# ' Alone In The Dark '

Alone in the dark  
I swallow my pride  
Admit my defeat  
And cover my eyes  
I know what I have done  
I feel no surprise  
Alone in the dark  
stripped of my guise

# ' You '

You are the one  
My hearts true desire  
Of who me I pray  
To never retire.  
And though I say it  
But not nearly enough  
Tis you that I  
Eternally love

# Mika

My love my sweet my gentle meek  
Blonde and brown all over.  
How often I let you run around  
yet still you will not rollover.

When I'm away I worry all day  
Of how it is your doing.  
Returning in time to see all your crimes  
no worries the floor needs vacuuming.

Though you may not be the purest to breed  
To me you always be champion  
On my heels you stay on my clothes you lay  
My heart, my soul, my companion.

# My Kingdom By The Sea

In my kingdom by the sea  
You don't ever come see me  
You don't write you don't call  
you don't bother not at all

I cannot sleep I can't stay still  
I cannot eat I'm looking ill  
And in these words I do say  
In my kingdom by the sea you don't ever come see me

# Our Forbidden Love

'Our Forbidden Love'

By Logan Nelson

With your name on my tongue  
I fill my lungs  
and wish that I could scream it.

For I love you so much.  
But fear them enough  
That I will never admit it.

If this is a sin  
Then to hell I commend  
My soul so long as I have you.

But together we stay  
Both hidden away  
From our love as it is 'forbidden'

For a mans love for another  
Is still a taboo  
that they will forever adhere to.

Still we hope for the day  
When we run away  
Forever our hearts commingled

# The Queens Reply

In your kingdom by the sea  
You will never ever see me.  
It's far too dark and far too cold  
And you're far too thin, you looks so old.

Dress yourself up and try not to frown  
And maybe then well I come around  
Till then good sir I bid you good day  
For in my kingdom it's summer and in summer we play.
