee my lord  
For their individuality  
Each so different in the nature  
My blooms they glow with angry strength and colour  
Yet the blooms effervescent

I thank thee my lord  
For giving me a flaw  
For it has taught me humility  
And given me seasoning pain  
My blooms they make me my pains forget  
Yet in youthful flamboyance; effervescent lovable!

Lotus like boats afloat

Dew Reflected.....

Left for passers-by to wonder

Why this waif  
Is out in open  
Did a seed catch the wind?

And did the soil  
Wet with torrid temper rains  
Find this daisy?

And did with impulse of moment  
Water with care?  
And let daisy grow?

Now when almost past full bloom  
Lost its glow  
Left to droop alone?

## **! Sensitive**

Sensitive to her needs  
So very diplomatic  
His mode and tactic  
Entwined in her soul  
For ever, ever more  
She simply did adore  
And no use holding poll  
Her vote was his  
Sure of this  
Has been perhaps always  
Heart in murmur  
But this life's summer  
Breezy, cool and brazen hot  
New butterflies with in flutter  
Making her in shyness stutter  
He did upset her equilibrium's even dribble  
This 'trouble! Trouble'her heart whispered  
But drawn despite it all, love respired.....  
In enhanced her very being, deep inner being.....  
Is this peep of magic?  
Or is this real tragic?  
Mystic ways of fate in willful play?  
Or the play of young hearts?  
Thirst is deeper than surface; within starts....  
Bonding is there visible with invisible chords  
Sensitive he, lives with the flow.....  
Attractive she, swimming in its flow...  
Sensitive to her needs he caressed! !

Walking the deserts of life  
Each man an isle in himself  
So much is within  
Past and parts of time  
Best to live in present  
No contemplate beyond  
Laugh at one self we must  
Do we run from reality?  
Search for refuge  
In false mask of laughter?  
When perhaps  
Even as one walks  
The dairy  
Of present  
Gets written! !  
To unfold on the morrow  
To tell of joy or sorrow  
Why not begin today?  
Then to beautiful make the day  
Each present made beautiful  
Shall give lively memories of past  
And fruitful memories in future!

#####WOODPECKER

I walk through these woods  
Umpteen mornings

Kept tab of my stride  
As if to its drum beat

#####FALCON#

Let me slip away...  
Far from reach....out of your way  
Let joy slip in, now  
Far from reach; out of your way

Does joy step in vacancy?  
Enlisted in the payroll  
Yes! On duty; but inconstant flight...  
Its duty tedious,  
Fickle minded.  
Mankind.....

Joy spread its wings  
And Like a Falcon  
In sky's expanse  
Distant fly's  
From your window  
Have a peep.....  
Can you see?

Majestic, lofty  
Dark king  
In unreachable heights  
In Flight?  
Gliding with,  
Still wings?

It holds  
The secret of joy!  
Everlasting? ? Yes! ! !  
Of distant vision....  
Viewing  
Earth, its splendor  
From unattached,  
Unperturbed distance...

**##### Shall we hold hands?**

Shall we hold hands?  
Across distant lands  
With mutual consent  
Have dashing fun?

Shall we exchange thoughts?  
Across the distant lands  
With mutual consent  
Have enriching fun?

Shall we each our separate fates meet?  
Across the distant lands  
With mutual consent  
Have gutsy fun?

Shall we show this world?  
Across the distant lands  
With mutual understanding  
How this can be done?

#####As If.....

As if.....

As if  
Walking the sea shore  
At twilight.....  
Sun rays slant on water  
Twinkling multiple rays  
To delight.....  
Breeze blows your clothes, hair....  
And waves to nature's tide  
Ebb and flows.....

As if  
The flying birds  
Fly home bound.....  
Ships depart as distant dots  
Sands pillows,  
On shores strewn about....  
Invite.....I sit on it  
.Eyes in distant thought  
My soul reaching out....to you....

As if  
Asking you  
Have I made no inroads?  
Into your heart...  
Have I left you untouched?  
My heart Aches.....  
To hear those beautiful words  
May be.....just once  
From your lips

As if  
Life would STILL  
On that momentous second  
Fulfilled my heart's stills  
Meaning to life given  
Birth, life, death  
All immaterial  
As if those "golden words"  
Magic woven  
Transcends time

As if  
Transforms life  
Fills my throbbing soul  
Ecstatic joy internal, eternal  
Your words...in soft whisper

Erasing all  
Tears, aches, sorrows shake  
And love fills my being  
As time stands still

As if  
You were born for me and no other  
To be loved by me  
Till the very end  
To be understood caressed  
With poetry cherished  
Your smile my beloved  
I love so much  
Forever fortify.

**##### Shall I wait for the morrow?**

Shall I wait for the morrow?  
A day after tomorrow?  
when your heart will mellow  
A day brighter my dear fellow?

When the rays of the sizzling hot sun  
shall melt frozen ice...make it run, run  
Down this hard, hard crust mountain  
In rivulets of chill, .....in icy fresh fun?

As if summer; touched the ice burg tip  
Melting it, unsettling it....., looseing its grip?  
Till it tilts a little: ..., coming apart with a rip  
brittle sound Crunch, , , a descending trip? descending trip! !

falling, falling, falling till it comes to rest  
Perched, dangerously....but it be best, it be best! ! !  
Nature's little adjustments, just a little test, little test!  
Adjust....adjust adjust, but adjust it must!

Oh! nature may change...its inevitable, inevitable it is! ! !  
But why must man? ....Charismatic, irresistable? irresistable!  
Your mighty pride, formidable....., dauntless, formidable! ! .  
Goes before a fall...irreversible! ..A fall irreversible!

Mercy the heart that loves you....

Mercy this mercurial temperamental woman  
Mercy this volatile, capricious spirits  
Mercy this unpredictable, quicksilver tongue  
Mercy this Fluctuating, wavering...mind

Preplanning in nature

**#####Dream deferred?**

Dream deferred?

Does a dream like dried raisins?  
Dry in the hot, hot sun.....  
Not these days, with virtual reality  
Fry, fishes free in hot, hot fun...

Sentiments simmer in loving hearts  
Deep, deep within for ever  
Show it, with the droop of shoulders  
Never, never; left without never.....

My joy in hearing your voice ever mine  
Wishing you the world's best....I remain  
Left on the pavement as you drive by  
The heart that loves.....frozen...stands by.....

Life, its walls don't cave in these days  
Well Sir, let's shake hands  
These things happen....lets go our ways  
Love is celestial in unrequited lands

**#####Hurt heart**

Hurt Heart is bleeding  
But I must not  
Let my pains show  
I buried my ego  
With my fingers crossed  
The threshold in raw emotions  
Gave hope a chance  
It hankered for  
Today hope died  
And a part of my heart too  
Tears prick my eye lids  
I need to go into my shell  
To lick my wounds in peace  
And my fragmented life pieces  
Put together.....whole again  
But believe me  
I don't regret my action  
Out of pride or shyness  
Are you frightened?  
To betray natural emotions  
Say those loving words today  
Until you wish to speak in epitaph  
I have had the courage to face my truth  
I fade away .....shall fade away  
A face soon forgotten.....

Roses; fragrance in the garden  
Proses fragrant in the heart  
Looking deep into her eyes  
He lost his sense of time, her smiles  
Enticed his masculinity.....gallant spirits  
Silence.....is that love that she spies?  
Moon some tonight, poetry flares  
Dusk settles in.....who cares?  
Time, place.....all forgotten  
Passion vibes.....strong....smitten  
Passion unfurls.....she curls  
Gentle.....gentle, he travels  
Come baby, lets on a moonbeam traverse  
To the twinkling stars.....in heavens preserve

**#####Surfing on a greater wave...**

Surfing on a greater wave...

Surfing on the summer shores  
Sharing memories preciously stored  
Sharing moments preciously short  
Pour your heart into it...  
Tell me you care just a wee bit  
Tell me I matter to you....  
As we traverse together  
The waves of love....  
Leaving the sands on time shores  
Wet.....as we ebb away....  
Ebb away, only to return....  
Surfing on a greater wave...  
On the surf board..Belted close  
Arms out spread...clutching;  
The other; for dear life  
This gala time together  
The sea the sun and the surf  
The griping fear,  
Shivering near..  
Nearer to your heart  
As never before dear  
When are you going to whisper in my ear?  
The: Three most beautiful words?  
Binding us for eternity....  
On the realms of our souls a reality!

Opened the flood gates  
Of her heart  
Emotions gushed, slushed  
Abundant

Like overflowing waters of  
A river dam in floods  
For safety; was let open  
Water channel routed

Emotions flooded the veins  
Pumped response  
A remarkable distinct  
High.....unforgettable....

The floods of the season  
As never before  
Wild this mountain river  
Flooding fusion at sea! ! !

## #####Vintage Wine

Loitering on the  
    avenues of literature  
Flirting with the realms  
    Of poetic sensuality  
I stand bemused,  
    In heightened awareness  
Of Fathomless depths  
    Yester years-'A Golden Age'  
did man then too strive;  
    As we today; entrapped  
In webs of our own making.....  
    Futile tugs on the heart strings.....  
Violating the laws of conventions  
    Struggling for poise and serenity  
Which vitality and youth denys  
    the first taste of this heady  
Wine; lingers on the taste buds  
    A new thirst awake within.....  
Tempt me far into the night  
    my eyes, a drunken red!  
Till icy fingers of reality  
    shake me back to worldly reason,  
Literature! ! thou art surely  
    A Vintagewine! !

**#####'Solitary Moon'**

I would rather wish mute  
Travel on the dark canopy  
Of the sky.....a solitary moon

A loving fairy sweet  
Than be a fallen angel sloppy  
Enfolded within arms soon

To be crushed and crumpled  
And thrown away after play....  
Forgotten as "Sun" shines brighter.....

And day begins; busy progress enfolded  
TO in dark street corner stay  
Awaiting forgotten, as "duty" prevails brighter!

No! Never that! I would rather mute  
Travel on the dark star studded canopy  
Of the sky....."Love-lorn" a Solitary Moon!

**#####Geometric Compass..**

Like the stiff, fixed foot she  
Of the geometric compass  
He bound by her; yet free  
To circle; stopped as he did pass

As to this fixed mate  
He often spoke  
Driving by; as to a date  
In harmonious yoke

So perfectly amicable;  
These two in conversation dwell  
A closeness; unity unenvisageable  
Love in deep joy did revel! !

### #####Time to move on.....

Time to move on...  
Time to pack up, put all your emotions  
Under lock and key....into your briefcase  
New briefcase....just purchased  
At this new mall.....time taxed  
As with business like efficient pace  
You detach yourself from cumbersome  
Detrimental excess of the softer sum.....;  
Sum total of your self today  
Ways different from self yesterday!  
How you have changed.....  
How you have to change....any choice?  
None what so ever  
If you are cleaver  
You march with the tide  
Not to be left by the road side  
You surf the tide  
Deep breathe, refresh mind  
Of your duties remind  
Your briefcase in hand  
Step unto the escalator  
To reach the floor  
Where your business awaits  
To, the entrance.....  
Step into the car  
Time to move

Time to move on  
Move on with changing times.....

**####Kiss my sorrows away.....(II)**

Take me in your arms  
Gentle kiss my palms  
Draw me closer still  
As close as you will  
Let me rest my head  
On your shoulders bend  
As your hands caress my back  
Bringing back all the warmth I lack  
Kiss my eyelids, my cheeks, my lips  
Whispering words.....as tongue within slips  
Till the flames of desire  
Sets us ....a - fire  
And all my sorrows melt away  
My woes forgotten dealt away.....

**###To JUST be the YOU, you can be on earth.....**

To spread joy, peace and goodwill in our surround.....  
To spread the message of "live in the present' to men around

To do our duty by our near and dear  
To show them what life could mean with no fear.....

To lead an upright life through thick and thin  
To show them sincerity, hard work and truth can also win

To accept both joy and sorrow as equal impostors  
To accept both success and failure as mere posters

To show the endearing things in every day living  
To show the lasting joy in duty well done.....even in striving

To show it is not in your living standard  
To show it is in your Standard of living...in your inner standard

To strive for perfection in yourself till your last breath....  
To persevere, to endeavour....to just be you YOU can be on this earth! ! !

## **##Strange sense of belonging#**

Across the lands in between  
You and I as if hold hands  
This bond a strength has been  
Over the years in purity stands

This sense of belonging  
A strange peace invading.....  
Knowing; you are understanding  
And accept my love prevailing.....

I walk the sands of time resolutely  
Through the trails life sends my way  
I hope the strenght of this warmth, slightly  
Enhances your life too.....in some way

Gives me a strange sense of belonging.....  
I hope you can also experience its substle waves  
Lightening your heart, cheering your spirits loving.....  
Knowing your presense.....to this soul a direction paves.....

## **#Mutual pleasure#**

At the backyard garden  
Silent .....mid morn  
Strolling to pick flowers  
The drone .....sound  
Distant heard  
Black; yellow striped  
Wings in top gear flutter  
The busy Bee at work  
The yellow bloom's smile  
Acceptance of its presence  
A picturesque Contrast  
A sight to see.....  
Tell me little flower  
Is the pleasure mutual?

**\$\$\$\$\$\$\$\$\$\$\$\$ Wonder what future holds!**

You have left deep marks in me  
That gentle love must erase....  
Try as I would, to forget you and stride  
You slip back in mind in ease

I long to be gathered in love  
Umpteen times of love reassured  
Till time; each wound does kiss away  
You have the subtle touch assured...

It does gentle fondle me  
And with grace of God  
I accept my vulnerability  
Await you still my lord.....

Life is game of give and take  
As chill touches as snow flakes  
I shivering wait for warmth sake  
As you, busy as ever cross lakes

To distant lands, fortunes make  
I with longing watch the ways  
Hope flutters, as each boat in sight  
.. I wonder what future holds these days! ! .. malini kadir

**\$\$\$\$\$\$\$\$\$\$\$\$\$\$\$\$ As if in Conversation with you, in my heart.....**

I have sprouted like an unwanted cactus  
In between spring flowers in full bloom  
Look out of place among sophisticate peer group  
And tremors of fear in my visions loom

Be late has Love my lanes entered  
But never the less with intensity! !  
(If he where but to know of his impact  
And the joy he imparts.....his excellency! ! !)

(He is an uncut diamond as yet unaware  
Of his great potential hidden with in! !  
If he would but see that others are no different from he  
And If he would believe He can! ! ! Discover enormous power within! !)

My love, you must see the larger perceptive  
But set your limits within yourself....define the ends within you  
And Life is in your palms....every thing within your power  
The external environment is and was always there for you

External factors I agree limit man's powers  
But If you find an unshakable core within.....  
You can face it all! An ounce of courage removes,  
Has always removed a gallon of gall, all troubles you swim in! ! !

The defining your needs and planning ahead of time  
Is the KEY love, unexpected waits round the corner....  
But you can face it, be mentally prepared to face both eventuality  
And then events in itself can not stress you my lover

Not any more my love not when a well wishing Angel hovers  
To take you in her arms to hear you out and to help with words  
That shall empower you, for you are special to her....very special  
And come on, de stress my love.....don't jump to hasty conclusive words!

Loving you as you are and wishing to fill your visions  
With hope and positive energy as pure as can be  
And wanting to show how you can empower yourself  
To live your life with deep rooted peace if you will let me be

Just, forget my life...I am not here to compare  
It is placed in tracks best suited for it, leave be  
I am your intimate soul mate, and trying to see your life  
Let me share, don't withdraw take me in....closer where I long to be.....

**\$\$\$\$\$\$\$\$\$\$\$\$\$\$\$\$ How too, are you my love? ?**

The stars are twinkling alright  
I walk the beaches too.....  
But what of it without you,  
Looking in askance at lovers few.....

The Waves in the bay high  
And Emotions in tempestuous waves  
Wondering when I shall walk with you  
In Life, a few Gossamer dreams are dew....

How are you tonight?  
After dinner; With your new date?  
Wondering; remember me again will you? ?  
Back again, as walk in memory lanes, you

Many more leap years may leap and go  
But this trembling quiver of excitement  
The twinkle in my eye, thinking only of you...  
My dimple smile, all shall appear just for you! ! !

malini kadir

**\$\$\$\$\$\$\$\$\$\$\$\$\$\$\$\$ Round the corner.....**

Round the corner victory mine  
As I shall in your heart shine.....  
Your words, dropp drops of honey! !  
And my world becomes once again sunny! !  
All my long days of hankering  
As if, disappearing  
And clouds of rain, drenching  
Drenching, quenching.....  
I sing in joy  
your voice, your play....  
Round the corner happy days  
In your voice a trace of jolly ways  
Happy a lark more than me  
The world today Is yet to see! !

\$\$\$\$\$\$\$\$\$\$\$\$\$\$\$\$ August winds!

Early breeze of autumn  
Turned strong to autumn winds  
Howling through the window panes  
Shaking nature; very dry these winds.....

As the Sun rose up the shy  
It seemed to lose its self direction too  
And seemed to swirl round and round  
Targeting objects in the ground too.....

Colourful plastic, flew in circles  
On vacant lands and meadows  
Catching the horns of grazing cattle  
A picturesque scene it endows

A lady on the roads with dainty umbrella  
To shade from Sun, in battle holding it!  
It turned the umbrella inside out, she gave a shout  
With angry pout, hands folding it!

It lifted her skirts high, still having fun....our winds  
Tempted to tease, as she snorted and pouted.....  
She placed her umbrella into her bag, freeing her hands  
All ready to tackle the winds....as its strength mounted!

Against nature's fiery winds and Sun overhead  
She tick tack; in her heels walked resolutely  
Well Lady, All the best! I smiled as she finally hailed  
A passing Taxi to step in, shutting out the winds absolutely! ! .....

**\$Almighty's Gift**

When a poet where to so gift his love  
In inspiration words, care is shown to his dove,

Who would but not be charmed by his words or him  
When it is, lasting eternal kiss ever reminding of him

Taking her to magical realms,  
Inspiring her too, in turn to psalms

As she too, follows suit to pour  
Her heart rendering feelings sour

And with each verse a blissful release  
And lessened burdens nearer to peace

Pious a path, his understanding a gift  
Sent by the almighty lord surely? Then; why rift? ?

Forgive me my friend  
You win in the end  
I may have spoken out of turn  
But, forgive me and do return.....

Your abrupt departure  
With traffic rupture  
Left me lamenting  
And long for you waiting

The richness of your voice  
Linger in heart as per choice  
And as I go about my humble work  
See the enormous fork

In the roads up ahead  
And can see you there way ahead  
And see the simpleton nut  
I be in all my absurd mental rut

Perhaps out dated  
my ways you rated  
Well then laugh at me  
A pleasure, your Joy to me

Come my friend, don't silent withdraw  
If I lack the chic, my potrait you can redraw  
For you friend, I don't mind a step up or down  
So that with you in stride I can walk down

Down the long roads of friendship hood  
No different from ours in childhood.....  
You and me may bicker and argue  
But, don't deny affections within you

And adding joyous colour too,  
That helps us shoulder better our yoke  
For in humour you excel  
And make all mishaps a joke! !

\$\$\$\$\$\$\$\$\$\$\$\$\$\$\$\$Cobbler

I glance at the cobbler mending  
Shoes, seated on the wayside  
A business of very small investment  
And meager turnover, yet....  
Age has passed him by,  
He too must have a family to support?  
Or perhaps he was a loner.....  
Who had not in youth found time  
Or convenience to saddle himself  
To added pressures.....  
Yet, his work showed expertise  
Workman ship was deft.....  
Guess, he is a trades man  
Who simply was lost in time  
To unpolished finish.....  
Unnoticed by madam Luck  
And Mr Opportunity he,  
Drunk in his situations petty worries  
Must have missed to notice en route.....  
What ever this grand old wrinkled brown  
Fee bled by tryst with reality  
Was briskly giving the finishing touches  
Then as he held the pair at distance to view  
I saw the twinkle in the eyes! !  
Why, he prided himself for his craftsmanship.  
His Beaming smile.....  
Brought an answering smile  
To my lips!

Our eyes met  
And did I feel my insides stir.....  
When I could almost feel  
His finger trace.....  
Down my nape.....  
My cheeks...my lips  
Caress with just his eyes.? ? .  
The curvings of my breast;  
The stilling of his smile,  
The heaving of his chest.....  
As we looked into each others eyes  
A long moment.....

Trampled well! Beneath....my heart a broken part....  
And my spirits sunk, right to the very bottom  
My blood boiling, pressure on the sensitive button  
That switches on the lights of my self pride fountain  
And words flow....in natural momentum  
Wetting the spirits of all around in activities hum drum  
Making them stop in mid act

When My heart is brimming with Love  
And I long for your arms.....  
As if, my guiding angel whispered  
My wish unto your ears.....

You Appeared at my door way....  
All drenched and dripping.....  
A dark figure in the light falling  
From the open door way tripping.....

Into the room, Getting the floor  
At your feet all wet and watery  
You Pull out your Kerchief.....  
A wave of your hand; salutatory

You proceed to remove your shirt  
And I silent offer you a towel, shy  
You turn away, showing your Back  
I hesitant touch...rubbing you dry

You pull me to your front  
And I jam my hands in between  
Stopping.....trying to stop  
As you Slip your tongue, lips between

Chill and Hot, wet and caught  
I struggle in vain to slip away  
Your hold tightens, as your lips continue  
Creating Havoc to nerves.....I sway

Sway into your arms  
Eyes wide with sudden fright  
'No more giving the slip my darling Angel  
You are mine...get it straight! !'

Far removed from what you see  
Yet, there is rapid palpitation....  
You experience a detached feel  
As if you know; it all reel  
But heart seems to connect  
Your mind recognizes the difference  
You are drawn to the individual in front  
You speak in a familiar mannerism  
As if you knew him for ages

Flood the soul, naturally  
When as if from some unseen  
Reservoir let open fully

Beacon of the waterfall yonder  
At the valleys green glen  
Across the edges of earth's paradise  
Is all of Eden when

Love my eyes dazzle  
And you my heart embezzle  
To the secret recesses  
Of your heart embed, I sizzle!

With the drizzle of passion rain  
I a lass but plain  
Wonder at nature's glorious grace  
Spread out, banquet lane.....

Those eyes see all around.....  
The heart warming green  
The shades of brown found  
All beautiful and newly seen

With eyes spectacted with Love glasses  
Even the songs of birds sweet titter  
The breeze full of fragrance of mid summer  
Joy with in springs and eyes glitter!

Lightly breeze about work rounds

Not ever make him feel so special;

## \$\$\$\$\$\$\$\$Cyclone?

Let the waves at Sea  
Hit the shores....  
Let the dark clouds  
Rain torrents  
Let the trees to cyclonic winds  
be subjected.....  
let the whishing whoosing sounds  
rage high this summer  
wild the lands  
Depression on the Bengal bay  
Oft as it does form...  
Rocking the shore line  
human hearts in fear grips  
Seasonal nature changes?

But I shall unchanged await  
On the sandy shores of time  
At the shore...undaunted wait  
Cyclones will blow its self out  
In the moment of calm  
In your turbulent cyclonic life  
Natures natural pause,  
the eye! the cyclone eye  
Pause a second on your path  
Where too.....you heading?  
If your heart,  
In ticking seconds, feel  
your mind.....may hear  
the knock on your hearts door

A glare of light.....  
Straight on eyes?  
Is it blinding you?  
Pushing your focus?  
Tred with tide  
Progress to progress  
keep in stride  
When energy drips  
glare of success  
No longer blinds.....  
You will still  
Find me in the Sandy shores  
Awaiting you...with thudding heart  
With pass of time.....

Hope this finds you in the pink of poetry  
Lost in link of words in verse try.....  
Shall this lady offer a little word in rhyme?  
To match the passion; ... in your veins this time?  
Shall we traverse the stars together?  
As we pick words from the clouds that gather  
Watching our playful fun  
As we chase each other and run....  
You picking up rainbow parts  
To add colorcast, as sunshine starts  
And the playing winds loving push away  
Dark clouds, with its way ward tears many  
So that warm Sun.... shines gentle  
On the rain drenched world beneath until  
Water rises as vapours.....  
Reaching us, bringing with it nostalgia  
Of our life; colourful play, down to earth  
Realization of our flight of fancy, tickles mirth  
Shall we then on a shooting star alight?  
And on its fast track descend to earth, on our feet light! !

## \$\$\$\$\$\$\$\$I SAIL OUT.....

Taking the barometer of my feelings  
Wearing my spectacles of experience  
I sail out.....

Around...the world; in eighty days?  
Well...more or less  
Folks I meet from different walks..  
Different walks of life.....  
In different worlds of their own

Each with his own agendas  
His different religions, feelings  
Ambitions...Aspirations  
Goals and abilities.....

Multiples of prototypes?  
Yet appearances differ! !  
Looks and likes Differ  
Must the map refer?  
Geography had a lot  
To do with it.....  
Then that takes care  
Of the differences in  
Skin, colour, heights  
And don't forget the noses  
Why they distinctly  
Speak loud and clear...

Let us go on to Orientation  
I mean their family environment  
It tells of the attitudes to life  
To other values of life  
Their Priority and preferences  
Why of their life styles too  
Customs, costumes vary state to state  
Then any wonder country to country?  
So colourful, gay, multiple ways

Yet ...Stereotypic?  
Places of Natural wonders  
Waters cascading...in falls  
The different oceans and seas  
The rugged Mountains to Plains  
The lovely flora and fauna captivating  
Man's mechanical and structural  
Striking advancement! ! !  
Sky scrapping Tall! !

With my international currency of LOVE

My passage through this world is greatly cushioned  
It was my least weighing luggage  
My most useful one also  
It was in every nation recognized  
My Platform ticket in every station  
My visa and passport in every checking counter  
I am hoping; at the gateway of death  
It will facilitate my journey to Heaven too! ! !

Your presence I feel  
Even in absence  
Shading me....  
Its special leaves  
Perfume my life  
Bearing distinct fruits  
And the memory of your  
Special words...  
Lengthy linger in my surround  
Props me up  
As if sustaining me  
Helps me to stand up erect  
Erect to life's hardships  
Staunchly straight  
And I with your Love  
In my heart

## \$\$\$\$\$\$POSITIVE DISTANCE

Which power in this universe?  
Can separate Soul mates?  
When the heart and soul  
Are across seas, mates?

For in this bonding the very  
Distance is the appealing plus  
And in this Sacred Unity  
Its Very purity, biggest plus

As then all the pitfalls  
That assails the lovers  
In normal course of events  
Don't apply to these members

Age, practical every day pressures  
Don't strangle their Love  
Creaking bones, Opinion clashes  
Don't make a China wall in this Love

Heart beats may not beat together  
In one boarding or bed  
Yet, it beats together as one  
In memory's precious fleeting second

To Be a Darling;  
To the other, they must wish  
How wonderful  
How singularly joyful a Bliss!

Distance keeps the romance alive  
Live happily ever after  
In fairy tales exist may be....only  
Here; it is happily for eternity!

Social Acceptance  
Our Social image....so motivating  
Real Happiness at stake  
Secondary to social success  
Priorities forgotten  
Children Neglected  
Oft the Spouse too  
For man is pressured  
By competitive mindset  
And, Mini successes achieved...  
Drowning Like a cat in his own glory  
Focused on progress  
Lopsided his vision  
Moves on...on...  
Till ultimate crisis  
Wakes him with a jolt  
The drug addict son...  
The erring wife.....  
And false friends circle  
Momentarily  
Just a second stop...  
Think! ! I say think! !  
Balance...Balance...  
Success is fine  
Money even more so...  
But; Your family?  
Is the torch which  
Takes your achievements  
With Glowing pride  
Into the next generation  
Isn't family's growth  
A bigger achievement;  
To; personal growth? ?

### \$\$\$A 'Sacred fire'

The wood was on fire  
Cheerfully giving warmth  
This winter evening.....  
High passionate flames  
Fast consumed the wood  
Wood was still green may be,  
For water sizzled out half way....  
As if it broke out in sweat  
The sensitive owner tending the fire  
Quickly withdraws.....  
The emancipating fumes quickly  
Drenched with cold water  
The wood half consumed by fire  
Felt desolate-all wet....  
The sensitive man picked it up  
Brushing, away the embers...  
The wood felt tarnished; useless  
Happier it would have been  
To loose itself; it's very being  
Very existence to the flames  
BUT; The owner has other ideas  
He seems to find beauty still  
In that tarnished -half a piece  
He wishes to varnish it  
Filing away all the traces  
Of gloomy darkness  
He is fully aware; this wood  
Can provide cheerful warmth  
No more on cozy winter nights  
He still wishes to retain it  
As a piece of Aesthetic Ornament  
Decorating his home; adding  
Beauty to his surroundings  
May be he cherishes his wood....  
Or Is it a ' STILL' memento of  
His Live Sensual evenings.....? ? ? .

**((Every Day I spend with you))**

Every day I spend with you  
I learn of toughness in gentle ways  
In the care in little deeds  
This easy makes my daily days

Little every day acts and thoughts  
Those seemingly easy every day work  
That you with ease take over  
Responsibility in tasks rough and dark!

Leaving room for pensive contemplation  
Room for poetry in my curriculum to verse  
With time in hand for words in simple veneer  
Forming rhymes in heart; oft they may be sparse

For in this world of puzzle  
And dollar drives tussle  
It must take a muscle  
To easy life Russell

Perhaps romance did not this heart touch  
Nor your male chauvinist attitudes of youth  
Inspire love, built resentment within much  
But, yesterdays are lost in your mature faith

Faithful you love, multiple autumn's past  
Despite the changing seasons in love  
Grey the hair, above the ears  
A peep of wisdom, like a silver grey dove

Homing pigeon as nature proved  
Years in flight and away made naught  
When today you make bliss in love showered  
I Wonder if cross wars were ever fought!

Sun kissed awake  
My vision is blinded  
By the brilliance  
Of your presence  
Before me.....  
As if waking to a dream  
Always dreamy  
To be taken into your arms  
To rest my head.....  
As if in mercy  
Lord has a second chance  
to love; generously given.....

**((I ask my heart....))**

Why it will not dislodge?  
For haven't you been given all you ask?  
Then why with glue you stick to start  
Re fain from leave go.....  
The youthfulness is here too  
The smile with wit here too  
And when all is said and done  
Superb the ability to shoulder responsibility  
Then my heart with a wistful smile replies  
But his image was the first to fall  
And leaves little room for next  
I prefer to live and die so  
So just will you leave me alone,  
I shall willing abide the mind  
And never give you cause;  
For any embarrassment ever  
Shall we stop finding solutions?  
Use your brains else where  
Love is illogical often  
Logical in reality; live on.....

**((My Sorrow))**

I may walk a hundred years  
Walk steady fast  
But shall I erase my sorrow  
And erase my heart from its pinch  
How selfish I have been  
So unaware in playful sin.....  
So unjustly unkind  
Having been kind;  
I may have eased burdens  
But it, any business of mine?  
I can not play god to souls I meet  
I too am, a human no superior  
Is there an excuse?  
On this face of earth?  
For an irresponsible sinner?  
I have been brutally selfish  
Will the insults  
Flung my way;  
Equate in punishment?  
Shall I kneel in front of you?  
My lord; I truly regret my thoughtlessness  
Will you show me a way  
I can penance for  
I have not the power to rewind past  
I had no idea of the powers I possessed  
Will you Forgive me? my lord  
This thoughtless sinner?

Shallow laughter

Shallow laughter  
Skin deep  
For I live  
With hell within  
Can I find my peace?  
Shall I pray to you?  
Or work till dead-beet?  
How will I run from self knowledge?  
How will I stop hating myself?  
Help me lord to understand;  
Understand myself  
And reign supreme  
In the command  
I place to myself and heed  
Let me not burn  
All the crop  
In my path  
Cause destruction  
Let me my duty abide  
Let me wash my soul  
With fitting deeds...  
Let me selfless give  
Till the day  
You see fit to redeem  
Redeem me my lord!

Still born?  
Yet seconds before  
Having breathed  
Life giving air  
Your Cherubic perfection  
Imprinted in colours

I glanced with pride  
My ordeal is over....  
You are born  
My breath was still rugged  
Your skin was blue  
A darkening of senses  
Panic anew  
Doctors on duty  
Rushing feet  
I lapse into senseless  
Obliviation  
Shall we journey together?  
Oh! cuttiepie

Oh! ...lord!

### **\*Monster waves of reality**

The entire world is in orbital momentum  
The momentum is gathering speed  
As each and every individual  
Strives to make ends meet  
The rainbow ends of idealism and reality

The arms stretched out  
Reaching out for the distant stars.....  
Rooted to the spot  
Imprisoned by the iron hands of  
Of prevalent truth

The cries of humanity in grief  
Is reaching its peak  
For the scales of balance of  
Mother Nature has been thwarted  
"Justice "stands blindfolded

The sweeping gigantic  
Monster waves of Tsunami  
Wash the shores of coastal lands  
Mother Nature has cracked  
Under pressure

The smoldering suppression  
Can no longer be  
Retained within...  
Without a token protest!  
Has the Lord then relented?

Cruel for permanent kindness  
To the Lakh of souls  
Washed away?  
Crisis! Crisis! !  
A calamity

It has revived  
The sleeping humanitarian  
Spirits of mankind  
The new momentum  
Has gathered speed

As new strengths are uncovered  
Hithero unknown;  
Nations rise to the situation  
A strange unity!  
Unified focus of man's

Scattered vision! !

Focus on one point...  
Rekindly sparks of emotion  
That situations demand  
In its very urgency  
Devasted souls; desperate mourning

Reaching the fatherest points  
Of civilization; Leaving no living spirit  
Untouched...  
Where "the lords" sweeping brush

Has changed the picture  
The landscapes before our eyes  
In a matter of minutes  
Has he nudged humanity  
To give a new direction?

.....**MY Dollar Love!!!!**

Like dollar, a silver medallion  
Of silver strength in silver memory  
Lies my Love for you...my Royal lion  
Dangling betwixt my breast; in Irony

Mocking my pretext of otherwise....  
My Proud actions in disdain  
But I my decision, consider wise  
And say so with pride no pain.....

This dollar buried deep, deep  
In my heart, in its crevice  
My every day emotions sweep  
Joyful bliss yet unwise

For it lies a dead weight  
And not of any the use; inside seal  
Buried and hidden tight  
Let it, find your spirits in zeal

When I in verse word let it fly  
And it lands on your palm  
Tremendous power, in it I Spy  
And watch my faith in Calm.....

The dazzling coin in your hand  
A charm of Luck, be forewarned  
It houses enormous energy in land  
Where, people moved, swarmed...

It bestows non stop positive thinking  
And confidence, unshaken faith in self  
Faith in one self and ones ability, linking! !  
Till as ONE, you ceaseless work through strife!

And All Fortunes fall in your lap  
But Once I place it in your Palm  
And it does not let your energy sap  
Acquiring value tremendous and calm! ! !

It then turns its weight in gold  
Telling of my ceaseless love  
Full of faith, as indeed bold  
You reach your treasure trove

.....**A Log Adrift...(wood...? ...)** .

(If drift woods where to start thinking)

If adrift like a log  
Aimless tossed to sea  
As if the floating tree trunk  
As if, with unexpected load clinging  
Just had to but...go down; sank!  
Took life purpose  
Away with it.....  
To the bottom of the sea  
Under... reasons of logic wedded to it  
Now are buried under  
In the gravel sands beneath  
The oceanic depths.....  
And purpose lost to natural calamity  
Reason, logic for  
This change of address  
In existence no more  
Aim less drifts.....  
Aimless drifts...  
Till a peculiar tornado  
Arose .....

And in gutsy winds  
This log is tossed to shore  
Ah! What bliss!  
The unshaken land did feel  
Beneath its self  
No more tossing,  
No more turning....  
Solid grounds discovered  
And peace found  
But, still a little trouble  
This land,  
Piece of land  
Not registered in the log's name  
And the log could not  
To human courts apply  
For it did not in its jurisdiction come  
Tell me, where is the error  
I say the error is here  
Within the log  
For logs are supposed to be dead wood  
Not alive! pondering! !  
Till its blackish blue! !  
What say you? ? ? Aren't I right? ? ? ?

.....**My Sick brother in law**.....

Mad as mad can be  
Sad as sad can be  
Rude as rude can be  
Shrewd as shrewd can be

Most unattractive; this character  
Knee deep in spoils...a pet? ..  
Yet, head injury had changed  
His entire fate....till Late.....

Born to parents with silver spoon  
In his mouth? , so to say....  
ILL for life but their wealth his boon  
Needed not to work his way

Through life, he plodded on...on...  
Neglect his illness, anger on parents did vent  
Parents could do nothing but blame it on,  
Fate! It played in their lives, housed in rent!

Hospitalized for six months in research...  
For, till then his disease as yet rare kind  
Scans or tests, lead them to decide  
It was rare, transitory clot formation find

Regular medicines for life,  
Age only sixteen still.....  
Handsome tall fair youth  
Fits attacked, against his will

My role as nurse was simple  
A man was appointed to help him  
Through his daily routines  
Medication and food to suit the illness whim! !

Society, does cause inferiority  
In ailing human to extent great  
Hence emotional havoc caused  
Upright in love, as Bhishma the great!

Who gave up his life, for his father.....  
And remained unmarried till end...  
His celibacy gave powers to hold his death  
Till he his demise did wish, his end meet.....

Restrain, all life is hard living.....  
Playful chatting; a poor substitute to love  
Won't you all agree? Exemplary living.....  
Yes! Terrific temper; but playful soul, poor love!

His life attitudes, pride and anger  
Difficult to handle, eccentric behavior....

His complexes prompted! ! ! ....but a child at heart  
And if handled with firm hand amicable behavior!

Life long exile of sort! . Royal lion! ! Yet, pity one felt  
But good sense of humor, courage sound  
With little affection, efforts lived normally  
And character naughty not harmful, found! ! !

My children his play things

.....**Fish pond**

The fishes in this fish pond  
Ad mist the green water plants  
And shells strewn on its floor  
Looks serene, inviting as sun ray slants

The pair of golden fishes  
Chase each other about the waters  
Speeding with fins fluttering gentle move  
As I bend to add fish feed in close quarters

Tell me playful fishes what game it is you play?  
Dogging, nosing moving about.....  
Random activity? passing time?  
What in your waters is life about?

Your movements capture my rapt attentions  
Magic ephemeral curving streaks of artistic play  
Water roads temporary forming.....  
Perhaps awakening lateral thinking in mind play!

.....**Woebegone Faces**

The world in woes  
Infinite be.....  
I walk the streets and find  
Woebegone,  
Faces so many.....

Many troubles  
Money, troubles  
Some in health hazardous  
Visible, miserable a state ours

Under paid labour  
Over worked stress  
Unqualified lots  
Untrained staffs

Middle class lump  
Many in slums slump  
Business class  
Breezing pass

Yet, glimpse of smile denied  
Stress free rare to find  
All ....in some bind?  
Compulsive pressure  
Each has: It appears for sure

Fast whiz in bikes common  
Talking to cell phone summon  
Found in all; cars to lorry  
Cell phones a menace? No! yet sorry

They ... accidents many caused  
Adding to misery more; one supposed  
Traffic jams, can't miss mention  
Driving needs full attention

Happy children few  
Some of them I knew  
Else; no where I found  
Faces all, All be stress bound

What kind of era is this?  
What will future generation miss?  
Will faces, stress free find  
Happy bonds in friendship's bind

Will man a new paradise discover.....  
From all his woes and pains recover?  
Sound pills, of common sense  
Solid acceptance of reality, as it is....makes sense! ! !

Love me in rain and storm  
Do it under the stars and moon  
Love me in thick and thin  
Do it on the grasses green  
Love me when young and old.....  
Do it in the ebbing tides...  
Love me from top to toe  
Do it in our private canoe  
Love me under the dark blanket of night  
Do it despite the huge waves at sea.....  
Love me till my last breath in life  
Do it despite the creaking bones of reality  
Love me like gentle rays of twilight Sun..

She walks briskly away

Duty first.....

Decision taken

The moment

brought

To light

Her convent upbringing

Stood erect

The moment

Starchy

Too stiff

Years rolled; but the lastlook

Remained

The moment

Frozen....

As much as my write shall spread

.....**INTO PLANES UNFORESEEN**.....

The deep discontent  
    Unexplainable  
A deep sense of utter bereft  
    Loss unexplainable....  
Why? Have you had a change of heart...  
    And does my soul perceive it?  
Where these two souls then  
    Two broken ... halves, of a whole?  
Like Iron fillings to magnate...  
    I am drawn.....I long  
Futile my efforts to wrap around  
    The cold cloak of principles  
It leaves me cold, lonely, shivering...  
    Let me child like take what  
God has given me....., and my sad soul  
    Shall in your sooth words  
Drift to shore...drift ashore.....  
    As if it was pre destined by lord  
And who I with my small thinking....  
    To presume with petty pride  
There is a mission here, God ordained  
    For this is as if lead to a calling  
Beyond my control, or any force else  
    As if the soul is a major now  
And not even its parents had the power  
    Power to stop it....so my heart hark-ens  
Let it flow through me I long as if  
    As if my strong intuition knows  
That once this heart breaks the dam  
    And his emotions are given  
An opportunity, it will give so much  
    So much of love.....  
As if his soul was fettered and longed  
    Longed to give.....where  
Its passion is not curbed by petty  
    Man made mind conditioning....  
As if a tempest there too blows  
    And a wisp of its aroma  
My soul perceives...nostalgic?  
    Did then these two souls  
In some life, as man and wife  
    Challenge each other...  
And separate journey start?  
    Lord, predestined to meet  
On, this earth.....? This strong  
    His influence as never before  
And as if to awaken, my thoughts;  
    Before his inevitable arrival  
As if to this destiny I in practical  
    Deeds driven.....All Planned  
By some superior force, unseen  
    This magnetic, Celtic attraction

Undefined by words or feelings  
In hitherto explained relationships  
So new, this experience....this magic  
Will you also my feelings discern?  
Will you also experience the tug and pull?  
What has the Lord preordained for us?  
Is this his test or is this his gift?  
Should I open my arms or fold it tight?  
IS it my dream? Or IS it my wishing?  
Is it true or Am I in heights of fancy?  
Where too? will I in his heart a notch find  
Will it be a very satisfying bind?  
Will you take me for a ride?  
Enthral me if you please...  
Then like Rain washes the roads  
Thoroughly cleaned so too  
My hormones shall be clean swept  
And I shall then perhaps elevate  
To planes, hitherto unforeseen.....

The smooth surface  
Of this river Thine....  
The ripples caused  
Pebble efforts mine!

I wish to swim  
In shallow waters  
I fear the depths  
Thoughts in shudder

Lest some mishap  
Does misshapen occur  
Life for me just not  
A game of soccer

Real depths fanciful  
In dreams to journey  
Enjoy chill of the water  
Surface ripples shinny

Tantalize me, frighten me  
In dawn; unidentified depth...  
For smooth surface deceptive  
Known fears swept up from depths

I standing in its bank  
Debilitating wonder....  
What be best, to be frank  
In cowardice or caution?

Tempted to take, early morn dip  
So inviting the flickering surface  
Second thoughts, before plunging  
Hesitant, in hasty mishap to loose face

Tell me honey, will you ever  
Take the dip and be done with it!  
Or ponder trivia undecided for ever?  
I for one, am enjoying the waters every bit

The touch of chill on skin ... waters  
Refreshing, freshening.....  
And no Alligators, allay your fears  
So enjoy fatigue lessening.....

I disturb the waters.....! ! !

Two hearts; a heart beat away  
To timeless beat in ecstatic sway  
In whisper Islands on passion bay  
Caress winds; with love in say

Entwined Souls in everlasting bond  
Breathing gentle, the fragrance found  
Will the sands of time  
Drench them? In Love's tidal waves fine?

Taking their breath away....pulsating the veins  
Age old rhythm, storms in soul, love in heart reigns  
But, Caution of tempest and aftermath destruction  
Makes them tread the shallows, restrain in rare perfection?

This genuine love, stood the test of time  
Past all tempests did reach paradise! Hearts as one did chime.....  
That momentous moment, as if their world did still  
And winds stood to play a symphony, Clouds rained blessings of good will...

The Waves washed the bay as if, to foamy flowers spray  
And the fishes crowded, audience to this sacred bonding at the quay

~~~~~

Let the waves at Sea  
Hit the shores....  
Let the dark clouds  
Rain torrents  
Let the trees to cyclonic winds  
Be subjected.....  
Let the whishing whooshing sounds  
Rage high this summer  
Wild the lands  
Depression on the Bengal bay  
Oft as it does form...  
Rocking the shore line  
Human hearts in fear grips  
Seasonal; Nature changes?

But I shall unchanged await  
On the sandy shores of time  
At the shore...undaunted wait  
Cyclones will blow its self out  
In the moment of calm  
In your turbulent cyclonic life  
Natures natural pause,  
The eye! The cyclone eye  
Pause a second on your path  
And think.....  
Where too.....you heading?  
In your heart's,  
ticking seconds  
Your mind.....may hear  
The knock on your hearts door

A glare of light.....  
Straight, unto the eyes?  
Is it blinding you?  
Pushing your focus?  
Tred with tide  
Progress to progress  
Keep in stride  
When energy drips  
Glare of success  
No longer blinds.....  
You will still  
Find me in the Sandy shores

.....**A Canvas...plain.....**

A Canvas plain  
At your disposal  
And time to doodle  
Sketch or paints fondle.....

The Sky is Fiery orange  
And Its Sundown..time  
The dusk is tip toeing...in  
And the stage is set for win...

The creativity of the artist is on fire  
And his love in his eyes comes alive  
With each stroke he gentle gives  
Her face on canvas, in each curve

His skill in youthful bosom apparent  
A tiny stroke her navel, visible through transparent  
Veil floating, in graceful lengths in Lacy finish  
In flamboyant passion colours, clothes furnish

Why, a lady of gentle grace....appealing! !  
His dream girl, all attentions stealing.....  
He adds a dash of colour to her lips  
As if, he live kisses her...with his lips

The dreamy look on his countenance  
As he steps back to view it once.....  
Before gentle wrapping her in linen  
Shielding her from prying eyes.....and vision

All his to caress, brush to touch  
To bathe in sensual gaze, wish as much  
His, through day and night.....  
To love, caress by darkness or light! !

In Control of self.....

Self Control

~~~~~

The control on self  
To enact the roles  
Needed to be played  
Every moment of life  
To do the needful  
In man's various roles  
As a friend ; a brother  
A husband; a father  
Employer to the subordinate  
Employee to the boss  
As a good neighbour  
As a responsible son  
To his father and mother  
As a lover to his beloved  
Wife a caring and doting  
Partner; in the running  
Of the household, the family  
A part to play in different,  
Parts of the day; Won't you agree?  
Man is a MARVEL creation  
When in full control of self?

**.....Artist Dear.....**

Artist Dear,

Tact'ulist art  
In unblemished forms  
Come taste  
Its culture, in life storms

Let yourself be  
Wrapped in its beauty  
And let Joy  
Drug you; despite duty!

All ages  
Offered man a respite  
From mundane,  
In myraid beautiful ways; right?

Nothing like  
Wine, dine and woman devine  
But Colours  
In canvas, charming miniatures fine

Life after  
Your's and my demise lives on....  
On the Canvas  
In extended reality..goes on....

Express yourself  
Artist dear, Let it speak for you  
As silenced by shy modesty  
In life; in refrain show not you

As art spreads the word around  
Anguish melts, bitterness vanquished  
And woes shelved away sound  
Find inner peace in beauty in art Lavished! !

**? ? ? ? Does he string her along?**

He was afloat on the skies  
And full of his flights....  
He was attached to his moon  
And full in his plights,

He was intrigued  
By her openness  
He was puzzled  
By; her assumptions.....

He was sympathetic  
To the core  
And let slip a word or two  
That she would adore

And enjoyed his play  
But was averse to depths...  
Preferred to flirt and flippant go  
So? Does he string her along?

Just for the heck of it! !  
He said., It takes two to tango  
Just for the count of it  
For.....; love to come in, leave go...

Well! He was the Boss  
And so she took his advice  
And followed to the dot  
And enjoyed being Wise!

And have me at your feet grovel  
You So well know how much you mean  
Then must you so oft be this mean?

I visualized a giant size heart  
With all the gentle caring for a start  
Have I been so mistaken In my fantasy?  
Will you not lower your pride and take me to ecstasy?

My heart a thumping awaits you see  
And my eyes the horizons scan free.....  
Will you not the eastern sky brighten?  
And In your care me take in; to sweetness heighten?

~~~~~**IS THIS LOVE?**~~~~~

I walk the streets  
But my mind....is else were...  
Wondering.....where  
Where you are this minute

I catch my train  
But I narrow miss...caught it just  
Wondering.....where  
Where you are this minute

I watch the baby  
But he has my attentions...just  
Just because he is chubby  
Cheeks smooth and brown  
His sparkling eyes,  
And that wide smile.....  
Why that smile is so...familiar  
Oh my gosh! !  
It could...could be miniature you! ! !  
Just like you look  
In your picture i have.....  
Stored secretly.....  
The one in which  
You hug the little lamb to your cheeks....  
Caught off guard!  
I smile at this infant....  
Reach out my arms  
He looks for a moment  
Straight into my eyes.....  
And breaks into that breathtaking!  
Breathtaking smile.....  
I hug him close,  
It's neither here nor there  
But....this stirring longing  
In the pit of my stomach  
A longing to have...  
A suckling babe in my arms  
A token of your love! !

I watch the train  
Reach the station  
I have to alight...  
Must relinquish  
This bundled joy  
Sleeping in my arms  
So sweetly innocent  
Cheeks nuzzled  
Against my breast....  
Warm, cosy, safe he..  
I plant a kiss impulsively  
Hand him back  
Without a backward glance

I alight! !

Is this Love?

Threw the logs together  
By chance of fate  
Knotted by chords  
A raft to date....

Adrift at sea  
Waves took its toll  
Passing time  
Tested the chords

Drifting apart  
Tossed by winds  
Drifting apart  
Slowly logs move

No surprise this  
Waves at sea  
Strong tide  
Changes of time.....

Loosely bound  
The logs drift  
Together yes!  
But a raft no more! !

## **"ROSEMARY DREAMS? ? ? "**

Why should dreams ever remain dreams only?  
When they can, to reality be changed  
Dreams need to be tailored.....  
To suit our inner self

Tailored with craftsmanship  
Proper access of information  
And then broken down into steps  
Steps unfaltering walked

Steps taken; one step at a time....  
And that well done  
Your time a little every day  
Towards; that aim.....

Pin your smile on...  
Work with grit  
Bit by bit...  
At your pace

Your untainted enthusiasm  
Will positive forces  
Of the universe draw.....  
Attract..positive response

If a plan fails  
Change it for another  
The ways may change  
Not your aim

Failures are just an excuse  
An excuse dear friend  
I know it is in you...  
In you, within you to reach.....

Your very own Dream Star  
Let it keep beaconing..  
For with each failure  
You are nearer to the ultimate

The penultimate 'ROSEMARY DREAM'

An eccentric, lovable artist mad!  
Each day I beautiful make....  
Welcome every new stroke

Every minute God extended gives  
Every way I can gladden. I shall  
Breeze through the day  
Smile as I make way  
To ease.....a man's heart  
To peace.....a man craves  
Love is common noun today  
I love this world, I love each day

Every minute God extended gives  
Every way I can gladden. I shall  
I love the birds  
I love the bees  
Add gentle love I shall  
To every heart I meet  
In some small way  
A difference make

**>>>>>>UNFORTUNATELY I MUST DEPART.....**

Hate me my heart.....  
Hate me if you must  
If it solace does impart  
Deep feelings aren't lust

They are tempered by your love fine  
I have not stolen your heart  
But tip-toed into yours and made it mine  
It beats fast as Rapturous emotions start

Your desires awaken within tempest like..  
Longs to Rain passion unlimited....  
When I dwell within you, your emotions hike! !  
I have drawn you into my life, a glimpse permitted

As I lift my eyelashes and let you see  
The true depths of my feelings for you...  
In Eye's sparkle a thousand dreams of you be..  
Not to imprison your visions, but enhance it for you

When it is the souls that have mated  
Distance or nearness all be one  
You must not fret your life away. Fated  
To despondency, as eternal love you have won!

When your thoughts on me dwell  
My perception of it is ever present...  
Let your heart with your achievements swell  
Always give yourself to your moments of the present!

IF I had a choice, will I ever leave?  
Leave you, to pains unbearable?  
I wouldn't my love.....It not a dream I weave  
But unfortunate Law of life....unpalatable! !

A distressed woman's oft dreamt dream

Disturbed? ? ?

She looked up to him;  
Her face reflected her emotions.....  
He looked down over the rim;  
Of his oblong glasses with reasons

For he had been disturbed  
He desired to know why?  
She her lower lips bit as if perturbed.....  
Silent her eyes beseeched"; he with a sigh!

Stood up! Closed the book he was reading.....  
Motioned with his hand to follow  
As he walked, to where his horse was feeding  
Stopped under the Maple shade to allow,

Her the privacy; to voice herself  
Her trembling voice in whisper soft  
Free flowing tears; telling a tale in itself  
Lifting her to saddle back; astride.....he whisked her off! ! !

He was hooked  
She resisted hard  
He was lust blind  
She tried playful humor  
He intent....did not simmer  
She blindly hit with weapon at hand  
He his aggression fanned  
She in terror .....screamed.....  
He in tight hold....went limp

## **A face in the crowd.....**

The train keeps on..and on ....  
Keeping to its tracks  
Swallowing miles beneath  
An Express train

The woman sat huddled  
This an unreserved compartment  
Her Saree had seen better days  
Her babe suckled hungry....

.

What hope in life?  
Kept her going.....  
So young....burdened  
Running away?

From: what? To where?  
A ticket less traveller?  
Costly mistake;  
Suckling... unconcerned....

Turned to smile at her..  
Her face broke into smiles  
As peeping sunlight  
Between dark clouds...

..

Its breathtaking beauty  
Shining through despite the grime!  
It was hope ..  
One saw shining there...

.

Her life, her bundle of joy  
Right there on her lap!  
Did all struggle look  
To her, worth it all?

Unconcerned, alights at her station  
All brisk and optimistic  
Her babe and baggage comfortable  
Soon lost in the crowd!

You and I may pity her  
She unconcerned of the world

A tryst, with Mr Destiny?  
All pluck and courage!

Is he also fearful?

All lessons of abstinence  
The long lasting penance.....

His teachings to the world....  
Where of; pious peace reveled

Yet today; passing by  
Aghast at the folks at bay

Smart progress admirable.....  
Yet; ebbing morality undesirable

Meditate; correlate; think.....  
Let humanity not stink

Haywire morals in pleasures brink  
Gay awhile; lasting peace a lost -link! ! !

## **A mermaid**

The ship wrecked mermaid  
In youthful radiance  
ON a high rock reclined  
IN the rising Sun's brilliance

From her vantage point  
After early disaster  
Head bent on knee joint  
Spray drenched; lacking lustre

Pondering on action next;  
Unexpected dream ship  
Enroute; a voyage rest  
In memory's clip

Watching the buzzing life  
Around with interest  
As Yatches, ships tossed in strife  
That nature puts to test

In high tide or low  
Left on high rock untouched  
Seasoned by early blow  
A bystander unperturbed! ! !

## 'A NOVEL PACT'

Both "nitwits" they say, equipped with this "novel Idea"  
"Embarked on a ship in unsheltered waters...."  
Bond almost sealed and signed; oh ya!  
Pact confirmed verbally...involvement can't find better!

Two individuals of fun loving natures  
Both honest and open to an extent  
Shared their "idea" and relevant features  
Full of courageous boldness fully intent

Both principled, committed to duty....  
Long-term visions and fruitful activity in mind  
Poetic, romantic, "NOVEL IDEA" in its purity  
Hope the voyage....ends in lofty, literary kind

What to expect? "happiness" this achievement!  
"A winning combination" in sight I say!  
Teamwork with no ego in this agreement.....  
Surely smoothes and paves the way.....What you say? ? ? ?

And my tomorrows  
    Forever yours  
Your friend and mate

Your hunger to satiate

When troubles trouble  
    And your spirits  
Sink low; I shall  
    Beside you cheer  
With love and faith  
    And to your family  
Extend my care, yet  
    You the fulcrum  
Of my very existence  
    Always be  
A part of my every  
    Conversation  
The thought of my  
    Every action  
For all I aim is  
    To share your cares  
To make a haven  
    On this earth  
A haven with peace  
    Within.....  
Walking miles.....  
    Hand in hand  
Even, death.....  
    A mere change  
For on the wings  
    Of 'Flesh'  
Love has entered  
    The 'soul'  
Will you take it?  
    As a loving promise  
Or a promising Love?

## **A Rare Sight**

The tortoise and the turtle  
In the fringes of the ocean be  
Shy, secretive with shell homes on back still  
On wet sands.....darted about free.....

As waves of emotions;  
With, oceanic tidal waves....  
Ebbd and flowed; sunny days.....  
On the beach.....of bengal bays

Tortoise; all slow poise  
Hailed from; inland fresh water base..  
Turtle of grand salty shores  
Across the world; had travelled with ease.

Watching their play.....  
One felt; smile breaking.....  
So drawn to each; messy clay  
Sun baked, on their shells, cracking!

Soon; a gaint wave clean  
Washed, all the clay away  
Both; water drenched seen  
With salt on their lips; as the sea ebbed away...

In the oceans of life; ships  
Bank on sands inviting found....

To look up to him, he willed....  
Into his arms for a formal kiss, a liplick.

Down the aisle together;  
The formal vows in ensuing hushed silence...  
Rings exchanged as family, friends to bless gather  
Banquet followed ...a feast in essence

Life together...a new beginning  
Trepidation and exhilaration  
Twin emotions within embarking  
"Indeed! A fine pair" all exclaiming!

Off on the specially decorated car  
Off to the long dreamed of..honeymoon

## **An answer to my sincere prayer**

An answer to my sincere prayer  
After having longed to hold his miniature  
In my arms, longed to have him play  
As every woman must long... always; ever

The efforts of fasting, offering prayers  
As if it was the only end to joy  
As if nothing could add meaning to life  
No joy greater than a toddler in diapers

Yet, this bundle when delivered  
Was full of laughter and fun  
Loved to tease and take me in circles  
Following his crawl...he. swiftly travelled

About the house, with a naughty childish cranky instinct  
As time went by, absentminded ness of you a remind  
Even his joy of teasing, you in miniature find  
His sparkling wit and eyes with devilish glint

Naughty! Active super charged bundle of joy born  
Filled my days and my nights in loving care  
Separating from you a heavy heart does remain  
But years have flown and you have grown .....

Down my back

At long last,  
I let spill...  
Freely..  
Freely  
To its will  
My eyes I slant  
To look at thee  
Your love in it  
Sustains me...  
I rest my soul  
On thy lap  
Like a ship  
Tossed at sea  
At captain's command

Away from boredom's clutches....  
For I no board room Dutchess

Life of me little demands  
For follies, i be kept in remand

Basic need of routine life  
When gone his late wife.....

Till then i while away my time  
Tribbling in waters; to clock's chime

And so goes life with little worry  
And so my friend i await with no hurry!

## **ART**

The art of living  
                  seems to parallel  
The art of earning  
                  may be if actively  
one cannot earn  
                  then at least  
the thought may count  
                  as we pen our thoughts  
the contemporary world  
                  may accept us one day  
Where life may lead  
                  Knows not one?  
So lets keep one's hope high  
                  Let optimism find  
The key to all locks and latches! !

## **As if Nature cares for us.....**

As if nature cares for us.....  
And messenger sent the wind  
To touch the chords  
Of this heavenly harp  
And music fills  
This evening's air...  
Cool summer twilight  
Slips in through the west gate  
Painting ...with sunsets blaze  
The canvas of the sky  
Azure Blue to pastel orange  
Even as you watch;  
The flying birds.....  
Darkness creeps in tiptoeing...  
Not wishing to disturb  
This magic musician  
Playing.....the harp  
Breathing life gently into  
Weary souls at end of day!

## **At her funeral.....**

I walked with the crowd....not  
I was not a listed guest....  
She was an aunt of mine  
Lost touch,  
I had.....  
With roll of time.....  
But,  
Walking a part but apart....  
I watched  
The effect of her loss....  
In her.....  
Weeping grand son,  
Grand daughter...  
Her crying daughter in law  
Her grieving son.....  
Her heart broken husband.....  
She was just  
A woman,  
Who had done her part....  
To her best...I guess,  
more relatives followed  
I wondered....  
We put out our best,  
In the working front,  
Do we show the same love and care  
At home?

## **AWAITING WITH BAITED BREATH**

This waiting with baited breath  
This damsel for her only unicorn....  
This thirsting under the blazing sun  
This longing for his shade of fun.....

Did inspiration touch his life?  
Did his talks, reach entire bench?  
Did the boys to him, respond well?  
Did his words on them too, cast a spell?

Will the sparrow hop out to find?  
Will the flamingoes fly out to him?  
Will the spider expand its web drub?  
Will it a lesson in persistence rub?

Tie the knot and make me yours  
Tie to; make our bond, a bond of poise  
Tie us together, a bond for life  
Tie it before the lord as man and wife

(poetry of the teen.....age)

## **Babe and me**

Opening my eyes;  
my limbs felt laden.....  
It was a blissful release  
Yet felt empty within;

Turning to see the cherubic face  
Lost in peaceful sleep  
After all the traumatic efforts  
We had been through together

Looking at him; pure joy  
Spreads through me.....  
He is our's we created him  
With God's grace

## Balancing the scales

Balancing the scales  
I do the juggle beet  
Dancing to tune  
As it is fit!  
But man you are my breath  
How will I live?  
If I don't breathe?  
I must speak  
As befitting my role  
I do as always  
And shall always  
In between my words  
Learn to decipher  
And to read.....  
Or else this; this is me!  
Give up and go! !  
I will balance the scale  
And as much as possible give  
Trust me,  
My talks and moods  
Are mounted in a see -saw  
Yet, feels like I am a sticker.....  
Heart and soul!

## **Balloons that' Impress'**

The Balloon man  
With balloons red, blue, yellow  
Pink, green and even black  
The children clamor around

I observe the different  
Heights the balloons fly  
It was not in the color  
It was in the stuff inside.....

When it was Helium  
Filled.....the balloons fly high  
No matter; where...  
No matter; why...

When man stands out..  
Isn't his height  
Isn't his color  
It is something else within...

When it is enthusiasm  
Passionate filled...the men fly high  
No matter; where...  
No matter; why....

## Beloved hawk

Fly high beloved hawk  
I admire your agility in flight!  
From High up in the sky  
Your sharp eyes miss little....  
And you spy, down choosy to swoop.....  
Your glide in high altitudes  
Beacon me to look up....  
I observe till.....  
You are little more than a dark speck  
As much as my eye can fathom.....  
And love your circling symmetry  
Its consistency is in itself;  
An enduring sight.....  
I feel safe below....  
under your watchful grace.....  
From lofty heights  
As if you watch over me.....  
Like Supreme Power  
From heavenly heights.....  
I smile as I cherish my fantasy  
And with renewed poise  
Go about my chores

## **Bending to Win**

We must all some times  
Leave go and bend  
Bend to realities  
Bend to circumstances  
Bend to double hard work  
For It is flexible bending  
With discarded ego's  
As discarded soiled clothes....  
We can mold ourselves  
To the other.....  
To the team...  
To the family...  
To the environment.....  
To the global village at large!  
And in acceptance of nakedness  
Of visible curves,  
Turn a blind eye  
Prefer Straight!  
And put ourselves to the grind! ! !  
Awareness of the smallness of your self  
In the larger picture helps....  
It cuts ego edges to shape you better! !  
Yet..... Also accept the influence  
You have in your immediate surround! ! !  
Your very own UNIQUENESS  
And then in acceptance of the present  
Gear up for the future!  
Believe in yourself! ! !  
You Can If you think you Can!

## **Birdie(IN self pity's rut?)**

Birdie with a broken wing  
Hopped about unable to sing  
She was thirsty  
Yet far from any water  
She hobbled out  
Trying to reach  
She lost her footing  
And often tripped  
She picked herself resolutely  
Hopping against the winds,  
Bristling.....  
Bruises were common to her  
Smooth flight  
She had almost forgotten  
For living with broken wings  
Flying was now  
Dreams unreachable....  
Some pitied her  
Some laughed at her efforts  
Some had no time  
For her woeful kind  
For the world was busy  
Each in its own way  
Birds of a kind  
In busy life  
Of their own strife.

## **Black Raven Beloved**

On the doors of my heart  
"NO ENTRANCE' signpost stood  
Practical; sensible; rigid part  
Played through life I could

But when did this dark Raven  
Enter unnoticed?  
Footing the message 'love craven:  
Writ as if destined?

Laughing darkly flew in  
This multifacet pilferer  
Picket the walls of the castle heart in,  
Safe within; I did try to stop the wanderer  
Ney! all futile efforts  
He tapped the window sill  
No bars! so with easy comforts  
Flew right in; and still within! !

## **Bleeding within**

Knowing and not knowing...  
Having and not having  
Fearing and not showing  
Loving and not loving  
Caring and not caring  
Feeling and not showing...

Give me the strength to wade through.....  
Is it a training....to strengthen me for future?  
I am bleeding within perfuse.....

## Can joys be organized?

Can joys be organized?  
Can inner happiness be bought?  
Can peace be with laziness assorted?

When duty it is; let it so remain....  
When jobs are done for itself; none be vain..  
When time stands still, in it love does remain.....

Then life a cascading delight  
Then joys in; lots of organized way  
Then deeds and skill be entwined into joys

Lasting joy is job well done  
Lasting joy if with indiscriminate passion  
Lasting joy in time well spent! ! !

When Skill and Will fuse  
When Love and Labour diffuse  
When Time and You work profuse...

Joy will tumble into your smiles  
Joy will cascade into your days...

## Careless Girl

She lit a matchstick  
And carelessly threw  
Lighting the hay stack  
And sparks flew.....

She so sure, the ground away  
Was hard, uncondusive too.....  
And sure of "content dampened" hay  
Turned with surprise to view

But the blazing passionate flames  
And simmering heat beneath  
Put her thoughts to shames  
At her careless action's defeat

Causing accident, if hearts involved  
The emerging scene; garrulous shall become  
So she treaded carefully, with water quenched  
Burning embers truly soaked; sobre reality came!

## **Caught! !**

She would traverse the skies  
With joyous merry make  
But the seams of her dress  
Were in thorny bushes caught!

And try as she would  
It would not come off  
For the bush would  
Sway with every wind....

But never give it up! ! !  
She valued her velvet robes  
For the respectability; well covered!  
Thorn was enjoying? ? ?

Well it so appears! !

In the fast changing scenario of reality  
Your unchanging self within  
I find a steady hold.....  
True mate, soul mate bold  
Cuddle I besides, with in safe.....  
I swim and cavort in the shallows  
of my illusion perhaps;  
With child like trust, with no mishaps  
Yet in this mysterious arcane  
Lies a romantic heart  
trying to distance feign  
As if love did not within reign

## **CHURNED BUTTERMILK**

THE YOUNG WOMAN

In cotton overalls  
Churned, ever so humane  
Buttermilk, cream and all

Churning, churning  
As thoughts enrolled  
In a college of" EMOTIONS "confusing  
Facts, attitudes together Strolled

Balled into one.....  
Focused to focal point  
Love undone  
Thoughts in array disjoint!

The butter churned to surface  
Pure white and inviting  
Her dream's facsimile..Asif to trace  
Cognition too; with it retrieving

Fat-free buttermilk  
Kept atop the table  
She too, changed to raw silk  
Crystiline, pure and capable! !

## COME BACK

'Please; come back' .....the voice called  
Shrill; feminine and desperate..  
One didn't need to see the faces at all  
Hearing this voice enough to evaluate.

From her vantage point the poet  
Could not help but hear  
The response 'bye da; bye da'  
His voice conveyed she was dear!

On pausing to muse.....  
it was easy to guess  
they must be lovers parting.....  
Circumstantial stress and press

It was all there, the pain  
The over whelming love and need  
One didn't need to see the faces at all  
Hearing the voices enough the poet agreed!

Don't know what got into her head

She ain't not her usual self, crazy instead

She walks head held high; gay colours dressed  
She smiles at all high and sundry, lips tight pressed  
She ain't not her usual self, crazy instead.....

She makes eye brows raise  
She makes them peel into laughter...  
She ain't not her usual self, crazy instead

She hugs the stray dog, on the way side  
She pushes the baby on the pram, for a joy ride.....  
She ain't not her usual self, crazy instead.....

She runs into the meadows, song on her lips...  
She minds not the stares of the passers by.....tipsy?  
She ain't not her usual self, crazy instead.....

She hugs the statue by the fountain, cheek to cheek  
She clammers on.....on to the hillock peak  
She ain't not her usual self, crazy instead.....

She calls out his name.....calls out in top of her voice  
It echo's....around her again and again by choice  
She ain't not her usual self, crazy instead.....

She springs full of energy, bubbling joy overflowing  
She steps about.....all her love in her eyes showing  
She ain't not her usual self, crazy instead.....

## CRITICISM

Criticism is the way of life  
To please all is impossible  
Beyond doubt;  
Cheerup fellows; a bit of strife  
Can't do much harm.....  
To prosper in life you strive  
Go to it single minded  
Today or tomorrow all the same  
They are bound to get another name  
To gossip about as you know  
So to worry is waste of time  
surely you have better things  
In mind to do and acheive.....  
Hitch your wagon to a star  
Keep your vision up on it; trudge on.....  
Oh! your dreams, are true to come  
But all it needs is a bit of struggle  
Quietly you must work  
Cheerful you must look; patience  
my child; learn the rules  
Master the life game you shall; with lessons  
Criticism teaches you! !

Black and Brown on female heads  
Thick, curly, long and straight!  
The hair the pride and joy  
And won't you say? Doublessly right!

For at the very first glance  
IT holds the sight;  
Leaving lasting impressions  
In mind bright!

Women spend time and money  
Lavishing oil, shampoo conditioner  
Brushing, till it shines  
Styles too, quite a stunner

Sometimes adding age and dignity  
Funny how it Changes appearance  
Cut hair, in waves and curls  
Rolled on pins, in youthful preference.....

Yet; the best is the young woman's  
Floating long stresses surely.....  
Fresh, aromatic, newly washed  
The fragrant crowing glory! !

## Dealing with broken china

Dealing with broken china?  
Yes! You have broken it said she...  
No! You say too much says he....  
In the first place,  
You did not place it right....  
Said she  
But, I was only  
Dutiful said he  
And his  
Placing it on the edge.....  
Has caused all the trouble!  
All agree!  
How was I to know?  
Some one will run for it and dash  
Dash it to pieces!  
It never happened before!  
But you were careless  
Or cared less!  
Any ways,  
The china is broken!  
Let's stop the bicker  
And with adult tolerance  
Fix it baby!  
Come help me mend it!  
Stick pieces together! !  
No thanks!  
You keep your distance! ! !  
Oh You! You too can keep your distance;  
And enjoy! ! !  
Enjoy watching these two...  
Bicker over china wear? .  
Guys are you sure,  
It is just the china?  
Or are we witness  
To; something more serious?  
Anyways all things  
Rich, rare,  
Exquisite!  
Are rare find!  
You cared less and broke it  
In the first place!  
I will mend  
Only if I can  
Or else forget it!  
Dump it!  
Go buy new china....  
When pockets overflow  
Life easy game!  
She picks up the pieces  
And with glue  
Of lost loving sentiments  
Puts pieces together.....

China is broken no more may be  
But the cracks remain!  
Time no factor  
Cracks deep!

## Dented Unintented

Dented Yes! ! !

But not damaged beyond repair  
For as long as there is hope  
there is life

Children;

Where one fails'may be a  
Ray of hope, shall warm one's heart  
And lift one's spirits.....

Making one;

' A better parent, more understanding  
'Patience-laced' words one's talk  
A handy tool with passing years

To softly nudge;

One's issues; up the right path  
To toil well, in choosen channel  
learning from failures.

To carry on;

When the going is tough  
Learning to be calm  
Unperturbed and patient

We parents;

Know not our powers  
We create not poetic fantasy  
But real live children

The future;

A dream of reality  
Nuturing them, Structuring them  
Brick by Brick! !

Nature's gift;

A second chance to mould  
With loving care with wisdom  
Experience taught one

Dented yes! ! !

But not damaged beyond repair

## **DESIRE**

"DESIRE" Like a playful vagabond  
Strolled at twilight, down his street  
And he ... hideing somewhere behind  
Madam Excuse, in her flimsy skirt...

Was tempted to "A window peep"  
At this colorful gay dancing desire  
Her wild flowers with fragrance, sweep  
All vicinity in its wake to fire;

The spark of fire further fanned  
With love on its heels to tend  
Burning, burning...scarlet land  
He consumed by flames, unplanned....

## **DIG-DIG AWAY!**

Dig another out of trouble  
And you have a place  
To bury your grief in double  
Often said with ease!

Yet it's oft subconsciously done  
Oft late the realization.....  
With departure of a dear departed one  
God given mission; obligation!

Slipping between the fingers  
To the hands of death  
Vacuum's spread triggers  
Meaninglessness beneath

Stop not letting mist settle  
Filling eyes to brim  
Look around, out there with mettle  
For lost, lonely, needy brim

The surface of the world around  
Add meaning to their life  
With it; busy life again found  
Sharing joy; lessening strife!

**Do the bees ever miss the flower?**

Do the bees ever miss the flower  
Miss the flower they first did see?  
Surely not, they simply follow  
The scent of nectar in a row.....

Do the Constellations ever miss the moon?  
Miss the moon which brightens their sky?  
Surely not, they simply twinkle  
As if they naughty wink in joyful tickle

Do the clouds ever miss the Sun  
Miss the Sun when night falls?  
Surely not, they simply move on  
Sure with day break Sun will come on

Does the Sun ever miss the sunflowers?  
Miss the sunflower when it droop es?  
Surely not, he majestic does his duty  
Accepts its seasonal existence with its beauty!

Then why do humans we, miss our loved ones?  
Miss their laughter when they are far gone?  
Mess our days with tears so oft?  
Are we just a wee bit too soft?

My eyes a distant glazed;  
look did render.....  
As if the air still your presence  
Diffused bore.....  
My Breath its effervescene  
deep breathed in.....  
My Lips curves in a smile  
As if your fleeting touch it bore.....  
So new this experience  
Lingering I revel to long cherish!

**Done in! !**

Done in,  
The very foundation of life  
Pulled from beneath your feet?  
Lost every single thing you worked at?

Done in?  
The very foundation of thought  
Pulled from beneath your feet?  
Stranded on the cross roads of life?

Done in?  
The very foundation of relationship  
Pulled from beneath your seat?  
Lonely to the very core of your heart?

Done in?  
Turn to the foundation of all universal faith-GOD  
And anchor yourself in his shrine  
He will place his hands on your shoulders

Done in?  
His silent question answer.....  
Place your full trust in him and surrender  
It is not giving up, it is giving in....

Done in?  
He will even as you fear....  
Send along a friend to care..in some way..  
In some way a gleam of hope will appear! !

## **Drift wood**

The drift wood  
Afloat on the ocean edge  
Tossed by winds  
Hopeless....At sea

Drifted with tide  
till a gigantic wave  
Washed it ashore

Sandy ground  
Solid found  
What bliss!

A drifting Man  
Aimless loafs  
Till passion winds  
Washes him ashore

Wild a Pansy  
Caught his fancy  
In daffodil yellow, this a Fairy?

Ravishing creation  
Splendid Fusion!  
What Bliss! !

## **Dry Bracken...**

All week and withering  
Dry Bracken...  
On dry lands  
The youth in briskness  
Walked past  
Oh Boy!  
I am proud of you! !  
Well Done! !  
You have my blessings  
Go on!  
Boy like you  
With eyes on priority,  
Shall make it far! !  
Trample petty emotions  
As you trampled me....  
And go on.....  
Eyes fixed up ahead!  
And believe me,  
With a twinge of pride.....  
I shall withering  
Watch thee from far.....  
And that my dear  
Is maternal Love!

Elated Belated! ! ! ! !

These are but the feeling  
That belated come your way  
For they would have your ears graced  
Would have been in your response dazed  
In the frolicking years man  
When high the emotions ran  
But I have kept reign  
And distance feigned  
So that you get the life you deserve  
Of your heart's desire and crave  
I look with joy at your fair choice  
And glad of my decision rejoice  
For true love is wishing you true happiness  
And I have no regrets your highness! !  
Naughty pranks as usual Sir? ?  
And happy fun in lively pair! ! !  
Come man, Live it up! !

## Enshrined In my heart! !

For ever and always  
Enshrined in my heart  
Never to be separated  
By world's living art.....  
You grace my dreams  
Set ablaze my heart...  
No force in this world  
Can separate me from you  
If this is love...divine it be  
Your words linger...very few  
Cherished within  
With each passing day  
Dwell more and more in  
My days and thoughts....  
When I feel your love  
In your rustic words  
A chord is set to vibrate....  
As if its sound will transcend  
All known laws and reverberate  
The sweet song of love  
For all to hear  
Between my words  
In my voice  
As music fills  
The background.....  
A distant guitar way back  
In the distant dark ground  
Twang -a-ting....  
Just the thing  
Rhapsody ring....  
In love akin  
Sparkling Sing  
With you  
Enshrined within.....`~~~~~`

## **Ephemeral paradise**

She was drawn like moth to flame.....  
He mesmerises her.....  
She found his sweeping mannerisms  
And gestures a joy

She is sure he is love wholesome  
He tantalizes her.....  
She in him a natural hot spring discerned  
And gestured her joy

She gave him an unversed freedom....  
His soul craved for her.....  
She had not in chords bound him  
And gestation of natural joy! ! !

She is like the pivot of his seesaw self  
His flying spirit's temporary resides on her  
She has not given herself to him.....  
And gesticulation of ephemeral paradise is joy! ! ! !

## Escalation

Unexpected Love  
Like unplugged champagne  
Bubbling Forth  
with tingling laughter plain

A new radiance  
From boundless joy within

## **Eyes Turned Heavenwards.....**

All expected eyes turned heaven wards.....  
Barren, brown lands as far as eyes reach  
People weather worn; skin wrinkled  
First big drops of water.....  
Smiles breakout!  
Farmers....."Irrigation; nature dependent! "

All expected eyes turned heaven wards.....  
Berry brown lads in uniform clad.....  
Their eyes have picked up the drone sound  
First sight of the air craft.....  
Smiles breakout!  
Tribal children....."Exposure; Progress dependent! "

## Feelings

I once stretched an  
Olive branch in friendship  
And leaving my heart bare...  
Let feelings show their true colours...

No hesitation, No deceit  
Why suppress natural affections?  
Openness of heart and manner  
Let feelings show their true colours...

Life taught a queer lesson  
Taught man to play, hard to get  
Folly of the act came to light  
The Bubble burst! ! showing true colours! ! !

## **Fleeting shadows**

Fleeting shadows of long evenings  
Covering grounds just behind  
Telling tall tales of the day's doings  
Appears to advice "Rest within and unwind"

Sunrise to sunset a beautiful day set  
Brisk morning moves with short shadows  
At mid day's pause, shortest the shadows get  
By evening the long day behind endows

Long fleeting shadows in passing  
With momentous moments of the day  
Coloring some, coloring us some; pacing  
Behind with outdoor activities, all the way

And each new day begins bright  
Clearly giving new opportunity  
All yester follies is rectified right  
IT'S courageous spirits that bring attractive ties

For what, done is done  
And can't be undone any  
Let us move on; it is over  
Forge ahead unheeding shadow ends Sunny!

## **Fountain**

When the fountain  
    Of forgiveness  
Relationships maintain  
    There is happiness

Hope given renewed space  
    Life with drizzling,  
Droplets drenching the face  
    Gentle breeze blowing

Nature enhanced  
    With man's creative aid  
Hearts reunited  
    Joy! new born, with pain's aid!

Fountain's free flow  
    Spraying the surround  
Creating minuscule of glow  
    Where light reflects, on waters around!

Twilight touches the earth  
    Chirping birds music provide  
Arm in arm...to the berth  
    Music of harmony unearthed! !

Long stemmed glass  
Thoroughly transparent!

Honey brown invitingly apparent  
Beauty no worse,  
Intoxicating holder and beholder  
Giving courage false  
Imagination comes alive bolder  
Honeyed liquid wine  
Escape of pressures pinch  
Tempting pleasure divine  
Drowned in honeyed liquid inch  
Bewitched beyond recall  
In this Fragile wine glass  
Temptation does befall  
This wine; no Fragile Lass! ! !

## Fun I have in verses mine

Fun I have in verses mine  
Dance with words I do  
Play with feelings plain...  
And keep the sick sane  
life is 'silken love in embroidery'

The roses red...  
And grasses green  
In it me with my love  
In happy conversation seen

Entwined I with dedication  
Not with any compulsion  
Poetry flows from heart within  
And keeps my ailing heart dipped in..

In Serene waters of tranquil bay  
As in fallacy I dip and sway  
And play my guitar of music  
And send pains away; sick! !

Bring rich hopes to the lonely  
And gentle Kiss the weary  
To cheery bear their heavy burdens  
And help them Life live

Each day A wee bit brighter...  
Each minute a wee bit merrier  
Seconds in joyous laughter  
With heart really Lighter!

Poetry bay  
Come on I say  
Lets celebrate It!  
And give a big treat!

For out in streets  
In Heat and dust  
Of traffic terrific  
Come in, poetry Magic! !

Soothes the soul  
Pacifies the angry  
Gives multiple new rays  
Of hope on dismal days! !

## Give me oil

Give me oil  
Give me oil in my lamp  
Help me burn  
Burn as I must....  
And light the way  
The way for years  
That in your  
Absence goes.....  
And add  
A spark of light  
To; this devoted lamp....  
So that it may  
Do its work  
Night and day  
As it should  
Always should.....  
Will you understand?  
Bind of duty?  
The need to walk straight  
Unparallel path  
Of ....virtues stick?  
For I would  
Rather your love  
Having won  
Not loose it  
In dirty pages of  
Unparalleled Lust.....  
If only to prove to you.....  
I walk away....  
I walk away.....  
My precious heart  
Almost breaking.....  
But  
Duty must be done  
What must be done?  
Must be done! !  
No excuse  
As you say....  
We have bonds made  
Must walk through them.....  
Your words remain.....  
To oil my way, As I stumble...  
But determined....  
Walk away.....  
Walk away.....

## **Glimpse of Hope....**

Glimpse of Hope....

Like the light at the end of the dark tunnel.....  
Like warm summer rays on frozen ice; melting.....it!

Like the long awaited first shower on the desert  
Like the out break of rainbow in after shower shine

Like the ripples forming in still stagnant waters.....  
Like the caressing dew fresh on morning rose

Like the singing creek of this mountain here...  
Like the breeze blowing her hair to his cheeks.....

Like the tinkle of ice on the thirsty man's glass  
Like the sound of coins on the blind mans bowl

Like the reunion of the lost dog with its master  
Like the sounds of horn at the gates of the happy home....

Like the weary traveller back home.....  
Like the auto pilot to piloted throttle.....HOPE! ! !

## **GUESS WHAT?**

Slim and slender  
Pearly white  
Loves to bestow  
Always bright  
Warmth and care  
Every night  
At the table  
As I sit  
In hunger pangs  
Desert ate  
After dinner  
With my date  
Goodness gracious  
it is late!  
Yes! You guessed right!  
It is the tube light! !

Gushing Rain.....  
Gushing, swishing...  
Strong winds....  
Lightening blazing  
Across the sky  
Thunder breaks out  
Sounding horse hoofs  
On roofs overhead  
Pitter patter big droplets  
Gathering momentum  
Falling on the roofs  
Runs down the roads  
The steaming summers  
Hot, dry earth drenching.....  
The anger of hot souls  
Dripping droplets with  
Humour splashing! ! !

## **Hankering...**

Still

Ironed out of all wrinkles  
Like the botanical leaf  
In Skeletal frame study

Serious

All playfulness killed  
Like a mice caught in mice trap  
A certain death in sight

Bitter

As Gal, spoken words  
Full of inner dryness  
A premature aged effect

Compliance

More like a rag doll  
With inserted engine  
Robot like

Hankering

As, a puppy with brown eyes  
Head on feet, waiting for command  
Primitive

Races fast  
Bubbling forth  
Laughter's start

Rippling music  
To listening hearts

Simple every day  
Often taken for granted  
Happy children with toys  
Living in present; enjoyed

No thought of future fears  
No productive time debate  
No best option decisive gears  
No second thoughts waste

Happiness resides there;  
Eyes twinkling  
Full trust in father.....

## Hard cut diamond

Multifacet cuts  
On table  
Placed

Picking up  
I swirl it  
On my fingertips

Uncut  
for  
functional cut

Cold  
To touch  
Sharp

In odd ends  
Sparkles  
gleam....

Toying  
In  
Rough hands..

I pensive ponder  
Should I  
Polish it to shine.....? ? ?

**Have you ever watched? ?**

Have you watched the birds ever?  
Just after a terrible torrent of rain?  
Lesson here to be learned plain

Have you ever watched the Cows  
Trudge uphill with loaded carts?  
They too dumbly try teaching arts! ! !

These birds shake their wings  
And nod off water on their heads  
Torrent of rain shaken off their system  
And off they fly to search for worms  
Busy routines shake off gloom's

These dumb animals walk uphill non stop!  
As if hold their breath for dear strength  
But yes! ! they walk steady and steadfast!  
And get heavy loads uphill but fast! ! !  
Hold breath; but with stand the test to level best! !

## Heaven is here.....

Heaven is here.....  
    Where we mortals live.....  
When love.....  
    Untarnished by desire brims....  
When listening,  
    Heals dark, deep, wounds  
When mates,  
    Of yester years share....  
Heaven is here.....  
    Where we mortals live.....  
Men this kind,  
    Still do exit.....  
Men who value,  
    Every day joys.....  
Men who appreciate  
    Little meaningless nothings....  
Heaven is here  
    Even in busy mornings  
A caring heart  
    Did stop to show....  
A caring heart  
    Did try to understand...  
A caring heart  
    Gentle words did speak;  
Heaven no longer,  
    Only in dreams exist.....

Of fallen angels  
Hell has no jury

Hell has no judge  
Hammering order! Order!  
Hell is burning inferno  
Created after love's suicide.  
In mortal souls

**Here is something to learn! !**

To open my eyes, to learn afresh  
Little things from persons I meet  
Learning "art of living" in daily stress  
Negativity, pessimism to beat

The first thing after her cup of tea  
She with a broom swept every nook and corner,  
Of her house, room to room free  
Free from dust, free from cobweb torture

Watching this mechanical woman work away  
With, her serene calm expressions...  
How I wished I too could sweep away...  
All the dust of broken dreams and visions

Cobwebs of unfulfilled aspirations sway  
From cell to cell of the mind's warehouse  
To live in the present with serenity, say  
Be a cheerful person...an unperturbed spouse!

Here is something to learn! !  
In daily habits constructive frame  
This stoic woman her boats must burn!  
I too must, my woes chase keeping busy time frames! ! !

malini kadir

## Hesitation

Is it a shyness  
that prevents?  
Is it modesty?  
Is it fear?

Why the expressions  
supressed?  
Why the words  
'Thankyou'?

Hesitation; a woman's  
Second nature  
reinforced by her  
femininity;

Then isn't it the man  
who braves  
the issues in hand  
time and again

Hesitating to say  
Hesitating to voice  
Hesitating to act  
Time by passes

Is it a curtain  
this hesitation?  
Is it a barrier  
In reality?

In the busy  
roads of life  
He who hesitates  
Looses his opportunity! !

malini kadir

## Hold

Hold me, fold me a moment  
In your arms  
Kiss my eyes one by one  
With gentle measured touch  
Make the chill evaporate  
Bring warmth in between  
As never before seen

Hold my cuddled dream, a moment  
In your arms  
Kiss his sleeping cheeks crimson  
With pride show him to the world  
Call him 'ours' with a smile  
Bring warmth in between  
As ever before seen.....

Hold us both secure, a moment  
In our life  
Kiss our pains to fading pink  
With your acknowledgement; us link  
Make this a bond in ink  
Bring warmth in between us  
As never-ever before seen!

.....**Hoping about! !**

Hoping about,  
Wings clipped  
UN caged, free....  
Free to fly  
As high as the sky!  
For, its owner  
fears not its escape  
Flight can not be  
To much altitude  
Not with clipped wings....  
No more;  
Can the birdie fly  
Not as before....anyways.  
And so  
the birdie flew about.....  
Hoped about more to say  
And grains on the garden found  
hunger satiate...  
Looked around,  
Watching birds in flight  
Up in the sky  
with pensive contemplate...  
Till,  
It learnt the art  
Of singing  
And sang out...  
Loud and clear  
In voice sincere  
And now  
The birdie,  
Although could not fly...  
Birds in flight  
Alighted a moment  
And kept her company  
Now.....  
Clipped wings still hurt  
But her horizons  
no longer jaded!  
Was of universal hue.....

Almost wish to be slain  
For with the agony I feel

I enjoy free scot? ?

**I threw my arms wide open.....**

I threw my arms wide open  
Opened my heart and shared  
My agony of my lost love  
Through ages unforgotten

Shared the pain unexpected  
All the anguish unavoidable  
Perhaps your listening ears  
Did a healing touch award

Pains more of unawareness  
Of the unfathomed depths perhaps  
Pains more of innocence  
Of the sensual romantic love lapse

Which the wings of youth  
Failed to discern or pursue  
Which the heart re fains  
To leave go or to reach out anew

Locked for eternity  
Never to leave go  
Love wrapper found  
Yet, soul does not forgo....

Love fragmented remains  
Buried deeper than ever before  
For the world to unearth  
When my song is folk lore

## **Idyllic**

Yearning for the togetherness  
In loving thoughts and caress  
Struggling with her emotions  
That wisdom curbs with caution

Stranded on an isle  
With sea and sand in tussle  
Leaving foamy waves roaring  
On rocks, as if with fury dashing

Sounds of the Sea, rhythmic...Soothing  
Sea gulls fly overhead leisurely musing  
Stretched out side by side on the sand  
Far away in no man's land.....

**If I could but fain a distance**

If I could but fain a distance  
And keep away from reaching out  
If I could but with my absence

I would dance a jiggle  
Without a fiddle  
As music fills my heart!

If I could walk away  
to distance bring  
If I could stay away  
to make you a call ring

I would dance a jiggle  
Without a fiddle  
As my heart fills with music!

**\*\*\*\*\*If spasms of pain..**

If spasms of pain  
Are changing Sand hills..

Hillocks of sand;  
That change its site  
With strong winds blowing.....  
Cyclonic in intensity.....  
May be...  
Are formed again.....and again  
Small or big  
With change of winds....  
Sands blow into the mouth  
And hair plaster to ones cheek  
Walking itself an effort  
Against the wind.....  
Clothes, cling around...  
Framing the counters  
Of our wind ravaged body....  
Try we must;  
To non stop reach...  
Reach the destinations planed!  
Wind or rains  
No detour  
Must make small;  
Mole hills of troubles.....  
And against the winds blowing  
Travel with grit! !

Sand hills of pain  
Disappear with effort  
A shovel and spade  
Spirits UN jaded  
Shoulders to grind  
Walk against strong winds  
Travel with grit!

And when your sights  
Are on targets fixed.....  
And your mind is  
In determinations grip.....  
Eyes half closed  
Visualize.....  
Beyond this sandy trip  
And you then  
Can find all  
All the courage  
You need  
To possess!  
And travel with grit!

Then, sands of pain

ARE changing hillocks..

Then, Spasms of pain  
Were nothing but changing sand hills.....

## **If you accept me.....**

If you accept me,  
As a disciple and hold my fingers  
Trusting I shall follow  
My whole life in steps behind thee.....

If you accept me,  
As a friend and hold my hand  
Trusting you I shall walk  
My whole life with steps to thee.....

If you accept me  
As a lover and hold my heart  
Trusting I shall poetry give;  
My whole life with passion to thee....

If you accept me  
As your soulmate and hold me close mate....  
Trustingly I shall share my very soul  
My whole life joyfully with thee.....

Make the choice.....

Pause a second,  
Think twice! !

Bright, Orange. Noisy too, yet fun!

In this theatre's wooden board....lets see  
You can Shakespeare be, while I shall Viola play....

## **In a mood to romance?**

Twenty four hours all new....  
Just born nascent life...  
All yours to do as you like  
Shall we take a ride.....? in a fast bike  
Speed fast....with hair blowing...  
Arms...; around you clinging?  
Traverse the high roads?  
In sheer..... exhilaration....  
Smiling...a song on the lips  
Whiz, past the vehicles?  
And loaded trucks.....  
As on either side greenery's spread  
As.... far as eyes can see....  
Shall we then traverse the alley?  
Sure the terrain bike  
Will enjoy the hike track  
The ups and down  
Clinging to you  
Your romance awake....  
Till passion flames lighted  
And the deserted water falls yonder  
A refreshing..Tantelizing invite  
Shall we hold hands?  
And under its force stand  
Feeling the spray  
Tingling on our face  
Thoroughly enjoying  
The experience.....  
Shall we rest...  
And eat berries found  
Till .....the red on my lips...  
Invites as much as the fruit? ?

## **In love with an angel?**

Yes you could say that....  
For....I have seen him not with my eyes  
He in my illusions exists  
With my eyes closed..... with in  
He becomes almost real.....  
I speak with him through my day  
But none can see him  
He banishes my fears  
He encourages me  
He is a soothsayer  
He my moods understands  
He brings smiles to my lips  
And people wonder why!

## **In the twinkle of my eyes.....**

This boat at sea  
The fog around  
Mystic night  
And the stars

As we travel  
Across this life  
Each with paddles  
Paddling hard

Let us as soul mates  
Journey together  
Roving past  
Detours on way

Let the world  
In staunchness  
Unique find  
A Rustic bond

When I tire  
Make me smile  
Lift my spirits  
Cheer me up

And I in return  
Shall hug you  
Hug you close  
And let you know

How special,  
To me you are  
In the twinkle  
Of my eyes.....

malini kadir

.....**In Vicinity**.....

Than this throbbing.....  
Awakened pulsating heart beat?  
If she in his vicinity..... In vicinity..

Moon looks up to see...  
See if her special shooting star  
Was in its vicinity.....

The butterfly asleep on her leaf  
With eyes closed does dream  
Serenity in its vicinity.....

The night jasmine blooms  
Spreading its fragrance  
To all; in its vicinity.....

He lying on his bed looks out...  
And as the jasmine fragrance  
His nostrils assail,  
Moonbeams reflecting from the bush  
Pinpoint the butterfly  
Its wings plastered together as if.....  
Its inner beauty hidden.....  
As the moon,  
Behind, clouds hide.....  
Her beauty too hidden from him.....  
His glance flickers  
Moon to butterfly.....  
Jasmine fragrance  
Stirring his senses.....

What next?  
What would he contemplate.....  
Except all in his vicinity.....

In life's context....  
What madness to contemplate.....  
Other than his vicinity.....

She would passionate color his life

She could add the tinkle of laughter  
And breathe the essence of freshness  
Spill fragrance of eternal unchanging love.....  
But what was one way track was no longer so....  
And pains it may also cause,  
If love where to grow....  
Desire shall be born  
Because; to love is to wish....  
For, the very best in his life.....  
She must fade away.....  
Fade with no traces left....  
Leave him to his peace.....  
Loving him always

## INFATUATION RECALL

Tall and handsome  
Daredevil spirits  
The heart- throb of the teens  
Paired off with the "dream girl"  
Infrequent sight  
Touch unnecessary  
Looks enough  
For across a sea off faces  
Thoughts were exchanged  
Minds in vibrant unity  
The majestic Leo  
The petite Libran  
He played the drums  
She then; the guitar,  
The parents trust him  
A gentleman  
Both proud and sensitive  
Bold in action  
Quick to hurt  
Fond of music  
Song of every heart  
Strange fate  
Trespases  
A sure- footed Capricorn  
A passionate scorpion by moon signs  
Claims his rights  
Mesmerizes her  
And off he goes  
Bride in hand  
Harvesting her youth  
Life sublime  
Years fly  
Tanning her  
Kids grown up  
Back in pursuit of  
Forgotten language  
Stranger fate  
Intervenues  
A tall and dark stranger  
He an Aries  
She a Libran  
He played the drums  
She played the guitar  
Yet; maturity prevails  
Both proud and sensitive  
Recalls her flutter  
Of the yester years.....  
Her heart is frail  
Years have taken its toll  
She would rather;  
Her tombstone  
Carried the message

"The faithful soul of  
A beloved wife rests here"  
Yet again,  
The sure- footed Capricorn  
A winner remains! ! !

## **Infatuations are common**

Infatuations are common  
Life is in its travel bound....  
Inner growth, resilient surmount  
Each soul its own unique path found.....

But rare to find a lingering bond  
Charming nature in its foreground....  
Shows the consistency in inner man  
Loads to learn in each life's bent bound.....

Bound to duty and commitment  
Regale of senses to the increasing tempt  
Of growing culture in its permissive bent  
Society forayed by techno support, strength

Changing outlooks greener panorama....  
The youth's attitudes, bent of mind  
Of seeing reality in authentic hue  
And discovering peace in logic find.....

I bemused watch with growing infatuation  
The world's colourful Kaleidoscope  
And as God willed life with gratefulness live  
See in it, endearing beauty and scope! ! !

## **Is this train So designed.....?**

When train was designed  
the Iron tracks were laid  
From assembly line to this end  
On these tracks she has stayed

Her life on tracks; her duty well done!  
Comfortable journey; home away home.....  
Passengers travel; alight as stations come.....  
To and fro; well oiled yet problems some...

The rails are twin tracks,  
Both essential for train's existence  
Derailment is sure; with visible cracks...  
there endurance is valued, loving evidence

The growing success  
Of railway's connectivity  
Progress! all round access! !  
'Happiness' in life's activity!

In life's journey, we oft find  
A life partner and intimate friend  
Both a human, very basic need  
Lucky few, this balance do find!

## **It hurts**

It hurts to love.....ever so much  
It hurts to know....control I must  
It hurts to know he is hurting too  
It hurts to know he means so much.....

Never will days be as before..  
Never will I stop loving..  
Never will any one love him as I do  
Never will I do anything to hurt his heart.....

**IT^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^^**

It was almost dry  
This wound on the elbow  
It still invited fly  
The oozing blood below

Waiting for the train  
In the crowded Platform  
This lad was in severe pain.....  
In the Porter uniform

Busy the bustling crowd  
He picks up luggage load  
Argues his fees loud  
Then off he sped as told

The raw wound his; no big deal  
Elbowing his way through the crowd  
I was more in anxiety I feel  
Than he, bustling brazen brisk lad!

## Jigidy jigidy jog(nursery rhyme)

Jigidy jigidy jog  
Joys are out for ride  
Up the hill and down in fog  
The slide the garden's pride

We kids the tiny tot  
In check pinafores;  
Think its just fun! oh boys!  
Holding hands in joys roar

In morning, fresh air  
We radiant, skip about  
Swing in swings, fly up far  
Fun and joy, its all about!

Our school is all, play and learn  
We love study, all active fun ways  
Easy numbers; and names to learn  
Time for home oh dear! ; we wish to stay

Jigidy jigidy jog  
Joy is out for ride  
Up the town and down we jog  
Time to back home ride

## **Job...Job.....**

My definition of me  
The strength of soul  
The busy reason for action  
The strength of time  
The address of person  
The call for his mental agility  
The utilization of his faculties  
The reason time flies  
The seasons hold meaning  
The ever striving purpose  
For enduring perfection  
When productivity is pride  
When each step leads to the other  
Drudge this? No blessing in disguise!  
Savour it and thank the lord!  
Ask the bed ridden, and know your blessing!

## Joy

Joy! ! !  
where does it reside?  
In little deeds  
which brings happiness to others;  
Are'nt you right?  
I can feel the fragrance too!  
Can't you?

When you pause for a break.....  
For a breath..;  
On life's busy way.....  
At your spring break  
through the year.....  
More impartial an emotion!  
you are yet to see;  
Lights up the faces  
of black, white and brown....  
Knocks at the door  
of rich and poor alike.....  
Tingling sound of laughter  
Spreading happiness pure.....  
Have'nt you heard.....?  
a child's laughter! .  
music to the ears....  
so devoid of pretense.....  
no joy greater!

Joy! !  
where does it reside?  
In little deeds,  
In little deeds unknown indeed! !

## Jump of conclusion

You don't love me.....  
This a hasty inaccurate  
Jump of conclusion

Or else would you have  
Spoken with so much care?  
Or found time to spare?

You did say let it in verse be  
What in life has in trace been  
You did sign love.....

You so understand my confusion  
My battles with dead convictions  
My suppression; flooding passion

My longing for reassurance  
My fragility....my strength  
My constraining principles

You did with genuine caring  
Win the heart inches more  
If that can ever be so.....

You have minds shutters opened  
Free, fresh to open minded visions....  
Set this captive bird free....

Free ...from pessimism  
Free.... of dogmas prevalent  
Free... of fetters imagined.....

I stronger move on  
For having your presence felt  
Holding your extended hand in friendship.....

You don't love me.....  
This a hasty inaccurate  
Jump of conclusion

So I catch your eye.....

In the waves of thought

And for judgment be invite, and steal  
Center stage of your mind!

In the waves of your thought  
Wish Angels tread with dainty feet  
And playing Cinderella dance.....  
Stealing your royal heart!

Just for tonight  
This moon is in full bloom...  
Shedding its silver light  
As the lovers at this beach, it does zoom  
See their faces in its divinelight delight...

Just for tonight  
Shall you and I also entwine...  
Like this Night -Jasmine and this Ivy branch  
Shall we romance, in the garden's moonlit shine  
Or shall we hasten to your cattle ranch?

Just for tonight  
Shall you and I as man and wife  
Forget our petty grievances slight  
And give our love a renewed life?  
Take me to the clouds in a pleasure flight

Just for tonight  
I my shyness leave...to unveil  
To let you your eyes feast.....  
As you, with a kiss my lips seal  
And cover me with feather light touch-treat

Just for tonight  
I my secrets divulge in abandoned joy  
Revel in your delightful ways  
Forgetting in my eagerness to be coy  
For your Love my heart warms....inflames!

Mankind has  
Labelled this powerful  
Enigmatic; intricate  
Labyrinth entanglement---LOVE

## Life

In life; this great fountain of

## Lonesome

When I walk alone at end of day  
All everyday work meticulously done  
Musing on how things went  
Where, how things could better have been done  
And a tiny part of our heart  
Our inner voice; judgement proclaims  
Oft morally right...  
But sometimes don't of opportunity avail  
Keeping strides with world at large  
Fear and Procrastination  
My virtual enemies....  
And I by the way side  
Have been left by chance....  
Mr Luck I am yet to meet  
Hard work...Oft by obstacles tripped  
Fatigue, oft my nerves creaked  
But...I have yet to elusive success see  
Umpteen Failures in different ventures  
Raw nerves and injured ego  
Remain Faithful friends of mine  
Poetry I lay my soul between  
Your Fantasy lines  
In verse words  
Laugh at me if you must  
But I have befriended thee  
To ease my ailing heart  
Which tells me....?  
When there is a will  
Would sure; a way pave  
I turn back homewards  
Wondering If some fatal flaw  
In me resides.....  
Or if it a Flaw of fate...  
Lonely.....my spirits  
Lonely I walk...  
Smiles attract friends  
Frowns ever none.

As I remember, as if.....  
Your cent percent promise.....  
Made.....in jolly moods....  
May be...maybe not  
Wondering if their is a scent,  
Scent here of something hidden?  
Having entered the hearts recess unbidden  
Which will unfold.....  
And be secretly told!  
Whispered may be.....  
May be in the ears,  
With pass of years  
It is as if a tiny corner  
Of your smile, promises sooner  
Will the awaited day dawn  
When I shall legitimately fawn  
Tiny, trails on your forehead  
neck, down..down what ahead?  
Lips on skin...  
In playful fun  
Longing to remind,  
As if.....  
Of all the fun  
Fun that awaits you  
When you your duties veiw  
With renewed Love  
You cuddle your dove.....  
The female heart  
A melting does start  
And a responding smile  
All forgotten in a while....  
Longing to remind.,  
As if.....  
Of the times, early times  
When hearts in unison did chime  
When joy alighted like a butterfly  
On the blossom, oft to pry  
To gently unveil....  
And unknown reveal  
Long to remind,  
As if.....  
Your cent percent promise.....  
Made.....in jolly moods....  
May be...maybe not  
Wondering if their is a scent,  
Scent here of something hidden?  
Can't you see.....or try to see  
A deep rooted possessive tree?  
The back handed compliment  
Of true Love.....Lucky you, implement

Smile.....that charming smile  
Stress the culprit here, been for a while  
Long to remind,  
As If.....  
As I remember your promises  
Made in jolly moods  
I long to impress  
My man! proud this Empress  
He in heart the world's best  
And It best be known to the world rest  
Long to remind,  
As if.....  
As if to say I Love today  
As I always did.....  
And await to hear.....

## **Looking at his picture.....**

Looking at his picture  
Cherubic grand gesture  
His childish enthusiasm  
And today's distant Chasm  
My aching heart in sorrow  
Lonely lies my visions of morrow  
And I to practical maintenance turn....  
Live in routines; yet yearn.....  
Guess a woman like me deserves no better  
Too much emotion; deserve this fetter  
Does it really matter? ?  
Only a short life left; why to bicker? .....  
And shall wish him no better  
Too much his well being does matter  
To wish to chain him to my worded letter!  
Let him discover his own domain  
And happy in distance remain! ! !

## **Lord; aren't you my friend?**

Love  
To bury  
In virtual haste  
Impossible  
I shall not rage the heart!  
Mind it reminds  
Of eternal duties wedded! !  
Anguished.....  
Buckle under pressure  
You stand there  
Up above lord?  
Having fun! Are you?  
Watching our plights?  
You may delight  
But I my purity  
Precious Through  
Struggled effort  
Retain....  
On scales my love  
In efforts balance  
Tricky situation  
You have presented  
Walk through I shall  
And you.....?  
You had better  
Walk me to safety  
Sailing through  
Aren't you my friend? ? ?

## Lost or fulfilled?

With love, on her way through the woods  
Knee deep in emotions, almost tripped into the quick sand  
Fearing to go on bold.....just stood  
Almost retreated; to hide behind excuses bland.....unplanned....  
Little cherubic faces of the children.....  
On their way from school open eyes gazed; surprised  
Must wonder at this lost lady; they did grin  
Passing with innocence in their sweet smiles placed  
As they passed her by; she a moment paused....  
Where was she heading? where too was she bent on going?  
Her true love.....her true calling beckoned.....  
Fulfilled not lost.....she was her chosen path walking.

## LOVE

Love is best received  
that is tempered  
Intencities often repel  
Wishing for escape

Love is basically possessive  
Oh! that is just fine!  
But look at the side effects  
It is quiet oppressive

Love; looking into each other's eyes  
Eye's is immature  
It should be looking in the  
Same direction together  
love is careing and sharing  
Not just between the two  
It should be joining hands  
to share and care for others

Love when repressed for years  
without expressions  
seems to take dimensions unimagivable  
it's impact dynamic and earth shattering  
Love is joyful intimacies  
Blissful release of tensions  
It should be seeing joy and pleasure  
in the others eyes!

Love is trust and understanding  
walking hand in hand  
It should be a mateing of minds  
Not an union of flesh alone  
Love gentle is met by the fierce kind  
firework results  
Oh! is it painful happiness?  
Yet a glowing face results

Love is union at it's peak  
when it is a mateing of souls  
It is then a glossomer dream  
come enchantingly true! ! !

## **Love Engraved**

Magnetic pull; chemistry  
Majestic; sacred bonding  
Affectionate; twosome pairing  
Amorous, delightful romance

Tentative; mating of souls  
Telepathic exchange of thoughts  
Heightened emotions in swirls  
Halo of immense pleasure

Evergreen through the ages  
Eloquent; in prose and verses  
Wanting of eternal youth and beauty  
Wishing; missing; caring; desiring exhilarating! ! !

## **'Love gets refined'**

Pains of separation?

Yearning for a glimpse?

He photographed within her eye's in caption

Hearing his voice, her eyes brim

Sparkling with unshed tears

Holds back the rush of words

Bubbling within; with fears.....

Silent emotions in war with swords

Battling within; fighting for expression

Iron will she exercised

With each passing day of separation

Wondering how he fared! !

## Love is unique!

Love is unique in each spring!  
As unique as water tastes.....  
As is nature,  
For  
Subtle breeze  
That blows  
Moves  
Different leaves  
In different  
Shapes  
Shades  
To extent different!  
And the gentle rustle  
You can eyes closed....  
Best in Darkness  
Enveloped.....  
Under Star studded sky  
In Tranquil universe  
Absurdly unique;  
In Ecstasy feel.....

## Love Knocks Her

Love knocks her door  
Most unexpectedly  
Shattering her rigid  
Principles drastically  
Youthful goal oriented  
Girl all become yesteryears  
She with new tide drifted  
Tossed into turmoil's of fears  
Surprising herself by  
The directions of her thought  
Deep into emotional oceans  
All futile inner wars fought  
Inner buried feelings surfaced  
Feelings never expressed  
Left unrecognized, unfaced  
Military discipline emphasized  
"Symbol of love" it was said  
Bitter caricature of reality  
A suppressed human unearthed  
Frail heart tested reality  
Love in emotional oceans  
Awaiting acceptance  
She in love's depth drowns  
A preferred life sentence..

malini kadir

## **Make me yours**

Love smothered  
Choked by reality...  
Entwined hearts  
Beat.....

Passions  
Triggered  
In words fusion  
Raw....real

Prose vs. poetry  
Touch of tongue  
Fleeting.....faint.  
Flirting..

I in refrain, disdain  
Take me  
Across the threshold  
And love enforce

My timidity vanquish  
My Knight in shining armour  
Battle your way through  
Make me yours

## **Management at work**

Up hill two steps  
Downhill four  
Work gathered speed  
What to say more?

Dillydallying some  
Lethargy has come  
Work schedule lagging  
All spirits sagging!

Realities grind  
Commitments bind  
Authorities remind;  
Improvement none to find!

Let tall tasks be sliced  
And fragments dispensed  
Work load divided  
Encouragement provided

All successful striving apart  
All street smartness tart  
Yes! This management  
A real soft skill art! !

## Marooned

Marooned in an island  
All around silent.....  
The swaying boat in waters  
Brown, battered oarless  
Gentle sways to breeze  
A smile my lips tease.....  
Watching birds alight.....  
White brown and bright  
This destitute; sinking boat with hole  
Water seeping slow in steady toll  
Was even as it went under.....  
Providing perch for many plumes.....  
Which in between flights  
Did graceful alight  
Tweaked with beak  
Once or twice  
Graceful sway  
Of breeze enjoy  
Till with no....  
Backward;  
Glance at all  
Does fly away.....  
Silent boat  
Silent sand  
Silent beach  
Lessons silent teach! ! !

## **Marriage**

When two souls meet  
And hearts beat  
Music of unison  
And shared vision  
When understanding blooms  
Shouldering glooms  
Thick and thin of life's path  
Through it all in full faith  
Each understanding the others need  
Allowing moods, although hearts bleed  
Red in anger, blue in cold indifference  
All brought to rightful end as friends  
Walking through lifelong journey  
Sharing, caring for addictive honey  
All the thorns, only mirage  
Long forgotten, at the end of day  
Make it up with a kiss they say! !

## **Match stick! !**

When the match stick is lighted  
The Candle was lost.....  
All the Time Candle was alight.....  
Matchstick was In the match box asleep....  
Safe on its high shelf  
Now; awake and afire....  
But Candle is put out cold with chill water...  
And try as it would  
The match stick fails!

## May's Solitary Blooms

(Kurinji Flowers)

Not Alone  
Never Alone  
May's Solitary Blooms  
On wild meadows  
Sprinkled about  
In ...disarray....  
You knit into this world  
A picture of summer hills  
Your sunny face  
On summer days  
Adding Colour to vision  
Your short visit of few months  
Mark a period of season time  
And to visiting hearts  
Of these hills  
Smiles bring  
Spiralling blue  
To joyous hope  
Once in twelve years  
Leaving lasting image on minds .....  
Awaiting for your return .....

## **Mesmerized Nut**

Mesmerized Nut  
The squirrel sat on hind limbs'  
Paws held the new found nut  
'Nibble; nibble no care to keep slim  
Lost to the world this free nut'  
So cute, so busy, so sweet  
This little nut, held her mesmerized  
Work suspended in the sight's treat  
The lady watched mesmerised.....

## MIRROR REFLECTIONS

Hair parted in the middle  
A streak of kumkum  
A 'spot of innocent red'  
On the centre of the forehead  
Thick brows; lacking  
the beauticians touch  
Two eyes look back  
A straight nose  
A wee bit long  
A spot of gold  
Catching the light  
Twin crystals, dangling  
From the ears  
A strand of hair  
Has escaped the pin  
A streak of gray  
just appearing  
A neck with deep lines  
On shoulders not so broad  
this image has a sad;  
deep QUESTING LOOK  
critical self examination  
on the seas of self doubt  
Soon another reflection  
falls on the mirror  
unruly bush of hair  
On the forehead  
Twinkling eyes  
Behind the auto cool  
A pert nose  
wet lips  
On the broader face  
just behind  
the first image  
Swiftly turning  
Is caught close  
In Strong arms  
Minutes tick.....  
Peeping over the shoulder  
A catching smile partly visible  
A dimple on the cheek  
Stars are pinned on the eyes  
Face so softly smiling....As if the mist had cleared  
On the oceans of doubt  
And the ship had found its harbour!

## Missing

At the crossroad  
Red light.....  
Traffic jam tight  
A peep into the car  
A couple  
Man with frowns of impatience  
Tapping fingers  
Woman; pouting lips  
Lipstick  
Dark  
Understanding  
Missing  
Missing life's  
Finer essence

## Mr Exclusive

Mr Exclusive  
I am yours exclusive  
Perhaps elusive  
But I loved to see red...  
Shall I begin to tell you?  
How much you mean to me?

Much to my anxiety  
I fret and fume  
And then resume.....

## **Mummy, wear your necklace in blue**

Mummy, wear your necklace in blue  
And chase your blues  
Chase your blues...  
Mommy, wear your necklace in blue  
And chase your blues  
Chase your blues.....

The lord is kind.....is kind  
In his own kind way  
Not unkind.....never that!  
He nudges us ever so gently  
This his very own way  
His very own way.....  
The unexpected blow  
This theft I know  
This theft I know.....  
With little left  
With little left....  
All gone ...  
All gone...at stroke of one  
In single stroke

Mummy, wear your necklace in blue  
And chase your blues  
Chase your blues.....

This lord is kind....is kind

The lord is kind.....is kind  
In his own kind way  
Not unkind.....never that!  
Just think, if you and dad  
Hadn't been away  
Hadn't been away, that ...  
Ill fated day...ill fated day  
The thief if armed,  
If armed....what you say  
Would have for petty jewels  
Done you away...  
Done you away...  
Left us in dismay  
In dismay.....a jolting shock  
No tremendous shock  
Shock tremendous! !

This lord is kind....is kind

Mummy, wear your necklace in blue  
And chase your blues  
Chase your blues.....  
Mummy, wear your necklace in blue  
And chase your blues

## MUSICIAN

Cascading sounds  
Of clapping hands  
Echoes down the  
corridor behind  
He walks away  
Guitar encased  
Years pass by  
The music forgotten  
Till one day down  
Memory Lane  
The faint stirring  
Of way back notes  
A pulse beats fast  
Faces come to light  
Music fills the air!  
The musician is back;  
But the rusted Strings  
Brings forth music none  
Which once willingly  
Yielded to his touch  
The short hand of  
every emotion  
His only love.....  
Besides him  
As twilight touches  
the earth! !  
Fine; deep drawn  
notes stir the leaves  
A faint breeze  
Of cool passion  
A curl of hair  
Touches the cheeks  
Magical music  
Envelopes it all! ! !

## Must I?

Is there no way?  
Must I relinquish my little  
Special secret joy?  
Harmless as it is,  
For it replenishes me.....  
With renewed hope  
And that smile;  
Stagnate reassures....  
Does it have to...;  
Fall in the dark alleys  
Of mis-nomer relationship?  
With little tact,  
And little self discipline  
Could not it fall into  
In the royal road of friendships  
For some thing is better..  
Than no more in touch  
It breaks my heart  
It is impossible.....  
Walls of life  
As if close in on me  
And darkness falls  
Bloating out  
All Sunshine  
And the strength  
That has been my mark  
Dwindles.....  
I collapse on the sofa.....  
Listless and blank  
As if the very meaning.....  
Meaning of this existence  
Where in question.....  
This luck charm like  
In my heart my God's gift.....  
I cherishing carry.....  
No!  
No! there is no me...  
Without God's gift within me.....  
Accept me;  
With my foible.....  
You must! ! !  
And so I must walk....  
My self I dedicate,  
To my loving life mate  
And to you; God's Gift  
I shall my writings dedicate  
Today and always! !  
And with clear conscience;  
Walk held high  
On the Royal High Roads  
Of life Chaste and pure! !

## **My Beating Heart**

My beating Heart  
    Be still...  
Let the music around  
    Filter in...  
Let it wash your soul of bitterness  
    Within still...  
Let the floating emotions  
Spill  
Bringing transitory joy  
    Till  
Life in it's own way  
    Will  
Heal; this "special brand" love  
Pill  
Will lasting pain and sorrow  
    Within kill  
My beating Heart  
    Be still...  
Let the music around  
    Filter in...

**My Choosy Mate,**

My Choosy mate  
I note of late  
How you skip  
And tactful tip  
The direction  
Of life in action  
Channelizing  
Defining....  
guiding  
admiring  
I choose to love  
I choose to surrender  
In your arms, place my self confidently  
Resting my aching head willingly!

## **My fears and Claws,**

My fears and claws  
Oh! so often show  
As my stubborn principles  
Stick out their neck  
Heart longs to throw  
Caution to the winds  
Did you know?  
Yet my old habits  
Like transparent skin-co loured  
Gloves,  
Can't be peeled off! !  
My fears run deep  
Like Banyan tree roots  
Traditions of our culture  
Cloak my vision  
But, love like a mist  
In misty morn rises  
Up yonder  
Hardly a mile away  
Hides the harsh realities  
Of the world  
From my eye  
And I cosy curl up  
On my Sofa  
Hugging cushions  
Close my eyes  
To conjure you up  
Behind nature screens

## **My proud Man**

For all your disdain  
Pushing me to the edge  
Your caring comes through  
Loud and clear.....

So; How often in your thoughts  
I dwell; no.....don't tell me  
Keep a silent distance  
And prove your uncaring disdain

Or else; your sharp nose  
Might break an inch  
Oh sir! And that will not do  
For isn't it your best feature?

Keep it intact  
And walk through Life  
But. Well; I will have you know  
I love this very thing of yours! !

## **My Stand?**

I stand there,  
And discard my notions of love...  
Hitherto here  
And discarded my notions of perfections

For be-late  
Came knocking at my door  
Infinite love  
And peeping for a keyhole vision..sure!  
I was star stuck! prompt! !!  
And have yet to recover.....

Did you hear of love at first sound?  
Heard of first sight.....I guess.....  
Keep guessing....I am off  
Off with a smile to dream dreamy! !  
Of the beautiful times together  
And while away time.....creamy! !  
His mocking smile flashes in mind  
As if to blush.....; remind! !

Water like I converge to it  
No more, No less

You will die  
So will I  
Little seeds  
In work deeds  
Will live on.....

## **Need you say more?**

Need you say more?  
your heart and the overwhelming love in it....  
your pen  
your carress brings, with feather touch words  
your poetry  
your eternal love...your yearning within..  
your message  
your love for the 'lady' devine...  
your song  
your serenade to your lover...  
your romance  
your youthfulness evergreen...  
need you say more?

Net working is fine.....  
All over the world  
Like minded spirits I find  
In Jordan and U.S  
In New York and Bangalore  
Oh! the daily updat of  
Poems read does allure  
To write, more and more  
To add Joy to the hearts I adore  
The work of an every day  
Sculpture in scriptures  
As love spectacted  
I see the world all anew! !

## No Justice!

No justice deserves this!  
Surely it is not worth loss of life!  
No matter how worthy a cause  
Fear beads her forehead  
She was engulfed by dread

No Justice deserves this  
This she was sure  
Yet, they were the reason  
For the strife in her land!  
And Leader has all of this planned!

No Justice? It is fair justice!  
'I cannot let my country down  
The innocent people I must in due time save...  
It is a noble deed, indeed  
And my name will history read'

Justice! Yet sweat breaks out again!  
'I must control gain.....  
Haven't seen a man's love  
Life is still young.....'  
Yet; Bomb belted swung

NO! It is justice for the trodden  
My deed to redeem my society  
She saunter's into the crowded ground  
In minutes she must press  
Blow out there's and her life's stress!

Where is justice? Charred in minutes!  
Demolished the target  
Took many lives with her  
A pawn in the hands of her leader  
Was not her act a mere Blunder?

Handsome you are...  
and lost in goodness,  
until my heart...

Your fondness  
An Offence not! !

Not when in me  
A reciprocating  
Flame is kindled  
And I Beseech  
With eyes  
Silent entice  
You into my veil  
As if magnetised

Draw you  
Into my world  
With simple words  
Full of hope  
Of lasting, love...  
Charming poise  
Inviting?

Wholesome I was  
and lost in goodness,  
until my heart...  
my innocence  
in you a madness.....  
My fondness...  
An Offence not? ?

## Nothing Amiss

Nothing Amiss;  
In a dream or two  
Adds a flavor  
To daily endeavor  
Brings a shine  
Of happy joy  
Deep within  
An inner unity  
Me in element  
with the ebbs and tide  
Life a smooth sail  
Down the track in trail  
On the rustic reality  
An engined drive  
For it releases an euphoria  
Of majestic suspension  
Of thoughts;  
In optimistic fast gear  
And heart in added thump!  
Why! the blood in relay race  
Competitive to reach out  
Hand out the torch,  
Bending with ease  
To life's demands  
Nothing Amiss;  
In a dream or two  
Adds a special savor  
Suspending worry in mid air  
Pacing with inner breeze  
Flowing life in crazy drive!

## OASIS

Unto the oasis of freedom;  
Into the deserts of marriage,  
A little hesitant; a little unsure  
I stood on the threshold of this  
unknown territory... deliberating...  
a silent prayer on my lips.

The 'desert call' so fascinating...  
miles and miles of sand stretches ahead.  
It promises so much; its unfathomed  
depths so mysterious, so beaconing...  
the thrill of adventure!  
I succumbed to nature!

Awake this bright morning,  
Having traversed far into the magical  
desert's starry night,  
It was as if the sun had touched  
with golden warmth  
All in it's vicinity radiantly alive!

My first morning in this new world  
After last night's stormy, passionate winds  
Had irrevocably changed me,  
The landscape before my eyes!  
Chalked strongly on the sands of time,  
It has stood many a test!

Finely interwoven grains of sand speak volumes,  
Many a day of love and passion  
Intermingled with joys and sorrow.  
When duty comes first, desire must follow.  
I traversed this world, may be...  
In eager enthusiasm... a little too fast!

Perspiration beaded my forehead...often  
The desert's shadeless life took its toll.  
The laws of life and this new society  
Soon taught me its lessons.  
I learned to SURVIVE  
Both the heat of the day and its nights.

Today, I step into a world of freedom.  
This metropolis, an oasis in the desert.  
The hues of colour and bustling activity.  
His duty permits no endless vacation,  
And I stand, exploring, experimenting  
With this candle of love... ALIT within.

A Freebird, at liberty to fly...  
Racing Jonathan's seagulls  
To greater heights of ambition,

Building new bridges, making new contacts.  
Is it a MIRAGE or A REALITY?  
Unto the oasis of freedom,  
IN THE DESERTS OF MARRIAGE I step!

## Obsession

A persistent attack  
Of a thought  
An idea in mind  
Against one's will

It claimed the thoughts  
Every waking minute  
Wanting to reach out  
Against one's will

Try to suppress the urge  
A futile effort  
Desiring it, desiring it  
Against one's will

Bottled up emotions  
Long years of suppression  
Springs out in easy flow  
Against conscious will

Efforts of well wishers  
As if on deaf ears fall  
The spoken words charming  
To resist.... no will.....

Some unseen forces...  
Appear to pull  
Visions blurred, reach out  
Its grip on conscious will...

Boycott it I should  
Reason dictates  
But emotions defy  
The Task needs great will

But man is always  
Creating and recreating  
The world nearer his hearts desire  
Desire; his wish, his will!

Obsession; desert me  
Can sustain no more  
The strains of it....  
Leave me alone, a free bird at will

## Often

Oft With thorns,  
thorns must be removed.....  
Oft words of hurt heart  
Without words of love buried.....

Often the biting sharp tongue  
Did hurt merciless  
Often love! never! did argue  
Till this man frivolous

Breezed through life slick  
And try as one would  
To dead principles stick  
Stole away, .as..he could! ! !

The minds distinct thoughts  
Into passion by default as if....  
Unerring strove to return.....  
And ever green the heart as if....

Flew to him in minutes captive  
And he with casual shrug may be  
Brushed it away curious at the motive...  
oh! love can not you see...pain may be.....?

Will the saga continue  
All life in its tide ebb to flow?  
And will not it changes bring new?  
And throbbing bring alive....slow? ? ?

**Oh Love! Come to me.....**

Oh Love come to me.....listen  
    Let me take you in my arms  
Rest your head on my bosom  
    It is your anger that oft alarms.....  
Rest yourself; till all refreshed  
    you then go about your work  
Tell me what it is; you relished  
    And I with careing love shall make.....  
Let us in harmony share.....  
    Tell me; what you would have me wear...  
Let me dress, to please you; prepare.....  
    Your glance; is all I am aware!

## **Oh! My beloved heart!**

Do you so miss me?  
i feel tears prick my eyes  
You can't mean it....see  
Makes me wish I could turn the clock back twice....

Not to the point of time I left you  
But back to when we were together maybe...  
So that I could relive each second with you  
And if it were possible share more of me with thee

Add more of playful romance to it....  
Add more of courageous yes to my feelings....  
Without fear you would merciless tease me about it  
Not to have buried it alive fearing you detect it

I would not have withdrawn within my shell  
And avoided you on purpose.....  
Putting on false pretense...in my shyness a veil  
Alas! I have foolish lost you I suppose!

## **On the Judgement day**

On the judgement day  
Sat tall the judge  
And Gave the verdict  
Unbaised Sound

Twelve years  
Later Personal  
Experience opened  
New Vista in dimentions

How sound was  
Judgement then  
Sound to his knowledge  
On that day.....

How unbaised?  
To the depths  
Of his knowledge  
On that day.....

Agast at misjudgement  
Stood Shattered  
Knowledge  
Empowered

Pondered anew  
How best to  
Redress? ?  
IT Happens.....

Judges too  
Are human  
And Swayed  
by able lawyers

All the time  
It does happen  
Judgement  
given mistaken! ! !

## **One too many**

One too many,  
Hearts to break  
Rake that you are  
But I can't you forsake...

Minstrel of music  
The joy of my gentle heart  
A rouge by lamp light  
You do me; still delight!

Whence did angles  
Teach you to please?  
Did they secrets to you  
Alone in heaven's gardens teach?

Must thank the angel  
Who taught you so  
For I lie in soft heavenly covers  
Having visited ' Bliss Paradise'.....

**Oscillates \*\*\*\*\***

Oscillates

My Poetry Oscillates perhaps  
Like a simple pendulum in deep ponder  
But I watch the time with out a blink  
Awaiting your ring with dizzy sound louder! !  
When the pendulum dully reaches centre  
Past 8 o clock; the heart in throb thunders!  
And Pulses race....as minutes tick...  
Waiting for your summons to pick! !  
Pick the instrument...come alive as if! !  
For It must be you....my thudding heart! !  
And your voice shall me in minutes enthral! ! ! !  
My poetry oscillates but not I! !

## **Playmates**

Two kids....playmates be  
Shared intimacy.....unwittingly  
Time effaced.....memory  
Souls mated; maybe  
For her subconscious  
His love registered  
Warmth remembered  
Hurt was healed  
Remembered love...  
In gratefulness  
Poetry was born  
Nurtured by her  
As loving child  
Till they met  
She presented him  
His legacy of love  
The first wild oat  
This youth did sow...  
Large as life  
Just as true! !

## **Prism light**

Like light on prism fell  
and rainbow colours refracted  
His presence on soul fell  
and multiple thoughts erupted! !

my true mate or soul mate? .....

A joy springs....from deep within  
You my thoughts claim of late  
Tempting... estatic, erotic sin

## **Rain drops**

It falls free, with lightening, military Salute  
Sound band in thunderous tribute  
Fare thee well; Free from dark clouds  
To the world ....in cascading delights! !

Pastures in green invite  
Colourful flowers bright  
Playful children in dancing rain  
Look up eager...; eagerness plain

Mowing cows, lift their heads  
Fan with tails, chill water-droplets  
The playful hen near its feet  
Runs under cover of the belly; fleet

The chicks in row behind trot  
Their wings free of water drops; this lot  
Peep out, as if to see if rain drops make it!  
All the way from their glorious height

From fluffy clouds, down to earth  
All the way, wind in attendant mirth  
Laughing loud, in joyful play  
As it magnetized, gravitates to earths say!

Triumphant the little drop, lands safe on earth's side

Unto the trickling rivulet! ! ! Running down the hill's side  
Joining the mass, in eager willingness, to greater purpose find  
Quenching thirst of myriad lives and souls; serving mankind! ! !

**Rainbows Good Fortunes foretell.....**

The rainbow reflects multiple colours  
The Arch across the skies in vibrant colours  
Speaking the truth of the situation in its pulsating hues  
Speaks silent of the Sun's arrival in midst of rains  
Speaks of the dashing winds that chased the clouds in fun  
Nature sticking the posters of hope across the sky  
Telling us of awaiting golden pots at rainbow ends  
Telltale colours of good fortunes, after every  
Downpour of raining torrents of pain...  
Lord sends winds our way to chase  
To chase away our blues .....clear the gloomy sky  
And sends rainbow colourer to reach our  
Own individual pot of gold in dreams come true!

## Raining Dreams

Loitering aimless the fluffy clouds  
Endowed with dreams, free fly....  
Impregnated deeply darkened in  
Spread out on the blue sky

Rain drops of reality  
Splashing tingling fresh  
Lightening like he flashed  
Across the dark sky stretch...

Awakening loud thunder in his wake  
Greek god like he towered  
Saddled on the passing moon  
Causing shadows to blush

Shy the willows bend  
As the winds tease and swish  
The late larks retire  
Leaving nature to its wish!

## RARE BONDS

You burst into laughter unexpected

A thrill of joy runs down the spine  
Totally fulfilling, feel really satisfied  
Communication total; remembering I pine.....

Burst of anger; words of impatience  
Your time taxed emergency defined  
Silence my understanding, answering essence  
Communication total; intimacy redefined

Jolly moods, romantic spoken extravaganza  
Home, office fronts in smooth tracks  
Good night's sleep; timely meals rare bonanza  
Communication totally poignant, naughty pranks

Proud; silent withdrawal  
Stumbled on self pride's toes  
Flat on ears, your words falling unravel  
Communication totally nil, you I loose..

Not understood! It's all a mistake  
Sheer manipulation; too much expectation  
Ready to break off', more than he can take  
Communication total flaw needs breathing space in transaction! ! !

Sentimental as an old lace; poetic too.....;  
Some rare times; hearing it \_a pleasure pure  
But, man must balance.....take the queue  
Communication total; intimate understanding in soul mates true! !

## **Rays of hope**

Hope the rays of dawn break  
On the eastern windows of your home  
Touching its inmates with golden light  
Slight, slanting, soothing winsome  
Giving each, thoughts bright, fresh, dazzling  
Springing into action, lithe, lissom, nimble  
Stepping out into this world; these fledgelings  
Succulent, wholesome healthy, happy, able!

**Real heart warming words...**

Real heart warming words....Thankyou,  
They ease the sense of utter loss

That love brings to the loving heart...  
When it carries the pains of unrequited love.....

And tries to walk, as aloof as humanly possible  
And tries to brush away tears and fears.....Responsible.!! !

## REDEFINED

Hazy impressions!  
Indistinctly heard, vague ideas  
kindling expressions!  
Like 'bartered- bride' of Smetana's?

Disturbing life's ambiguity!  
like two sides of a coin  
Or company shares of equity;  
The best bet ventured in?

Need to be disturbed  
over obscurity?  
evocating? troubled  
over trivia entity?

Don't be! proud decision's  
aftermath difficulty;  
Short sighted vision's  
aftermath reality! !

Mind works no better  
in mental fog  
Than a camera  
does in physical fog

Hurt ego ran to protective arms  
unfailing tears of self pity  
Like a boom-a-rang to

Then; took birth humbleness

## 'REKINDLED FIRE'

The fire place cold:  
burnt embers told

of fire once bright  
am i not right?

On cold winter night  
A cosy den; lovers site!

Old fashioned, outdated home  
Beautiful place....., do come...

Colour tainted, glass windowed  
Central square, sunshine endowed

Pillars of teakwood solid  
Carved entrance all polished

Huge mirrors; all around  
Rekindled fire; all round.

## Restrain (2)

Restrain more admirable  
Than freedom plain  
Actions befitting drapable  
Keeps man in life's grind sane  
Proactive man oft must become  
Priorities in mind clear....  
Keeps life in off-track some  
The mean justifying the end dear  
Rigid in unbending personal code  
Principle living always good  
He then atop; Peace horse rode  
And end of day, back home stood! \ \ \ malini kadir

## **Rose bud**

The little rose bud,  
Yet to full bloom....  
In life's spring  
Just sprouted  
Amidst leaves  
Darkened green  
Presence not  
Much in view...  
Dew touched  
Gentle light  
Awakening it...  
Till Sun kissed  
Blossomed  
Young fragrant  
Flower...  
Velvet to touch  
Vibrant  
Silent smile  
Enticing...  
Infatuation! ! !

## **Sadly grounded!**

The balloon was  
With care constructed  
Endowed with the right colours,  
The right pressures within.....  
It floated free up in the air....  
The free air.....  
Over the meadows  
Over the hills....  
Till a brush with a rough twig  
A very tiny puncture  
The balloon still floated...  
But slowly....steadily....  
Through the tiny hole  
Air leaked out...  
Down....  
Down.....  
Down the balloon dropped  
Slowly  
Steadily  
Now the balloon gravitates back  
Down to earth  
Into this man's garden...  
Will he see...  
If something can be done?  
Will the balloon ever Fly again? ?  
Reminds me of people

## **Secret of lasting binds**

Secret of lasting binds in blinds  
In life's little homely windows found  
In pastel shades of green in backgrounds  
With designer yellow blooms round

They added colour to the decor  
And gentle to seasonal breezes sway  
They let in little sunshine now and then  
And brought brightness to my day....

Watching them move to nature's rhythm  
I pause to muse and mute ponder...  
When we shade our minds from harsh light  
And let positive rays filter in yonder

The dark contours of existing furniture's  
Are brightened a shade, a brighter furnish?  
Yes! To life's realities gentle warmth brings  
Swaying curtains, curtail harshness as per wish! !

## **SELF PRIDE**

The responsible emotion;

It mostly elevates  
Pushing man's reason  
To useful debates  
On self appraisal  
Increase of his efforts  
To betterment; not unusual  
Waste of time retards  
For self pride affects all  
Response, reaction towards  
Family, friends and situation  
Making efforts double!  
Source of inspiration and determination  
Wounded self pride, surely no great trouble! ! !

## **Set her heart; she did!**

Set her heart; she did!

Set her heart she did!  
On that big diamond  
With passing years  
Heart unchanged.....  
Slaved hard..  
Heart enslaved  
No doubt had;  
set her heart  
After toil  
years later  
Diamond  
Set in taira  
Exquisite!  
Stood before the mirror  
Brows in furrow,  
Agast!  
Hair still in wavy curls  
'Streaks of silver'  
their tale told.....  
Her taira with,  
Daimond set  
Best on the  
young woman's  
Crowning glory  
with shrug  
turning.....  
mirror caught  
her dimpled smile  
Why? there was  
beauty here!  
Inner beauty  
that smiled through  
Taira without!

Magnificently manifested! !

At her door step  
Sat; pensive?  
Why lady?  
Why so, at the door step?  
Passers by  
Glances flick.....  
In passing  
Go within,  
And place a palm  
On your cheek  
Hasty rub your tear....  
Have no fear

## **SHE SAT PENSIVE AT THE DOOR STEP**

She sat pensive at the door step  
Pensive sat, as time passed by.....  
Sat with thoughts  
With herself lost  
Herself the cause  
The cause...  
Always?

Would walk away, dutifully, faithfully  
Walk away said, half hearted  
Away said she, oft said so  
Said she in cue to need  
In due time.....  
Time....  
Always?

Love a feeling too big for words  
A feeling of too much depth  
Of too much longing  
Too much it hurt  
Much hurt  
Hurt raw.....  
Always! !

She sat pensive at the door step  
Pensive sat as time passed by.....  
Sat with thoughts  
With herself lost  
Herself the cause

## 'Silent Companion'

It was in the fiery green;  
    of warm summer days  
It was his charming ways  
    that fanned embers within;  
Left to simmer; nearly cold  
    At her cottage green  
Pottering about; she is seen  
    hugging memories; sweet to hold  
Seasons change as days fly  
    Hope keeps her company  
Smiling she remembers funny  
    the walk; always a few steps away  
Keeping distance; as oft decent folks do  
    paveing a road deeper  
STAYING IN MEMORY LONGER  
    Than other charming folks do.....

## **So friend, How goes your day?**

So friend, How goes your day?  
Too busy for a break....Say? ?

Morning was all i could keep busy by  
And your thoughts at the mind's fringes bay

Till my resolution to keep away.....  
Niggled into my head to say....

Why..do you plan to play?  
The' hard to Get''game's way?

NO! I cried why should I?  
IT's the game for the coy.....

Who would wish to trap his love.....  
Why this game in friendship's alcove?

And so my friend here i land  
And believe me all unplanned! !

## **Sorry,**

Sorry, for hurting each time with pride as shield  
To pretend to care not, when I could not but otherwise

Sorry, for the numerous times even today I wield  
My charms on your defenseless heart, inconsiderate unwise

Sorry, for the numerous times I speak of others in my field  
Turning the knife on wounds raw, I took time to understand you, I surmise

Sorry, for being insensitive to your reserved self, taking you mild  
Turning your unspoken love away, for your words were pity prompted I surmise

Sorry, but please speak to me, magnanimously to my pleading yield  
Don't my be late realization turn away.; .give me your love today as a gift surprise!

Sorry, but I am not going away now...not without your answer, I shall Plead  
Till your heart all old wounds forget and you taste the depth of my love...till sunrise! ! !

**Stars; I wish....**

Stars as I gaze  
At you as if in a daze....  
Long moment, Lonely pause  
Wondering at restlessness, within pause.

Stars; you twinkle  
And Hope sprinkle  
Long moment, peace peeps in  
Wondering as time stands still, within

Stars; thoughts arrest  
And romance attest  
Long moment, loving thoughts flash by  
Wondering as time fleets, sitting up with a sigh!

Stars; I do spy  
With hope's ceaseless cry  
Long moment, with shy smiles  
Wondering I; my moment has come; as he smiles! !

Stars, I wish  
As winds swish  
Long moment, my romance comes true  
Wondering I; my thudding heart pumping as if in cue!

## "Start of a friendship"

For a start

Some feelings strive.....  
To find expression.....  
And emotions drive  
A bubbling joy's  
unbidden entry  
A nature's ploy  
to some degree!  
When kindered spirits  
path do cross  
In busy tracks.....  
of progress toss  
Strangers awhile  
with mutual consent  
To converse and smile  
in dialogue pleasant  
An empathy blossoms  
curiosity piles  
Question after question  
Interaction files  
A new chapter in life  
hithero smooth  
IN beaten tracks  
an unusual truth  
Sparks fly, kindling  
a start of a new friendship  
Fire and interest keen  
A dreamship of joyous relationship! !

Storms in the teacups  
Brews up oft, a test....  
Negligence ....into ups  
Of the streets of rift

For a while no harm;  
Larger pictures remind

Engulfing the mind.....

The petty debates,  
Useless, futile waste  
Happiness stakes,  
Buried? In virtual haste

Negligence the best! !

## The Artist and His Weeds

On the plains of contentment  
Rich with lush green fun  
Painted within an artist's tent  
Colourfully gay realistically done  
    Shy in infiltrating sun; a blushing delight  
    Mesmerized him, it was her colour  
    Trembling she stood encircled in his might  
    Visually in disarray, growing a shade paler  
Age old game still the same  
Changing world's jet speed progress  
Filtering in noisily from the window pane  
Awakened from it belated; redress rigorous  
    Drugged in her tasteful elegance divine  
    Slumbering in joy's peak oblivious  
    Senses addicted to pleasures, privileged wine  
    Weeds of lazy lethargy abundantly obvious  
Weeds need to be weeded out  
Best for sustaining any garden's beauty  
Then better Blooms should bloom no doubt  
With day light awoke the artist to his prime duty  
    Weeds of the garden attended periodic  
    Artist turns back to his art work  
    Upgrading his fine arts; quite systematic  
    Happy sunshine spreads with each fine stroke

A balancing skill  
Up in dizzy heights

A short walk; yes!  
my emotion scales tipped,  
me to rapturous heights.....  
with hands spread wide

i have skillfully reached!

I wonder if you enjoyed?

The copper urn  
with utmost care  
rubbed with concern  
a glowing affair!

Stood on table centre  
Holding a fraction second  
All glances, with effort did tear  
Away! ! .....I reckoned....

My son too; with constant  
effort on center-stage stood  
Praised, prized...a time; penchant  
longing, memories do stir....I understood

Just as the copper urn  
oxidized with air in time stands  
So too my grownup son  
Galvanised into action; in friend's circle lands....

And try as i would,  
to my son responsibility bring  
he'Worries'me, film coated  
tarnish remains; with efforts in desperate ring! ! !

Rests the heart the best....  
When I push your knee  
From; my waist....  
And Push your arms

And breathe the fresh morning air.....

And turn to smile morning  
As you kiss me fully awake....  
As you whisper the time  
And remind of the Kids...  
To be woken up early.....  
I nuzzle up closer  
Wishing time to stand still.....

As we share the cup of tea  
And the knowing glance  
Over the children's heads  
As we start them off  
To begin there day  
And change for a walk  
Brisk daily life insurance policy.....

## **The Earth suspended**

The Earth suspended  
In mid atmosphere  
And imagine us all  
Living on.... its outer sphere?  
Without this sky  
And floating clouds  
How vacant....  
And empty above.....

All this security  
Wrapped in cotton wool  
Around the earth  
This blue canopy  
Keeps us as if cosy  
Hiding fear of fall  
Within this.... special Blanket  
Lord created above.....

The oceans cobalt blue  
The Sky is a dreamy blue  
The water, the air  
Sandwiched Lands between  
Our world!  
Our earth.....  
And we specks on the mighty scene  
Like ants on jaggery mould (sugar ball...Say)

Dancing life, ...tiny dynamites  
Our power to blast the mountains  
Destroy the forest  
Concrete jungles form  
Ozone layer ...part stolen  
Down to earth ...Progress! !  
Scientific flights  
In jet pace....moving society!

We in conceit....Pride of power  
Desire to possess lands  
Currency found for easy exchange  
And nature pervaded to imbalance  
Ruling earth this mankind  
In tremendous progress  
The global village in connectivity  
Strides..Taken positively! !

Wonder what the youth of today  
Tomorrow in vision

Shall discover... reroute life....  
If we be visiting planets as we  
Today..... Countries visit? ? ?  
Time travel; to meet our ancestors  
In yester years or shall we our  
Descendents of the future visit?

Earth in suspension  
May roll aside to give way  
To planet "baby earth "man made  
For life is but a relay race  
As we hand the torch  
Over to the next generation!  
But ....love will live  
Generations through in hearts tick....

## **The emotionally fragmented lass(part I)**

Fragment she did within  
And unable to digest it all  
She withdrew from this livin'  
And she withdrew from it all

Staring into space.....  
Expression blank, vacant  
Response belated, slow pace  
Huddling on the bed, in her blanket

She was upset by the slightest sound  
And withdrew to the fatherest corner  
Eyes big pools....almost a frightened babe; found  
She hugged her pillow.....she spies you no sooner.....

They said she had fragmented.....  
Slow Tortures extreme reaction?  
Physical, reaction to physical abuse? Demented.....  
Change of place and environment, new action

Doctor recommends, dire need of the day  
Electric massager for the neck  
A month of calm by the way  
Some place by the sea...what the heck

Can't you see the poor soul.....?  
Doesn't need you breathing down the neck?  
Well...she is going to be ok  
She needs time.....she will come out with luck!

malini kadir

## **The emotionally fragmented Lass..... (Part II)**

Parents both up the success ladder  
In friends circle sophisticate  
Try to force feed intelligence fodder  
Starting earlier the better....the fate

All educated parents mind you....  
Not the unintelligent lot....in manual labors  
Should be laws; this lot to sue!  
These Success seeking. Lime light flavors!

The child's childhood they steel....  
Forcing extra hours in hard work  
Never a thought to the child's wishes till.....  
Extreme pressures force, behaviour changes mark

The child's inner rebellious revolt to it all...  
Now what? Regrets...Doctor needs to be consulted  
Change of place....a holiday, away from it all  
Parents...think! See what has.....finally resulted! !

## **The Love Birds**

Bridged , Bridged by understanding  
Strange sense of closeness  
The black bird looks on  
The cuckoo on the Neem tree  
The Bulbul nods understandingly  
The separated Love Birds.....  
One sadly seated on the doorstep  
Strange stillness in the backyard  
Waiting; waiting.....eyes full of pain  
Nature takes its own time  
All the birds agreed wisely  
The male of the species must fly  
Far and wide his duty's nature  
The female it's duties done  
Must patiently wait.....  
He shall come.....surely  
Love's bond a strong chord!

## **The moment**

.. The moment

The moment of realization

Yokes of love..

All the yokes of love that

You will

In your charms surround

Can not...

Can not from certain destiny save....

Save you...

Save you from the inevitable.....

You must

You must your destiny

Alone face

You on this earth

With cry

Are born to loving arms

Loving arms

Cradle you through early days

Your life

Certain extent shape....

You then

Are free on this surface

To elect

Your path and passage

To your will  
Desire, duty, passion, profession  
Your saga  
Shape to your limited knowledge.....  
Yet friend  
Beyond certain limit....  
You are  
Bonded to nature's laws  
To your  
Destined path led.....  
By forces  
Beyond one's finite views  
Trusting  
In this moment realized  
Life  
In multiple returns what you sow  
Then  
You can live by giving away  
What  
What all you crave to possess?  
And seldom  
Seldom my friend, destiny denies....  
.

## **The Nick and the notch**

The nick and the notch  
A rest for the torch  
Show the way  
What did you say?

Yes; I agree lets make the day sunny  
Think up some thing funny  
As we live the lively way  
What do you say?

Of course! It is all in the point;  
Points of view  
Let's not review  
What's in a different view; I say!

But then; as many views  
As people in view  
Each has a thought  
What a difference, a thought makes; anyway.....

Let's hold hands and walk as always  
Let the world go its way  
Let you and I have a common say!  
What's in unity; ain't in any thing else!

## The road ends

The road ends  
And pathways begin  
Where fleet springing steps  
Of mischievous children skip...  
And the grass under their feet  
Joyful dies having their missions  
Of life complete.....  
And on these beaten tracks  
where moonbeams dance...  
By the night;  
And Sunlight bounces  
by the day.....  
Newer horizons  
are oft  
playful found.....  
Photostat copies  
taken  
And deep in  
childhood's  
memories stored  
To brighten  
The spirits of.....  
And smiles bring.....  
When moon beams  
reflect from  
Bald heads by night  
and  
Sweat glistens  
with heat of Sun  
In Life's busy Prime.....  
Adding tonic touch  
As smiling; hands join  
And Hearts as one  
Once again diffuse.....`malinikadir`.....

## **The ROD of STEEL**

The rod of steel  
Put to molten test  
The men in peals  
Of laughter's jest

Yet, stood the test ironically  
Lady with disdain and pride  
Melting in pressured heat comically  
Although disfigured, withstood the test ride.....

The ROD of STEEL, Character fine  
Not all lost; fit for its defined purpose  
Men in eyes with hint of shine  
Proudly behold the results, one does suppose!

malini kadir

## **The turning point.....**

Committed to duty  
Obedient a lady  
Open in heart and manner  
Devoted to life partner  
Part and parcel  
In ups and downs  
Loyal and faithful  
Loving but sensitive  
Emotionally injured  
For years rendered  
Committed as always  
Serviced as usual  
Strange repercussions  
The unjust individual  
With sight impaired  
However, the worst....  
A sightless new babe born  
The pain of observing  
The toddler's efforts  
Sears through the heart  
Neigh! This unbearable!  
Pure duty, pain heavy?  
Rather be susceptible human  
Lord, If chances of sight  
be greater.....  
Show me the path....  
Lead me to release....  
This toddler....  
Shows without seeing....  
What blessings we forgot .....The trifles we cling too  
The larger picture forgotten.....

## **The Winner**

Striding purposefully  
Brisk and fast  
Upstairs in a jiffy  
At his workplace at last

Alert and good tempered  
Amicable, cheerful  
One just wondered  
At his energy, just wonderful!

This commanding winner  
Who oils his individuality?  
Decisive and dynamic turner  
Of collapsing structures to success reality!

Ha! it must be the fires of love  
that fires his imaginations  
It must be the confidence of his love  
That rejuvenates his aspirations!

## The zero game

You your power

Literally, liberally enjoyed  
When you did tower  
Business" or" me" ....I have opted

You my weakness

Have well identified?  
Me my weak self despise.....mess  
This journey has testified....

My drive to create...establish

Many hours of research.....  
Wee hours till...work...with ease relinquish  
This loss of dignity, this breach

Aftermath..Labels laden with lead

My views didn't matter...did they?  
But today ...I bear the brunt; : tears, shed  
Yet..today..besides you are they?

It's a laugh ...these women

What all they do.."in love"  
Silly, spineless...stupid then  
All for this. " Feelings in love"

Tell me...did I desire this?

Tell me did I willingly consent?  
Tell me., . did you my tears not notice?  
Trying to smile.... behave decent?

At this crossroad, remain in mute silence

With walk out and all it is....  
New strengths have learnt.; .the essence  
My choice prudent, sure is

Yet; Is this the "Love"

I so foolish show...  
"Rose-Tainted" glasses Still? . my dove?  
Life suddenly a game; nothing to loose!

Add joy some; some pain subtract

Sum total- 'life it a zero game '  
Does it really matter? all abstract.....  
shall live through all the same.....

malini kadir

## Thirst

An incessant urge  
To quench this thirst  
An impertinent demand  
On one's attention  
Despite; the untimely need  
The parched throat  
Demands..... Strongly!  
Water! Water the great,  
Refresher.....where are you?  
Doesn't my voice ripples create?  
Without you; how will i  
Survive; the heat of days  
And sultry nights? My needs  
For you does ever remain

malini kadir

## **This Voice**

This Timber  
    This tone  
        This melody.....  
Waves of emotions washes over  
Bringing forth bubbles of laughter  
The 'Fountain spring of joy'  
starts to overflow.....  
Butterflies fluttering  
within the heart  
Alights off the centre!

This timber;  
    this tone  
        this melody.....  
Has weaned it's way within  
Unknown to it's owner  
has carved a notch for itself  
Resident in the heart  
Strong and steady  
Stamped it's presence  
on the mind's subconscious  
This timber  
    this tone  
        the melody of this voice  
            Fills the heart with trust and joy! ! !

## 'This Bond Poetry Remains

Years, 20 plus odd years  
My heart it does quiver  
My love for you  
Still as green as ever

My youthful eyes  
You did steal  
My mature; love too  
You still appeal

Holy Jesus  
Is this a dream  
Does Love  
Always remain?

Power of its flow  
Is high or Low  
Like electricity  
It still does flow

If you electricity handle;  
With touching care  
On fingertips, many gear  
Easy Life dear!

Love too,  
Hot to touch  
But into flow  
Joy as much

Like a fountain spring  
It sprinkles much fun  
Each day it does bring  
Special joys in tonne!

Years or age  
At a stage  
Matters not  
In passions rage

Time will fly  
You and I  
Shall meet sly  
Prying eyes deny

For its private life now  
The world around seizes to exit  
For every where eyes show  
No one but you and I ex-hist!

## **THIS 'BOOK 'TO ME**

This book to me,  
    Bible like did become  
Each day I turned,  
    Its pages as time did come...  
For life engulfed me around  
    From all sides; this my world  
Folks in my arena's surround  
    Inexperience, innocence my head swirled

Blundered through; my way of life...  
    Till with me; teacup aghast!  
Lamented my days of book worm strife  
    Till he as "Experience Book" found in-exhaust

Till today; as solid rock support  
    He in unchanging stance by me stands  
And I; Step out into the world with rapport  
    To enhance my unexploited grey cells, interest fanned

(dedicated to my husband...Kadir)

## **This 'BUBBLE JOY'**

This Soapy "Bubble Joy" I held....  
On the palm of my hand  
Bathing; reflects rainbow colors  
My eyes twinkle as 'STILL' I stand...

How my love, I see you in it...  
I oft wonder at my imagination  
Sometimes I see myself too  
Dancing in glee.; I watch with fascination

Tap a rap together we do  
Fluidity and grace as one breathtaking...  
As I swirl in your arms....  
Till you bend...my hand kissing

My dreamy, loving, smart gent  
In impeccable grace you always show  
My romantic partner succulent.....  
Having stolen my heart and soul, you know.....

## Thoughts after midnight.....

While; I am alone...  
In ..... My home's foyer...  
Alone, with no one to share me with  
To share with me this silence...  
These silent thoughts...  
And this calm dark night...

Only the stars which look at me...  
And; the breeze; which plays with my hair...  
Sitting alone and so confused I am...  
As: the air and those stars...  
Maybe they are also confused in my case...  
They just smile with no advice to give

And I over and over go through the situation  
Trying to untangle this life's tangle  
Feeling one with the solitary moon  
What mess a single sentence.....  
Can into life bring.....  
Explanations so oft impossible

Why does a heart feel?  
Give so much special meaning?  
To feel, as one with one?  
What magic here? So that all else  
Appears insignificant?  
Is this the Love spoken of in verses?

Is this how those lovers feel  
Those in pages of history live?  
Did they also these pain in reality undergo?  
Did they also feel the strangling pressures?  
When they tried to enforce restrain?  
Love! Oh Love! Exile me to a life sentence

A life sentence, captive in your heart  
Bending to your every wish..Shall happy live.  
Melting in your arms, like a candle; light give  
Exile me, within your heart  
Don't exile me without....  
To life worse than death sentence! ! !

## **Thunder Stuck? ? ?**

Love is a form  
Of energy  
Can neither be?  
Created  
Nor destroyed  
It just gets  
Converted  
From  
One form  
To; another form.....  
Love  
Shown is also  
Neither wasted  
Nor destroyed  
It simply  
Spreads into another  
Filling the being  
Passive to Active  
Positive to Kinetic  
Love  
Is always divine  
Its lust  
That should be  
Labelled swine  
Thunder stuck? ?  
Let love rain.....

## **Time**

Curtain lifted at dawn;  
A new day's beginning  
Privileged we are; out drawn  
Fresh, fragrantly alive!

Celebrate each passing moment  
Let not this precious currency  
Slip between your fingers on any event  
Unutilized, unexpended to your best

Time will tell of time well spent  
Let your heart speak the rest  
When it swells with pride content  
Peaceful joy within.....

malini kadir

**Time to Feel.....**

Holding this burning flame  
And Torch let me find  
An independent path...with no shame  
And having shown my vulnerability in bind

Find soon the path of pride  
That destiny is but leading too  
Agony it is to feel this tide  
Of overwhelming need too

I can not but see the divine purpose  
At loss at my weakness  
He is still tall in my mind's surface  
I like a tendril climber in nearness

Like the west wind of tempest  
I realize the pains I oft inflicted  
And uncaring walked in angst  
Time I too experience as afflicted

For till head is ours  
Headaches are taken in stride  
And with easy sweeping flows  
Enjoy surfing the tide

## **'Tip-toeing.....'**

Tip-toeing into his heart  
A glimpse of his true self  
Cashing on emotional account  
Of decades; past.....

Residue bitterness shelved  
With his caring...soothing words  
A new freshness  
Found in binding.....

Swimming and cavorting  
On shallow depths of distant love  
No.....nothing separating  
In his diplomacy and tact.....Love

**To Brighter Horizons.....**

She let go.....  
She let go Clinging emotions.....  
Free....once more.....  
Free from Love Limits

To future venture.....  
Eyes and ears open  
Open to new, newer  
Life dimensions

The Dark spectrum  
of yesteryears  
Finally stepped over  
To walk on.....

Stepping into broader spectrum  
Broader spectrum of friendship  
Open minded; freer  
To brighter horizons

Free from Limiting inhibitions  
Free from crippling truths  
Free from Narrowminded despondency  
To brighter Horizons Finally.....

## **To Open my eyes**

To open my eyes in the morning....  
Afresh, to meet you again my longing...

Your smiles lie heaped in my memories  
just their teasing presence chase away my worries

For more than three decades this infatuation...  
Astonishes me....the intensities of my emotion.....

My love unexpressed frozen in 'time frame'  
My heart longs to express, no longer tame...

Passion flames fanned by your voice, refuse to die  
my efforts to discipline; to my lips only brings a sigh....

The desire to hear a corresponding response  
Your voice in husky, dusky...sexy tones...Just once

In self restrain, I my Love to poetry transmute  
As i go about the life I have created....mute

## To Hug Death

To hug death  
Is cowards way out  
And irresponsible human deed  
Why not wade as it were  
And distant observe the race?  
Humans in short term endeavor  
Given to comparisons  
Given to ego 's disdain?  
In Petty issues revel  
And gigantic steps aspire  
Make money their dictator  
And Circumstances their master...  
Prayer their escape;  
From shouldering responsibilities perhaps  
Made a thorny cushion my bed  
I bleed a wee in dread  
I ask God to give strength to bear  
And he invisible sends help  
Not relief from what Is my duty  
Just a helping hand to cross  
I kneel to give my thanks  
Verse in life is fine  
Could be worse  
Hug hope I do  
leaving death waiting.....  
Awaiting my hug

## **To love it all.....**

To love it all.....

Your passion of music  
The desire for solitude.....  
Your pensive mood for lyrics  
The relaxation...Change in attitude!

Your desire for the venture  
The thirst for adventure  
You're shifting sands of emotional treasure.....  
The passions curbed in every day pressure.....

Your temper tantrums  
The timber of your voice to high pitch runs  
Your impatience to injustice stems  
The angry words to the ear drums

Your passive self behind the wheel  
The music to de-stress  
Your moments in your mobile den  
The fond memories.....smiles caress

Love in all its vulnerability  
Is mine for the take  
But I must re-fain to accept  
For its own sake.....

Love is man's undoing  
Is detour to progress....  
But Life's raw necessity  
For its own sake

Love is in itself a winsome moon

To love or not to love?  
For its own sake.....

## To my Son

You to value your father  
I at this cross road elucidate  
He did force feed for your best  
He his experience-taught lessons aware  
Wished the very best for you  
Realize my son.....  
May be not today, you can see  
But down the road in twenty five years  
When weak he shall your shoulders need  
You shall realize! !

Today to Father you are son.....  
A wee bit Prejudiced

Your attitude to your father son  
Is sprinkled with colours of my pain  
Stop a moment to think I did  
And in it I see my foolish pride  
When I clash with your dad  
Its Individual ego's at war end  
And We are equals...in some plain  
You I have coloured to my view  
And It is but an emotional one  
Walk out of it you must...  
Moms aren't love gods  
Just that we oft win our sons  
Its nature willed  
That's all! !

**To the beach with you.....**

Today; I will.....rub  
your heart; your sleep disturb.....  
Easing into mind; perturb  
your conscience asleep; to curb

I shall hold your hand  
pull you to the beach.  
Into the water and sand  
breeze blowing cobwebs; out of reach

your smile I can visualize  
your twinkling eyes  
The 'no' in your lips  
the 'yes' in your complaine.....

## **Today**

Today an unpainted canvas  
Spreads out on the easel  
Just in front of you.....  
Give your day a positive dash  
Use colours bright and splash

Noteworthy make  
This painted canvas  
A day of jobs; satisfactorily done  
A work of great art; artistically spun

## Transition

Gone are the days  
When women at home  
Cooked and cleaned in ways  
Just to please the men who roam

Out in hard toil  
As he pushed himself hard  
To battle odds in working soil  
Welcomed back as loving lord

Today to make ends meet  
Man, woman must rush to work  
Stagger back both hard beet  
Hypersensitive and tired after their task

Emotional strength at its ebb  
Hasty meals and pollution drub  
Minor events wrong side rubs  
Struggling emotions hard to curb

Eventually surface  
Leaving nerves battered  
Gregarious social man's phase  
Unpleasant transition, all altered

Why let need's multiply?  
Electronic gadgets, fashion fads?  
Marching towards disastrously  
Tension undermined; health Lads!

Why? stop to think a second  
Where does all this lead?  
Where does all this lead?  
Does it help escape death? Of record  
Provide an un perishing happiness creed?

Human values fast reseeding  
This transitional phase of life  
Where to is humanity moving?  
These changes here with strife.

## **True Romance Never fades**

When heart has housed a face  
Years will not erase  
Nor winds of change

Falling leaves of autumn  
Circling in life's seasonal swirl  
Mystics of old age may remind

Nature looks up to new shooting leaves  
Translucent and green  
Fresh and fragrance spreads

Love in corner of the heart shall repose  
Perhaps not every day impose  
On your hospitality dwell....but hidden remain

No; we perhaps learn to live with times  
Learn to walk with strife  
Even secrets of art of living muster

Yet a bleeding corner remains  
Hankers in oddest of moments  
Makes you pause a second

Amidst activities in mid to seconds ponder  
How your love this moment does fare  
Wishes of goodwill lingers on the lips

For does love, true love ever die?  
How ever much we live on in pride  
Some where a part of the heart is lagging behind

As if it had a mind of its own  
The little bit of your heart will walk  
A journey of its own

Where dreams are sown  
And in full bloom sway  
Making the heart somersault

Fun it is, if did not pain so perhaps  
To watch the heart throb for a second  
As longing cries out from the heart

For a glimpse of the beloved  
A word or two to cherish  
And carry on as God destined it!

## **Truly His..**

All through the day  
In thoughts way  
A poignant charm  
Memories disarm  
Makes living a pleasure  
Spending time in leisure  
Adding peace as treasure  
Secret joy full measure  
Is this the feeling  
Spoken as meaning  
As meaningful life  
This elusive wife  
In thoughts paradise  
truly his, today and always

## TRUTH

Truth stood starkly in stride  
denuded for logic reason to perceive  
Tainted glasses of self pride  
refused to acknowledge or conceive  
Till circumstances;  
crises isolated in time's hand  
Solitude and self acceptance  
checkmated; gave truth it's righteous land  
Fifty percent of the heart, of barren acres  
Undrenched in passion rain  
the other half, fertile in ploughing hand's  
Life's harsh reality; and truth plain! !

## Twilight of perception

In twilight of perception  
A smile tugs at the lip ends  
He could see through  
And perceive her love  
Her war within  
To walk in justice  
And her stolen heart  
In dreamy abandon  
He would come  
Take her in his arms  
And erase all glum  
But then would she let him?

## Two Wax Dolls

Two wax dolls  
To my credit  
Out in the elements  
Of my chosen choice  
Years of work  
I did put in.....  
With atmost love  
And dedication.....  
Now I visit to veiw  
My handicraft...  
From afar.....  
As silent spectator  
One of many....  
In the environment  
Why the wax dolls  
Fit in; in element too.....  
I watch the show awhile.....  
Hear what people had to say  
And withdrew unnoticed  
From the scene.....  
As I walk away  
My heart is filled with peace  
No my life...  
Not all sheer waste  
Here Is one job  
Well done  
To leave behind  
To speak silent  
Of my life's hard work.....

Is it you?  
Or the excitement  
Of a dream come true?  
Or is it my Penchant  
Longing of childhood.....  
Given the freedom  
Belated in my heart.....  
Taking root?  
Is it your words today?  
Or words of yester year  
That ignites the fire?  
Is it the freedom of time today?  
In....life, . my present state?  
My life's slower pace?  
That has enshrined you?  
Or is it the Just fate?  
Are we fated to ....  
To the experience of it all....  
To, .... this bubbling joy?  
To...., this exhilaration....  
Timeless, on physical  
Sense or the space?

Trust and mutual  
Confidence in the other

To; eternal freedom.....

## Uncrowned Monarch

He reigned uncrowned monarch  
Of quivering female hearts  
She draped in cotton starch  
Conventional, an uninspiring start

He a successful Cathedral dean  
Or should she him a bachelor magnate call  
Of this modern world gliding seen  
Many tough corners successfully tall

Confidence in his every pore  
Mild manners deceptive be  
This Leader lion with his talent store  
Anger rare; but then in molten degree

This shy woman for coverage ran  
Lest her true feelings, his eyes discern  
Her inner joy, in the voice detect one can  
But in her manners, sophisticated unconcern

Some disputes, best be put to rest  
For the time being this be best  
Let things in harmony, travel and test  
A rare relationship.....yet in restrain best!

## **Victim**

Hands griped  
Lips sealed  
Out cornered  
Unexpected? Victim

What to say?  
Irritated?  
What to say?  
Protested? Victim

No; gently  
Withdraw  
And tactfully  
Out grow!

## **Virtues alone enable-th**

Virtue is my breath and life  
Chastity my dying signature  
All the temptations of this world  
I shall but read of as poetry  
And Inhale the perfume  
To exhale in verses of my own  
Puff off its fragrance.....  
For  
To Love you  
In my dictionary stands tall  
To succumb to desire  
Falls short in battles I believe in....  
For  
Golden  
Fishes free swim  
But  
Man with restrain

Higher

## **Walking the every day roads.....**

Walking the every day roads of life,  
Go with uplifted spirits.....  
Give away, what you wish to receive  
Go with uplifted souls.....

Life can be battled through,  
Or smooth sailed through  
Life is too short for remorse  
Or smooth sail always although

Each coin has two sides  
Each action two reactions  
Each word two different effects!  
Each action two opposite reactions!

Details accurate marks in work gain  
But overlooking; in relationships is gain!  
Simple in complexity, complex in identity.....  
But overlooking; in simplicity in relationships a gain!

Yet! True to one to live life with;  
We must of necessity false walls build  
And to the nearer at heart distance fain....  
We must of necessity falseness not live.

Yet true depths of feeling,  
Must oft of necessity be rained?  
For ones own well being  
Must oft be thought off, with responsibility.....

Than the chasm betwixt life and reality  
In poems spun, must be let off your inner self  
For paddling through, synergy in rhymes created! !  
In poems spun, love in all true sense truly loved.....

Lets before, to hasty decisions come  
Let not the pain of the moment blind.....  
Let man in his living, loving be.....  
Let not the pains in living reality blind

What was meant to be yours will reach you  
What is meant to be experienced by you shall reach you

The lord wills, your prayers answer  
What is meant, never for you may also be granted! !

To test your strength; your skill.....  
Obstacles are there, for you to overcome.....  
You can overcome them all, if you have a will!  
Obstacles are there, to prove your skills once again!

Cheer!

## **Wandering, , , , , .....she stilled in wonder!**

1. Wandering, , , , , .....  
    she stilled in wonder!  
Within his arms.....  
    a calmness welled!  
Within His attentions  
    Her heart bloomed, Swelled?  
Faith in him....  
    Helped her through.....  
Faith in him....  
    In yearning, learning through.....  
Then Infatuation  
    Is real understanding see?  
Then in love  
    she but an offering be..

2.The Clarity in those eyes that  
    walked alone.....  
The charity in those gait  
    not then forlorn;  
Service it was to her.....  
Today she is drawn  
Like moth to flame  
And, it no game  
Her wandering thoughts.....  
imprisoned with out a finger's lift?  
She listened!

3.He an ocean of worldly experience  
Spoke.....; so she could learn the essence...  
Unshed tears of joy in her eyes glistened  
She in interest to him listened!  
'Speak! so I can learn  
Teach me, I love to learn  
Teach me....with love at every turn  
Teach me.....for I long to learn'

## Washing Bitterness

Washing bitterness  
In Grimes of sandy  
Dirty, dusky shores....  
Later in the evening.....  
When lovers left  
The dancing waves to splash  
Unversed in dreamy  
Glances.....in between  
Their engrossed twosome  
Conversations.....  
When moon was high up  
mooning alone.  
I too walk the shores....  
The tide rising;  
Wind howling....  
As if the deafening sound  
Could erase  
All the pain.....  
Pains inflicted  
Needlessly.....  
Wondering if  
it was worth it all? ?  
Wondering  
Why I had not  
Found the courage?  
Courage to scream.....  
Scream it was  
Unbearable? ? ?  
Humanness and pity  
Overwhelmed...within....  
And I put this donkey  
Last?

## Waves

Waves washed the shores  
Shores of reality  
And ebbed away  
But the sands.....  
Sands of time  
Discovered the shells  
Embedded in grains of sand  
Grains of truth  
Fossils of life  
Once lived  
In the seas of salty depths  
With viscosity befitting  
Now the passage of time  
Had washed ashore  
Leaving hardened shell  
Which grew with time on back  
A deposit of consumption  
Divulged with time  
As multipurpose shelter  
Home, a safe nook of rest  
Prised possession of the lost sea animon  
Discarded with death  
Life forms basic?  
Attachment to property  
As in basic life forms....  
Lingers in higher forms of life too

## What goes there mate?

What goes there mate?  
In your world out there;  
Does the work load  
Press you; killing your spirits?  
Reality in its wholesome stake  
Gobbling up time  
Like a hungry starved elf  
Stealing unnoticed  
Into the hours of day light?  
Causing you to pursue  
With maddening seriousness  
The logistics of business  
Till twilight peeps through the window  
And conscious of loving love bonds  
You step out to reach out  
To do your best;  
With perhaps spirits,  
Spirits lifting in a child's innocent laughter....  
Let warmth glow in mellow yellow light  
And peace find residence  
As head touches the pillow

## **What is Poetry? A romantic Poet.....?**

Dear Friends,

Emotions with depth bring forth poetry  
Yet when we are ready to share ourself with another with no personal limitations  
It is transformed to a common noun....POETRY

JOY IS SHARING WITH NO EXPECTATION! ! !

It is true  
It is false  
It is fantasy  
It is fact  
And in the depth  
and shine like still waters with reflecting sunlight  
Radiates multiple rays of diverse colour and sheen!

Poetry is personal made impersonal  
and Impersonal made personal  
Tantalising reality  
In realistic freedom  
Unpinned by humanity  
Humanity unpinned.....to reveal! !

Rhymes and rhythm  
In born within; with in the limited exposure of the individual poets  
Pronouns made Proper nouns  
And the other way round.....

Legitimate made  
Love given an address! !  
For truths can not be buried for ever.....  
Yet can not be acknowledged either  
THEN the balancing art form is Poetry  
for all romantic poets.....

**When there is a shift in thoughts.....**

When there is a shift in thoughts  
There is a corresponding shift in vibrations  
When there is enthusiasm and bridled passion  
In your words there it brings..... a shift in your charisma  
When you speak with optimism in words  
All the depressing vibrations emitted disappears  
When your thoughts are in your thoughtful hands  
You magnetize similar vibrations in the environment  
When you Dream Youngsters.....and attract similar vibrations  
Let your ambitions in your thoughts evolve.....  
When you focus, your dreams to reality shall turn  
Laws of nature shall affirm your success...  
When dreams to thoughts and then to action churned  
All future is yours to gloriously earn! ! all your visions yours to fulfill .....`malinikadir``

## **When Trust gets tattered.....**

She lived,  
Her response from the heart!  
Never gave importance to words  
Naturally lived  
Moment by moment  
Till  
Seeds of doubt  
Were sown  
Then  
Each action  
Was on scales put  
And each Action  
Two meanings given  
Deny It!  
Deny it she did  
At first.....  
Till  
He checkmated her  
Checkmated with reason  
Dumb stuck  
She stands!  
Why now which is true?  
Pray help her!  
For she herself  
Had not even;  
Thought deep about it  
Till circumstances  
Cornered her.....  
Always running from truth?  
No!  
It wasn't like that!  
Just an innocent lass  
With unrequited love  
In hidden recesses.....  
STILL.  
With no address to it  
But a tiny corner  
Left simmering.....

**When years have trudged by.....**

When years have trudged by  
And in these faithful pages  
You cast an eye

Perhaps a change of heart  
And a warmer voice in person  
I shall spy

When monsoons wash away  
Murky mass on the surface  
You may glimpse...

The glassy fresh green  
In its ever green sheen  
You might understand

When summers flit away  
On times winged chariot  
You may sweat..

With regret of lost time  
never to visit you again  
You may then wish....

When violet mountains  
Silent stand passive  
I shall whisper

You are still within in my silence  
And my love is in tempest  
Come change your heart.....

Years may have trudged by  
But love perhaps still in its youth  
Faithful casts an eye.....

**-----When.....it doesn't matter**

It doesn't matter, what really happens to us  
As when you and I landed on earth each a bag carry.....

And are on our qualities that outer physic given  
And our home has chosen to match.....

Where we each compliment the Karma we must  
Individually experience.....

The lord has predestined the circumstances  
But also given us the freedom of choice.....

And between our choice and reaction rests  
The rest that comes our way.....

People judge you by appearances and action  
The lord from your thoughts also

The unseen guest at every meal, every conversation.....in every thought....

In my chosen path, of self realization  
At the very bottom find myself.....

And with lots; ... of refining to do.....  
I claim not to be perfect....or even aim to be

But to live and die; ... my duty done to the best of my ability.....

I have , and am still erring each and every day  
Lacking control.....

Living on....still hope to refine and persevere  
To gain in insight and wisdom

Which youthful desires ... , hurdles prove....  
And weakness threatens to engulf

Erecting legitimate excuse to further err  
Unbowed as yet the ego tall.....

Humble at your feet my lord...my inner peace in my thoughts destroyed.....

Place your hands on my forehead to bless me lord  
Deliver me from evil...but not from test.

Let me refine and learn to love impassionate  
And ready to let go.....

Learning to experience the completeness within  
Not to seek peace without

## White tusks

White tusks in gleaming shine  
Roaming hills in dusk and grime  
Wisp of aroma in the air  
Coffee, spice and freshness therein;  
The mountain side  
In dusky orange in sundown  
Elephants rare  
And then with tusks fair  
The herd in motion  
Enroute in journey  
Far sighted  
A rustic motel terrace  
An arm careless;  
Around her shoulders  
A peg in hand  
A view of nature  
Restive land  
What more a blessing?  
Can you demand?

## Why must reason crawl?

Why must Reason crawl like a babe?  
On all fours; to? ? ? to accepted life views?  
When It stood! ! Still stands tall otherwise?  
Why must it feel all the fears that adult  
Is full of in his accepted dogmas?  
The child was so much freer in expression  
And so much beautiful in truth.....  
But then the consequence weighted in adult  
Is not in The Balance mounted by the child  
And nor does he self blame, or think deep  
He has but not studied the laws of recoil of the gun....  
Nor does he battle within his mind on the cause effect laws of life...  
Nor does he put himself in the victim stand  
And acquitted by the law or society  
Realizes he killed by the deadly weapon of sheer love  
Kindness is cruel, if dependency is created.....  
Love is sin if it with mere words has the potential to elevate  
Elevate a man to addiction! ! !  
Harsh words but tolerance of inevitable is weakness  
Weakness in you! ! ! No! ! not me! !  
I was cornered by circumstances! !  
Fine! !  
But he who so ever has leadership does lead! !  
And then when he enjoys the perks of his position  
Must make it his duty to visualize! !  
See with long sight into the evolving future....  
Lead by his decisions! !  
Or less have the decency to resign! !  
It is less harm to accept the truth of yourself  
And avoid mistakes once again! !  
For the first time was unawareness....  
Second time awareness made distance possible  
This time? ? ? ? there can be no excuse  
So I must let reason as soon as I could  
From chili sh tear stained eyes see through....  
That I was having power on the tip of tongue  
Let REASON crawl to make excuses  
For until you are WORDS that evoke  
Then you should not harm,  
Can not if you care for the other! !  
Yes! I am duplicity personified! !  
I care less what you think of me! ! ! !  
My needs drew me.....  
Blinded like moth to flame I had no restrain  
No restrain in poetry that flows.....  
Now your needs frighten me.....  
I step back.....eyes rounded!

May be a twinge of love it is I glimpse  
Under banter casual?  
NO! ! Never! ! ! I care a tuppence for girls  
like you.....Why? ?  
Why should I? ? ?

**Will you wait by the majestic hills?**

Will you wait by the majestic hills?  
Till they get done; my regular chores  
And I beget the courage to venture  
For my heart, loves our adventure

In the mystic hills divine  
With rustic cattle's fine  
languorous none the climb  
Hearts in jogging with limb

Shall we, as children wayward skip  
Till heads come close, lip to lip  
Hair blowing in winds grip  
Hands holding lest in haste we trip

Dreams of mountains blue  
Co lour my day dreams hue  
I wish too! in it to find you....  
Of course! with kisses few

Wilting roses in the sun  
Tell me what can be done?  
So that smiles I in you win  
And you dance to the breeze in fun

Is the heat getting you down?  
Or is it the gardener's neglect  
Tell me shall a little water suffice  
Or shall I some manure get?

Roses, your gentle fragrance I miss....  
Must you wilt away...without a word, it's unfair  
Could you not just wait a bit for this Miss?  
Till her lovers tiff did end...and she returned to care?

As if then  
No harm will ever assail me....  
As if never again be to... to it put...  
Not when you are there  
Who would dare touch...or slander...  
..Your.. Love my protective yoke  
Will you as my friend?

## **Your day**

Grease your day  
Lubricate it well with smiles  
Turn the wheels of work  
With sincere appreciation's spin  
Have a moment to nod  
A second ...to give hand  
As you briskly pass  
Sprinkle authority  
In short, terse words  
Clearly specify your expectation  
And expect it done  
Pat on shoulders  
When work well done  
Your silent frown  
When undone.....  
Thinking ahead  
In broad spectrum  
When you walk....  
Towards the Sun  
Shadows fall behind!

## **'Your Stressed Heart'**

Your Stressed heart need not alone be  
Not when so much music within reach, see;

Listen, let your heart be still  
Close your eyes and will

I as fairy shall fly to you  
linger in the garden, to stroll with you

Sharing sweet nothings....  
making you forget everything....

All your stresses of working tensions  
To my listening ears you can mention

Those unresolved office disputes in question  
For oft speaking aloud, brings to mind a new solution

Once your burdens ease away.....  
To pleasanter topics our talks will stray.....
