kayla newsome(may 15,1990)

im a happy go lucky senior this year. i am engaged to a wonderful man

Could It Be A Kiss Of Goodbye?

he says that he loves me then he kisses me.
he says that he is sorry then he kisses me
he lied then he kisses me
before he leaves he kisses me
could there ever be a kiss of goodbye?

Days Go By

all the days go by and everything changes each day.
from the beginning life has been hard and hard to get by.
but now life is wonderful.
when you finally find the one who loves you and would do anything to ensure
that you are happy and that you are safe i love that.
Being able to have someone to talk to whenever your upset and they are actually
willing to listen to you. and not just turn you able to actually trust somebody
without them screwing taking advantage of you.
as your days go by i encourage you to never give up the great god above will
bless you with something extra special.

Death And How It Is

death is like a monster that slowly takes away your life.

death is like a flower slowly dying with out water

death is like a bleeding wound that just will not stop.

Life Is Just Wonderful

i see him in the morning when i wake up.
layin beside me and sleeping so like a dream
how can i end up with someone so perfect for me?
finally someone who understands me and wants to know so much more about
me. he actually loves me for me.

Mommy

mommy

the women who i layed in your womb and who i love dearly

but i have one question why did you leave me?

why did you give up?

i know the cancer ate up your hopes and your dreams and i can't give them back. so you asked me to let you live though me and well thats hard when your not here to tell me what to do like a mom e say that i need counciling but i dont think so i think that if my mommy were to come back then i wouldnt have this problem i wouldnt be so depressed all the time and i woulndt feel like crap for not saying goodbye.

all these people on earth take advantage of what the had and call thier mommy's bad names but i frown on them and try to explain that i know the true meaning of you dont know what you got until its gone?

U Cant Understand

u can't understand the way i felt when you cheated?
u can't understand the way i felt when you lied?
u can't understand the way it broke my heart when i wanted to hurt you?
u can't understand the way i wanted to kill her.
u cant understand the thoughts that i had when i found out and u wern't even
awaire of why i was angry at you.
u can't seem to understand that i love you and dont want to lose you?
But the problem is i dont understand why im with you?

Why Is Life Kinda Like Hell Sometimes?

okay, i understand that it is hard sometimes. but why does life gotta kinda be like hell?

some days ur up and some days your down, but why is that?

dont get me wrong i belive in god and everything but why would he put so many people into so much crap? .Back to my question why does life gotta kinda be like hell?

i just dont understand. i asked my youth minister the same question and he said god wont ever put u into something that he thinks that you cant handle but... is he preparing us for heaven? if so then im not exactly sure i want to go.
