Death

In volume it speaks
Prowling on the
unsuspecting ones
Every then and
now it feast
on the table of
flesh
Gods shiver
Immortals weds
immortality
The strongest of
men tremble at
its feet

The Diablos

In our midst lies the
scoundrels
The ones we
see around us
Men and women of
unspeakable intention
Fighting to sustain its
ghoulish idiosyncrasies
Their heart; a viperous heart, faces of terror
Hundred and twenty lifeless bodies
over there
Thousand souls and
two hundred falcons here
Savages with
death warrants
Ravaging with belligerent
carcasses
Their deeds; written on
our voices
