I am forever wondering about the days without you, I am forever wondering what you're doing without me. I am forever wondering if there is another girl, I am forever wondering if your the one for me, I am forever wondering why i love you so,

I am forever wondering if you love me the same way i love you.

# Friends

# Happyness

everyone wants happyness no one wants pain but you cant have a rainbow without a little rain

# Hate

There are people in this world who say they are your friend, but they are not, true friends stay until the very end.

## Heart Break

YOU flirted with him, YOU were all over him, YOU see me coming and would quickly hug him, YOU looked at me while i was with him, YOU caused fights with me and him, YOU caused fights with me and him, YOU tried to act perfect around him, YOU went behind my back and hung out with him, YOU went behind my back and hung out with him, YOU lied about me to him, YOU caused most of the pain and suffering that i got from him, YOU caused most of the pain and suffering that i got from him, YOU are the reason i am not with him. YOU caused him to break up with me. YOU thought he was yours. BUT HE WAS MINE. not anymore....he is gone.

# Hell

'Hell' Lousifer's Realm, where he keeps his demons, and ghouls of the night. 'The sinners go there, dont they? ' I asked my mother, 'Yes dear, ' she said 'they are people who steal, lie and kill' He keeps them there, with him Tortured. on the brink of eternal death DEATH! He waits, for you to d something - anything. So he can capture you forever. DEATH! He sends his collector, he sends his debt collector, he is coming to get you. All it takes is one, one small thing. He is sending his collector, BANG! I shoot up, fully awake, I hear screaming, from verywhere, EVERYWHERE, And searing heat, Everwhere This is hell.

# I Want To Be In Your Hugs

I favourite place to be is inside your hugs where its warm and loving.

# Laugh

When people don't laugh at our jokes i don't think of it as a you had to be there thing i think of it as a you have to be mentally retarded like us thing...

#### Love

I never thought I'd ever learn to Love, the way simple lovers do. I always believed it was impossible. Yet I found myself so in love with you. Now I know exactly what love truly is and you are my reason why; You convinced me to let you in my soul... And you promised you would never lie. I have learned to cherish and trust you, In a way I never had before. And if anything were ever to happen, I think I would only love you more. I fought my feelings along the way, but in the end it remains still true. If you told me once, you told me twice, Just how beautiful love could be. Yet I never realized until now, that you were speaking of you and me. You have brought me happiness, it takes all my sadness away. with my endless loyalty I will so lovingly repay. You are my love in life. This I will never forget. You are the Love of my Life, This I knew from the moment we met.

# Love You

I'm not supposed to love you I'm not supposed to care I'm not supposed to live my life wishing you were there I'm not supposed to wonder where you are or what your doing... But i cant help myself......because im in love with you!

# Men

men are like public toilets..... either taken or full of s\*\*t

# Open

Open your eyes to see the beauty around you, Open you mind to see the wonders off life, Open your heart to thoes who love you, and always be true to yourself.

#### Rooster

The cock of the night is singing. Everyone wants to see what he has to tell. When the little rooster replies.... cocococococo The little rooster dies.

# Screaming Silently

The screaming comes from inside, yet the screaming is silent.

# Smile

That smile is for the Love that you showed me,

That smile is for the happiness That we shared throuh the days and nights.

That smile is for the laughs we shared When our lips went different ways.

That smile is for the days behind When we had so much fun,

And that smile is for the trials we fought... until when we were done.

# Snowflake

A snowflake tenderly touches my nose cooling my warm cheeks. An additional one fell into my fingers. I looked and saw it dissolve. Its existence as a snowflake is gone, it is now water. Though icy it may be. A gentle wind came and the snowflakes ran around. I felt some on my neck, Running down my back. Mixing with the tears i try so hard to hide. They whispered compassionately in my ears. I unexpectedly felt so alone, And finally let a smile come out.

## War

Guns firing, People running, Blood everywhere, Bodies laying all around and to end it all soildures dying, screaming silently.

## What Is Love?

Does anyone really know what love really is?

The love is different for everyone.

Love is at one end of a continuum and if hate were at the other, there is a wide description of emotions in between.
