a Ballroom melody

All words has been written to her, like a Ballroom dance.
Now the sun sets in my head, time is standing still.
Will I ever see, meet, feel and speak to her for once?
Or, again - for the third time -, only with God's will?

taylor swift

A double feeling

I see your eyes in mine
I hear your words in my head
Feels so fine
Feels so sad

taylor swift

A shadow sealed with a kiss

Without a shadow is a windblow.
He's following me no matter where.
Only I can see this shadow,
or maybe it's yours, with me and not there.

Keep on following me, let me feel your breath.
Make me knock out.
Let me shiver by your touch, let me be unrestless in bed,
although there's nothing we may or can do, no doubt.

Give your thoughts to me, don't do anything with them of this.
Don't hold them tight, let them flow over land and sea,
with " a wish for something more " and " sealed with a kiss ".
All we may do and all there's left, is dream away with me.

taylor swift

Adorable past

You know you're the one I adore
With you I could've spend my life.
Now I'm left with tears, falling on the floor.
And they with the best mother and the best wife.

taylor swift

Always

To love without, throughout, my heart feels lonesome.
There's no one to blame, so feel no remorse.
I understand why you cannot see me or come.
But no matter what, I'll always love you, ofcourse.

taylor swift

Be my lighthouse

Hope to see you tomorrow at the lighthouse, my lights are getting out of reach!
Shine a light on me and I will do so to you aswell!
Look me in the eyes there, at the small nearby beach.
Please be there, I will fall on my knees if I must, how many times did I already fell?

taylor swift

Bitter end

In full daylight.
I see your face, every night.
Suddenly it appeared this year for me.
Suddenly it disappeared almost again by me.

In full daylight
where the moon shines, our love blend
and my heart enlight
I want it to disappear, this bitter end.

taylor swift

Bone China

Our love hurts me in every bone.
To know you I should feel joy and gladness.
Instead my heart feels so alone.
Leaving me behind in total madness.

taylor swift

Catharina M

She is heaven on earth, like the wind blows.
Our impossible love, it knows no boundaries.
Catharina is her name, she's Dutch, comes and goes.
I've met her again, don't let me lose her twice please.

taylor swift

Chain reaction

Cannot explain, sleep, walk, eat, laugh, breath, see.
Can hardly think, speak, move, cannot even be me.
But I can think of two hearts I found, from a broken chain.
What else is there to say, for me there's nothing more to explain.

taylor swift

Conquer me in my sleep!

Conquer me in my sleep.
Kiss me on my mouth, let the past in it dies,
with so much passion, for always to keep.
Show me your deep brown planet eyes.
Eyes, that I have never seen.
Sing a sweet song in my ear,
because you're my queen.
A song I always wanted to hear.
Let the song fade away in the air.
I'm overwhelmed by your charmes
and when my time is there,
I wanna die in your arms.

taylor swift

Driven apart

the hardest part,
was when we were driven apart.
We both didn't want to end it in this way,
because you wanted me and I wanted you to stay.

taylor swift

Faith faded away

I lost everything, because in your love I did get lost!
Lost myself in you; I did so every second of the day!
Let's keep the feeling on our hearts that ones crossed,
because I will die when that feeling has faded away.

taylor swift

Flower power

An autumn flower
Yellow-brown and blur
Too heavy to bear, lost my power
It reminds me of her.

taylor swift

Follow my heart

A ship is sailing away, going North.
I am following it, with you in my mind.
It has my broken heart on board.
Leaving me heartless behind.

taylor swift

Fragments

Your eyes made me drunk, I drowned.
Your touch made me sparkle and shiver.
After 34 years, the circle seemed round,
but my heart is still broken as a sliver.

taylor swift

Grip

Empty faces staring at me, prepared as a cordon.
Saying nothing, have no expression on their face.
They've eyes like mirrors, reflecting in the sun.
Giving me nothing, not even a warm embrace.

Where to go. I find myself in panic, no grip on anything.
I feel lost at a sudden, scared for the future almost.
Like them, here around me, like a kind of a spaceman.
Was I dreaming, are you not real, but just a ghost?

taylor swift

I love you till the day after I die.

When did my life began?
It will end when my love for you, has passed by!
An impossible love in the wrong time, not from love undone!
My voice will even say these words the day after I die!

taylor swift

I will never see the top

You invented love in every stage!
You have no one above you, you are the top!
You setted my heart free and turned back the page!
Your look is telling me, your love for me also didn't stop.

taylor swift

Invisible poems

I write invisible lyrics, if I'm lonely.
The words are tender and sweet.
I write them for your eyes only.
Words no one else can read.

taylor swift

It's all in her name

To see only her six letter name,
already sets my heart in flame.
It always make me happy inside,
and very often a cloudy sky, bright.

taylor swift

Lost my crown

Page by page I read a book,
about my queen and her crown.
Did I found or loose her I wonder, nowhere to look.
Makes me crazy and I see I'm reading upside down.

taylor swift

My guide

You've no idea
No one can know
What can I do now, my dear
I'd better go with the flow

taylor swift

My last heartbeat

Heaven must wait, heaven must have patience.
Heaven must have patience, heaven must wait.
I want to look in your beautiful eyes first, if only for once.
No matter how long it takes, no matter at what date.

If not, my life will not have been complete.
Hope you understand, what I mean by this.
The last I want to see are your eyes, before my last heartbeat.
The last I want to feel is your kiss.

taylor swift

My pillow

Every morning my pillow is wet.
I cannot get us out of my head.
A love none as such.
More then anyone can take, far too much.

taylor swift

Never forget

I will never forget,
the years and months we have had.
All I feel now is your spirit, can you feel mine? , so near, to me so dear,
... and our words of love for others far away, to us so clear and once only for us to
hear.

taylor swift

No more goodbyes

My tears are like waves in my eyes.
I cannot take anymore goodbyes.
Salted water goes with the flow,
falling from my eyes down below.

taylor swift

One more time

Let's speak please, I'm asking you one more time.
Life is too short,
and loving each other not a crime.
All that I wrote, i meant every word.

taylor swift

One thing

I don't need everyone's heart or everything.
I don't need anything or the heart of anyone.
Just need your sweet words to stop the bleeding,
and your love how it once began.

taylor swift

Over the moon

I look up, see many stars and a bright moon.
I wish we were there, we're not, what a shame.
Far away, in the background, I can hear a tune.
It sounds like your sweet voice, saying my name.

taylor swift

Painted sky

I am painting the deep black sky,
in bright rainbowcolors for us.
Because not any longer I ask myself why!
That we're together again, must have a purpose!

taylor swift

Past future

My love is too deep
Mountains are too steep
It makes my grief enormous
It makes the future anxious

taylor swift

Sign of the times

In this life, to me you're more than a sign of the time.
You're the sign of my life and again I cannot do without!
Always with me, always in me, wish we could be together sometime.
Know you all my life, so it seems, so it feels, I never have any doubt!

taylor swift

Speakless

Speak, for both; if not, the longer it will take to heal.
You don't want it, too much is standing in its way.
Makes our future worthless and without, life unreal.
For both, a wish for more, till then we can only pray.

taylor swift

Take my hand ones more

We speak the language of love,
but I cannot speak to you.
We see the signs of love,
but I cannot see you.

Take me by the hand,
because I cannot understand.

We feel the touch of love,
but I cannot feel you.
We hear the whispering sound of love,
but I cannot hear you.

Take me by the hand,
because I cannot understand.

taylor swift

Thin as ice

The ground feels like ice, snow as a blanket in the grass.
I wanna lay in your arms, next to you, warm and close all day long.
No matter if it freeze, we feel no cold, laying on ice, thin as glass.
Why does our impossible love makes you feel so wrong?

taylor swift

Till the end of time

I close my eyes, I must be crazy,
or maybe I dream too much.
When I think of you, I cannot see,
longing for your touch.
I wanna whisper in your ear.
The words that are old as the time,
when we once walked close and near.
If only you were mine,
the words would only be for you to hear.
So, I wish I could go back in time,
and tell you these words
at the very first time I saw you.
Now they only hurts,
because right now I know that you feel the same way as I do.
I should have made my move when you holded my hand,
and I would whisper these words as you lay here by my side.
All your words said you love me, which in the past I didn't understand.
That these three words has changed our lives forever, cannot be denied.

Till the end of time, your words found a way to my heart.

taylor swift

Too much love can kill you

I cry dry tears
Still feel your touch
Even after all these years
I love you too much

taylor swift

Warm embrace

I feel you need a warm embrace.
And so do I.
Heal this hurting feeling, that I almost forgot.
I count the empty days.
I ask myself every time, why?
Why not?

taylor swift

Who?

Who can understand?

The Who, rockopera Tommy, see me, feel me, touch me, I am longing for it more and more.

Once again take my hand,

... and I won't make the same mistake like I made many years before! ! !

taylor swift

Words gets lost in your eyes

I know you can still speak with your beautiful dark eyes.
You have and have given two instead of one heart.
You say a lot with only a few words, sweet and nice.
I'd get lost in your eyes; all makes you special and smart.

taylor swift

You're like a beautiful melody

You're like a beautiful melody in my head.
I wanna hear it til I'm dead.
Let our love be the last chord that we will play,
before the music soft and slowly will fade away.

taylor swift

You've all the elements of nature

You're the storm, the sun, the rain, the wind!
You have all the elements of life, about that there's no argue!
Our love simply happened to us, we didn't sinned!
You let me breath, you make me die for you.

taylor swift
