Jordan, My Love

Baby, I love you
I hope you know its true
I feel so alone
When I'm not with you.

It feels like when I'm with you
You make me complete
I mean look at me
I'm basically tripping over my feet!

Sometimes we may argue
And we know that it seems
Its usually over
The stupid little things.

Please know that I love you
With all of my heart
And I'll mean it when we say
Til' death do us part!
