MARIE VICTOR (02/05/92)

I came to the USA from haiti when i was about 7 years old. in my short life ive been through so much...

Life

When you look at me i'll smile
a smile so bright it can be seen from a mile
but has you get closer and look inside my eyes
you will see that my smiles are all lies
you will see all the hardships i've faced
but never fully erased
from my memory
all my past misery
which i still face today

MARIE VICTOR

Lost

In the darkness i wander around
all around me theres no sound
in my head theres only one thought
and thats to find a way out
theres no joy left in my heart
because it is now torn apart
the darkness enjoys my pain
and theres nothing left for me to gain
and now the best thing for me is to just D-I-E

Poetry

Poetry a word with more than one meaning
And through poetry you can describe what your feeling
Poetry is a way of self expression
And through poetry you can get through the times of depression
In poetry you can write about what you've faced
but never fully erased
In poetry you can write about your love
Whom you think is a blessing from above
whom everytime you see him your heart begins to race
And that brings a huge smile to you face
In poetry you can write about your hearthaches
and you can also admit your mistakes
when you feel like you just wanna die
And all you wanna do is cry
because he cheated
Dont let yourself be defeated
take out pencil and paper
and write poetry till you repair
poetry has no wrong or right way to be written
you just have to write down what your feelin
poetry a word with many definitions
in which you can describe you emotions
Oh poetry how i adore you! ! ! ! ! !
