## ~friendship Is.....'Friendship'~

Friendship is there where ever you go  
Friendship is there when you over dose  
Friendship loves and Friendship cares  
Friendship is life with a little dares

Friendship hurts when your not there  
Friendship dies everywhere  
Friendship is even the life you lost  
Friendship is love with a little cost

.....And that's why 'Friendship' is what it is today  
You can't live 'life' with enemies in your way  
So go back to school and make up  
Tell your enemies you f\*\*\*ed up

.....And maybe just maybe they'll say 'Okay! '  
Then your life would be easier today  
Now go home and explain everything  
Friendship means multiple meanings everyday

## ~what's That I Hear Walking Down The Street? ~

What's that I hear walkin' down the street?  
I hear those slow steps with thier feet

I wonder who it is so I turn around  
And next thing you know I'm lyin' on the ground

So hurry up and get to my feet  
Wondering who that was who hit me

So I look around.....What do you think I see?  
I saw this really hansom man approachin' me

(I'll finish it later but I need some help.....What do YOU think should come next?  
I want to here what you think)
