A Poem

A bird hangs around

Every day and night

From one tree to another

And flying too high.

She is adorable definite

But her sweet melody

Listened yet to be,

Turns up the desired day finally

Where sings a note lovely

The line, her melody reminds me

How Solitary Reaper overflowed the valley,

Echoes still her song

â€~My heart goes onâ€™.

Dear Decorator

I was sure it would

To change my courtyard she could

So I proposed her

And let me proceed further.

My fingers to the done I tried

Her to make my part of life

Then arrived the day finally

She appeared to be lovely.

She wouldn't live longer

That's what I used to ponder

Forever I wish I could caress her

But we can't go against nature.

I Wonder When!

God I am literate about

Thee can shower the miracle

But I wonder when!

Curse for my parents am I

â€˜Pastâ€™™ when I view thy

Still struggling to establish

May be paying the price high.

Glittering stars

I wish I could fetch for them

But abortive still

And know not when.

The days I remember

They worked like thunder

They dreamed future better

But I am still a drifter.

The second I see my parents

Nobody see how I lament

Their broken health needs rest

But still doing their best.

Trying my patience thee

How I handle to see

But I wonder thee when

Will shower the miracle.

Lines I Have Read In You

What remind me thou resources

A saying ";

A tiny seed responsible for a huge happening.

Thou fascinating skill

Drive my memory back

Curiosity in my spring days

How the blacksmith shapes.

I view in thee a mountain

Coz still thee remain

How extreme the storm drives

No matter how many times.

Marvelous your patience

Teach me to persevere hence

The way thee hug struggle

To me it's a miracle.

Thee will succeed is apparent

To track thou destination down

Coz There is a saying goes they say

God helps them those who help themselves.

Still I Love You

A desert might be your heart

So still wondering for your love

Makes me feel that you love me

But tempted by mirage.

I love you still

You may not feel

Peep into my heart

And see the real.

'Sanjalee' is mere word for you

But for me unlike your view

You named our love is true

But I have preserved it through

When towards the past I bend

Reminds the days we spent

About your memory I am unsure

Hence feel my love is insecure

I know not

If your love is true

But let me proclaim

Still I love you

Thee Unforgettable

Though I am abortive

But I am the luckiest I feel

Coz the moments I got

To spend with thee.

Somebody eyes thou face if

Know, never visited the depth of beauty indeed

Sea of beauty are thou eyes

To read those lines

One should have a mind.

Which multiply thou beauty

Is the sweetness of cuckoo in thee,

Showers pearls thou smile

May remain forever! My wish.

Like lullaby thou words

Chase all my pains away I feel, and

Lucky enough the man must be

Who will hold thee for eternity.

But I am the luckiest I feel

Coz the moments I got

To spend with thee.

To You An Honour

Events are many in the walks of life

Some are unforgettable even if we try

When I walk down the memory lane

You can't see but I go insane

With you the days I spent were golden

Wish I could spend those moments again

The destiny threw me away from you

But the memories still hunt me its true

I met people many

But hard to find you like company

Things I have learnt many

But I could not reward any

I wish you could be my neighbor next

Could be your student forever I wish

Your divine knowledge could preach

My hollow mind could be the reach

Though from you I am far

Enough your soul blessing is my savior

No matter where I be

For your well being I will pray for eternity

You Make Me Feel

I know not why, your voice

Take me far away

Where two hearts and deserted landscape.

I know not why, your words

Heal my heart

Which was wounded once.

And your lines

Teach me to believe love

Is not mirage always.

I know not why, though you are

Miles and miles away, but

I feel always

Your voice echoes in my heart.

Though strangers we both but

We know each other I feel

Since the day we came

On this drama stage.

I know not why,
The path I eye gloomy
Lost perhaps faith by injury,
You might be my true I dream
But we are the slave of destiny.

Sometime if you disappear
â€˜Tis what makes me fear
But I believe
Love is divine and selfless,
Nothing to gain there and to lose
Sole sacrifice.

I know not, love will unite us whether
But â€˜Hopeâ€™™ will drift it away further.
If destined to close forever my eyes
My love will remain around you
Forever and ever.
