A Girl Go-Bye

Loving has made impossible my impossibilities,
One impossible has made happy my defeats,
Sports have made impossible routes in my happiness
Downward,
Victories have, out of me, silenced, like sports.

Wizard you are,
and wizard you are,
You are impossible with wizardry above them.
As defeats – soul victories - you are,
And all this is silent to the happy...
happy magic ones

tribute to Ezra Pound)

Angels And Her

So alone,
So beautiful,
So sad,
She is,
That upon seeing her
That way,
Oneself dare say
Oh, the ending...
That the light
Of Heaven
Obliterates
A veil,
Otherwise,
As do
Angels, who
Already have endured
Loving
And pain.

Autumn

In my old home
is the moon also sleeping?
Autumn evening...

Born To Rule

Our mate is not unfriendly!
It is an exceptionally favorable mate;
Are you upset by how cordial he is?
Does it tear you apart to see him at the gate?

The best fellow of my generation vanished,
How I mourned the previous pal;
How familiar is all this thing,
Pondering if a really good man is our pal

How happy is the zany friend!
A friend is buffoonish. a friend is humorous,
a friend is foolish, but forever...friend

Our "amigo" is camarada,
Our camarada is "amigo",
Are you upset by confusion?
Hurts to see the wanderlustly gone "amigo"?

How happy is the bright lad!
For he shall be gone, but not forgotten (from our hearts....)
Shall we never forsake the shining 'n' sunny lad!

to Anaximandro, born to rule...

Butterflying

See, see the brilliant sky
Marvel at its big purple depths.
Tell me, love do you
Wonder why the eagle doesn't ignore you?
Why its fixed stare
makes you feel warmed and confused.
I can tell you, it is
Worried by your unhappy glance
That looks like
A little sad Gioconda.
What's more, it knows
you crashed your beloved potting shed
Smells of oceanic fragrances.
Everything under the big brilliant sky
Asks why, why do you even bother?
Cause you only charm loved ones.

Carry Your Life (Haiku)

Live for love
for shades of light
shall carry your life on

Day Of Birth

Do you ever give thanks on this day?
On our birthday one should pray
The day angels brought us here
Under the Lord/Goddess reasons.
For every day of all seasons
You are blessed for this day
Blessed for every year you are with us.
Always keep this blessing close and near.
Everyday know that you are blessed.
Hear the words that I say.
Always give your glory to the Cosmic
Your life won't be dim and tragic
Your heart will always lead the way.
Wishing you a Blessed Birthday!

Divine Light

A star is born
enlightening emptiness
it creates the world
being

It heats up
Changes
gives its light
and now
the unbeknownst
is
Who is
but it can
cannot be

Who was
shall always be
as well as what
is not
Shall be

Who said
that it isn't
it hasn't been
it...just
is not

Who wasn't
is the one who is not
but now
it already has been

Divine Light
nothingness fulfiller
and from nothing
it everything makes

For the Light must be everything...it is

Farewell

Baby has gone,
maybe she's fast,
perhaps she's slow,
one thing, not last,
I've should've done,
never let her go.....

Heavenly Lift

Lift me up, Lord
For the time is here
Lift me up, dear Lord

Inspired we are, Lady
Dear precious Lady
Unto thee, our Lady

The love you gave me,
The light you produced,
The life you provided,

Thanks for Heaven....for the sky is blue, isn't it?

In-Spira-Tion

Today, just today
let your heart dance
dance away...

Call your dance partners
Feet, your feet
join in,
Eyes, your eyes
come together,
Smile, your smile
Shine on

Today, just today
let your heart dance
Every good part
Embrace your feelings
Your body
Let your heart dance
all day long
Today, just today...

Let's See...The Seer

Could we do?
Could we see?
Everything that we are?
Could we live?
The life that we see
The life that we are
The life that we have chosen
Let's live to that
the songs of experience and
the songs of youth
are living together within
We live the life of our hearts
Are we prepared to see?
Are we prepared to do?
thru insides
we dig it all
Our lives come and see
With neverending love
The seer...

Love & Hate

For love and for hate
The fragrant blossoms re-main;
I have seen water...

Marco Adade

Marleying

Three little birds
and so much trouble in the world
Were waiting in vain
In the mid of an exodus
Decided to go jamming
Sang stir it up
C'mon little darling
Get up, stand up
Suddenly, the sad girl popped
Sang no woman no cry
Cause we shot the sheriff
And the sun is shining
We're buffalo soldiers
We're iron lion zion on and on
Could you be loved and be loved
We gotta a life to live
And I know a place
So, lively up yourself
Redemption song ooong on and on

River

Flow
Silent current
Flowing down
The stream silently
Long
Longing
What longing
What remembrance
What love
Searched silently
Flow with the flow
The boat shall go
It will be on
On the go
To what love
To what destiny
Will you go
River flows
The flow
Flows on my love

Samaritan

When you see a beggar, give him support;

When you see a sick person, give him comfort;

When you see an enemy, give him shelter;

When you see war, give them peace;

If you see a person without a smile, give him yours;

If you see your mate without hope, give him yours;

If see your a friend with no love, give him yours;

and if you see your spouse suffering, love her more;

for this is the way,

This is the way to be Good,

The Good Samaritan.

Shopping

The shop sold
The shop bought
The shop received
The shop amassed
The shop profitted
The shop closed
The shop reopened
The shop renewed

The shop sold
The shop bought
The shop received
The shop expanded
The shop franchised
The shop excised
The shop incensed
The shop didn't go shopping
But all of us did
and how....

The Silence Of A Headache

In the rainy morning
We wait
In the watery morning
We don't talk
In the humid morning
We don't slumber
In the market morning
We don't sell
In the financed morning
We don't buy
In the forever jam
We don't progress
In the wet feet of a girl
We receive an order
Love me please love me
Love me within the water
Drip
Dripping tap
Drip tap dripping
Drip tap drip drip tap tap

Marco Adade

Think

Think

If you think

What I think

Not thinking

To think it is

To think without pondering

To think without seeing

To think without being

Think

Or is it that thought?

Think happens

When you don't have to

Think

About it

But then again, we think

Don't we?

Vanessa's 2007 Hearts

It's tearing me apart
Things not said
Actions taken
A broken heart

Won't let me be
Myself
Won't let me love
Yourself
Won't let me respect
Ourselves

Anyway
What can I say?
One day we'll see
Emptiness
shall claim the day
Ain't no one else
but me
and 2007 of your love

Marco Adade

Vanessa's Cobain Song

Would you?
Let it down?
Down on me
Outside the show
Mum, let me go
Home I'd go
Off with the show
Gonna go
Before we bleed
There's a need
Going home, goin' on
Goin' on home
(to Vanessa)

Visionauts

You're a visionary,
You envision a lot of things:

What kind of job you'd like,
what kind of apartment you'd like,
what kind of partner you'd like,
what kind of wardrobe you'd like,
what kind of society you'd like,
what kind of world you'd like,
Whatever it is you're envisioning,
take your own steps to make your vision a reality...

for you good!

Wind

The summer river:
the while I wait for you, cold wind
and the night is gone...
