## **21st Century**

### 21st Century

We the people of 21st century live like a racing horse.  
Just wants to Win, Win and Win without realizing the true essence of living the life for others and all and that's the course.

Everyone wants to be winner and nobody chose to be a loser.  
Even after knowing the fact that their can be only a one winner, still striving hard to catch up with pace by using all tactics and that's the innocence killer.

Everyone desire, wish to win over the world but nobody is thinking to win over the self.

Everyone wants to be different form the rest and no one want to be considered as one among million, billion and trillion.

Everyone wants to be recognized and successful, gain name and fame to prove in the eyes of world and nobody wants to be proving to them or to the inner soul which is self.

Where are we all heading, what are we achieving, Is their any end to our desires, wants and expectations in life. No, the wish list keeps on mounting, getting bigger and bigger and we all keep on running and competing.

This race neither impedes nor respire and this race continues forever, forever and forever

## **Faith**

Faith

Faith on which one can live whole life  
Faith on which one can keep hopes alive

Faith on which one can build confidence  
Faith on which one can overcome encumbrance

Faith on which one can strengthen determination  
Faith on which one can accomplish aspiration

Faith on which one can take dream to reality  
Faith on which one can continue to live with ecstasy

Faith on which one can gain even after loosing  
Faith on which one can refill the color in life by proving

Faith on which one can fight against injustice  
Faith on which one can rest in paradise & peace

Faith in good faith becomes stronger & stronger  
God will not be to hold much longer & do wonder

## **Land of Peace**

Look here is a land of peace crammed with fresh air and gloomy breeze.

In this land of peace  
People have smile on their face and their mind rests in peace, which is away from the  
all the fear & worries.

In this land of peace  
Unity, integrity and honesty people daily breathe without expecting any returns or  
takings

This land of peace keeps everyone blissful and glee how wonderful is this.

Unfortunately this land of peace in today's world is missing

## **My Dear God**

My Dear God

My dear god, you created this world and created human.  
Why this world is not the same as you created?  
Why the human are not the same as you created?  
God, everyone has refined their goals and their purposes  
World is not as beautiful as you handed over to human to look after  
Humans are not human as you wanted them to be

My dear god, when I close my eyes world seems to be so beautiful, so pure and holy  
Why does it not, look the same when I open my eyes and search for the same?

My dear god, when I close my eyes human seems to be doing all the acts of humanity  
and subsist for the purpose you have defined  
Why does it not, look the same when I open my eyes and search for the same?

My dear god, destroy this world and destroy these human  
Recreate the world and recreate the human  
Once again let us everyone experience the beautiful world and good human  
Spread the message of love, care and oneness  
Spread the message of giving and not taking  
Spread the message of helping each other and belongingness  
Spread the message of benevolence and humanity

My dear god, I am still searching for the world which you created  
My dear god, I am still searching for those human which you created

My dear god, does my search will come to an end  
Or, will be forever, forever and forever .....? ? ? ? ?

## **one life to live one life to love**

One life to live one life to love  
Cherish the good disregard the bad

Good or bad, take it as a learning experience and move on in life  
Both the experience has to be shielded and accepted as souvenir  
Utilize bad experiences to improve today  
Treasure good experiences for better tomorrow  
And escort the life with confidence, honesty and pride

One life to live one life to love  
Cherish the good disregard the bad

Happiness or Sorrow either cannot be borrowed  
Life is incomplete without each other and both cannot be ignored  
Both brings you different flavors and taste to life  
Happiness keeps you sweet, Sorrow keep you human  
Taste the life with varieties and not to be narrowed

One life to live one life to love  
Cherish the good disregard the bad

Life is wonderful gift bestowed by god and honored by nature  
Has to be respected and believed by every human and creature  
Everyone's role are defined and are here with the purpose, decided by creator  
Educate the life on the laws of god and the laws of nature  
Imbibe these laws of life by choosing god and nature as a tutor  
In no way, one should violate the laws made by god and nature, rather then desiring to  
be a pauper

One life to live one life to love  
Cherish the good disregard the bad

Live life with honesty, with purpose, with determination and pride  
Live life with Joy, with happiness, with good values and principles  
Live life to the fullest but within the laws of the god and the nature  
Your existence should be respected and honored for all the good work you render or  
did for self, family, friends & for the rest of the world during your tenure and the stay  
on this earth in this life.  
Your exit should be without any guilt and you should die with peace, smile and  
satisfaction.

No one can outturn their destiny  
Think good, Do good and Be good, rest live it up to the god to decide

One life to live one life to love  
Cherish the good disregard the bad
