## Malinda Kline(12/22/1974)

I am a 32 year old single mom. On the side I enjoy taking some time and jotting down a few words here and there. I have a wonderful one year old son whom is my pride and joy of life. Thinking of him growing up and other life experiences that I may encounter from time to time encourage me more to write. This is a way for me to express my thoughts.

# A Night Of Delight

As I sit here thinking of last night□  
it fills my heart with delight  
the way you looked at me filled my body with glee  
you held me so close with a warm embrace  
it was then I realized just how nice it was to feel so free, the way I felt when you  
embraced me

The kiss you gave me was a delight  
it made me feel so very bright  
the night went by so fast  
I sure did have a blast

The way you looked at me with your eyes  
made me wanna cry  
I knew the night was about to end  
for me I was ready to descend

The time has come for that last embrace  
I knew it was a night I didn't want to erase  
You made me feel like a queen  
a queen for the night was just a delight

# Be My Valentine

My words can not express just what you mean to me  
I love being apart of you and having you apart of me  
You make me feel so loved in a very special way  
I am happy to have you in my life on this Valentine's Day  
You are so sweet, caring, loving and I am so glade that you are all mine  
for I wouldnt want to lose you to another Valentine

When I saw you for the first time I knew that this was  
something true For this love I have is only for you  
I want you in my life forever and always so please wont you be my sweet  
Valentine!

Love Always,  
Malinda

# Beautiful Day

The sky is bright on this beautiful fall day  
the air is calm and cool to give us a wonderful day  
during this day I will relax  
just sitting here thinking of a task

I go to the window and what I saw was  
the most beautiful thing of all  
This beautiful thing was so big and bright  
it had a lovely color and was in full site

I thought I was dreaming  
to find out I wasn't  
I opened the door and what I saw was beautiful and yellow  
Have you guessed what it may be  
just look up in the sky you will see  
a big round circle shining bright  
it's the sun in my site

# From Me To You

I have something in my pocket  
and it just from me to you  
so close your eyes and you will see  
just what I am gonna do

You have to pucker up and just relax  
for this little gift wont last  
its sortta short sweet and to the point

I know your excited to see  
just what it is I have to give you from me  
Its warm to the touch  
a little wet may be to much  
so just relax now and you will see  
I have a kiss to give you from me

# Just For You

The grass is green for miles seen  
the fields are full with a lovely seen

Lets take a walk and have a talk  
I have something to show you, now lets go see  
She is beautiful and quite a site  
She is very soft and the color white

Now when we get there to her place  
just stay calm and stand strait  
I don't want you to make her go ape  
This special gift I am giving you

# My Child

I am at a complete loss  
I just don't know what to say  
everyone told me to walk away  
but knowing that you my son wanted to stay

Now I realize its time to go  
We will be fine on our own  
I want my son to know right from wrong

I am sorry my child it just has to be  
for I want you to know where we would be  
I did this for you my son, to guide you with me  
together we will be happy you wait and see

# My Feelings

The way I feel about you, you will never know  
its hard to tell you just so  
when I am around you my feelings are strong  
when I am away they will stay

Its hard to fathom that you feel different  
just please sit back and have a listen

My feelings for you are rather strong  
you make my heart beat and that isn't wrong  
the way you hold me makes me feel like this  
there is nothing wrong with your sweet kiss☐

I told you before and I will tell you again  
I like you for you and that will never end  
you have a smile that shines so bright  
your personality is something I like

It makes me happy as can be  
just sitting here thinking of you and me  
the time we spend I don't want it to end

For its you I like and that wont change  
the feeling I have are not so strange

If you feel the same please don't hesitate  
tell me now and I will wait  
I can sit here forever just waiting for you  
and if that's what it takes I will do

For the feeling I have about you are so very true!

# Our Friendship

Its been a long time since we talked  
we have so much to catch up on and so little to grasp  
we had the best times of our lives years ago  
with many funny things that we left go  
you told me you liked me  
but I shied away  
and now I look back and want to say  
I am sorry for not giving you a chance with me  
for now all we can do is wait and see

I know we are so far apart  
but that wont keep us away  
for we have this wonderful thing called the internet  
where we can talk, laugh, cry and dream  
make up for the years that have passed us by  
we can at least say hi and good bye

I am so happy that I found you  
for you make me feel so special its true  
Now lets both sit back and enjoy our chat  
the time we have now is just met for that

# Take My Hand

I am sitting here half past noon as I am thinking of all these things I have to do  
I am looking out my window at the sky so blue just thinking all about you  
Your cheerful smile, your handsome face, your loving warm embrace  
Is what I want to see each and everyday you are with me

You make me laugh like no other  
It's a wonderful feeling to be with another  
I want to spend my life with you from now until our dieing end  
So if you would please take me for who I am  
Just know that I will always promise to love you, honor you, cherish you, and  
obey you  
From this day, as we start our life together as lovers and as best friends

Just take my hand and walk with me as we look into the skies of blue  
Walking though this journey of our lives is definitely so true  
I will stand by you as you will see  
As I give you my heart filled with glee  
This journey of life will last forever as we hold each other happily ever after

Our lives are now one, with that we have this wonderful journey ahead  
We will be together from this day on  
Just don't forget to reach for my hand as I walk with you from now untill the end

# Watching Over Me

Having you around to watch over me  
makes my body fill with glee....

Hoping that you soon come back to earth,  
but knowing that someday we will again meet...

In the big blue sky above where your  
great white wings soare above  
Over Me...

Watching Me....

Makes my body feel with glee...
