12th Class Pain

Ho! god where I came
What is this 12th class
Or
Crashing plane
Chemistry is boiling me
Try to make new chemical
Physics gravitation
Making me falling from
My bicycle
Oh biology
Making me so aggie
Ah... Math & math
Just like in front of dog
I am a cat
But what can I do
I have to go faster
Soon there will be end of this
Disaster payal

A new day

A day, a day has come
The day like everyday but yet something
New, something new with something old
Some love some hate
With some new fate, and with some a lot some
A day, a new day has come.....payal parande

AFRAID

I am afraid, afraid that I'll disappear afraid that no one will hear me Hear me when I am screaming, screaming for help I am afraid I'll won't be able to shout Afraid, no one will come come When someone will rip my heart out

I am afraid, afraid I am trapped
Trapped inside a cell
I am banging hard, banging hard on the wall
One thing on my mind I have to fight
I have to yell it all out
i Know.., know no would hear me
But my mind won't let me stop

I am afraid, afraid I'll hate
Hate everything I have
Afraid there will be no love
No love for me
Even though If there is some
I am afraid, afraid I won't be
Able to see

I am trembling, trembling fast
But there is no place to fall
a place to fall Down
how am i suppose to
embrace, embrace this life of
circus
and be its lonely clownpayal parande

FRAME OF REFERENCE

People see clouds in the sky
I see white snow on the blue ground
Way up high

People see stars and moon
In the night
I see millions of lights celebrating
Our mirth
And moon being giant
Spotlight

People see green grass and a tall tree I see natures astonishing creation Moderate and free

People see decease and endings I see birth and a new Beginnings

You don't need a mirror or immense lens
You can see what I can
You just need, new frame of reference ..payal parande

Help

Standing alone Feeling lone Something inside eating Me Don't know what to be Done

I falling fast
But can't seem to
Reach the ground
And afraid when
I will
There will be no one to be found

Its like hole in my Heart Which refuse fill It's like there is nothing to be done And I'll be forever feeling ill

I want to let it go
But can't seem to lose it
It's like there is no one to help
Even God is forbidden
To do it payal parande

HURT

Walking on the street, looking down Down on the road Don't want to get hurt, not any more I am playing safe looking for Rock and stone Not want to get hurt Not after the way you hurt me I can't take it anymore Cause I am sore I am sore, sore from your Lies and betrayal Sore from your false Love The way you made my life Like hell When you came into my life You appeared like angel The way you treated me Very sly But you were demon And everyone knows demons So did youpayal parande

I HAVE SOMETHING TO SHARE.....

I am starting a poem
Confuse, how to start writing my pain
Joy, love
How to write it beautifully
So I can share it with someone
Someone who'll read it
Even thought for fun

Should I write about wide sky
Or bright sun
Should i write about something old
Or Something new
Something that speaks for itself
Should I write about me
Or Something that is wide as
Sea

Something that can't be weak Something that explains whole Weather Should I write Something that is hard as rock Or soft and light as feather

Should I write about the last view Or something that flies I got so much to tell But how am I suppose to do it With word so few.....payal parande

I WRITE.....

I write, I write to behold behold that other can't I write, I write to view full Moon I write, I write to usher usher The light, the light in my Dark room

I write, I write to hear Hear the music, the music A Captivated chant I write, I write to fill Fill my inside An unwritten blank

I write, I write to feel Feel my beat of heart I write, I write to enamel, to enamel colors on My art

I write, I write for
My thoughts
In my mind they lays
I write, I write so
New thoughts can come
And old thoughts can
Staypayal parande

journey to the dream world......

My wish comes true
I become a bird today
In the beginning, I fall down clumsily to open my wings all the way
But one by one I open them into bright rays
The journey begins and i fly through the mountains of my memories
The memories I have in my wits,
As i see it full i see the surface is occupied with
layers of love's snow(very thick)
And the left of it with the greenery of the happiness I got from it,
I wander there(for a long bit)

Then I fly toward the dark green jungle, trees full of small and long leaves Having trouble to go trough, with so dark bushes tangling myself into them, Afraid I'll be bogged down, They are too massive

But sorting my way out
I am getting into the open now wondering where to go?
Oh! What I see? I see an immense door
with alluring flowers on the one side
An enchanting voice coming from somewhere,
come inside it says
But something clicks and grasping myself back discerning something
Wishing never to open this door,
Here, my bad temptation stays

Getting myself away from it as soon as possible, I go further Seeing nothing at all there is nothing in my sight nothing but wide open blank and white I get scared, have I gone blind? I am thinking Suddenly I opened my eyes, smiling to myself I took a pen and started to write...

Life

Thinking sometimes What is it? Who am i? is it true? And Why

Is life for taking or giving Why this is always so confusing

Should I do it or not Am I happy or sad Is their something to add Is it good or bad

All this QUESTION.
Eating u inside
But for a minute
Stop asking
Live a life for a while....

LOVE

The thing you own The fun you got The breath you taking The every move you making Is it enough to live? Is it enough to be you? No it isn't It makes you half The things make you full is Love The love is the thing U have It's you're breath It's with you're every move U make It shake u're life And every color of you're World get mixed And Turn into Such color that you never Except that you can have Them Love always bring twist and turn Sometimes it takes you down Sometimes up But in the end you'll Always win the Victory cup It's a gold which Never ends It keeps you warm In cold It'll never leave You if you'll get Old You'll have it When you're live You'll have it when you'll be gone It changes you're world With beautiful & heavenly Future So please have it. It'll change you.....payal parande

My Angelic 'Mother'

As I put my head on your lap You caress my hair, Loss myself in your gentle touch, my love for you grow more Love, the love I do not desire to share

You are like the sun of the morning Welcoming me with your warm embrace You are like the full moon by a delightful night Keeping me Placid, Glimmering my face

Though, we battle with our colloquy swords
Though, we disharmonize
You approach me,
with your
anchored, adept, affable mind
Implanting morals inside me,
Authentic, Noble and kind

Forever, having absent-minded smile on your Face Laughing, making me laugh Though, my blooper fetches the Dilemma Molding our life tough You always laugh, you make me laugh

The truth, You are a mirror A Clarion, classy mirror Where, I can see through For me You sacrificed Fortune, Fascination and fame Everything but truth You are only capable of love, and love is all you See In your eyes I can see The real me

You had dreams, Beautiful dreams indeed Unfortunate, don't know what they were Have no clue You say, only one dream you should know
The dream which came true
The dream of you

You kept me warm,
warm in the Winter
You still keep
my heart warm inside
You are an open book
As I go ahead, each word
untouched and Compelling
Though it is not the end,
it would never end
Cause you are
high as the sky
And wide

They say, I am a god send to earthHE Gifted me my lifeTrue so true, God gave me birthMy Angelic mother -,
You gave me birth-

My Love

U feel my pain
U listen to my
Thought
U know everything
If something missing
Then doesn't matter
What

I know u
I i think of u
Every time
I can feel u heart beat in
My heart
When I see u
Its like I m seeing a
Magnificent art

U Adour me
U made me
Its like I m living in haven
where u r eyes like
Pure sea
And u r embrace is
My life
And u r love is
My heart's key

Some times I wonder do
I deserve u
But doesn't seem to have a
Cue
But then again I love u
too - payal (to my lovely sister)

MY NEW ATTIRE

I found a perfect attire
It's simple yet it's everything
I should carry

I put on high heels of Confidence And loosed my Flat slippers of Ambivalence

I put on bangles each in hand of Independency Every time I hear Their chime I feel free

I put on earrings
of
Love and sanity
All they do is
Whispers in my ear
The bewitching
Melody

I put on a dress a sari perhaps
A sari of amenability, charge
And yet with lot of care
I am throwing up
Counterfactual
Old
And getting condign
New
I am seeing myself in the
Mirror
And I am having a perfect
View

I am going out, out in this world
A world full of big pits, enormous sea
And long valley
But I am still going out, out in the world
In my new
Attire payal parande

My Pain

I got so much pain I got so much to gain I got nothing to live But lot to give Sometimes I feel like I loosed something Sometimes Everything I just wish to Fly away Asking god for To give me wing I hate to live I hate to suffer Everyday Wishing Life would get better I hate to show everyday I hate to see sun I hate to pay For what I Had never done I ask god for everything I want to love And get loved That's what I want to see But in the end All I want IS To be ME

My World

My world seems to Fall apart
My life seems to Refuse me

Everything was perfect Everything was right But with one hit Everything seems to Tremble down In a minuet

What happened What was wrong Did I do something It was so beautiful But it didn't last long

What I had is
Gone
What I have is
Nothing
But I can't even ask
Why
Its like sun rises in
Morning
So must i -PAYAL PARANDE

OH! MY LOVE YOU ARE

Oh my love My love you are The morning of my life The dream of my night When am with you All stars aligns And shine bright

I'll bring you flowers
Flowers from heaven
While coming from there
I'll bring fistful of stars
Just stay where
You are
Because I can't live
Without you
Oh my love
My love you are -payal parande

Reminder

The beautiful air touching my cheeks
Remind me of your touch
The rays of the sun making my eyes blink
Making my around more memorizing more full
An outstanding view
Remind me the beautiful sight of you
The cloud is hugging the sky
The sun being the spotlight
Giving the perfect vision
Satisfying my joy
Giving me a reason
To remind me of your love
More and morepayal parande

Road

The road, a road I am walking on The road that I wish, wishing would Take me somewhere Somewhere, where I belong It's wide open in here But I am far And it's still very long

There is no place for error No place for false step I have to get there Get there as soon as possible For them for my own sake

I am dreaming, wishing, prying
Prying god to give me
Force
Force to get me going
Get me going where nothing goes wrong
Get me going where I belongpayal parande

STORY OF LITTLE DROP

A little rain drop cold and not satisfied asking question how i got here and why?

one movement i was with my love once now why i am all alone i am falling fast fast and lonely i am falling, falling down with stranger there is not one known soul

this look so delusional not real at all so defeated in a movement i'll fall down down on the ground and vanish like i never existed -payal parande

When The Rain Falls

The rain falls, the placid pearls
Tumbling Down on me, though not my kin
But Rousing me to wipe away, All my sins
Pleased, I stood
Watching it fall (drenched), still there I stood
Mesmerize, the view is keeping me locked down
The thunder is trying to frighten me,
The lightning is being rude
But still there I stood

ThinkingIs she trilled with curiousness
Would she meet the earth
Will their souls become one today
She has left it to fate
Is she happy, earth will finally drink her in
Will she meet her soul mate
I am speechless, I am mute
But still there I stood

UpsetWill she really embrace the earth
Will she caress the earth with her lucid touch
will she slip down in the sea
New start, does she have to go through it again
Does she have to start from the beginning
Why can't she be where she desire to be
A little sad, but with new hope
Seeing her courage, I am imbued
And the reason, still there I stood

whispers

It's a beautiful night, a night full of stars But the wind is cold, cold like my soul

It's a beautiful night, night with devastating moon But it got taint, the dark one The same as the scars inside me Can't even be faded by Rays of sun

It's a beautiful night, a night with alluring silence
But this silence has whispers,
The whispers which are not letting me depart
The whispers which have stopped time
The whispers which are making feel the dark part
The whispers which are making me realize
How lonely am i?payal parande

YOU LOVED ME

YOU GIVE ME MY **HAPPINESS** YOU LET ME WON THE LIFES **RACE** YOU THOUGHT ME TO BE **FREE** YOU BECAME MY EYES WHEN I COULDN'T SEE YOU HELP ME A LOT THE TIME WAS **HARD** AND I WAS STUCK BUT U CAME AND GIVE ME MY LUCK U FOUGHT FOR ME YOU LIVED FOR ME AND U FOUND MY **HEART'S KEY** AND THE THINGS U DID FOR ME I KNOW WHY CAUSE U LOVED ME

you're love

The thing I said it I said it in that movement That I love you The things you taught me The things I learned You taught me to fly I taught you to love And we both learn to lie at some It was so easy so easy to talk about forever But now you re leaving you are leaving me alone You are leaving me with my tears with my broken heart Now how am I supposed to start loving someone else Just the way I love you from my heart Tell me something only one thing Did you ever love me the way I used to Or was it just a lying, the lies you always said Everything but true So is this supposed to be life A life without truth and full of Or it's just my fate? - payal parande
