Loide V Augustinus(April 08 1983)

My name is Loide V Augustinus but my friends call me Paxsie, I am 26 years old born in a beautiful country called Angola in Southern Africa... But currently I am staying in Namibia, I have a 5 year old daughter 'Veronique', and a 1 year old son and they both mean the world to me. Well I started writing poems at age 12 when I was still in primary school. I completed my high school a few years back were by I did a writing course which I enjoyed. I enjoy writing cause it frees my mind, and words seem to come naturally to me... And its just something that I love doing.

Drifting Away

Whenever life seems to drift you away from me, I can't help but cry. You've grown to be such a part of me that without you life is no more than a desperate sigh. They do say love comes and goes, and to that I disagree. So, here's my hand, take it and don't let go of me, Multiply it by infinity, take it to the depths of forever and you'll still only have a glimpse of how much I love you, would rather have one smell of your hair or one touch of your hand than an eternity without it.' give you all my love because I truly love you, but I can't give you my soul and my heart because you'll just break it apart, I don't fear insects or spiders. At great heights, I jump off, smiling. In the face of death I wink. But, when I look into your eyes, I'm in fear of how much I love you, Why do I love you? Because you are and always have been my dream. chose to love you in silence, for in silence I find no rejection. I chose to love you in your loneliness, for in your loneliness no one owns you, but me, In your love I am the hero, the king, the poet; and alive without your love, I am nothing at all, not even truly alive. It takes a second to say I love you, but a lifetime to show it, For me, you are the king, the rest is just the rest.'

Love Was

Love was so great when I was with you,
but now that you are gone I am thinking of you
I will never forget those days I was with you
sitting in the valley
Watching the sun go down
To all those days
I had to say goodbye...

Two Become One

Silently you take me in your arms. Our lips meet and our eyes close. I feel the shuddering of your breast and the beating of your throat against mine.... We know nothing but the thunder of our veins.... We are swept out into a sea of infinite oblivion.,

i like my body when it is with your
body.... which i will
again and again and again
kiss, i like kissing this and that of you,
i like, slowly stroking the, shocking fuzz
of your electric fur...

Your Sweetness

Surrounded by the sweetness of your love You is the angel of me send from heaven above I'll love you till the last day of forever My promise of love I'll keep till my life is over You are like the music that gets me dancing The melody that get me singing Addicted to you am not leaving Can't get enough of you this is like recycling Sweet drops of flavored honey that's you Delicious scoop of vanilla ice cream that's you Strong, determined and faithful still you I love you I really do Tears of love roll down my eyes Love has found me you make my dreams come true Never to toy with what we share.
