## How.....

How to say the emotions that once has been locked away.

How discribe the feeling that denied me to be okey.

How to whisper with the wind and follow it in the sky.

How to say the words that simly hide a lie.....

# The Mirror

I look, and see.  
In the mirror above,  
I hear the thoughts of a girl in love.  
I look left and right to see whats within,  
she looks at me but still no grin.  
I look deeper and deeper into her eye,  
the fires burning but still no light.  
Her soles alive but her bodies died.  
I question the thoughts  
inside her head.  
Movement is possible, but the life is gone  
So still..so sad.  
I can barly go on.  
what to say?  
what to do?  
especially when you realize  
that girl  
.....is you
