My Sweet Homeland

As we pray to our Lord above
We fill all the worlds with songs of love
And lyric lines of auspicious verses
Which are sung by algerian doves
The soul of art and the muse of mind
And pluses of peace for all mankind

O Algeria! my sweet homeland!
And the greatest marvel of all countries.
You are an immortal divine proof
And the smile of God throughout centuries
You are the shining dawn of miracles
and The first cradle of remote ancestries
